Board of Selectmen
Executive Session Meeting Minutes
Tuesday, January, 7, 2020
McAuliffe Meeting Room
Town House, 17 Common Street, Southborough, MA

Present: Brian Shea, Marty Healey, Dan Kolenda, Sam Stivers, Town Administrator Mark Purple
Absent: Lisa Braccio

At 8:42 P.M. the Board voted to enter Executive Session per M.G.L. Chapter 30A, Section 21 (Exemption 2) to prepare for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye.

Chairman Shea described the meeting he and Mr. Purple had with Chief Paulhus regarding his successor employment agreement. Chairman Shea stated Chief Paulhus outlined a list of his accomplishments during his tenure and a salary comparison that demonstrated his salary is over $10,000 lower than the average of the peer communities he identified. Chairman Shea stated that the Chief did not specifically request a dollar amount and he indicated other potential forms of compensation to offset the salary gap. The Board discussed various options. Chairman Shea said that he agrees with the Chief that his accomplishments are appreciated and he is a great leader for the Department. He then presented his own salary comparison chart that included abutting towns and the Board discussed potential salary rate increases. Mr. Kolenda stated he feels Chief Paulhus has done great work and he should be compensated in line with his peers. There was consensus among the Board and a discussion regarding the potential percentage increases to the Chief's salary over the next three years.. They discussed the ceiling and base percentages they were willing to offer based on negotiations with the employer. Mr. Healey suggested Ms. Braccio have the opportunity to discuss and opine on this matter. Mr. Purple stated that the next Board meeting is January 21st and the intention was to have Chief Paulhus attend for further discussions. Chairman Shea reiterated the final offer agreed upon by the Board for the successor employment agreement and recognized the current state of the budget and merit recognition for the Chief's accomplishments. The Board also indicated that there was no appetite to go north of these numbers, based on the impact of future negotiations.

Mr. Kolenda made a motion for the Chairman to meet with the Chief and discuss with him the Board's position for a three-year successor employment agreement, with a first year salary increase of 5% to bridge the market rate gap as compared to abutting communities, and increases of 3% for years two and three. Mr. Healey seconded. The motion passed by roll call vote all in favor (4-0-0). Roll Call: Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye.

On a motion made by Mr. Kolenda, seconded by Mr. Healey and voted by roll call all in favor, Executive Session was closed at 9:24 P.M.

On a motion made by Mr. Shea, seconded by Mr. Kolenda and voted by roll call all in favor, the meeting was adjourned at 9:24 P.M. Roll Call: Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye.

Respectfully submitted,

Kathleen Barry, Recording Secretary

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, January 7, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Daniel Kolenda, Sam Stivers, Town Administrator Mark Purple
Absent: Lisa Braccio left the meeting at 8:03 P.M.

I. Chairman Shea called the meeting to order at 6:30 P.M.

II. **Scheduled Appointments**

HEARING 6:30 PM: Application for Class II License, Southborough Auto Sales Inc. d/b/a Direct Auto Mall.com; 251 Turnpike Road

At 6:30 P.M. Chairman Shea opened the public hearing and Mr. Purple read the legal notice into the record. Marcio Vasconcelos told the Board that as the owner of Direct Auto Mall.com in Framingham, he would like to open a second location at 251 Turnpike Road in Southborough. Mr. Healey asked how long they have been in business in Framingham and Mr. Vasconcelos stated he has been in business in Framingham for twenty years. He added that his inventory plan for operation in Southborough is very similar to the current operation in Framingham which consists of lightly used car sales with the employment of about ten people. Mr. Stivers asked if there will be repair work done at this location. Mr. Vasconcelos stated there will be repair work for their sales and the public. Chairman Shea opened the hearing for public comment and there was none. At 6:33 P.M. Chairman Shea made a motion to close the public hearing. Mr. Healey seconded. The motion passed all in favor (5-0-0). Mr. Kolenda made a motion to approve the application for a Class II License to Southborough Auto Sales Inc. d/b/a Direct Auto Mall.com at 251 Turnpike Road. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

Appointment of Officer Michael Whelan to Police Sergeant

Mr. Purple told the Board they have a recommendation in their packet from Chief Paulhus for the promotion of Michael Whelan to fill the open position of police sergeant left vacant after Sergeant Richardson resigned. Mr. Purple stated he fully supports the recommendation from the Chief.

Chief Paulhus said he was very proud of the fine men and women of his department and referenced several instances over the past six months where they sacrificed time with their family to serve and protect the Town. He acknowledged the families of his officers. Chief Paulhus asked the Board to accept his recommendation of Officer Whelan for the open sergeant position. He gave a background of Officer Whelan's experience which includes his eight-year tenure with the Department, two lifesaving awards, becoming a member of the regional SWAT Team (CEMLEC) and his numerous letters of commendation throughout his career with the Southborough Police Department. Mr. Healey made a motion to approve the appointment of Officer Michael Whelan to Police Sergeant. Mr. Kolenda seconded. The motion passed all in favor (5-0-0). The Town Clerk swore Sergeant Whelan into his role. His father, retired Carlisle Police Sergeant Tom Whelan, pinned him with his new Sergeant badge.

Liz Kesselman, Taxation Aid Committee – update

Ms. Kesselman listed the names of the other committee members and described how the they reevaluated their purpose to be relevant to current times. She explained that disabled or elderly

residents who lived in Town for five years or more could qualify for taxation aid. She added that applications are due by the end of February. Ms. Kesselman told the Board that the trust is funded completely by donations. She said there is $30,000 in the trust currently and the committee would like help advertising this assistance. She stated there have not been many applications and the committee will reevaluate donation needs dependent on the amount of applications submitted this year. Mr. Ballantine clarified that since he has worked for the Town, there has only been one applicant. Mr. Kolenda asked where the applications could be found and Ms. Kesselman responded that the link to the application and information is on the Town website. Mr. Ballantine added that a flier was included in the real estate bills that outlined multiple Town services including the taxation aid. Mr. Healey asked if the Town chose to fund this solely on donations or if it was a legal obligation. Mr. Ballantine replied that he inquired with the DOR and found that this could not go to town meeting and is still looking into whether businesses could be solicited for donations. Mr. Healey asked about the five-year resident requirement. Mr. Ballantine stated it is not a requirement from the DOR. Ms. Kesselman added that language was added to enable the committee to make exceptions on this item. Mr. Healey stated he was in support of the Taxation Aid Committee and reevaluating the process after this year. Ms. Braccio asked the cutoff date for applications for 2020. Ms. Kesselman stated Friday, February 28th. Ms. Braccio suggested the committee reach out and educate at the Senior Center and Mr. Stivers suggested the same for Youth and Family Services. Ms. Kesselman agreed.

III. Public Comment

Marguerite Landry (134 Deerfoot Road) and Denise Eddy (128 Deerfoot Road) explained to the Board that they sent a letter in August regarding the concerns of erosion and other issues with the Brendon Homes construction sites across the street. Ms. Landry further explained the erosion and water coming onto Deerfoot Road from the Brendon Homes residences. She told the Board they have been to the Planning Board and Conservation Commission and both stated they did not have jurisdiction. Ms. Landry and Ms. Eddy has been working with the DPW and were told they would be putting in catch basins on Deerfoot Road and a 200-year-old red oak tree would need to be removed. They explained their concerns with the removal of the tree and felt too many trees were being removed for these projects. They said they were hiring their own arborist to test the tree for disease just as the DPW had before they removed it. Ms. Eddy stated she would like to see more regulations regarding when and how trees in Town are removed. Chairman Shea asked if the developer had a response to these complaints. Ms. Eddy stated the developer does not think there is a problem but when there is a rainstorm it is hazardous. Mr. Kolenda asked Chairman Shea to coordinate a meeting of all involved include the developer, the DPW and residents. Chairman Shea agreed to do so. Ms. Braccio asked to see the response from the Conservation Commission. Chairman Shea agreed. Mr. Healey asked that this topic be put on a future agenda to address his questions, medium- and long-term issues and the more immediate issue of safety issues in the winter. Mr. Stivers asked for Town Counsel to opine on the process for Town tree removal. He said there needs to be more clarity on M.G.L. Chapter 40 Section 15 where it states Planning Board approval is required for tree removal. He asked this topic be added to the next agenda. Mr. Purple said he has already reached out to Attorney Cipriano and he hopes to hear back soon. He added that he will reach out to the concerned Deerfoot Road residents when this topic is on the agenda.

Lisa Dunderdale (22 Deerfoot Road) stated she received seventy-five signatures to bring a citizens' petition to town meeting for a noise bylaw. She asked how to schedule a public hearing to inform residents. Chairman Shea explained how to submit the draft bylaw and signatures to Mr. Purple and the Selectmen's Office. Mr. Stivers stated that the Advisory Board will discuss all

warrant articles at a future meeting and there will be opportunity for public participation. Ms. Hale told Ms. Dunderdale the language she would need to include in her article to enable for motions and amendments to be made to modify the article at town meeting.

Continued discussion of FY2021 budget

Mr. Purple stated the information provided includes the requests from the last meeting and gives a perspective on the budget for 2021 and impact over the next five years. Mr. Ballantine asked the Board for feedback on the draft budget and noted that there are still undetermined factors including health insurance and the school budget. He added that an important issue is that the estimates for the next five years based on current capital brings the town in the red and against the levy after fiscal year 2021. Mr. Ballantine stated he and Mr. Purple request the Board make department heads aware that there will not be the same support for services in the upcoming years due to the budgetary challenges over the next five years. He stated that the issues have arisen mostly due to capital projects that have been approved at town meeting but not yet started. Mr. Healey asked for a list of these projects. Mr. Ballantine agreed to provide the list. Mr. Healey suggested delaying the capital projects. Mr. Ballantine suggested other options such as manipulate the bonding and scheduling to alleviate some of the budget burden. Mr. Stivers suggested building in the fee for the transfer station capital project into the transfer station stickers. Mr. Stivers asked if the Advisory Board has reviewed the draft budget. Mr. Ballantine said they are in the process of doing so and he expects they will request another version of a draft budget. Mr. Purple stated that the latest draft budget shows an increase of 4.4% instead of the 5.6% presented at last meeting. He added that the reduction to 4.4% is the best-case scenario.

Ms. Braccio stated the bigger problem is sustainability and said the residents cannot continue to be taxed at an additional 4.46% with little revenue increases. She said she understands there are needs and services that are expected but looking at next year when the town is already in the red, there must be more to potentially cut. Mr. Purple stated that in fiscal year 2022 there will no longer be levy a to address deficits and there had not been substantial building in Town since 2014, Southborough will be against the levy limit. He said fiscal year 2022 is when the bond rating could be in jeopardy due to the lack of levy capacity.

Mr. Kolenda asked if Mr. Ballantine reviewed the budget items that have stayed constant over the years and Mr. Ballantine said he had not but will. Mr. Kolenda requested the budget for the Open Space Preservation Committee be reduced from $2,000 to $1,500. He requested the $500 savings be allocated to Youth and Family Services. Ms. Braccio and Mr. Stivers disagreed. Ms. Braccio said she was not in favor of comparing the needs of boards and committees against each other but would like to hear their presentations and discuss.

Mr. Healey stated that an effective exercise used when he was on the Advisory Committee was to present a draft budget that showed no future in the red. He stated it was beneficial to the Town to understand it can be done and the concessions that may need to be made to execute. He requested Mr. Ballantine create a draft budget scenario that showed no budget or levy deficits. Ms. Braccio would also like to see this. Mr. Kolenda stated he felt it was irresponsible to defer capital expenses without analysis. He gave examples of how deferring projects or equipment could be more expensive in the future. Mr. Stivers agreed and highlighted the risk of putting off maintenance only for maintenance costs to increase the next year. He added that the Town has the ability to think about exclusions and overrides as a relief. He said it is an option and not something the Town should use often.

Mr. Healey stated it is important to know exactly what is driving these numbers in order to understand the best avenue to address the budget and requested a budget without any red line items. Chairman Shea agreed and said individually every request can have a strong case as to why they need additional funds. He added that he does not want to be in a situation where jobs are added now but need to be cut in the near future due to deficits. He stated the decisions being made for the budget need to be sustainable. Mr. Purple stated the timeline for posting the final signed warrant at the February 18th meeting. Mr. Healey asked when the Board will be sitting with the Advisory Committee to review the budget. Mr. Purple said he will send a scheduling email to set a date. Mr. Kolenda stated there will be scheduling issues during February vacation. Mr. Purple stated the February meetings will be held on the 11th and the 25th.

Ms. Braccio left the meeting at 8:03 P.M.

IV. Reports

Chairman's Report

Chairman Shea facilitated a discussion regarding proposed dates and it was decided that office hours will be held January 14th and 18th, February 18th and March 10th and 24th. Chairman Shea requested the Board send their hours of availability to Ms. Hale.

Chairman Shea stated that at the January 21st meeting, the Board would need to start finalizing language on the proposed Accessibility Committee for the Town Meeting Warrant. He asked that members with comments on the latest version send them to Mr. Purple by the close of business Wednesday of next week. Mr. Purple agreed to compile comments and suggestions from Board members for the January 21st meeting packet. Mr. Purple added that he has reached out to those who have submitted articles for the town meeting warrant to have their draft language sent to him by Friday for review by Town Counsel.

Chairman Shea asked Mr. Kolenda to speak about his suggestion to honor and recognize former selectman Brian Shifrin. Mr. Kolenda stated that Mr. Shifrin was a wonderful person who dedicated his personal time the benefit of Southborough. He reiterated his thoughts shared from a previous meeting that the Shifrin Family is the profile of courage and he felt it appropriate to honor Mr. Shifrin. He noted Mr. Shifrin's love and dedication to the men's softball league and suggested Mr. Purple speak to the Choate Trustees for approval to dedicate the softball diamond in Mr. Shifrin's name. He added that the Board reach out to his family for ideas and approval. Mr. Purple agreed to do so.

Chairman Shea gave condolences to the family of John Bartolini who was a twenty-three-year veteran, a World War II Veteran, and a member of the Board of Health who passed away this week.

Member's Report

Mr. Stivers stated that at the Planning Board meeting the previous night, they approved the St. Mark's dormitory. He said it was a great example of collaboration and both the Planning Board and St. Mark's School commented on the value of collaborating with the Open Space Preservation Committee.

Mr. Stivers invited residents to attend the Public Works Planning Board meeting scheduled for Monday, January 27, to participate in a discussion regarding the Complete Streets Policy. He described the discussion as a comprehensive look at roadways, trails, transit systems and more which could open the door for grant funds for transportation in Southborough. Mr. Stivers stated that he will request that the draft policy be made available before the meeting. Mr. Stivers also commented that the Master Plan Committee will be meeting on Wednesday, January 15, and Representative Dykema and Senator Eldridge will be present to discuss regional transportation issues.

Town Administrator's Report

Mr. Purple commended Brian Ballantine and Tom LaFlamme for their work in receiving two grants for the Town. The first is a Community Compact IT Grant for $17,000 for new budgeting software. He noted that this was a budget item that has been removed since being awarded the grant. Mr. Purple praised Mr. LaFlamme for applying for and receiving an $81,000 IT grant from the State to expand the Town's fiber network. He stated that with these funds, the fiber network has been extended to the Arts Center, DPW, and Cemetery buildings.

Mr. Purple informed the Board that the State closed out fiscal year 2019 and added an additional $20 million to Chapter 90 appropriations. He added that the new appropriations for fiscal year 2020 is $478,599 which is an increase in funds available to the Town for roads and transportation improvement.

Mr. Purple informed the Board he received a letter from Attorney Robert Cohen addressed to the Board requesting they join the litigation and opine on the challenging of Framingham's decision to site a marijuana cultivation and processing facility at 1062 Edmands Road, Framingham. Attorney Cohen wrote that his office represents abutters to and other landowners in the Town of Southborough in opposition to this project. Mr. Kolenda stated he had no interest involving the Board in another town's politics. Mr. Healey stated he was interested in the opinions of the Southborough residents. Mr. Stivers stated that this could be related to the traffic issue already discussed at Pine Hill Road. Mr. Healey stated that if the issues are outside of that, he would like to hear from the residents. Chairman Shea stated that because the Board was not part of the conversation or privy to any presentations, he does not want to get involved. Mr. Healey agreed but would like to hear the concerns from the Southborough residents. Mr. Purple stated he will follow up with Attorney Cohen.

Mr. Purple stated that Karen Wheeler (9 Darlene Drive) reached out to request the resurrection of the Green Technology Committee. He stated that once the committee received Green Community Status for Southborough, it ceased its work. Ms. Wheeler would like the Board to opine if there is interest in reconstituting the committee. Chairman Shea and Mr. Healey stated it was worth pursuing. Mr. Stivers stated he thought it was a good idea but could be challenging to find volunteers and suggested Ms. Wheeler look into whether there will be interest amongst the residents. Mr. Purple agreed to work with Ms. Wheeler to pursue resurrecting the committee.

V. Consent Agenda

a. Chairman Shea made a motion to approve of Regular Session minutes: December 17, 2019. Mr. Healey seconded. The motion passed all in favor (4-0-0).
b. Chairman Shea made a motion to approve of Executive Session minutes: December 17, 2019. Mr. Healey seconded. The motion passed all in favor (4-0-0).

c. Chairman Shea made a motion to approve the Cultural Council Appointments: Susan E. Beland and Catharine G. Byrne, terms 1/8/2020-1/7/2022. Mr. Healey seconded. The motion passed all in favor (4-0-0).

VI. Other Matters Properly Before the Board

Consideration of draft policy for Small Cell Wireless Installations (5G)

Mr. Purple reminded the Board that this issue was brought to the Board's attention from a resident a year ago and since the Board has engaged with Attorney Laughman from KP Law to draft a policy that would help preserve and protect the aesthetics and health of residents. He said the draft policy should lay out rules to protect the Town while being cognizant of the FCC regulations that govern the process. He added that the material provided to the Board to education and give background on the proposals was not easy to understand and added that he sent out additional materials today that could make the drafts clearer to read. Mr. Purple suggested the Board review the new documents and review the draft policy written by Attorney Laughman and the policy from the Town of Burlington and send feedback and questions directly to him. Mr. Healey stated that every week another community in Massachusetts is being exposed to installations for small cell wireless and through his research he was surprised to see that the FCC has left little control to towns and cities. He agreed to add this topic to the January 21st meeting and he would like to have a conversation with Attorney Laughman for clarity on the draft she created and to review the Town of Burlington's policy. Chairman Shea stated that feedback from residents included suggestions to restrict these installations from school and town structures. Mr. Healey replied that the FCC has federally preempted health concerns and concerns of the proximity to schools and public facilities. Mr. Kolenda stated he would like to hear the advice from Counsel. Mr. Stivers stated he feels that it is better for the Town to have a policy in place sooner rather than take the time to try and perfect it. He asked Mr. Purple to include the application form, license agreement, and the listed fees from the Burlington policy. Mr. Purple agreed to do so and stated the Planning Board suggested the policy not become a bylaw in order for flexibility as the Town gains more experience with this matter. The Board agreed to forward their questions to Mr. Purple and he agreed to setup a meeting with Attorney Laughman for more information on this topic and to bring back more refined documents to the January 21st meeting.

VII. Executive Session: At 8:42 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A §21 (Exemption 2) to prepare for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye.

Upcoming Meetings
January 21, 2020
February 4, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, January 21, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers and Town Administrator Mark Purple
Absent: Daniel Kolenda

I. Chairman Shea called the meeting to order at 6:30 P.M.

II. **Public Comment**
None

III. **Scheduled Appointments**
Cultural Council Update: Mary Piekarz, Chair
Ms. Piekarz introduced Ms. Davis to the Board and gave a background of the charge of the Council. She stated the Council is allocated money from the Mass Cultural Council yearly and give about $5,000 worth of grants to fund activities for Southborough residents. She described the recent art exhibits sponsored by the Council and one currently on display in the Library. Ms. Piekarz added that they funded the music at the food truck event, an arts and crafts fair on Heritage Day and helped Sophia Brady host an open mic night that was attended by about 150 people for her Scouts Gold Award. She added that the greatest challenge is a lack of space for meetings and art display.

Ms. Davis stated she had attended some Cultural Council meetings and their goal is to identify artist in Town, advertise more and get more people involved in the arts. She reiterated the need for more space and urged the Town to think about dedicated space for the Council and art display. Ms. Piekarz added that they have had to turn an artist away because the space available, mainly the Library, was inadequate for her work. Ms. Davis stressed the need for arts and culture to revitalize the Town.

Mr. Healey said he has attended some of the Cultural Council's events and commented on the talent of the artists and the palpable energy. He suggested they reach out to the EDC to as the arts can be part of economic development. Ms. Davis replied they would like to part of the economic development in Southborough and would like to present their ideas for arts and culture to increase business in Town. He requested the Council continue to update the Board about space and suggested tying in local businesses to display artwork. Ms. Braccio commended the Council for their work and suggested they work with the schools to integrate programs to inspire youth and use their display space. Ms. Piekarz stated that some grants are awarded to the Library to host classes for the youth but survey responses indicated residents wanted more classes and events for adults. She stated the challenge is lack of space and the ability to charge and therefore pay for events. She added that Denise Johnson is a member and a teacher at Neary.

Mr. Stivers thanked them for their work and suggested the Council reach out to St. Mark's and Fay Schools to utilize their display space. He that the Master Plan Committee has a goal to create a sense of community and generate places where residents could gather and interact. Mr. Stivers said the Cultural Council is a key element to reaching that goal. He added that hiring a

part-time grant writer for the Town could assist the Council find and apply for grants. He asked Ms. Piekarz to talk about some of the grants the Council has provided. Ms. Piekarz stated they have funded events for the Interboroughs Band, Summer Concert Series, classes at the Library and the Messiah Concert at Pilgrim Church. Mr. Stivers asked how those interested in these grants could apply. Ms. Piekarz replied that any group or individual can apply and applications are due in October and are available on the website.

Volunteer Interview for appointment: Lynn Davis, Cultural Council; term 1/22/20-1/21/22
Chairman Shea told Ms. Piekarz that it was a benefit to have the applicant present with her to illustrate the applicant's knowledge and passion for the Cultural Council. Chairman Shea made a motion to appoint Lynn Davis, Cultural Council; term 1/22/20-1/21/22. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Police Chief Paulhus

i. Appoint Student Officer Austin Chapski to Probationary Officer effective 2/15/2020
Chief Paulhus requested the Board approve the appointment of Student Officer Austin Chapski to Probationary Officer effective February 15, 2020 upon a successful graduation from the MPTC Police Academy on February 14, 2020. He said Mr. Chapski will then enroll in the FTO Program and his pay status will change from $700 per week to $969.69 per week per the Union contract. Chief Paulhus stated the Mr. Chapski is a resident of Southborough and has been a dispatcher for the department. Ms. Braccio made a motion to appoint Student Officer Austin Chapski to Probationary Officer effective 2/15/2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

ii. Appoint Jeffrey Norton as Full-Time Student Police Officer effective 2/24/2020
Chief Paulhus asked the Board to consider the appoint of Jeffrey Norton as a Full-Time Student Police Officer effect 2/24/2020 when the Boylston Police Academy will begin. He gave a background of Mr. Norton's experience and stated his employment history, background check and interview skills reflect a high level of communication skills. Chief Paulhus added that Mr. Norton worked for St. Mark's School and has familiarity with Southborough. He was hired as a part-time dispatcher last May and has been successful in that role. Chief Paulhus stated Mr. Norton will step down from his current role as part-time communications officer and will receive a salary of $700 per week as a full-time Student Officer per the Union contract. Upon graduation from the MPTC Academy in Boylston, he will transition to a full-time Probationary Officer per the Union contract. Ms. Braccio made a motion to appoint Jeffrey Norton as a Full-Time Student Police Officer effective 2/24/2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

iii. Appoint Stephanie Fontaine as Part-Time Communications Officer start date TBD
Chief Paulhus explained the need for more part-time dispatchers and asked the Board to consider his recommendation of Stephanie Fontaine as Part-Time Communications Officer. He said Ms. Fontaine has a long history of employment in customer service and has certifications in NextGen 9-1-1 and the Association of Public-Safety Communication Officials. He asked for the Board's approval pending a successful passing of background checks. Mr. Stivers asked if Ms. Fontaine had any connections or experience in Southborough. Chief Paulhus replied that she did not but having the certifications will make for a smooth transition. Ms. Braccio made a motion to appoint Stephanie Fontaine as Part-Time Communications Officer with a start date TBD. Mr. Healey seconded. The motion passed all in favor (4-0-0).

iv. Approve Citizens Police Academy with Northborough and Westborough

Chief Paulhus explained the program and its success from 2018. He stated the Citizens Police Academy runs for eight weeks and they will be partnering with Northborough and Westborough for the first ever BORO's CPA. He told the Board that the Department currently partner with Northborough and Westborough for the Junior Police Academy, the Jail Diversion Counselor and other resources. He said Southborough will host the 2020 CPA in the training room of the Public Safety Building and will be under the direction of Officer John Woodford and Officer Stephen Neivert. Chief Paulhus recommended the program to all residents. Mr. Healey asked how many people could enroll. Chief Paulhus said because of the larger size of the training room in the new building, the program could accept up to 35 people. He added that the Academy would be held Wednesdays from 6:00 P.M. to 9:00 P.M. beginning in late March or early April. The registration will be split evenly between the three towns. Ms. Braccio made a motion to approve the Citizens Police Academy with Northborough and Westborough. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Brian Ballantine, Finance Director – Continued discussion of FY2021 budget

Mr. Ballantine told the Board he created a five-year budget estimate without going into a deficit. He requested the Board vote on a budget concept this evening. Mr. Ballantine gave an overview of the five-year projection and listed the assumptions used to maintain in the positive. These included operational and school budgets remaining at 3.5%, the inclusion of a meals tax, removing placeholder requests for future years, extending bond terms further into the future, placing a cap from fiscal year 2021 to 2026, and replacing the hopper at the Transfer Station instead of a full renovation. The latter would save the town $3 million in the capital plan and debt paying forward. Mr. Ballantine informed the Board that Norfolk Academy has two applicants this year which adds $89,000 to the budget. He said this could almost be offset by the revenue updates for the ambulance fund. He requested the Board decide tonight on additional items they may want to include in the budget.

Mr. Stivers said he felt there are items that are the right thing to do for the Town and wanted them included in the budget. He listed his support for the ADA budget, Building Department hours, Conservation Commission administrative support, Municipal Technology Committee support, Police budget and Southborough Youth and Family Services support. He stated that these items would be an increase of $200,000 and listed assumptions that could be in the favor of the Town such as a smaller school budget.

Ms. Braccio stated she agreed with the support Mr. Stivers spoke to but felt that if the Board decided to add items to the budget, they needed to find where to take the funds from for the purpose of sustainability. Mr. Healey agreed. He suggested that if there were a fall town meeting, there is a possibility that some expenditures could be delayed until then for a clearer view of the financial standpoint of the Town. Chairman Shea stated he asked Mr. Ballantine to present a scenario to add a part-time employee for Youth and Family Services and a full-time Police Officer for fiscal year 2021 into the budget projection. He said these additions would put the Town in the negative financially but felt these positions should be a priority. There was discussion on the ramifications of adding a part-time employee for Youth and Family Services. Mr. Purple added that in order to stay under the cap for fiscal year 2024, the Board will have to cut approximately $70,000 barring all assumptions hold true. He asked the Board to decide if there were any additions they wanted to put back into the budget. He added that fiscal year 2022 will be tight and the Board now has a preview into the next five years in terms of debt issues. Mr. Stivers countered that assumptions could be favorable for the Town as well and said

that the Board should fund what is right for the Town and reassess the financial impact throughout the process.

Kathy Cook, Chair of the Advisory Board, told the Board that fiscal year 2022 will be the most challenging year as the tax rate increase is estimated at 8%. She stated that Advisory had not voted on the budget yet, but speaking as the Chair, she believes there should be a special town meeting in the fall. She would like the Capital Budget Committee to be reinvigorated and stated Jason Malinowski was open to being Chair. She said the focus of the committee would be on capital and coming up with creative ways to lower the expenses and increase revenue while also supporting services. Ms. Cook said the Advisory Board had heard a presentation from the Economic Development Committee regarding their proposed zoning bylaw change and she felt they would not be ready for town meeting in March. She stated they would most likely benefit from more preparation time and they could be on the agenda for a fall town meeting as well.

Mr. Purple asked the Board to support the concept of no new hours or positions in fiscal year 2022 due to the lack of any sustainable revenue to support these items. There was discussion and Ms. Braccio reminded the Board that in the future, they could vote to change this decision. Mr. Healey made a motion to support a plan of no additional hours or positions in fiscal year 2022 unless there is a clearly identifiable new revenue stream that could support those items. Ms. Braccio seconded. Mr. Stivers said it was a great concept but there are items that should be supported and a need to find new ways to fund them. He said, with that caveat, he will support the motion. The motion passed all in favor (4-0-0).

There was continued discussion regarding adding new positions for fiscal year 2021 and Ms. Braccio asked if a police officer position was not included into this budget if the overtime budget would increase. She indicated that if the cost of overtime evened out the cost for additional officer, the position should be added. Mr. Purple replied that if an officer were not included in this budget, the Police Chief would most likely not be giving back overtime as he usually does. Ms. Braccio requested the number of overtime hours expected for fiscal year 2021 if there are no additional officers. Mr. Purple agreed to work on those numbers with the Chief for next meeting. The Board agreed to add a meeting on February 4th dedicated solely to the budget and requested the Advisory Board attend. Ms. Cook confirmed that the Advisory Board could attend the February 4th meeting.

IV. Reports

Town Administrator's Report

- Update on 2020 Annual Town Meeting Warrant

Mr. Purple said he distributed an update on the Town Warrant and there are 35 articles with a possibility of an additional article from a citizen petition. He said the potential article is being reviewed by the Town Clerk to certify signatures for a noise bylaw. He added that more information is needed for the project at Kallander Field and St. Mark's Bell Tower and therefore the list of bonds has not been completed. He said article sixteen is being reviewed by Bond Counsel for borrowing and the four articles before the Planning Board are being reviewed by Town Counsel.

Mr. Purple stated he received a letter from Town Counsel that he distributed to the Board regarding the process the EDC has taken to bring their proposed bylaw to the Planning Board. He stated that because it was received so late, he will not make any comments this evening.

Chairman Shea said that Ms. Cook identified that the proposed zoning bylaw change should have been acted on by the Board before going to the Planning Board. He continued that the letter outlines a number of ways in which the document could have gone before the Planning Board and none were properly met. Chairman Shea stated he was unsure the Board had the time to work on this article in time for the signing of the warrant. He suggested this may be an article that could come before the Board for a fall town meeting.

Mr. Purple suggested the Board consider deferring the reinstating of the Capital Committee to a fall meeting. He added he had not heard back from National Grid regarding parcel 54-40. He said National Grid was checking the parcel to determine the status of the land. He has reached out to National Grid and will update the Board when he receives a response.

Chairman's Report

Chairman Shea told the Board that he has requested a meeting with the DPW Superintendent and the Conservation Agent to understand the actions taken on Deerfoot Road regarding the tree removal. He has also requested an opinion from Town Counsel regarding the authority of the DPW for tree removal of sick and diseased trees. He will reach out to the Deerfoot Road residents once he has more information.

Chairman Shea stated that the memo on the naming of space for the Public Safety Building has been sent to the Board. He asked the Board to review and send any questions or comments to Mr. Purple.

Members' Reports

- Update on PILOT discussions

Mr. Healey updated the Board on his PILOT discussions with St. Mark's and Fay Schools. He said both were productive and receptive to his ideas. Mr. Healey spoke with both schools about how they view the roll of non-profits in communities and expressed interest in continuing to be good neighbors. He gave an example of a policy the City of Boston created that billed their non-profits for 25% of the tax they would be responsible for had they not been non-profit institutions and the unsuccessful result. He stated having discussions were much more productive and noted that the Board of Trustees from both schools had no interest in a contractual relationship with the Town. He said they felt the most favorable route would be as an ad-hoc and continual discussion of expenditures tied to their mission and the Town. Mr. Healey stated he will continue his discussions with St. Mark's and Fay Schools and believes they will be positive for both parties.

Ms. Braccio extended condolences to the family of Donald Banks who had recently passed. Mr. Banks was a Southborough Reserve Police Officer and a Water Specialist with the Southborough DPW.

Mr. Stivers reported that the Master Plan Committee met last week with Representative Dykema and Senator Eldridge with a focus on transportation issues. They had shared that the State and Mass DOT are interested in undertaking projects to address transportation issues in the Metrowest. He said there could be potential funding for projects that are ready to begin. Mr. Stivers said they talked about sidewalks, causeways and pedestrian and local bus transportation. He recommended creating a group to reach out to the Town to compile a list of projects residents would want that could potentially be a candidate for this funding. He added that Representative Dykema was very supportive of finding more parking at the T-Station. Mr. Stivers

suggested the possibility of the Planning Board, EDC and/or Trails Committee working together for specific project ideas.

Mr. Stivers stated the Public Works Planning Board meets Monday evening to review the Complete Streets Program. He added that the Board will need to vote on this in the future. He said he hopes the draft policy is posted with the agenda for the public to review prior to the meeting.

Mr. Stivers stated with the current process gaps with the EDC and their zoning amendment proposal, it is a good opportunity for the Board to discuss options for revitalizing the downtown. He commended the EDC for creating traction on this topic and he would like to work on the initiative in the future.

V. Consent Agenda

a. Approval of Regular Session minutes from January 7, 2020
Mr. Stivers held consent agenda item "a." Mr. Stivers stated the dates for the Mater Plan Committee and Public Works Planning Board were incorrectly noted in the January 7, 2020 Regular Session meeting minutes. He sent Mr. Purple his corrections and requested the Board accept the changes for accuracy. Chairman Shea made a motion to approve the Regular Session minutes from January 7, 2020 as amended. Mr. Healey seconded. The motion passed all in favor (4-0-0).

b. Accept resignation of Lou Palecki from Golf Course Committee
Ms. Braccio held consent agenda item "b." Ms. Braccio thanked Mr. Palecki for the work he had done on the Golf Course Committee including the renovation of the course, working with the CPC and assisting in the successful opening of the course to the public during the construction of the Public Safety Building. Chairman Shea agreed and made a motion to accept the resignation of Lou Palecki from the Golf Course Committee. Mr. Healey seconded. The motion passed all in favor (4-0-0).

c. Chairman Shea made a motion to accept the donation of $100.00 from M. Hasbrouck and J. Gibbons for the Fire Department Ambulance Fund. Mr. Healey seconded. The motion passed all in favor (4-0-0).

d. Chairman Shea made a motion to sign the warrant for the March 3, 2020 Presidential Primaries. Mr. Healey seconded. The motion passed all in favor (4-0-0).

e. Chairman Shea made a motion to appoint Keith L. Ackley to Board of Registrars of Voters, term 6/30/20. Mr. Healey seconded. The motion passed all in favor (4-0-0).

f. Clerk notice to BOS regarding hours of Early Voting for the Presidential Primary
Chairman Shea held agenda item "f." Chairman Shea invited the Town Clerk to speak. Mr. Hegarty explained that early voting is available to all residents starting Monday, February 24th from 8:00 A.M. to 7:00 P.M. through Thursday, February 27th and Friday, February 28th from 8:00 A.M. to noon. He added that parents who will be requesting absentee ballots for their children in college should call and provide the email address and phone number of their children in order for the Town Clerk's Office to send a reminder to return their ballot. Mr. Purple suggested the Board meet at 7:00 P.M. instead of 6:30 P.M. on February 25th in order for the Town Clerk's Office to conduct early voting. The Board agreed. Chairman Shea made a motion to accept early voting for the Presidential Primary. Mr. Healey seconded. The motion passed all in favor (4-0-0).

g. Chairman Shea made a motion to approve the Executive Session minutes from January 7, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

VI. Other Matters Properly Before the Board

Review of proposed Accessibility Compliance Committee bylaw article

Mr. Purple stated that Chairman Shea, Mr. Healey and Mr. Stivers submitted suggested changes to the proposed charge of Accessibility Compliance Committee and distributed it during the meeting. Mr. Healey stated he changed the name of the committee to the Southborough Public Accessibility Committee because he felt it was more welcoming and more in line with their functions. The Board agreed to the change and Mr. Purple agreed to incorporate it in the next draft. Mr. Stivers stated that most of his proposed changes was wordsmithing for clarity. Mr. Healey stated his proposed changes had the same function for better clarity. There was discussion on changes throughout the document; specifically, the role of "coordinator" listed in section 9.34.A. It was agreed that Mr. Purple would take on this role but would not report to the Committee.

Mr. Stivers added he incorporated definitions and language regarding quorum for clarity. Ms. Braccio, Mr. Healey and Chairman Shea agreed to the changes. Mr. Purple affirmed he would add this language to the draft document. Mr. Healey pointed out his changes to Section 9.35 and there was discussion on the final proposed language. Mr. Healey agreed to update the draft document with all the changes agreed to by the Board and send it to Mr. Purple. Mr. Purple agreed to distribute it to the Board and the ADA Committee for review.

VII. Executive Session

At 8:50 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A §2 I (exemption 2) for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Stivers, aye.

Upcoming Meetings
February 11, 2020
February 25, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

Article TBD: To see if the Town will vote to adopt as Chapter 9, Article IX 1 through 2 of the Town bylaws, the following:

Article IX Accessibility Compliance Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public, whether or not having a disability. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 § 98A

These requirements, which are increasingly important due to demographic changes and public awareness, necessitate a coordinated approach to monitoring and increasing the Town of Southborough's compliance. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be an Accessibility Compliance Committee ("ACC"), which shall consist of five voting members appointed by the Board of Selectmen, and the non-voting ex-officio members identified below.

Each voting member shall be a registered voter in the Town and shall not be a Town officer or employee.

The Board of Selectmen shall appoint an Accessibility Compliance Coordinator ("Coordinator"), in consultation with the ACC. The Coordinator, under the direction of the ACC, shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned. The Coordinator may be a Town officer or employee and need not be a resident.

The Building Commissioner and Coordinator shall be ex-officio members of the ACC.

Commented [Brian1]: Is this term defined anywhere?

Commented [Brian2]: This introduces justification for increased compensation/stipend for additional work beyond that currently included in that person's job description. Is a coordinator required? What other committees have coordinators – is one necessary for this group?

Commented [Brian3]: This conflicts with this person being an appointee of the BOS.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided among one and two year terms, so as to establish overlapping terms.

§9.34.C Organization

The members shall select, from among themselves, a Chairman and a Secretary.

§9.34.D Funding

The ACC shall have a budget for consultants and other expenses. It shall submit its projected expenses as part of the Town's regular budget process. Any expenditures from its budget shall require a majority vote of the ACC, and be subject to the Town's policies for such expenditures.

§9.35 Functions

The duty of the ACC shall be to monitor and increase the Town of Southborough's compliance with laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs, services, and projects for all members of the public, whether or not having a disability.

In consort with town officers, departments, and other government entities: the ACC shall endeavor to assure that all town citizens, whether or not having any disability, have equal access to:

- Town Government offices and communications
- Public and commercial buildings
- Programs
- Goods and Services
- Transportation
- Telecommunications, including the Internet
- Recreational programs

The ACC shall review existing and proposed facilities, services, programs, and projects undertaken by the Town of Southborough, and shall notify the responsible official or entity of its findings. The ACC may request other Town officials, committees, departments, and/or entities to provide input to these reviews.

The ACC may undertake public outreach and advocacy for accessibility in the Town.

From time to time, the ACC shall report to the Board of Selectmen and the Town Meeting on its activities and findings.

The ACC shall provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service, program, or project. The ACC shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising concerns shall be confidential, unless confidentiality is waived by such person.

Subject to available funding, the ACC shall have the authority to engage consultants to evaluate existing and proposed facilities, services, programs, and projects.

or act or do anything in relation thereto.

Proposed by: The Accessibility Compliance Committee (Formerly "ADA Committee")
Board of Selectmen Recommendation: TBD
Advisory Committee Recommendation: TBD
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

Commented [Brian4]: Not sure why these words are necessary All members of the public mean all members of the public.

Commented [Brian5]: Same comment as above.

Commented [Brian6]: Is this listing necessary? The problem with lists is making sure everything fits within one of these categories. Modification of the list will then require TM action, if this is part of the bylaw. Could the ACC create a policy that includes this listing, rather than include it in a bylaw?

Article TBD: To see if the Town will vote to adopt as Chapter 9, Article IX 1 through 2 of the Town bylaws, the following:

Article IX Southborough Public Accessibility Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public, particularly for those having a disability. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and enhancing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be a Southborough Public Accessibility Committee (SPAC) which shall consist of no more than five voting members appointed by the Board of Selectmen, and the non-voting ex-officio members identified below.

Each voting member shall be a registered voter in the Town and shall not be a Town officer or employee. [Note: what's the reason for this restriction? Does it mean someone who is on another committee couldn't be on this one? Why disqualifying if a town employee?]

The Board of Selectmen shall designate an Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator[note: I'm assuming the coordinator would be a town employee – really shouldn't have a committee directing a town employee] shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned. [note: I'd just leave this out. It negates a restriction that doesn't exist]

The Building Commissioner and Coordinator shall be non-voting, ex-officio members of the SPAC.

§9.34.B Appointments; Terms

Voting members of the SPAC shall be appointed for two-year terms. The initial appointments shall be divided among one and two year terms, so as to establish overlapping terms.

§9.34.C Organization

The members shall select, from among themselves, a Chairman and a Secretary.

§9.34.D Funding

The SPAC shall have a budget. [note: there may or may not be a need for consultants – I'd don't see a need to bake it into the warrant article] It shall submit its projected expenses to the Town's regular budget process. Any expenditures from its budget shall require a majority vote of the SPAC, and be subject to the Town's policies for such expenditures.

§9.35 Powers and Duties

- To monitor and enhance [note – enhance and increase are almost synonyms, but increase sounds like we're lacking; enhance sounds like we want to improve] the Town of Southborough's compliance with all laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public, whether or not having a disability.
- In consort with town officers, departments, and other government entities to endeavor to assure that all town citizens, whether or not having any disability, have equal access to:
- Town Government offices and communications
- Public and commercial buildings
- Programs
- Goods and Services
- Transportation
- Telecommunications, including the Internet
- Recreational programs
- To review existing and proposed facilities, programs, and projects undertaken by the Town of Southborough, and shall notify the responsible official or entity of any inadequacies. The SPAC may request other Town officials, committees, departments, and/or entities to provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town.
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program. [note: I don't think this needs to be in the warrant article. Too granular.]

[note: same. Too granular for warrant article.]*or act or do anything in relation thereto.*

Proposed by: The Accessibility Compliance Committee (Formerly "ADA Committee")
Board of Selectmen Recommendation: TBD
Advisory Committee Recommendation: TBD
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. - Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

These requirements, which are increasingly important due to demographic changes and public awareness, ~~necessitate~~ reinforce the value of a coordinated approach to monitoring and increasing compliance for the Town of Southborough~~'s~~ (the "Town") ~~compliance~~. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. ~~As more fully described in the remainder of this Article IX,~~ Tthis article establishes a committee that will be responsible for developing and implementing this coordination. This committee~~It~~ will report on status and progress to the Board of Selectmen and to ~~the~~ Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be an Accessibility Compliance Committee ("ACC"), which shall consist of no more than five voting members appointed by the Board of Selectmen, ~~and~~ plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum number for the ACC for voting purposes.

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" means an individual who serves in a Town position established through the Town's Salary Administration Plan, but provided that this exclusion specifically does not apply to individuals who are not serving in a position established through the Town's Salary Administration Plan but who are considered "Municipal Employees" or "Special Municipal Employees" through their service as a volunteer on another Town board, committee or commission).

The Board of Selectmen shall appoint an Accessibility Compliance Coordinator ("Coordinator"), in consultation with the ACC. The Coordinator, under the direction of the ACC, shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned by the ACC. The Coordinator may be a Town officer or employee and need not be a resident of the Town.

The Building Commissioner and the Coordinator shall be ex-officio, non-voting members of the ACC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided ~~among~~ between one and two year terms, so as to establish overlapping terms.

§9.34.C Organization

The voting ACC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

§9.34.D Funding

The ACC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The ACC~~It~~ shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the ACC~~its~~ budget shall require a majority vote of the ACC, and shall be subject to the Town's policies for such expenditures.

§9.35 Functions

The duty of the ACC shall be to monitor and increase the Town ~~of Southborough~~'s compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public, regardless of whether or not they have~~ing~~ a disability.

In consort with T~~t~~own officers, departments, and other government entities, and to the extent that the Town has reasonable ability to influence any such enhanced access: the ACC shall endeavor to assure that all T~~t~~own ~~citizens~~residents, whether or not having any disability, have equal and appropriate access to resources including, but not limited to, the following:

- Town Government offices and communications
- Public and commercial buildings
- Programs
- Goods and Services
- Transportation
- Telecommunications, including the Internet
- Recreational programs

The ACC shall review existing and proposed facilities, programs, and projects ~~undertaken~~ supported by the Town ~~of Southborough~~, and shall notify the responsible official(s) or entity(ies) of any inadequacies that such review may identify. The ACC may request ~~other~~ that any Town officials, committees, departments, and/or entities ~~to~~ provide input to these reviews.

The ACC may undertake public outreach and advocacy for accessibility in the Town.

From time to time, and no less frequently than annually, the ACC shall report on its activities and findings to the Board of Selectmen and ~~the~~ to Town Meeting ~~on its activities and findings~~.

The ACC shall provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program. The ACC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identity~~ies~~ of any person~~s~~ raising such concerns shall be confidential, unless confidentiality is waived by such person.

Subject to available funding and compliance with applicable Town and other procurement regulations, the ACC shall have the authority to engage consultants to evaluate the technical aspects of facilities and/or projects.

ANNUAL WARRANT

of the

TOWN OF SOUTHBOROUGH

MASSACHUSETTS

For the Annual Town Meeting
on

March 28, 2020
1:00 – 5:00 p.m.
7:00 – 11:00 p.m.

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. February 18, 2020

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Saturday, March 28, 2020

at ***1:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2019 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the

longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Board Recommendation:
Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.*

ARTICLE 5: To see if the Town will vote to accept the following changes, as noted in BOLD in the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees. The changes are noted in* ***bold.***

ARTICLE 6: To see if the Town will vote to transfer a sum of money between and among various accounts for the fiscal year ending June 30, 2020, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is intended to address any unexpected or unusual funding needs for the current fiscal year via transfers between accounts.*

ARTICLE 7: To see if the Town will vote to rescind the authorized, but unissued debt of the Town originally appropriated for acquiring real estate from St. Mark's School of Southborough, Inc., approved by a vote of Town Meeting under Article 1 on March 8, 2017, which borrowing authority is no longer required for the purposes for which it was originally approved; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Public Safety Building Committee completed the new Public Safety Facility, nearly on time and well under budget. As a result of their efforts, the total cost of the project, including land purchase, has been reduced from $27.1M to $24.1M, a reduction of $3,000,000. As those funds have not been borrowed yet, and are not needed to complete the project, the Town is seeking approval to rescind that amount of borrowing authority approved by Town Meeting under Article 1 on March 8, 2017.*

ARTICLE 8: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2021, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

SEE BUDGETS ON THE FOLLOWING PAGES

Proposed by: BOARD OF SELECTMEN

DRAFT

Summary: *See budget report including Advisory Committee and Board of Selectmen's FY21 recommendations. If the Advisory Committee recommendation differs from that of the Board of Selectmen, it shall be noted in that departmental budget.*

ARTICLE 9: To see if the Town will vote to raise a sum of money as may be necessary for the Water Enterprise Fund's use for Fiscal Year 2020, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

SEE BUDGET ON THE FOLLOWING PAGE

Proposed by: BOARD OF SELECTMEN

Summary: *See budget report including Advisory Committee and Board of Selectmen's FY21 recommendations. If the Advisory Committee recommendation differs from that of the Board of Selectmen, it shall be noted in that departmental budget.*

ARTICLE 10: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for Water Enterprise Fund capital items for the following purposes:

	DESCRIPTION	REQUEST	LEVY	OTHER FUNDS
A.	DPW – Hook Lift Truck	$60,000		$60,000
B.				

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:
A. This is the portion of the Hook Truck that is assigned to the Water Enterprise funding. The total cost of the vehicle is $225,000.
B.
C.

ARTICLE 11: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	DESCRIPTION	REQUEST	LEVY	OTHER FUNDS
A.	DPW – Transfer Station E&D for renovation	$ 35,000	$ 35,000	
B.	DPW – Hook Lift Truck	$165,000	$165,000	
C.	DPW – Large Truck & Equipment Body Work	$ 12,000	$ 12,000	
D.	DPW – Diesel Pickup with Service Body	$ 70,000	$ 70,000	
E.	DPW – Road Maintenance	$325,000	$325,000

J.

ARTICLE 12: To see if the Town will appropriate a sum of money to pay costs of the projects listed below, and for the payment of costs incidental or related thereto, and to determine whether this amount shall be raised by borrowing, transfer from available funds, or otherwise:

	DESCRIPTION	REQUEST	LEVY	WATER AND OTHER FUNDS
A.	Cordaville Hall Renovations	$375,000	$375,000	
B.	Town House Windows	$675,000	$675,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:
A.
B.

ARTICLE 13: To see if the Town will vote to raise and appropriate or transfer from any available funds the sum of $28,000 for the purpose of paying to retirees the amount due for accrued vacation and sick time, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will fund any vacation and sick pay due to employees upon their retirement.*

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of $10,000 for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

Summary: *This article will provide funds to be used to pay the deductible for property damage which is not covered by insurance.*

ARTICLE 15: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities Manager shall report all funded projects to the Advisory Committee as requested, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will provide for the maintenance and repair of capital equipment and systems associated with the Town's buildings and facilities.*

ARTICLE 16: To see if the Town will vote to appropriate, borrow or transfer from available funds, an amount of money to be expended under the direction of the School Committee for replacement of the boiler at the Mary E. Finn Elementary School, 60 Richards Road, Southborough, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program and for which the Town has applied for a school construction grant from the Massachusetts School Building Authority ("MSBA"). The Town acknowledges that the MSBA's grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and if the MSBA's Board of Directors votes to invite the Town to collaborate with the MSBA on this proposed repair project, any project costs the Town incurs in excess of any grant that may be approved by and received from the MSBA shall be the sole responsibility of the Town, or do or act anything in relation thereto.

Proposed by: SCHOOL COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 17: To see if the Town will vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2021:

1.	Immunization/emergency dispensing clinic; $12,000.
2.	Inspectional services; $100,000.
3.	9-11 Field Maintenance; $100,000.
4.	Wetland Protection; $30,000.
5.	Hazardous materials; $75,000.
6.	CPR classes; $6,500.
7.	Community garden; $2,500.
8.	Recreation programs; $350,000.
9.	Tobacco Control Program; $4,000.
10.	Golf Course maintenance; $30,000.

, or do or act anything in relation thereto.

Proposed by: BOARD OF HEALTH, BOARD OF SELECTMEN, RECREATION COMMISSION, AND CONSERVATION COMMISSION

Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article approves the annual spending limits for revolving funds that are now authorized by Town by-law.*

ARTICLE 18: To see if the Town will vote to accept the report of the Community Preservation Committee for the FY 2020 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as follows:

Estimated Surcharge Receipts (based on Town Treasurer's projections): $
State Match (projected State match)..... $
Total Projected Revenue..... $

Set Aside- Open Space

$ to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for acquisition, creation or preservation of open space, and for the rehabilitation and/or restoration of open space acquired under the Community Preservation Act.

Set Aside – Historic Preservation

$ to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for the acquisition, preservation, rehabilitation and restoration of historic resources.

Set Aside – Community Housing

$ to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for the creation, preservation and support of community housing, and for the rehabilitation and/or restoration of community housing acquired under the Community Preservation Act.

Administrative Costs – Community Preservation Committee

$ to defray the administrative and operating expenses of the Community Preservation Committee in FY2021 for the Community Preservation Fund (discretionary)

Set Aside -Budgeted Reserve/Discretionary

Reserved For FY21 CPF (Budgeted Reserve/Discretionary) $

, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *These set asides are an annual requirement under the Community Preservation Act.*

ARTICLE 19: To see if the Town will vote to appropriate $ from the CPA Historic Preservation Reserve Fund to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

ARTICLE 23: To see if the Town will vote to allow, by local option, property tax abatements for service connected disabled military veterans of Southborough who are currently eligible or become eligible equal to the amount currently received and established in accordance with Massachusetts General Laws Chapter 59, Section 5, Clauses 22, 22a, 22b, 22c, 22e, or do or act anything in relation thereto.

	Current	Proposed
Clause 22	$400	$800
Clause 22a	$750	$1500
Clause 22b	$1250	$2500
Clause 22e	$1000	$2000

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Military Veterans are individuals who served on active duty in the Armed Forces of the United States for certain time periods during peace or wartime eras and were discharged from military*

DRAFT

service. Their last discharge or release must have been under other than dishonorable conditions. Approval of this local option will allow disabled Southborough veterans to receive additional funds through the tax abatement process, based on eligibility. Based on the current number of qualified recipients, the cost to implement this local option is $16,000.

ARTICLE 24: To see if the Town will vote to amend Section 9-24 "Qualification of elected and appointed officials" of the Town Code, by deleting the text in its entirety, and replacing with the following:

"All elected and appointed officials shall be qualified by the Town Clerk within 30 days of their election except where a different period is specified in the General Laws. If an appointed official is not qualified in this period, his/her appointment shall terminate, and the appointing authority shall be so notified by the Town Clerk."

; or do or act anything in relation thereto.

ARTICLE 28: To see if the Town will vote to adopt as Chapter 9, Article IX 10 through 11 of the Town bylaws, the following:

DRAFT

9. Article IX Accessibility Compliance Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public, whether or not having a disability. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

These requirements, which are increasingly important due to demographic changes and public awareness, necessitate a coordinated approach to monitoring and increasing the Town of Southborough's compliance. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be an Accessibility Compliance Committee ("ACC"), which shall consist of no more than five voting members appointed by the Board of Selectmen, and the non-voting ex-officio members identified below.

Each voting member shall be a registered voter in the Town and shall not be a Town officer or employee.

The Board of Selectmen shall appoint an Accessibility Compliance Coordinator ("Coordinator"), in consultation with the ACC. The Coordinator, under the direction of the ACC, shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned. The Coordinator may be a Town officer or employee and need not be a resident.

The Building Commissioner and Coordinator shall be ex-officio members of the ACC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided among one and two year terms, so as to establish overlapping terms.

§9.34.C Organization

The members shall select, from among themselves, a Chairman and a Secretary.

§9.34.D Funding

The ACC shall have a budget for consultants and other expenses. It shall submit its projected expenses to the Town's regular budget process. Any expenditures from its budget shall require a majority vote of the ACC, and be subject to the Town's policies for such expenditures.

§9.35 Functions

The duty of the ACC shall be to monitor and increase the Town of Southborough's compliance with all laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public, whether or not having a disability.

In consort with town officers, departments, and other government entities: the ACC shall endeavor to assure that all town citizens, whether or not having any disability, have equal access to:

- Town Government offices and communications
- Public and commercial buildings
- Programs
- Goods and Services
- Transportation
- Telecommunications, including the Internet
- Recreational programs

The ACC shall review existing and proposed facilities, programs, and projects undertaken by the Town of Southborough, and shall notify the responsible official or entity of any inadequacies. The ACC may request other Town officials, committees, departments, and/or entities to provide input to these reviews.

The ACC may undertake public outreach and advocacy for accessibility in the Town.

From time to time, the ACC shall report to the Board of Selectmen and the Town Meeting on its activities and findings.

The ACC shall provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program. The ACC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising concerns shall be confidential, unless confidentiality is waived by such person.

Subject to available funding, the ACC shall have the authority to engage consultants to evaluate the technical aspects of facilities and/or projects.

; or do or act anything in relation thereto.

Summary:

ARTICLE 30: To see if the Town will vote to amend Section 174-9 Special Permit Requirements, and Section 174-19 Extensions or Alterations to reflect current case law, as marked below (changes in red):

DRAFT

Article I: Miscellaneous Provisions

§ 174-9 **Special permit requirements.**
[Amended 4-14-1986 ATM by Art. 46]

E. Nonconforming uses, lots and structures. Special permits may be issued for the extension, alteration, reconstruction or otherwise structure change of legally nonconforming uses, structures and lots, including a change in the nonconforming use to another nonconforming use, provided that the Board of Appeals finds that such extension, alteration, reconstruction or otherwise structural change shall not be substantially more detrimental to the neighborhood, will not increase the extent of nonconformance in size or in impact and that the cost thereof shall not exceed 50% of the assessed value of the nonconforming structure at the time of application, and further provided that the estimate of the cost of any extension or alteration utilized by the Board of Appeals in evaluating the above specified 50% requirement of the assessed value shall not be less than a cost estimate of such extension or alteration based on a nationally recognized building cost estimate manual or system acceptable to the Zoning Board of Appeals.
[Amended 4-15-2008 ATM by Art. 38]

§ 174-19 **Extensions, alterations, reconstruction or structural changes.**
[Amended 4-10-2000 ATM by Art. 55]

A. Nonconforming structures or uses shall not be extended, reconstructed or structural changes made, except to make them conforming, unless the Board of Appeals authorizes such extension or alteration by special permit upon making findings as provided in § **174-9E**. Any alteration, extension, reconstruction or structural change not listed in subsection B (1) (2) (3) or (4) will require an application to the Board of Appeals.

B. Single-family and two-family residential structures. In the following circumstances, alterations, reconstruction, extension or structural change to a single-family or two-family residential structure shall not be considered an increase in the nonconforming nature of the structure and shall be permitted as of right:
[Amended 10-7-2013 STM by Art. 9]

(1) Alteration, extension, reconstruction or structural change to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient area, where the alteration will also comply with all of said current requirements;

(2) Alteration, extension, reconstruction or structural change to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient frontage, where the alteration will also comply with all of said current requirements;

(3) Alteration, extension, reconstruction or structural change to a structure which encroaches upon one or more required setbacks, where the alteration will comply with all current setbacks, open lot coverage and building height requirements. The provisions of this Subsection **B(3)** shall apply regardless of whether the lot complies with current area and frontage requirements.

(4) Alteration, reconstruction, extension or structural change as proposed and constructed does not intensify any existing nonconformities or result in any additional nonconformities.

; or do or act anything in relation thereto.

Advisory Committee Recommendation:
Summary:

ARTICLE 31: To see if the Town will accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

;or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Acceptance of this provision of the General Law would extend a voter registration deadline which occurs on a Saturday to the following Monday.*

ARTICLE 32: To see if the Town will vote to amend the Zoning Bylaw to establish a downtown overlay district as follows:

SECTION XX – VILLAGE MIXED USE DISTRICT (VMUD)

XX.1 Purpose
a) Promote revitalization of Southborough's Downtown to encourage a mixed-use environment.
b) Encourage a diverse mix of business, commercial, office, residential, recreational uses for workers, visitors and residents that are pedestrian/bike friendly.
c) Update the range of commercial uses allowed thereby creating local jobs, provide more diverse local housing opportunities (within mixed use development), and modify dimensional requirements to encourage village-style streetscapes and uses.
d) Increase the town's tax base by creating a thriving small business environment, attracting new enterprises, helping existing businesses, thus promoting economic development.
e) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the district.
f) Encourage live/work/play and create pedestrian friendly walking where the community can gather.

XX.2 Applicability and Administration

XX.2.1
The Village Mixed Use District (VMUD) is hereby established as a zoning overlay for the Downtown Business Village District (DBVD) as shown on the Town of Southborough Zoning Map on file with the Town Clerk. The District boundaries are as indicated on the Map.

XX.2.2
The site and design guideline criteria within this Section shall be applicable to all residential buildings with two or more units and non-residential developments within the district. This includes any new building construction; a change in building use (adaptive reuse of an existing building) or a significant alteration of the existing building facades; work which results in the increase of floor area through either an addition to the principal structure; addition of a new accessory structure, or significant change to an existing accessory structure; or any activity requiring a new curb cut.

XX.2.3
The Planning Board shall be the permit granting authority for the Village Mixed Use District.

XX.2.4
Affordability: For projects greater than eight residential units, projects must include affordable housing units as specified below:

XX.2.4.1 Ownership Units. For all Projects where the Affordable Units proposed are Homeownership Units, not less than twenty percent (20%) of the total housing units constructed in a Project shall be Affordable Housing.

XX.2.4.2 For all Projects where the Affordable Units proposed are Rental Units not less than twenty five percent (25%) of total housing units in any building containing rental units shall be Affordable Housing;

XX.2.4.3 For purposes of calculating the number of units of Affordable Housing required within a Project, any fractional unit of 0.5 or greater shall be deemed to constitute a whole unit.

DRAFT

XX.2.4.4 Affordable Units shall comply with the requirements of Massachusetts Executive Office of Housing and Economic Development requirements for counting towards the Town's Subsidized Housing Inventory.

XX.3 Definitions
Mixed Use Development - A development of two or more compatible land uses, such as residential, office, retail, recreational, and light industrial.

XX.4 Permitted and Prohibited Uses

XX.4.1 Allowed Uses
The following uses are allowed as of right in the Village Mixed Use District:
1) Mixed-use developments
2) Multi-family dwelling up to 9 units per acre only in mixed-use development on the upper floors
3) Community and/or neighborhood centers
4) Retail up to 8,000 sq. ft.
5) Personal and consumer services up to 8,000 sq. ft.
6) Restaurants (no drive-up window)
7) Medical/dental offices
8) Offices
9) Banks (no drive-up window)
10) Bed and breakfast
11) Indoor recreation
12) Artist Live/Work/Gallery

XX.4.2 Allowed Uses by Special Permit
1) Retail over 8,000 sq. ft.,
2) Personal and consumer services over 8,000 sq. ft.,
3) Multi-family dwelling without a mixed-use component, where it can be demonstrated that a commercial component is not financially viable or where such a use would be inconsistent with adjacent uses.
4) Multi-family dwelling in excess of 9 units per acre for parcels less than 2 acres in size and within an existing structure(s), where redevelopment of a structure or structures can accommodate greater than 9 units per acre, not to exceed 16 units per acre, and would be consistent with the architecture of the building(s) and intent of the district.

XX.4.3 Prohibited Uses
1) Retail, personal/consumer services, banks, etc. with drive-up windows
2) Gas stations
3) National chain restaurants and retail stores

XX.5 Restrictions

XX.5.1
Location and Distribution of Uses. The ground floor of a commercial building or mixed-use building (any combination of retail, office, and residential) shall be occupied by commercial uses only. For projects consisting of multiple buildings, commercial use shall be required for the principal building and residential may be permitted on the first floor of secondary buildings upon issuance of a special permit.

XX.5.2
Maximum residential density shall be nine dwelling units per acre, unless allowed through the issuance of a special permit.

XX.6 Intensity of Use
a.) Minimum lot size – 10,000 square feet.
b.) Minimum frontage – 50 ft.
c.) Minimum yards:

DRAFT

- Front – none
- Side – 5 ft.
- Rear – 10 ft.

d.) Maximum building coverage – 75%
e.) Maximum building height – 40 ft.

XX.7 Parking

The following guidelines are included to ensure that new and renovated off-street parking areas are constructed in accordance with the district's desired design character, the provisions of this bylaw, and other town bylaws pertaining to parking.

1) Parking lots for new construction shall be located to the side and rear of the lot unless such a location is not feasible. Parking is prohibited within the front yard. Parking lots that abut public rights of way or grade parking under the building shall be screened with one or a combination of the following:

i. A low wall made of concrete, masonry or other suitable material not exceeding a height of 3 feet.

ii. Raised planters planted with a minimum of 80% evergreen shrubs not to exceed a total height of 6 feet (including planter).

iii. Landscaping consisting of a mix of trees and shrubs provided that 80% of the shrub plantings are evergreen.

2) Walls, fencing and architectural details shall complement the materials of adjacent architectural styles.

3) Where walls are provided, planting areas shall be a minimum width of 4 feet and should be located adjacent to the public right of way.

4) Where possible, parking areas shall be interconnected in a manner that allows the unobstructed flow of pedestrians between uses and parking areas.

5) In large parking lots (10 or more spaces) provision for bicycle racks shall be provided in locations that are safely segregated from automobile traffic and parking.

XX.7.1 Shared parking

Shared parking is the approved use of the same off-street parking spaces for two or more uses where peak parking demand of the different uses occurs at different times of the day, or, where various uses are visited without moving the automobile; and, where the division of parking spaces is a net decrease from the combined total of each use's individual off-street parking requirements, if required separately.

XX.7.1.1 Requirements and Criteria.

Shared parking arrangements are subject to review and approval by the Planning Board subject to the following requirements and criteria:

a) Submission of a reciprocal agreement executed by the owners and operators of the different sources or uses ensuring the long-term joint use of such shared parking, and defining the terms upon which the parking is shared;

b) If required by the Planning Board information concerning the following may be requested:

   a. the hours of operation and parking demand for each use;
   b. the hours of peak demand for parking;
   c. a description of the character of the land use and the parking patterns of adjacent uses;
   d. an estimate of the anticipated turnover in parking space use over a 24 hour period of time;
   e. a site plan showing all proposed parking spaces, including the shared use spaces in the lot and the walking distance to the uses sharing the lot; and
   f. any other information concerning parking deemed necessary by the Planning Board to render a decision.

c) In the event that the conditions for shared parking change, or if the shared parking arrangement is discontinued, the applicant shall notify the Planning Board within 10 days. The Planning Board shall then require the applicant to meet the applicable parking requirements found in Section 4.2.2 Off-Street Parking Schedule

XX.7.2 Decision

A determination shall be made by the Planning Board that the shared parking:

a) is no more than 500 feet from each use sharing the parking facility;

b) hours of operation and peak demand of the uses involved shall not conflict; and

c) will provide an adequate number of spaces for the applicable uses.

XX.7.3 Off-Street Parking Schedule
Multi-family dwelling:
a) Studio and 1 bedroom – 1 space per unit
b) 2 bedroom – 1.5 spaces per unit
c) 3 or more bedrooms – 2 spaces per unit

XX.8 Curb Cuts
Developments shall be designed in a manner that minimizes the number of curb cuts. To the extent feasible, access to businesses shall be provided through one of the following methods:
(a) from an existing side or rear street thus avoiding the principal thoroughfare or (b) from a common driveway serving one or more adjacent properties.

The Planning Board may deny a curb cut if the proposed development is inconsistent with the following guidelines:
i. Curb cuts shall be limited to one unless the Board feels that due to large parcel size an additional cut is justified.
ii. When access is available from a public side or rear street the Board may deny a curb cut from a primary street.
iii. Shared drives are encouraged between adjacent parcels when appropriate.

XX.9 Performance Standards

XX.9.1 Pedestrian and Bicycle Access
Provision for safe and convenient pedestrian access shall be incorporated into plans for new construction of buildings and parking areas and should be designed in concert with landscaping plans noted below. Site plans in the Village Mixed Use District (VMUD) should provide for continuity from sidewalks in public streets to all pedestrian entrances on the site, and walkability should be given primary importance over road speed and other access criteria. New construction should improve pedestrian access to buildings, sidewalks and parking areas and should be completed with consideration of pedestrian safety, handicapped access and visual quality. Where appropriate, applicants are encouraged to provide pedestrian and/or bicycle paths connecting the site with abutting areas in order to promote pedestrian and bicycle circulation and safety in the VMUD. When parking is located in the rear, pedestrian access via a pedestrian-oriented alley or walkway through to the primary street is encouraged.

XX.9.2 Landscaping
Landscaping shall be incorporated into new and redeveloped properties in such a way as to create visual relief and interest, provide shade for pedestrian areas and to screen parking and loading areas. Landscape plans shall be prepared by a registered landscape architect. Landscape plans shall show the location, type, and size of all proposed plantings.

XX.9.2.1 Side Yard Treatment
a.) Where the distance between structures on adjacent lots is 10 feet or less the side yard shall be screened by a solid fence, wall or landscape treatment of evergreen plantings at a height not to exceed 3 feet.
b.) Where the distance between structures on adjacent lots is greater than 10 feet landscaping shall consist of a combination of materials sufficient to break up the view into the side yard but, for safety reasons, in no case should this planting be impermeable.
c.) Side yards may, in the alternative, be established as pedestrian walkways to access parking areas to the rear of the building. Such walkways shall be landscaped and lighted for safety.

XX.9.2.2 Parking Areas
a.) Large parking areas shall be relieved by landscaped islands of a minimum of 8 feet in width, equal in depth to the depth of a typical parking space and located such that there is one island per 10 continuous spaces.
b.) Alternatively, at least 5% of the interior area of the lot shall be devoted to landscaping. Areas described in the above shall have at a minimum one shade tree with a minimum caliper of 2 ½ inches diameter breast height (DBH). Trees planted in such locations shall be planted in protected pervious areas which have a minimum dimension of 5 feet.
c.) Where lots abut public rights of way, shade trees with a minimum caliper of 2 ½ inches, shall be provided within a planting strip no less than 4 feet in width and at a rate of one tree per every 6 continuous spaces.

XX.9.2.3 Trash and Service Areas

a.) All service, loading and trash storage areas visable from a public right of way or from an adjacent residential area shall be screened by one or a combination of masonry, a wood screen, or evergreen plantings to reduce their visual impact.

b.) Loading and service areas shall not face any residential area unless no other location is possible. Loading areas shall be subject to screening requirements stated herein.

c.) Garage doors and loading spaces are prohibited on the front façade of any building unless no other location is feasible.

XX.9.3 Design Regulations

XX.9.3.1 Orientation

Buildings shall be oriented parallel to the front setback line to preserve a consistent façade line with the street. Primary building entrances should easily be identified and be oriented to the street. The primary entry should be clearly visible from the public street which provides the building's main orientation.

XX.9.3.2 Articulation

New and redeveloped buildings should reinforce the character of the existing streetscape by creating visual interest and reinforcing pedestrian scale. The apparent bulk and large wall expanses of multi-story buildings as well as single story buildings of 15' height or more should be minimized by incorporating one or preferably a combination of the following:

i. Windows
ii. Architectural Details
iii. Canopies
iv. Overhangs
v. Indented Bays
vi. Change of Building Materials

The top of such buildings should display a distinct profile or outline incorporating such elements as a projecting parapet, cornice, upper level setback or pitched roofline. When immediately adjacent a building with such articulation, new and redeveloped buildings should provide a treatment that is respectful, such as providing a consistent cornice line where possible.

Large expanses of blank walls are prohibited for commercial and mixed use buildings. The ground floor facade along the primary street shall have continuous storefront windows, with the exception of necessary piers, columns, pilasters, etc.

XX.9.3.3 Transparency

For commercial and mixed- use buildings, a minimum of 60% of the building façade oriented to the street must be comprised of clear windows that provide views to indoor retail space, dining space or product areas when applicable. Where parking occupies the ground floor the same solid to void ratio must be achieved utilizing techniques such as half-walls, grillwork, or landscaped trelliswork or their equal.

XX.9.3.4 Doors and Entrances

a) Buildings must have a primary entrance facing a public street or way and should be visually prominent.

b) In buildings with multiple ground floor tenants' entries should provide a coordinated design theme i.e. a common canopy, architectural projection or awning design.

12.9.3.5 Pedestrian Spaces and Comfort For the purpose of providing a pedestrian friendly environment in the VMUD, new and redeveloped buildings should provide for outdoor seating areas, scaled to the size and demands of the proposed use, where feasible. For example, a large, multi-story project should provide a patio or small plaza area located near the front entry with multiple benches and landscaping. A mixed use project with ground floor retail such as a restaurant may provide an area for outdoor dining which extends the indoor dining space for seasonal use. A ground floor use may provide a sidewalk bench where there is sufficient width.

The following guidelines should be considered in the design and location of pedestrian spaces:

a.) Flexible design to allow for flexible use
b.) Buffering from major vehicular areas such as parking lots or main traffic ways
c.) Lighting for nighttime comfort and safety
d.) Appropriate street furnishing…i.e. benches, trash receptacles
e.) A focal element where appropriate such as a water feature, special landscape feature or public art installation
f.) Decorative paving and seasonal planting
g.) South facing locations
h.) Visual connectivity, especially to important views such as an historic structure
i.) Appropriately scaled to the development

XX.9.3.7 Lighting
Site lighting, security lighting and architectural/landscape lighting should provide the user with illumination levels appropriate for the designed activity (i.e. parking, walking, outdoor dining) while meeting minimum requirements. Illumination levels should also be reasonably uniform throughout the site and strive to minimize glare. Provide adequate lighting levels in all pedestrian areas, including building entries, along walkways, parking areas, and other public areas. Provide the following in lighting plans:
a.) An overlapping pattern of light at a height of about 10-15 feet in lighted pedestrian areas and 20 – 24 feet in parking areas.
b.) Lighting at consistent lumens with a gradual transition to unlighted areas. Highly contrasting pools of light and dark can be temporarily blinding and should be avoided.
c.) In each lighted area, design lighting levels that will allow pedestrians to identify a face 15 yards away (generally, a minimum of 4 foot-candles). Adequate lighting reduces anonymity and gives pedestrians an opportunity to choose another route.
d.) Adequate lighting at all building entrances, exits and corridors between buildings, at least 4 foot candles during active use, especially where doors are recessed.
e.) Confine site lighting to the project site; use shields or other methods to eliminate glare on adjacent properties.
f.) Place light posts and standards so that they do not create hazards for pedestrians or vehicles.
g.) Indicate specific lighting levels in each lighted area.

XX.9.3.8 Quality of site furnishings
Provide for the following site plan elements:
a.) High-quality materials in site furnishings and features, such as durable and easily maintained walls and paving.
b.) Site features and furnishings that discourage vandalism. Furnishings that are easily removed or do not convey an image of care invite misuse.
c.) Safety materials, such as non-slip walkway surfaces.

XX.9.3.9 Signs
a.) It is encouraged that signs that project from the building are to be designed in such a way that they are compatible with the nature of Village District (e.g. wooden "antique-style" signs).
b.) Sign materials in the Village District for hanging signs: Traditional-looking materials such as wood, brass, bronze, or others are encouraged, as they are most appropriate. Wooden signs should be constructed of dense wood that will accept paint readily.

XX.9.3.10 Water Supply Performance Standards
a.) All stormwater runoff generated from development and land use conversion activities shall not discharge untreated stormwater runoff directly to a wetland, local water body, municipal drainage system, or abutting property, without adequate treatment.
b.) Annual groundwater recharge rates shall be maintained, by promoting infiltration and recharge through the use of structural and non-structural methods. At a minimum, annual recharge from the post development site shall equal the annual recharge from pre-development site conditions.
c.) The storm water runoff volume to be recharged to groundwater should be determined using the methods prescribed in the latest version of the Massachusetts DEP Storm Water Management Manual. The recharge requirements shall apply to all activities within the jurisdiction of this by-law except as noted, and unless specifically waived by the Planning Board.

d.) All structural stormwater management facilities shall be selected and designed using the appropriate criteria from the most recent version of the Massachusetts DEP Stormwater Management Manual. For other structural stormwater controls not included in the Massachusetts Stormwater Management Manual, or for which pollutant removal rates have not been provided, the effectiveness and pollutant removal of the structural control must be documented through prior studies, literature reviews, or other means and receive approval from the Planning Board before being included in the design of a Stormwater Management system.

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 33: To see if the Town will vote to amend the Code of the Town of Southborough, Zoning Article III, by replacing thereto Section § 174-12.1, entitled Outdoor illumination as presented below.

A. Purpose. This section recognizes the benefits of outdoor lighting and provides clear guidelines for its installation, to help maintain and complement Southborough's character. The intent of this section is to:

[1] Encourage lighting that provides night-time safety, utility, security, productivity, enjoyment, and commerce;
[2] Prevent glare on public roadways;
[3] Protect the privacy of residents;
[4] Promote energy-efficient outdoor lighting;
[5] Limit the total allowable illumination of lots located in the Town of Southborough;
[6] Minimize adverse offsite impacts such as light trespass, and obtrusive light;
[7] Curtail light pollution and reduce skyglow to create a healthy night-time environment for residents of Southborough

Appropriately regulated, and properly installed, outdoor lighting will contribute to the safety and welfare of the residents.

B. Applicability. Outdoor illumination by flood or spot luminaries rated at 900 lumens or more (which is approximately equal to one sixty-watt incandescent light bulb) or by any other luminaires rated at 1,800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) shall be subject to the provisions of this section, with the following exceptions:

[1] Emergency lighting;
[2] Hazard warning;
[3] Temporary decorative or holiday lighting;
[4] Public roadway illumination

It shall also not apply to any luminaire intended solely to illuminate any freestanding sign, flag or the walls of any building, but such luminaire shall be shielded so that its direct light is confined to the surface of such sign, flag or building.

[1] The replacement of existing fixtures shall be subject to the provisions of this section. Outdoor illumination that exists at the time of bylaw acceptance will be provided a grace period of five (5) years from date of inception to comply with this bylaw as described herein.
[2] The Planning Board, in performing review pursuant to § 174-10, Site plan approval, may determine that special circumstances of the site, context or design make an alternative lighting design at least equally effective in meeting the purposes of this section and, in such cases, may modify the requirements of this section.

C. Definitions. For the purposes of this section, the following terms shall be defined as indicated below. Although set forth here for convenience, the terms shall have the same effect as if in § 174-2 of this Bylaw.
BACKLIGHT - For an exterior luminaire is the 90-degree quarter-sphere located behind and below the light source. For luminaires with symmetric distribution, backlight will be the same as front light.

BUG RATING – A luminaire classification system that classifies backlight (B), uplight (U), and glare (G) per IES TM-15-11.
CORRELATED COLOR TEMPERATURE – A specification of the color appearance of the light emitted by a lamp, relating its color to the color of light from a reference source when heated to a particular temperature, measured in degrees Kelvin (K).
FIXTURE — The assembly that houses a lamp or lamps, and which may include a housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and/or a refractor, lens or diffuser lens.
FRONTLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located in front and below the luminaire.
FULL CUTOFF – A luminaire designed with an opaque shield surrounding and extending below the lamp, such that no direct light is emitted above a horizontal plane.
FULLY SHIELDED LUMINAIRE — A luminaire constructed and installed in such a manner that all light emitted by the luminaire, either directly from the lamp or a diffusing element, or indirectly by reflection or refraction from any part of the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part.
GLARE — Light entering the eye directly from luminaires or indirectly from reflective surfaces that causes visual discomfort or reduced visibility.
HARDSCAPE – Permanent hardscape improvements to the site including parking lots, drives, entrances, curbs, ramps, stairs, steps, medians, walkways and non-vegetated landscaping that is 100 feet or less in width. Materials may include concrete, asphalt, stone, gravel etc.
LAMP — The component of a luminaire that produces the actual light.
LED LAMP– (Light Emitting Diode) An electric lamp with a much longer lifespan than incandescent lighting and low energy consumption.
INDIRECT LIGHT – Light scatter caused by direct light being redirected from a surface.
LIGHT TRESPASS — The shining of direct or indirect light produced by a luminaire beyond the boundaries of the lot on which it is located.
LUMEN — A measure of light energy generated by a light source. One footcandle is one lumen per square foot. For purposes of this bylaw, the lumen output shall be the initial lumen output of a lamp, as rated by the manufacturer.
LUMINAIRE — A complete lighting unit (fixture), consisting of a lamp, or lamps and ballast(s) (when applicable), together with the parts designed to distribute the light (reflector, lens, diffuser), to position and protect the lamps, and to connect the lamps to the power supply
LUMINAIRE LUMENS - For luminaires with relative photometry per IES, it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.
MOUNTING HEIGHT - The height of the photometric center of a luminaire above grade level.
UPLIGHT - For an exterior luminaire is all of the light escaping above the luminaire.

D. Lighting Zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.
LZ0: No ambient lighting
Areas where the natural environment will be seriously and adversely affected by lighting. Impacts include disturbing the biological cycles of flora and fauna and/or detracting from human enjoyment and appreciation of the natural environment. Human activity is subordinate in importance to nature. The vision of human residents and users is adapted to the darkness, and they expect to see little or no lighting. When not needed, lighting should be extinguished.

Zoning Districts: Conservation and Research, Scientific & Professional
LZ1: Low ambient lighting
Areas where lighting might adversely affect flora and fauna or disturb the character of the area. The vision of human residents and users is adapted to low light levels. Lighting may be used for safety and convenience but it is not necessarily uniform or continuous. After curfew, most lighting should be extinguished or reduced as activity levels decline.

Zoning Districts: Residence A and Residence B
LZ2: Moderate ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.
Zoning Districts: Business Village

LZ3: Moderately high ambient lighting
Areas of human activity where the vision of human residents and users is adapted to moderately high light levels. Lighting is generally desired for safety, security and/or convenience and it is often uniform and/or continuous. After curfew, lighting may be extinguished or reduced in most areas as activity levels decline.
Zoning Districts: Business Highway, Industrial and Industrial Park

E. Total Site Lumen Limit. The total installed initial luminaire lumens of all outdoor lighting shall not exceed the total site lumen limit. The total site lumen limit shall be determined using the hardscape area and table below. For sites with existing lighting, existing lighting shall be included in the calculation of total installed lumens. The total installed initial luminaire lumens are calculated as the sum of the initial luminaire lumens for all luminaires.

Table 1: Allowed Total Initial Lumens Per Site for Outdoor Lighting by Hardscape Method

LZ-0	LZ-1	LZ-2	LZ-3
Conservation and Research, Scientific & Professional	Residential A and Residential B	Business Village	Business Highway and Industrial and Industrial Park
0.5 lumens per SF of hardscape	1.25 lumens per SF of hardscape	2.5 lumens per SF of hardscape	5.0 lumens per SF of hardscape

F. Correlated Color Temperature (CCT). All proposed LED shall have a correlated color temperature (CCT) between 2200K and 3000K.

G. Exterior lighting plan. Applications subject to the provisions of § 174-10, Site plan approval, shall submit a lighting plan which shall include the following information, except to the extent waived by the Planning Board. All other lighting not subject to the provisions of said § 174-10 does not require a lighting plan but shall meet the standards as set forth in this section, unless as may otherwise be provided herein. The lighting plan shall include the following information and comply with the regulations adopted pursuant to this bylaw:
[1] Location, orientation and type of outdoor luminaire, including the height of the luminaire, both existing and proposed;
[2] Type of lamp, such as metal halide, compact fluorescent, high pressure sodium, LED;
[3] Luminaire manufacturer's specification data, including lumen output, and other photometric data showing cutoff angles, as well as a description of all illuminating devices, fixtures, lamps, supports, reflectors, both existing and proposed; this may include, but is not limited to, catalog cuts and illustrations by manufacturers;
[4] Complete report of BUG rating data for all luminaires (if not already included in the manufacturer's specification data) calculated from photometric data (as per IES TM-15-11) showing compliance with the Planning Board Rules and Regulations for Outdoor Illumination;
[5] Photometric plan at ground level within the interior of the property and at the property boundaries that includes the Total Site Lumen Limit, Limits to Off Site Impact, Light Shielding, and for LED lighting, and the Correlated Color Temperature according to adopted regulations

H. Lighting Control Requirements. Automatic Switching Requirements Controls shall be provided that automatically extinguish all outdoor lighting when sufficient daylight is available using a control device or system such as a photoelectric switch, astronomic time switch or equivalent functions from a programmable lighting controller, building automation system or lighting energy management system, all with battery or similar backup

power or device. The Exterior Lighting Plan shall establish curfew time(s) after which total outdoor lighting lumens shall be reduced by at least 30% or extinguished. Lighting reductions are not required for any of the following:
[1] With the exception of landscape lighting, lighting for residential properties including multiple residential properties not having common areas.
[2] When the outdoor lighting consists of only one luminaire.
[3] Code required lighting for steps, stairs, walkways, and building entrances.
[4] Lighting under canopies, in tunnels, parking garages, and similar conditions.
[5] When in the opinion of the Planning Board, lighting levels must be maintained.
[6] Motion activated lighting.
[7] Lighting governed by special use permit in which times of operation are specifically identified.
[8] Businesses that operate on a 24-hour basis.

I. Community outdoor sports/recreational lighting requirements. These requirements are an exemption from the total site lumen limit based on hardscape metrics. Community outdoor sports or recreational facilities will be held to the IDA, IES criteria for outdoor sports lighting. On-field illuminance values will be determined by current IDA, IES set forth in the regulations adopted to implement the intent and purpose of this bylaw. Standard regulations include:

[1] Color, luminaire correlated color temperature (CCT) may not exceed 4000K;
[2] Other lighting, parking and concession area lighting will be considered a separate luminaire system and must meet the applicable lighting standards for the relevant lighting zones;
[3] Shut-off, curfew time shall be no later than 10:00PM (2200 hrs.)

J. Light Shielding for Parking Lot Illumination.
All parking lot lighting shall have no light emitted above 90 degrees from the installed vertical axis.

K. Flickering and flashing lights. No Flickering or flashing lights shall be permitted. Processes, such as arc welding, which create light flashes shall be confine within buildings or shielded to prevent either direct glare or flashing.

L. Absolute height. A luminaire attached to the exterior wall of a building or structure used for area lighting shall be mounted no higher than 15 feet above grade and shall be shielded to control glare. "Wall-pac" lighting fixtures are prohibited. Pole-mounted luminaires shall not exceed 20 feet in height.

M. Pole-mounted fixtures height limitation. Pole mounted fixtures shall not exceed the applicable pole-mounted height limitation of 20 feet for an approved fixture.

N. Lighting levels. Any luminaire with a lamp or lamps rated at a total of 1.800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) and all flood or spot luminaires rated at 900 lumens or more (which is approximately equal to one 60-watt incandescent light bulb) shall not emit any direct light above a horizontal plane through the lowest direct-light-emitting part of the luminaire. If any spot or flood luminaire rated 900 lumens or less is directed or focused such as to cause direct light from the luminaire to be cast toward residential buildings on adjacent or nearby land, or to create glare perceptible to persons operating motor vehicles on public ways, the luminaire shall be redirected or its light output controlled as necessary to eliminate such conditions. The Planning Board reserves the right to limit and regulate the amount of illumination on a project site between the hours of 10:00 p.m. and 6:00 as, while understanding the need for safety and security lighting.

O. Light trespass limitations. There shall be no light trespass by a luminaire beyond the property boundaries of the lot on which it is located, except as within a street right-of-way for which there shall be no limit.

; or do or act anything in relation thereto

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

Summary: *The article proposes to replace the current language in Section § 174-12.1 Outdoor illumination with new language to reduce blue lighting and increase public health based on recommendations from the American Medical Association and the International Dark-sky Association.*

ARTICLE 34: To see if the Town will vote to amend the Code of the Town of Southborough, Zoning Article III, by amending thereto Section § 174-10, entitled Site plan approval as marked below.

§ 174-10

Site plan approval.

[Amended 4-8-1985 ATM by Art. 39; 4-14-1986 ATM by Art. 48; 4-13-1987 ATM by Art. 43; 4-11-1988 STM
by Art. 4; 4-26-1990 ATM by Art. 41]

A. The purpose of the site plan review procedure is to encourage a desirable and compatible character of development within the Town of Southborough and to assure safety, promote logic, imagination and innovation in the design process while complying with all zoning requirements. The requirements of this section shall be applicable to the following:

(1) Any nonresidential development that results in an increase in on-site parking.

(2) All modifications to existing development projects which fall within the applicability of the Town's regulations for parking and loading (§ 174-12) or landscaping (§ 174-13).

(3) Any change in use or reactivation of a facility that has not been in use for a period of two years.

[Added 4-8-1996 ATM by Art. 51]

(4) Multifamily housing for the elderly. [Added 4-15-1997 ATM by Art. 56]

(5) Adaptive reuse of historic buildings. [Added 4-25-2017 ATM by Art. 30]

B. Site plan review will be processed by one of the following means:

(1) Minor plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds less than 2,000 square feet of floor area or which would require at least five but fewer than 20 parking spaces regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals less than 2,000 square feet shall be subject to minor plan review by the Planning Board ~~Site Plan Review Committee. The Site Plan Review Committee shall be chaired by the Town Planner and will consist of a Selectmen or its designee, Building Inspector, Highway Superintendent, Board of Health Agent, Superintendent of the Water Department, Police Chief and Fire Chief or their designee, who will meet at a regularly scheduled time and place to review plans.~~ The Planning Board ~~Committee~~ shall also seek the advice of the Conservation Commission in the review of all minor plan submissions.

[Amended 4-8-1996 ATM by Art. 51]

(a) ~~Minor plan review will require 10 copies of the site plan to be submitted to the office of the Planning Board, together with an application form and filing fee~~. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to the instructions on the application form. All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum:

[1] All existing and proposed buildings, including setbacks.

[2] Existing and proposed parking.

[3] Driveway openings.

[4] All property and street lines.

[5] Existing and proposed landscaping.

[6] Existing and proposed signs.

[7] Surfacing, indicating treatment of all surfaces.

[8] Location of all wetlands.

[9] Method of sewage disposal.

[10] Water supply.

[11] Stormwater drainage.

[12] Such other information as the Site Plan Review Committee may reasonably request.

(b) ~~Any dispute arising from the minor plan review process or any plan not receiving unanimous approval from the Site Plan Review Committee shall be referred to the Planning Board for action. The Committee may also refer any site plan that, due to unusual circumstances or a unique situation, it feels should be approved by the Planning Board. All site plans sent to the Planning Board by the Site Plan Review Committee for action will be handled through the minor plan review process.~~

~~[Amended 4-8-1996 ATM by Art. 51]~~

(c) Minor site plan review is not a public hearing. The Planning Board ~~Site Plan Review Committee~~ shall approve, or disapprove ~~or refer to the Planning Board~~ all submittals for minor plan review within 30 days of a completed application to the office of the Planning Board.

(d) Where applicable, all other criteria and conditions of this section will govern minor plan review.

(2) Major plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds 2,000 square feet or more of floor area or which would require 20 or more parking spaces, regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals 2,000 square feet or more shall be subject to major plan review by the Planning Board. The major site plan submission shall consist of the following elements:

DRAFT

[Amended 4-8-1996 ATM by Art. 51]

(a) Ownership, zoning, use and the general location of structure and topography within 300 feet of the property lines of the site or adjacent land contiguously owned with the site.

(b) ~~All site features, existing or proposed, including but not limited to the following~~ All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty- six-inch sheets and shall show, as a minimum, all site features, existing or proposed, including but not limited to the following:

[1] Driveways, including widths.

[2] Parking facilities, including dimensions thereof.

[3] Loading facilities.

[4] Service areas.

[5] Street line, including widths.

[6] Roadways, including widths.

[7] Pedestrian walks, including widths and types of surface.

[8] Landscaping designation, specific plantings.

[9] Screening.

[10] Signs, including proposed sizes, mounting heights, types and drafted design.

[11] Lighting, including plan location and detail information, size, type and wattage.

[12] Surfacing, indicating treatment of all surfaces.

[13] Existing trees on the site which are a caliper of six inches or larger.

[14] Wetlands.

[15] Drainage, including detailed design data, pipe sizing, etc.

[16] Stone walls.

[17] Topography at two-foot contour intervals.

[18] Sewage disposal, including detailed design information.

[19] Water supply.

[20] Curbing.

[21] Such other information as the Planning Board may reasonably request.

(c) The construction of the work as detailed on the site plan shall not deviate from the work shown

DRAFT

on the approved site plan. Accordingly, the site plan shall contain a sufficient level of detail to ensure the constructability of the project. Supporting details and documentation shall be presented as part of the site plan submission

(3) Incomplete applications for both the minor and major review shall not be accepted by the Planning Board. Following submission of a site plan to the Planning Board, the Board or its designee shall review the plan for completeness within three business days of the submission. Completeness shall be based on the requirements of the ~~this~~ respective subsections ~~for according to minor or major review~~. If the submission is determined incomplete by the Planning Board or its agent, notice will be provided ~~mailed~~ to the applicant ~~by certified mail~~ within three business days of the submission specifying the deficiencies.

C. The plans for minor or major site plan approval shall be prepared by a professional engineer, land surveyor, architect or landscape architect registered to practice in the Commonwealth of Massachusetts. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to the instructions on the application form. ~~and shall be submitted with 11 copies to the office of the Planning Board, together with an application form and a filing fee, if any.~~

D. Approval required.

(1) Site plan approval shall be granted upon determination by the Planning Board that the following are complied with. Any new building construction or other site alteration shall provide adequate access to each structure for fire and service equipment, ~~shall provide and~~ adequate provision for utilities and stormwater drainage consistent with the functional requirements of the Southborough Planning Board's Rules and Regulations for the Subdivision of Land, ~~and~~ shall be so designed that for the given location, ~~and~~ type and extent of land use, the design of building form, building location, egress points, grading and other elements of the development shall be so as to:

(a) Minimize the volume of cut and fill, the number of removed trees six inches in caliper and larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion and the threat of air or water pollution.

(b) Maximize pedestrian and vehicular safety and convenience within the site and egressing from it.

(c) Minimize obstruction of scenic views from publicly accessible locations.

(d) Minimize visual intrusion by minimizing the visibility of parking, storage or other outdoor service areas viewed from public ways or premises residentially used or zoned; minimizing glare from headlights through plantings or other screening; minimizing lighting intrusion through use of such devices as cutoff luminaires confining direct rays to the site; fixture mounting height not higher than 20 feet except adjacent to Route 9; and avoiding unreasonable departure from the character of buildings in the vicinity.

(2) The Planning Board shall adopt and from time to time amend reasonable regulations for the administration of these guidelines.

E. The Planning Board shall hold a public hearing on the application for major site plan approval, with a written notice of the time and place of said hearing being given the applicant and the Board of Selectmen. The applicant is responsible for sending this notice to the certified abutters by certified mail return receipt requested, at least 10 days before the scheduled hearing. The Planning Board shall not act on the

application until it has received and given due consideration to the recommendations of the Board of Selectmen or until 10 days have elapsed after the public hearing without receipt of the Selectmen's comments.

F. The Planning Board shall act on ~~an~~ complete application for major site plan approval and shall notify, in writing, the applicant, the Board of Selectmen and the Building Inspector of its action within 60 days of the receipt of the complete application. Failure of the Planning Board to so act and to notify the applicant within said 60 days shall constitute approval of the site plan. The actions allowed by the site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application notice and hearing will be required.

G. Any person aggrieved by the action of the Planning Board on a site plan approval application may appeal said action to a Court of competent jurisdiction in accordance with M.G.L. c.40A, Section 17.

[Amended 5-22-2018 STM by Art. 3]

H. Minor departures from the site plan as approved, may be authorized by the Building Inspector after approval of the Planning Board ~~Site Plan Review Committee~~ if required by engineering or other circumstances not foreseen at the time of plan approval. Any change increasing the size of any building or structure, changing the location of any building, parking or access road by more than 10 feet or reducing landscaping or screening may be made only through review by the Planning Board following the same procedures as for an original submittal. Any departure must be requested, in writing, with the basis for the change given. Any change authorized shall be recorded on the file copy of the site plan with the Building Inspector's signature and the date.

I. The removal, fill or change of grade of earth materials, including soil, loam, sand or gravel, undertaken in order to construct or locate buildings, structures and such features accessory thereto as ways, driveways, areaways, walks or parking areas, and therefore exempt from regulations under Chapter 85 of this Code, is a part of construction and development process regulated by the Zoning Chapter. Except as necessary for the construction of detached one- or two-family dwellings and of features accessory thereto, the removal, fill or change of grade of earth materials for the purposes defined above shall be subject to approval under this section. Where the commencement of removal, fill or change of grade of earth materials precedes construction by three months or more, the submission and approval of the site plan may be undertaken in two stages, with the information for the first stage limited to property boundaries, existing and proposed topography at two-foot or lesser contour intervals, the character of the soil to be removed, added or relocated, the location and depth of any service and drainage conduits or pipes and the approximate location of any existing or proposed buildings, structures or physical features accessory thereto. Each stage shall be treated as a separate site plan for the purposes of this section, and the approval of Stage 1 of a site plan shall not be construed to assure the subsequent approval of Stage 2.

J. Compliance. The issuance of an occupancy permit will not be given prior to the satisfactory completion of all elements and conditions of the approved site plan. A temporary occupancy permit may be issued after the satisfactory completion of all items essential to public health and safety and sufficient bonding acceptable to the Planning Board is provided to the Town to cover all outstanding items.

; or do or act anything in relation thereto.

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

ARTICLE 35: Increase FY18 article appropriation for Dipietri Field Repairs by $50,000

, or do or act anything in relation thereto.

Advisory Committee Recommendation:
Summary:

ARTICLE 36: To see if the Town of Southborough will vote to approve the Southborough Noise Bylaw proposal attached to this document, as amended, or do or act anything in relation thereto.

SOUTHBOROUGH NOISE BYLAW

1.1 Declaration of Policy

Whereas excessive sound can be a serious hazard to the public health and welfare and safety and the quality of life; and whereas a substantial body of science and technology exists by which excessive sound may be substantially abated; and whereas the citizens of Southborough have a right to and should be ensured an environment free from excessive sound that may jeopardize their health or welfare or safety or degrade the quality of life; now, therefore, it is the policy of the Town of Southborough (the "Town") to prevent excessive sound which may jeopardize the health and welfare or safety of its citizens and/or degrade the quality of life.

It shall be unlawful for any person to make, continue to make, permit or cause to be made or continued, any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities. Furthermore, it shall be unlawful for any person who has custody and control of the premises to allow or permit another person to make, continue or permit to be made or continued any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities within the limits of the Town of Southborough.

1.2 Definitions

Except as may be specified herein, acoustical terminology used throughout this Bylaw is that approved as American National Standard Acoustical Terminology [ANSI S1.1-1994] by the American National Standards Institute (ANSI). The following words, phrases and terms as used in this Bylaw shall have the meanings as indicated below:

A. BACKGROUND SOUND LEVEL shall mean the sound level associated with a given environment, being a composite of sounds from all sources excluding the alleged offensive noise, at the location and approximate time at which a comparison with the alleged offensive noise is to be made.

B. CONSTRUCTION shall mean those activities requiring a building permit, and shall also include any site preparation, cemetery burial and caretaking operations, seismic surveys grading, assembly, erection, substantial repair, alteration, or similar action, including demolition, for or of public or private rights-of-way, structures, utilities or similar property.

C. The abbreviation dBA shall mean the A-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals. The abbreviation dBC shall mean the C-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals.

D. EMERGENCY VEHICLE: shall mean any vehicle operated in an effort to protect, provide or restore public safety, including, but not limited to, ambulances, police vehicles and fire vehicles.

E. EMERGENCY WORK: shall mean any work performed in an effort to protect, provide or restore public safety, or work by private or public utilities when restoring utility service or any work performed for the purpose of preventing or alleviating the physical trauma or physical damage threatened or caused by an emergence – an occurrence or set of circumstances involving actual or imminent physical trauma or property damage.

F. ENFORCING PERSON: shall mean any police officer, building official or public health official of the Town or any other Town employee designated by the Town Manager for this purpose.

G. IMPACT DEVICE: shall mean a construction device in which or by which a hammer, meaning a moving mass of hard solid material, is mechanically by means of a working fluid or compressed air caused to repetitively impact upon and transmit kinetic energy to a tool. The tool may be included as a part of the device, as in the case of a moil on a paving breaker or the drill steel of a jackhammer, or it may be a mass to which the impact device is temporarily connected as in the case of a pile and pile driver. Examples of impact devices are pile drivers, paving breakers, power impact hammers, impact wrenches, riveters and stud drivers.

H. INTRUDING NOISE: shall mean the total sound level created, caused, maintained by, or originating from an alleged offensive source at a specified location while the alleged offensive source is in operation.

I. PERSON: shall mean a person, firm, association, co-partnership, joint venture, corporation or any entity recognized by applicable law, public or private in nature.

J. SOUND LEVEL: shall mean the instantaneous A-weighted sound pressure level, in decibels, (dBA) as measured with a sound level meter set to the "A" weighting scale, slow response. On the decibel scale a sound level increase of 10 means the sound is 10 times more intense or powerful.

Decibel levels of some common activities are listed below:

DRAFT

Sound Level - dB	Source
50 - 65	normal conversation
60 - 65	laughter
70	hair dryer, vacuum
V Increasing risk of hearing loss V	
80	garbage disposal
85 - 90	lawnmower
100	garbage truck
120	walk behind leaf blower
130	jet takeoff/landing
145	fireworks

K. SOUND LEVEL METER: shall mean an instrument meeting American National Standard Institute's (ANSI) Standard S1.4-1983 for Type 1 or Type 2 sound level meters or an instrument and the associated recording and analyzing equipment, which will provide equivalent data.

1.3 **Designated Noise Zones**

The properties hereinafter described are hereby assigned to the following noise zones:

NOISE ZONE I: All properties utilized as residential uses in accordance with the Town of Southborough Zoning Bylaws and the grounds of any school, hospital or similar health care institution, house of worship or library while the same is in use, and any Cemetery or Open Space.

NOISE ZONE II: All other property used in accordance with the Town's Zoning Bylaw.

1.4 **Exterior Noise Standards**

It shall be unlawful for any person at any location within the area of the Town to create any loud noise, or to allow the creation of any noise, on property owned, leased, occupied or otherwise controlled by such person, which causes the sound level when measured on complainant's property to exceed the greater of:

A. The maximum allowable exterior sound level outlined in Table I; or

B. Five dB over the background sound level.

Table 1. Maximum Allowable Exterior Sound Level		
Noise Level	Daytime level 7:00 AM to 10:00 PM	Nighttime level 10:00 PM to 7:00 AM
I	60 dBA	50 dBA

II	70 dBA	65 dBA

If the intruding noise source is continuous and cannot reasonably be discontinued or stopped for a time period whereby the background sound level can be determined, the measured sound level obtained while the source is in operation shall be compared directly to the maximum allowable exterior sound level outlined in Table I.

1.5 **Construction Noise Standards**

A. Noise associated with construction is permitted between 7:00 AM and 6:00 PM on weekdays and 9:00 AM and 5:00 PM Saturdays provided the sound level from:

1. Non-impact devices do not exceed 70 dBA as measured over a time interval of 1 minute with the sound meter set to slow located on any other property, but at least 50 feet from the construction activity;

2. Impact devices does not exceed 90 dBA as measured with a sound level meter set to slow response located on any other property, but at least 30 feet from the construction activity.

B. Between the hours of 6:00 PM and 7:00 AM on weekdays and Saturday, noise associated with construction, shall be limited by the standards of Section 1.4.

C. Construction activities shall not be allowed on Sundays or legal holidays.

1.6 **Maintenance Noise Standards**

A. Noise associated with maintenance is permitted between 7:00 AM and 6:00 PM on weekdays, 8:00 AM and 6:00 PM on Saturdays and between the hours of 9:00 AM and 6:00 PM on Sunday, provided the sound level does not exceed 70 dBA as measured with a sound level meter set to slow response on any other property, but at least 50 feet from the maintenance;

B. Between the hours of 6:00 PM and 7:00 AM on weekdays, 6:00 PM and 8:00 AM on Saturday and between the hours of 6:00 PM and 9:00 AM on Sunday or a legal holiday, noise associated with maintenance, shall be limited by the standards of Section 1.4.

1.7 **Commercial Trash Collection and Deliveries or Pick-up**

A. The operation of commercial trash compactors or collection of trash, rubbish, refuse or debris, which generates noise in excess of the criteria given in Section 1.4 at any point of public or common pass-by between the hours of 7:00 PM and 7:00 AM is prohibited.

B. Deliveries or pick-ups for commercial or business purposes between 10:00 PM and 6:00 AM are prohibited unless the noise level of such deliveries or pick-ups in nearby residential areas does not exceed the noise criteria listed in Section 1.4.

1.8 **Motor Vehicles or Motorcycles**

Motor vehicles or motorcycles operated on public ways in the Town of Southborough or in any place where the public has the right of access as invitees or licensees may not exceed a maximum sound level of

DRAFT

85 dBA. It is also in violation of the Bylaw to operate a motor vehicle or motorcycle without a sound-limiting device connected to the exhaust system. This prohibits so-called "straight pipe" exhaust systems. This section shall not include screeching sounds emitted from emergency braking. Measurement for the purposes of this Section shall be at a distance of 36 inches from the noise source.

1.9 **Special Provisions**

Noise associated with the following activities shall be exempted from the provisions of this Bylaw:

A. Emergency work or emergency vehicles.

B. The operation of any vehicular alarm provided it terminates within 15 minutes of the initially recorded complaint.

C. Occasional outdoor gatherings, public dances, shows, and sporting and entertainment events provided said events are conducted pursuant to a permit or license issued by the appropriate jurisdiction relative to the staging of said events.

D. The intermittent or occasional use, during the daytime, of homeowners' light residential outdoor equipment

E. Snow removal performed by snow blowers, snow throwers or snow plows when appropriately outfitted with a muffler.

F. Any activity to the extent regulation thereof has been preempted by Town, State or Federal Law or by agreement between Town, State or the Federal Government.

1.10 **Prima Facie Violations**

Any measured noise exceeding the sound level standards as specified in Sections 1.4 through 1.10 may be deemed by the enforcing person to be prima facie evidence of a violation of the provisions of this Bylaw.

1.11 **Penalties for Violations**

A. Violations under Article 1, in the discretion of the enforcing person, may be enforced by non-criminal disposition as provided in MGL Chapter 40, Section 21D.

B. The penalty for a violation under this Bylaw shall be $100 for a first offense, $250 for a second offense, $500 for a third offense, and for each succeeding offense each day or part thereof shall constitute a separate offense.

DRAFT

Article TBD: To see if the Town will vote to adopt as Chapter 9, Article IX 1 through 2 of the Town bylaws, the following:

Article IX Accessibility Compliance Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public, whether or not having a disability. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

These requirements, which are increasingly important due to demographic changes and public awareness, necessitate a coordinated approach to monitoring and increasing the Town of Southborough's compliance. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be an Accessibility Compliance Committee ("ACC"), which shall consist of no more than five voting members appointed by the Board of Selectmen, and the non-voting ex-officio members identified below.

Each voting member shall be a registered voter in the Town and shall not be a Town officer or employee.

The Board of Selectmen shall appoint an Accessibility Compliance Coordinator ("Coordinator"), in consultation with the ACC. The Coordinator, under the direction of the ACC, shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned. The Coordinator may be a Town officer or employee and need not be a resident.

The Building Commissioner and Coordinator shall be ex-officio members of the ACC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided among one and two year terms, so as to establish overlapping terms.

§9.34.C Organization

The members shall select, from among themselves, a Chairman and a Secretary.

§9.34.D Funding

The ACC shall have a budget for consultants and other expenses. It shall submit its projected expenses to the Town's regular budget process. Any expenditures from its budget shall require a majority vote of the ACC, and be subject to the Town's policies for such expenditures.

§9.35 Functions

The duty of the ACC shall be to monitor and increase the Town of Southborough's compliance with all laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public, whether or not having a disability.

In consort with town officers, departments, and other government entities: the ACC shall endeavor to assure that all town citizens, whether or not having any disability, have equal access to:

- Town Government offices and communications
- Public and commercial buildings
- Programs
- Goods and Services
- Transportation
- Telecommunications, including the Internet
- Recreational programs

The ACC shall review existing and proposed facilities, programs, and projects undertaken by the Town of Southborough, and shall notify the responsible official or entity of any inadequacies. The ACC may request other Town officials, committees, departments, and/or entities to provide input to these reviews.

The ACC may undertake public outreach and advocacy for accessibility in the Town.

From time to time, the ACC shall report to the Board of Selectmen and the Town Meeting on its activities and findings.

The ACC shall provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program. The ACC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising concerns shall be confidential, unless confidentiality is waived by such person.

Subject to available funding, the ACC shall have the authority to engage consultants to evaluate the technical aspects of facilities and/or projects.

or act or do anything in relation thereto.

Proposed by: The Accessibility Compliance Committee (Formerly "ADA Committee")
Board of Selectmen Recommendation: TBD
Advisory Committee Recommendation: TBD
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

TOWN OF SOUTHBOROUGH

OFFICE OF THE TOWN CLERK

EARLY VOTING NOTICE

Presidential Primary Election
March 3, 2020

Early Voting for the Presidential Primary Election will be held at the Southborough Town House, 17 Common Street, Southborough, MA during the following times:

February 24	8:00 AM - 7:00 PM
February 25	8:00 AM - 7:00 PM
February 26	8:00 AM - 7:00 PM
February 27	8:00 AM - 7:00 PM
February 28	8:00 AM - 12:00 PM

Voters unable to vote during Early Voting or at the election on may request an absent ballot be mailed to them.

Please contact Town Clerk Jim Hegarty if you have any questions.

To: Board of Selectmen

From: Chief Kenneth M. Paulhus

Subject: Officer Austin Chapski

Date: January 8, 2020

Dear Board of Selectmen:

I am requesting approval to move Student Officer Austin Chapski to Probationary Officer effective February 15, 2020, upon his successful graduation from the MPTC Academy on February 14th.

His pay status will change from $700.00 per week to PS-7, Step 1, $969.69 per week per Union Contract.

Please contact me with any questions you might have.

Subject: BORO'S Citizens Police Academy

Date: January 13, 2020

Dear Board of Selectmen:

Please consider my request to hold a Citizens Police Academy to start sometime in late March or early April. The event will run for approximately eight consecutive weeks, and will partner with the Towns of Northborough and Westborough to form the first ever BORO'S CPA.

As I'm sure you are aware, Citizen Police Academies have been very successful across the country in building relationships, and a more in depth understanding of the police profession. The last session conducted by the Southborough Police was in 2018, and proved to be highly successful. The Academy will be under the direction of one officer selected from each community. Classes for the first year will be held in the new Southborough Public Safety Building Training Room. All waiver forms have been previously reviewed by Town Counsel for approval.

Please contact me if you have any further questions or concerns.

Subject: Full-Time Student Officer Appointment

Date: January 8, 2020

Dear Board of Selectmen:

Please consider my recommendation to appoint Mr. Jeffrey Norton as a Full-Time Student Police Officer, effective on February 24, 2020. This classification will last until his graduation from the MPTC Boylston Police Academy, at which time he will transition to a Probationary Officer. Mr. Norton was extended a Conditional Offer as a Student Officer on 10/29/2019, with a start date TBD.

Mr. Norton holds a Bachelor of Arts in Marketing from Johnson & Wales University. He is a resident of Hopkinton. His employment history, background check, and interviewing skills reflect a high level of communication, and community policing skills.

Jeff will be stepping down from his current part-time assignment as a Telecommunications Officer with the Southborough P.D. to accept the position made possible by the resignation of Sergeant Richardson.

His salary will be $700.00 per week per the Union Contract for a Student Officer which will end when Mr. Norton becomes certified as a Police Officer upon graduation from the MPTC. He will transition to Step 1, Full-Time Probationary Officer, per Union Contract.

Please feel free to contact me with any further questions you might have.

Subject: Part-Time Telecommunications Officer/Dispatcher

Date: January 13, 2020

Dear Board of Selectmen:

Please consider my recommendation to appoint Ms. Stephanie Fontaine as a Part-Time Telecommunications Officer with the Southborough Police. The Department is looking to expand the number of P/T Staff in order to fill open shifts.

Ms. Fontaine is an Upton resident. She has a long history of employment in customer service, and currently holds certifications from Next Gen 911, and the Association of Public Safety Communications Officials (APCO).

Her appointment would be of great benefit to the Southborough Police Department. Her starting date will be determined shortly after successful completion of a number of screening checks, and the Boards approval.

The recommended pay rate would be Grade 3 of the SAP, $21.00 per hour. Please feel free to contact me with any questions you might have.

Southborough, MA 01772

January 14, 2020

Re: Appointment of Mr. Keith L. Ackley to the Board of Registrars of Voters

Dear Mr. Shea:

I am writing to request that the Board of Selectmen appoint Mr. Keith L. Ackley to the Southborough Board of Registrars of Voters for a term to expire on 6/30/20. This will fill the vacancy created when Mr. Jacob J. Walter resigned on December 15, 2019. Both Mr. Ackley and Mr. Walter are registered republicans.

Mr. Ackley has been a resident of Southborough since 1993 and currently resides at 2 Reservoir Drive.

The requirements of General Laws, Ch. 51, §15 regarding notification to the chairs of the Southborough Democratic and Republican Committee were met.

The current composition of the Southborough Board of Registrars of voters is:

Name	Party Affiliation	Term Expires
James F. Hegarty	Democrat	ex-officio
Tomsaz Kierul	Democrat	6/30/22
Tracey D. Navaroli	Republican	6/30/21
Vacant		6/30/20

Sincerely,

James F. Hegarty

RE: Legal Opinion Request, Procedure for EDC Zoning Bylaw Amendment, M.G.L. c.40A, Section 5, TCO No. 20-3089

Greetings Madam Selectperson,

We acknowledge an opinion request relative to the procedure for a Zoning Bylaw amendment related to the submittal of an overlay district bylaw change entitled Village Mixed Use District ("VMUD") by the local Economic Development Committee ("EDC").

Several procedural issues have been raised about the submittal and the public hearing process for Zoning bylaws.

For the purpose of this legal response, we furnish the following general procedural analysis for zoning amendments regulated by M.G.L. c.40A, Section 5, as amended.

Section 5 of the Zoning Act regulates adoption or change of zoning bylaws in towns and sets forth a procedure for such adoption or change.

The proposal shown in the warrant appears to be a change by inserting a VMUD as an overlay for the established Downtown Village District.

Per the statute, any change in the Zoning Bylaw can only be commenced by submission to a Board of Selectmen of a proposed amendment. There are only several qualified individuals or entities to advance such amendment.

- A Board of Selectmen;
- A Board of Appeals;
- Individual owning land to be effected by the change;
- A petition of registered voters pursuant to statutory procedure (M.G.L. c.39, Section 10);

- A Planning Board;
- Regional Planning Agency;
- Other methods provided by municipal charter. NOTE: Southborough does not have such municipal charter.

A Board of Selectmen shall, within fourteen (14) days of receipt of the Bylaw amendment, submit the proposal to the Planning Board for review.

An EDC is not a qualified entity to submit a Zoning bylaw amendment and no entity can submit such a change under the name of the Board of Selectmen without the Board's review and approval.

The Board of Selectmen, apparently, is being asked to assume a dual role in this matter (i.e. accept the proposal for Town Meeting review and sponsor the article).

Section 5 goes on to indicate that no Zoning Bylaw amendment shall be adopted until after the Planning Board has held a public hearing at which interested persons shall be given the opportunity to be heard. This specifies the very fundamentals of a fair statutory public hearing.

The statute also sets forth the procedural time and notice requirements for such public hearing, all well known and established in Southborough.

Subsequently, no vote to adopt the Zoning Bylaw amendment shall occur until a report with Planning Board recommendations has been submitted to the Town Meeting or twenty-one (21) days after said public hearing have lapsed without a report. Thereafter, Town Meeting, as the legislative body, may act on the amendment by adoption, rejection or further amendment. [1]

The statutory vote required is two thirds of the Town Meeting as the legislative assembly.

Finally, the effective date of the amendment is the date of which the amendment was voted on by the Town meeting.

In conjunction with this brief, procedural outline, we have been asked to address five questions as follows:

1. "If the Board of Selectmen did not submit the proposed bylaw, is the process valid?"

It is valid only if another qualified individual or entity specified under the statute did. It is unclear how the Overlay District draft was inserted in the warrant and whether some letter of explanation was furnished by the EDC. No agency can compel a Board of Selectmen to insert a warrant article or compel the Board to sponsor such article.

Only citizen petitions qualify for unbridled submission. NOTE: Upon a review of the substance of the amendment, it appears that the draft does not contain criteria for the grant of a special permit or even contain cross reference to the existing provisions under the current Southborough Zoning Bylaw, Section 174-9 or state statute criteria for special permits pursuant to M.G.L. c.40A, Section 9. This is a substantial defect. See Section XX.4.2, Special Permit reference, without criteria. See also Section XX.5.1 with reference to a Special Permit.

[1] Such amendment must be within the four corners of the article which is broadly construed.

2. "How can a public hearing be scheduled without having the document nor submitted by the Board of Selectmen? Is this legal?"

Specifically, the Town must have the text published for a statutory compliance. An explanation is also needed for the amendment by the EDC to the Board of Selectmen. A vote for actual Board of Selectmen sponsorship is also needed.

3. "How could the Board of Selectmen had not seen, reviewed or discuss nor approved the document to be submitted for public hearing? A violation of c.40A, Section 5?"

If this question suggests that the draft has been advanced for public hearing before the Planning Board, under the Board of Selectmen, without its approval, then, this is a procedural defect inconsistent with the intent of Section 5.

4. "Also, I would like to know about the integrity of the document submitted on Friday. If a member of the public goes to the Town House and requests a copy, can that document be changed before public hearing?"

It is not clear as to who would change the text prior to the subsequent Planning Board hearing. By way of example, if the Board of Selectmen received the draft for proper review, then it is possible to conduct a public hearing to discuss form and content to see if the Board will sponsor as a qualified statutory entity. Although not required by statute, the Board of Selectmen could conduct this as an initial public hearing or public meeting, with or without citizen input.

5. "Do any of these concerns, if not addressed, have the potential to create an appeal situation with either the reviewing body for the state or create an appeal situation with a future development?"

Any defect in statutory procedure would be flagged as a defect by the Attorney General which may result in it being disapproved and ministerially remanded for further Town Meeting action. Also, there is a little known ninety (90) day appeal right under M.G.L. c.40A, Section 17 to claim invalidity by procedural defect within such time after filing with the Town Clerk. Some aggrieved party could try this statutory approach.

As needed, we are able to discuss this in more detail.

Very truly yours,

Aldo A. Cipriano, Esq.
Town Counsel

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, January 7, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Daniel Kolenda, Sam Stivers, Lisa Braccio, Town Administrator Mark Purple
Absent: Lisa Braccio left the meeting at 8:03 P.M.

I. Chairman Shea called the meeting to order at 6:30 P.M.

II. **Scheduled Appointments**

HEARING 6:30 PM: Application for Class II License, Southborough Auto Sales Inc. d/b/a Direct Auto Mall.com; 251 Turnpike Road

At 6:30 P.M. Chairman Shea opened the public hearing and Mr. Purple read the legal notice into the record. Marcio Vasconcelos told the Board that as the owner of Direct Auto Mall.com in Framingham, he would like to open a second location at 251 Turnpike Road in Southborough. Mr. Healey asked how long they have been in business in Framingham and Mr. Vasconcelos stated he has been in business in Framingham for twenty years. He added that his inventory plan for operation in Southborough is very similar to the current operation in Framingham which consists of lightly used car sales with the employment of about ten people. Mr. Stivers asked if there will be repair work done at this location. Mr. Vasconcelos stated there will be repair work for their sales and the public. Chairman Shea opened the hearing for public comment and there was none. At 6:33 P.M. Chairman Shea made a motion to close the public hearing. Mr. Healey seconded. The motion passed all in favor (5-0-0). Mr. Kolenda made a motion to approve the application for a Class II License to Southborough Auto Sales Inc. d/b/a Direct Auto Mall.com at 251 Turnpike Road. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

Appointment of Officer Michael Whelan to Police Sergeant

Mr. Purple told the Board they have a recommendation in their packet from Chief Paulhus for the promotion of Michael Whelan to fill the open position of Police Sergeant left vacant after Sergeant Richardson resigned. Mr. Purple stated he fully supports the recommendation from the Chief.

Chief Paulhus said he was very proud of the fine men and women of his department and referenced several instances over the past six months where they sacrificed time with their family to serve and protect the Town. He acknowledged the families of his officers. Chief Paulhus asked the Board to accept his recommendation of Officer Whelan for the open sergeant position. He gave a background of Officer Whelan's experience which includes his eight-year tenure with the Department, two lifesaving awards, becoming a member of the regional SWAT Team (CEMLEC) and his numerous letters of commendation throughout his career with the Southborough Police Department. Mr. Healey made a motion to approve the appointment of Officer Michael Whelan to Police Sergeant. Mr. Kolenda seconded. The motion passed all in favor (5-0-0). The Town Clerk swore Sergeant Whelan into his role. His father, retired Carlisle Police Sergeant Tom Whelan, pinned him with his new Sergeant badge.

Liz Kesselman, Taxation Aid Committee – update

Ms. Kesselman listed the names of the other committee members and described how the they reevaluated their purpose to be relevant to current times. She explained that disabled or elderly residents who lived in Town for five years or more could qualify for taxation aid. She added that applications are due by the end of February. Ms. Kesselman told the Board that the trust is funded completely by donations. She said there is $30,000 in the trust currently and the committee would like help advertising this assistance. She stated there have not been many applications and the committee will reevaluate donation needs dependent on the amount of applications submitted this year. Mr. Ballantine clarified that since he has worked for the Town, there has only been one applicant. Mr. Kolenda asked where the applications could be found and Ms. Kesselman responded that the link to the application and information is on the Town website. Mr. Ballantine added that a flier was included in the real estate bills that outlined multiple Town services including the taxation aid. Mr. Healey asked if the Town chose to fund this solely on donations or if it was a legal obligation. Mr. Ballantine replied that he inquired with the DOR and found that this could not go to town meeting and is still looking into whether businesses could be solicited for donations. Mr. Healey asked about the five-year resident requirement. Mr. Ballantine stated it is not a requirement from the DOR. Ms. Kesselman added that language was added to enable the committee to make exceptions on this item. Mr. Healey stated he was in support of the Taxation Aid Committee and reevaluating the process after this year. Ms. Braccio asked the cutoff date for applications for 2020. Ms. Kesselman stated Friday, February 28th. Ms. Braccio suggested the committee reach out and educate at the Senior Center and Mr. Stivers suggested the same for Youth and Family Services. Ms. Kesselman agreed.

III. Public Comment

Marguerite Landry (134 Deerfoot Road) and Denise Eddy (128 Deerfoot Road) explained to the Board that they sent a letter in August regarding the concerns of erosion and other issues with the Brendon Homes construction sites across the street. Ms. Landry further explained the erosion and water coming onto Deerfoot Road from the Brendon Homes residences. She told the Board they have been to the Planning Board and Conservation Commission and both stated they did not have jurisdiction. Ms. Landry and Ms. Eddy has been working with the DPW and were told they would be putting in catch basins on Deerfoot Road and a 200-year-old red oak tree would need to be removed. They explained their concerns with the removal of the tree and felt too many trees were being removed for these projects. They said they were hiring their own arborist to test the tree for disease just as the DPW had before they removed it. Ms. Eddy stated she would like to see more regulations regarding when and how trees in Town are removed. Chairman Shea asked if the developer had a response to these complaints. Ms. Eddy stated the developer does not think there is a problem but when there is a rainstorm it is hazardous. Mr. Kolenda asked Chairman Shea to coordinate a meeting of all involved include the developer, the DPW and residents. Chairman Shea agreed to do so. Ms. Braccio asked to see the response from the Conservation Commission. Chairman Shea agreed. Mr. Healey asked that this topic be put on a future agenda to address his questions, medium- and long-term issues and the more immediate issue of safety issues in the winter. Mr. Stivers asked for Town Counsel to opine on the process for Town tree removal. He said there needs to be more clarity on M.G.L. Chapter 40 Section 15 where it states Planning Board approval is required for tree removal. He asked this topic be added to the next agenda. Mr. Purple said he has already reached out to Attorney Cipriano and he hopes to hear back soon. He added that he will reach out to the concerned Deerfoot Road residents when this topic is on the agenda.

Lisa Dunderdale (22 Deerfoot Road) stated she received seventy-five signatures to bring a citizens' petition to town meeting for a noise bylaw. She asked how to schedule a public hearing to inform residents. Chairman Shea explained how to submit the draft bylaw and signatures to Mr. Purple and the Selectmen's Office. Mr. Stivers stated that the Advisory Board will discuss all warrant articles at a future meeting and there will be opportunity for public participation. Mr. Purple told Ms. Dunderdale the language she would need to include in her article to enable for motions and amendments to be made to modify the article at town meeting.

Continued discussion of FY2021 budget

Mr. Purple stated the information provided includes the requests from the last meeting and gives a perspective on the budget for 2021 and impact over the next five years. Mr. Ballantine asked the Board for feedback on the draft budget and noted that there are still undetermined factors including health insurance and the school budget. He added that an important issue is that the estimates for the next five years based on current capital brings the town in the red and against the levy after fiscal year 2021. Mr. Ballantine stated he and Mr. Purple request the Board make department heads aware that there will not be the same support for services in the upcoming years due to the budgetary challenges over the next five years. He stated that the issues have arisen mostly due to capital projects that have been approved at town meeting but not yet started. Mr. Healey asked for a list of these projects. Mr. Ballantine agreed to provide the list. Mr. Healey suggested delaying the capital projects. Mr. Ballantine suggested other options such as manipulating the bonding and scheduling to alleviate some of the budget burden. Mr. Stivers suggested building in the fee for the transfer station capital project into the transfer station stickers. Mr. Stivers asked if the Advisory Board has reviewed the draft budget. Mr. Ballantine said they are in the process of doing so and he expects they will request another version of a draft budget. Mr. Purple stated that the latest draft budget shows an increase of 4.4% instead of the 5.6% presented at last meeting. He added that the reduction to 4.4% is the best-case scenario if the Board wanted to support that level of service.

Ms. Braccio stated the bigger problem is sustainability and said the residents cannot continue to be taxed at an additional 4.46% with little revenue increases. She said she understands there are needs and services that are expected but looking at next year when the town is already in the red, there must be more to potentially cut. Mr. Purple stated that in fiscal year 2022 there will no longer be levy a to address deficits and there had not been substantial building in Town since 2014, Southborough will be against the levy limit. He said fiscal year 2022 is when the bond rating could be in jeopardy due to the lack of levy capacity.

Mr. Kolenda asked if Mr. Ballantine reviewed the budget items that have stayed constant over the years and Mr. Ballantine said he had not but will. Mr. Kolenda requested the budget for the Open Space Preservation Committee be reduced from $2,000 to $1,500. He requested the $500 savings be allocated to Youth and Family Services. Ms. Braccio and Mr. Stivers disagreed. Ms. Braccio said she was not in favor of comparing the needs of boards and committees against each other but would like to hear their presentations and discuss.

Mr. Healey stated that an effective exercise used when he was on the Advisory Committee was to present a draft budget that showed no future deficits. He stated it was beneficial to the Town to understand it can be done and the concessions that may need to be made to execute. He requested Mr. Ballantine create a draft budget scenario that showed no budget or levy deficits. Ms. Braccio would also like to see this. Mr. Kolenda stated he felt it was irresponsible to defer

capital expenses without analysis. He gave examples of how deferring projects or equipment could be more expensive in the future. Mr. Stivers agreed and highlighted the risk of putting off maintenance only for maintenance costs to increase the next year. He added that the Town has the ability to think about exclusions and overrides as a relief. He said it is an option and not something the Town should use often.

Mr. Healey stated it is important to know exactly what is driving these numbers in order to understand the best avenue to address the budget and requested a budget without any red line items. Chairman Shea agreed and said individually every request can have a strong case as to why they need additional funds. He added that he does not want to be in a situation where jobs are added now but need to be cut in the near future due to deficits. He stated the decisions being made for the budget need to be sustainable. Mr. Purple stated the timeline for posting the final signed warrant at the February 18th meeting. Mr. Healey asked when the Board will be sitting with the Advisory Committee to review the budget. Mr. Purple said he will send a scheduling email to set a date. Mr. Kolenda stated there will be scheduling issues during February vacation. After some discussion, it was agreed that the February meetings will be held on the 11th and the 25th.

Ms. Braccio left the meeting at 8:03 P.M.

IV. Reports

Chairman's Report

Chairman Shea facilitated a discussion regarding proposed dates and it was decided that office hours will be held January 14th and 18th, February 18th and March 10th and 24th. Chairman Shea requested the Board send their hours of availability to Ms. Hale.

Chairman Shea stated that at the January 21st meeting, the Board would need to start finalizing language on the proposed Accessibility Committee for the Town Meeting Warrant. He asked that members with comments on the latest version send them to Mr. Purple by the close of business Wednesday of next week. Mr. Purple agreed to compile comments and suggestions from Board members for the January 21st meeting packet. Mr. Purple added that he has reached out to those who have submitted articles for the town meeting warrant to have their draft language sent to him by Friday for review by Town Counsel.

Chairman Shea asked Mr. Kolenda to speak about his suggestion to honor and recognize former selectman Brian Shifrin. Mr. Kolenda stated that Mr. Shifrin was a wonderful person who dedicated his personal time the benefit of Southborough. He reiterated his thoughts shared from a previous meeting that the Shifrin Family is the profile of courage and he felt it appropriate to honor Mr. Shifrin. He noted Mr. Shifrin's love and dedication to the men's softball league and suggested Mr. Purple speak to the Choate Trustees for approval to dedicate the softball diamond in Mr. Shifrin's name. He added that the Board reach out to his family for ideas and approval. Mr. Purple agreed to do so.

Chairman Shea gave condolences to the family of John Bartolini who was a twenty-three-year veteran, a World War II Veteran, and a member of the Board of Health who passed away this week.

Member's Report

Mr. Stivers stated that at the Planning Board meeting the previous night, they approved the St. Mark's dormitory. He said it was a great example of collaboration and both the Planning Board and St. Mark's School commented on the value of collaborating with the Open Space Preservation Committee.

Mr. Stivers invited residents to attend the Public Works Planning Board meeting Wednesday night to participate in a discussion regarding the Complete Streets Policy. He described the discussion as a comprehensive look at users of roadways, trails, transit systems and more which could open the door for grant funds for transportation in Southborough. Mr. Stivers informed the public that the draft policy will be available before the meeting and Representative Dykema and Senator Eldridge will be present.

Town Administrator's Report

Mr. Purple commended Brian Ballantine and Tom LaFlamme for their work in receiving two grants for the Town. The first is a Community Compact IT Grant for $17,000 for new budgeting software. He noted that this was a budget item that has been removed since being awarded the grant. Mr. Purple praised Mr. LaFlamme for applying for and receiving an $81,000 IT grant from the State to expand the Town's fiber network. He stated that with these funds, the fiber network has been extended to the Arts Center, DPW, and Cemetery buildings.

Mr. Purple informed the Board that the State closed out fiscal year 2019 and added an additional $20 million to Chapter 90 appropriations. He added that the new appropriations for fiscal year 2020 is $478,599 which is an increase in funds available to the Town for roads and transportation improvement.

Mr. Purple informed the Board he received a letter from Attorney Robert Cohen addressed to the Board requesting they join the litigation and opine on the challenging of Framingham's decision to site a marijuana cultivation and processing facility at 1062 Edmands Road, Framingham. Attorney Cohen wrote that his office represents abutters to and other landowners in the Town of Southborough in opposition to this project. Mr. Kolenda stated he had no interest involving the Board in another town's politics. Mr. Healey stated he was interested in the opinions of the Southborough residents. Mr. Stivers stated that this could be related to the traffic issue already discussed at Pine Hill Road. Mr. Healey stated that if the issues are outside of that, he would like to hear from the residents. Chairman Shea stated that because the Board was not part of the conversation or privy to any presentations, he does not want to get involved. Mr. Healey agreed but would like to hear the concerns from the Southborough residents. Mr. Purple stated he will follow up with Attorney Cohen.

Mr. Purple stated that Karen Wheeler (9 Darlene Drive) reached out to request the resurrection of the Green Technology Committee. He stated that once the committee received Green Community Status for Southborough, it ceased its work. Ms. Wheeler would like the Board to opine if there is interest in reconstituting the committee. Chairman Shea and Mr. Healey stated it was worth pursuing. Mr. Stivers stated he thought it was a good idea but could be challenging to find volunteers and suggested Ms. Wheeler look into whether there will be interest amongst the residents. Mr. Purple agreed to work with Ms. Wheeler to pursue resurrecting the committee.

V. Consent Agenda

a. Chairman Shea made a motion to approve of Regular Session minutes: December 17, 2019. Mr. Healey seconded. The motion passed all in favor (4-0-0).
b. Chairman Shea made a motion to approve of Executive Session minutes: December 17, 2019. Mr. Healey seconded. The motion passed all in favor (4-0-0).
c. Chairman Shea made a motion to approve the Cultural Council Appointments: Susan E. Beland and Catharine G. Byrne, terms 1/8/2020-1/7/2022. Mr. Healey seconded. The motion passed all in favor (4-0-0).

VI. Other Matters Properly Before the Board

Consideration of draft policy for Small Cell Wireless Installations (5G)

Mr. Purple reminded the Board that this issue was brought to the Board's attention from a resident a year ago and since the Board has engaged with Attorney Laughman from KP Law to draft a policy that would help preserve and protect the aesthetics and health of residents. He said the draft policy should lay out rules to protect the Town while being cognizant of the FCC regulations that govern the process. He added that the material provided to the Board to education and give background on the proposals was not easy to understand and added that he sent out additional materials today that could make the drafts clearer to read. Mr. Purple suggested the Board review the new documents and review the draft policy written by Attorney Laughman and the policy from the Town of Burlington and send feedback and questions directly to him. Mr. Healey stated that every week another community in Massachusetts is being exposed to installations for small cell wireless and through his research he was surprised to see that the FCC has left little control to towns and cities. He agreed to add this topic to the January 21st meeting and he would like to have a conversation with Attorney Laughman for clarity on the draft she created and to review the Town of Burlington's policy. Chairman Shea stated that feedback from residents included suggestions to restrict these installations from school and town structures. Mr. Healey replied that the FCC has federally preempted health concerns and concerns of the proximity to schools and public facilities. Mr. Kolenda stated he would like to hear the advice from Counsel. Mr. Stivers stated he feels that it is better for the Town to have a policy in place sooner rather than take the time to try and perfect it. He asked Mr. Purple to include the application form, license agreement, and the listed fees from the Burlington policy. Mr. Purple agreed to do so and stated the Planning Board suggested the policy not become a bylaw in order for flexibility as the Town gains more experience with this matter. The Board agreed to forward their questions to Mr. Purple and he agreed to setup a meeting with Attorney Laughman for more information on this topic and to bring back more refined documents to the January 21st meeting.

VII. Executive Session: At 8:42 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A §21 (Exemption 2) to prepare for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye.

Board of Selectmen
Executive Session Meeting Minutes
Tuesday, January, 21, 2020
McAuliffe Meeting Room
Town House, 17 Common Street, Southborough, MA

Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers, Town Administrator Mark Purple
Absent: Daniel Kolenda

At 8:50 P.M. the Board voted to enter Executive Session per M.G.L. Chapter 30A, Section 21 (Exemption 2) for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Stivers, aye.

Chairman Shea reminded the Board of their discussion from the previous meeting regarding the process used to develop a successor employment agreement for the Police Chief. He reiterated their offer of a first-year salary increase of 5% to bridge the market rate gap as compared to abutting communities, and increases of 3% for years two and three for his new contract. He stated he met with Chief Paulhus to discuss this offer and invited him to share his thoughts with the Board.

Chief Paulhus gave a summary of some of his accomplishments which included increasing the professional standards of the department, achieving accreditation from the Massachusetts Police Accreditation Commission and the success of the Public Safety Building. He described the salaries of neighboring Police Chiefs and stated he felt the offer presented was generous but he would remain below average for compensation. He said he would like his salary to increase to the mean of $163,000 with the following years salary increases based off that number. Chief Paulhus added that the adjustment does not have to be comprised of salary alone but could be a combination of other items such as vacation buyback or a longevity component. There was discussion amongst the Board about mirroring the DPW Superintendent's and Town Administrator's contracts. Ms. Braccio suggested the Board review copies of their contracts. Chairman Shea agreed to reach out to Mr. Purple to distribute the documents.

There was a discussion regarding the packaging of the offer and the Board agreed that Chief Paulhus's performance during his tenure should be compensated. Chairman Shea suggested a deferred compensation component. The Board agreed to review the contracts requested and to hold Executive Session on February 4th to draw a successor employment agreement for the Police Chief.

On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, the meeting was adjourned at 9:16 P.M. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Stivers, aye.

Respectfully submitted,

Kathleen Barry, Recording Secretary

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Monday, January 27, 2020, 7:30 A.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Sam Stivers, Lisa Braccio
Absent: Dan Kolenda

I. Chairman Shea called the meeting to order at 7:30 A.M.

II. **Consent Agenda**

a. Chairman Shea made a motion to assign the January 17, 2020 OML Complaint filed by Ginny Kremer to Labor Counsel Tim Norris for response. Mr. Healey seconded. Mr. Healey asked if there is any indication that these complaints will cease. Mr. Purple said no. Mr. Stivers asked why the Board doesn't simply make public the entire matter. Mr. Shea said that there are certain protections under labor law for the former employee. Mr. Stivers said that he needs to understand better those protections. Mr. Healey said that the Board may want to make a comment that indicates that all records that can be made public have been done so. Mr. Purple will work with Labor Counsel to craft such a statement. The motion passed all in favor (4-0-0).

III. **Adjournment:** At 7:38 A.M., Ms. Shea made a motion to adjourn the meeting. Mr. Healey seconded. The motion passed all in favor (4-0-0).

OML Complaint January 17, 2020

Description of the Violation

On December 16, 2019, on behalf of Southborough resident Jack Barron, I filed requests with the Southborough Board of Selectmen seeking: (1) unredacted minutes of two meetings held in executive session (the minutes had been previously provided but they were fully redacted)', and (2) records of all payments received by the Town in 2019 from any past or present Town employee of the recreation department as well as any and all records pertaining to the reasons for such payments and/or records pertaining to how such payment amounts were determined.

On December 31, I received two emails from the Town's counsel, attorney Tim Norris, indicating that: (1) the Town would not provide unredacted minutes of the meetings held in executive session; and (2) the Town would provide only one document in response to my second request.

On January 17, 2020, the Town provided the single document it indicated it would provide: a copy of a check in the amount of $844.88 made payable to "Southborough Recreation" on April 19, 2019. All other information on the check was redacted.

Background

In April and May of 2019, the Board held two early morning meetings in executive session, at locations that, upon information and belief, lack the recording devices used to record most Board meetings. See Exh. 1, Agendas and Revised Agendas.

- The agendas for the meetings state that the purposes of the executive sessions was "per M.G.L. c. 30A, § 21(a)," to discuss the discipline or dismissal of, or complaints or charges brought against, a public officer, employee, staff member or individual. Exh. 1.
- In June of 2019, Jack Barron learned that, at these meetings held behind closed doors, the Board had agreed to accept the resignation of an employee of the Recreation Department, "Jen" who had allegedly embezzled money from the Town and had otherwise allegedly participated in illegal activities in her role as a Town employee. It is unclear whether there was a separation agreement or any other documents discussed, voted upon, or executed by the Board at these meetings, but there was some information that "Jen" was required to reimburse for some of the money she allegedly stole.
- Mr. Barron requested all records related to this matter from the Town Clerk, Jim Heggerty, and the Town Administrator, Mark Purple. The Town Clerk and Town Administrator responded by email stating that there were no public records responsive to his request. Exh. 2, pp. 2-4.
- By letter sent on or about June 16, 2019 to the Secretary of State's Public Record Division, Mr. Barron informed the State of the above facts and requested an investigation. Exh. 2, p. 1.
- By letter dated August 5, 2019, the Supervisor of Public Records ("the Supervisor") acknowledged Mr. Barron's request. Exh. 3.

- By letter to the Town Administrator dated August 6, 2019, the Supervisor stated that she had "learned that a representative of the Town intends on providing a supplemental written response to Mr. Barron aimed at addressing the concern(s) outlined in his appeal." Exh. 4. The Supervisor ordered the Town to provide that response within 10 business days. Id.
- On or about August 20, 2019, the Town released minutes of its executive sessions held on April 25, 2019 and May 7, 2019. Exh. 5.
- The minutes were almost entirely redacted and were accompanied by a document titled "Exemption for Executive Session Minutes." Exh. 6. That document claims that the minutes are subject to the attorney-client privilege and further claims three exemptions from disclosure under the public records law, exemptions a, c and f.
    - With respect to the claim that the attorney client privilege applies, such a privilege is only applicable to confidential communications between a client and its attorney undertaken for the purpose of obtaining legal advice. To the extent the minutes document discussions outside those confines, they are not privileged.
    - With respect to the claimed exemptions to the public records law, such exemptions are inapplicable to a request for minutes under the Open Meeting Law. Additionally, to the extent the Public Records Law is applicable:
        - With respect to claimed exemption (a), the "description" states "Redaction of minutes as they contain confidential information about an employee related matter and Board strategy." (Exh. 6, emphasis supplied). There was, however, no litigation, collective bargaining, or real property transaction discussed, the exceptions to the Open Meeting Law that reflect the ability of the Board to shield its "strategy" discussions from public view.
        - With respect to exemption c, personnel information, while the Board may properly redact the names and other identifiable information, it may not shield from view all other information, including discussions of any facts, findings, or investigation(s) into the conduct of public employees.
        - With respect to exemption (f), that exemption does not create a blanket exemption for all records of investigations, and thus cannot be used to shield minutes reflecting discussions of such investigations. Additionally, as the matter has apparently been resolved, there is likely no on-going investigation.
- Mr. Barron appealed the Town's production of the entirely redacted minutes to the Supervisor, which the Supervisor acknowledged in a letter dated August 22, 2019. Exh. 7.
- By letter to the Town Administrator dated September 5, 2019, the Supervisor informed the Town that, because Mr. Barron's appeal is related to the release of executive session meeting minutes, it raises Open Meeting Law issues that fall within the authority of the Attorney General.

- On September 13, 2019, Mr. Barron filed an Open Meeting Law Complaint with the Town and AAG Carrie Benedon of this Office. Exh. 9. The Complaint alleged that Mark Purple, the Town Administrator, violated the open meeting law by failing to produce the requested records. Exh. 9. Mr. Barron again requested the minutes of the executive sessions.
- The Town provided no further documents in response to Mr. Barron's complaint.
- On Mr. Barron's behalf, on November 15, 2019, I entered a follow-up complaint with the Town and the Attorney General.
- After a discussion with Carrie Benedon, the Director of the Division of Open Government, I indicated that I would withdraw my 11/15/19 Complaint and re-file, since Mr. Barron's 9/13/19 Complaint had not clearly been made against the Board of Selectmen.
- On December 16, 2019, I refiled my request with the Board of Selectmen and received the indicated responses on December 31, 2019. Exh. 11a and 11b.
- On January 17, 2020, I received the email from the Town with the redacted check attached. Exh. 12.
- It is not clear whether the Board itself met and voted to determine whether the entirely to the minutes should remain redacted, or whether the Board allowed counsel to make that determination.

Requested Response

One of the foremost duties of the Board of Selectmen is the prudent management of local funds.[1] Town residents are entitled to know what decisions Board members make with respect to those funds, and how those decisions are reached. Additionally, where there is evidence that Town employees have stolen or otherwise misappropriated those funds, or otherwise engage in illegal activity, Town residents are entitled to know and understand how members of the Board of Selectmen responded. Therefore, while some portions of the minutes may be properly redacted, the wholesale redaction of the minutes likely shields from the public's view portions of the minutes to which the public is entitled access. Additionally, while the amount of the payment to the Town is now known, the amount of the alleged misappropriation of Town funds remains unknown. Therefore, the public has no basis for determining whether Board members responded appropriately to protect and recoup public funds. Finally, the Town's assertion that the Board did not have any documentary materials at the executive sessions, that there was no separation or other agreement with the employee, and that there exists no other documentation concerning this

[1] As the Manual of the Supervisor of Public Records makes clear, the public interest in the financial information of a public employee outweighs the privacy interest where the financial compensation in question is drawn on an account held by a government entity and comprised of taxpayer funds. Additionally, the disclosure of any settlement amount would assist the public in monitoring government operations. Therefore, exemptions to the Public Records Law will not operate to allow for the withholding of settlement agreements as a whole; only portions of the agreements, and related responsive records, may be redacted pursuant to specifically-cited exemptions to the Public Records Law.

matter whatsoever, appears to be outside of the normal course in a matter such as this. All such documents, including investigative materials to the extent they are public records, must be turned over. If the Town's position remains that no other documents were referenced in the executive session and no other documents exist, Mr. Barron respectfully requests that the Attorney General require the Board to sign a sworn certification to that effect. Mr. Barron further respectfully requests that the Attorney General review unredacted copies of the minutes and all other relevant documents and information to determine what can be properly remain withheld from the public.

Jack Barron

11 Sadie Hutt Lane

Southborough,Mass. 01772

Att. Public records division and public corruption division

I am a citizen resident In the town of Southborough, Mass. . Recently the recreation dept. accepted the resignation of a Town employee (alleged name is Jen) It is alleged that Ms. Jen embezzled money from the town of Southborough and instead of following the clearly written Mass. State laws regarding embezzlement of money by a responsible town employee from the town, a secret deal (my understanding is the selectmen were not informed of the decision to have a deal with Jen nor did the selectmen approve the deal)was made with Jen by an unknown person in the Town. The town accepted the check from Jen for some of the stolen money and the town deposited the check. Jen left her job and my understanding is she left with no penalty or changes to her retirement or benefits.

I have requested the records from both the town clerk Jim Hegarty and the town administrator Mark Purple. I have attached copies of my requests for the information. Please note I received no information and this matter remains hidden from me and the rest of the citizens.

It has also been alleged that Jen was involved with other people (elected and appointed) in kick back schemes with recreation related contracts including land studies, land surveys, and live and artificial turf purchases. It was in the interest of people with knowledge of these kick back deals to keep Jen silent and they have succeeded.

I am requesting that you send me the information about the deal that was hidden from me and the other Southborough citizens. I am also requesting that your office investigate this entire matter and especially look into the alleged kick backs.

Thank you,

Jack Barron

Subject: failure by town of southborough to furnish public records

I have included my request for records that should be public as well as allegations of criminality and public corruption. Your response would be appreciated. Jack Barron, Southborough, Mass. 01772

Subject: Re: request for copy of Jack Barron public request to town of Southborough (made on town web site:) for rec. dept info

Jack,

I'm forwarding your email to Mark Purple since it relates to a Public Records Request and Mark is the Town's Public Records Access Officer.

Jim, I put a request into the town website for information in regards to the employee who worked for the recreation department who is no longer working for the recreation department. These are matters that were recently (the last 3 or 4 months) discussed in private executive session. Please forward to me a copy of my request so that I may follow up on that request to get information. The town met my request with NO information on the matter I requested. Thank you---jack Barron

Mr. Barron:

Good morning.

On June 16, 2019, you submitted the following Public Records request:

I would like to review the decisions made in executive discussion with the recreation commission concerning replacement of any and all paid employees in the period from Jan 1, 2019 thru June1,2019.

On June 24, 2019, you were informed that there were no public records that were responsive to your request. To date, that answer remains the same.

Thanks, and have a good day.

Mark

Dear Jack Barron:

I have received your letter appealing the response of the Town of Southborough to your request for records.

I have directed a member of my staff, Kevin Nathan, to review this matter. Upon completion of the review, I will advise you in writing of the disposition of this case. If in the interim you receive a satisfactory response to your request, please notify this office immediately.

Any further correspondence concerning this specific appeal should refer to the SPR case number listed under the date of this letter.

Sincerely,

Rebecca Murray

Southborough, MA 01772

Dear Mr. Purple:

I have received the petition of Jack Barron appealing the response of the Town of Southborough (Town) to a request for public records. G. L. c. 66, § 10A; see also 950 C.M.R. 32.08(1). Specifically, Mr. Barron requested records related to a Town committee concerning an individual. Unsatisfied with the Town's response which stated "there were no responsive records," Mr. Barron petitioned this office and this appeal was opened as a result.

Subsequent to the intervention by a staff member of the Public Records Division, I learned that a representative from the Town intends on providing a supplemental written response to Mr. Barron aimed at addressing the concern(s) outlined in his appeal. Accordingly, the Town is ordered to provide Mr. Barron with a response in accordance with the Public Records Law, its Access Regulations and this order within ten business days. It is preferable to send an electronic copy of this response to this office at pre@sec.state.ma.us. Mr. Barron may appeal the substantive nature of the Town's response within ninety days. See 950 C.M.R. 32.08(1).

Sincerely,

Rebecca Murray

Exemptions for Executive Session Minutes

Document #	Date of Executive Session	Privileges and/or exemptions	Description
#1	April 25, 2019	1. Exemption (a), known as the statutory exemption, permits the withholding of records that are: "specifically or by necessary implication exempted from disclosure by statute." M.G. L. c. 4, § 7(26)(a). The following statute applies to exemption (a): Executive session minutes may be withheld from disclosure "as long as publication may defeat the lawful purposes of the executive session" G.L. c. 30A, § 22(f)	- Redaction of minutes as they contain confidential information about an employee related matter and Board strategy.
		2. Attorney-client privilege	- Redaction of confidential communication pertaining to legal advice on an employee related matter.
		3. M.G.L. c. 4, §7(26)(c)	- Redaction of information as they pertain to personnel and private information about an employee that is prohibited from disclosure without the consent of the employee.
		4. M.G.L. c. 4, §7(26)(f)	- Redaction of minutes as they contain information pertaining to an on-going investigation of an employee.

September 5, 2019
SPR19/1708

Mark J. Purple
Town Administrator
Town of Southborough
17 Common Street
Southborough, MA 01772

Dear Mr. Purple:

I have received the petition of Jack Barron appealing the response of the Town of Southborough (Town) to a request for public records. G. L. c. 66, § 10A; see also 950 C.M.R. 32.08(1). Specifically, Mr. Barron requested records related to "matters that were recently...discussed in private executive session." Unsatisfied with the Town's response which stated "there were no responsive records," Mr. Barron petitioned this office and this appeal was opened as a result.

Previous appeal

This appeal was the subject of a previous appeal, SPR19/1552 Determination of the Supervisor of Records (August 6, 2019). In my August 6th determination I ordered the Town to provide Mr. Barron with a response in accordance with the Public Records Law, its Access Regulations and this order within ten business days.

Following the August 6th determination, the Town provided a response on August 9, 2019, in which it indicated the Town would provide "redacted copies of the two Executive Sessions held by the Board of Selectman." Unsatisfied with the Town's response, Mr. Barron petitioned this office and this appeal, SPR19/1708, was opened as a result.

The Town's August 9th Response

The Town's August 9th response indicates that Mr. Barron "will be provided redacted copies of the two Executive Sessions held by the Board of Selectmen on this issue, as some of the material is protected from release. Those sets of minutes have been sent to Labor Counsel for redaction, and will then be required to be voted to be released by the Selectmen at the next available meeting, either August 20 or September 3...." Mr. Barron is appealing the Town's

EXHIBIT
8

response on the basis that he does not "agree or accept the redaction by the town of the documents pertaining to this case."

Open Meeting Law

Mr. Barron's appeal is related to the release of executive session meeting minutes in redacted format which raises issues that potentially invoke the Open Meeting Law (OML). Given that an interpretation of the OML falls within the authority of the Office of the Attorney General (AGO) and not this office, I decline to provide a determination as to the content of the executive session minutes. See G. L. c. 30A, § 23. It is recommended that you contact the Division of Open Government within the Office of the Attorney General should you seek a determination on this issue.

Sincerely,

Rebecca Murray

OML VIOLATION 11/25/19

DESCRIPTION OF ALLEGED VIOLATION

The Southborough Board of Selectmen is in violation of the Open Meeting Law and the Public Records Law. The Board has improperly redacted minutes of meetings held in executive session and failed to provide other related documents despite repeated requests for production of those documents.

- In April and May of 2019, the Board held two early morning meetings in executive sessions, at locations that, upon information and belief, lack the recording devices used to record most Board meetings. See Exh. 1, Agendas and Revised Agendas.
- The agendas for the meetings state that the purposes of the executive sessions was "per M.G.L. c. 30A, § 21(a)," to discuss the discipline or dismissal of, or complaints or charges brought against, a public officer, employee, staff member or individual. Exh. 1.
- In June of 2019, Southborough resident Jack Barron learned that at these meetings held behind closed doors, the Board had accepted the resignation of an employee of the Recreation Department, "Jen" who had allegedly embezzled money from the Town and had otherwise allegedly participated in illegal activities in her role as a Town employee. It is unclear whether there was a separation agreement or any other documents discussed, voted upon, or executed by the Board at these meetings, but there was some information that "Jen" was required to reimburse the Town in an unknown amount.
- Mr. Barron requested all records related to this "resignation" from the Town Clerk, Jim Heggerty, and the Town Administrator, Mark Purple. The Town Clerk and Town Administrator responded by email stating that there were no public records responsive to his request. Exh. 2, pp. 2-4.
- By letter sent on or about June 16, 2019 to the Secretary of State's Public Record Division, Mr. Barron informed the State of the above facts and requested an investigation. Exh. 2, p. 1.
- By letter dated August 5, 2019, the Supervisor of Public Records ("the Supervisor") acknowledged Mr. Barron's request. Exh. 3.
- By letter to the Town Administrator dated August 6, 2019, the Supervisor stated that she had "learned that a representative of the Town intends on providing a supplemental written response to Mr. Barron aimed at addressing the concern(s) outlined in his appeal." Exh. 4. The Supervisor ordered the Town to provide that response within 10 business days. Id.
- On or about August 20, 2019, the Town released minutes of its executive sessions held on April 25, 2019 and May 7, 2019. Exh. 5.
- The minutes were almost entirely redacted and were accompanied by a document titled "Exemption for Executive Session Minutes." Exh. 6. That document claims that the minutes are subject to the attorney-client privilege

and further claims three exemptions from disclosure under the public records law, exemptions a, c and f.

- With respect to the claim that the attorney client privilege applies, such a privilege is only applicable to confidential communications between a client and its attorney undertaken for the purpose of obtaining legal advice. To the extent the minutes document discussions outside those confines, they are not privileged.
- With respect to the claimed exemptions to the public records law, such exemptions are inapplicable to a request for minutes under the Open Meeting Law. Additionally, to the extent the Public Records Law is applicable:
  - With respect to claimed exemption (a), the "description" states "Redaction of minutes as they contain confidential information about an employee related matter and Board strategy." (Exh. 6, emphasis supplied). There was, however, no litigation, collective bargaining, or real property transaction discussed, the exceptions to the Open Meeting Law that reflect the ability of the Board to shield its "strategy" discussions from public view.
  - With respect to exemption c, personnel information, while the Board may properly redact the names and other identifiable information, it may not shield from view all other information, including discussions of any facts, findings, or investigation(s) into the conduct of public employees.
  - With respect to exemption (f), that exemption does not create a blanket exemption for all records of investigations, and thus cannot be used to shield minutes reflecting discussions of such investigations. Additionally, as the matter has apparently been resolved, there is likely no on-going investigation.

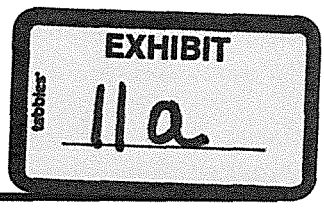
- Mr. Barron appealed the Town's production of the entirely redacted minutes to the Supervisor, which the Supervisor acknowledged in a letter dated August 22, 2019. Exh. 7.
- By letter to the Town Administrator dated September 5, 2019, the Supervisor informed the Town that, because Mr. Barron's appeal is related to the release of executive session meeting minutes, it raises Open Meeting Law issues that fall within the authority of the Attorney General.
- On September 13, 2019, Mr. Barron filed an Open Meeting Law Complaint with the Town and AAG Carrie Benedon of this Office. Exh. 9. The Complaint alleged that Mark Purple, the Town Administrator, violated the open meeting law by failing to produce the requested records. Exh. 9. Mr. Barron again requested the minutes of the executive sessions.
- The Town provided no further documents in response to Mr. Barron's complaint.
- On Mr. Barron's behalf, on November 15, 2019, I entered a follow-up complaint with the Town and the Attorney General.

- After a discussion with Carrie Benedon, the Director of the Division of Open Government, I indicated that I would withdraw my 11/15/19 Complaint and re-file, since Mr. Barron's 9/13/19 Complaint had not clearly been made against the Board of Selectmen.
- This Complaint is made against the Board, not Mr. Purple, and triggers the obligation of the Board to review the minutes of the executive sessions in question to determine whether there is any legitimate legal basis for the near total redaction of those minutes.

WHAT ACTION DO YOU WANT THE PUBLIC BODY TO TAKE IN RESPONSE TO YOUR COMPLAINT?

Provide the unredacted minutes of the referenced executive sessions and produce all associated documents, *e.g.*, any separation agreement or settlement agreement discussed at or entered into during the meetings.[1]

[1] As the Supervisor's Manual makes clear, the public interest in the financial information of a public employee outweighs the privacy interest where the financial compensation in question is drawn on an account held by a government entity and comprised of taxpayer funds. Additionally, the disclosure of any settlement amount would assist the public in monitoring government operations. Therefore, exemptions to the Public Records Law will not operate to allow for the withholding of settlement agreements as a whole; only portions of the agreements, and related responsive records, may be redacted pursuant to specifically-cited exemptions to the Public Records Law.



Ginny Kremer

Subject: Response to Request for Executive Session Minutes

Dear Ginny,

I am writing on behalf of the Town of Southborough (the "Town") Board of Selectmen in response to your request which reads as follows:

> On behalf of Southborough resident Jack Barron, please provide me with the unredacted minutes of your meetings held in executive session on April 25, 2019 and May 7, 2019. Although some personally identifying information may be properly redacted, Southborough residents are entitled to know how you are handling taxpayer funds that have been entrusted to you. Therefore please re-examine the fully redacted minutes you previously released and determine whether the purposes of any lawfully convened executive session are still applicable. Please un-redact those portions of the minutes for which any such purpose has been served, and provide them to me as is required by law.

The requested executive session minutes are exempt from disclosure pursuant to M.G.L. c. 30A § 22(f) of the Open Meeting Law ("OML"), which states, in pertinent part:

> When the purpose for which a valid executive session was held has been served, the minutes, preparatory materials and documents and exhibits of the session shall be disclosed unless the attorney-client privilege or 1 or more of the exemptions under said clause Twenty-sixth of said section 7 of said chapter 4 apply to withhold these records, or any portion thereof, from disclosure.

(emphasis added). While some of the purposes for the April 25 and May 7 executive sessions have been served, the attorney-client privilege and exemption (c) of M.G.L c. 4 § 7(26) still apply to withhold these records for the reasons set forth below.

The requested executive session minutes contain confidential communication between Town Labor Counsel and the BOS for the purpose of obtaining legal advice regarding a disciplinary matter, and, therefore, are exempt from disclosure under the attorney-client privilege. Suffolk Constr. Co. v. Div. of Capital Asset Mgmt., 449 Mass. 444, 450 n.9 (2007).

The requested minutes are also exempt from disclosure by exemption (c) of the Massachusetts Public Records Law ("PRL") as they contain information pertaining to employee discipline. M.G.L. c. 4 §7(26)(c) exempts "personnel and medical files of information; also, any other materials or data relating to a specifically named individual, the disclosure of which may constitute an invasion of privacy." Massachusetts courts have found that this includes "core categories of personnel information that are 'useful in making employment decisions regarding an employee," including documents related to disciplinary investigations, including promotion, demotion, or termination information pertaining to a particular employee. Worcester Telegram & Gazette Corp. v. Chief of Police of Worcester, 58 Mass. App. Ct. 1, 5 (2003); Wakefield Teachers Association v. School Committee of Wakefield, 431 Mass. 792, 798 (2000). Given that the BOS met in executive session to

discuss a disciplinary matter, the minutes are exempt from disclosure as they contain information that is "useful in making employment decisions" and upon which the Board relied, in addition to the advice of its counsel in making such decisions.

Further, the requested minutes are exempt from disclosure by exemption (c) of the PRL as they contain significant allegations against a Town employee, that, if disclosed, would constitute an invasion of privacy. Massachusetts courts consider the following factors when assessing the weight of the privacy interest at stake: (1) whether disclosure would result in personal embarrassment to an individual of normal sensibilities; (2) whether the materials sought contain intimate details of a highly personal nature; and (3) whether the same information is available from other sources. See People for the Ethical Treatment of Animals (PETA) v. Dep't of Agric. Res., 477 Mass. 280, 292 (2017). This exemption applies to withhold information that would be harmful to the reputation of an individual. Id. at 292, n.13. Hence, disclosing any details in the executive session minutes would constitute an invasion of privacy.

Based on the foregoing, the requested minutes are exempt from disclosure by the OML. The Town has already provided Mr. Barron with copies of the redacted minutes in its prior response which are also part of the record.

If you have any questions, please do not hesitate to telephone me.

Subject: Response to Public Records Request

Dear Ginny,

I am writing on behalf of the Town of Southborough in response to your December 16, 2019 public records request which reads:

> Please provide me with all records of any and all payments received by the Town in 2019 from any past or present Town employee/official of the recreation department, and any and all records pertaining to the reason(s) for such payments, and/or any and all records pertaining to how such payment amount(s) were determined.

The Town intends to provide you with a redacted document evidencing a payment made to the Town by a Town employee. This is the only such payment in the Town's possession. The redacted information on the document is protected from disclosure under exemption (c) of the Massachusetts Public Records Law ("PRL") for privacy reasons. I will be forwarding that document later this week when I have support staff back in the office after the holiday.

Pursuant to the Massachusetts public records law, other requested records are exempt from public disclosure in whole or in part for the following reasons.

You have requested records pertaining to the reason(s) for such payment. The only such documents are exempt from disclosure under M.G.L. c. 4, §7(26)(c), which exempts "personnel and medical files of information; also any other materials or data relating to a specifically named individual, the disclosure of which may constitute an invasion of privacy." Massachusetts courts have found that this includes "core categories of personnel information that are 'useful in making employment decisions regarding an employee", including documents directly related to disciplinary matters, including promotion, demotion, or termination information pertaining to a particular employee. Worcester Telegram & Gazette Corp. v. Chief of Police of Worcester, 58 Mass. App. Ct. 1, 5 (2003); Wakefield Teachers Association v. School Committee of Wakefield, 431 Mass. 792, 798 (2000). In addition, exemption (c) is designed to exempt information that would be harmful to the reputation of an individual. People for the Ethical Treatment of Animals (PETA) v. Dep't of Agric. Res., 477 Mass. 280, 292, n.13 (2017). The requested records pertaining to the reasons for such payment are part of a disciplinary proceeding against a Town employee. Therefore, those records are exempt from disclosure as they were useful in making an employment decision regarding an employee or constitute the disciplinary action itself, and for privacy reasons.

You also have requested for records pertaining to how such payment amount was determined. There are no public records in the Town's possession responsive to this request. The only record that arguably provides such an explanation falls within exemption (c) as described above.

I am required to advise you that you may appeal this determination to the Supervisor of Public Records (SPR) and may seek judicial review of the SPR decision in the superior court.

If you have any questions about this matter, I would be happy to discuss it with you.

Subject: Response to Request for Executive Session Minutes

Dear Ginny,

I am writing on behalf of the Town of Southborough (the "Town") Board of Selectmen in response to your request which reads as follows:

> On behalf of Southborough resident Jack Barron, please provide me with the unredacted minutes of your meetings held in executive session on April 25, 2019 and May 7, 2019. Although some personally identifying information may be properly redacted, Southborough residents are entitled to know how you are handling taxpayer funds that have been entrusted to you. Therefore please re-examine the fully redacted minutes you previously released and determine whether the purposes of any lawfully convened executive session are still applicable. Please un-redact those portions of the minutes for which any such purpose has been served, and provide them to me as is required by law.

The requested executive session minutes are exempt from disclosure pursuant to M.G.L. c. 30A § 22(f) of the Open Meeting Law ("OML"), which states, in pertinent part:

> When the purpose for which a valid executive session was held has been served, the minutes, preparatory materials and documents and exhibits of the session shall be disclosed unless the attorney-client privilege or 1 or more of the exemptions under said clause Twenty-sixth of said section 7 of said chapter 4 apply to withhold these records, or any portion thereof, from disclosure.

(emphasis added). While some of the purposes for the April 25 and May 7 executive sessions have been served, the attorney-client privilege and exemption (c) of M.G.L c. 4 § 7(26) still apply to withhold these records for the reasons set forth below.

The requested executive session minutes contain confidential communication between Town Labor Counsel and the BOS for the purpose of obtaining legal advice regarding a disciplinary matter, and, therefore, are exempt from disclosure under the attorney-client privilege. Suffolk Constr. Co. v. Div. of Capital Asset Mgmt., 449 Mass. 444, 450 n.9 (2007).

The requested minutes are also exempt from disclosure by exemption (c) of the Massachusetts Public Records Law ("PRL") as they contain information pertaining to employee discipline. M.G.L. c. 4 §7(26)(c) exempts "personnel and medical files of information; also, any other materials or data relating to a specifically named individual, the disclosure of which may constitute an invasion of privacy." Massachusetts courts have found that this includes "core categories of personnel information that are 'useful in making employment decisions regarding an employee," including documents related to disciplinary investigations, including promotion, demotion, or termination information pertaining to a particular employee. Worcester Telegram & Gazette Corp. v. Chief of Police of Worcester, 58 Mass. App. Ct. 1, 5 (2003); Wakefield Teachers Association v. School Committee of Wakefield, 431 Mass. 792, 798 (2000). Given that the BOS met in executive session to discuss a disciplinary matter, the minutes are exempt from disclosure as they contain information that is "useful in making employment decisions" and upon which the Board relied, in addition to the advice of its counsel in making such decisions.

Further, the requested minutes are exempt from disclosure by exemption (c) of the PRL as they contain significant allegations against a Town employee, that, if disclosed, would constitute an invasion of privacy. Massachusetts courts consider the following factors when assessing the weight of the privacy interest at stake: (1) whether disclosure would result in personal embarrassment to an individual of normal sensibilities; (2) whether the materials sought contain intimate details of a highly personal nature; and (3) whether the same information is available from other sources. See People for the Ethical Treatment of Animals (PETA) v. Dep't of Agric. Res., 477 Mass. 280, 292 (2017). This exemption applies to withhold information that would be harmful to the reputation of an individual. Id. at 292, n.13. Hence, disclosing any details in the executive session minutes would constitute an invasion of privacy.

Based on the foregoing, the requested minutes are exempt from disclosure by the OML. The Town has already provided Mr. Barron with copies of the redacted minutes in its prior response which are also part of the record.

If you have any questions, please do not hesitate to telephone me.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 4, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple
Absent: Brian Shea

I. Chairman Healey called the meeting to order at 6:30 P.M.

Vice Chair Healey stated Chairman Shea could not attend the meeting this evening and he will be filling in as Chair. He summarized the previous discussion of the fiscal year 2021 budget. He told the public that Mr. Ballantine will be presenting, Mr. Purple will then weigh in, the Board will discuss with Advisory and then Boards and Committees will be invited to present regarding items still on the table for inclusion into the budget. Chairman Healey said that the Board will also discuss the possibility of reinvigorating the Capital Budget Committee and the possibility of a fall town meeting.

II. **Scheduled Appointments**

Continued discussion of FY2021 operational and capital budgets

Finance Director, Brian Ballantine walked the Board through the presentation included in the meeting packet. Mr. Ballantine requested the Board review the information, discuss items that require a vote and recommend to support or remove items for the fiscal year 2021 budget. He listed three options for next steps which included to adopt the Budget recommendation with no capital delay from slide seven of his presentation, adopt the Budget recommendation with capital delays from slide six of his presentation or adopt either with modifications.

After hearing Mr. Ballantine's presentation, Chairman Healey asked the Board if they had any questions. Mr. Kolenda wanted to address the suggested postponement of capital bond projects for fall Town Meeting listed on slide six; specifically, the window replacement at the Town House.

John Parent, Facilities Director, stated that due to the budget constraints, the replacement of the windows at the Town House could be deferred. Mr. Kolenda made the point that this project had been put off for many years and wanted to make notice that the replacement windows need to be done soon. He asked Mr. Parent if some of the windows could be done this year and others the next to avoid the need for one large dollar amount. Mr. Parent recommended against this. Mr. Stivers asked if there was return on investment in the form of heat cost savings. Mr. Parent said there was not; the return is in employee morale. Ms. Braccio asked if the process would be hindered if it were delayed to a fall Town Meeting. Mr. Parent replied that it would not. Mr. Ballantine stated this would be a borrowing project and the Town could receive authority to replace the windows but would not have to execute immediately. Mr. Kolenda voiced his concern about the continual delay of this project and the implications of an increased cost. Mr. Stivers said the project may be a candidate for an exclusion. Chairman Healey agreed with the rest of the Board and supports the project. He then asked Mr. Purple to share context around the status of the budget and the five-year projection.

Mr. Purple referenced page eight of the presentation and stated that the green depicting the Town under the levy limit is partly due to a significant tax increase. He stated there are a lot of needs within various departments and committees but the decision to include or exclude them

from the budget must be made with the focus on whether it is affordable or not. He suggested the Board work with Advisory this evening to finalize items and to have a unified budget presentation at Town Meeting.

Chairman Healey invited Youth and Family Services to speak. Sarah Cassell, Director of Youth and Family Services stated the initial budget proposal included two part-time administrative assistants as the department has a critical need for office coverage. She stated that it was presented to them to instead hire one full-time administrative assistant and the Commission voted all in favor to support this option. She pointed out that it is advantageous to have one face of the department for customer service needs and training purposes. Chairman Healey asked what the differences were from having two part-time employees versus one full-time. Ms. Cassell agreed that office coverage would be the same and she explained the differences in how a full-time employee could support the staff and be more efficient than two part-time employees. Mr. Stivers stated he supports one full-time position as he views this department as a public safety department and one individually skilled person would be more effective than spreading training over two people. He asked Mr. Purple if the net cost would be about $25,000. Mr. Purple replied in the affirmative. Mr. Kolenda stated he fully supported the suggestions of Mr. Stivers. Ms. Braccio acknowledged the need and voiced her concern on the budget constraints. She added that Chief Paulhus needs two new officers and is currently allotted one for fiscal year 2021. She said if the Board is going to include an additional $25,000 she would like to see an officer added to the Police Chief's budget.

Chief Paulhus advocated for two full-time officers as opposed to the recommended one full-time officer in the budget presented this evening. He cited the 2000 Public Safety Study that recommended 1.9 officers per 1,000 residents. He stated that the current staffing model is antiquated and the department is still under the optimal number of officers. Chief Paulhus said the issue is safety and morale and with the increase in mental health issues and related calls from within town and surrounding towns, new officers are needed. He added that the basic staffing model calls for six officers on a shift not including the three specialists and the department is short. He explained the lengthy onboarding process and stated if the new officers were approved now, it would be nine to twelve months until they were to fill shifts. Ms. Braccio asked the Chief about various instances where only two officers were on the road at a time. She explained that the instances could potentially result in additional response time and lack of safety for the officers and public. Chief Paulhus agreed and added additional detail to these scenarios. Mr. Kolenda stated that the need for more officers is overdue and he supports the addition of two full-time police officers and one full-time administrative position for Southborough Youth and Family Services. Mr. Stivers agreed with Mr. Kolenda and asked if staggering the hiring of the officers could be financially beneficial to the Town. Mr. Purple explained the timeline and stated that a new hire from fiscal year 2021 would not fully financially impact the Town until fiscal year 2022. Chairman Healey noted that he did not want to leave the impression that Southborough residents have not been properly served in the last twenty years. He stated that the Police Department staff was increase substantially and the Fire Department was brought to the optimal staffing number after the 2000 Public Safety Study. Chairman Healey asked the Chief the staffing impact if he were to have one new officer this year and one the second next year. Chief Paulhus responded that he would be constantly filling the third shift with overtime and would have more challenges if an officer were out for various reasons. Chelsea Malinowski, Vice Chair of the Advisory Committee, clarified that if the Police Department were fully staffed minus one officer there would be 211 open shifts needed to be filled over the course of a year.

Chief Achilles told the Board that due to the pressures on the budget for fiscal year 2021 the request for a Deputy Fire Chief has been removed. He said there were three items he is requesting to be included in the fiscal year 2021 budget. He listed four additional administrative hours that would not include adding benefits to the position, a mechanical CPR device and the replacement of a pumper truck that is at the end of its life. Chief Achilles stated these three items would help with efficiencies, increase success with out of hospital cardiac arrest and if a pumper were to be ordered now it would save the Town approximately $30,000 - $40,000 in inflation cost per year. Chairman Healey asked if the primary use of a second pumper was for backup and Chief Achilles responded in the affirmative. Chairman Healey asked if there have been any discussions regarding regional coordination of equipment. Chief Achilles explained mutual aid agreements with partnering towns but said it was for support not equipment. He added that another town would not lend Southborough a truck for backup and that having one pumper in service is inappropriate. Mr. Stivers suggested a replacement cycle for fire trucks and equipment. Chief Achilles stated a replacement schedule was not applied to these trucks and cautioned against holding off the replacement to create an appropriate cycle. He explained that used fire apparatus are usually discarded because of a problem with the truck. Ms. Braccio asked when the truck was purchased. The Chief responded the truck was purchased in 2001. Ms. Malinowski asked the Board to be aware that the fire tower will be needing maintenance in 2030 when considering replacement cycles. She added the tower is a more expensive apparatus than the pumpers. Mr. Stivers requested a review of the entire equipment spectrum and to begin working towards an appropriate replacement cycle.

Ryan Donovan, Library Director, stated that the Library Trustees have not convened to discuss a deferment on the Library capital projects. He stated they could have a vote for the February 25th Board of Selectmen meeting. Chairman Healey asked Mr. Purple if the Board could wait on discussing the project until then. Mr. Purple replied that would be acceptable if this is the only capital item on hold until then. Mr. Donovan agreed to discuss the Library capital projects with the Library Trustees and return to the Board of Selectmen on February 25th with an update.

Chairman Healey invited the Council on Aging to speak to the Board and asked if there were any issues on the operational Budget. Bill Harrington, Chair of the Council on Aging stated there were not. Chairman Healey asked if the Council considered deferring their capital projects until the fall. Mr. Harrington said it would be beneficial to defer and work with the Capital Budget Committee. Director Pam Le Francois reiterated that the projects requested were for additional bathrooms and an expansion to the front of the building. She summarized the space needs and the increase in patronage to the Senior Center. Chairman Healey stated he had worked with the Capital Budget Committee during his tenure on Advisory and the Council will benefit from their insight. Mr. Harrington asked if a concrete proposal could be made before the fall town meeting. Mr. Purple described the two options for executing the projects and stated the expansion may take three to four years. Mr. Harrington requested that instead of the making the addition of bathrooms and the siding a priority, the Council would like to see the front expansion and the bathrooms as the priority. He felt the siding could wait. Mr. Purple said he would like to defer the Facilities Director for priority of needs within town buildings and agreed the Capital Budget Committee would be a great asset to the Council.

Chairman Healey invited the Open Space Preservation Committee to speak. Mr. Kolenda stated that he did not intend for the Committee to present a full presentation but wanted reasoning for extending a $500 increase to their budget for a second year. Freddie Gillespie, Chair Open Space Preservation Committee stated that there was a misunderstanding from the request last year.

She said they are one of the lowest funded Committee and members are spending their own money on education and supporting their efforts. Chairman Healey stated that Mr. Kolenda questioned numerous department and boards and said he felt a presentation was unnecessary. Mr. Kolenda added that he supports Open Space and Ms. Gillespie stated she felt the Board did not understand the work and value the Committee brings to the Town. She explained programs funded by the Committee. Ms. Braccio stated when she was on the Committee the budget was $750 and understood the struggles the Committee face. She supported the $2,000 budget for the Committee. Mr. Kolenda explained that the increase for last year was an anomoly for him and he supported a budget of $1,500. Ms. Gillespie explained the various educational needs of the members and said added funding was needed. She suggested the Committee present to the Board at a later date to inform them on their work and mission. The Board agreed. Mr. Stivers said he attended Committee meetings and felt a $2,000 budget is a great investment for the Town.

Chairman Healey asked the public if there were any other committees or departments who wanted to speak and there were none.

Chairman Healey invited the Advisory Committee to speak. Kathy Cook, Chair, stated they have not voted on the budget yet but feel they are in line with the Board. She stated the Committee officially recommends the Town hold a special town meeting in the fall which was voted 6-1-0 and a vote passed (5-1-1) for the addition of two police officers. She said there was one absentia and one opposed. Ms. Cook stated the reason they believe there should be a special town meeting is for the pending Capital Budget Committee to bring recommendations for the capital budget. She added that one idea would be to close Woodward School. She explained that the school would be paid off in two years and attendance is currently down 300 students in grades K-8. She stated this would most likely not be ready for fall, but could be a potential idea that could help offset capital costs. Ms. Cook talked about the potential to use CPC funds for the windows at the Town House and other options that could help decrease cost. Chairman Healey asked if the Committee had discussed which projects could be put off to a fall town meeting. Ms. Cook said they had not but the immediate projects that could not be postponed were the Finn School boiler, road maintenance and recurring Facility maintenance work. Chairman Healey asked to confirm that the tax rate increase from the Committee was 3.46% and Mr. Ballantine stated in the affirmative. Ms. Cook confirmed that the Committee voted for two additional full-time positions. She stated this could potentially be offset by moving funding of the Recreation Department salaries to the revolving fund receipts. Mr. Purple stated this is an option that would need to be carefully reviewed before implementing. Recreation Director Tim Davis stated his concerns which included an increase in program costs and as a result, fees to the residents. Ms. Cook replied that it is not their intention and felt that this could be done without impacting program fees or costs.

Mr. Stivers stated that he would like to address the request for a Conservation Commission administration position and felt this should be included in the budget. He asked why the Assessor's budget increased and Mr. Ballantine explained that this is due to a one-year mandated reevaluation that will not be included next year. Mr. Stivers asked why the EDC budget was increased by $10,000. Mr. Ballantine stated this was to support the Downtown Initiative and Ms. Malinowski stated the Advisory Committee had received a memo regarding the expenditures. She said these included brochures, booths at business events, and other needs to expand their

"shop local" campaign. Mr. Kolenda stated he fully supported the Downton Initiative and felt reducing their budget would send the wrong message. Mr. Stivers stated he also supported the initiative but was looking for further explanation. Mr. Kolenda made a motion to accept the operational budget as presented by the Town Administrator and Finance Director, but with the addition of one police officer to the one additional police officer in the proposed TA budget (for a total of two additional police officers) and one full-time employee (instead of the two part-time employees in the proposed TA budget) for Youth and Family Services. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Mr. Purple asked the Board which items from the capital budget should be deferred to a fall town meeting. He reiterated that the items in question are the replacement windows at the Town House and the fire pumper. There was discussion about whether the pumper should be done now or if it would be more expensive to defer. Mr. Ballantine stated the debt service for the pumper would be paid out of the ambulance fund and Chief Achilles urged the Board to move forward now due to potential future costs to the Town if it is delayed. Ms. Braccio stated she would like to see the Library renovations included on the budget. Mr. Donovan stated that he is not speaking for the Trustees, but if these were delayed he would like a commitment that it will be included in the budget for fall town meeting. Chairman Healey said the intention of the Board was to delay until the fall town meeting and this project would be made a priority. Mr. Kolenda made a motion to accept the capital delays identified in the Fiscal Year 21 Budget with Capital Delays for fall town meeting with the exception of the pumper. Ms. Braccio seconded. The motion passed (3-1-0). Mr. Healey opposed.

III. Other Matters Properly Before the Board

None

IV. Executive Session

At 8:48 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A § 21 (Exemption 2) for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Upcoming Meetings
February 11, 2020
February 25, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the February 4, 2020 BOS Meeting:

- FY21 Recommended Budget Presentation dated 2/4/20

FY21 RECOMMENDED BUDGET

TOWN OF SOUTHBOROUGH
FEBRUARY 4, 2020

SUMMARY OF FY21 BUDGET STATUS

- Initial meeting with Board was in late September 2019.
- Initial increases for operational budgets were: Town 9.16% and Schools 3.23%.
  - Current Budget: Town 8.25% and Schools 3.34%.
- Initial capital & budget article requests totaled $1,998,233.
  - Current Budget before "holds" for Fall TM: $1,405,583
- Initial tax rate increase estimated at 7.33% (October 2019).
  - Budget with Capital: 3.54%
- Initial staffing requests in excess of 6.30 FTE over 9 Departments.
  - This budget: 3.10 FTE over 7 Departments.
- AAA Bond Rating will be up for review estimated Fall 2021 – FY22 Budget decisions will impact this.

Board Recommendations & Feedback

- Youth/Family and Police staffing to be supported if possible.
- Part time staffing may be supported in several Departments – no benefit costs.
- Acknowledgment FY22 & beyond will be further fiscal challenges.
- Until further revenue is identified - FY22 no new services or new hours.
- Proposal from Advisory to delay some capital for review by "Capital Planning Committee" received with preliminary support.
- Advisory Committee may be largely agreeable with BOS to a budget framework setting a balance between capital, staffing, and sustainability.
- Further revenue options to be looked at within next few years (regionalization, donations, PILOT payments, capital planning enhancements, etc).

FINAL RECOMMENDATIONS STAFF

Measured recommendation based on need and possible future support from grants and donations.

- Youth/Family – 2PT (39 Hours)
- Treasurer/Collector – 1PT (19 Hour)
- MIS – 1PT (19 Hour)
- Police Department – 1 FT
- Fire Department - .10 FTE (4 Hours)
- Council on Aging & Library both have minor staffing changes due to grant funding and organizational changes.

BUDGET CHANGES SINCE LAST MEETING

Negative Budget Adjustments:

- Norfolk Agriculture Assessment (2 applicants) +$89,268
- Retirement Assessment +$15,000

Positive Budget Adjustments:

- Local Aid +$101,570
- Ambulance Fund +$63,250
- 911 Revolving Offset +$40,000
- Personnel Board +$40,000

NET CHANGE = +$140,552

NEXT STEPS

- ✓ Board vote to support option strongly suggested tonight.
- ✓ Three options:
  - Adopt Budget recommendation with no capital delay.
  - Adopt Budget recommendation with capital delays.
  - Adopt either with modifications.
- ✓ Minor budget adjustments could be made before warrant is finalized (example: Regional Assessment).
- ✓ Advisory intends to also vote final recommendations tonight prior to BOS.

FY21 BUDGET WITH CAPITAL DELAYS

- Tax Rate = 2.34% (Note: Would be a "temporary" tax rate almost certain to change in Fall).
- Capital items recommended for delay to Fall:

• Fire Lucas Devices	$30,000
• Library Interior Renovations	$115,000
• Town House Generator Switch	$65,000
• DPW Hook Lift Truck	$165,000
• DPW Diesel Pick Up	$70,000
• DPW Plows (3)	$40,000
TOTAL	**$485,000**

- For further consideration – Capital bond projects: Cordaville Hall, Fire Truck, & Town House windows ($1,650,000 total).
- Capital Committee would review and report back to Fall TM with Recommendations.
- Levy $3,279,063

BUDGET WITH NO CAPITAL DELAYS

- Tax Rate = 3.54%
- Includes staffing additions as described earlier.
- If supported, Capital Planning Committee would provide recommendations for the capital plan as of FY22 budget onward.
- If supported by the Board and Town Meeting would close out the budget as normal process without further Fall action necessary.
- Levy $2,754,063

Five Year Levy Balance

WITH RECOMMENDED STAFFING

Board of Selectmen
Executive Session Meeting Minutes
Tuesday, February 4, 2020
McAuliffe Meeting Room
Town House, 17 Common Street, Southborough, MA

Present: Marty Healey, Lisa Braccio, Dan Kolenda, Sam Stivers, Town Administrator Mark Purple
Absent: Brian Shea

The Board voted to enter into Executive Session at 8:48 P.M. per M.G.L. Chapter 30A § 21 (Exemption 2) for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Chairman Healey recommended the Board postpone this matter to Monday, February 10, 2020 at 8:30 A.M. in the Public Hearing Room. The Board agreed.

On a motion made by Mr. Kolenda, seconded by Ms. Braccio and voted by roll call all in favor, Executive Session was closed at 8:53 P.M. Roll Call: Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Respectfully submitted,

Kathleen Barry, Recording Secretary

Approved by BOS 2-11-2020

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 11, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Lisa Braccio, Marty Healey, Sam Stivers and Town Administrator Mark Purple
Absent: Daniel Kolenda

I. Chairman Shea called the meeting to order at 6:30 P.M.

II. **Public Comment**
None

III. **Scheduled Appointments**
Joint meeting with Library Trustees: Appointment of Library Trustee to vacancy; term May 12, 2020
Amy Yazdani, Vice-Chair of the Board of Library Trustees, told the Board that they do not have a quorum. She stated that at their meeting on January 21st, the Board of Trustees voted unanimously to recommend Janet Maney to fill the Library Trustee vacancy due to her previous experience on various boards and committees. Chairman Shea stated he thinks Ms. Maney will be a great addition and asked if she has pulled papers to run for the position. Ms. Maney replied that she has not but intends to soon. Mr. Healey, Ms. Braccio and Mr. Stivers voiced their support for Ms. Maney. Mr. Healey made a motion to appoint Janet Maney to the Library Trustee position; term May 12, 2020. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained that the letter from Mr. Donovan stated the Board of Trustees did not vote to appoint and as they do not have a quorum tonight, they must do so before Ms. Maney is officially appointed. Mr. Donovan said the Board of Trustees voted to appoint Ms. Maney at their last meeting and he may have written they voted to recommend by mistake. He said he will check the meeting minutes and report back to Mr. Purple.

Fire Chief and Police Chief: Middlesex Savings Bank donations
Chief Paulhus introduced Community Banking Officer Ed Murras and his assistant from the Middlesex Savings Bank branch on Cordaville Road. He said the bank has a program honoring first responders. They would like to donate $10,000 each to the Southborough Police and Fire Department. Chief Paulhus explained that if the Board approves the donation, he plans on using the funds for training in order for the first responders to keep themselves safe and safely serve the community. Chief Achilles stated he appreciates such a substantial donation and he plans on supplementing one of the grants to purchase a dryer for decontamination of fire gear and to supplement the purchase of safety gear for new employees. Chairman Sea welcomed the representatives from Middlesex Savings Bank to speak.

Mr. Murras explained Middlesex Savings Bank developed a program to honor first responders in communities where their branches are located. He said each community will receive $10,000 for training, equipment, etc. He added that the branch has been located in Southborough for over twenty years and it is a pleasure to give back to the police and fire departments. Chairman Shea thanked both Mr. Murras and his assistant for coming and asked them to extend his thanks to

everyone responsible for this program at Middlesex Savings Bank. Chief Paulhus stated that both departments will post an announcement regarding the donations to their social media accounts. Chairman Shea made a motion to accept the Middlesex Savings Bank donations to the Fire and Police Departments as stated. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Karen Galligan, DPW Superintendent – PWPB recommendation for water rate adjustment

Ms. Galligan introduced Matt Abrahams from the Abrahams Group who assisted in the study. She stated that after a water rate study adjustment was done, the tiers and rates have changed. She said the goal was to take the burden off of residents with low water usage and seniors. She said the recommendation of the rates included in the memo in the packet has been approved by the Public Works Planning Board and the Finance Team. She added that moving forward this would be looked at on a yearly basis so rate adjustments would be more gradual. Mr. Healey asked if the average water bill would be increasing by $50. Mr. Abraham stated the higher tiers will see an increase of about $100 and the lower tiers will be less than that. Ms. Galligan clarified that of the ten towns similar in MWRA water use to Southborough, the Town went from 9th out of ten to 6th out of ten in terms of cost. Mr. Stivers said he voted in support of this recommendation as a member of the Public Works Planning Board and confirmed that low-volume users will see an increase of 17% and high-volume users will see an increase that exceeds 50% from last year. He explained some of the drivers behind the increase, suggestions to restore the reserve fund and initiatives to conserve water. Mr. Healey made a motion to accept the recommendation from DPW Superintendent Galligan in her February 5, 2020 memorandum and attachments for a change in water rate with a revised change of cost per cubic foot of water for water usage of 3001 to 10,000 CF to $6.86 instead of $6.68. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

IV. Reports

Town Administrator's Report

Mr. Purple stated since the Board voted on budget items last week, there is no budget update this evening. He stated the Advisory Committee is meeting tonight with Mr. Ballantine to review their budget suggestions. Mr. Purple said he hoped to identify any potential discrepancies between budget recommendations from the Board and Advisory soon.

Chairman's Report

Chairman Shea reminded all boards, committees and employees to fill out the acknowledgement receipt of the conflict of interest packets. The receipts are due to the Town Clerk by the end of this month. The Town Clerk is required to report all those who have and have not submitted these forms and urged all to return these for full compliance.

Chairman Shea thanked the New England Center for Children for hosting Board members on a tour and presentation today. He acknowledged the tremendous work they do for children in need of services in Southborough and across the State and Country.

Chairman Shea reminded the public that the Southborough Police Department is partnering with Northborough and Westborough for the Citizen's Police Academy. He described the program and urged those interested to email their applications to Stephen Neivert at sneivert@southboroughma.com. The applications can be found on the Town website and must be submitted by March 7, 2020.

Chairman Shea reminded the public that the voter registration deadline is tomorrow, February 12, 2020. He added that the Town Clerk's Office will be open until 8:00 P.M. tomorrow.

Chairman Shea stated the Southborough Annual Town Report was considered for an award by the MMA and received third place in category two.

Chairman Shea stated there is an open job opportunity for an administrative assistant position for the Council on Aging. Information can be found on the Town website and applications are currently being accepted.

Members' Report

Mr. Stivers echoed Chairman Shea's comments regarding his visit to the NECC. He commended them for their groundbreaking support for children diagnosed with autism.

Mr. Stivers stated he attended the MMA annual meeting including multiple workshops and presentations. He said there was discussion about cable license contracts and a new rule set to reduce the prices Verizon and Charter pay for licensing in towns and cities. He acknowledged that the Town is currently in the process of renegotiation with cable TV and has passed this information to the Cable Television Committee. Mr. Stivers stated at a recycling presentation he was informed that due to secondary markets closing their door on recycling, waste management companies now must pay to recycle items they used to get paid for. He suggested the Public Works Planning Board address this issue and work towards a solution for Southborough. Mr. Stivers stated that after attending a workshop on economic development hosted by Dr. Barry Bluestone of Northeastern University, he found that many of the towns successful in supporting business development have done so by executing initiatives achievable in Southborough. He described possible initiatives with the Economic Development Committee to make Southborough more attractive. Mr. Stivers added that multi-use development is an effective driver of economic development and suggested the Board take a position on the EDC's Downtown Initiative. Mr. Stivers stated the Master Plan Committee meeting is tomorrow evening at Cordaville Hall at 7:30 P.M. and urged the public to attend.

V. Consent Agenda

a. Chairman Shea made a motion to approve Regular Session minutes: January 21, 2020; January 27, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

b. The motions to accept donations from Middlesex Savings Bank Charitable Foundation:

i. $10,000 for Police Department training equipment and programs

ii. $10,000 for Fire Department EMPG Grant supplementation and protective clothing were passed during the scheduled appointments earlier in the evening.

c. Chairman Shea made a motion to accept a donation of $16.00 from Joyce Golden for the Library Donation account. Mr. Healey seconded. The motion passed all in favor (4-0-0).

d. Chairman Shea made a motion to accept a donation of $100.00 from John and Connie Mauro for the Fire Department. Mr. Healey seconded. The motion passed all in favor (4-0-0).

e. Chairman Shea made a motion to approve the request to buy back a cemetery lot from John and Marlene Calkins. Mr. Healey seconded. The motion passed all in favor (4-0-0).

f. Chairman Shea made a motion to approve the recommendation for bid award for Dipietri Field renovation. Mr. Healey seconded. The motion passed all in favor (4-0-0).

g. Chairman Shea made a motion to appoint Robyn L. Stewart to Scholarship Advisory Committee, term 6/30/21. Mr. Healey seconded. The motion passed all in favor (4-0-0).

h. Chairman Shea made a motion to approve the use of $2,850 from engineering article for Breakneck Hill wetlands investigation. Mr. Healey seconded. The motion passed all in favor (4-0-0).
i. Chairman Shea made a motion to approve of SOIs for MSBA for School projects. Mr. Healey seconded. The motion passed all in favor (4-0-0).
j. Chairman Shea made a motion to approve the Executive Session minutes: January 21, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).
k. Chairman Shea made a motion to approve and release of Executive Session minutes: February 4, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

VI. Other Matters Properly Before the Board

Chairman Shea stated that Mr. Purple had sent the information earlier in the day from the Town Clerk requesting the Board include two positions on the town election ballot. He noted this has been discussed at previous meetings and was received less than the forty-eight-hour time requirement for posting the agenda. He said this matter is time sensitive and gives residents the opportunity to pull papers for these elected positions. Chairman Shea made a motion to include on the annual town election ballot two additional positions for Library Trustee; one for a one-year term and the second for a two-year term as recommended by the Town Clerk through his correspondence provided to the Board. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

<u>Continued discussion on March 28, 2020 Town Meeting Warrant</u>

EDC downtown district overlay zoning bylaw

Mr. Purple stated the EDC sent him a letter asking this article be removed from the warrant. He added that they do intend to bring this article to the fall town meeting with the understanding they need a sponsor. Mr. Purple said the EDC will want to have a conversation with the Board regarding their goals and whether the Board would be willing to be the sponsor. He asked the Board to formally remove the article from the annual town meeting warrant.

Purchase of National Grid parcel 54-40

Mr. Purple stated this is linked to the EDC's Downtown Initiative and suggested the Board move this item to the fall town meeting. He said the contact at National Grid who handles land issues told him that if the Board were interested in pursuing this parcel, they should submit a letter of intent in order to move forward in the process for discussion.

Revised draft of SPAC bylaw

Mr. Purple stated the draft of the former ADA bylaw, now the SPAC bylaw, is included in the packet. He added that additional comments were submitted today by a committee member as well as Timothe Litt. He said the changes proposed by Mr. Litt were discussed with the ADA Committee. He asked the Board to consider the proposed changes and finalize the document to include in the warrant.

Board positions on warrant articles

Chairman Shea reminded the Board that many of the articles appear on an annual basis and he presumes the Board would be in support. He went through the draft Warrant article by article.

Chairman Shea made a motion that the Board support Articles 1-4 in the warrant. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained that Article 5 is the Salary Administration Plan and the Personnel Board will be meeting tomorrow to finalize their recommendations. He said those recommendations will be sent to the Board prior to the next meeting. Mr. Purple explained that Article 6 is the transferring of money between and among various accounts for the fiscal year ending June 30, 2020 and may no longer require a town meeting vote. Mr. Stivers asked if the article should be removed from the warrant. Mr. Purple replied he would prefer to leave it in the warrant until more information is available. Mr. Purple explained that more information will be available for Article 7 regarding unissued debt. He gave the Board an idea of the amount that will be rescinded. Chairman Shea made a motion to support Article 7. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea confirmed that Article 8 had been voted unanimously to support by the Board at the previous meeting. Chairman Shea held Article 9. Chairman Shea confirmed that Articles 10 and 11 were voted to unanimously support by the Board at the previous meeting.

Chairman Shea made a motion to support annual Articles 12, 13 and 14 as written in the packet. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple stated that Article 15 is for funding the replacement of a boiler at Mary Finn School. Ms. Braccio asked what the dollar amount is to fund this project. Mr. Purple said he would find out. The Board held their support of this Article until their February 25th meeting.

Chairman Shea made a motion to support Article 16. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea made a motion to support CPC project receipts labeled Article 17 of the Town Warrant. Mr. Healey Seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained Articles 18 and 19 are authorizing payments for bonds on projects already appropriated by Town Meeting. Chairman Shea made a motion to support Articles 18 and 19. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained Article 20 is to support the Recreation project at Kallander Field and Article 21 is to support the reconstruction of St. Mark's Church bell tower. The Board agreed they would like to hear more information on both projects. Chairman Shea stated the Board will hold these Articles and will want an update at their February 25th meeting.

Mr. Purple explained that Article 22 has been proposed by the Veteran's Agent to include exemptions up to 100% for taxpayers with personal exemptions on property. He said the Town currently provides real estate exemptions and if this were to pass, the cost would be a total of $20,000 per year. Chairman Shea made a motion to support Article 22. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea stated he recommended Article 23 as listed in the packet and the Town Clerk is in support. Chairman Shea made a motion to support Article 23. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea explained that Articles 24 and 25 are in relation to regulating speed limits in Town that originated from previous discussions regarding the dangers at Pine Hill Road. Chairman Shea made a motion to support Articles 24 and 25. Mr. Stivers seconded. Chairman

Shea informed the Board that they will need to be prepared to clearly present both articles at Town Meeting. The Board agreed. The motion passed all in favor (4-0-0).

Chairman Shea made a motion to support the proposed .75% meals tax as written in the packet for Article 26. Mr. Stivers seconded. Mr. Healey stated that based on the survey Ms. Cook provided and the input from businesses affected, the addition of a meals tax is a straightforward and equitable avenue to broaden the tax base. Mr. Purple said this is thought to be very favorable for the Town and the budget is carrying an additional $75,000 in receipts. He added that if this article does not pass, the Town may end up with $75,000 less free cash at the end of the year. The motion passed all in favor (4-0-0).

Mr. Purple informed the Board that he sent them Timothe Litt's revisions to Article 27, the draft chapter for the Southborough Public Access Committee. He added that the Chair of the Committee sent an email that the Committee was in favor of Mr. Litt's changes. The Board discussed administrative corrections throughout the document and the Board agreed to the changes. After deliberation amongst the Board members, Town Clerk Hegarty and Mr. Litt, the Board voted on the following changes. Chairman Shea made a motion to change the word "enhancing" to "increasing" in paragraph two of Section 9.34. Mr. Stivers seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to remove "no more than" in the first line of section 9.34.A. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to remove the word "number" from the last line of the first paragraph in section 9.34.A. Mr. Healey seconded. The motion passed all in favor (4-0-0). Mr. Healey made a motion to accept paragraph two of section 9.34.A with a change in the parenthetical for the definition of "town employee." Mr. Stivers seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to capitalize the word "Town" in bullet two under section 9.35. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to change the words "any inadequacies" to "it's comments" to bullet three of section 9.35. Ms. Braccio seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to support this Article with the revisions voted on this evening. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Healey stated it made sense to move Article 28 to the fall town meeting as it relates to the EDC sponsored article for the downtown initiative. Chairman Shea agreed that the proposed acquisition of parcel 54-40 should be moved to the fall. Ms. Braccio agreed and felt more discussion was needed before the Board could take a position. Chairman Shea made a motion to delete Article 28 from the Town Warrant. Mr. Healey seconded. The motion passed all in favor (4-0-0). The Board asked Mr. Purple to reach out for more information regarding this parcel from National Grid and he agreed to do so.

Chairman Shea explained that Article 29 was recommended by the Town Clerk to extend the voter registration deadline from a Saturday to the following Monday. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple stated that Article 30 was brought forward through the Planning Board from the Zoning Board of Appeals and Articles 30, 31, 32 and 33 are currently before the Planning Board for the required hearing dates. He stated that Planning will be providing recommendations to the Board for these articles. Mr. Purple said the EDC has requested the removal of the proposal of a Village Mixed Use District labelled as Article 31. Chairman Shea recommended the Board hold Articles 30, 32 and 33 for the meeting on February 25th. The Board agreed. Chairman Shea

made a motion to delete from the warrant the proposed Article 31 for a village mixed use district as written in the packet. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Chairman Shea stated the citizens petition for a noise bylaw is not amendable at this time. Mr. Purple agree that Article 34 can only be amended on the town meeting floor. The Board agreed to invite the proponents to the February 25th meeting for a five-minute presentation with questions to follow. Mr. Purple stated he would reach out to Mr. Lapine who proposed the article and invite him to the next meeting. He asked if the Board would like to invite Mr. Weishan who proposed the second citizens petition to ban plastics and Styrofoam. The Board agreed and Mr. Purple said he would reach out to Mr. Weishan and invite him to the next meeting. Mr. Purple added that he will also invite the CPA for an explanation on their projects at Kallander Field and the St. Mark's bell tower.

Mr. Purple reiterated to the Board they had decided to hold Articles 5 and 6. He said he will confirm if Ms. Rosenbloom could present the proposed changes to the Personnel Salary Administration Plan at the meeting on the 25th. He said Article 6 has been held by the Board to determine whether it is needed to be included in the warrant. He stated that Article 9 for the Water Enterprise Fund can be held on the 25th as well.

<u>Draft committee charge for Capital Planning Committee</u>
Chairman Shea made a motion to delete "no more than" in the first line. Mr. Stivers seconded. The motion passed all in favor (4-0-0). Mr. Purple explained that the charge for the Capital Planning Committee is somewhat new and he worked with Mr. Ballantine and Mr. Malinowski to create the draft included in the packet. The Board discussed whether there should be five resident members or three resident members and a Board member and Advisory member. Mr. Purple reminded the Board this will be an ad-hoc committee. Chairman Shea recommended five members at large with a representative from the Board and Advisory for a total of seven members. Mr. Healey suggested the Committee should consist of five members and include wording for the option to include a Board and Advisory member. He suggested the wording, "made up of five members all appointed by the Board of Selectmen." The Board agreed. Chairman Shea suggested the word "projects" in the middle of the first paragraph should also include the words "capital items." The Board agreed. Chairman Shea suggested that the word "should" in the bulletted items be changed to "will." The Board agreed. Mr. Healey made a motion to support the committee charge for the Town of Southborough Ad-Hoc Capital Planning Committee with the changes agreed upon this evening. Mr. Stivers seconded. The motion passed all favor (4-0-0). Chairman Shea encouraged the public to go to the Town website to fill out an application to be a member of this Committee. Ms. Hale suggested a February 20th deadline for the submittal of applications. The Board agreed. Ms. Hale stated she will ask other Town Departments to share these openings for the Capital Planning Committee on their social media accounts.

I. On a motion made by Chairman Shea, seconded by Mr. Stivers and voted all in favor, the meeting was adjourned at 8:27 P.M.

BOARD OF SELECTMEN Meeting Minutes

Revised – List of Documents Referred to at the February 11, 2020 Meeting

Meeting Date: Tuesday, February 11, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Lisa Braccio, Marty Healey, Sam Stivers and Town Administrator Mark Purple
Absent: Daniel Kolenda

I. Chairman Shea called the meeting to order at 6:30 P.M.

II. **Public Comment**
None

III. **Scheduled Appointments**
Joint meeting with Library Trustees: Appointment of Library Trustee to vacancy; term May 12, 2020
Amy Yazdani, Vice-Chair of the Board of Library Trustees, told the Board that they do not have a quorum. She stated that at their meeting on January 21st, the Board of Trustees voted unanimously to recommend Janet Maney to fill the Library Trustee vacancy due to her previous experience on various boards and committees. Chairman Shea stated he thinks Ms. Maney will be a great addition and asked if she has pulled papers to run for the position. Ms. Maney replied that she has not but intends to soon. Mr. Healey, Ms. Braccio and Mr. Stivers voiced their support for Ms. Maney. Mr. Healey made a motion to appoint Janet Maney to the Library Trustee position; term May 12, 2020. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained that the letter from Mr. Donovan stated the Board of Trustees did not vote to appoint and as they do not have a quorum tonight, they must do so before Ms. Maney is officially appointed. Mr. Donovan said the Board of Trustees voted to appoint Ms. Maney at their last meeting and he may have written they voted to recommend by mistake. He said he will check the meeting minutes and report back to Mr. Purple.

Fire Chief and Police Chief: Middlesex Savings Bank donations
Chief Paulhus introduced Community Banking Officer Ed Murras and his assistant from the Middlesex Savings Bank branch on Cordaville Road. He said the bank has a program honoring first responders. They would like to donate $10,000 each to the Southborough Police and Fire Department. Chief Paulhus explained that if the Board approves the donation, he plans on using the funds for training in order for the first responders to keep themselves safe and safely serve the community. Chief Achilles stated he appreciates such a substantial donation and he plans on supplementing one of the grants to purchase a dryer for decontamination of fire gear and to supplement the purchase of safety gear for new employees. Chairman Sea welcomed the representatives from Middlesex Savings Bank to speak.

Mr. Murras explained Middlesex Savings Bank developed a program to honor first responders in communities where their branches are located. He said each community will receive $10,000 for

training, equipment, etc. He added that the branch has been located in Southborough for over twenty years and it is a pleasure to give back to the police and fire departments. Chairman Shea thanked both Mr. Murras and his assistant for coming and asked them to extend his thanks to everyone responsible for this program at Middlesex Savings Bank. Chief Paulhus stated that both departments will post an announcement regarding the donations to their social media accounts. Chairman Shea made a motion to accept the Middlesex Savings Bank donations to the Fire and Police Departments as stated. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Karen Galligan, DPW Superintendent – PWPB recommendation for water rate adjustment

Ms. Galligan introduced Matt Abrahams from the Abrahams Group who assisted in the study. She stated that after a water rate study adjustment was done, the tiers and rates have changed. She said the goal was to take the burden off of residents with low water usage and seniors. She said the recommendation of the rates included in the memo in the packet has been approved by the Public Works Planning Board and the Finance Team. She added that moving forward this would be looked at on a yearly basis so rate adjustments would be more gradual. Mr. Healey asked if the average water bill would be increasing by $50. Mr. Abraham stated the higher tiers will see an increase of about $100 and the lower tiers will be less than that. Ms. Galligan clarified that of the ten towns similar in MWRA water use to Southborough, the Town went from 9th out of ten to 6th out of ten in terms of cost. Mr. Stivers said he voted in support of this recommendation as a member of the Public Works Planning Board and confirmed that low-volume users will see an increase of 17% and high-volume users will see an increase that exceeds 50% from last year. He explained some of the drivers behind the increase, suggestions to restore the reserve fund and initiatives to conserve water. Mr. Healey made a motion to accept the recommendation from DPW Superintendent Galligan in her February 5, 2020 memorandum and attachments for a change in water rate with a revised change of cost per cubic foot of water for water usage of 3001 to 10,000 CF to $6.86 instead of $6.68. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

IV. Reports

Town Administrator's Report

Mr. Purple stated since the Board voted on budget items last week, there is no budget update this evening. He stated the Advisory Committee is meeting tonight with Mr. Ballantine to review their budget suggestions. Mr. Purple said he hoped to identify any potential discrepancies between budget recommendations from the Board and Advisory soon.

Chairman's Report

Chairman Shea reminded all boards, committees and employees to fill out the acknowledgement receipt of the conflict of interest packets. The receipts are due to the Town Clerk by the end of this month. The Town Clerk is required to report all those who have and have not submitted these forms and urged all to return these for full compliance.

Chairman Shea thanked the New England Center for Children for hosting Board members on a tour and presentation today. He acknowledged the tremendous work they do for children in need of services in Southborough and across the State and Country.

Chairman Shea reminded the public that the Southborough Police Department is partnering with Northborough and Westborough for the Citizen's Police Academy. He described the program and urged those interested to email their applications to Stephen Neivert at

sneivert@southboroughma.com. The applications can be found on the Town website and must be submitted by March 7, 2020.

Chairman Shea reminded the public that the voter registration deadline is tomorrow, February 12, 2020. He added that the Town Clerk's Office will be open until 8:00 P.M. tomorrow.

Chairman Shea stated the Southborough Annual Town Report was considered for an award by the MMA and received third place in category two.

Chairman Shea stated there is an open job opportunity for an administrative assistant position for the Council on Aging. Information can be found on the Town website and applications are currently being accepted.

Members' Report

Mr. Stivers echoed Chairman Shea's comments regarding his visit to the NECC. He commended them for their groundbreaking support for children diagnosed with autism.

Mr. Stivers stated he attended the MMA annual meeting including multiple workshops and presentations. He said there was discussion about cable license contracts and a new rule set to reduce the prices Verizon and Charter pay for licensing in towns and cities. He acknowledged that the Town is currently in the process of renegotiation with cable TV and has passed this information to the Cable Television Committee. Mr. Stivers stated at a recycling presentation he was informed that due to secondary markets closing their door on recycling, waste management companies now must pay to recycle items they used to get paid for. He suggested the Public Works Planning Board address this issue and work towards a solution for Southborough. Mr. Stivers stated that after attending a workshop on economic development hosted by Dr. Barry Bluestone of Northeastern University, he found that many of the towns successful in supporting business development have done so by executing initiatives achievable in Southborough. He described possible initiatives with the Economic Development Committee to make Southborough more attractive. Mr. Stivers added that multi-use development is an effective driver of economic development and suggested the Board take a position on the EDC's Downtown Initiative. Mr. Stivers stated the Master Plan Committee meeting is tomorrow evening at Cordaville Hall at 7:30 P.M. and urged the public to attend.

V. Consent Agenda

a. Chairman Shea made a motion to approve Regular Session minutes: January 21, 2020; January 27, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

b. The motions to accept donations from Middlesex Savings Bank Charitable Foundation:

i. $10,000 for Police Department training equipment and programs

ii. $10,000 for Fire Department EMPG Grant supplementation and protective clothing were passed during the scheduled appointments earlier in the evening.

c. Chairman Shea made a motion to accept a donation of $16.00 from Joyce Golden for the Library Donation account. Mr. Healey seconded. The motion passed all in favor (4-0-0).

d. Chairman Shea made a motion to accept a donation of $100.00 from John and Connie Mauro for the Fire Department. Mr. Healey seconded. The motion passed all in favor (4-0-0).

e. Chairman Shea made a motion to approve the request to buy back a cemetery lot from John and Marlene Calkins. Mr. Healey seconded. The motion passed all in favor (4-0-0).

f. Chairman Shea made a motion to approve the recommendation for bid award for Dipietri Field renovation. Mr. Healey seconded. The motion passed all in favor (4-0-0).
g. Chairman Shea made a motion to appoint Robyn L. Stewart to Scholarship Advisory Committee, term 6/30/21. Mr. Healey seconded. The motion passed all in favor (4-0-0).
h. Chairman Shea made a motion to approve the use of $2,850 from engineering article for Breakneck Hill wetlands investigation. Mr. Healey seconded. The motion passed all in favor (4-0-0).
i. Chairman Shea made a motion to approve of SOIs for MSBA for School projects. Mr. Healey seconded. The motion passed all in favor (4-0-0).
j. Chairman Shea made a motion to approve the Executive Session minutes: January 21, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).
k. Chairman Shea made a motion to approve and release of Executive Session minutes: February 4, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

VI. Other Matters Properly Before the Board

Chairman Shea stated that Mr. Purple had sent the information earlier in the day from the Town Clerk requesting the Board include two positions on the town election ballot. He noted this has been discussed at previous meetings and was received less than the forty-eight-hour time requirement for posting the agenda. He said this matter is time sensitive and gives residents the opportunity to pull papers for these elected positions. Chairman Shea made a motion to include on the annual town election ballot two additional positions for Library Trustee; one for a one-year term and the second for a two-year term as recommended by the Town Clerk through his correspondence provided to the Board. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Continued discussion on March 28, 2020 Town Meeting Warrant

EDC downtown district overlay zoning bylaw

Mr. Purple stated the EDC sent him a letter asking this article be removed from the warrant. He added that they do intend to bring this article to the fall town meeting with the understanding they need a sponsor. Mr. Purple said the EDC will want to have a conversation with the Board regarding their goals and whether the Board would be willing to be the sponsor. He asked the Board to formally remove the article from the annual town meeting warrant.

Purchase of National Grid parcel 54-40

Mr. Purple stated this is linked to the EDC's Downtown Initiative and suggested the Board move this item to the fall town meeting. He said the contact at National Grid who handles land issues told him that if the Board were interested in pursuing this parcel, they should submit a letter of intent in order to move forward in the process for discussion.

Revised draft of SPAC bylaw

Mr. Purple stated the draft of the former ADA bylaw, now the SPAC bylaw, is included in the packet. He added that additional comments were submitted today by a committee member as well as Timothe Litt. He said the changes proposed by Mr. Litt were discussed with the ADA Committee. He asked the Board to consider the proposed changes and finalize the document to include in the warrant.

Board positions on warrant articles

Chairman Shea reminded the Board that many of the articles appear on an annual basis and he presumes the Board would be in support. He went through the draft Warrant article by article.

Chairman Shea made a motion that the Board support Articles 1-4 in the warrant. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained that Article 5 is the Salary Administration Plan and the Personnel Board will be meeting tomorrow to finalize their recommendations. He said those recommendations will be sent to the Board prior to the next meeting. Mr. Purple explained that Article 6 is the transferring of money between and among various accounts for the fiscal year ending June 30, 2020 and may no longer require a town meeting vote. Mr. Stivers asked if the article should be removed from the warrant. Mr. Purple replied he would prefer to leave it in the warrant until more information is available. Mr. Purple explained that more information will be available for Article 7 regarding unissued debt. He gave the Board an idea of the amount that will be rescinded. Chairman Shea made a motion to support Article 7. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea confirmed that Article 8 had been voted unanimously to support by the Board at the previous meeting. Chairman Shea held Article 9. Chairman Shea confirmed that Articles 10 and 11 were voted to unanimously support by the Board at the previous meeting.

Chairman Shea made a motion to support annual Articles 12, 13 and 14 as written in the packet. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple stated that Article 15 is for funding the replacement of a boiler at Mary Finn School. Ms. Braccio asked what the dollar amount is to fund this project. Mr. Purple said he would find out. The Board held their support of this Article until their February 25th meeting.

Chairman Shea made a motion to support Article 16. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea made a motion to support CPC project receipts labeled Article 17 of the Town Warrant. Mr. Healey Seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained Articles 18 and 19 are authorizing payments for bonds on projects already appropriated by Town Meeting. Chairman Shea made a motion to support Articles 18 and 19. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained Article 20 is to support the Recreation project at Kallander Field and Article 21 is to support the reconstruction of St. Mark's Church bell tower. The Board agreed they would like to hear more information on both projects. Chairman Shea stated the Board will hold these Articles and will want an update at their February 25th meeting.

Mr. Purple explained that Article 22 has been proposed by the Veteran's Agent to include exemptions up to 100% for taxpayers with personal exemptions on property. He said the Town currently provides real estate exemptions and if this were to pass, the cost would be a total of $20,000 per year. Chairman Shea made a motion to support Article 22. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea stated he recommended Article 23 as listed in the packet and the Town Clerk is in support. Chairman Shea made a motion to support Article 23. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea explained that Articles 24 and 25 are in relation to regulating speed limits in Town that originated from previous discussions regarding the dangers at Pine Hill Road. Chairman Shea made a motion to support Articles 24 and 25. Mr. Stivers seconded. Chairman Shea informed the Board that they will need to be prepared to clearly present both articles at Town Meeting. The Board agreed. The motion passed all in favor (4-0-0).

Chairman Shea made a motion to support the proposed .75% meals tax as written in the packet for Article 26. Mr. Stivers seconded. Mr. Healey stated that based on the survey Ms. Cook provided and the input from businesses affected, the addition of a meals tax is a straightforward and equitable avenue to broaden the tax base. Mr. Purple said this is thought to be very favorable for the Town and the budget is carrying an additional $75,000 in receipts. He added that if this article does not pass, the Town may end up with $75,000 less free cash at the end of the year. The motion passed all in favor (4-0-0).

Mr. Purple informed the Board that he sent them Timothe Litt's revisions to Article 27, the draft chapter for the Southborough Public Access Committee. He added that the Chair of the Committee sent an email that the Committee was in favor of Mr. Litt's changes. The Board discussed administrative corrections throughout the document and the Board agreed to the changes. After deliberation amongst the Board members, Town Clerk Hegarty and Mr. Litt, the Board voted on the following changes. Chairman Shea made a motion to change the word "enhancing" to "increasing" in paragraph two of Section 9.34. Mr. Stivers seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to remove "no more than" in the first line of section 9.34.A. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to remove the word "number" from the last line of the first paragraph in section 9.34.A. Mr. Healey seconded. The motion passed all in favor (4-0-0). Mr. Healey made a motion to accept paragraph two of section 9.34.A with a change in the parenthetical for the definition of "town employee." Mr. Stivers seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to capitalize the word "Town" in bullet two under section 9.35. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to change the words "any inadequacies" to "it's comments" to bullet three of section 9.35. Ms. Braccio seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to support this Article with the revisions voted on this evening. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Healey stated it made sense to move Article 28 to the fall town meeting as it relates to the EDC sponsored article for the downtown initiative. Chairman Shea agreed that the proposed acquisition of parcel 54-40 should be moved to the fall. Ms. Braccio agreed and felt more discussion was needed before the Board could take a position. Chairman Shea made a motion to delete Article 28 from the Town Warrant. Mr. Healey seconded. The motion passed all in favor (4-0-0). The Board asked Mr. Purple to reach out for more information regarding this parcel from National Grid and he agreed to do so.

Chairman Shea explained that Article 29 was recommended by the Town Clerk to extend the voter registration deadline from a Saturday to the following Monday. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple stated that Article 30 was brought forward through the Planning Board from the Zoning Board of Appeals and Articles 30, 31, 32 and 33 are currently before the Planning Board for the required hearing dates. He stated that Planning will be providing recommendations to the Board for these articles. Mr. Purple said the EDC has requested the removal of the proposal of a Village Mixed Use District labelled as Article 31. Chairman Shea recommended the Board hold Articles 30, 32 and 33 for the meeting on February 25th. The Board agreed. Chairman Shea made a motion to delete from the warrant the proposed Article 31 for a village mixed use district as written in the packet. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Chairman Shea stated the citizens petition for a noise bylaw is not amendable at this time. Mr. Purple agree that Article 34 can only be amended on the town meeting floor. The Board agreed to invite the proponents to the February 25th meeting for a five-minute presentation with questions to follow. Mr. Purple stated he would reach out to Mr. Lapine who proposed the article and invite him to the next meeting. He asked if the Board would like to invite Mr. Weishan who proposed the second citizens petition to ban plastics and Styrofoam. The Board agreed and Mr. Purple said he would reach out to Mr. Weishan and invite him to the next meeting. Mr. Purple added that he will also invite the CPA for an explanation on their projects at Kallander Field and the St. Mark's bell tower.

Mr. Purple reiterated to the Board they had decided to hold Articles 5 and 6. He said he will confirm if Ms. Rosenbloom could present the proposed changes to the Personnel Salary Administration Plan at the meeting on the 25th. He said Article 6 has been held by the Board to determine whether it is needed to be included in the warrant. He stated that Article 9 for the Water Enterprise Fund can be held on the 25th as well.

Draft committee charge for Capital Planning Committee

Chairman Shea made a motion to delete "no more than" in the first line. Mr. Stivers seconded. The motion passed all in favor (4-0-0). Mr. Purple explained that the charge for the Capital Planning Committee is somewhat new and he worked with Mr. Ballantine and Mr. Malinowski to create the draft included in the packet. The Board discussed whether there should be five resident members or three resident members and a Board member and Advisory member. Mr. Purple reminded the Board this will be an ad-hoc committee. Chairman Shea recommended five members at large with a representative from the Board and Advisory for a total of seven members. Mr. Healey suggested the Committee should consist of five members and include wording for the option to include a Board and Advisory member. He suggested the wording, "made up of five members all appointed by the Board of Selectmen." The Board agreed. Chairman Shea suggested the word "projects" in the middle of the first paragraph should also include the words "capital items." The Board agreed. Chairman Shea suggested that the word "should" in the bulletted items be changed to "will." The Board agreed. Mr. Healey made a motion to support the committee charge for the Town of Southborough Ad-Hoc Capital Planning Committee with the changes agreed upon this evening. Mr. Stivers seconded. The motion passed all favor (4-0-0). Chairman Shea encouraged the public to go to the Town website to fill out an application to be a member of this Committee. Ms. Hale suggested a February 20th deadline for the submittal of applications. The Board agreed. Ms. Hale stated she will ask other

Town Departments to share these openings for the Capital Planning Committee on their social media accounts.

I. On a motion made by Chairman Shea, seconded by Mr. Stivers and voted all in favor, the meeting was adjourned at 8:27 P.M.

Upcoming Meetings *February 25, 2020* *March 10, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

Subject: ADA Charter and Warrant Article

Mark,
Thank you and the Board of Selectmen for your attention to and support of the ADA Committee warrant article and charter. The Committee today reviewed the Selectmen's latest modifications and are supportive of these changes. Mr. Litt has also made a few minor suggestions which he has forwarded to you. We also support these minor changes ... especially verbiage dealing with the confidentiality of those reporting ADA concerns. We hope that you will forward these minor changes to the Selectmen for their consideration.

Cordially,

Bill Sines

ANNUAL WARRANT

of the

TOWN OF SOUTHBOROUGH

MASSACHUSETTS

For the Annual Town Meeting
on

March 28, 2020
1:00 – 5:00 p.m.
7:00 – 11:00 p.m.

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. February 18, 2020

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Saturday, March 28, 2020

at ***1:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2019 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the

longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Board Recommendation:
Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.*

ARTICLE 5: To see if the Town will vote to accept the following changes, as noted in BOLD in the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees. The changes are noted in* ***bold.***

ARTICLE 6: To see if the Town will vote to transfer a sum of money between and among various accounts for the fiscal year ending June 30, 2020, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is intended to address any unexpected or unusual funding needs for the current fiscal year via transfers between accounts.*

ARTICLE 7: To see if the Town will vote to rescind the authorized, but unissued debt of the Town originally appropriated for acquiring real estate from St. Mark's School of Southborough, Inc., approved by a vote of Town Meeting under Article 1 on March 8, 2017, which borrowing authority is no longer required for the purposes for which it was originally approved; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Public Safety Building Committee completed the new Public Safety Facility, nearly on time and well under budget. As a result of their efforts, the total cost of the project, including land purchase, has been reduced from $27.1M to $24.1M, a reduction of $3,000,000. As those funds have not been borrowed yet, and are not needed to complete the project, the Town is seeking approval to rescind that amount of borrowing authority approved by Town Meeting under Article 1 on March 8, 2017.*

ARTICLE 8: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2021, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

SEE BUDGETS ON THE FOLLOWING PAGES

Proposed by: BOARD OF SELECTMEN

DRAFT

Summary: *See budget report including Advisory Committee and Board of Selectmen's FY21 recommendations. If the Advisory Committee recommendation differs from that of the Board of Selectmen, it shall be noted in that departmental budget.*

ARTICLE 9: To see if the Town will vote to raise a sum of money as may be necessary for the Water Enterprise Fund's use for Fiscal Year 2021, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

SEE BUDGET ON THE FOLLOWING PAGE

Proposed by: BOARD OF SELECTMEN

Summary: *See budget report including Advisory Committee and Board of Selectmen's FY21 recommendations. If the Advisory Committee recommendation differs from that of the Board of Selectmen, it shall be noted in that departmental budget.*

ARTICLE 10: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	DESCRIPTION	REQUEST	LEVY	OTHER FUNDS
A.	DPW – Transfer Station E&D for renovation	$ 35,000	$ 35,000	
B.	DPW – Large Truck & Equipment Body Work	$ 12,000	$ 12,000	
C.	DPW – Road Maintenance	$325,000	$325,000	
D.	Fire/Police – Repeaters for Radio System	$ 45,000	$ 45,000	
E.	Library – Replacement Boiler	$ 85,000	$ 85,000	
F.	Library – Energy Management System	$ 75,000	$ 75,000	
G.	ADA Title II Self-evaluation	$ 40,000	$ 40,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:
A.
B.
C.
D.
E.
F.
G.

ARTICLE 11: To see if the Town will appropriate a sum of money to pay costs of the projects listed below, and for the payment of costs incidental or related thereto, and to determine whether this amount shall be raised by borrowing, transfer from available funds, or otherwise:

	DESCRIPTION	REQUEST	LEVY	WATER AND OTHER FUNDS
A.	Fire Pumper	$600,000	$600,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:
A.

ARTICLE 12: To see if the Town will vote to raise and appropriate or transfer from any available funds the sum of $28,000 for the purpose of paying to retirees the amount due for accrued vacation and sick time, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will fund any vacation and sick pay due to employees upon their retirement.*

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of $10,000 for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will provide funds to be used to pay the deductible for property damage which is not covered by insurance.*

ARTICLE 14: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities Manager shall report all funded projects to the Advisory Committee as requested, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will provide for the maintenance and repair of capital equipment and systems associated with the Town's buildings and facilities.*

ARTICLE 15: To see if the Town will vote to appropriate, borrow or transfer from available funds, an amount of money to be expended under the direction of the School Committee for replacement of the boiler at the Mary E. Finn Elementary School, 60 Richards Road, Southborough, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program and for which the Town has applied for a school construction grant from the Massachusetts School Building Authority ("MSBA"). The Town acknowledges that the MSBA's grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and if the MSBA's Board of Directors votes to invite the Town to collaborate with the MSBA on this proposed repair project, any project costs the Town incurs in excess of any grant that may be approved by and received from the MSBA shall be the sole responsibility of the Town, or do or act anything in relation thereto.

Proposed by: SCHOOL COMMITTEE

Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 16: To see if the Town will vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2021:

1.	Immunization/emergency dispensing clinic; $12,000.
2.	Inspectional services; $100,000.
3.	9-11 Field Maintenance; $100,000.
4.	Wetland Protection; $30,000.
5.	Hazardous materials; $75,000.
6.	CPR classes; $6,500.
7.	Community garden; $2,500.
8.	Recreation programs; $450,000.
9.	Tobacco Control Program; $4,000.
10.	Golf Course maintenance; $30,000.

, or do or act anything in relation thereto.

Proposed by: BOARD OF HEALTH, BOARD OF SELECTMEN, RECREATION COMMISSION, AND CONSERVATION COMMISSION
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article approves the annual spending limits for revolving funds that are now authorized by Town by-law.*

ARTICLE 17: To see if the Town will vote to accept the report of the Community Preservation Committee for the FY 2021 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as follows:

Estimated Surcharge Receipts (based on Town Treasurer's projections).....	$376,373
State Match (projected FY2021 State match).....	$ 54,547
FY2020 State Match Adjustment.....	$ 31,049
Total Projected Revenue.....	$461,968

Set Aside- Open Space

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for acquisition, creation or preservation of open space, and for the rehabilitation and/or restoration of open space acquired under the Community Preservation Act.

Set Aside – Historic Preservation

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for the acquisition, preservation, rehabilitation and restoration of historic resources.

Set Aside – Community Housing

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for the creation, preservation and support of community housing, and for the rehabilitation and/or restoration of community housing acquired under the Community Preservation Act.

Administrative Costs – Community Preservation Committee

$23,098 to defray the administrative and operating expenses of the Community Preservation Committee in FY2021 for the Community Preservation Fund (discretionary)

Set Aside -Budgeted Reserve/Discretionary

Reserved For FY21 CPF (Budgeted Reserve/Discretionary) $300,279

, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The budget and set asides are an annual requirement under the Community Preservation Act.*

ARTICLE 18: To see if the Town will vote to appropriate $85,437.50 to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation. $32,278 from the CPA Historic Preservation Reserve Fund and $53,159.50 from the CPA FY2021 Budgeted Reserve Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment towards the FY2021 debt funding for the Preservation Restriction of 84 Main Street as approved at the 2016 Annual Town Meeting.*

ARTICLE 19: To see if the Town will vote to appropriate a total of $114,753 to be applied towards the bond for the renovation and restoration of the Historic Southborough Library building, $19,749 for interest due September 2020 and $95,004 to be applied towards the bond for the purpose of Historic Preservation. $32, 278 from the CPA historic Preservation Reserve Fund and $82,475 from CPA General Unreserved Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is the Community Preservation Fund payment toward the FY2021 debt funding for the renovation and restoration of the Historic Southborough Library as approved at the 2019 Annual Town Meeting.*

ARTICLE 20: To see if the Town will vote to appropriate $238,750 from the CPA Fund FY2021 Budgeted Reserve for the renovation and restoration of Kallander Field, located on Kallander Drive in Southborough (Parcel ID 56-0000-012-0) for recreation purposes as requested by the Recreation Department. This consists of $210,100 in project costs and an additional $28,650 in contingency funding. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the Recreation Director Tim Davis and the Southborough Recreation Department, said funds will be used to restore and renovate Kallander Field, to address significant drainage issues that plague the field.*

ARTICLE 21: To see if the Town will vote to appropriate $200,000 for the restoration and preservation of the Historic St. Mark's Bell Tower located at 27 Main Street Southborough for Historic purposes. $32,277 from the CPA Historic Preservation Reserve Fund and $167,723 from CPA General Unreserved Fund. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the St. Mark's Building Committee said funds will be used to restore and preserve the St. Marks Bell Tower in conformance with a Preservation Restriction held by the Massachusetts Historical Commission. The goal is to preserve St. Mark's Bell Tower for many future generations of Southborough residents to enjoy. Built in 1891 on land donated by Joseph Burnett, the tower has fallen into major disrepair over the years. Issues include water penetration, unevenly faced stones, cracked mortar joints, and stone slippage. Without restoration of the tower, the historic viewscape of our town will be forever changed. Satisfying the Community Preservation Act goal to preserve and maintain historic landmarks, this project would preserve the tower and keep its historical significance. St. Mark's Church is part of the Southborough Historical Commission project to add downtown Southborough to the State and National Register of Historic Places. The tower restoration project strictly falls under historic preservation and does not contain any religious depiction. This $200,000 request is for partial funding of total project costs of $565,000 with remainder raised by St. Mark's.*

ARTICLE 22: To see if the Town will vote to accept Massachusetts General Laws Chapter 59, Section 5C1/2, which provides for an additional real estate exemption for taxpayers who are granted personal exemptions on their domiciles under Massachusetts General Laws Chapter 59, Section 5, including certain blind persons, veterans, surviving spouses and seniors, and to provide that the additional exemption shall be up to 100 percent of the personal exemption, to be effective for exemptions granted for any fiscal year beginning on or after July 1, 2020, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Adoption of this local option will increase the property tax abatement benefits to Southborough veterans and non-veterans who currently meet eligibility requirements for personal exemptions on their property. Funds for these abatements are carried in the Assessor's overlay account.*

ARTICLE 23: To see if the Town will vote to amend Section 9-24 "Qualification of elected and appointed officials" of the Town Code, by deleting the text in its entirety, and replacing with the following:

"All elected and appointed officials shall be qualified by the Town Clerk within 30 days of their election except where a different period is specified in the General Laws. If an appointed official is not qualified in this period, his/her appointment shall terminate, and the appointing authority shall be so notified by the Town Clerk."

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 24: To see if the Town will vote to adopt MGL c.90, Section 17C to allow the Board of Selectmen to reduce the statutory speed limit from 30MPH to 25MPH on any or all town-owned roadways in thickly settled or business district areas, or do or act anything in relation thereto.

Advisory Committee Recommendation:
Summary:

ARTICLE 27: To see if the Town will vote to adopt as Chapter 9, Article IX 9 through **Error! Bookmark not defined.** of the Town bylaws, the following:

Article IX Southborough Public Accessibility Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)

DRAFT

- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and enhancing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be a Southborough Public Accessibility Committee ("SPAC"), which shall consist of no more than five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum number for the SPAC for voting purposes.

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" means an individual who serves in a Town position established through the Town's Salary Administration Plan, but provided that this exclusion specifically does not apply to individuals who are not serving in a position established through the Town's Salary Administration Plan but who are considered "Municipal Employees" or "Special Municipal Employees" through their service as a volunteer on another Town board, committee or commission).

The Board of Selectmen shall designate an Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned.

The Building Commissioner and Coordinator shall be ex-officio members of the SPAC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided between one and two-year terms, so as to establish overlapping terms.

§9.34.C Organization

The voting SPAC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

§9.34.D Funding

The SPAC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The SPAC shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the SPAC budget shall require a majority vote of the SPAC, and shall be subject to the Town's policies for such expenditures.

§9.35 Powers and Duties

The SPAC Powers and Duties include, but are not limited to, the following:

- To monitor and enhance the Town's compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public.
- In coordination with Town officers, departments, and other government entities, to endeavor to ensure that all town citizens have equal access to:
  - Town government offices and communications
  - Public and commercial buildings
  - Programs
  - Goods and services
  - Transportation
  - Telecommunications, including the internet
  - Recreational facilities and programs

- To review existing and proposed facilities, programs, and projects undertaken by the Town, and to notify the responsible official or entity of any inadequacies. The SPAC may request that other Town officials, committees, departments, and/or entities provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program.

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

ARTICLE 28: To see if the Town will vote to borrow and appropriate the sums of $257,100.00 to authorize the Board of Selectmen to acquire a parcel of land located off of Main Street, identified as Parcel 54-40 by the Town of Southborough Assessor records, consisting of 1.67 acres ± owned by Massachusetts Electric Company d/b/a National Grid, title reference the Worcester Registry of Deeds Book 3320, Page 151, subject to and with the benefit of any easements or rights that may exist of record. and to enter into all agreements and execute any and all instruments as may be necessary to effect said purchase.

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 29: To see if the Town will accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

;or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Acceptance of this provision of the General Law would extend a voter registration deadline which occurs on a Saturday to the following Monday.*

ARTICLE 30: To see if the Town will vote to amend Section 174-9 Special Permit Requirements, and Section 174-19 Extensions or Alterations to reflect current case law, as marked below (changes in red):

Article I: Miscellaneous Provisions

§ 174-9 **Special permit requirements.**
[Amended 4-14-1986 ATM by Art. 46]

E. Nonconforming uses, lots and structures. Special permits may be issued for the extension, alteration, reconstruction or otherwise structure change of legally nonconforming uses, structures and lots, including a change in the nonconforming use to another nonconforming use, provided that the Board of Appeals finds that such extension, alteration, reconstruction or otherwise structural change shall not be substantially more detrimental to the neighborhood, will not increase the extent of nonconformance in size or in impact and that the cost thereof shall not exceed 50% of the assessed value of the nonconforming structure at the time of application, and further provided that the estimate of the cost of any extension or alteration utilized by the Board of Appeals in evaluating the above specified 50% requirement of the assessed value shall not be less than a cost estimate of such extension or alteration based on a nationally recognized building cost estimate manual or system acceptable to the Zoning Board of Appeals.
[Amended 4-15-2008 ATM by Art. 38]

§ 174-19 **Extensions, alterations, reconstruction or structural changes.**
[Amended 4-10-2000 ATM by Art. 55]

A. Nonconforming structures or uses shall not be extended, reconstructed or structural changes made, except to make them conforming, unless the Board of Appeals authorizes such extension or alteration by special permit upon making findings as provided in § **174-9E**. Any alteration, extension, reconstruction or structural change not listed in subsection B (1) (2) (3) or (4) will require an application to the Board of Appeals.

B. Single-family and two-family residential structures. In the following circumstances, alterations, reconstruction, extension or structural change to a single-family or two-family residential structure shall not be considered an increase in the nonconforming nature of the structure and shall be permitted as of right:
[Amended 10-7-2013 STM by Art. 9]

(1) Alteration, extension, reconstruction or structural change to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient area, where the alteration will also comply with all of said current requirements;

(2) Alteration, extension, reconstruction or structural change to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient frontage, where the alteration will also comply with all of said current requirements;

(3) Alteration, extension, reconstruction or structural change to a structure which encroaches upon one or more required setbacks, where the alteration will comply with all current setbacks, open lot coverage and building height requirements. The provisions of this Subsection **B(3)** shall apply regardless of whether the lot complies with current area and frontage requirements.

(4) Alteration, reconstruction, extension or structural change as proposed and constructed does not intensify any existing nonconformities or result in any additional nonconformities.

; or do or act anything in relation thereto.

Proposed by: ZONING BOARD OF APPEALS
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 31: To see if the Town will vote to amend the Zoning Bylaw to establish a downtown overlay district as follows:

SECTION XX – VILLAGE MIXED USE DISTRICT (VMUD)

XX.1 Purpose
a) Promote revitalization of Southborough's Downtown to encourage a mixed-use environment.

b) Encourage a diverse mix of business, commercial, office, residential, recreational uses for workers, visitors and residents that are pedestrian/bike friendly.
c) Update the range of commercial uses allowed thereby creating local jobs, provide more diverse local housing opportunities (within mixed use development), and modify dimensional requirements to encourage village-style streetscapes and uses.
d) Increase the town's tax base by creating a thriving small business environment, attracting new enterprises, helping existing businesses, thus promoting economic development.
e) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the district.
f) Encourage live/work/play and create pedestrian friendly walking where the community can gather.

XX.2 Applicability and Administration

XX.2.1
The Village Mixed Use District (VMUD) is hereby established as a zoning overlay for the Downtown Business Village District (DBVD) as shown on the Town of Southborough Zoning Map on file with the Town Clerk. The District boundaries are as indicated on the Map.

XX.2.2
The site and design guideline criteria within this Section shall be applicable to all residential buildings with two or more units and non-residential developments within the district. This includes any new building construction; a change in building use (adaptive reuse of an existing building) or a significant alteration of the existing building facades; work which results in the increase of floor area through either an addition to the principal structure; addition of a new accessory structure, or significant change to an existing accessory structure; or any activity requiring a new curb cut.

XX.2.3
The Planning Board shall be the permit granting authority for the Village Mixed Use District.

XX.2.4
Affordability: For projects greater than eight residential units, projects must include affordable housing units as specified below:

XX.2.4.1 Ownership Units. For all Projects where the Affordable Units proposed are Homeownership Units, not less than twenty percent (20%) of the total housing units constructed in a Project shall be Affordable Housing.

XX.2.4.2 For all Projects where the Affordable Units proposed are Rental Units not less than twenty five percent (25%) of total housing units in any building containing rental units shall be Affordable Housing;

XX.2.4.3 For purposes of calculating the number of units of Affordable Housing required within a Project, any fractional unit of 0.5 or greater shall be deemed to constitute a whole unit.

XX.2.4.4 Affordable Units shall comply with the requirements of Massachusetts Executive Office of Housing and Economic Development requirements for counting towards the Town's Subsidized Housing Inventory.

XX.3 Definitions
Mixed Use Development - A development of two or more compatible land uses, such as residential, office, retail, recreational, and light industrial.

XX.4 Permitted and Prohibited Uses

XX.4.1 Allowed Uses
The following uses are allowed as of right in the Village Mixed Use District:
1) Mixed-use developments
2) Multi-family dwelling up to 9 units per acre only in mixed-use development on the upper floors

3) Community and/or neighborhood centers
4) Retail up to 8,000 sq. ft.
5) Personal and consumer services up to 8,000 sq. ft.
6) Restaurants (no drive-up window)
7) Medical/dental offices
8) Offices
9) Banks (no drive-up window)
10) Bed and breakfast
11) Indoor recreation
12) Artist Live/Work/Gallery

XX.4.2 Allowed Uses by Special Permit
1) Retail over 8,000 sq. ft.,
2) Personal and consumer services over 8,000 sq. ft.,
3) Multi-family dwelling without a mixed-use component, where it can be demonstrated that a commercial component is not financially viable or where such a use would be inconsistent with adjacent uses.
4) Multi-family dwelling in excess of 9 units per acre for parcels less than 2 acres in size and within an existing structure(s), where redevelopment of a structure or structures can accommodate greater than 9 units per acre, not to exceed 16 units per acre, and would be consistent with the architecture of the building(s) and intent of the district.

XX.4.3 Prohibited Uses
1) Retail, personal/consumer services, banks, etc. with drive-up windows
2) Gas stations
3) National chain restaurants and retail stores

XX.5 Restrictions

XX.5.1
Location and Distribution of Uses. The ground floor of a commercial building or mixed-use building (any combination of retail, office, and residential) shall be occupied by commercial uses only. For projects consisting of multiple buildings, commercial use shall be required for the principal building and residential may be permitted on the first floor of secondary buildings upon issuance of a special permit.

XX.5.2
Maximum residential density shall be nine dwelling units per acre, unless allowed through the issuance of a special permit.

XX.6 Intensity of Use
a.) Minimum lot size – 10,000 square feet.
b.) Minimum frontage – 50 ft.
c.) Minimum yards:
- Front – none
- Side – 5 ft.
- Rear – 10 ft.
d.) Maximum building coverage – 75%
e.) Maximum building height – 40 ft.

XX.7 Parking
The following guidelines are included to ensure that new and renovated off-street parking areas are constructed in accordance with the district's desired design character, the provisions of this bylaw, and other town bylaws pertaining to parking.
1) Parking lots for new construction shall be located to the side and rear of the lot unless such a location is not feasible. Parking is prohibited within the front yard. Parking lots that abut public rights of way or grade parking under the building shall be screened with one or a combination of the following:
i. A low wall made of concrete, masonry or other suitable material not exceeding a height of 3 feet.

ii. Raised planters planted with a minimum of 80% evergreen shrubs not to exceed a total height of 6 feet (including planter).
iii. Landscaping consisting of a mix of trees and shrubs provided that 80% of the shrub plantings are evergreen.
2) Walls, fencing and architectural details shall complement the materials of adjacent architectural styles.
3) Where walls are provided, planting areas shall be a minimum width of 4 feet and should be located adjacent to the public right of way.
4) Where possible, parking areas shall be interconnected in a manner that allows the unobstructed flow of pedestrians between uses and parking areas.
5) In large parking lots (10 or more spaces) provision for bicycle racks shall be provided in locations that are safely segregated from automobile traffic and parking.

XX.7.1 Shared parking
Shared parking is the approved use of the same off-street parking spaces for two or more uses where peak parking demand of the different uses occurs at different times of the day, or, where various uses are visited without moving the automobile; and, where the division of parking spaces is a net decrease from the combined total of each use's individual off-street parking requirements, if required separately.

XX.7.1.1 Requirements and Criteria.
Shared parking arrangements are subject to review and approval by the Planning Board subject to the following requirements and criteria:

a) Submission of a reciprocal agreement executed by the owners and operators of the different sources or uses ensuring the long-term joint use of such shared parking, and defining the terms upon which the parking is shared;
b) If required by the Planning Board information concerning the following may be requested:
    a. the hours of operation and parking demand for each use;
    b. the hours of peak demand for parking;
    c. a description of the character of the land use and the parking patterns of adjacent uses;
    d. an estimate of the anticipated turnover in parking space use over a 24 hour period of time;
    e. a site plan showing all proposed parking spaces, including the shared use spaces in the lot and the walking distance to the uses sharing the lot; and
    f. any other information concerning parking deemed necessary by the Planning Board to render a decision.
c) In the event that the conditions for shared parking change, or if the shared parking arrangement is discontinued, the applicant shall notify the Planning Board within 10 days. The Planning Board shall then require the applicant to meet the applicable parking requirements found in Section 4.2.2 Off-Street Parking Schedule

XX.7.2 Decision
A determination shall be made by the Planning Board that the shared parking:
a) is no more than 500 feet from each use sharing the parking facility;
b) hours of operation and peak demand of the uses involved shall not conflict; and
c) will provide an adequate number of spaces for the applicable uses.

XX.7.3 Off-Street Parking Schedule
Multi-family dwelling:
a) Studio and 1 bedroom – 1 space per unit
b) 2 bedroom – 1.5 spaces per unit
c) 3 or more bedrooms – 2 spaces per unit

XX.8 Curb Cuts
Developments shall be designed in a manner that minimizes the number of curb cuts. To the extent feasible, access to businesses shall be provided through one of the following methods:
(a) from an existing side or rear street thus avoiding the principal thoroughfare or (b) from a common driveway serving one or more adjacent properties.

The Planning Board may deny a curb cut if the proposed development is inconsistent with the following guidelines:
i. Curb cuts shall be limited to one unless the Board feels that due to large parcel size an additional cut is justified.

ii. When access is available from a public side or rear street the Board may deny a curb cut from a primary street.
iii. Shared drives are encouraged between adjacent parcels when appropriate.

XX.9 Performance Standards

XX.9.1 Pedestrian and Bicycle Access
Provision for safe and convenient pedestrian access shall be incorporated into plans for new construction of buildings and parking areas and should be designed in concert with landscaping plans noted below. Site plans in the Village Mixed Use District (VMUD) should provide for continuity from sidewalks in public streets to all pedestrian entrances on the site, and walkability should be given primary importance over road speed and other access criteria. New construction should improve pedestrian access to buildings, sidewalks and parking areas and should be completed with consideration of pedestrian safety, handicapped access and visual quality. Where appropriate, applicants are encouraged to provide pedestrian and/or bicycle paths connecting the site with abutting areas in order to promote pedestrian and bicycle circulation and safety in the VMUD. When parking is located in the rear, pedestrian access via a pedestrian-oriented alley or walkway through to the primary street is encouraged.

XX.9.2 Landscaping
Landscaping shall be incorporated into new and redeveloped properties in such a way as to create visual relief and interest, provide shade for pedestrian areas and to screen parking and loading areas. Landscape plans shall be prepared by a registered landscape architect. Landscape plans shall show the location, type, and size of all proposed plantings.

XX.9.2.1 Side Yard Treatment
a.) Where the distance between structures on adjacent lots is 10 feet or less the side yard shall be screened by a solid fence, wall or landscape treatment of evergreen plantings at a height not to exceed 3 feet.
b.) Where the distance between structures on adjacent lots is greater than 10 feet landscaping shall consist of a combination of materials sufficient to break up the view into the side yard but, for safety reasons, in no case should this planting be impermeable.
c.) Side yards may, in the alternative, be established as pedestrian walkways to access parking areas to the rear of the building. Such walkways shall be landscaped and lighted for safety.

XX.9.2.2 Parking Areas
a.) Large parking areas shall be relieved by landscaped islands of a minimum of 8 feet in width, equal in depth to the depth of a typical parking space and located such that there is one island per 10 continuous spaces.
b.) Alternatively, at least 5% of the interior area of the lot shall be devoted to landscaping. Areas described in the above shall have at a minimum one shade tree with a minimum caliper of 2 ½ inches diameter breast height (DBH). Trees planted in such locations shall be planted in protected pervious areas which have a minimum dimension of 5 feet.
c.) Where lots abut public rights of way, shade trees with a minimum caliper of 2 ½ inches, shall be provided within a planting strip no less than 4 feet in width and at a rate of one tree per every 6 continuous spaces.

XX.9.2.3 Trash and Service Areas
a.) All service, loading and trash storage areas visable from a public right of way or from an adjacent residential area shall be screened by one or a combination of masonry, a wood screen, or evergreen plantings to reduce their visual impact.
b.) Loading and service areas shall not face any residential area unless no other location is possible. Loading areas shall be subject to screening requirements stated herein.
c.) Garage doors and loading spaces are prohibited on the front façade of any building unless no other location is feasible.

XX.9.3 Design Regulations

XX.9.3.1 Orientation

Buildings shall be oriented parallel to the front setback line to preserve a consistent façade line with the street. Primary building entrances should easily be identified and be oriented to the street. The primary entry should be clearly visible from the public street which provides the building's main orientation.

XX.9.3.2 Articulation

New and redeveloped buildings should reinforce the character of the existing streetscape by creating visual interest and reinforcing pedestrian scale. The apparent bulk and large wall expanses of multi-story buildings as well as single story buildings of 15' height or more should be minimized by incorporating one or preferably a combination of the following:

i. Windows
ii. Architectural Details
iii. Canopies
iv. Overhangs
v. Indented Bays
vi. Change of Building Materials

The top of such buildings should display a distinct profile or outline incorporating such elements as a projecting parapet, cornice, upper level setback or pitched roofline. When immediately adjacent a building with such articulation, new and redeveloped buildings should provide a treatment that is respectful, such as providing a consistent cornice line where possible.

Large expanses of blank walls are prohibited for commercial and mixed use buildings. The ground floor facade along the primary street shall have continuous storefront windows, with the exception of necessary piers, columns, pilasters, etc.

XX.9.3.3 Transparency

For commercial and mixed- use buildings, a minimum of 60% of the building façade oriented to the street must be comprised of clear windows that provide views to indoor retail space, dining space or product areas when applicable. Where parking occupies the ground floor the same solid to void ratio must be achieved utilizing techniques such as half-walls, grillwork, or landscaped trelliswork or their equal.

XX.9.3.4 Doors and Entrances

a) Buildings must have a primary entrance facing a public street or way and should be visually prominent.
b) In buildings with multiple ground floor tenants' entries should provide a coordinated design theme i.e. a common canopy, architectural projection or awning design.

12.9.3.5 Pedestrian Spaces and Comfort For the purpose of providing a pedestrian friendly environment in the VMUD, new and redeveloped buildings should provide for outdoor seating areas, scaled to the size and demands of the proposed use, where feasible. For example, a large, multi-story project should provide a patio or small plaza area located near the front entry with multiple benches and landscaping. A mixed use project with ground floor retail such as a restaurant may provide an area for outdoor dining which extends the indoor dining space for seasonal use. A ground floor use may provide a sidewalk bench where there is sufficient width.

The following guidelines should be considered in the design and location of pedestrian spaces:

a.) Flexible design to allow for flexible use
b.) Buffering from major vehicular areas such as parking lots or main traffic ways
c.) Lighting for nighttime comfort and safety
d.) Appropriate street furnishing…i.e. benches, trash receptacles
e.) A focal element where appropriate such as a water feature, special landscape feature or public art installation
f.) Decorative paving and seasonal planting
g.) South facing locations
h.) Visual connectivity, especially to important views such as an historic structure
i.) Appropriately scaled to the development

XX.9.3.7 Lighting

Site lighting, security lighting and architectural/landscape lighting should provide the user with illumination levels appropriate for the designed activity (i.e. parking, walking, outdoor dining) while meeting minimum requirements. Illumination levels should also be reasonably uniform throughout the site and strive to minimize glare. Provide adequate lighting levels in all pedestrian areas, including building entries, along walkways, parking areas, and other public areas. Provide the following in lighting plans:
a.) An overlapping pattern of light at a height of about 10-15 feet in lighted pedestrian areas and 20 – 24 feet in parking areas.
b.) Lighting at consistent lumens with a gradual transition to unlighted areas. Highly contrasting pools of light and dark can be temporarily blinding and should be avoided.
c.) In each lighted area, design lighting levels that will allow pedestrians to identify a face 15 yards away (generally, a minimum of 4 foot-candles). Adequate lighting reduces anonymity and gives pedestrians an opportunity to choose another route.
d.) Adequate lighting at all building entrances, exits and corridors between buildings, at least 4 foot candles during active use, especially where doors are recessed.
e.) Confine site lighting to the project site; use shields or other methods to eliminate glare on adjacent properties.
f.) Place light posts and standards so that they do not create hazards for pedestrians or vehicles.
g.) Indicate specific lighting levels in each lighted area.

XX.9.3.8 Quality of site furnishings
Provide for the following site plan elements:
a.) High-quality materials in site furnishings and features, such as durable and easily maintained walls and paving.
b.) Site features and furnishings that discourage vandalism. Furnishings that are easily removed or do not convey an image of care invite misuse.
c.) Safety materials, such as non-slip walkway surfaces.

XX.9.3.9 Signs
a.) It is encouraged that signs that project from the building are to be designed in such a way that they are compatible with the nature of Village District (e.g. wooden "antique-style" signs).
b.) Sign materials in the Village District for hanging signs: Traditional-looking materials such as wood, brass, bronze, or others are encouraged, as they are most appropriate. Wooden signs should be constructed of dense wood that will accept paint readily.

XX.9.3.10 Water Supply Performance Standards
a.) All stormwater runoff generated from development and land use conversion activities shall not discharge untreated stormwater runoff directly to a wetland, local water body, municipal drainage system, or abutting property, without adequate treatment.
b.) Annual groundwater recharge rates shall be maintained, by promoting infiltration and recharge through the use of structural and non-structural methods. At a minimum, annual recharge from the post development site shall equal the annual recharge from pre-development site conditions.
c.) The storm water runoff volume to be recharged to groundwater should be determined using the methods prescribed in the latest version of the Massachusetts DEP Storm Water Management Manual. The recharge requirements shall apply to all activities within the jurisdiction of this by-law except as noted, and unless specifically waived by the Planning Board.
d.) All structural stormwater management facilities shall be selected and designed using the appropriate criteria from the most recent version of the Massachusetts DEP Stormwater Management Manual. For other structural stormwater controls not included in the Massachusetts Stormwater Management Manual, or for which pollutant removal rates have not been provided, the effectiveness and pollutant removal of the structural control must be documented through prior studies, literature reviews, or other means and receive approval from the Planning Board before being included in the design of a Stormwater Management system.

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

Summary:

ARTICLE 32: To see if the Town will vote to amend the Code of the Town of Southborough, Zoning Article III, by replacing thereto Section § 174-12.1, entitled Outdoor illumination as presented below.

A. Purpose. This section recognizes the benefits of outdoor lighting and provides clear guidelines for its installation, to help maintain and complement Southborough's character. The intent of this section is to:

[1] Encourage lighting that provides night-time safety, utility, security, productivity, enjoyment, and commerce;
[2] Prevent glare on public roadways;
[3] Protect the privacy of residents;
[4] Promote energy-efficient outdoor lighting;
[5] Limit the total allowable illumination of lots located in the Town of Southborough;
[6] Minimize adverse offsite impacts such as light trespass, and obtrusive light;
[7] Curtail light pollution and reduce skyglow to create a healthy night-time environment for residents of Southborough

Appropriately regulated, and properly installed, outdoor lighting will contribute to the safety and welfare of the residents.

B. Applicability. Outdoor illumination by flood or spot luminaries rated at 900 lumens or more (which is approximately equal to one sixty-watt incandescent light bulb) or by any other luminaires rated at 1,800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) shall be subject to the provisions of this section, with the following exceptions:

[1] Emergency lighting;
[2] Hazard warning;
[3] Temporary decorative or holiday lighting;
[4] Public roadway illumination

It shall also not apply to any luminaire intended solely to illuminate any freestanding sign, flag or the walls of any building, but such luminaire shall be shielded so that its direct light is confined to the surface of such sign, flag or building.

[1] The replacement of existing fixtures shall be subject to the provisions of this section. Outdoor illumination that exists at the time of bylaw acceptance will be provided a grace period of five (5) years from date of inception to comply with this bylaw as described herein.
[2] The Planning Board, in performing review pursuant to § 174-10, Site plan approval, may determine that special circumstances of the site, context or design make an alternative lighting design at least equally effective in meeting the purposes of this section and, in such cases, may modify the requirements of this section.

C. Definitions. For the purposes of this section, the following terms shall be defined as indicated below. Although set forth here for convenience, the terms shall have the same effect as if in § 174-2 of this Bylaw.

BACKLIGHT - For an exterior luminaire is the 90-degree quarter-sphere located behind and below the light source. For luminaires with symmetric distribution, backlight will be the same as front light.

BUG RATING – A luminaire classification system that classifies backlight (B), uplight (U), and glare (G) per IES TM-15-11.

CORRELATED COLOR TEMPERATURE – A specification of the color appearance of the light emitted by a lamp, relating its color to the color of light from a reference source when heated to a particular temperature, measured in degrees Kelvin (K).

FIXTURE — The assembly that houses a lamp or lamps, and which may include a housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and/or a refractor, lens or diffuser lens.

FRONTLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located in front and below the luminaire.

FULL CUTOFF – A luminaire designed with an opaque shield surrounding and extending below the lamp, such that no direct light is emitted above a horizontal plane.

FULLY SHIELDED LUMINAIRE — A luminaire constructed and installed in such a manner that all light emitted by the luminaire, either directly from the lamp or a diffusing element, or indirectly by reflection or refraction from any part of the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part.
GLARE — Light entering the eye directly from luminaires or indirectly from reflective surfaces that causes visual discomfort or reduced visibility.
HARDSCAPE – Permanent hardscape improvements to the site including parking lots, drives, entrances, curbs, ramps, stairs, steps, medians, walkways and non-vegetated landscaping that is 100 feet or less in width. Materials may include concrete, asphalt, stone, gravel etc.
LAMP — The component of a luminaire that produces the actual light.
LED LAMP– (Light Emitting Diode) An electric lamp with a much longer lifespan than incandescent lighting and low energy consumption.
INDIRECT LIGHT – Light scatter caused by direct light being redirected from a surface.
LIGHT TRESPASS — The shining of direct or indirect light produced by a luminaire beyond the boundaries of the lot on which it is located.
LUMEN — A measure of light energy generated by a light source. One footcandle is one lumen per square foot. For purposes of this bylaw, the lumen output shall be the initial lumen output of a lamp, as rated by the manufacturer.
LUMINAIRE — A complete lighting unit (fixture), consisting of a lamp, or lamps and ballast(s) (when applicable), together with the parts designed to distribute the light (reflector, lens, diffuser), to position and protect the lamps, and to connect the lamps to the power supply
LUMINAIRE LUMENS - For luminaires with relative photometry per IES, it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.
MOUNTING HEIGHT - The height of the photometric center of a luminaire above grade level.
UPLIGHT - For an exterior luminaire is all of the light escaping above the luminaire.

D. Lighting Zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.
LZ0: No ambient lighting
Areas where the natural environment will be seriously and adversely affected by lighting. Impacts include disturbing the biological cycles of flora and fauna and/or detracting from human enjoyment and appreciation of the natural environment. Human activity is subordinate in importance to nature. The vision of human residents and users is adapted to the darkness, and they expect to see little or no lighting. When not needed, lighting should be extinguished.

Zoning Districts: Conservation and Research, Scientific & Professional
LZ1: Low ambient lighting
Areas where lighting might adversely affect flora and fauna or disturb the character of the area. The vision of human residents and users is adapted to low light levels. Lighting may be used for safety and convenience but it is not necessarily uniform or continuous. After curfew, most lighting should be extinguished or reduced as activity levels decline.

Zoning Districts: Residence A and Residence B
LZ2: Moderate ambient lighting
Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.
Zoning Districts: Business Village

LZ3: Moderately high ambient lighting
Areas of human activity where the vision of human residents and users is adapted to moderately high light levels. Lighting is generally desired for safety, security and/or convenience and it is often uniform and/or continuous. After curfew, lighting may be extinguished or reduced in most areas as activity levels decline.
Zoning Districts: Business Highway, Industrial and Industrial Park

E. Total Site Lumen Limit. The total installed initial luminaire lumens of all outdoor lighting shall not exceed the total site lumen limit. The total site lumen limit shall be determined using the hardscape area and table below. For sites with existing lighting, existing lighting shall be included in the calculation of total installed lumens. The total installed initial luminaire lumens are calculated as the sum of the initial luminaire lumens for all luminaires.

Table 1: Allowed Total Initial Lumens Per Site for Outdoor Lighting by Hardscape Method

LZ-0	LZ-1	LZ-2	LZ-3
Conservation and Research, Scientific & Professional	Residential A and Residential B	Business Village	Business Highway and Industrial and Industrial Park
0.5 lumens per SF of hardscape	1.25 lumens per SF of hardscape	2.5 lumens per SF of hardscape	5.0 lumens per SF of hardscape

F. Correlated Color Temperature (CCT). All proposed LED shall have a correlated color temperature (CCT) between 2200K and 3000K.

G. Exterior lighting plan. Applications subject to the provisions of § 174-10, Site plan approval, shall submit a lighting plan which shall include the following information, except to the extent waived by the Planning Board. All other lighting not subject to the provisions of said § 174-10 does not require a lighting plan but shall meet the standards as set forth in this section, unless as may otherwise be provided herein. The lighting plan shall include the following information and comply with the regulations adopted pursuant to this bylaw:
[1] Location, orientation and type of outdoor luminaire, including the height of the luminaire, both existing and proposed;
[2] Type of lamp, such as metal halide, compact fluorescent, high pressure sodium, LED;
[3] Luminaire manufacturer's specification data, including lumen output, and other photometric data showing cutoff angles, as well as a description of all illuminating devices, fixtures, lamps, supports, reflectors, both existing and proposed; this may include, but is not limited to, catalog cuts and illustrations by manufacturers;
[4] Complete report of BUG rating data for all luminaires (if not already included in the manufacturer's specification data) calculated from photometric data (as per IES TM-15-11) showing compliance with the Planning Board Rules and Regulations for Outdoor Illumination;
[5] Photometric plan at ground level within the interior of the property and at the property boundaries that includes the Total Site Lumen Limit, Limits to Off Site Impact, Light Shielding, and for LED lighting, and the Correlated Color Temperature according to adopted regulations

H. Lighting Control Requirements. Automatic Switching Requirements Controls shall be provided that automatically extinguish all outdoor lighting when sufficient daylight is available using a control device or system such as a photoelectric switch, astronomic time switch or equivalent functions from a programmable lighting controller, building automation system or lighting energy management system, all with battery or similar backup power or device. The Exterior Lighting Plan shall establish curfew time(s) after which total outdoor lighting lumens shall be reduced by at least 30% or extinguished. Lighting reductions are not required for any of the following:
[1] With the exception of landscape lighting, lighting for residential properties including multiple residential properties not having common areas.
[2] When the outdoor lighting consists of only one luminaire.
[3] Code required lighting for steps, stairs, walkways, and building entrances.
[4] Lighting under canopies, in tunnels, parking garages, and similar conditions.
[5] When in the opinion of the Planning Board, lighting levels must be maintained.
[6] Motion activated lighting.
[7] Lighting governed by special use permit in which times of operation are specifically identified.
[8] Businesses that operate on a 24-hour basis.

I. Community outdoor sports/recreational lighting requirements. These requirements are an exemption from the total site lumen limit based on hardscape metrics. Community outdoor sports or recreational facilities will be held to the IDA, IES criteria for outdoor sports lighting. On-field illuminance values will be determined by current IDA, IES set forth in the regulations adopted to implement the intent and purpose of this bylaw. Standard regulations include:

[1] Color, luminaire correlated color temperature (CCT) may not exceed 4000K;
[2] Other lighting, parking and concession area lighting will be considered a separate luminaire system and must meet the applicable lighting standards for the relevant lighting zones;
[3] Shut-off, curfew time shall be no later than 10:00PM (2200 hrs.)

J. Light Shielding for Parking Lot Illumination.
All parking lot lighting shall have no light emitted above 90 degrees from the installed vertical axis.

K. Flickering and flashing lights. No Flickering or flashing lights shall be permitted. Processes, such as arc welding, which create light flashes shall be confine within buildings or shielded to prevent either direct glare or flashing.

L. Absolute height. A luminaire attached to the exterior wall of a building or structure used for area lighting shall be mounted no higher than 15 feet above grade and shall be shielded to control glare. "Wall-pac" lighting fixtures are prohibited. Pole-mounted luminaires shall not exceed 20 feet in height.

M. Pole-mounted fixtures height limitation. Pole mounted fixtures shall not exceed the applicable pole-mounted height limitation of 20 feet for an approved fixture.

N. Lighting levels. Any luminaire with a lamp or lamps rated at a total of 1.800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) and all flood or spot luminaires rated at 900 lumens or more (which is approximately equal to one 60-watt incandescent light bulb) shall not emit any direct light above a horizontal plane through the lowest direct-light-emitting part of the luminaire. If any spot or flood luminaire rated 900 lumens or less is directed or focused such as to cause direct light from the luminaire to be cast toward residential buildings on adjacent or nearby land, or to create glare perceptible to persons operating motor vehicles on public ways, the luminaire shall be redirected or its light output controlled as necessary to eliminate such conditions. The Planning Board reserves the right to limit and regulate the amount of illumination on a project site between the hours of 10:00 p.m. and 6:00 as, while understanding the need for safety and security lighting.

O. Light trespass limitations. There shall be no light trespass by a luminaire beyond the property boundaries of the lot on which it is located, except as within a street right-of-way for which there shall be no limit.

; or do or act anything in relation thereto

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The article proposes to replace the current language in Section § 174-12.1 Outdoor illumination with new language to reduce blue lighting and increase public health based on recommendations from the American Medical Association and the International Dark-sky Association.*

ARTICLE 33: To see if the Town will vote to amend the Code of the Town of Southborough, Zoning Article III, by amending thereto Section § 174-10, entitled Site plan approval as marked below.

§ 174-10

Site plan approval.

[Amended 4-8-1985 ATM by Art. 39; 4-14-1986 ATM by Art. 48; 4-13-1987 ATM by Art. 43; 4-11-1988 STM
by Art. 4; 4-26-1990 ATM by Art. 41]

A. The purpose of the site plan review procedure is to encourage a desirable and compatible character of development within the Town of Southborough and to assure safety, promote logic, imagination and innovation in the design process while complying with all zoning requirements. The requirements of this section shall be applicable to the following:

(1) Any nonresidential development that results in an increase in on-site parking.

(2) All modifications to existing development projects which fall within the applicability of the Town's regulations for parking and loading (§ 174-12) or landscaping (§ 174-13).

(3) Any change in use or reactivation of a facility that has not been in use for a period of two years.

[Added 4-8-1996 ATM by Art. 51]

(4) Multifamily housing for the

elderly. [Added 4-15-1997

ATM by Art. 56]

(5) Adaptive reuse of historic

buildings. [Added 4-25-2017

ATM by Art. 30]

B. Site plan review will be processed by one of the following means:

(1) Minor plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds less than 2,000 square feet of floor area or which would require at least five but fewer than 20 parking spaces regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals less than 2,000 square feet shall be subject to minor plan review by the Planning Board ~~Site Plan Review Committee~~. ~~The Site Plan Review Committee shall be chaired by the Town Planner and will consist of a Selectmen or its designee, Building Inspector, Highway Superintendent, Board of Health Agent, Superintendent of the Water Department, Police Chief and Fire Chief or their designee, who will meet at a regularly scheduled time and place to review plans.~~ The Planning Board ~~Committee~~ shall also seek the advice of the Conservation Commission in the review of all minor plan submissions.

[Amended 4-8-1996 ATM by Art. 51]

(a) ~~Minor plan review will require 10 copies of the site plan to be submitted to the office of the Planning Board, together with an application form and filing fee~~. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to the instructions on the application form. All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum:

[1] All existing and proposed buildings, including setbacks.

[2] Existing and proposed parking.

[3] Driveway openings.

[4] All property and street lines.

[5] Existing and proposed landscaping.

[6] Existing and proposed signs.

[7] Surfacing, indicating treatment of all surfaces.

[8] Location of all wetlands.

[9] Method of sewage disposal.

[10] Water supply.

[11] Stormwater drainage.

[12] Such other information as the Site Plan Review Committee may reasonably request.

(b) ~~Any dispute arising from the minor plan review process or any plan not receiving unanimous approval from the Site Plan Review Committee shall be referred to the Planning Board for action. The Committee may also refer any site plan that, due to unusual circumstances or a unique situation, it feels should be approved by the Planning Board. All site plans sent to the Planning Board by the Site Plan Review Committee for action will be handled through the minor plan review process.~~

~~[Amended 4-8-1996 ATM by Art. 51]~~

(c) Minor site plan review is not a public hearing. The Planning Board ~~Site Plan Review Committee~~ shall approve, or disapprove ~~or refer to the Planning Board~~ all submittals for minor plan review within 30 days of a completed application to the office of the Planning Board.

(d) Where applicable, all other criteria and conditions of this section will govern minor plan review.

(2) Major plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds 2,000 square feet or more of floor area or which would require 20 or more parking spaces, regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals 2,000 square feet or more shall be subject to major plan review by the Planning Board. The major site plan submission shall consist of the following elements:

[Amended 4-8-1996 ATM by Art. 51]

(a) Ownership, zoning, use and the general location of structure and topography within 300 feet of the property lines of the site or adjacent land contiguously owned with the site.

(b) ~~All site features, existing or proposed, including but not limited to the following~~ All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty- six-inch sheets and shall show, as a minimum, all site features, existing or proposed, including but not limited to the following:

[1] Driveways, including widths.

[2] Parking facilities, including dimensions thereof.

[3] Loading facilities.

[4] Service areas.

[5] Street line, including widths.

[6] Roadways, including widths.

[7] Pedestrian walks, including widths and types of surface.

[8] Landscaping designation, specific plantings.

[9] Screening.

[10] Signs, including proposed sizes, mounting heights, types and drafted design.

[11] Lighting, including plan location and detail information, size, type and wattage.

[12] Surfacing, indicating treatment of all surfaces.

[13] Existing trees on the site which are a caliper of six inches or larger.

[14] Wetlands.

[15] Drainage, including detailed design data, pipe sizing, etc.

[16] Stone walls.

[17] Topography at two-foot contour intervals.

[18] Sewage disposal, including detailed design information.

[19] Water supply.

[20] Curbing.

[21] Such other information as the Planning Board may reasonably request.

(c) The construction of the work as detailed on the site plan shall not deviate from the work shown on the approved site plan. Accordingly, the site plan shall contain a sufficient level of detail to ensure the constructability of the project. Supporting details and documentation shall be presented as part of the site plan submission

(3) Incomplete applications for both the minor and major review shall not be accepted by the Planning Board. Following submission of a site plan to the Planning Board, the Board or its designee shall review the plan for completeness within three business days of the submission. Completeness shall be based on the requirements of the ~~this~~ respective subsections for ~~according to~~ minor or major review. If the submission is determined incomplete by the Planning Board or its agent, notice will be provided ~~mailed~~ to the applicant ~~by certified mail~~ within three business days of the submission specifying the deficiencies.

C. The plans for minor or major site plan approval shall be prepared by a professional engineer, land surveyor, architect or landscape architect registered to practice in the Commonwealth of Massachusetts. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to the instructions on the application form. ~~and shall be submitted with 11 copies to the office of the Planning Board, together with an application form and a filing fee, if any.~~

D. Approval required.

(1) Site plan approval shall be granted upon determination by the Planning Board that the following are complied with. Any new building construction or other site alteration shall provide adequate access to each structure for fire and service equipment; shall provide ~~and~~ adequate provision for utilities and stormwater drainage consistent with the functional requirements of the Southborough Planning Board's Rules and Regulations for the Subdivision of Land; ~~and~~ shall be so designed that for the given location, ~~and~~ type and extent of land use, the design of building form, building location, egress points, grading and other elements of the development shall be so as to:

(a) Minimize the volume of cut and fill, the number of removed trees six inches in caliper and larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion and the threat of air or water pollution.

(b) Maximize pedestrian and vehicular safety and convenience within the site and egressing from it.

(c) Minimize obstruction of scenic views from publicly accessible locations.

(d) Minimize visual intrusion by minimizing the visibility of parking, storage or other outdoor service areas viewed from public ways or premises residentially used or zoned; minimizing glare from headlights through plantings or other screening; minimizing lighting intrusion through use of such devices as cutoff luminaires confining direct rays to the site; fixture mounting height not higher than 20 feet except adjacent to Route 9; and avoiding unreasonable departure from the character of buildings in the vicinity.

(2) The Planning Board shall adopt and from time to time amend reasonable regulations for the administration of these guidelines.

E. The Planning Board shall hold a public hearing on the application for major site plan approval, with a written notice of the time and place of said hearing being given the applicant and the Board of Selectmen. The applicant is responsible for sending this notice to the certified abutters by certified mail return receipt requested, at least 10 days before the scheduled hearing. The Planning Board shall not act on the application until it has received and given due consideration to the recommendations of the Board of Selectmen or until 10 days have elapsed after the public hearing without receipt of the Selectmen's comments.

F. The Planning Board shall act on a~~n~~ complete application for major site plan approval and shall notify, in writing, the applicant, the Board of Selectmen and the Building Inspector of its action within 60 days of the receipt of the complete application. Failure of the Planning Board to so act and to notify the applicant within said 60 days shall constitute approval of the site plan. The actions allowed by the site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application

notice and hearing will be required.

G. Any person aggrieved by the action of the Planning Board on a site plan approval application may appeal said action to a Court of competent jurisdiction in accordance with M.G.L. c.40A, Section 17.

[Amended 5-22-2018 STM by Art. 3]

H. Minor departures from the site plan as approved, may be authorized by the Building Inspector after approval of the Planning Board ~~Site Plan Review Committee~~ if required by engineering or other circumstances not foreseen at the time of plan approval. Any change increasing the size of any building or structure, changing the location of any building, parking or access road by more than 10 feet or reducing landscaping or screening may be made only through review by the Planning Board following the same procedures as for an original submittal. Any departure must be requested, in writing, with the basis for the change given. Any change authorized shall be recorded on the file copy of the site plan with the Building Inspector's signature and the date.

I. The removal, fill or change of grade of earth materials, including soil, loam, sand or gravel, undertaken in order to construct or locate buildings, structures and such features accessory thereto as ways, driveways, areaways, walks or parking areas, and therefore exempt from regulations under Chapter 85 of this Code, is a part of construction and development process regulated by the Zoning Chapter. Except as necessary for the construction of detached one- or two-family dwellings and of features accessory thereto, the removal, fill or change of grade of earth materials for the purposes defined above shall be subject to approval under this section. Where the commencement of removal, fill or change of grade of earth materials precedes construction by three months or more, the submission and approval of the site plan may be undertaken in two stages, with the information for the first stage limited to property boundaries, existing and proposed topography at two-foot or lesser contour intervals, the character of the soil to be removed, added or relocated, the location and depth of any service and drainage conduits or pipes and the approximate location of any existing or proposed buildings, structures or physical features accessory thereto. Each stage shall be treated as a separate site plan for the purposes of this section, and the approval of Stage 1 of a site plan shall not be construed to assure the subsequent approval of Stage 2.

J. Compliance. The issuance of an occupancy permit will not be given prior to the satisfactory completion of all elements and conditions of the approved site plan. A temporary occupancy permit may be issued after the satisfactory completion of all items essential to public health and safety and sufficient bonding acceptable to the Planning Board is provided to the Town to cover all outstanding items.

; or do or act anything in relation thereto.

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

ARTICLE 34: To see if the Town of Southborough will vote to approve the Southborough Noise Bylaw proposal attached to this document, as amended, or do or act anything in relation thereto.

SOUTHBOROUGH NOISE BYLAW

1.1 Declaration of Policy

Whereas excessive sound can be a serious hazard to the public health and welfare and safety and the quality of life; and whereas a substantial body of science and technology exists by which excessive sound may be substantially abated; and whereas the citizens of Southborough have a right to and should be ensured an environment free from excessive sound that may jeopardize their health or welfare or safety or degrade the quality of life; now, therefore, it is the policy of the Town of Southborough (the "Town") to prevent excessive sound which may jeopardize the health and welfare or safety of its citizens and/or degrade the quality of life.

It shall be unlawful for any person to make, continue to make, permit or cause to be made or continued, any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities. Furthermore, it shall be unlawful for any person who has custody and control of the premises to allow or permit another person to make, continue or permit to be made or continued any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities within the limits of the Town of Southborough.

1.2 **Definitions**

Except as may be specified herein, acoustical terminology used throughout this Bylaw is that approved as American National Standard Acoustical Terminology [ANSI S1.1-1994] by the American National Standards Institute (ANSI). The following words, phrases and terms as used in this Bylaw shall have the meanings as indicated below:

A. BACKGROUND SOUND LEVEL shall mean the sound level associated with a given environment, being a composite of sounds from all sources excluding the alleged offensive noise, at the location and approximate time at which a comparison with the alleged offensive noise is to be made.

B. CONSTRUCTION shall mean those activities requiring a building permit, and shall also include any site preparation, cemetery burial and caretaking operations, seismic surveys grading, assembly, erection, substantial repair, alteration, or similar action, including demolition, for or of public or private rights-of-way, structures, utilities or similar property.

C. The abbreviation dBA shall mean the A-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals. The abbreviation dBC shall mean the C-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals.

D. EMERGENCY VEHICLE: shall mean any vehicle operated in an effort to protect, provide or restore public safety, including, but not limited to, ambulances, police vehicles and fire vehicles.

E. EMERGENCY WORK: shall mean any work performed in an effort to protect, provide or restore public safety, or work by private or public utilities when restoring utility service or any work performed for the purpose of preventing or alleviating the physical trauma or physical damage threatened or caused by an emergence – an occurrence or set of circumstances involving actual or imminent physical trauma or property damage.

F. ENFORCING PERSON: shall mean any police officer, building official or public health official of the Town or any other Town employee designated by the Town Manager for this purpose.

G. IMPACT DEVICE: shall mean a construction device in which or by which a hammer, meaning a moving mass of hard solid material, is mechanically by means of a working fluid or compressed air caused to repetitively impact upon and transmit kinetic energy to a tool. The tool may be included as a part of the device, as in the case of a moil on a paving breaker or the drill steel of a jackhammer, or it may be a mass to which the impact device is temporarily connected as in the case of a pile and pile driver. Examples of impact devices are pile drivers, paving breakers, power impact hammers, impact wrenches, riveters and stud drivers.

H. INTRUDING NOISE: shall mean the total sound level created, caused, maintained by, or originating from an alleged offensive source at a specified location while the alleged offensive source is in operation.

I. PERSON: shall mean a person, firm, association, co-partnership, joint venture, corporation or any entity recognized by applicable law, public or private in nature.

J. SOUND LEVEL: shall mean the instantaneous A-weighted sound pressure level, in decibels, (dBA) as measured with a sound level meter set to the "A" weighting scale, slow response. On the decibel scale a sound level increase of 10 means the sound is 10 times more intense or powerful.

Decibel levels of some common activities are listed below:

Sound Level - dB	**Source**
50 - 65	normal conversation
60 - 65	laughter
70	hair dryer, vacuum
V Increasing risk of hearing loss V	
80	garbage disposal
85 - 90	lawnmower
100	garbage truck
120	walk behind leaf blower
130	jet takeoff/landing
145	fireworks

K. SOUND LEVEL METER: shall mean an instrument meeting American National Standard Institute's (ANSI) Standard S1.4-1983 for Type 1 or Type 2 sound level meters or an instrument and the associated recording and analyzing equipment, which will provide equivalent data.

1.3 **Designated Noise Zones**

The properties hereinafter described are hereby assigned to the following noise zones:

NOISE ZONE I: All properties utilized as residential uses in accordance with the Town of Southborough Zoning Bylaws and the grounds of any school, hospital or similar health care institution, house of worship or library while the same is in use, and any Cemetery or Open Space.

NOISE ZONE II: All other property used in accordance with the Town's Zoning Bylaw.

1.4 **Exterior Noise Standards**

It shall be unlawful for any person at any location within the area of the Town to create any loud noise, or to allow the creation of any noise, on property owned, leased, occupied or otherwise controlled by such person, which causes the sound level when measured on complainant's property to exceed the greater of:

A. The maximum allowable exterior sound level outlined in Table I; or

B. Five dB over the background sound level.

Table 1. Maximum Allowable Exterior Sound Level		
Noise Level	Daytime level 7:00 AM to 10:00 PM	Nighttime level 10:00 PM to 7:00 AM
I	60 dBA	50 dBA
II	70 dBA	65 dBA

If the intruding noise source is continuous and cannot reasonably be discontinued or stopped for a time period whereby the background sound level can be determined, the measured sound level obtained while the source is in operation shall be compared directly to the maximum allowable exterior sound level outlined in Table I.

1.5 **Construction Noise Standards**

A. Noise associated with construction is permitted between 7:00 AM and 6:00 PM on weekdays and 9:00 AM and 5:00 PM Saturdays provided the sound level from:

1. Non-impact devices do not exceed 70 dBA as measured over a time interval of 1 minute with the sound meter set to slow located on any other property, but at least 50 feet from the construction activity;

2. Impact devices does not exceed 90 dBA as measured with a sound level meter set to slow response located on any other property, but at least 30 feet from the construction activity.

B. Between the hours of 6:00 PM and 7:00 AM on weekdays and Saturday, noise associated with construction, shall be limited by the standards of Section 1.4.

C. Construction activities shall not be allowed on Sundays or legal holidays.

1.6 **Maintenance Noise Standards**

A. Noise associated with maintenance is permitted between 7:00 AM and 6:00 PM on weekdays, 8:00 AM and 6:00 PM on Saturdays and between the hours of 9:00 AM and 6:00 PM on Sunday, provided the sound level does not exceed 70 dBA as measured with a sound level meter set to slow response on any other property, but at least 50 feet from the maintenance;

B. Between the hours of 6:00 PM and 7:00 AM on weekdays, 6:00 PM and 8:00 AM on Saturday and between the hours of 6:00 PM and 9:00 AM on Sunday or a legal holiday, noise associated with maintenance, shall be limited by the standards of Section 1.4.

1.7 **Commercial Trash Collection and Deliveries or Pick-up**

A. The operation of commercial trash compactors or collection of trash, rubbish, refuse or debris, which generates noise in excess of the criteria given in Section 1.4 at any point of public or common pass-by between the hours of 7:00 PM and 7:00 AM is prohibited.

B. Deliveries or pick-ups for commercial or business purposes between 10:00 PM and 6:00 AM are prohibited unless the noise level of such deliveries or pick-ups in nearby residential areas does not exceed the noise criteria listed in Section 1.4.

1.8 **Motor Vehicles or Motorcycles**

Motor vehicles or motorcycles operated on public ways in the Town of Southborough or in any place where the public has the right of access as invitees or licensees may not exceed a maximum sound level of 85 dBA. It is also in violation of the Bylaw to operate a motor vehicle or motorcycle without a sound-limiting device connected to the exhaust system. This prohibits so-called "straight pipe" exhaust systems. This section shall not include screeching sounds emitted from emergency braking. Measurement for the purposes of this Section shall be at a distance of 36 inches from the noise source.

1.9 **Special Provisions**

Noise associated with the following activities shall be exempted from the provisions of this Bylaw:

A. Emergency work or emergency vehicles.

B. The operation of any vehicular alarm provided it terminates within 15 minutes of the initially recorded complaint.

C. Occasional outdoor gatherings, public dances, shows, and sporting and entertainment events provided said events are conducted pursuant to a permit or license issued by the appropriate jurisdiction relative to the staging of said events.

D. The intermittent or occasional use, during the daytime, of homeowners' light residential outdoor equipment

E. Snow removal performed by snow blowers, snow throwers or snow plows when appropriately outfitted with a muffler.

F. Any activity to the extent regulation thereof has been preempted by Town, State or Federal Law or by agreement between Town, State or the Federal Government.

1.10 **Prima Facie Violations**

Any measured noise exceeding the sound level standards as specified in Sections 1.4 through 1.10 may be deemed by the enforcing person to be prima facie evidence of a violation of the provisions of this Bylaw.

1.11 **Penalties for Violations**

A. Violations under Article 1, in the discretion of the enforcing person, may be enforced by non-criminal disposition as provided in MGL Chapter 40, Section 21D.

B. The penalty for a violation under this Bylaw shall be $100 for a first offense, $250 for a second offense, $500 for a third offense, and for each succeeding offense each day or part thereof shall constitute a separate offense.

BOARD OF SELECTMEN OF THE TOWN OF SOUTHBOROUGH

Attest:

Kenneth M. Paulhus, Constable

DRAFT

TOWN OF SOUTHBOROUGH

OFFICE OF THE BOARD OF SELECTMEN
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · selectmenoffice@southboroughma.com

CHARGE

TOWN OF SOUTHBOROUGH
CAPITAL PLANNING COMMITTEE

CAPITAL PLANNING COMMITTEE

The Capital Planning Committee shall be made up of no more than five (5) members, all appointed by the Board of Selectmen, as follows: One (1) member of the Advisory Committee, and four (4) Citizens-At-Large. The four (4) Citizen-At-Large positions shall be filled by residents of the community who are willing to volunteer their time in assisting with the review and evaluation of projects contained within the Town's Capital Plan, and developing strategies to move these projects forward for approval in a financially responsible manner. The Finance Director and Town Administrator shall act as ex-officio members of the Committee. As such, these positions will not count toward the quorum, nor will they have a vote on committee matters.

CHARGE

The primary charge of the Capital Planning Committee is as follows:

- Work with Town Finance Team to maintain town's capital plan. This should be achieved by regular meetings and discussions with Town Departments, Boards, and Committees that will put forward requests for Capital Funding as part of an Annual or Special Town Meeting. While this Committee should have no oversight of the annual operating budget, they should be aware and receive regular updates of the operating budgets to ensure that capital needs are considered in an appropriate order and timing.
- In the immediate term, perform a comprehensive assessment of all owned town facilities and property (including school properties). Work collaboratively with other town boards and committees to provide a plan for construction, remodeling, consolidation, or sale. Provide initial report on or before September 1, 2020 to Board of Selectmen and Advisory Committee.
- In the absence of a formal building committee for a specific project, this Committee should serve as point of initial approval for all project expenses, change orders, and invoices. Projects falling under the oversight of this Committee should specifically be decided as part of or immediately following any Town Meeting appropriation by a vote of the Board of Selectmen based on a recommendation from the Town Administrator.
- If the Board of Selectmen decide to have a separate Building Committee for any specific project, then a member of this Committee shall be appointed.

TERM

The Capital Planning Committee appointments will be for one year terms.

Approved: DRAFT, January 27, 2020

Article TBD: To see if the Town will vote to adopt as Chapter 9, Article IX 1~~§9.34~~ through 2~~§9.35~~ of the Town bylaws, the following:

Formatted: Top: 0.44"

Article IX Southborough Public Accessibility ~~Compliance~~ Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public~~, whether or not having a disability~~. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and enhancing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

~~These requirements, which are increasingly important due to demographic changes and public awareness, necessitate a coordinated approach to monitoring and increasing the Town of Southborough's compliance. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.~~

§9.34.A Establishment; Membership; Qualifications

10. There shall be a Southborough Public Accessibility Committee ("SPAC"), which shall consist of no more than five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum number for the SPAC for voting purposes.
11. Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" means an individual who serves in a Town position established through the Town's Salary Administration Plan, but provided that this exclusion specifically does not apply to individuals who are not serving in a position established through the Town's Salary Administration Plan but who are considered "Municipal Employees" or "Special Municipal

Employees" through their service as a volunteer on another Town board, committee or commission).

~~There shall be an Accessibility Compliance Committee ("ACC"), which shall consist of no more than five voting members appointed by the Board of Selectmen, and the non-voting ex-officio members identified below.~~

~~Each voting member shall be a registered voter in the Town and shall not be a Town officer or employee.~~

The Board of Selectmen shall designate an Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned.

~~The Board of Selectmen shall appoint an Accessibility Compliance Coordinator ("Coordinator"), in consultation with the ACC. The Coordinator, under the direction of the ACC, shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned. The Coordinator may be a Town officer or employee and need not be a resident.~~

The Building Commissioner and Coordinator shall be ex-officio members of the ~~ACC~~SPAC.

~~§9.34.B~~ Appointments; Terms

Formatted: Indent: Left: 0.35", No bullets or numbering

Voting members shall be appointed for two-year terms. The initial appointments shall be divided between one and two year terms, so as to establish overlapping terms.

~~Voting members shall be appointed for two-year terms. The initial appointments shall be divided among one and two year terms, so as to establish overlapping terms.~~

~~§9.34.C~~ Organization

Formatted: Indent: Left: 0.35", No bullets or numbering

The voting SPAC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

~~The members shall select, from among themselves, a Chairman and a Secretary.~~

~~§9.34.D~~ Funding

Formatted: Indent: Left: 0.35", No bullets or numbering

The SPAC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The SPAC shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the SPAC budget shall require a majority vote of the SPAC, and shall be subject to the Town's policies for such expenditures.

~~The ACC shall have a budget for consultants and other expenses. It shall submit its projected expenses to the Town's regular budget process. Any expenditures from its budget shall require a majority vote of the ACC, and be subject to the Town's policies for such expenditures.~~

~~§9.35 Functions~~Powers and Duties

Formatted: Indent: Left: 0.3", No bullets or

The SPAC Powers and Duties include, but are not limited to, the following:

- To monitor and enhance the Town's compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public.
- In coordination with Town officers, departments, and other government entities, to endeavor to ensure that all town citizens have equal access to:
  - Town government offices and communications
  - Public and commercial buildings
  - Programs

DRAFT

- Goods and services
- Transportation
- Telecommunications, including the internet
- Recreational facilities and programs

- To review existing and proposed facilities, programs, and projects undertaken by the Town, and to notify the responsible official or entity of any inadequacies. The SPAC may request that other Town officials, committees, departments, and/or entities provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program.

~~The duty of the ACC shall be to monitor and increase the Town of Southborough's compliance with all laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public, whether or not having a disability.~~

~~In consort with town officers, departments, and other government entities: the ACC shall endeavor to assure that all town citizens, whether or not having any disability, have equal access to:~~

- ~~Town Government offices and communications~~
- ~~Public and commercial buildings~~
- ~~Programs~~
- ~~Goods and Services~~
- ~~Transportation~~
- ~~Telecommunications, including the Internet~~
- ~~Recreational programs~~

~~The ACC shall review existing and proposed facilities, programs, and projects undertaken by the Town of Southborough, and shall notify the responsible official or entity of any inadequacies. The ACC may request other Town officials, committees, departments, and/or entities to provide input to these reviews.~~

~~The ACC may undertake public outreach and advocacy for accessibility in the Town.~~

~~From time to time, the ACC shall report to the Board of Selectmen and the Town Meeting on its activities and findings.~~

~~The ACC shall provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program. The ACC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising concerns shall be confidential, unless confidentiality is waived by such person.~~

~~Subject to available funding, the ACC shall have the authority to engage consultants to evaluate the technical aspects of facilities and/or projects.~~

or act or do anything in relation thereto.

Proposed by: ~~The Accessibility Compliance Committee (Formerly "ADA Committee")~~BOARD OF SELECTMEN
Board of Selectmen Recommendation: TBD
Advisory Committee Recommendation: TBD
Summary: *This article- replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

RE: Donation from Middlesex Savings Charitable Foundation

The department received a generous donation of $10,000.00 from Middlesex Savings Charitable Foundation. I am requesting that this donation offer be forwarded to the Board of Selectmen for their approval.

It is my intent to use the funds to 1) supplement an EMPG grant for a protective clothing dryer, and 2) offset funds expended in our FY20 operating budget, account #55850, for new and replacement protective clothing. Please advise how best to facilitate this request.

Attached is the check and letter from Middlesex Savings.

Subject: Middlesex Savings Bank Donation

Date: January 30, 2020

Dear Board of Selectmen:

Please consider my request to accept the extremely generous donation of ten-thousand dollars to the Southborough Police Department by the Middlesex Savings Bank Community Office. The contribution is part of an overall five-hundred and twenty-thousand-dollar donation to various first responders in community's (52) throughout the region.

The correspondence from Middlesex Bank includes a request that the funds are not utilized to cover personnel costs. The department plans to expend the resource on training equipment and programs to prepare our staff in providing the best service to the community in the safest manner possible. Additions to our upcoming MILO virtual training system will be of first priority.

Please feel free to contact me with any questions you might have. In closing, I would like to sincerely thank Middlesex Savings Bank on behalf of the entire staff, and residents of the Town of Southborough, for this unique opportunity.

Dear Members of the Board of Selectman:

The members of the Economic Development Committee are writing to request that the Warrant Article seeking approval at Town Meeting - to change the zoning in the Downtown Village Business District - be withdrawn for consideration at the March 2020 Town Meeting.

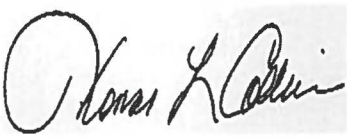
First and foremost, the EDC is concerned that the proposed zoning amendment requires additional work before being submitted for public discussion. In addition, procedural concerns have been raised by the recent letter addressed to Selectperson Lisa Braccio by Town Counsel which EDC seeks to address prior to moving forward. The EDC has learned a great deal throughout this process and will require additional time to produce a proposal that will meet the objectives for which it is intended. Namely, to provide a zoning bylaw that will promote mixed use development of a scale that is in keeping with the small-town nature of our bucolic New England community and in line with the recommendations of the current Master Plan.

The EDC intends to act fully within the confines of all legal and procedural requirements, and will ensure that its efforts going forward include the proper timing and procedures in its collaboration with the Planning Board to amend the zoning bylaw for the Downtown Village Business District. The EDC will take additional time to consult with planning consulting resources, both public and private, as well as to secure technical assistance from legal experts fluent in the language of zoning, to produce a proposed amendment for review.

The EDC continues to appreciate the Board of Selectmen's attention and support in this matter and we look forward to continuing to work with you toward a zoning bylaw which will provide the flexibility and certainty necessary to allow small-scale development and

revitalization in our Downtown Business Village District. We will continue to work with residents and the appropriate boards and committees toward this goal.

Your Sincerely,



Thomas L. Collins,

Chair Economic Development Committee

cc: Board of Selectmen
Mark Purple, Town Administrator
Planning Board

December 6, 2019

Ms. Karen Gallagher
Southborough DPW
Southborough, MA 01772

Dear Ms. Gallagher

My wife Marlene and I have lived in Southborough since 1983, but have now sold our home on 10 Birchwood Drive and will become FL residents effective Jan. 1st, with a summer home in Dennis, MA.

The reason for my letter is that on April 8, 1998 we made a deposit on two burial plots in the Rural Cemetery for $200, graves number 135 & 136 in Range "F", as well as $300 for the perpetual care of the lots. The deed to these lots, No. 0666 is attached.

We are asking the town of Southborough to buy back these plots at the amount we paid, which we understand is less than the current value.

Sincerely yours,

John Calkins Marlene Calkins

Southborough Police Department
Attn: Kenneth Paulhus
32 Cordaville Road
Southborough, MA 01772

Dear Chief Paulhus,

Middlesex Savings Bank has been part of the community for more than 180 years and we appreciate everything your department does to help protect and serve the citizens of Southborough.

In a gesture of support for all that you do, we want to provide the Southborough Police Department with the enclosed contribution of $10,000. This is part of a $520,000 donation that we're gifting to 52 first responders in our community, including 26 police departments. Although there are no specific requirements with this gift, we would ask that your department not utilize these funds on personnel costs. We look forward to reaching out later in 2020 to learn how the gift made an impact on the department.

Best wishes for a happy and successful 2020.

Sincerely,

Mike Kuza
Vice President

SOUTHBOROUGH LIBRARY

DATE: January 28, 2020

TO: The Honorable Board of Selectmen, Town of Southborough

FROM: Ryan Donovan, Library Director

SUBJ: Donation to the Library

To: The Board of Selectmen:

The Southborough Library has received a donation from Joyce Golden in the amount of $16.00. The donation was made because Joyce accidentally damaged a library book.

At this time, the Library Board of Trustees and I wish to accept this donation, to be placed in the "Library Donation" supplemental account. We ask that you agree. Please contact library director Ryan Donovan with any questions or concerns. Thank you.

Ryan Donovan, Library Director

SOUTHBOROUGH LIBRARY

Memo

To: Mark Purple, Town Administrator
Cc: Brian Shea, Chair, Board of Selectmen

From: Ryan Donovan, Library Director

Re: **Recommendation of Library Trustee Appointment**

Date: January 22, 2020

This is to advise you that at their meeting on January 21, 2020, the Southborough Library Board of Trustees met with and reviewed the credentials of several interested Library Trustee candidates for the purpose of providing a recommended candidate to the Board of Selectmen. These individuals included residents Janet Maney, Matthew Berger, Catherine Biondo, and David Ekberg. This is to fill the interim Trustee vacancy left by Nicole De Bonet who resigned as a Library Trustee in November 2019.

After some deliberation, the Board of Trustees unanimously voted 5-0 to recommend Janet Maney to the Board of Selectmen as a new Library Trustee. For many years, Janet Maney served on the Advisory Committee. A majority of the Trustees felt that her experience and years of service on Advisory, as well as her experience and involvement on a variety of other town board and committees, would be an asset for the library. The Trustees plan to make this recommendation at the Selectmen/Trustee joint meeting on 02/11.

Please reach out to me with any questions or concerns.

Ryan Donovan, Library Director

Re: Depietri Field – Contract Award

Dear Board:

On January 29, 2020 the Recreation Department held a bid opening for the Depietri Field Repairs project approved at FY18 Town Meeting. This was our third round of bids and we are happy to report we received a bid that met the budgeted amount.

North Turf Sports and Golf have submitted a bid of $168,890. After consulting with our hired Landscape Architects, all paperwork and required documentation was received and acceptable. References have been contacted with positive responses.

I am writing to request an official vote from the selectman to award the contract to:

Alan Vadala
Owner, North Turf Sports and Golf
North Attleboro, Ma
Amount: $168,890
Work to commence April 2020 - June 2020.

The field will then be offline to the public until Spring 2021 to ensure two season of proper growth. The School Department has been notified of our intentions and have been consulted when it comes to scheduling. They are in full support.

I will be present at the February 11, 2020 Board of Selectman Meeting and look forward to any questions you may have.

Thank you,

Tim Davis, CPRP
Recreation Director

BOND AMOUNT: FIVE PERCENT OF ATTACHED BID (5%)

BOND NUMBER: NORTHTURF18

PROJECT: DEPIETRI ATHLETIC FIELD IMPROVEMENTS AT THE NEARY ELEMENTARY SCHOOL, SOUTHBOROUGH, MA.
(Name, location or address, and Project number, if any)

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, **or** within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

Signed and sealed this **20th** day of **January , 2020.**

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

01378414320

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Heidi Rodzen, Robert E. Shaw, Jr., Joline L. Binette, Melanie A. Bonnevie

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties not exceeding: Twelve Million, Five Hundred Thousand Dollars ($12,500,000).

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney revokes all previous Powers of Attorney issued on behalf of the Attorneys-In-Fact named above and expires on January 31, 2021.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

> Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:
>
> (a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
>
> (b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.
>
> Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 22nd day of August 2019.

DATE: February 5, 2020

MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Water Rate Increase**

The Department of Public Works (DPW) has been working with Matt Abrahams of The Abrahams Group to review Southborough's current water rates in relation to future expenditures. As you know, the Water Budget is fully funded through the water rates. Unfortunately, the review revealed that, without raising the water rates, the Water Enterprise Fund is projected to run at a deficit for the next five years. This shortfall occurred because Southborough's water rates have not increased since September 2016, but employee pay, benefit costs, the cost of water, and capital project debt have increased during that time.

Current Water Rates		
Tier 1	0-1000CF*	Minimum (varies by meter size)
Tier 2	1001-2000CF	$3.73/100CF
Tier 3	2001-3000CF	$4.26/100CF
Tier 4	3001-6000CF	$5.33/100CF
Tier 5	6000CF and up	$6.40/100CF

There is a 25% reduction on the Minimum rate for seniors

*** CF=cubic foot – a cubic foot of water is equivalent to 7.48 gallons**

The following goals were used to develop new rates:

- A retained earnings target of 20% of the water budget's expenditures. Retained earnings will help mitigate projected increases in debt due to planned capital projects.
- Minimize the impact on the low-end user, which includes the majority of senior users.
- Ensure the impact on the average residential user (average Southborough use 2600CF/bill) is manageable.
- Increase rates at the highest tiers where the usage may be considered to be non-essential.

The DPW looked at several different percent increases and several tier changes to try to meet the above goals. The Finance Team weighed in on the options developed. The options were also presented to the Public Works Planning Board for discussion and opinions.

The option that met the criteria and that also kept the Enterprise Fund from being at a deficit each year was endorsed by both groups. This option consists of the following changes:

Changing the water volumes for the Tiers

Tier 1	0-750CF
Tier 2	751-3000CF
Tier 3	3001-10000CF
Tier 4	!0000CF and up

Determining what the current rate for the new Tiers would equate to:

	Current Range	Current Rate	New Range	Adjusted Current Rate
Tier 1	0-1000CF	Minimum	0-750	No Change
Tier 2	1001-2000CF	$3.73/100CF	751-3000CF	No Change ($3.73/100CF)
Tier 3	2001-3000CF	$4.26/100CF	3001-10000CF	$5.86/100CF (average of Tiers 4 & 5)
Tier 4	3001-4000CF	$5.33/100CF	10000CF and up	$10.00/100CF (new value)
Tier 5	6000CF and up	$6.40/100CF	NA	NA

After the new Tiers and their equivalent current rates were developed, each tier was increased by 17%.

The proposed new rates are below:

	Tier 1(Minimum)	Tier 2	Tier 3	Tier 4
Meter Size	750CF	751-3000 (CF)	3000-10000 (CF)	10001 and up (CF)
5/8”	$34.36	**$4.36/100CF**	**$6.68/100CF**	**$10.00/100CF**
5/8” Senior	$25.76			
¾”	$46.86			
¾” Senior	$35.14			
1”	$56.33			
1” Senior	$42.25			
1 ½”	$71.90			
2”	$93.75			
3”	$156.28			
4”	$286.79			

I have attached The Abrahams Group’s analysis of how this change will affect different users bills, both quarterly and annually. The sheets also show what percentage of current bills fall within each of the tiers.

I have also attached pages from the 2019 MWRA Rate Survey. This survey normalizes all rates by assuming water usage of 12000CF/year. Currently, Southborough’s yearly rate at 12000CF/year is $437.88 (or $0.00488/gallon), 9th lowest of the 10 MWRA fully supplied, water only, communities. This rate change will bring a Southborough resident’s cost for 12000CF/year to $486.24/year (or $0.00542/gallon). With all other community’s rates remaining the same, this will move Southborough’s water rates into the 8th lowest position.

The rate change is requested to begin after the March reading, so that the July bill will be at the new rates.

PROFESSIONAL SERVICES PROPOSAL

CLIENT:	Southborough Conservation Dept. Attn: Melissa Danza 17 Common Street Southborough, MA 01772	DATE:	January 21, 2020
CONSULTANT:	Lucas Environmental, LLC 500A Washington Street Quincy, MA 02169	PROJECT:	Breakneck Hill Cons. Land Southborough, MA

Per your request, Lucas Environmental, LLC (LE) is pleased to submit this proposal for professional services for the proposed wetland due diligence investigation at the Breakneck Hill Conservation Land located in Southborough, Massachusetts. The scope of the investigation is limited to the historic dumping area in the northwestern portion of the property, adjacent to the lot located at 60 Breakneck Hill Road ("Area of Interest"). The goal of the investigation is to determine the current extent of regulated wetland resources within the Area of Interest as well as an estimate of wetland resources that may have been impacted by the historic dumping of debris in the area.

Unless executed within 30 calendar days of the above date, this proposal, including all of its terms and conditions will not be considered valid. For the purposes of this proposal, it is assumed that LE will have access and permission to enter the project sites to complete the following Scope of Services.

A. SCOPE OF SERVICES

1.0 FIELD SERVICES

LE will complete the wetland delineation and site investigations of the Area of Interest as detailed in the following scope of services.

1.1 Wetland Delineation

A Professional Wetland Scientist (PWS) will delineate wetland resource areas within and immediately adjacent to the Area of Interest. It is assumed the client will obtain landowner permission for environmental surveys occurring off-property prior to the initiation of the survey efforts.

Wetland areas will be identified in accordance with the Massachusetts Department of Environmental Protection Division of Wetlands and Waterways Handbook for Delineating Bordering Vegetated Wetlands under the Massachusetts Wetlands Protection Act (1995), the U.S. Army Corps of Engineers (USACE) Wetland Delineation Manual (1987), and Northcentral and Northeast Regional Supplement v 2.0 (2014), and the Town of Southborough Wetlands Protection Bylaw.

Resource area boundaries identified will be flagged with nylon surveyor's tape and each flag will be labeled with a unique alpha-numeric code. It is our understanding that location/survey of the flags will be completed by others. Data will be collected in order to characterize each resource area and prepare the MassDEP BVW Field Delineation Data Forms to the extent conditions permit data collection, although no forms will be prepared at this time. Representative photographs of wetlands and adjacent uplands will also be taken. A wetland sketch will also be prepared under this task.

1.2 Historic Photo Interpretation & Summary Memorandum

As available, LE will source available historic photos of the subject area (ideally, stereoscopic pairs) for the purpose of interpretation to determine "pre-dump" wetland conditions. Based upon the limitations of available photographs, LE will prepare a sketch and accompanying memorandum describing the approximate limits of the previous wetland extent. The cost for purchase of aerial historic photos is estimated below.

B. FEES

The lump sum fee to perform the services listed in the Scope of Services is described below by task.

Task #	Task		Fee
1.0	**FIELD SERVICES & REPORTING**		
1.1	Wetland Delineation		$900.00
1.2	Aerial Photo Interpretation & Summary Memorandum		$1,200.00
		1.0 Subtotal	$2,100.00
		PROJECT SUBTOTAL	**$2,100.00**
		+ ESTIMATED EXPENSES	**$500-750.00**
		PROJECT TOTAL	**$2,600.00-$2,850.00**

Reimbursable expenses are included in the Fees provided in the Proposal as noted above. Reimbursable expenses are anticipated to be primarily for the acquisition of high resolution historic aerial photographs, but may also include: copy and reproduction costs, research materials, and vehicle mileage per the current IRS standard mileage rates for business. Any additional reimbursable fees, above and beyond those described in the Scope of Services and Fees in the Proposal, are to be approved ahead of time by the client via an Additional Services Proposal (ASP).

C. SERVICES NOT INCLUDED

Lucas Environmental, LLC would be pleased to provide the services described below for mutually agreed upon additional compensation. **These services are not included in the Scope of Work as noted above.**

- Additional field reports/memorandums/summaries not included in this Scope;
- Additional Environmental Permitting: Preparation of permit application packages for local, state and federal permits not identified in the Scope of Services;
- Additional site walks/meetings, if required;
- Functions and Values Assessment;

- Vernal pool surveys; Wildlife Surveys and Habitat Analyses; Rare Species Surveys;
- NHESP Consultation and Permitting;
- Environmental monitoring;
- Field Survey of wetland resource areas;
- On-site soil testing is not included;
- Coordination and review of Massachusetts Historical Commission records; and
- Other services not listed specifically under the Scope of Services above.

D. SERVICE AGREEMENT SIGNATURES

Please execute this document in the space provided below and return the original copy to our office. Receipt of the signed proposal and receipt of the retainer will serve as notice to proceed. If you have any questions or comments, please do not hesitate to contact me at 617.405.4860 or mdv@lucasenvironmental.net.

By the signing of this proposal, you indicate your acceptance of the terms and conditions contained herein, and you give authorization to proceed with the Scope of Services indicated.

Sincerely,
LUCAS ENVIRONMENTAL, LLC

Matthew Varrell, Manager, PWS
Project Manager/Environmental Consultant

ACCEPTANCE OF PROPOSAL & AUTHORIZATION TO PROCEED

This proposal is hereby authorized and accepted as executed below by the Town of Southborough. The signatory below also hereby warrants that he/she has full authority to act for, in the name of, and on behalf of the Town of Southborough to authorize this Agreement.

Date of Authorization

Compensation and Payment
Unless otherwise provided for in writing, Lucas Environmental, LLC (hereafter referred to as LE) shall be compensated for its services and shall be reimbursed for costs and expenses reasonably incurred in its performance or professional services. Materials will be billed at cost; mileage will be billed per the current IRS standard mileage rates for business, unless other terms are outlined with this Proposal. Unless specifically excluded or other terms are outlined within this Proposal, LE shall require a signed Proposal to start work on this Project and retainer if included in the Proposal. **LE shall submit invoices that are due and payable upon receipt.** Billing is submitted monthly to the Client based upon the tasks performed (at applicable rates), plus reimbursable expenses not included in the Proposal. If Client disagrees with any portion of an invoice, it shall notify LE within seven (7) days of receipt of the invoice, and shall pay the portion not in dispute. On amounts not paid within thirty (30) days of invoice date, Client shall pay interest from invoice date until payment is received at a rate of 1.5 percent. A second invoice shall be sent when the invoice is thirty days (30) days past due. **Unpaid balances more than thirty (30) days will result in cessation of all project-related work until the portion of the overdue balance is paid in full.** If LE has stopped work on this Project for a reason, LE will not be held not responsible for consequences, financial or otherwise, associated with project delays or final completion thereof. Additional services and/or revisions to work outlined in this contract will be performed at additional costs when applicable or per an approved fee by the client. LE or any of its sub vendors shall not commence with any additional services until written authorization of an amended Scope of Services is approved by the Client. Prior to performing any work on the property, LE reserves the right to post a notice of contract. The parties to this contract specifically agree that LE has no obligation to release drawings or other documents until the final bill for services associated with the production of those documents has been paid in full. Prior to the execution of this Proposal, LE reserves the right to take measures necessary to evaluate the credit history of the Client and subsequently cancel or modify this Proposal as deemed necessary.

Proprietary Information
All documents, drawings, specifications, plans, related reports, calculations, maps, charts, specifications, electronic data, information and any and all documents enumerated in, or prepared under, this Proposal prepared, provided, or procured by LE are instruments of service. LE shall retain all common law, statutory and other reserved rights, including copyright in those instruments of service. Drawings, specifications, and other documents and materials and electronic data are furnished for use solely with respect to this Project. LE will provide Client will a specific number of copies of plans, reports or other media generated by LE as defined in the Scope of Services. Additional copies will be provided for a fee. Designs, documents, specifications, and other work produced by LE will not be provided to any third party unless specifically requested by the Client, and if requested, will be provided for an additional fee.

Dispute Resolution
Client and LE agree that they shall first submit any and all unsettled claims, counterclaims, disputes, and other matters in question between them arising out of or related to this Agreement to mediation in accordance with industry standard mediation rules of the American Arbitration Association, effective as of the date of this Agreement.

Force Majeure
Neither party shall be deemed in default of this Agreement to the extent that any delay or failure in the performance of its obligations results from any cause beyond its reasonable control and without negligence.

Indemnification
Client and LE each agree to indemnify and hold the other harmless, and their respective officers, employee, agents and representatives, from and against liability for all claims, losses, damages, and expenses, including reasonable attorney's fees, to the extent such claims, loses, damages, or expenses are caused by the indemnifying party's negligent acts, errors or omissions. In the event claims, losses, damages, or expenses are caused by the joint concurrent negligence of the Client and LE, they shall be borne by each party in proportion to its negligence.

Modifications or Changes
In the event of material change in LE's Scope of Services or LE's time or other conditions for the performance of services, through no fault of LE, the compensation due LE and the time allowed for LE's performance shall be equitably adjusted. Any such change shall be by a duly executed written instrument.

No Third Party Beneficiaries
Unless expressly provided otherwise in this Agreement, nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by LE to any Contractor, Contractor's subcontractor, supplier, other individual or entity, or to any surety for or employee of any of them. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Client and not for the benefit of any other party.

Opinions of Cost
Any opinions or estimates of probable construction or implementation costs prepared or verbally indicated by LE represent LE's professional judgment based on its experience and available information. However, since LE has no control over the cost of labor, materials, equipment, or services furnished by others, over contractor's methods or determining prices, or over competitive bidding or market conditions, LE cannot and does not guarantee that proposals, bids, or actual costs will not vary from LE's opinions, estimates or evaluations of cost.

Other Consultants or Contractors
LE shall not have any duty or authority to direct or supervise any separate consultants or contractors of Client to provide their means, methods, sequences, safety procedures, or programs or to stop or otherwise suspend their activities, LE shall not be responsible for the failure of Client's separate consultants or contractors to fulfill their responsibilities and Client agrees to indemnify, hold harmless, and defend LE against any claims arising out of such failures.

Responsibility for Permits, Approvals, and Regulatory Reporting
Unless specifically identified in the scope of services, LE shall provide technical criteria, written descriptions, and design data for Client's use in filing applications for permits from or approvals of governmental authorities having jurisdiction over the Project and shall assist Client in consultations with such authorities.

Responsibilities of Client
So far as to not delay the services of LE, Client shall designate in writing a person to act as its representative with respect to LE's services; provide all criteria and full information as to Client's requirements for the Project; place at LE's disposal all available information pertinent to the Project and any site where services are to be performed; provide or arrange for legal access and make all provisions for LE to enter any site where services are to be performed; give prompt written notice to LE whenever Client observes or otherwise becomes aware of any development that affects the scope or timing of LE's services; and provide any notices required to be given to governmental authorities in connection with LE's services, except for such notices LE has agreed in writing to give. LE shall be entitled to rely upon the information, services, and instructions provided by Client and Client's Representative.

Other Information
LE will rely upon commonly used sources of data, including database searches and agency contacts. LE does not warranty the accuracy of the information obtained from those sources and unless specifically requested by the Client will not independently verify such information.

Standard of Care
The standard of care for all professional service performed or furnished by LE under this agreement will be the skill and care used by members of the environmental consulting industry practicing under similar circumstances at the same time and in the same locality. LE makes no warranties, either express or implied, under this Agreement or otherwise, in connection with LE's services.

Termination of Contract
Client may terminate this Agreement with seven days prior written notice to LE for convenience or cause. LE may terminate this Agreement for cause with seven days prior written notice to Client. **Failure of Client to make payments when due shall be cause for suspension of services or, ultimately, termination, unless and until LE has been paid in full all amounts due.**

Limitation of Liability
To the fullest extent permitted by the law, the total liability of LE and its subconsultants and subcontractors to Client for any and all injuries, claims, losses, expenses or damages whatsoever from any cause or causes, including, but not limited to, strict liability, breach of contract, breach of warranty, negligence, or errors and omissions (collectively "claims") shall not exceed three thousand dollars and zero cents ($3,000.00) or LE's total fee, whichever is greater. In no event shall LE, its subconsultants or subcontractors be liable for punitive, special, incidental or consequential damages. Client, as a material inducement for LE to enter into this agreement, waives all claims against, forever discharges and promises not to sue LE for all claims. Client agrees to look solely to LE for the satisfaction of any claims arising from or relating to this agreement that client would otherwise have against LE absent the waiver set forth above.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, January 21, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers and Town Administrator Mark Purple
Absent: Daniel Kolenda

I. Chairman Shea called the meeting to order at 6:30 P.M.

II. **Public Comment**
None

III. **Scheduled Appointments**
Cultural Council Update: Mary Piekarz, Chair
Ms. Piekarz introduced Ms. Davis to the Board and gave a background of the charge of the Council. She stated the Council is allocated money from the Mass Cultural Council yearly and give about $5,000 worth of grants to fund activities for Southborough residents. She described the recent art exhibits sponsored by the Council and one currently on display in the Library. Ms. Piekarz added that they funded the music at the food truck event, an arts and crafts fair on Heritage Day and helped Sophia Brady host an open mic night that was attended by about 150 people for her Scouts Gold Award. She added that the greatest challenge is a lack of space for meetings and art display.

Ms. Davis stated she had attended some Cultural Council meetings and their goal is to identify artist in Town, advertise more and get more people involved in the arts. She reiterated the need for more space and urged the Town to think about dedicated space for the Council and art display. Ms. Piekarz added that they have had to turn an artist away because the space available, mainly the Library, was inadequate for her work. Ms. Davis stressed the need for arts and culture to revitalize the Town.

Mr. Healey said he has attended some of the Cultural Council's events and commented on the talent of the artists and the palpable energy. He suggested they reach out to the EDC to as the arts can be part of economic development. Ms. Davis replied they would like to part of the economic development in Southborough and would like to present their ideas for arts and culture to increase business in Town. He requested the Council continue to update the Board about space and suggested tying in local businesses to display artwork. Ms. Braccio commended the Council for their work and suggested they work with the schools to integrate programs to inspire youth and use their display space. Ms. Piekarz stated that some grants are awarded to the Library to host classes for the youth but survey responses indicated residents wanted more classes and events for adults. She stated the challenge is lack of space and the ability to charge and therefore pay for events. She added that Denise Johnson is a member and a teacher at Neary.

Mr. Stivers thanked them for their work and suggested the Council reach out to St. Mark's and Fay Schools to utilize their display space. He that the Master Plan Committee has a goal to create a sense of community and generate places where residents could gather and interact. Mr. Stivers said the Cultural Council is a key element to reaching that goal. He added that hiring a

part-time grant writer for the Town could assist the Council find and apply for grants. He asked Ms. Piekarz to talk about some of the grants the Council has provided. Ms. Piekarz stated they have funded events for the Interboroughs Band, Summer Concert Series, classes at the Library and the Messiah Concert at Pilgrim Church. Mr. Stivers asked how those interested in these grants could apply. Ms. Piekarz replied that any group or individual can apply and applications are due in October and are available on the website.

Volunteer Interview for appointment: Lynn Davis, Cultural Council; term 1/22/20-1/21/22
Chairman Shea told Ms. Piekarz that it was a benefit to have the applicant present with her to illustrate the applicant's knowledge and passion for the Cultural Council. Chairman Shea made a motion to appoint Lynn Davis, Cultural Council; term 1/22/20-1/21/22. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Police Chief Paulhus

i. Appoint Student Officer Austin Chapski to Probationary Officer effective 2/15/2020
Chief Paulhus requested the Board approve the appointment of Student Officer Austin Chapski to Probationary Officer effective February 15, 2020 upon a successful graduation from the MPTC Police Academy on February 14, 2020. He said Mr. Chapski will then enroll in the FTO Program and his pay status will change from $700 per week to $969.69 per week per the Union contract. Chief Paulhus stated the Mr. Chapski is a resident of Southborough and has been a dispatcher for the department. Ms. Braccio made a motion to appoint Student Officer Austin Chapski to Probationary Officer effective 2/15/2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

ii. Appoint Jeffrey Norton as Full-Time Student Police Officer effective 2/24/2020
Chief Paulhus asked the Board to consider the appoint of Jeffrey Norton as a Full-Time Student Police Officer effect 2/24/2020 when the Boylston Police Academy will begin. He gave a background of Mr. Norton's experience and stated his employment history, background check and interview skills reflect a high level of communication skills. Chief Paulhus added that Mr. Norton worked for St. Mark's School and has familiarity with Southborough. He was hired as a part-time dispatcher last May and has been successful in that role. Chief Paulhus stated Mr. Norton will step down from his current role as part-time communications officer and will receive a salary of $700 per week as a full-time Student Officer per the Union contract. Upon graduation from the MPTC Academy in Boylston, he will transition to a full-time Probationary Officer per the Union contract. Ms. Braccio made a motion to appoint Jeffrey Norton as a Full-Time Student Police Officer effective 2/24/2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

iii. Appoint Stephanie Fontaine as Part-Time Communications Officer start date TBD
Chief Paulhus explained the need for more part-time dispatchers and asked the Board to consider his recommendation of Stephanie Fontaine as Part-Time Communications Officer. He said Ms. Fontaine has a long history of employment in customer service and has certifications in NextGen 9-1-1 and the Association of Public-Safety Communication Officials. He asked for the Board's approval pending a successful passing of background checks. Mr. Stivers asked if Ms. Fontaine had any connections or experience in Southborough. Chief Paulhus replied that she did not but having the certifications will make for a smooth transition. Ms. Braccio made a motion to appoint Stephanie Fontaine as Part-Time Communications Officer with a start date TBD. Mr. Healey seconded. The motion passed all in favor (4-0-0).

iv. Approve Citizens Police Academy with Northborough and Westborough

Chief Paulhus explained the program and its success from 2018. He stated the Citizens Police Academy runs for eight weeks and they will be partnering with Northborough and Westborough for the first ever BORO's CPA. He told the Board that the Department currently partner with Northborough and Westborough for the Junior Police Academy, the Jail Diversion Counselor and other resources. He said Southborough will host the 2020 CPA in the training room of the Public Safety Building and will be under the direction of Officer John Woodford and Officer Stephen Neivert. Chief Paulhus recommended the program to all residents. Mr. Healey asked how many people could enroll. Chief Paulhus said because of the larger size of the training room in the new building, the program could accept up to 35 people. He added that the Academy would be held Wednesdays from 6:00 P.M. to 9:00 P.M. beginning in late March or early April. The registration will be split evenly between the three towns. Ms. Braccio made a motion to approve the Citizens Police Academy with Northborough and Westborough. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Brian Ballantine, Finance Director – Continued discussion of FY2021 budget

Mr. Ballantine told the Board he created a five-year budget estimate without going into a deficit. He requested the Board vote on a budget concept this evening. Mr. Ballantine gave an overview of the five-year projection and listed the assumptions used to maintain in the positive. These included operational and school budgets remaining at 3.5%, the inclusion of a meals tax, removing placeholder requests for future years, extending bond terms further into the future, placing a cap from fiscal year 2021 to 2026, and replacing the hopper at the Transfer Station instead of a full renovation. The latter would save the town $3 million in the capital plan and debt paying forward. Mr. Ballantine informed the Board that Norfolk Academy has two applicants this year which adds $89,000 to the budget. He said this could almost be offset by the revenue updates for the ambulance fund. He requested the Board decide tonight on additional items they may want to include in the budget.

Mr. Stivers said he felt there are items that are the right thing to do for the Town and wanted them included in the budget. He listed his support for the ADA budget, Building Department hours, Conservation Commission administrative support, Municipal Technology Committee support, Police budget and Southborough Youth and Family Services support. He stated that these items would be an increase of $200,000 and listed assumptions that could be in the favor of the Town such as a smaller school budget.

Ms. Braccio stated she agreed with the support Mr. Stivers spoke to but felt that if the Board decided to add items to the budget, they needed to find where to take the funds from for the purpose of sustainability. Mr. Healey agreed. He suggested that if there were a fall town meeting, there is a possibility that some expenditures could be delayed until then for a clearer view of the financial standpoint of the Town. Chairman Shea stated he asked Mr. Ballantine to present a scenario to add a part-time employee for Youth and Family Services and a full-time Police Officer for fiscal year 2021 into the budget projection. He said these additions would put the Town in the negative financially but felt these positions should be a priority. There was discussion on the ramifications of adding a part-time employee for Youth and Family Services. Mr. Purple added that in order to stay under the cap for fiscal year 2024, the Board will have to cut approximately $70,000 barring all assumptions hold true. He asked the Board to decide if there were any additions they wanted to put back into the budget. He added that fiscal year 2022 will be tight and the Board now has a preview into the next five years in terms of debt issues. Mr. Stivers countered that assumptions could be favorable for the Town as well and said

that the Board should fund what is right for the Town and reassess the financial impact throughout the process.

Kathy Cook, Chair of the Advisory Board, told the Board that fiscal year 2022 will be the most challenging year as the tax rate increase is estimated at 8%. She stated that Advisory had not voted on the budget yet, but speaking as the Chair, she believes there should be a special town meeting in the fall. She would like the Capital Budget Committee to be reinvigorated and stated Jason Malinowski was open to being Chair. She said the focus of the committee would be on capital and coming up with creative ways to lower the expenses and increase revenue while also supporting services. Ms. Cook said the Advisory Board had heard a presentation from the Economic Development Committee regarding their proposed zoning bylaw change and she felt they would not be ready for town meeting in March. She stated they would most likely benefit from more preparation time and they could be on the agenda for a fall town meeting as well.

Mr. Purple asked the Board to support the concept of no new hours or positions in fiscal year 2022 due to the lack of any sustainable revenue to support these items. There was discussion and Ms. Braccio reminded the Board that in the future, they could vote to change this decision. Mr. Healey made a motion to support a plan of no additional hours or positions in fiscal year 2022 unless there is a clearly identifiable new revenue stream that could support those items. Ms. Braccio seconded. Mr. Stivers said it was a great concept but there are items that should be supported and a need to find new ways to fund them. He said, with that caveat, he will support the motion. The motion passed all in favor (4-0-0).

There was continued discussion regarding adding new positions for fiscal year 2021 and Ms. Braccio asked if a police officer position was not included into this budget if the overtime budget would increase. She indicated that if the cost of overtime evened out the cost for additional officer, the position should be added. Mr. Purple replied that if an officer were not included in this budget, the Police Chief would most likely not be giving back overtime as he usually does. Ms. Braccio requested the number of overtime hours expected for fiscal year 2021 if there are no additional officers. Mr. Purple agreed to work on those numbers with the Chief for next meeting. The Board agreed to add a meeting on February 4th dedicated solely to the budget and requested the Advisory Board attend. Ms. Cook confirmed that the Advisory Board could attend the February 4th meeting.

IV. Reports

Town Administrator's Report

- Update on 2020 Annual Town Meeting Warrant

Mr. Purple said he distributed an update on the Town Warrant and there are 35 articles with a possibility of an additional article from a citizen petition. He said the potential article is being reviewed by the Town Clerk to certify signatures for a noise bylaw. He added that more information is needed for the project at Kallander Field and St. Mark's Bell Tower and therefore the list of bonds has not been completed. He said article sixteen is being reviewed by Bond Counsel for borrowing and the four articles before the Planning Board are being reviewed by Town Counsel.

Mr. Purple stated he received a letter from Town Counsel that he distributed to the Board regarding the process the EDC has taken to bring their proposed bylaw to the Planning Board. He stated that because it was received so late, he will not make any comments this evening.

Chairman Shea said that Ms. Cook identified that the proposed zoning bylaw change should have been acted on by the Board before going to the Planning Board. He continued that the letter outlines a number of ways in which the document could have gone before the Planning Board and none were properly met. Chairman Shea stated he was unsure the Board had the time to work on this article in time for the signing of the warrant. He suggested this may be an article that could come before the Board for a fall town meeting.

Mr. Purple suggested the Board consider deferring the reinstating of the Capital Committee to a fall meeting. He added he had not heard back from National Grid regarding parcel 54-40. He said National Grid was checking the parcel to determine the status of the land. He has reached out to National Grid and will update the Board when he receives a response.

Chairman's Report

Chairman Shea told the Board that he has requested a meeting with the DPW Superintendent and the Conservation Agent to understand the actions taken on Deerfoot Road regarding the tree removal. He has also requested an opinion from Town Counsel regarding the authority of the DPW for tree removal of sick and diseased trees. He will reach out to the Deerfoot Road residents once he has more information.

Chairman Shea stated that the memo on the naming of space for the Public Safety Building has been sent to the Board. He asked the Board to review and send any questions or comments to Mr. Purple.

Members' Reports

- Update on PILOT discussions

Mr. Healey updated the Board on his PILOT discussions with St. Mark's and Fay Schools. He said both were productive and receptive to his ideas. Mr. Healey spoke with both schools about how they view the roll of non-profits in communities and expressed interest in continuing to be good neighbors. He gave an example of a policy the City of Boston created that billed their non-profits for 25% of the tax they would be responsible for had they not been non-profit institutions and the unsuccessful result. He stated having discussions were much more productive and noted that the Board of Trustees from both schools had no interest in a contractual relationship with the Town. He said they felt the most favorable route would be as an ad-hoc and continual discussion of expenditures tied to their mission and the Town. Mr. Healey stated he will continue his discussions with St. Mark's and Fay Schools and believes they will be positive for both parties.

Ms. Braccio extended condolences to the family of Donald Banks who had recently passed. Mr. Banks was a Southborough Reserve Police Officer and a Water Specialist with the Southborough DPW.

Mr. Stivers reported that the Master Plan Committee met last week with Representative Dykema and Senator Eldridge with a focus on transportation issues. They had shared that the State and Mass DOT are interested in undertaking projects to address transportation issues in the Metrowest. He said there could be potential funding for projects that are ready to begin. Mr. Stivers said they talked about sidewalks, causeways and pedestrian and local bus transportation. He recommended creating a group to reach out to the Town to compile a list of projects residents would want that could potentially be a candidate for this funding. He added that Representative Dykema was very supportive of finding more parking at the T-Station. Mr. Stivers

suggested the possibility of the Planning Board, EDC and/or Trails Committee working together for specific project ideas.

Mr. Stivers stated the Public Works Planning Board meets Monday evening to review the Complete Streets Program. He added that the Board will need to vote on this in the future. He said he hopes the draft policy is posted with the agenda for the public to review prior to the meeting.

Mr. Stivers stated with the current process gaps with the EDC and their zoning amendment proposal, it is a good opportunity for the Board to discuss options for revitalizing the downtown. He commended the EDC for creating traction on this topic and he would like to work on the initiative in the future.

V. Consent Agenda

a. Approval of Regular Session minutes from January 7, 2020
Mr. Stivers held consent agenda item "a." Mr. Stivers stated the dates for the Mater Plan Committee and Public Works Planning Board were incorrectly noted in the January 7, 2020 Regular Session meeting minutes. He sent Mr. Purple his corrections and requested the Board accept the changes for accuracy. Chairman Shea made a motion to approve the Regular Session minutes from January 7, 2020 as amended. Mr. Healey seconded. The motion passed all in favor (4-0-0).

b. Accept resignation of Lou Palecki from Golf Course Committee
Ms. Braccio held consent agenda item "b." Ms. Braccio thanked Mr. Palecki for the work he had done on the Golf Course Committee including the renovation of the course, working with the CPC and assisting in the successful opening of the course to the public during the construction of the Public Safety Building. Chairman Shea agreed and made a motion to accept the resignation of Lou Palecki from the Golf Course Committee. Mr. Healey seconded. The motion passed all in favor (4-0-0).

c. Chairman Shea made a motion to accept the donation of $100.00 from M. Hasbrouck and J. Gibbons for the Fire Department Ambulance Fund. Mr. Healey seconded. The motion passed all in favor (4-0-0).

d. Chairman Shea made a motion to sign the warrant for the March 3, 2020 Presidential Primaries. Mr. Healey seconded. The motion passed all in favor (4-0-0).

e. Chairman Shea made a motion to appoint Keith L. Ackley to Board of Registrars of Voters, term 6/30/20. Mr. Healey seconded. The motion passed all in favor (4-0-0).

f. Clerk notice to BOS regarding hours of Early Voting for the Presidential Primary
Chairman Shea held agenda item "f." Chairman Shea invited the Town Clerk to speak. Mr. Hegarty explained that early voting is available to all residents starting Monday, February 24th from 8:00 A.M. to 7:00 P.M. through Thursday, February 27th and Friday, February 28th from 8:00 A.M. to noon. He added that parents who will be requesting absentee ballots for their children in college should call and provide the email address and phone number of their children in order for the Town Clerk's Office to send a reminder to return their ballot. Mr. Purple suggested the Board meet at 7:00 P.M. instead of 6:30 P.M. on February 25th in order for the Town Clerk's Office to conduct early voting. The Board agreed. Chairman Shea made a motion to accept early voting for the Presidential Primary. Mr. Healey seconded. The motion passed all in favor (4-0-0).

g. Chairman Shea made a motion to approve the Executive Session minutes from January 7, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

VI. Other Matters Properly Before the Board

Review of proposed Accessibility Compliance Committee bylaw article

Mr. Purple stated that Chairman Shea, Mr. Healey and Mr. Stivers submitted suggested changes to the proposed charge of Accessibility Compliance Committee and distributed it during the meeting. Mr. Healey stated he changed the name of the committee to the Southborough Public Accessibility Committee because he felt it was more welcoming and more in line with their functions. The Board agreed to the change and Mr. Purple agreed to incorporate it in the next draft. Mr. Stivers stated that most of his proposed changes was wordsmithing for clarity. Mr. Healey stated his proposed changes had the same function for better clarity. There was discussion on changes throughout the document; specifically, the role of "coordinator" listed in section 9.34.A. It was agreed that Mr. Purple would take on this role but would not report to the Committee.

Mr. Stivers added he incorporated definitions and language regarding quorum for clarity. Ms. Braccio, Mr. Healey and Chairman Shea agreed to the changes. Mr. Purple affirmed he would add this language to the draft document. Mr. Healey pointed out his changes to Section 9.35 and there was discussion on the final proposed language. Mr. Healey agreed to update the draft document with all the changes agreed to by the Board and send it to Mr. Purple. Mr. Purple agreed to distribute it to the Board and the ADA Committee for review.

VII. Executive Session

At 8:50 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A §2 I (exemption 2) for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Stivers, aye.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Monday, January 27, 2020, 7:30 A.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Sam Stivers, Lisa Braccio
Absent: Dan Kolenda

I. Chairman Shea called the meeting to order at 7:30 A.M.

II. **Consent Agenda**

a. Chairman Shea made a motion to assign the January 17, 2020 OML Complaint filed by Ginny Kremer to Labor Counsel Tim Norris for response. Mr. Healey seconded. Mr. Healey asked if there is any indication that these complaints will cease. Mr. Purple said no. Mr. Stivers asked why the Board doesn't simply make public the entire matter. Mr. Shea said that there are certain protections under labor law for the former employee. Mr. Stivers said that he needs to understand better those protections. Mr. Healey said that the Board may want to make a comment that indicates that all records that can be made public have been done so. Mr. Purple will work with Labor Counsel to craft such a statement. The motion passed all in favor (4-0-0).

III. **Adjournment:** At 7:38 A.M., Ms. Shea made a motion to adjourn the meeting. Mr. Healey seconded. The motion passed all in favor (4-0-0).

DRAFT

Required Form of Vote to Submit a Statement of Interest (SOI) to the

Massachusetts School Building Authority

Southborough Board of Selectmen

Margaret A. Neary School

Resolved: Having convened in an open meeting on February 11, 2020, prior to the SOI submission closing date, the Southborough Board of Selectmen, Southborough, Massachusetts, in accordance with its charter, by-laws, and ordinances has voted to authorize the Superintendent to submit to the Massachusetts School Building Authority the Statement of Interest dated February 13, 2020 for the Margaret A. Neary School located at 53 Parkerville Road, Southborough, Massachusetts which describes and explains the following deficiencies and priority category for which an application may be submitted to the Massachusetts School Building Authority in the future as identified on the Statement of Interest Form (#5), "Replacement, renovation or modernization of school facility systems, such as roofs, windows, boilers, heating and ventilation systems, to increase energy conservation and decrease energy related costs in a school facility"; specifically, the replacement and renovation of the asphalt roofing structures which are rated in poor or failed condition, given that dozens of repairs have been performed to repair roof seams and flashing, and patch roof leaks. Several areas need immediate repair to avoid costly leaks; and herby further specifically acknowledges that by submitting this Statement of Interest Form, the Massachusetts School Building Authority in no way guarantees the acceptance or the approval of an application, the awarding of a grant or any other funding commitment form the Massachusetts School Building Authority, or commits the City/Town/Regional School District to filing an application for funding with the Massachusetts School Building Authority.

Duly Voted by the Southborough Board of Selectmen, February 11, 2020

And that, the Certification of the vote was duly recorded by:

Subject: Re: Updated ADA bylaw

Mark,

Thank you for the markup. I have several comments, as follows:

- Overall, the changes are consistent with the original intent. Thanks to all who contributed.
- 9.34 - "Southborough supports" - "Southborough requires"
  Also, "enhancing" - "improving" (or "increasing") - "enhancing" is a weasel word.
- 9.34A "no more than five" - "five" - My mistake - I originally had a range.
- 9.34A "Quorum number" - delete "number", it's redundant
- 9.34A describing who is and isn't a Town Employee seems excessive - there is a common understanding, used in other bylaws. However, if the language remains, the SAP references are not sufficient. Town Employees are also union employees, and (like yourself) contract employees. They should not be voting members.

  Perhaps: A "Town Employee" is any person holding a non-elected, paid position in the Town other than a volunteer who is deemed a Municipal or Special Municipal employee solely for the purposes of MGL Chapter 268A.
- 9.35 - bullet 2 "town citizens" - "Town citizens"

Cc: Mark Purple <mpurple@southboroughma.com>
Subject: Water Rate Memo

Members of the Board and Mark,

I was reviewing the memo for tonight's meeting and I found two issues that, although they don't change the recommendation, should be noted.

First, I transposed the decimal units in the Tier 3 column of the proposed new rates in the memo to the Selectmen. The cost per cubic foot of water for water usage of 3001 to 10000 CF should be $6.86 (not $6.68). This typo did not affect the calculations in the memo, since the calculations were for 3000CF. The typo was also not part of Matt Abrahams calculation sheets.

Second, however, the normalized MWRA cost, although not effected by the typo was mis-calculated and should be $529.67 (not $486.24) at the new rates. That places Southborough sixth highest out of the 10 fully supplied, water only, MWRA communities (not eighth).

Thanks,

Karen Galligan

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 25, 2020, 7:00 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers and Town Administrator Mark Purple
Absent: Daniel Kolenda left the meeting at 7:39 P.M.

I. Chairman Shea called the meeting to order at 7:00 P.M.

II. **Public Comment**
None

III. **Scheduled Appointments**
Joint meeting with the Board of Library Trustees to fill a Trustee vacancy
Chairman Shea stated that this topic was discussed at the last meeting and needed to be revisited tonight to commence an official joint vote to fill the Trustee vacancy. Mr. Donovan stated that the recommendation for Janet Many to fill this position has not changed since last meeting. Ms. Landry stated the Board of Library Trustees voted unanimously to recommend Janet Many as the interim Trustee. Chairman Shea asked Ms. Maney if she had pulled election papers. Ms. Maney replied that she had not and she is working with Mr. Hegarty to do so. Mr. Purple informed the Boards that both need to make a roll call vote as the Board and Board of Library Trustees are meeting jointly. Chairman Shea made a motion to fill the vacancy on the Board of Library Trustees with Ms. Maney as recommended. Mr. Healey seconded. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye. Landry, aye; Yazdani, aye; Vachris, aye; Davis, aye. The motion passed unanimously (9-0-0).

Town Meeting warrant article presentations
Chairman Shea stated there are ten articles listed that the Board has not yet taken a position on. He reminded the public that the intent is for the Board to receive more information about the articles and either take a position of support, of no support or to wait until Town Meeting. He asked presentations be limited to five minutes.

i. Article 5 – Salary Administration Plan
Betsy Rosenbloom, Chair of the Personnel Board, informed the Board that the materials included in the package have the summary of changes the Personnel Board is recommending. She thanked the Personnel Board for volunteering their time to work on the Plan. Chairman Shea thanked Ms. Rosenbloom and the Personnel Board for their work and the summary they created. The rest of the Board reiterated his sentiments and there were no questions. Ms. Rosenbloom thanked Mr. Purple and Ms. Hale for their support of the Personnel Board. Chairman Shea made a motion to support Article 5 – Salary Administration Plan. Mr. Healey seconded. The motion passed all in favor (5-0-0).

ii. Article 8 – FY2021 Water Enterprise Fund budget
Mr. Purple told the Board the full Water Enterprise Fund budget is included in their packet which is the same budget used to create the water rate structure changes approved by the Board at the last meeting. There were no questions or comments from the Board. Chairman Shea made a

motion to support Article 8 – FY2021 Water Enterprise Fund budget. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

iii. Article 14 – MSBA project for Finn School boiler

Mr. Martineau, Superintendent of Schools, stated that in January of 2019 the School Committee submitted a statement of intent to replace the Finn School boiler through the Mass School Building Authority. He said the project to replace in-kind two oil fired burners with 85% efficiency was approved for MSBA. Mr. Martineau stated that propane was not a viable option because there is no area to store the tanks and EverSource does not provide natural gas in the area of the school. There was discussion on whether upcoming EverSource projects would provide an opportunity for Finn School to be supplied with natural gas. Ms. Galligan stated that the projects will be located on Southville Road and River Street and natural gas will not be available for Finn School. The total cost of the project is $990,180. Mr. Martineau explained that the MSBA reimburses 36.89% of the total cost of the project which would come to $365,246. The cost to the Town is $624,903. Mr. Purple informed the Board that MSBA gives a lump sum in the beginning of the project and the Town will only be borrowing the amount attributed and not the full cost. Chairman Shea made a motion to support Article 14 – MSBA project for Finn School boiler. Mr. Kolenda seconded. The motion passed (4-0-1). Mr. Healey recused as this is a borrowing article.

iv. Article 19 – CPA – Kallander Field project

Andrew Mills, Vice Chair of the CPC, informed the Board that the CPC articles have been unanimously voted in approval by the CPC as provided in the packet except for the change in wording in Article 20. He stated that a feasibility study was approved at Town Meeting last year and completed. Mr. Mills said the CPC voted unanimously to recommend to rehabilitate Kallander Field at the cost of $238,750 in CPA funds to the 2020 Town Meeting. Tim Davis, Recreation Director, stated they worked with a landscape architect and the final plans provided will address the issues plaguing Kallander Field. He stated that he has been working with Ms. Galligan to create a maintenance plan that will ensure the issues will not return. Chairman Shea asked if there was a schedule in place for the project. Mr. Davis stated the specifications for the bidding process is complete with a July 1 start date for the winning bidder. He said the goal was for the Field to be ready in spring 2021.

Mr. Stivers asked if the architect has full confidence that the project will fix the issues at the Field. He asked what obligation the architect had to the Field if the issues were not fixed. Mr. Davis stated he will look at the contract but reiterated that the Town will need to follow the maintenance plan to ensure the Field conditions do not deteriorate. Ms. Braccio commended the Recreation Commission for following a path that addressed the many concerns with the Field. She asked Mr. Davis if the studies considered the water flowing from the hill and he replied that they had. Mr. Healey asked if any of the abutters were aware of the progress made on the project. Mr. Davis replied that he has not heard from any abutters since coming into office and the work will be done to Town property only. Mr. Healey asked for Mr. Purple to reach out to the abutters to make them aware of the status of the project. Mr. Purple stated once bids are received, the Board will schedule a meeting with abutters to make sure they are aware of the project schedule. Mr. Stivers asked Mr. Smith if he was in support of these plans regarding stormwater management. Mr. Smith replied that he had seen the plans this evening and requested the inclusion of a more detailed drawing of the swale in the plans. Mr. Smith stated that as long as the swale is of an acceptable size to handle the drainage, he is comfortable with

the project plans. Chairman Shea made a motion to support Article 19 – Kallander Field project. Ms. Braccio seconded. The motion passed all in favor (4-0-0).

v. Article 20 – CPA – St. Mark's Church bell tower project

Andrew Mills, Vice-Chair of the Community Preservation Committee recused himself from this matter. Ben Smith, CPC member, stated there was an error in the language of this article and the request is for $300,000 not the $200,000 as written. He said the CPC voted on the change this evening and it passed (3-1-1). He added that the additional $100,000 would come from the General Reserve Fund. Mr. Smith introduced Mr. Blanchette, a member of St. Mark's Church.

Mr. Blanchette gave a historical background of St. Mark's Church and its involvement in the community. He stated the bell tower is falling into disrepair and has a five-year window to execute on needed renovations. He said the there has been an application filed for the bell tower to be listed on the National Register of Historical Places but has not yet been accepted. He added that request for an additional $100,000 is due to the fact that the application has not yet been approved. St. Mark's Church has received $50,000 in emergency funding from the Mass Historical Commission and the Parish committed to $350,000. Mr. Blanchette stated the overall cost for the repairs to the bell tower is $750,000. Chairman Shea asked where the additional $50,000 needed for the full repairs would come from. Mr. Blanchette stated they will continue to apply through the Mass Historical Commission for the final funding amount. He added that there are no religious depictions on the bell tower and it is free standing. Mr. Smith added that Town Counsel had opined that this project is fundable using CPA funds.

Mr. Healey stated that Mr. Butler had sent a letter regarding concerns on the inability to separate Church and State in this project and would like any documentation from the Mass Historical Society determining otherwise. Mr. Blanchette agreed to provide that information. Ms. Braccio stated that because of the concerns raised in Mr. Butler's letter and the increase in funding request, she was not ready to take a position. Chairman Shea explained that CPC funding is a combination of tax on Southborough property owners and a match that has been continually declining from the State. He explained his rationale for supporting CPC projects and he is not yet convinced this is a good use of tax payer's money. Mr. Stivers said he would like to hear a response to Mr. Butler's concerns from Town Counsel. Mr. Butler outlined a Supreme Court case from 2018 where citizens from the Town of Acton sued the Town for funding a similar project supported by the Mass Historical Commission. He added that the project was eventually pulled and the Town incurred approximately $250,000 in legal fees. He felt the St. Mark's Bell Tower project could put the Town at risk for this type of lawsuit. Chairman Shea suggested the Board decide whether to support Article 20 – St. Mark's bell tower project at Town Meeting. The Board agreed.

vi. Article 28 – Zoning bylaw – Special permits, alterations

Deborah DeMuria, member of the Zoning Board of Appeals, explained that the objective of the bylaw amendment is to bring clarity to the language and allow changes as of right to properties with pre-existing non-conforming lots or structures as long as the non-conformity is not increased in any way. She stated these sections of the Town Code have been very controversial and a recent special permit application brought the issue to the attention of the Zoning Board. She stated Town Counsel opined on the issue and referenced new case law outlining that a building permit and not a special permit were to be issued in these scenarios. Ms. Braccio asked if Town Counsel had reviewed the language. Ms. DeMuria replied he had. Mr. Healey asked how these types of projects had been handled up until now. Ms. DeMuria replied that the applicant

would need to apply for a special permit before the Zoning Board of Appeals. Ms. DeMuria stated the updated language will allow for these scenarios to apply for a building permit and not require zoning relief. Mr. Healey asked if the Building Commissioner supported this article. Ms. Barry replied in the affirmative. Chairman Shea made a motion to support Article 28 – Special permits, alterations. Mr. Healey seconded. The motion passed all in favor (4-0-0).

vii. Article 29 – Zoning bylaw – Outdoor illumination

Marnie Hoolahan, member of the Planning Board introduced Destin Heilman of 7 Harris Drive who has been consulting on this proposed bylaw. Ms. Hoolahan gave background on the reasoning for the proposed bylaw change which included environmental protection and increased safety for citizens and the environment inspired by the Dark Skies Initiative. Mr. Heilman expanded on this topic and explained that the update will be bring the bylaw up to date with modern ways to allow developers to use lights and will be more flexible. He explained there will be a color cutoff and a limit of 3,000 Kelvins as recommended the Dark Sky Association and ADA. Ms. Hoolahan explained the formatting changes and BUG rating. Mr. Healey stated he felt this was a good idea and explained his concerns regarding the enforceability as written in the proposed bylaw. He said he felt residents would embrace this bylaw more without the heavy-handedness regarding enforcement and stated he was not sure the burden of proof could be shifted to the homeowner. He added that the language that describes a site visit at night from a Town representative does not sound practical. Mr. Heilman said the enforcement section was taken verbatim from the Town of Pepperell's lighting bylaw. Mr. Healey asked if the Town of Pepperell conducted any site visits and felt that if the bylaw was successful, it was due to citizen by-in and not enforcement. He suggested they step back from an enforcement approach.

Ms. Hoolahan said it is a challenge to keep compliance and the Building Commissioner would be the single line of enforcement. Mr. Healey stated that the language in Subsection 1 of the proposed bylaw is sufficient. Chairman Shea asked the percentage of residential properties that would have violations. Mr. Heilman stated the bylaw proposed set standards in moving forward and lights would have to come into compliance at the end of their lifetime. Ms. Braccio asked how enforcement would proceed with commercial properties in violation. Ms. Hoolahan stated it would be the responsibility of the Building Commissioner to enforce the bylaw. Mr. Healey asked the potential cost for a property owner out of compliance. Mr. Heilman stated it would be zero. He gave an example of a parking lot in violation and explained they would need to come to full compliance when 50% of the fixtures needed replacement. Ms. Hoolahan added that the same would apply to homeowners in violation. Mr. Stivers stated that this bylaw is long overdue and asked for data and feedback from the Town of Pepperell regarding enforcement and instances where that was challenged or escalated to court. Ms. Braccio asked how residents will be informed of the bylaw updates and Ms. Hoolahan outlined their information sessions before Town Meeting and said she will work with Mr. Heilman and the Planning Board to form ideas for publicity after Town Meeting. Ms. Braccio asked if Christmas lights would be excluded and Ms. Hoolahan replied in the affirmative. Chairman Shea stated that he would like to attend other information sessions to learn more and would like to hold off on a position. The Board agreed. Chairman Shea stated the position will be printed as "at Town Meeting" in the warrant.

viii. Article 30 – Zoning bylaw – Site Plan review

Meme Luttrell from the Planning Board stated this article brings the bylaw in line with Town Code Chapter 9 § 23 which requires that all voting members of town committees are residents. She said the Site Plan Committee consists of department heads; some who do not reside in Southborough. The bylaw would move the jurisdiction of Minor Site Plan review from the Site

Plan Committee to the Planning Board. Ms. Luttrell explained the Minor Site Plan review process. Mr. Healey asked if the Site Plan Committee had a position regarding this article. Ms. Luttrell replied that the Planning Board had not heard any comments from them and added the Town Planner is in favor of this article. Chairman Shea made a motion to support Article 30 – Site Plan review. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

ix. Article 31 – Citizen petition – Noise bylaw

The petitioner, Mr. Lapine did not have a presentation and opened the discussion for questions from the Board. Chairman Shea asked if he could use a gas-powered lawn mower at his house under this proposed bylaw. Mr. Lapine responded that he could as it would it would fall under the exemptions in the bylaw. Ms. Braccio asked how "light residential outdoor equipment" was defined. Mr. Lapine responded that it would be typical home equipment. Ms. Braccio asked if because the definition is not specified in the bylaw, that the equipment allowed would be left to the discretion of those that enforce the bylaw and Mr. Lapine answered in the affirmative. Mr. Healey asked if the Police Department would be enforcing this bylaw and if he had spoken with Chief Paulhus. Mr. Lapine responded yes to both questions and stated that the only concern he heard from the Chief was the challenge of using sound meters. Mr. Healey asked how the enforcement would be carried out and voiced his concern that additional officers were added to keep the Town safe; not to enforce civil matters. Mr. Lapine described the process from the Police receiving a complaint to responding and evaluating whether a violation occurred. He added that the violation would be determined by the Police at their discretion based on what they hear or if it were outside normal hours outlined in the bylaw. Ms. Braccio voiced her concern that specific items are not listed as exempt and the amount of complaints that could be brought because of the lack of clarity. Ms. Braccio added that she had concerns about enforcement and felt this bylaw was too restrictive. She gave feedback on the tables provided in the document and outlined the requirements from OSHA that are less restrictive.

Mr. Kolenda stated he would like to work on a noise bylaw with the Board and Police Chief in the coming year to allow for more public input and to create unified support for Town Meeting in 2021. Mr. Stivers said a noise bylaw is long overdue and had worked with Chief Paulhus in the past to create a draft. He added bylaws similar to this have worked in other communities and gives leverage to the enforcement arm to diffuse a noise complaint before resulting in fines. Mr. Healey stated that he agrees with Mr. Kolenda and does not feel the bylaw as written is enforceable. He stated a bylaw based on hours would be more beneficial. Mr. Kolenda made a motion for the Board to not Support Article 31 - Noise bylaw. Mr. Healey seconded. The motion passed (4-1-0). Mr. Stivers opposed.

x. Article 32 – Citizen petition – Plastics ban

The proponent was not in attendance and no presentation was made. Chairman Shea proposed to include the Board's decision as "at Town Meeting" in the annual warrant for Article 32 – Plastics Ban. The Board agreed.

xi. Any other warrant article included on the draft March 28, 2020 warrant

Ms. Braccio asked for a discussion of the EDC budget request of $10,000 included in Article 7. She stated that the Advisory Committee raised concerns about the proposed EDC budget at their recent meeting and she agreed that the grant the Committee received could cover a lot of the items listed in their budget request. Ms. Braccio stated her concerns of potentially using tax payer funds to support a board or committee. She voiced concern about including a line item on the budget that could carry over a large yearly cost. Ms. Cook stated that Advisory will be voting

on the budget tomorrow evening and this is one of their two concerns. She added that she agrees with Ms. Braccio's statements. Ms. Braccio asked if the Board were open to revisiting this line item.

Mr. Stivers stated he raised this concern when the request from the EDC was first received. He felt the funds would be more appropriate for a part-time grant writer. Mr. Healey stated he had concerns that lowering the EDC's budget could send a message that the Board does not support the Downtown Initiative. He said the Board has not supported the EDC as they should and moving forward, the support of the Board needs to improve. Ms. Braccio agreed that the EDC needs more of the Board's support but was concerned that this could set precedent for a board, committee, or citizen to come forward and request a large budget. She gave examples of others who successfully executed Town inditiatives without asking for more funding from the Town. Mr. Stivers said he is in support of the Downtown Initiative and felt that more value would come from more involvement in the project from the Board. Mr. Healey asked if Advisory had reservations due to the project itself or the concerns raised in this discussion. Ms. Cook stated Advisory supports the EDC initiative but does not think the Advisory Committee supports the EDC budget. She added that the EDC had some confusion as to how the $10,000 amount came about when they presented to Advisory. Chairman Shea stated he was concerned lowering the budget would send a message of non-support and suggested a meeting with the EDC to discuss their budget and other items. He added that the Board could hold their position until Town Meeting to gather more information. The Board agreed to invite the EDC to their next meeting.

IV. Reports

Town Administrator's Report

None

Chairman's Report

Chairman Shea reminded Town employees and volunteers to send in their acknowledgement of receipt of the Conflict of Interest Summary to the Town Clerk.

Chairman Shea informed the public that there will be a public hearing with MassDOT Thursday February 27th from 6:30-8:30 P.M. at Finn School. He stated the hearing will be regarding the traffic impact of an upcoming project to repair bridges on the Mass Pike in the summer of 2021. Chairman Shea said he will be inviting representatives from MassDOT to discuss the anticipated traffic impact on the Town with the Board. The roadways due to be impacted are Woodland, Cordaville and Parkerville Roads. He added that correspondence from the Town regarding the identification of timeframes that would cause conflicts are due in July. He asked Mr. Purple to work with Ms. Galligan and others to identify and apprise MassDOT of these potential conflicts. Mr. Purple agreed to do so.

Members' Report

Mr. Healey requested that Mr. Purple reach out to Ms. Galligan and update the public and Town website as to when construction for the Main Street Project will begin and impact roads. Mr. Purple agreed to do so.

Mr. Stivers stated he attending the MassDOT briefing session in Westborough regarding the repairing of bridges in Southborough and surrounding towns. He explained why the project has been accelerated due to traffic impact. He said MassDOT was not receptive to his suggestion to

enhance the look of the bridges as they repair them. He encouraged the Board to make a similar request.

Mr. Stivers wanted to comment on the proposed Plastic Ban bylaw and referenced a study done on the ban imposed in California that has been in effect since 2007. He said it was found that single bag use did decrease but the alternatives used did not get the reduction in plastic as expected. Mr. Stivers added that paper bag use increased which also has an adverse environmental impact. He said it is advantageous to think about how to encourage people to reuse their bags more frequently and added that some areas had implemented fees per bag.

Consent Agenda

a. Approval of Regular Session minutes: February 4, 2020; February 11, 2020
Mr. Stivers asked to hold item "A." Mr. Stivers stated the motion Mr. Kolenda made in the February 4, 2020 meeting minutes regarding the support of the Police and Youth and Family Services positions was unclear. He had sent language to clarify this motion to Mr. Purple. Mr. Kolenda agreed with the proposed language change from Mr. Stivers for the February 4, 2020 minutes. Mr. Stivers made a motion to approve the February 4, 20202 meeting minutes with his requested edit and the February 11, 2020 meeting minutes as proposed. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
b. Mr. Kolenda made a motion to approve the appointment of Maintenance Technician position for Facilities Department. Mr. Healey seconded. The motion passed all in favor (5-0-0).
c. Mr. Kolenda made a motion to approve the refinancing request for LIP unit at 10B Fitzgerald Lane. Mr. Healey seconded. The motion passed all in favor (5-0-0).
d. Mr. Kolenda made a motion to approve of meeting minutes of January 7, 2020 for Public Safety Building Naming Subcommittee. Mr. Healey seconded. The motion passed all in favor (5-0-0).
e. Mr. Kolenda made a motion to approve the new on-site manager for CommCan Inc. Mr. Healey seconded. The motion passed all in favor (5-0-0).

V. Other Matters Properly Before the Board

<u>EDC request for BOS to sponsor Downtown Zoning Mixed Use overlay article for the Fall Town Meeting</u>

Chairman Shea stated he was supportive of the concept and would like to meet with the EDC regularly to assist with the project. He added he would like more information on this article and a proposed schedule in order for it to be included in the Fall Town Meeting. He suggested inviting the EDC to attend the next Board meeting. Ms. Braccio agreed and stated she supports the concept and is ready to take a position of support this evening. Mr. Healey stated he did not think a vote was needed and would like to hear from the EDC regarding their budget request. Chairman Shea asked Mr. Purple to invite the EDC to the March 10th meeting and to inform them the Board is supportive of being the sponsor on this article. Mr. Purple agreed to do so.

VI. On a motion made by Mr. Stivers, seconded by Mr. Healey and voted all in favor, the meeting was adjourned at 9:16 P.M.

Upcoming Meetings
March 10, 2020
March 24, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

DRAFT

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

DRAFT

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

DRAFT

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS

18. Suspend the Rules	Mr. Moderator, I move to suspend the rules which interfere with...
19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other “point of order” is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o’clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

DRAFT

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. February 25, 2020

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Saturday, March 28, 2020

at ***1:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2019 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Board Recommendation: Support

DRAFT

Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.*

ARTICLE 5: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

PERSONNEL BYLAW
ENTITLED "THE SALARY ADMINISTRATION PLAN"
[revised at March 28, 2020 Annual Town Meeting]

This bylaw establishes a Salary Administration Plan for the Town of Southborough that (i) groups position classifications in Town services, (ii) establishes salary schedules and employee benefits and (iii) establishes and authorizes the Personnel Board to administer the bylaw and to represent the interest of both the taxpayers and the Town employees.

This Salary Administration Plan applies to the positions of all officers and employees in the service of the Town, whether full-time, part-time, temporary, seasonal, special or any other, except those positions filled by popular election, under the direction and control of the School Committee, performed pursuant to a contract approved by the Town or encompassed in any officially recognized labor union and/or association. The positions covered by this Salary Administration Plan are hereby classified by titles in the groups listed in Schedule A through G ("Classification Schedule") as set forth in Section 20 of this bylaw.

The classification of positions subject to the Massachusetts Welfare Compensation Plan (as amended) and the scheduled rates therefor, as well as the applicable provisions of the Massachusetts General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

SECTION 1. DEFINITIONS

As used in this bylaw, the following words and phrases shall have the following meanings:

"Administrative Authority" means the elected or appointed official or board having jurisdiction over a function or activity.

"Anniversary Date" means the date 180 days after (i) the first day of employment or (ii) the date of any promotion, whichever is later.

"Base Pay" means the compensation paid by the Town of Southborough for the purposes of determining retirement credits and contributions for Town employees.

The Town shall contribute funds as required for each eligible employees in accordance with the procedures and formula established by the Worcester Regional Retirement System and the bylaws of the Town of Southborough. Contributions shall include (i) wages earned during the first eight hours worked in any one day (no contributions shall be made for hours worked in excess of 40 per week,**)** (ii) any lump sum bonus that is guaranteed by the Salary Administration Plan or the Bylaws of the Town, (e.g., longevity pay); (iii) vacation pay, except when paid in lieu of taking vacation; (iv) sick pay; and (v) holiday pay.

"Class" means a group of positions in the Town service sufficiently similar with respect to duties and responsibilities such that for each position the same (i) descriptive title may be used, (ii) qualifications shall be required, (iii) tests of fitness may be used to choose qualified employees and (iv) scale of compensation can be equitably applied.

"Classification Schedule" means any of Schedules A, B, C, D, E, F and G of Section 20 hereof.

"Compensation Grade" means a range of salary/wage rates as may appear in the Classification Schedules.

"Continuous Full-Time Service" means employment requiring a predetermined minimum work period that is uninterrupted except for authorized leaves (e.g., vacation, sick, etc.).

"Continuous Employment" means full-time or part-time employment that is uninterrupted except for authorized leaves (e.g., vacation, sick, etc.).

"Department" means a functional unit of Town government.

"Department Head" means the person appointed and responsible to carry out the duties of a Department.

"Full-Time Employment" means employment for not less than 20 hours per week for fifty-two weeks per annum, excepting authorized holidays and leave periods.

"Group" means a group of classes as may appear in the Classification Schedules.

"Maximum Rate" means the highest compensation rate to which an Employee is entitled.

"Minimum Rate" means the lowest rate in a Range, and is normally the hiring rate of a new employee.

"On-Call Compensation" refers to additional money paid to an employee who is required to work when the need requires; oftentimes in an evening or weekend capacity.

"Part-Time Employment" means employment less than 20 hours per week.

"Position" means an office or post of employment in the Town service with duties and responsibilities calling for the Full-Time or Part-Time Employment of one person in the performance and exercise thereof (or of more than one person sharing the same position).

"Position Class" means the same as "Class" (note that a class may include only one position, in which event it is defined as a "single position class").

"Probationary Employee" means a first-time Town employee within his/her first six months of employment.

"Promotion" means a change from one position to another position in a higher class and/or compensation grade.

"Range" means the difference between minimum and maximum rates of an assigned grade.

"Rate" means the measure of compensation for personal services on an hourly, weekly, monthly, annual or other basis.

"Salary Administration Plan" means the Personnel Bylaw *Entitled* "The Salary Administration Plan."

"Single Rate" means a rate for a specific position class that is not in a designated range.

SECTION 2. POSITION TITLES

No person shall be appointed, employed or paid in any position under any title other than those of the Classification Schedule for which the duties are actually performed. The position title in the Classification Schedule shall be the official title for all purposes, including payrolls, budgeting and official reports.

SECTION 3. NEW OR CHANGED POSITIONS

No new position shall be established, nor the duties of an existing position so changed that a new level or work demand exists, unless upon presentation of substantiating data satisfactory to the Personnel Board, the Board shall rate such new or changed position, and allocate it to its appropriate classification grade and establish the rate therefor.

DRAFT

SECTION 4. RECLASSIFICATION OF EMPLOYEES

No position may be reclassified to another grade, whether higher or lower, unless the Personnel Board shall have determined such reclassification is consistent with this Salary Administration Plan.

SECTION 5. JOB DESCRIPTIONS

The Personnel Board shall maintain written job descriptions of the position classes in the Classification Schedule, each consisting of a statement describing the essential nature of the work required of such classes. Each Department Head shall be required to retain current job descriptions and to submit any revisions to the Personnel Board (following any review by the Board of Selectmen or their designated appointee or the appropriate Commissioners or Trustees). The description for any class shall not be deemed to limit the duties or responsibilities of any position, nor to affect in any way the power of any administrative authority to appoint, to assign duties to, or to direct and control the work of any employee under the jurisdiction of such authority.

SECTION 6. COMPENSATION

a. The bi-weekly pay period shall begin at 12:00 a.m. Thursday and shall end at 11:59 p.m. on the following second Wednesday.

b. Non-exempt employees subject to this Salary Administration Plan shall be paid for one and one-half hours worked for any hour worked in the excess of forty in their weekly pay period, provided such extra hours were authorized by the Department Head.

c. The salary schedules set forth in Schedules A, B, C, D, E, F and G of Section 20 hereof reflect the maximum and minimum salaries for each grade.

d. The annual salary set forth in Schedule A represents a 40 hour work week and in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated annual salary is pro-rated reflective of the posted salary schedule in Schedule A.

e. Amounts paid to employees in reimbursement for expenses incurred in the performance of their duties (e.g., mileage, meals, dues, etc.) shall be paid in addition to their compensation. Reimbursement shall be based upon the actual documented expenditure made by the employee, or at rates established by the Internal Revenue Service, supported by that agency's requirements for documentation.

f. On-Call Compensation: Employees shall be eligible to earn a weekly stipend not to exceed $200.00 per week for on-call service if the department head has required them to work outside of their normal schedule. This need is likely to occur on an evening or weekend basis as the need requires. There is no provision to accrue compensation time in lieu of payment.

SECTION 7. SALARY ADJUSTMENT & COMPENSATION POLICIES

a. Every employee that is in Continuous Full-Time or Part-Time service of the Town, as computed from the date of their latest employment, shall be eligible annually for consideration of a salary increase, one year from the date of his/her latest increase. Except as may be authorized by the Personnel Board in exceptional circumstances, such increase is not to exceed one increase in any single twelve-month period until the maximum of the grade is obtained, and such increase shall be subject to the recommendation of the Department Head, with the approval of the Board of Selectmen or their designated appointee in the case of departments within the jurisdiction of the Board of Selectmen, or the appropriate Commissioners or Trustees in the case of departments outside the jurisdiction of the Board of Selectmen.

Retroactive salary increases voted by the Personnel Board shall not be compensated beyond July 1 of that fiscal year, regardless of the funding mechanism.

An evaluation of the employee's performance, in a format approved by the Personnel Board, must accompany a request for an increase in the case of all employees in Full-Time Graded Positions under Schedule A. Evaluations of employees in Part-Time Hourly Graded Positions under Schedule C and Seasonal Personnel under

DRAFT

Schedule F may require performance evaluations under Personnel Policy enacted hereunder. Upon receiving such documentation, the Personnel Board shall have final review and approval of all adjustments.

An employee may appear before the Personnel Board prior to its action on any request for an increase. Any employee denied such an increase may appeal, in writing, to the Personnel Board, which shall confer with the employee, the Department Head and the Board of Selectmen or their designated appointee, or the appropriate Commissioners or Trustees, and shall decide the matter.

b. Regular Part-Time employees shall be eligible for consideration for salary increases within their grade one year from the date of their last increase, absent exceptional circumstances as may be authorized by the Personnel Board.

c. Special and other Part-Time personnel for whose positions there is a single rate established in Schedule D shall not be eligible for adjustment.

d. Probationary Employees:

1. During the probationary period, benefit eligible employee(s) will earn vacation, sick and personal time in accordance with Section 11(b-d) hereof.

2. During the probationary period, paid leave accruals shall be based on the original hire date.

SECTION 8. TRANSFERS AND PROMOTIONS

a. An employee who is promoted to a job with a higher range or rate of pay shall enter it at the rate recommended by the Department Head with the approval of the Personnel Board. The employee may also receive at the time an increase, provided the maximum for the job is not exceeded, if the Department Head recommends that qualifications and performance warrant it and the Personnel Board approves. If the Department Head recommends that there should be a probationary period before the promotional increase [not to exceed the percentage increase voted for that fiscal year], then the Personnel Board may approve such a deferred promotional increase at the conclusion of the probationary period (which shall not exceed six months).

b. An employee transferred to a job with a lower range or rate of pay shall enter it at the rate paid for the previous position or at the maximum rate for the job, whichever is the lower, provided the Personnel Board approves. The employee shall have a right to appeal this decision, in writing, to the Personnel Board, which shall confer with the employee, the Department Head and the Board of Selectmen or their designated appointee, or the appropriate Commissioners or Trustees, and shall decide the matter.

SECTION 9. NEW PERSONNEL HIRING; DEPARTURES

a. Pre-employment physical examinations will be required of newly-hired employees consistent with the Town's policies.

b. Probationary period: For new hires, the first six months of employment shall be a probationary period. The probationary period does not apply to Town employees who change positions within the Town. The probationary period is a time during which an employee will be evaluated to ensure that the employee has the requisite knowledge, skills, and abilities to perform the position (with or without reasonable accommodations). Completing the probationary period does not change the employee's relationship with the Town, which will remain one in which either the employee or the Town may terminate the relationship at will.

c. A new employee's hiring rate shall be the minimum of the rate range of the job, unless otherwise authorized by the Personnel Board or Personnel Director. The Personnel Board is cognizant of the need to make timely decisions during the recruitment process, therefore, the Personnel Director is empowered to set starting salaries for new employees with comparable experience at a rate not exceeding the mid-point of the pay scale set forth in Schedules A and C of the Salary Administration Plan.

DRAFT

d. The Personnel Director or his/her delegatee shall notify the Personnel Board in writing of the hiring of all personnel and their hiring rates. The Personnel Director or his/her delegatee shall also notify the Personnel Board in writing of the departure of any employee.

SECTION 10. DEPARTMENT BUDGETS

Each Department Head shall include in the annual departmental budget a pay adjustment section to provide funds for anticipated pay adjustments, with expenditures to be made only in accordance with this Salary Administration Plan and with the approval of the Personnel Board. Degree bonus [Sec 11i(1)] funds shall also be budgeted in the departmental budget.

SECTION 11. EMPLOYEE BENEFITS

Employee benefits are a cost to the Town and a form of "indirect pay" to employees. The benefits listed below are not intended to supersede what State or Federal law may otherwise require.

All forms of paid leave set forth in the SAP may represent a 40 hour work week; in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated benefit shall be pro-rated reflective of the approved hours per week for that position.

a. Holidays with Pay

Each eligible Employee shall receive one day's pay at their regular rate for the following:

New Year's Day	Labor Day
Martin Luther King Day	Columbus Day
Presidents' Day	Veteran's Day
Patriot's Day	Thanksgiving Day
Memorial Day	Day after Thanksgiving Day
Independence Day	Christmas Day
	Day before or after Christmas Day (as set by the Town annually)

To be eligible for holiday pay, an Employee must work (or be duly excused from working) their regular scheduled days preceding and following the holiday. Employees who do not work 20 hours or more per week on a regular basis shall not be compensated for holidays.

Employees whose regular day off falls on a holiday may have one day off with pay within the ensuing thirty days in lieu of holiday pay, with the specific choice of day subject to Department Head approval**.** Furthermore, the day granted in lieu of holiday pay shall not cross fiscal years.

All administrative policies and practices relative to holidays with pay shall be prepared and established under the direction of the Personnel Board.

b. Vacations with Pay

(1) Regular Full-Time Employees who have been in the continuous employ of the Town shall earn paid vacation in accordance with the following schedule:

Years of Employment	Hours Earned per month
0-5	6.666
6-10	10.0
11-15	13.333
16 or more	16.666

Employees hired prior to July 1, 2005, shall be eligible to earn twenty hours per month after serving twenty years of full time employment with the Town.

(2) At the recommendation of the hiring authority and upon the approval of the Personnel Board, new employees entering into a position with the Town of Southborough from a similar position in another municipality or similar government agency will be allowed to enter into the vacation schedule using their years of service from their prior employment, up to a maximum of three weeks' vacation [pro-rated] for the first year of employment with the Town. Employees commencing employment with three weeks per year will be required to complete five years of service before ascending to the next band in the vacation schedule chart.

(3) Vacation shall be granted by Department Heads at their discretion subject to the regular work needs of the Department. An employee shall be permitted to carry over to the following year one year's worth of earned vacation. The employee must have the Department Head's approval to take any portion of a prior year's unused vacation in addition to the days earned in the current fiscal year.

(4) If in the opinion of the Department Head there are unusual work-related circumstances that warrant it, a department head may seek approval from the Town Administrator or his/her delegatee to allow the employee to continue to work and receive vacation pay in lieu of taking vacation. Approval granted in this section may not exceed ten days per fiscal year.

(5) In the event of termination of employment other than for cause, the employee shall be paid, or be entitled to time off with pay, for any accumulated vacation time. Personal and sick leave shall not be compensated at termination.

(6) Vacation administrative policies and practices shall be prepared and established under the direction of the Personnel Board.

c. Sick Leave

(1) All regular Full-Time Employees shall be entitled to accrue 10 sick hours per month, equaling 120 hours annually (15 sick days); employees working less than 40 hours in a weekly pay period will accrue ratably based on hours worked per week. Pay for each day of sick leave shall be at the regular rate. Absences on account of sickness in excess of that authorized shall be charged to vacation or other available paid leave. Sick leave shall be payable only in cases of genuine illness, non-work connected accident, or work connected accidents not covered by Massachusetts General Laws Chapter 152 (Workers' Compensation).

(2) Unused sick leave may be accumulated without limitation for employees hired before July 1, 2007. Employees of the Town of Southborough hired on or after July 1, 2007 may only accrue 120 sick days at any one time. At retirement [or death] only, the Town will pay the employee twenty percent (20%) of the employee's then-accumulated sick leave.

(3) Employees who because of genuine illness or a non-work connected accident are absent for a period of more than three days shall be required to present a doctor's certificate to their Department Head before returning to work stating the reason, the period of time the employee was absent and whether there are any physical restrictions or required outpatient services the employee must adhere to in the workplace.

(4) Annually, an employee may use up to seven of the allowed fifteen days of sick leave for the care of a sick family member.

(5) Sick leave administrative policies and practices shall be prepared and established under the direction of the Personnel Board.

d. Personal Days

Each employee shall be entitled to three personal days per year, to be granted annually on the anniversary of the employee's date of hire. New employees shall be granted three personal days which shall be pro-rated based on hours worked per pay period. Requests for personal days shall be approved by the Department Head. Personal days shall not accumulate from year to year.

DRAFT

e. Military Leave

(1) Reserve Duty: An employee in full-time employment in the military reserve shall be paid the difference between compensation received while on reserve duty and regular compensation rates paid the employee by the Town. Such payment by the Town shall be limited to a period not to exceed two weeks in any twelve-month period.

(2) Active Duty: Pursuant to Article 8 of the April 11, 2005 Annual Town Meeting, an employee in the federal military reserve or a state National Guard who is called to active service shall be entitled to their regular base salary and shall not lose any seniority or paid leave benefits while on military leave; *provided*, however, that such base pay shall be reduced by any amount received from the United States as pay or allowance for military service performed.

f. Jury Duty

Any employee who is called to jury duty shall be paid the difference between their normal compensation and the amount (excluding any travel allowance) received from the court, upon presentation of evidence of the amount paid by the court.

g. Miscellaneous Paid Time Off

Working time lost from regularly scheduled work days for reasons listed below shall be without loss of pay, provided such lost time is authorized by the Department Head:

(1) Bereavement leave – In the event of the death of a spouse, father, mother, child, father-in-law, mother-in-law, brother, sister, grandparent, or of any other person then residing with the employee, such employee shall be entitled to receive three days' leave for the purpose of the funeral and services of the deceased. If out-of-state travel is required, the Town Administrator or his/her delegatee may authorize up to two additional days of travel time.

(2) Medical examination or inoculation required by the Town.

(3) Blood donation authorized by the Department Head.

(4) Attendance at professional and educational programs authorized by the Department Head.

h. Court Time Pay

If the Town requires that an employee appear in Court as a witness or in any other capacity arising from the performance of the employee's duty, or on behalf of the Commonwealth or the Town in any civil or criminal case pending in any Court or other official governmental board or agency, then for any such appearance that is made outside of the employee's normal working hours the employee shall be entitled to overtime compensation for every hour or fraction thereof during which they appear (but in no event less than three hours of such overtime pay).

i. Employee Educational Support/Professional Development

(1) Degree Bonus: All Part-Time and Full-Time employees who, while an employee of the Town, earns a degree in a field applicable to their position from an accredited college or university, shall receive a one-time bonus subject to appropriation, according to the following schedule:

Associates Degree....$ 800.00
Bachelors Degree...$1,200.00
Masters Degree.....$1,500.00

A copy of the completed transcript, diploma or other appropriate evidence of the completed degree must be presented to the Department Head and the Personnel Board, and shall be submitted as documentation for accounts payable.

(2) Tuition reimbursement: the Town may offer tuition reimbursement to eligible Full-Time and Part-Time employees as prescribed by Personnel Board policy enacted under this Bylaw.

j. Group Medical Insurance

Starting July 1, 2009, the Town will contribute fifty percent (50%) of the cost of a medical indemnity plan or seventy-five percent [75%] of the cost of a Health Maintenance Organization plan.

SECTION 12. UNPAID LEAVES OF ABSENCE

a. A leave of absence without compensation may be granted by the Personnel Board.

b. Leaves of absence of over three months' duration (except Military Leave) shall be deemed a break in employment, and on return to work the employee shall have the status of a new employee unless an extension of leave beyond three months was authorized by the Personnel Board.

SECTION 13. TRANSITIONS BETWEEN FULL-TIME AND PART-TIME STATUS

a. A Part-Time employee shall be eligible for Full-Time status when the employee has worked 20 hours or more per week for a period of at least three consecutive months, subject to approval by the Department Head.

b. A Full-Time employee whose hours of employment total less than 20 hours per week for a period of more than three consecutive months shall thereafter be deemed a Part-Time employee.

SECTION 14. APPOINTMENT OF "ACTING" DEPARTMENT HEADS

a. In the absence or retirement of a Department Head for three consecutive weeks, the Board of Selectmen or appropriate board or commission may appoint an "Acting" Department Head to serve for a period of not more than three months. Such three-month period may be extended for up to three additional three-month periods, upon the approval of the Board of Selectmen or other appropriate board or commission for each such extension. In no case shall an appointment of an "Acting" Department Head exceed one year.

b. Duly appointed "Acting" employees shall be compensated at an additional 10% per week, payable retroactively only upon the conclusion of three consecutive weeks of service by the "Acting" employee. Such employees shall still be eligible for overtime pay when fulfilling regular duties from the previous job beyond normal working hours.

SECTION 15. PERSONNEL BOARD

a. There shall be a Personnel Board to administer the Salary Administration Plan. Said Board is to be appointed by the Town Moderator. The Board shall consist of five voters other than employees of the Town or those regularly serving the Town in any elective capacity. They shall serve without compensation. For purposes of this section, Election Workers and Wardens shall not be considered "employees of the Town."

b. Other than as may be needed to fill unexpected vacancies, appointments shall be for three years. The Moderator shall fill any vacancies. The Personnel Board may employ assistance and incur expenses as it deems necessary, subject to appropriation of funds therefor.

SECTION 16. DUTIES OF THE PERSONNEL BOARD

a. The Personnel Board shall administer the Salary Administration Plan and shall establish such policies, procedures and regulations as it deems necessary for the administration of the Plan.

b. The Town Administrator serves as the Town's Personnel Director under the Town Administrator Bylaw [Ch. 27, Art. IX]. As such, the Personnel Director is invested with personnel authority and responsibilities as set forth therein. From time to time, and as may be necessary, the Personnel Board will consult and/or act in concert with the Personnel Director or his/her delegatee on matters of joint responsibility and concern.

DRAFT

c. The Board shall meet annually in July and organize by the choice of a Chair and Clerk. The Board shall meet at least monthly, except when there is no business before the Board. A majority of the Board shall constitute a quorum for the transaction of business. The votes of the majority of all the members of the Board shall be necessary on any matter upon which it is authorized to or required to pass under the Salary Administration Plan.

d. The Personnel Board shall maintain records of all employees subject to this Plan as it deems desirable, including personnel evaluations. Such records are to be kept by the Personnel Director or his/her delegatee, under the direction of the Personnel Board. Department Heads shall furnish such information as requested by the Board.

e. The Personnel Board shall from time to time, but no less often than every federal Election Year, review the Classification Schedule, Salary Schedules, and administration policies of the Salary Administration Plan. It shall keep informed as to pay rates and policies outside the Town, and shall recommend to the Town any action that the Board deems desirable in that regard. The Personnel Board may tentatively add a new class to the Classification Schedule or reallocate an existing class to a different compensation grade, either higher or lower, subject to the subsequent ratification of its action by formal amendment of the Salary Administration Plan at the next Annual Town Meeting.

f. Not later than six (6) months prior to Annual Town Meeting, the Personnel Board may vote an annual adjustment (but shall reserve the right to vote no adjustment) to the Classification Schedule and establish the effective rate for employees of each grade for the next fiscal year, subject to the subsequent ratification of its action by formal amendment of the Salary Administration Plan at the next Annual Town Meeting. The Personnel Board shall base any annual adjustments upon available relevant information. Approval of the rate for any given employee is not guaranteed and is driven by the annual performance evaluation.

g. Matters of concern by SAP employees that are communicated in writing to the Chair of the Personnel Board will be scheduled on an agenda at the next available meeting providing all necessary and requested information has been submitted in time to be part of the meeting packet. In addition, notice in writing shall be forwarded to the concerned employee and respective Department Head within seven days of the Board's decision. Notwithstanding the foregoing, if the Personnel Board shall so request and the concerned employee and Department Head shall agree, a reasonable extension of these time periods may be granted.

h. Upon recommendation of a Department Head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the Personnel Board, the Board may authorize variances in the Salary Administration Plan as it may deem necessary for the proper functioning of the services of the Town, and to effectuate the basic intent of the Plan.

SECTION 17. EMPLOYEES AND THE PERSONNEL BOARD

a. All employees covered by this Salary Administration Plan shall have the right to request an appointment to confer with the Personnel Board on any matter of interest or concern to them that is covered by the Salary Administration Plan. The employee shall notify the Department Head in writing in advance of the desire to discuss the matter with the Board. One of the duties of the Board shall be to foster mutual understanding and good will with the personnel of the Town.

b. To facilitate this, if any employee should feel aggrieved by the operation of any provision of the Plan, the employee shall first discuss the matter with the Department Head, in a mutual effort to clear up any problems or misunderstanding.

c. If two weeks after such a conference a satisfactory understanding and solution of the problem has not been reached, then either the Department Head or the employee may take the matter to the Personnel Board, and the Board shall hear the parties not later than at its next regular meeting. There shall be no discrimination or prejudice by a Department Head against any employee who may take a matter to the Board.

DRAFT

SECTION 18. AMENDMENT OF THE PLAN

The Salary Administration Plan may be amended in the same manner that Town Bylaws may be amended. However, no amendment to the Plan shall be made until it has been presented by a signed petition to, and acted upon by, the Personnel Board. Upon receipt of such a written petition, the Board, after giving the petitioner(s), the Department Head(s) and the affected employee(s) at least two weeks' written notice, shall hold a hearing to consider the proposed amendment. If the Personnel Board approves of any proposed amendment, it shall bring it before the next available Special or Annual Town Meeting for its consideration. If the Personnel Board disapproves any proposed amendment or shall fail to act thereof within fifteen days after the hearing (which failure shall be deemed disapproval), the petitioner(s) may the present the petition to the next available Town Meeting for its consideration. The Board of its own motion, after a similar hearing and/or conference with parties interested, may propose an amendment to the Plan.

SECTION 19. SEVERABILITY PROVISION

In the event that any provision of this bylaw, or application thereof, shall be held to be invalid by the proper authorities, this shall not be construed to affect the validity of any other provision, or application thereof, of this bylaw.

12	$21.00	$27.50	$34.00
13	$29.00	$35.00	$41.00

**Municipalities are subject to the federal minimum wage law, not the state law.*

SCHEDULE G: SPECIAL ADMINISTRATIVE AND SUPERVISORY POSITIONS

Police Lieutenant:

In addition to all the benefits provided employees under the SAP, he/she would be eligible for some additional benefits
as provided members of Mass COP Local 167, the police union collective bargaining agreement.

As a result, a separate policy is adopted by the Southborough Board of Selectmen and enforced by the Southborough Police Department subject to change in conjunction with future collective bargaining agreements.

*Increases in salary for long term employees will be considered case by case by Personnel Board.

SCHEDULE H: LONGEVITY SCHEDULE: Full-Time Employees of Town of Southborough – Compensated annually at Anniversary Date

After 5 years $400
After 10 years $600
After 15 years $700
After 20 years $850
After 25 years $1,000
After 30 years $1,200
After 40 years $1,500

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees.*

ARTICLE 6: To see if the Town will vote to rescind the authorized, but unissued debt of the Town originally appropriated for acquiring real estate from St. Mark's School of Southborough, Inc., and for the construction costs for a public safety facility, approved by a vote of Town Meeting under Article 1 on March 8, 2017, which borrowing authority is no longer required for the purposes for which it was originally approved; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *The Public Safety Building Committee completed the new Public Safety Facility, nearly on time and well under budget. As a result of their efforts, the total cost of the project, including land purchase, has been reduced from the original appropriation. As those funds have not been permanently borrowed yet, and are not needed to complete the project, the Town is seeking approval to rescind a portion of the borrowing authority approved by Town Meeting under Article 1 on March 8, 2017.*

ARTICLE 7: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2021, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

DEPT. OF PUBLIC WORKS - WATER TOTAL	2,138,899	2,050,916	2,230,342	2,340,692	2,340,692	4.9%

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Water budget is funded through an Enterprise Fund that is supported entirely through the water rates, which supports all aspects of the department's operation.*

ARTICLE 9: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	DESCRIPTION	REQUEST	LEVY	OTHER FUNDS
A.	DPW – Transfer Station E&D for renovation	$ 35,000	$ 35,000	
B.	DPW – Large Truck & Equipment Body Work	$ 12,000	$ 12,000	
C.	DPW – Road Maintenance	$325,000	$325,000	
D.	Fire/Police – Repeaters for Radio System	$ 45,000	$ 45,000	
E.	Library – Replacement Boiler	$ 85,000	$ 85,000	
F.	Library – Energy Management System	$ 75,000	$ 75,000	
G.	ADA Title II Self-evaluation	$ 40,000	$ 40,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary:
A. These funds will be used by the ad-hoc Capital Planning Committee for review, analysis, and public input on Transfer Station operations, and will lead to recommendations for future improvements to the layout, management, and traffic flow for that facility;
B. This annual funding addresses maintenance of various DPW capital equipment to extend the life of these assets. This year it will be used for body work (strip, prime, paint) on one 35,000GVW truck;
C. These funds are for public roadway, sidewalks and walkway maintenance, repair and construction throughout town. These are expended in conjunction with Chapter 90 roadway improvement funding from the Commonwealth;

DRAFT

D. These funds will be used to replace the repeaters for the public safety radio system, which allows Police, Fire and DPW vehicles to communicate throughout Town. No funds will be spent prior to confirmation with the Town's communication consultants on the proposed replacements;
E. These funds will provide the necessary engineering related to and the replacement of the existing 30+ year old boiler and associated components at the Southborough Library;
F. These funds will provide the necessary engineering related to and the replacement of the existing building energy management system (EMS) and associated pneumatic components with a new EMS with Direct Digital Control (DDC) electronic components at the Southborough Library;
G. The Massachusetts Office of Disability (MOD) recently informed the Town that it is required to perform an accessibility review of its public buildings and facilities. The Town will be applying for a MOD grant to offset these costs. The results of the review, and any corresponding improvements, will be incorporated into the Town's capital plan.

ARTICLE 10: To see if the Town will appropriate a sum of money to pay costs of the projects listed below, and for the payment of costs incidental or related thereto, and to determine whether this amount shall be raised by borrowing, transfer from available funds, or otherwise:

	DESCRIPTION	REQUEST	LEVY	WATER AND OTHER FUNDS
A.	Fire Pumper	$600,000	$600,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary:
A. These funds will be used to replace a 2001 E-One Typhoon Pumper, which is at its useful lifespan for this type of vehicle (20 years). The normal procurement process, including the construction of the vehicle, is 12-15 months. Delivery of the new vehicle is anticipated in early FY2022.

ARTICLE 11: To see if the Town will vote to raise and appropriate or transfer from any available funds the sum of $28,000 for the purpose of paying to retirees the amount due for accrued vacation and sick time, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article will fund any vacation and sick pay due to employees upon their retirement.*

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of $10,000 for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article will provide funds to be used to pay the deductible for property damage which is not covered by insurance.*

ARTICLE 13: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities

DRAFT

Manager shall report all funded projects to the Advisory Committee as requested, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article will provide for the maintenance and repair of capital equipment and systems associated with the Town's buildings and facilities.*

ARTICLE 14: To see if the Town will vote to appropriate, borrow or transfer from available funds, an amount of money to be expended under the direction of the School Committee for replacement of the boiler at the Mary E. Finn Elementary School, 60 Richards Road, Southborough, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program and for which the Town has applied for a school construction grant from the Massachusetts School Building Authority ("MSBA"). The Town acknowledges that the MSBA's grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and if the MSBA's Board of Directors votes to invite the Town to collaborate with the MSBA on this proposed repair project, any project costs the Town incurs in excess of any grant that may be approved by and received from the MSBA shall be the sole responsibility of the Town, or do or act anything in relation thereto.

Proposed by: SCHOOL COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This project would replace the school's 21-year-old heating system with new oil boilers, with an estimated efficiency of 85%. The project also includes providing the hardware to convert to natural gas if it becomes available in the future. This project is a partnership with the Massachusetts School Building Authority (MSBA) Accelerated Repair Project. The total cost of the project is estimated to be $990,180.00. The Town of Southborough's cost for the project is $624,903.00 and MSBA's contribution is $365,276, which reflects the Town of Southborough's MSBA reimbursement rate of 36.89%.*

ARTICLE 15: To see if the Town will vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2021:

1. Immunization/emergency dispensing clinic; $12,000.
2. Inspectional services; $100,000.
3. 9-11 Field Maintenance; $100,000.
4. Wetland Protection; $30,000.
5. Hazardous materials; $75,000.
6. CPR classes; $6,500.
7. Community garden; $2,500.
8. Recreation programs; $450,000.
9. Tobacco Control Program; $4,000.
10. Golf Course maintenance; $30,000.

, or do or act anything in relation thereto.

Proposed by: BOARD OF HEALTH, BOARD OF SELECTMEN, RECREATION COMMISSION, AND CONSERVATION COMMISSION
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article approves the annual spending limits for revolving funds that are now authorized by Town by-law.*

ARTICLE 16: To see if the Town will vote to accept the report of the Community Preservation Committee for the FY 2021 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as follows:

Estimated Surcharge Receipts (based on Town Treasurer's projections)……..	$376,373
State Match (projected FY2021 State match)……..……..……..	$ 54,547
FY2020 State Match Adjustment……	$ 31,049
Total Projected Revenue……..	$461,969

Set Aside- Open Space

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for acquisition, creation or preservation of open space, and for the rehabilitation and/or restoration of open space acquired under the Community Preservation Act.

Set Aside – Historic Preservation

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for the acquisition, preservation, rehabilitation and restoration of historic resources.

Set Aside – Community Housing

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for the creation, preservation and support of community housing, and for the rehabilitation and/or restoration of community housing acquired under the Community Preservation Act.

Administrative Costs – Community Preservation Committee

$23,098 to defray the administrative and operating expenses of the Community Preservation Committee in FY2021 for the Community Preservation Fund (discretionary)

Set Aside -Budgeted Reserve/Discretionary

Reserved For FY21 CPF (Budgeted Reserve/Discretionary) $300,279

, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *The budget and set asides are an annual requirement under the Community Preservation Act.*

ARTICLE 17: To see if the Town will vote to appropriate $85,437.50 to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation. $32,278 from the CPA Historic Preservation Reserve Fund and $53,159.50 from the CPA FY2021 Budgeted Reserve Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment towards the FY2021 debt funding for the Preservation Restriction of 84 Main Street as approved at the 2016 Annual Town Meeting.*

DRAFT

ARTICLE 18: To see if the Town will vote to appropriate a total of $114,753 to be applied towards the bond for the renovation and restoration of the Historic Southborough Library building, $19,749 for interest due September 2020 and $95,004 to be applied towards the bond for the purpose of Historic Preservation. $32, 278 from the CPA historic Preservation Reserve Fund and $82,475 from CPA General Unreserved Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment toward the FY2021 debt funding for the renovation and restoration of the Historic Southborough Library as approved at the 2019 Annual Town Meeting.*

ARTICLE 19: To see if the Town will vote to appropriate $238,750 from the CPA Fund FY2021 Budgeted Reserve for the renovation and restoration of Kallander Field, located on Kallander Drive in Southborough (Parcel ID 56-0000-012-0) for recreation purposes as requested by the Recreation Department. This consists of $210,100 in project costs and an additional $28,650 in contingency funding. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *Under the direction of the Recreation Director Tim Davis and the Southborough Recreation Department, said funds will be used to restore and renovate Kallander Field, to address significant drainage issues that plague the field.*

ARTICLE 20: To see if the Town will vote to appropriate $200,000 for the restoration and preservation of the Historic St. Mark's Bell Tower located at 27 Main Street Southborough for Historic purposes. $23,061.76 from the CPA Historic Preservation Reserve Fund and $176,938.24 from CPA General Unreserved Fund. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *Under the direction of the St. Mark's Building Committee said funds will be used to restore and preserve the St. Marks Bell Tower in conformance with a Preservation Restriction held by the Massachusetts Historical Commission. The goal is to preserve St. Mark's Bell Tower for many future generations of Southborough residents to enjoy. Built in 1891 on land donated by Joseph Burnett, the tower has fallen into major disrepair over the years. Issues include water penetration, unevenly faced stones, cracked mortar joints, and stone slippage. Without restoration of the tower, the historic viewscape of our town will be forever changed. Satisfying the Community Preservation Act goal to preserve and maintain historic landmarks, this project would preserve the tower and keep its historical significance. St. Mark's Church is part of the Southborough Historical Commission project to add downtown Southborough to the State and National Register of Historic Places. The tower restoration project strictly falls under historic preservation and does not contain any religious depiction. This $200,000 request is for partial funding of total project costs of $565,000 with remainder raised by St. Mark's.*

ARTICLE 21: To see if the Town will vote to accept Massachusetts General Laws Chapter 59, Section 5C1/2, which provides for an additional real estate exemption for taxpayers who are granted personal exemptions on their domiciles under Massachusetts General Laws Chapter 59, Section 5, including certain blind persons, veterans, surviving spouses and seniors, and to provide that the additional exemption shall be up to 100 percent of the personal

exemption, to be effective for exemptions granted for any fiscal year beginning on or after July 1, 2020, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *Adoption of this local option will increase the property tax abatement benefits to Southborough veterans and non-veterans who currently meet eligibility requirements for personal exemptions on their property. Funds for these abatements are carried in the Assessor's overlay account.*

ARTICLE 22: To see if the Town will vote to amend Section 9-24 "Qualification of elected and appointed officials" of the Town Code, by deleting the text in its entirety, and replacing with the following:

"All elected and appointed officials shall be qualified by the Town Clerk within 30 days of their election except where a different period is specified in the General Laws. If an appointed official is not qualified in this period, his/her appointment shall terminate, and the appointing authority shall be so notified by the Town Clerk."

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *Currently, elected and appointed officials have 15 days to be sworn in by the Town Clerk's office; this article will allow those officials additional time to be sworn in following their appointment or election. The current requirement of 15 days was found to be too limiting, as appointment dates often conflicted with the 4th of July holiday and summer vacations. The Board of Selectmen was having to reappoint certain positions multiple times due to the inability of individuals to be sworn in within the required timeframe.*

ARTICLE 23: To see if the Town will vote to adopt MGL c.90, Section 17C to allow the Board of Selectmen to reduce the statutory speed limit from 30MPH to 25MPH on any or all town-owned roadways in thickly settled or business district areas, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article provides the Selectmen with the authority to reduce speed limits on certain town-owned streets in the interest of public safety.*

ARTICLE 24: To see if the Town will vote to adopt MGL c.90, Section 18B to allow the Board of Selectmen to establish regulatory 20MPH safety zones on public streets within the Town of Southborough, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article provides the Selectmen with the authority to establish safety zones on streets in the interest of public safety.*

ARTICLE 25: To see if the Town will vote to impose a .75% meals tax on the sales of restaurant meals by accepting Massachusetts General Laws, Chapter 64L, Section 2(a), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support

Summary: *This article will require all local restaurants to charge an additional .75% in meals tax, which will come back to the Town as unallocated revenue through State Local Aid. Most other communities in our area have adopted this local option as well. The local meals tax has been identified as an additional revenue source to help alleviate increases to residential property taxes.*

ARTICLE 26: To see if the Town will vote to adopt as Chapter 9, Article IX Southborough Public Accessibility Committee, Sections 9.34 through 9.35 of the Town bylaws, the following:

Article IX Southborough Public Accessibility Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and increasing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be a Southborough Public Accessibility Committee ("SPAC"), which shall consist of five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum for the SPAC for voting purposes.

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" is any person holding a non-elected, paid position in the Town other than a volunteer who is deemed a Special Municipal employee solely for the purposes of MGL Chapter 268A).

The Board of Selectmen shall designate a Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned.

The Building Commissioner and Coordinator shall be ex-officio members of the SPAC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided between one and two-year terms, so as to establish overlapping terms.

§9.34.C Organization

The voting SPAC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

DRAFT

§9.34.D Funding
The SPAC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The SPAC shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the SPAC budget shall require a majority vote of the SPAC, and shall be subject to the Town's policies for such expenditures.

§9.35 Powers and Duties
The SPAC Powers and Duties include, but are not limited to, the following:

- To monitor and enhance the Town's compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public.
- In coordination with Town officers, departments, and other government entities, to endeavor to ensure that all Town citizens have equal access to:
  - Town government offices and communications
  - Public and commercial buildings
  - Programs
  - Goods and services
  - Transportation
  - Telecommunications, including the internet
  - Recreational facilities and programs
- To review existing and proposed facilities, programs, and projects undertaken by the Town, and to notify the responsible official or entity of its comments. The SPAC may request that other Town officials, committees, departments, and/or entities provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town,
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program.
- The SPAC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising such concerns shall be confidential, unless confidentiality is waived by such person.

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

ARTICLE 27: To see if the Town will accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

;or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *Acceptance of this provision of the General Law would extend a voter registration deadline which occurs on a Saturday to the following Monday.*

ARTICLE 28: To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Zoning Article I entitled "Miscellaneous Provisions" and Article V entitled "Nonconforming Uses and Structures" by amending thereto Section 174-9 entitled "Special Permit Requirements" and 174-19 entitled "Extensions" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

Article I: Miscellaneous provisions
§ 174-9 Special permit requirements.
[Amended 4-14-1986 ATM by Art. 46]

E. Nonconforming uses, lots and structures. Special permits may be issued for the extension**,** ~~or~~ alteration**, reconstruction or structural change** of legally nonconforming uses, structures and lots, including a change in the non-conforming use to another non-conforming use, provided that the Board of Appeals finds that such extension, alteration**, reconstruction** or **structural** change shall not be substantially more detrimental to the neighborhood, will not increase the extent of non-conformance in size or in impact and that the cost thereof shall not exceed 50% of the assessed value of the non-conforming structure at the time of application, and further provided that the estimate of the cost of any extension**,** ~~or~~ alteration**, reconstruction or structural change** utilized by the Board of Appeals in evaluating the above specified 50% requirement of the assessed value shall not be less than a cost estimate of such extension**,** ~~or~~ alteration**, reconstruction or structural change** based on a nationally recognized building cost estimate manual or system acceptable to the Zoning Board of Appeals. ~~No special permits under this subsection shall be granted for nonconforming signs subject to Chapter 93 or 93D of the General Laws.~~
[Amended 4-15-2008 ATM by Art. 38]

§ 174-19 **Extensions,** ~~or~~ alterations**, reconstruction or structural changes.**
[Amended 4-10-2000 ATM by Art. 55]

A. Nonconforming structures or uses shall not be extended**,** ~~or~~ altered**, reconstructed or structural changes made** except to make them conforming~~,~~ unless the Board of Appeals authorizes such extension**,** ~~or~~ alteration**, reconstruction or structural change** by special permit upon making findings as provided in § 174-9E.

B. ~~Single-family and two-family residential structures. In the following circumstances,~~ **Notwithstanding the provisions of Section A above, as provided in M.G.L. c.40A, § 6, if any proposed extension, alteration**, reconstruction**,** ~~extension~~ or structural change to a single or two-family residential **structure complies with one of the conditions set forth in subsections (1) through (5) below, such extension, alteration, reconstruction or structural change** ~~structure~~ shall not be considered an increase in the non-conforming nature of the structure and shall be permitted as of right.
[Amended 10-7-2013 STM by Art. 9]

(1) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient area~~,~~ where the alteration will also comply with all of said current requirements**.**~~;~~

(2) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient frontage~~,~~ where the alteration will also comply with all of said current requirements**.**~~;~~

(3) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which encroaches upon one or more required setbacks~~,~~ where the alteration will comply with all current setbacks, open lot coverage and building height requirements. The provisions of this ~~s~~**S**ubsection ~~B (3)~~ shall apply regardless of whether the lot complies with current area and frontage requirements.

(4) Extension, alteration, reconstruction or structural change to the rear, side or fascia of a structure which encroaches upon a required yard or setback area where the alteration will not encroach upon such area to a distance greater than the existing structure. The provisions of this subsection shall apply regardless of whether the lot complies with current area and frontage requirements.

(5) Extension, alteration, reconstruction or structural change to a non-conforming structure which will not increase the footprint of the existing structure providing that existing height restrictions shall not be exceeded.

In the event that the Building Commissioner determines that none of the exemptions set forth in subsections (1) through (5) apply, and the Building Commissioner determines that the non-conforming nature of such structure would be increased by the proposed extension, alteration, reconstruction or structural change, then the Board of Appeals may, by special permit, allow such extension, alteration, reconstruction or structural change where the proposed modification will not be substantially detrimental than the existing non-conforming structure to the neighborhood.

; or do or act anything in relation thereto.

Proposed by: ZONING BOARD OF APPEALS
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *This article proposes to amend the Special Permit Requirements and Exemptions by the addition of language for the purpose of clarity and the inclusion of exemptions to comply with current case law.*

ARTICLE 29: To see if the Town will vote to amend the Zoning Code of the Town of Southborough Article III entitled "Use Regulations" by replacing thereto Section 174-12.1 thereof entitled "Outdoor illumination" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-12.1
Outdoor illumination.
[Added 4-11-2005 ATM by Art. 40]

A. Purpose. This section recognizes the benefits of outdoor lighting and provides clear guidelines for its installation, so as to help maintain and complement Southborough's character. The intent of this section is to**:**

(1) encourage lighting that provides safety, utility and security, **productivity, enjoyment and commerce;**

(2) prevent glare on public roadways;

(3) protect the privacy of residents;

(4) promote energy-efficient outdoor lighting;

(5) limit the total allowable illumination of lots located in the Town of Southborough; ~~to reduce atmospheric light pollution.~~

(6) minimize adverse offsite impact such as light trespass, and obtrusive light;

(7) curtail light pollution and reduce skyglow to create a healthy night-time environment for residents of Southborough

The Planning Board is authorized to promulgate rules and regulations to carry forth the purpose and intent of these Bylaw provisions. Appropriately regulated, and properly installed, outdoor lighting will contribute to the safety and welfare of the residents of Southborough.

B. Applicability. Outdoor illumination by flood or spot luminaries rated at 900 lumens or more (which is approximately equal to one sixty-watt incandescent light bulb) or by any other luminaires rated at 1,800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) shall be subject to the provisions of this section **including application to single and two-family residential lots**, with the following exceptions:

(1) emergency lighting;

(2) hazard warning;

(3) temporary decorative or holiday lighting ~~or public roadway illumination.~~

It shall also not apply to any luminaire intended solely to illuminate any freestanding sign, flag or the walls of any building, but such luminaire shall be shielded so that its direct light is confined to the surface of such sign, flag or building.

~~(1) The replacement of existing fixtures shall be subject to the provisions of this section; however, the replacement of existing nonconforming lamps or fixtures with the same or lower output nonconforming lamps or fixtures is exempted.~~

The replacement of fixtures or luminaires shall be subject to the provisions of this section and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. Non-conforming fixtures or luminaires requiring replacement for any reason (including but not limited to end of life, breakdown, vandalism) shall be replaced in compliance with this Bylaw.

~~(2)~~ The Planning Board, in performing review pursuant to § 174-10, Site plan approval, may determine that special circumstances of the site, context or design make an alternative lighting design at least equally effective in meeting the purposes of this section and, in such cases, may modify the requirements of this section.

C. Enforcement. The owner of any lot or property on which a luminaire subject to this Bylaw is located or proposed to be located shall have the burden of demonstrating that the existing or proposed luminaire complies with the standards established by this Bylaw. The manufacturer's specification sheet may be used to establish the lumen level of a luminaire, correlated color temperature (CCT) and, if required, to verify the use of fully shielded fixture design. Illumination levels may be verified through the use of manufacturer's photometric data sheet and/or photometric site drawing or through on-site calibrated light level meter readings. A site visit at night by a representative of the Town in the form of a visual observation and/or photograph may be required to determine if a nuisance has occurred.

(1) Violations of this Bylaw shall be subject to the provisions of the Town of Southborough Article III entitled "Use Regulations" Section 174-24 thereof entitled "Enforcement; procedures; violations and penalties."

D. Definitions. For the purposes of this section, the following terms shall be defined as indicated below. Although set forth here for convenience, the terms shall have the same effect as if in § 174-2 of this Bylaw.

BACKLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located behind and below the light source. For luminaires with symmetric distribution, backlight will be the same as front light.

BUG RATING – A luminaire classification system that classifies backlight (B), uplight (U), and glare (G) per IES TM-15-11.

CORRELATED COLOR TEMPERATURE (CCT) – A specification of the color appearance of the light emitted by a lamp, relating its color to the color of light from a reference source when heated to a particular temperature, measured in degrees Kelvin (K).

FIXTURE – The assembly that houses a lamp or lamps, and which may include a housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and/or a refractor, lens or diffuser lens.

FRONTLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located in front and below the luminaire.

FULL CUTOFF – A luminaire designed with an opaque shield surrounding and extending below the lamp, such that no direct light is emitted above a horizontal plane.

FULLY SHIELDED LUMINAIRE — A luminaire constructed and installed in such a manner that all light emitted by the luminaire, either directly from the lamp or a diffusing element, or indirectly by reflection or refraction from any part of the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part.

DRAFT

GLARE – Light emitted from a luminaire with intensity great enough to produce annoyance, discomfort or a reduction in a viewer's ability to see, and in extreme cases causing momentary blindness.

HARDSCAPE – Permanent hardscape improvements to the site including parking lots, drives, entrances, curbs, ramps, stairs, steps, medians, walkways, and non-vegetated landscaping that is 100 feet or less in width. Materials may include but are not limited to concrete, asphalt, stone, and gravel.

INDIRECT LIGHT – Light scatter caused by direct light being redirected from a surface.

LAMP – The component of a luminaire that produces the actual light.

LED LAMP– (Light Emitting Diode) An electric lamp with a much longer lifespan than incandescent lighting and low energy consumption.

LIGHT TRESPASS – The shining of direct **or indirect** light produced by a luminaire beyond the boundaries of the lot on which it is located.

LUMEN – A measure of light energy generated by a light source. One footcandle is one lumen per square foot. For purposes of this bylaw, the lumen output shall be the initial lumen output of a lamp, as rated by the manufacturer.

LUMINAIRE – A complete lighting ~~system, including a lamp or lamps and a fixture.~~ **unit (fixture), consisting of a lamp, or lamps and ballast(s) (when applicable), together with the parts designed to distribute the light (reflector, lens, diffuser), to position and protect the lamps, and to connect the lamps to the power supply.**

LUMINAIRE LUMENS - For luminaires with relative photometry per Illuminating Engineering Society (IES), it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.

MOUNTING HEIGHT - The height of the photometric center of a luminaire in feet above grade level. Feet above grade level refers to the overall average grade of the area being illuminated.

UPLIGHT - For an exterior luminaire is all of the light escaping above the luminaire.

E. Lighting zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.

LZ-0: No ambient lighting

Areas where the natural environment will be seriously and adversely affected by lighting. Impacts include disturbing the biological cycles of flora and fauna and/or detracting from human enjoyment and appreciation of the natural environment. Human activity is subordinate in importance to nature. The vision of human residents and users is adapted to the darkness, and they expect to see little or no lighting. When not needed, lighting should be extinguished.

Zoning Districts: Conservation and Research, Scientific & Professional

LZ-1: Low ambient lighting

Areas where lighting might adversely affect flora and fauna or disturb the character of the area. The vision of human residents and users is adapted to low light levels. Lighting may be used for safety and convenience but it is not necessarily uniform or continuous. After curfew, most lighting should be extinguished or reduced as activity levels decline.

Zoning Districts: Residence A and Residence B

LZ-2: Moderate ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.

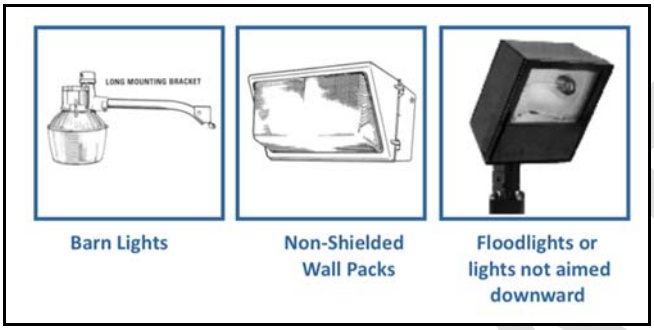
Zoning Districts: Business Village

LZ-3: Moderately high ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderately high light levels. Lighting is generally desired for safety, security and/or convenience and it is often uniform and/or continuous. After curfew, lighting may be extinguished or reduced in most areas as activity levels decline.

Zoning Districts: Business Highway, Industrial and Industrial Park

Non-shielded wall-packs, barn lights, and floodlights not aimed downward are prohibited in all zones.



F. Total site lumen limit. The total installed initial luminaire lumens of all outdoor lighting shall not exceed the total site lumen limit. The total site lumen limit shall be determined using the hardscape area and table below. For sites with existing lighting, existing lighting shall be included in the calculation of total installed lumens. The total installed initial luminaire lumens are calculated as the sum of the initial luminaire lumens for all luminaires.

Table 1: Allowed Total Initial Lumens Per Site for Outdoor Lighting by Hardscape Method

LZ-0	LZ-1	LZ-2	LZ-3
• Conservation • Research, Scientific & Professional	• Residential A • Residential B	• Business Village	• Business Highway • Industrial • Industrial Park
0.5 lumens per SF of hardscape	1.25 lumens per SF of hardscape	2.5 lumens per SF of hardscape	5.0 lumens per SF of hardscape

G. Correlated Color Temperature (CCT). All proposed LEDs shall have a correlated color temperature (CCT) between 2200K and 3000K.

H. Exterior lighting plan. Applications subject to the provisions of § 174-10, Site plan approval, shall submit a lighting plan which shall include the following information, except to the extent waived by the Planning Board. All other lighting not subject to the provisions of said § 174-10 does not require a lighting plan but shall meet the standards as set forth in this **Bylaw** ~~section~~, unless as may otherwise be provided herein. **The installation of fixtures or luminaires shall be subject to the provisions of this bylaw and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. The** lighting plan shall include the following information **and comply with the regulations adopted pursuant to this Bylaw**:

(1) Location, orientation and type of outdoor luminaire, including the height of the luminaire, both existing and proposed;

(2) Type of lamp, such as metal halide, compact fluorescent, high pressure sodium**, LED;**

(3) Luminaire manufacturer's specification data, including lumen output and photometric data showing cutoff angles, as well as a description of all illuminating devices, fixtures, lamps, supports, reflectors, both existing and proposed; this may include, but is not limited to, catalog cuts and illustrations by manufacturers;

(5) Complete report of BUG rating data for all luminaires (if not already included in the manufacturer's specification data) calculated from photometric data (as per IES TM-15-11) showing compliance with the Planning Board Rules and Regulations for Outdoor Illumination;

(6) Photometric plan showing the intensity of illumination expressed in footcandles at ground level within the interior of the property and at the property boundaries **that also includes the Total Site Lumen Limit; Limits to Off Site Impact; Light Shielding for LED lighting; and the Correlated Color Temperature; according to adopted regulations;**

(7) Evidence that the plan complies with light trespass restrictions as set forth herein.

I. Waivers. An applicant may make a waiver request to the Planning Board for increased lighting levels within any given lighting zone and the Planning Board shall have such waiver authority hereunder.

J. Lighting control requirements. Automatic switch controls shall be provided that automatically extinguish all outdoor lighting when sufficient daylight is available using a control device or system such as a photoelectric switch, astronomic time switch or equivalent functions from a programmable lighting controller, building automation system or lighting energy management system, all with battery or similar backup power or device. The Exterior Lighting Plan shall establish curfew time(s) after which total outdoor lighting lumens shall be reduced by at least 30% or extinguished. Lighting reductions are not required for any of the following:

(1) Lighting for residential properties including multiple residential properties not having common areas; with the exception of landscape lighting

(2) When the outdoor lighting consists of only one luminaire.

(3) Code required lighting for steps, stairs, walkways, and building entrances.

(4) Lighting under canopies, in tunnels, parking garages, and similar conditions.

(5) When in the opinion of the Planning Board, lighting levels must be maintained.

(6) Motion activated lighting.

(7) Lighting regulated by special use in which times of operation are specifically identified.

(8) Businesses that operate on a 24-hour basis.

K. Community outdoor sports/recreational lighting requirements. These requirements are an exemption from the total site lumen limit based on hardscape metrics. Community outdoor sports or recreational facilities will be held to the IDA, IES criteria for outdoor sports lighting. On-field illuminance values will be determined by current IDA, IES set forth in the Rules and Regulations for Outdoor Illumination adopted to implement the intent and purpose of this bylaw. Standard regulations include:

(1) Color, luminaire correlated color temperature (CCT) may not exceed 4000 Kelvin;

(2) Other lighting, parking and concession area lighting will be considered a separate luminaire system and must meet the applicable lighting standards for the relevant lighting zones;

(3) Shut-off, curfew time shall be no later than 10:00PM (2200 hrs.); for good cause shown, the Planning Board may waive the compliance requirement of this subsection

DRAFT

L. Street lights. Light emitted by the fixture shall have a correlated color temperature no greater than 3000 Kelvin and/or comply with Massachusetts DPU Tariff standards if applicable. All other street light features are exempt from regulation under this bylaw.

M. Light shielding for parking lot illumination. All parking lot lighting shall have no light emitted above 90 degrees from the installed vertical axis.

N. Flickering and flashing lights. No flickering or flashing lights shall be permitted. Processes, such as arc welding, which create light flashes shall be confined within buildings or shielded to prevent either direct glare or flashing.

O. Fixture mounting heights.

(1) ~~F.~~ Wall-mounted fixtures. In nonresidential districts, a luminaire attached to the exterior of a building or structure for area lighting shall be mounted no higher than 15 feet above grade and shall be shielded to control glare. ~~"Wal-pac" lighting fixtures are prohibited.~~

(2) ~~P.~~ Pole-mounted fixtures. Pole-mounted exterior lighting fixtures **shall not exceed the pole-mounted height limitation of 20 feet in all zones.** ~~types are defined and restricted as follows:~~

Existing non-conforming light heights may remain as mounted until modification is proposed, at which time the height must be brought into compliance.

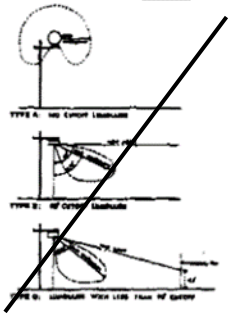
~~(1) Type A: no light cutoff.~~

~~(2) Type B: luminaire shielded such that peak candlepower is at an angle of 75° or less from straight down, and essentially no light is emitted above the horizontal.~~

~~(3) Type C: luminaire shielded such that total cutoff is at less than 90° from straight down, and no light source is in direct view of an observer five feet above the ground at any point off the premises.~~

~~H. Pole-mounted fixtures height limitation. Illustrations of pole-mounted exterior lighting fixture types are shown in Chart I herein. Pole-mounted fixtures shall not exceed the applicable pole-mounted height limitation set forth in Chart II in any district. The Type A pole-mounted exterior lighting fixture is prohibited in all nonresidential districts, unless equipped with shields.~~

~~CHART I. ILLUSTRATIONS~~



~~**HART II. POLE MOUNTING HEIGHT LIMITATIONS**~~

~~**Maximum Luminaire Mounting Height**~~

~~**(feet above grade)***~~

~~"District" is that in which fixtures are located.~~

~~**District**~~

DRAFT

	~~Residential~~	~~Nonresidential~~
~~Fixture Type A~~	~~10~~	~~Not allowed (unless shielded)~~
~~Fixture Type B~~	~~15~~	~~20~~
~~Fixture Type C~~	~~20~~	~~20~~

~~* Note: Feet above grade refers to the overall average grade of the area being illuminated.~~

P. Ceiling-mounted fixtures. In nonresidential districts, luminaires mounted on an exterior ceiling such as under a canopy shall be mounted with the refractor or lens flush with or recessed in the ceiling or fixture.

Q. Lighting levels. Any luminaire with a lamp or lamps rated at a total of 1**,**800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) and all flood or spot luminaires rated at 900 lumens or more (which is approximately equal to one 60-watt incandescent light bulb) shall not emit any direct light above a horizontal plane through the lowest direct-light-emitting part of the luminaire. If any spot or flood luminaire rated 900 lumens or less is directed or focused such as to cause direct light from the luminaire to be cast toward residential buildings on adjacent or nearby land, or to create glare perceptible to persons operating motor vehicles on public ways, the luminaire shall be redirected or its light output controlled as necessary to eliminate such conditions. The Planning Board reserves the right to limit and regulate the amount of illumination on a project site between the hours of 10:00 p.m. and 6:00 a.m., while understanding the need for safety and security lighting.

R. Light trespass limitations. There shall be no light trespass by a luminaire beyond the property boundaries of the lot on which it is located, except as within a street right-of-way for which there shall be no limit.

; or do or act anything in relation thereto.

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

ARTICLE 30: To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Article III entitled "Use Regulations" by amending thereto Section 174-10, entitled "Site Plan Approval" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-10
Site plan approval.
[Amended 4-8-1985 ATM by Art. 39; 4-14-1986 ATM by Art. 48; 4-13-1987 ATM by Art. 43; 4-11-1988 STM by Art. 4; 4-26-1990 ATM by Art. 41]

A. The purpose of the site plan review procedure is to encourage a desirable and compatible character of development within the Town of Southborough and to assure safety, promote logic, imagination and innovation in the design process while complying with all zoning requirements. The requirements of this section shall be applicable to the following:

(1) Any nonresidential development that results in an increase in on-site parking.

(2) All modifications to existing development projects which fall within the applicability of the Town's regulations for parking and loading (§ 174-12) or landscaping (§ 174-13).

(3) Any change in use or reactivation of a facility that has not been in use for a period of two years.
[Added 4-8-1996 ATM by Art. 51]

(4) Multifamily housing for the elderly.
[Added 4-15-1997 ATM by Art. 56]

(5) Adaptive reuse of historic buildings.
[Added 4-25-2017 ATM by Art. 30]

B. Site plan review will be processed by one of the following means:

(1) Minor plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds less than 2,000 square feet of floor area or which would require at least five but fewer than 20 parking spaces regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals less than 2,000 square feet shall be subject to minor plan review by the **Planning Board** ~~Site Plan Review Committee. The Site Plan Review Committee shall be chaired by the Town Planner and will consist of a Selectmen or its designee, Building Inspector, Highway Superintendent, Board of Health Agent, Superintendent of the Water Department, Police Chief and Fire Chief or their designee, who will meet at a regularly scheduled time and place to review plans.~~ The **Planning Board** ~~Committee~~ shall also seek the advice of the Conservation Commission in the review of all minor plan submissions.
[Amended 4-8-1996 ATM by Art. 51]

(a) ~~Minor plan review will require 10 copies of the site plan to be submitted to the office of the Planning Board, together with an application form and filing fee.~~ **A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum:

[1] All existing and proposed buildings, including setbacks.

[2] Existing and proposed parking.

[3] Driveway openings.

[4] All property and street lines.

[5] Existing and proposed landscaping.

[6] Existing and proposed signs.

[7] Surfacing, indicating treatment of all surfaces.

[8] Location of all wetlands.

[9] Method of sewage disposal.

[10] Water supply.

[11] Stormwater drainage.

[12] Such other information as the **Planning Board** ~~Site Plan Review Committee~~ may reasonably request.

~~(b) Any dispute arising from the minor plan review process or any plan not receiving unanimous approval from the Site Plan Review Committee shall be referred to the Planning Board for action. The Committee may also refer any site plan that, due to unusual circumstances or a unique situation, it feels should be approved by the Planning Board. All site plans sent to the Planning Board by the Site Plan Review Committee for action will be handled through the minor plan review process.~~

~~[Amended 4-8-1996 ATM by Art. 51]~~

(b) Minor site plan is not a public hearing.

(c) The **Planning Board** ~~Site Plan Review Committee~~ shall approve, **or** disapprove ~~or refer to the Planning Board~~ all submittals for minor **site** plan review within **the required** 30 days of a completed application to the office of the Planning Board**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk. The actions allowed by the minor site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board,**

in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application will be required.

(d) Where applicable, all other criteria and conditions of this section will govern minor plan review.

(2) Major plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds 2,000 square feet or more of floor area or which would require 20 or more parking spaces, regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals 2,000 square feet or more shall be subject to major plan review by the Planning Board. The major site plan submission shall consist of the following elements:
[Amended 4-8-1996 ATM by Art. 51]

(a) Ownership, zoning, use and the general location of structure and topography within 300 feet of the property lines of the site or adjacent land contiguously owned with the site.

(b) All **plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum, all** site features, existing or proposed, including but not limited to the following:

[1] Driveways, including widths.

[2] Parking facilities, including dimensions thereof.

[3] Loading facilities.

[4] Service areas.

[5] Street line, including widths.

[6] Roadways, including widths.

[7] Pedestrian walks, including widths and types of surface.

[8] Landscaping designation, specific plantings.

[9] Screening.

[10] Signs, including proposed sizes, mounting heights, types and drafted design.

[11] Lighting, including plan location and detail information, size, type and wattage.

[12] Surfacing, indicating treatment of all surfaces.

[13] Existing trees on the site which are a caliper of six inches or larger.

[14] Wetlands.

[15] Drainage, including detailed design data, pipe sizing, etc.

[16] Stone walls.

[17] Topography at two-foot contour intervals.

[18] Sewage disposal, including detailed design information.

[19] Water supply.

[20] Curbing.

[21] Such other information as the Planning Board may reasonably request.

(c) The construction of the work as detailed on the site plan shall not deviate from the work shown on the approved site plan. Accordingly, the site plan shall contain a sufficient level of detail to ensure the constructability of the project. Supporting details and documentation shall be presented as part of the site plan submission.

(3) Incomplete applications for both the minor and major review shall not be accepted by the Planning Board. Following submission of a site plan to the Planning Board, the Board or its designee shall review the **application**/plan for completeness within three business days of the submission. Completeness shall be based on the

DRAFT

requirements of **the** ~~this~~ **respective** subsection**s for minor or major review.** If the submission is determined incomplete by the Planning Board or its agent, notice will be **provided** ~~mailed~~ to the applicant ~~by certified mail~~ within three business days of the submission specifying the deficiencies.

C. The plan**s for minor or major site plan approval** shall be prepared by a professional engineer, land surveyor, architect or landscape architect registered to practice in the Commonwealth of Massachusetts**. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** ~~and shall be submitted with 11 copies to the office of the Planning Board, together with an application form and a filing fee, if any.~~

D. Approval required.

(1) Site plan approval shall be granted **by a majority vote** upon determination by the Planning Board that the following are complied with. Any new building construction or other site alteration shall provide adequate access to each structure for fire and service equipment**; shall provide** ~~and~~ adequate provision for utilities and stormwater drainage consistent with the functional requirements of the Southborough Planning Board's Rules and Regulations for the Subdivision of Land**;** ~~and~~ shall be so designed that for the given location, ~~and~~ type and extent of land use, the design of building form, building location, egress points, grading and other elements of the development shall be so as to:

(a) Minimize the volume of cut and fill, the number of removed trees six inches in caliper and larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion and the threat of air or water pollution.

(b) Maximize pedestrian and vehicular safety and convenience within the site and egressing from it.

(c) Minimize obstruction of scenic views from publicly accessible locations.

(d) Minimize visual intrusion by minimizing the visibility of parking, storage or other outdoor service areas viewed from public ways or premises residentially used or zoned; minimizing glare from headlights through plantings or other screening; minimizing lighting intrusion through use of such devices as cutoff luminaires confining direct rays to the site; fixture mounting height not higher than 20 feet except adjacent to Route 9; and avoiding unreasonable departure from the character of building**s** in the vicinity.

(2) The Planning Board shall adopt and from time to time amend reasonable regulations for the administration of these guidelines.

E. The Planning Board shall hold a public hearing on the application for **major** site plan approval, with a written notice of the time and place of said hearing being given the applicant and the Board of Selectmen. The applicant is responsible for sending this notice to the certified abutters by certified mail return receipt requested, at least 10 days before the scheduled hearing. The Planning Board shall not act on the application until it has received and given due consideration to the recommendations of the Board of Selectmen or until 10 days have elapsed after the public hearing without receipt of the Selectmen's comments.

F. The Planning Board shall act on a~~n~~ **complete** application for **major** site plan approval and shall notify, in writing, the applicant, the Board of Selectmen and the Building Inspector of its action within 60 days of the receipt of **a** ~~the~~ **complete** application**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk.** ~~Failure of the Planning Board to so act and to notify the applicant within said 60 days shall constitute approval of the site plan.~~ The actions allowed by the **major** site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application notice and hearing will be required.

G. Any person aggrieved by the action of the Planning Board on ~~a~~ **either minor or major** site plan approval application may appeal said action to a Court of competent jurisdiction in accordance with M.G.L. c.40A, Section 17**, as amended.**
[Amended 5-22-2018 STM by Art. 3]

H. Minor departures from the site plan as approved**,** may be authorized by the Building **Commissioner** ~~Inspector~~ after approval of the **Planning Board** ~~Site Plan Review Committee~~ if required by engineering or other circumstances not foreseen at the time of plan approval. Any change increasing the size of any building or structure, changing the location of any building, parking or access road by more than 10 feet or reducing landscaping or screening may be made only through review by the Planning Board following the same procedures as for an original submittal. Any departure must be requested, in writing, with the basis for the change given. Any change authorized shall be recorded on the file copy of the site plan with the Building **Commissioner** ~~Inspector~~'s signature and the date.

I. The removal, fill or change of grade of earth materials, including soil, loam, sand or gravel, undertaken in order to construct or locate buildings, structures and such features accessory thereto as ways, driveways, areaways, walks or parking areas, and therefore exempt from regulations under Chapter 85 of this Code, is a part of construction and development process regulated by the Zoning Chapter. Except as necessary for the construction of detached one- or two-family dwellings and of features accessory thereto, the removal, fill or change of grade of earth materials for the purposes defined above shall be subject to approval under this section. Where the commencement of removal, fill or change of grade of earth materials precedes construction by three months or more, the submission and approval of the site plan may be undertaken in two stages, with the information for the first stage limited to property boundaries, existing and proposed topography at two-foot or lesser contour intervals, the character of the soil to be removed, added or relocated, the location and depth of any service and drainage conduits or pipes and the approximate location of any existing or proposed buildings, structures or physical features accessory thereto. Each stage shall be treated as a separate site plan for the purposes of this section, and the approval of Stage 1 of a site plan shall not be construed to assure the subsequent approval of Stage 2.

J. Compliance. The issuance of an occupancy permit will not be given prior to the satisfactory completion of all elements and conditions of the approved site plan. A temporary occupancy permit may be issued after the satisfactory completion of all items essential to public health and safety and sufficient bonding acceptable to the Planning Board is provided to the Town to cover all outstanding items.

; or do or act anything in relation thereto

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting

Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

ARTICLE 31*:* To see if the Town of Southborough will vote to approve the Southborough Noise Bylaw proposal attached to this document, as amended, or do or act anything in relation thereto.

SOUTHBOROUGH NOISE BYLAW

1.1 **Declaration of Policy**
Whereas excessive sound can be a serious hazard to the public health and welfare and safety and the quality of life; and whereas a substantial body of science and technology exists by which excessive sound may be substantially abated; and whereas the citizens of Southborough have a right to and should be ensured an environment free from excessive sound that may jeopardize their health or welfare or safety or degrade the quality of life; now, therefore, it is the policy of the Town of Southborough (the "Town") to prevent excessive sound which may jeopardize the health and welfare or safety of its citizens and/or degrade the quality of life.

It shall be unlawful for any person to make, continue to make, permit or cause to be made or continued, any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities. Furthermore, it shall be unlawful for any person who has custody and control of the premises to allow or permit another person to make, continue or permit to be made or continued any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities within the limits of the Town of Southborough.

1.2 **Definitions**

Except as may be specified herein, acoustical terminology used throughout this Bylaw is that approved as American National Standard Acoustical Terminology [ANSI S1.1-1994] by the American National Standards Institute (ANSI). The following words, phrases and terms as used in this Bylaw shall have the meanings as indicated below:

A. BACKGROUND SOUND LEVEL shall mean the sound level associated with a given environment, being a composite of sounds from all sources excluding the alleged offensive noise, at the location and approximate time at which a comparison with the alleged offensive noise is to be made.

B. CONSTRUCTION shall mean those activities requiring a building permit, and shall also include any site preparation, cemetery burial and caretaking operations, seismic surveys grading, assembly, erection, substantial repair, alteration, or similar action, including demolition, for or of public or private rights-of-way, structures, utilities or similar property.

C. The abbreviation dBA shall mean the A-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals. The abbreviation dBC shall mean the C-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals.

D. EMERGENCY VEHICLE: shall mean any vehicle operated in an effort to protect, provide or restore public safety, including, but not limited to, ambulances, police vehicles and fire vehicles.

E. EMERGENCY WORK: shall mean any work performed in an effort to protect, provide or restore public safety, or work by private or public utilities when restoring utility service or any work performed for the purpose of preventing or alleviating the physical trauma or physical damage threatened or caused by an emergence – an occurrence or set of circumstances involving actual or imminent physical trauma or property damage.

F. ENFORCING PERSON: shall mean any police officer, building official or public health official of the Town or any other Town employee designated by the Town Manager for this purpose.

G. IMPACT DEVICE: shall mean a construction device in which or by which a hammer, meaning a moving mass of hard solid material, is mechanically by means of a working fluid or compressed air caused to repetitively impact upon and transmit kinetic energy to a tool. The tool may be included as a part of the device, as in the case of a moil on a paving breaker or the drill steel of a jackhammer, or it may be a mass to which the impact device is temporarily connected as in the case of a pile and pile driver. Examples of impact devices are pile drivers, paving breakers, power impact hammers, impact wrenches, riveters and stud drivers.

H. INTRUDING NOISE: shall mean the total sound level created, caused, maintained by, or originating from an alleged offensive source at a specified location while the alleged offensive source is in operation.

I. PERSON: shall mean a person, firm, association, co-partnership, joint venture, corporation or any entity recognized by applicable law, public or private in nature.

J. SOUND LEVEL: shall mean the instantaneous A-weighted sound pressure level, in decibels, (dBA) as measured with a sound level meter set to the "A" weighting scale, slow response. On the decibel scale a sound level increase of 10 means the sound is 10 times more intense or powerful.

Decibel levels of some common activities are listed below:

Sound Level - dB	Source
50 - 65	normal conversation
60 - 65	laughter
70	hair dryer, vacuum
V Increasing risk of hearing loss V	
80	garbage disposal
85 - 90	lawnmower
100	garbage truck
120	walk behind leaf blower
130	jet takeoff/landing
145	fireworks

K. SOUND LEVEL METER: shall mean an instrument meeting American National Standard Institute's (ANSI) Standard S1.4-1983 for Type 1 or Type 2 sound level meters or an instrument and the associated recording and analyzing equipment, which will provide equivalent data.

1.3 **Designated Noise Zones**
The properties hereinafter described are hereby assigned to the following noise zones:

NOISE ZONE I: All properties utilized as residential uses in accordance with the Town of Southborough Zoning Bylaws and the grounds of any school, hospital or similar health care institution, house of worship or library while the same is in use, and any Cemetery or Open Space.

NOISE ZONE II: All other property used in accordance with the Town's Zoning Bylaw.

1.4 **Exterior Noise Standards**
It shall be unlawful for any person at any location within the area of the Town to create any loud noise, or to allow the creation of any noise, on property owned, leased, occupied or otherwise controlled by such person, which causes the sound level when measured on complainant's property to exceed the greater of:

A. The maximum allowable exterior sound level outlined in Table I; or
B. Five dB over the background sound level.

Table 1. Maximum Allowable Exterior Sound Level		
Noise Level	Daytime level 7:00 AM to 10:00 PM	Nighttime level 10:00 PM to 7:00 AM
I	60 dBA	50 dBA
II	70 dBA	65 dBA

If the intruding noise source is continuous and cannot reasonably be discontinued or stopped for a time period whereby the background sound level can be determined, the measured sound level obtained while the source is in operation shall be compared directly to the maximum allowable exterior sound level outlined in Table I.

1.5 **Construction Noise Standards**

A. Noise associated with construction is permitted between 7:00 AM and 6:00 PM on weekdays and 9:00 AM and 5:00 PM Saturdays provided the sound level from:

1. Non-impact devices do not exceed 70 dBA as measured over a time interval of 1 minute with the sound meter set to slow located on any other property, but at least 50 feet from the construction activity;

2. Impact devices does not exceed 90 dBA as measured with a sound level meter set to slow response located on any other property, but at least 30 feet from the construction activity.

B. Between the hours of 6:00 PM and 7:00 AM on weekdays and Saturday, noise associated with construction, shall be limited by the standards of Section 1.4.

C. Construction activities shall not be allowed on Sundays or legal holidays.

1.6 **Maintenance Noise Standards**

A. Noise associated with maintenance is permitted between 7:00 AM and 6:00 PM on weekdays, 8:00 AM and 6:00 PM on Saturdays and between the hours of 9:00 AM and 6:00 PM on Sunday, provided the sound level does not exceed 70 dBA as measured with a sound level meter set to slow response on any other property, but at least 50 feet from the maintenance;

B. Between the hours of 6:00 PM and 7:00 AM on weekdays, 6:00 PM and 8:00 AM on Saturday and between the hours of 6:00 PM and 9:00 AM on Sunday or a legal holiday, noise associated with maintenance, shall be limited by the standards of Section 1.4.

1.7 **Commercial Trash Collection and Deliveries or Pick-up**

A. The operation of commercial trash compactors or collection of trash, rubbish, refuse or debris, which generates noise in excess of the criteria given in Section 1.4 at any point of public or common pass-by between the hours of 7:00 PM and 7:00 AM is prohibited.

B. Deliveries or pick-ups for commercial or business purposes between 10:00 PM and 6:00 AM are prohibited unless the noise level of such deliveries or pick-ups in nearby residential areas does not exceed the noise criteria listed in Section 1.4.

1.8 **Motor Vehicles or Motorcycles**

Motor vehicles or motorcycles operated on public ways in the Town of Southborough or in any place where the public has the right of access as invitees or licensees may not exceed a maximum sound level of 85 dBA. It is also in violation of the Bylaw to operate a motor vehicle or motorcycle without a sound-limiting device connected to the exhaust system. This prohibits so-called "straight pipe" exhaust systems. This section shall not include screeching sounds emitted from emergency braking. Measurement for the purposes of this Section shall be at a distance of 36 inches from the noise source.

1.9 **Special Provisions**

Noise associated with the following activities shall be exempted from the provisions of this Bylaw:

A. Emergency work or emergency vehicles.

B. The operation of any vehicular alarm provided it terminates within 15 minutes of the initially recorded complaint.

C. Occasional outdoor gatherings, public dances, shows, and sporting and entertainment events provided said events are conducted pursuant to a permit or license issued by the appropriate jurisdiction relative to the staging of said events.

D. The intermittent or occasional use, during the daytime, of homeowners' light residential outdoor equipment

E. Snow removal performed by snow blowers, snow throwers or snow plows when appropriately outfitted with a muffler.

DRAFT

F. Any activity to the extent regulation thereof has been preempted by Town, State or Federal Law or by agreement between Town, State or the Federal Government.

1.10 **Prima Facie Violations**
Any measured noise exceeding the sound level standards as specified in Sections 1.4 through 1.10 may be deemed by the enforcing person to be prima facie evidence of a violation of the provisions of this Bylaw.

1.11 **Penalties for Violations**
A. Violations under Article 1, in the discretion of the enforcing person, may be enforced by non-criminal disposition as provided in MGL Chapter 40, Section 21D.

B. The penalty for a violation under this Bylaw shall be $100 for a first offense, $250 for a second offense, $500 for a third offense, and for each succeeding offense each day or part thereof shall constitute a separate offense.

Proposed by: PETER LAPINE, et al.
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *As the population of Southborough grows, it has transitioned from a rural community to one that is more suburban. People move to Southborough to enjoy its natural beauty and peaceful environment. With increased housing density, practices of earlier times increasingly encroach upon the tranquility of Town residents, resulting in conditions characterized as being out of balance. There is an ever-growing requirement to place limits on these practices – a rebalancing - so that everyone, business owners and homeowners alike, may prosper. This article, a Noise Bylaw, seeks to harmonize the needs of Town residents with those of local business owners.*

ARTICLE 32: To see if the Town of Southborough will vote to pass a bylaw to reduce plastic waste

Section 1 Purpose and Intent

The production and use of single-use plastics such as polystyrene food packing and thin-film plastic checkout bags have significant impacts on the environment, including, but not limited to, contributing to the potential death of aquatic and land animals through ingestion and entanglement; contributing to pollution of the natural environment; creating a burden to solid waste collection and recycling facilities; clogging drainage systems; and requiring the use of millions of barrels of crude oil nationally for their manufacture. Additionally, polystyrene contains known carcinogens, and readily leaches into certain foodstuffs. Measurable levels of polystyrene are now found almost 100% of human fat samples.

The purpose of this bylaw is to preserve the Town's water, wildlife and natural resources—as well as to enhance the health of its citizens—by banning within the Town of Southborough two of the largest contributors of non-recyclable plastics to the environment—single-use polystyrene retail food packaging and single-use plastic checkout bags—while promoting the adoption of more environmentally friendly alternatives.

Section 2 Definitions

"Polystyrene food packaging" – means any holder of food or beverage made from polystyrene, either in solid or foam (Styrofoam) form, such as cups, plates, or take-out containers, as well all other single-use plastic products made to facilitate the consumption of foods, such as straws, lids and utensils made from polystyrene or other non-compostable plastic materials.

"Checkout bag" – means a carryout bag provided by a store to a customer at the point of sale. Checkout bags shall not include bags, whether plastic or not, in which loose produce or products are placed by the consumer to deliver such items to the point of sale or checkout area of the store.

"Retail Store" – means any business facility that sells goods directly to the consumer whether for or not-for-profit, including, but not limited to, retail stores, restaurants, pharmacies, convenience and grocery stores, liquor stores, as well as seasonal and temporary businesses.

DRAFT

"Reusable checkout bag" – means a bag with handles that is specifically designed and manufactured for multiple reuse and is either polyester, polypropylene, cotton or other durable material, or durable plastic that is at least 4.0 mils in thickness.

"Thin-film single-use plastic bags" – are those bags typically with handles, constructed of high-density polyethylene (HDPE), low density polyethylene (LDPE), linear low density polyethylene (LLDPE), polyvinyl chloride (PVC), polyethylene terephthalate (PET), or polypropylene (other than woven and non -woven polypropylene fabric), if said film is less than 4.0 mils in thickness

"Recyclable paper bag" – means a paper bag that is 100 percent recyclable and contains at least 40% post–consumer recycled content, and displays the words "recyclable" and "made from 40% post-consumer recycled content" in a visible manner on the outside of the bag

Section 3 Use Regulations
(A) Polystyrene food packaging shall not be distributed, used, or sold by any retail store within the town of Southborough.

(B) Thin-film single-use plastic bags shall not be distributed, used, or sold for checkout or other purposes at any retail store within the Town of Southborough.

(C) If a retail store provides or sells checkout bags to customers, the bags must be one of the following (1) recyclable paper bags, or (2) reusable checkout bags. The retail store may charge for said bags.

(D) Thin-film plastic bags used to contain dry cleaning, newspapers, produce, meat, bulk foods, wet items and other similar merchandise, typically without handles, are still permissible.

(E) Violation of the By-Law to Reduce Plastic Waste: First offense – written warning; 2nd offense - $100 per offense; 3rd and subsequent offenses - $250 per offense.

Section 4 Effective Date

This bylaw shall take effect six (6) months following Town Meeting approval of the bylaw. Upon application of the owner or the owner's representative, the Board of Selectmen or their designee may exempt a retail store from the requirements of this section for a period of up to two (2) months upon a finding by the Board of Selectmen or their designee that (1) the requirements of this section would cause undue hardship; or (2) a retail store requires additional time in order to draw down an existing inventory of straws or checkout bags.

Section 5 Enforcement

Enforcement of this bylaw shall be the responsibility of the Board of Selectmen or their designee. The Board of Selectmen or their designee shall determine the monitoring process to be followed, which may be limited to responding to citizen reports, and incorporating the monitoring process into other town duties as appropriate. Any retail store distributing plastics in violation of this bylaw shall be subject to fines as described in Section 3 (E) above. Any such fines shall be paid to the Town of Southborough. No licenses shall be renewed for any establishment with outstanding violations under this section.

Section 6 Severability

If any provision of this bylaw is declared invalid or unenforceable the other provisions shall not be affected thereby.

; or to do or act anything in relation thereto.

Proposed by: MICHAEL WEISHAN, ET AL.
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *This proposed bylaw would make a marked contribution to the heath of both the citizens of Southborough and the overall environment by banning single-use plastic bags, Polystyrene cups, straws, utensils etc. at all retail establishments in Southborough.*

DRAFT

And you are to give notice hereby by posting true and attested copies of the Warrant on the Town website, the Southborough Town House, 17 Common Street, Southborough Senior Center, 9 Cordaville Road, Southborough Library, 25 Main Street, and Southborough Transfer Station, 147 Cordaville Road; seven (7) days at least before the time appointed for such meeting.

Given under our hand this twenty-fifth (25th) day of February, 2020.

DRAFT

Public Safety Building Naming Sub-Committee-Meeting Minutes

Date: Tuesday, January 7, 2020, 6:00PM

Location: Southborough Public Safety Building, 32 Cordaville Road, Meeting/Training Room, Southborough, MA

Committee Members Present: Peter Goodney-Chairman, John F. Lyons-Clerk, Venessa Hale (Non-Voting), Daniel Kolenda, and John Wood

Item 1: Call Meeting to Order

- Meeting was called to order at 6:00PM.

Item 2: Approve Minutes from the November 12, 2019 Meeting

- Chairman Peter Goodney asked the Committee Members if they had any corrections or comments for Mr. Lyons on the meeting notes.
  Motion: Peter Goodney made a motion to accept the meeting minutes as written. Seconded by John Wood. Motion carries unanimously (4-0).

Item 3: Authorize Letter of the Committee's Findings to the Board of Selectmen

- Peter Goodney informed the Committee that he took all the bold sections of the meeting notes to draft the letter to the Board of Selectmen. Peter asked members of the Committee to review the letter and let him know if it needs any corrections. Peter read the letter to the Committee. The Committee Members said that the letter was fine as written. Dan Kolenda asked if the names were going to be after the family name or just the person's name. John Wood said that the Committee preferred the family name, but the Selectmen should have the final say on how the name is presented for the designated room. John Wood said that he had spoken to some of the Police Officers and some seniors and they were wondering why the training room was not designated for Chief William Webber. John Wood said that the Fire Training Tower was going to have a name, why shouldn't this room be for the Police? Peter Goodney said that the Fire uses the Meeting/Training Room as well. John Lyons said that he believes that Kathleen Weber's letter specifically asked that the Dispatch Center be named after Chief William Webber.
  Motion: Peter Goodney made a motion to submit the letter of recommended names to the Board of Selectmen as written. Seconded by John Wood. Motion carries unanimously (4-0).

Item 4: Other Business That May Properly Come Before the Committee

- None.

Item 5: Adjournment

- Chairman Peter Goodney made a motion to adjourn. Seconded by John Wood. Motion carries unanimously (4-0). Meeting adjourned at 6:10PM.

Documents Reference

- Letter from Chairman Peter Goodney dated January 7, 2020 to the Board of Selectmen.

Respectfully Submitted,

John F. Lyons
Clerk

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 4, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple
Absent: Brian Shea

I. Chairman Healey called the meeting to order at 6:30 P.M.
Vice Chair Healey stated Chairman Shea could not attend the meeting this evening and he will be filling in as Chair. He summarized the previous discussion of the fiscal year 2021 budget. He told the public that Mr. Ballantine will be presenting, Mr. Purple will then weigh in, the Board will discuss with Advisory and then Boards and Committees will be invited to present regarding items still on the table for inclusion into the budget. Chairman Healey said that the Board will also discuss the possibility of reinvigorating the Capital Budget Committee and the possibility of a fall town meeting.

II. **Scheduled Appointments**
Continued discussion of FY2021 operational and capital budgets
Finance Director, Brian Ballantine walked the Board through the presentation included in the meeting packet. Mr. Ballantine requested the Board review the information, discuss items that require a vote and recommend to support or remove items for the fiscal year 2021 budget. He listed three options for next steps which included to adopt the Budget recommendation with no capital delay from slide seven of his presentation, adopt the Budget recommendation with capital delays from slide six of his presentation or adopt either with modifications.

After hearing Mr. Ballantine's presentation, Chairman Healey asked the Board if they had any questions. Mr. Kolenda wanted to address the suggested postponement of capital bond projects for fall Town Meeting listed on slide six; specifically, the window replacement at the Town House.

John Parent, Facilities Director, stated that due to the budget constraints, the replacement of the windows at the Town House could be deferred. Mr. Kolenda made the point that this project had been put off for many years and wanted to make notice that the replacement windows need to be done soon. He asked Mr. Parent if some of the windows could be done this year and others the next to avoid the need for one large dollar amount. Mr. Parent recommended against this. Mr. Stivers asked if there was return on investment in the form of heat cost savings. Mr. Parent said there was not; the return is in employee morale. Ms. Braccio asked if the process would be hindered if it were delayed to a fall Town Meeting. Mr. Parent replied that it would not. Mr. Ballantine stated this would be a borrowing project and the Town could receive authority to replace the windows but would not have to execute immediately. Mr. Kolenda voiced his concern about the continual delay of this project and the implications of an increased cost. Mr. Stivers said the project may be a candidate for an exclusion. Chairman Healey agreed with the rest of the Board and supports the project. He then asked Mr. Purple to share context around the status of the budget and the five-year projection.

Mr. Purple referenced page eight of the presentation and stated that the green depicting the Town under the levy limit is partly due to a significant tax increase. He stated there are a lot of needs within various departments and committees but the decision to include or exclude them

from the budget must be made with the focus on whether it is affordable or not. He suggested the Board work with Advisory this evening to finalize items and to have a unified budget presentation at Town Meeting.

Chairman Healey invited Youth and Family Services to speak. Sarah Cassell, Director of Youth and Family Services stated the initial budget proposal included two part-time administrative assistants as the department has a critical need for office coverage. She stated that it was presented to them to instead hire one full-time administrative assistant and the Commission voted all in favor to support this option. She pointed out that it is advantageous to have one face of the department for customer service needs and training purposes. Chairman Healey asked what the differences were from having two part-time employees versus one full-time. Ms. Cassell agreed that office coverage would be the same and she explained the differences in how a full-time employee could support the staff and be more efficient than two part-time employees. Mr. Stivers stated he supports one full-time position as he views this department as a public safety department and one individually skilled person would be more effective than spreading training over two people. He asked Mr. Purple if the net cost would be about $25,000. Mr. Purple replied in the affirmative. Mr. Kolenda stated he fully supported the suggestions of Mr. Stivers. Ms. Braccio acknowledged the need and voiced her concern on the budget constraints. She added that Chief Paulhus needs two new officers and is currently allotted one for fiscal year 2021. She said if the Board is going to include an additional $25,000 she would like to see an officer added to the Police Chief's budget.

Chief Paulhus advocated for two full-time officers as opposed to the recommended one full-time officer in the budget presented this evening. He cited the 2000 Public Safety Study that recommended 1.9 officers per 1,000 residents. He stated that the current staffing model is antiquated and the department is still under the optimal number of officers. Chief Paulhus said the issue is safety and morale and with the increase in mental health issues and related calls from within town and surrounding towns, new officers are needed. He added that the basic staffing model calls for six officers on a shift not including the three specialists and the department is short. He explained the lengthy onboarding process and stated if the new officers were approved now, it would be nine to twelve months until they were to fill shifts. Ms. Braccio asked the Chief about various instances where only two officers were on the road at a time. She explained that the instances could potentially result in additional response time and lack of safety for the officers and public. Chief Paulhus agreed and added additional detail to these scenarios. Mr. Kolenda stated that the need for more officers is overdue and he supports the addition of two full-time police officers and one full-time administrative position for Southborough Youth and Family Services. Mr. Stivers agreed with Mr. Kolenda and asked if staggering the hiring of the officers could be financially beneficial to the Town. Mr. Purple explained the timeline and stated that a new hire from fiscal year 2021 would not fully financially impact the Town until fiscal year 2022. Chairman Healey noted that he did not want to leave the impression that Southborough residents have not been properly served in the last twenty years. He stated that the Police Department staff was increase substantially and the Fire Department was brought to the optimal staffing number after the 2000 Public Safety Study. Chairman Healey asked the Chief the staffing impact if he were to have one new officer this year and one the second next year. Chief Paulhus responded that he would be constantly filling the third shift with overtime and would have more challenges if an officer were out for various reasons. Chelsea Malinowski, Vice Chair of the Advisory Committee, clarified that if the Police Department were fully staffed minus one officer there would be 211 open shifts needed to be filled over the course of a year.

Chief Achilles told the Board that due to the pressures on the budget for fiscal year 2021 the request for a Deputy Fire Chief has been removed. He said there were three items he is requesting to be included in the fiscal year 2021 budget. He listed four additional administrative hours that would not include adding benefits to the position, a mechanical CPR device and the replacement of a pumper truck that is at the end of its life. Chief Achilles stated these three items would help with efficiencies, increase success with out of hospital cardiac arrest and if a pumper were to be ordered now it would save the Town approximately $30,000 - $40,000 in inflation cost per year. Chairman Healey asked if the primary use of a second pumper was for backup and Chief Achilles responded in the affirmative. Chairman Healey asked if there have been any discussions regarding regional coordination of equipment. Chief Achilles explained mutual aid agreements with partnering towns but said it was for support not equipment. He added that another town would not lend Southborough a truck for backup and that having one pumper in service is inappropriate. Mr. Stivers suggested a replacement cycle for fire trucks and equipment. Chief Achilles stated a replacement schedule was not applied to these trucks and cautioned against holding off the replacement to create an appropriate cycle. He explained that used fire apparatus are usually discarded because of a problem with the truck. Ms. Braccio asked when the truck was purchased. The Chief responded the truck was purchased in 2001. Ms. Malinowski asked the Board to be aware that the fire tower will be needing maintenance in 2030 when considering replacement cycles. She added the tower is a more expensive apparatus than the pumpers. Mr. Stivers requested a review of the entire equipment spectrum and to begin working towards an appropriate replacement cycle.

Ryan Donovan, Library Director, stated that the Library Trustees have not convened to discuss a deferment on the Library capital projects. He stated they could have a vote for the February 25th Board of Selectmen meeting. Chairman Healey asked Mr. Purple if the Board could wait on discussing the project until then. Mr. Purple replied that would be acceptable if this is the only capital item on hold until then. Mr. Donovan agreed to discuss the Library capital projects with the Library Trustees and return to the Board of Selectmen on February 25th with an update.

Chairman Healey invited the Council on Aging to speak to the Board and asked if there were any issues on the operational Budget. Bill Harrington, Chair of the Council on Aging stated there were not. Chairman Healey asked if the Council considered deferring their capital projects until the fall. Mr. Harrington said it would be beneficial to defer and work with the Capital Budget Committee. Director Pam Le Francois reiterated that the projects requested were for additional bathrooms and an expansion to the front of the building. She summarized the space needs and the increase in patronage to the Senior Center. Chairman Healey stated he had worked with the Capital Budget Committee during his tenure on Advisory and the Council will benefit from their insight. Mr. Harrington asked if a concrete proposal could be made before the fall town meeting. Mr. Purple described the two options for executing the projects and stated the expansion may take three to four years. Mr. Harrington requested that instead of the making the addition of bathrooms and the siding a priority, the Council would like to see the front expansion and the bathrooms as the priority. He felt the siding could wait. Mr. Purple said he would like to defer the Facilities Director for priority of needs within town buildings and agreed the Capital Budget Committee would be a great asset to the Council.

Chairman Healey invited the Open Space Preservation Committee to speak. Mr. Kolenda stated that he did not intend for the Committee to present a full presentation but wanted reasoning for

extending a $500 increase to their budget for a second year. Freddie Gillespie, Chair Open Space Preservation Committee stated that there was a misunderstanding from the request last year. She said they are one of the lowest funded Committee and members are spending their own money on education and supporting their efforts. Chairman Healey stated that Mr. Kolenda questioned numerous department and boards and said he felt a presentation was unnecessary. Mr. Kolenda added that he supports Open Space and Ms. Gillespie stated she felt the Board did not understand the work and value the Committee brings to the Town. She explained programs funded by the Committee. Ms. Braccio stated when she was on the Committee the budget was $750 and understood the struggles the Committee face. She supported the $2,000 budget for the Committee. Mr. Kolenda explained that the increase for last year was an anomoly for him and he supported a budget of $1,500. Ms. Gillespie explained the various educational needs of the members and said added funding was needed. She suggested the Committee present to the Board at a later date to inform them on their work and mission. The Board agreed. Mr. Stivers said he attended Committee meetings and felt a $2,000 budget is a great investment for the Town.

Chairman Healey asked the public if there were any other committees or departments who wanted to speak and there were none.

Chairman Healey invited the Advisory Committee to speak. Kathy Cook, Chair, stated they have not voted on the budget yet but feel they are in line with the Board. She stated the Committee officially recommends the Town hold a special town meeting in the fall which was voted 6-1-0 and a vote passed (5-1-1) for the addition of two police officers. She said there was one absentia and one opposed. Ms. Cook stated the reason they believe there should be a special town meeting is for the pending Capital Budget Committee to bring recommendations for the capital budget. She added that one idea would be to close Woodward School. She explained that the school would be paid off in two years and attendance is currently down 300 students in grades K-8. She stated this would most likely not be ready for fall, but could be a potential idea that could help offset capital costs. Ms. Cook talked about the potential to use CPC funds for the windows at the Town House and other options that could help decrease cost. Chairman Healey asked if the Committee had discussed which projects could be put off to a fall town meeting. Ms. Cook said they had not but the immediate projects that could not be postponed were the Finn School boiler, road maintenance and recurring Facility maintenance work. Chairman Healey asked to confirm that the tax rate increase from the Committee was 3.46% and Mr. Ballantine stated in the affirmative. Ms. Cook confirmed that the Committee voted for two additional full-time positions. She stated this could potentially be offset by moving funding of the Recreation Department salaries to the revolving fund receipts. Mr. Purple stated this is an option that would need to be carefully reviewed before implementing. Recreation Director Tim Davis stated his concerns which included an increase in program costs and as a result, fees to the residents. Ms. Cook replied that it is not their intention and felt that this could be done without impacting program fees or costs.

Mr. Stivers stated that he would like to address the request for a Conservation Commission administration position and felt this should be included in the budget. He asked why the Assessor's budget increased and Mr. Ballantine explained that this is due to a one-year mandated reevaluation that will not be included next year. Mr. Stivers asked why the EDC budget was increased by $10,000. Mr. Ballantine stated this was to support the Downtown Initiative and Ms. Malinowski stated the Advisory Committee had received a memo regarding the expenditures.

She said these included brochures, booths at business events, and other needs to expand their "shop local" campaign. Mr. Kolenda stated he fully supported the Downton Initiative and felt reducing their budget would send the wrong message. Mr. Stivers stated he also supported the initiative but was looking for further explanation. Mr. Kolenda made a motion to accept the operational budget as presented by the Town Administrator and Finance Director with the addition of one police officer and one full-time employee for Youth and Family Services. The motion passed all in favor (4-0-0).

Mr. Purple asked the Board which items from the capital budget should be deferred to a fall town meeting. He reiterated that the items in question are the replacement windows at the Town House and the fire pumper. There was discussion about whether the pumper should be done now or if it would be more expensive to defer. Mr. Ballantine stated the debt service for the pumper would be paid out of the ambulance fund and Chief Achilles urged the Board to move forward now due to potential future costs to the Town if it is delayed. Ms. Braccio stated she would like to see the Library renovations included on the budget. Mr. Donovan stated that he is not speaking for the Trustees, but if these were delayed he would like a commitment that it will be included in the budget for fall town meeting. Chairman Healey said the intention of the Board was to delay until the fall town meeting and this project would be made a priority. Mr. Kolenda made a motion to accept the capital delays identified in the Fiscal Year 21 Budget with Capital Delays for fall town meeting with the exception of the pumper. Ms. Braccio seconded. The motion passed (3-1-0). Mr. Healey opposed.

III. Other Matters Properly Before the Board

None

IV. Executive Session

At 8:48 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A § 21 (Exemption 2) for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Upcoming Meetings
February 11, 2020
February 25, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the February 4, 2020 BOS Meeting:

- FY21 Recommended Budget Presentation dated 2/4/20

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 11, 2020, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Lisa Braccio, Marty Healey, Sam Stivers and Town Administrator Mark Purple
Absent: Daniel Kolenda

I. Chairman Shea called the meeting to order at 6:30 P.M.

II. **Public Comment**
None

III. **Scheduled Appointments**
Joint meeting with Library Trustees: Appointment of Library Trustee to vacancy; term May 12, 2020
Amy Yazdani, Vice-Chair of the Board of Library Trustees, told the Board that they do not have a quorum. She stated that at their meeting on January 21st, the Board of Trustees voted unanimously to recommend Janet Maney to fill the Library Trustee vacancy due to her previous experience on various boards and committees. Chairman Shea stated he thinks Ms. Maney will be a great addition and asked if she has pulled papers to run for the position. Ms. Maney replied that she has not but intends to soon. Mr. Healey, Ms. Braccio and Mr. Stivers voiced their support for Ms. Maney. Mr. Healey made a motion to appoint Janet Maney to the Library Trustee position; term May 12, 2020. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained that the letter from Mr. Donovan stated the Board of Trustees did not vote to appoint and as they do not have a quorum tonight, they must do so before Ms. Maney is officially appointed. Mr. Donovan said the Board of Trustees voted to appoint Ms. Maney at their last meeting and he may have written they voted to recommend by mistake. He said he will check the meeting minutes and report back to Mr. Purple.

Fire Chief and Police Chief: Middlesex Savings Bank donations
Chief Paulhus introduced Community Banking Officer Ed Murras and his assistant from the Middlesex Savings Bank branch on Cordaville Road. He said the bank has a program honoring first responders. They would like to donate $10,000 each to the Southborough Police and Fire Department. Chief Paulhus explained that if the Board approves the donation, he plans on using the funds for training in order for the first responders to keep themselves safe and safely serve the community. Chief Achilles stated he appreciates such a substantial donation and he plans on supplementing one of the grants to purchase a dryer for decontamination of fire gear and to supplement the purchase of safety gear for new employees. Chairman Sea welcomed the representatives from Middlesex Savings Bank to speak.

Mr. Murras explained Middlesex Savings Bank developed a program to honor first responders in communities where their branches are located. He said each community will receive $10,000 for training, equipment, etc. He added that the branch has been located in Southborough for over twenty years and it is a pleasure to give back to the police and fire departments. Chairman Shea thanked both Mr. Murras and his assistant for coming and asked them to extend his thanks to

everyone responsible for this program at Middlesex Savings Bank. Chief Paulhus stated that both departments will post an announcement regarding the donations to their social media accounts. Chairman Shea made a motion to accept the Middlesex Savings Bank donations to the Fire and Police Departments as stated. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Karen Galligan, DPW Superintendent – PWPB recommendation for water rate adjustment

Ms. Galligan introduced Matt Abrahams from the Abrahams Group who assisted in the study. She stated that after a water rate study adjustment was done, the tiers and rates have changed. She said the goal was to take the burden off of residents with low water usage and seniors. She said the recommendation of the rates included in the memo in the packet has been approved by the Public Works Planning Board and the Finance Team. She added that moving forward this would be looked at on a yearly basis so rate adjustments would be more gradual. Mr. Healey asked if the average water bill would be increasing by $50. Mr. Abraham stated the higher tiers will see an increase of about $100 and the lower tiers will be less than that. Ms. Galligan clarified that of the ten towns similar in MWRA water use to Southborough, the Town went from 9th out of ten to 6th out of ten in terms of cost. Mr. Stivers said he voted in support of this recommendation as a member of the Public Works Planning Board and confirmed that low-volume users will see an increase of 17% and high-volume users will see an increase that exceeds 50% from last year. He explained some of the drivers behind the increase, suggestions to restore the reserve fund and initiatives to conserve water. Mr. Healey made a motion to accept the recommendation from DPW Superintendent Galligan in her February 5, 2020 memorandum and attachments for a change in water rate with a revised change of cost per cubic foot of water for water usage of 3001 to 10,000 CF to $6.86 instead of $6.68. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

IV. Reports

Town Administrator's Report

Mr. Purple stated since the Board voted on budget items last week, there is no budget update this evening. He stated the Advisory Committee is meeting tonight with Mr. Ballantine to review their budget suggestions. Mr. Purple said he hoped to identify any potential discrepancies between budget recommendations from the Board and Advisory soon.

Chairman's Report

Chairman Shea reminded all boards, committees and employees to fill out the acknowledgement receipt of the conflict of interest packets. The receipts are due to the Town Clerk by the end of this month. The Town Clerk is required to report all those who have and have not submitted these forms and urged all to return these for full compliance.

Chairman Shea thanked the New England Center for Children for hosting Board members on a tour and presentation today. He acknowledged the tremendous work they do for children in need of services in Southborough and across the State and Country.

Chairman Shea reminded the public that the Southborough Police Department is partnering with Northborough and Westborough for the Citizen's Police Academy. He described the program and urged those interested to email their applications to Stephen Neivert at sneivert@southboroughma.com. The applications can be found on the Town website and must be submitted by March 7, 2020.

Chairman Shea reminded the public that the voter registration deadline is tomorrow, February 12, 2020. He added that the Town Clerk's Office will be open until 8:00 P.M. tomorrow.

Chairman Shea stated the Southborough Annual Town Report was considered for an award by the MMA and received third place in category two.

Chairman Shea stated there is an open job opportunity for an administrative assistant position for the Council on Aging. Information can be found on the Town website and applications are currently being accepted.

Members' Report

Mr. Stivers echoed Chairman Shea's comments regarding his visit to the NECC. He commended them for their groundbreaking support for children diagnosed with autism.

Mr. Stivers stated he attended the MMA annual meeting including multiple workshops and presentations. He said there was discussion about cable license contracts and a new rule set to reduce the prices Verizon and Charter pay for licensing in towns and cities. He acknowledged that the Town is currently in the process of renegotiation with cable TV and has passed this information to the Cable Television Committee. Mr. Stivers stated at a recycling presentation he was informed that due to secondary markets closing their door on recycling, waste management companies now must pay to recycle items they used to get paid for. He suggested the Public Works Planning Board address this issue and work towards a solution for Southborough. Mr. Stivers stated that after attending a workshop on economic development hosted by Dr. Barry Bluestone of Northeastern University, he found that many of the towns successful in supporting business development have done so by executing initiatives achievable in Southborough. He described possible initiatives with the Economic Development Committee to make Southborough more attractive. Mr. Stivers added that multi-use development is an effective driver of economic development and suggested the Board take a position on the EDC's Downtown Initiative. Mr. Stivers stated the Master Plan Committee meeting is tomorrow evening at Cordaville Hall at 7:30 P.M. and urged the public to attend.

V. Consent Agenda

a. Chairman Shea made a motion to approve Regular Session minutes: January 21, 2020; January 27, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

b. The motions to accept donations from Middlesex Savings Bank Charitable Foundation:

i. $10,000 for Police Department training equipment and programs

ii. $10,000 for Fire Department EMPG Grant supplementation and protective clothing were passed during the scheduled appointments earlier in the evening.

c. Chairman Shea made a motion to accept a donation of $16.00 from Joyce Golden for the Library Donation account. Mr. Healey seconded. The motion passed all in favor (4-0-0).

d. Chairman Shea made a motion to accept a donation of $100.00 from John and Connie Mauro for the Fire Department. Mr. Healey seconded. The motion passed all in favor (4-0-0).

e. Chairman Shea made a motion to approve the request to buy back a cemetery lot from John and Marlene Calkins. Mr. Healey seconded. The motion passed all in favor (4-0-0).

f. Chairman Shea made a motion to approve the recommendation for bid award for Dipietri Field renovation. Mr. Healey seconded. The motion passed all in favor (4-0-0).

g. Chairman Shea made a motion to appoint Robyn L. Stewart to Scholarship Advisory Committee, term 6/30/21. Mr. Healey seconded. The motion passed all in favor (4-0-0).

h. Chairman Shea made a motion to approve the use of $2,850 from engineering article for Breakneck Hill wetlands investigation. Mr. Healey seconded. The motion passed all in favor (4-0-0).
i. Chairman Shea made a motion to approve of SOIs for MSBA for School projects. Mr. Healey seconded. The motion passed all in favor (4-0-0).
j. Chairman Shea made a motion to approve the Executive Session minutes: January 21, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).
k. Chairman Shea made a motion to approve and release of Executive Session minutes: February 4, 2020. Mr. Healey seconded. The motion passed all in favor (4-0-0).

VI. Other Matters Properly Before the Board

Chairman Shea stated that Mr. Purple had sent the information earlier in the day from the Town Clerk requesting the Board include two positions on the town election ballot. He noted this has been discussed at previous meetings and was received less than the forty-eight-hour time requirement for posting the agenda. He said this matter is time sensitive and gives residents the opportunity to pull papers for these elected positions. Chairman Shea made a motion to include on the annual town election ballot two additional positions for Library Trustee; one for a one-year term and the second for a two-year term as recommended by the Town Clerk through his correspondence provided to the Board. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Continued discussion on March 28, 2020 Town Meeting Warrant

EDC downtown district overlay zoning bylaw

Mr. Purple stated the EDC sent him a letter asking this article be removed from the warrant. He added that they do intend to bring this article to the fall town meeting with the understanding they need a sponsor. Mr. Purple said the EDC will want to have a conversation with the Board regarding their goals and whether the Board would be willing to be the sponsor. He asked the Board to formally remove the article from the annual town meeting warrant.

Purchase of National Grid parcel 54-40

Mr. Purple stated this is linked to the EDC's Downtown Initiative and suggested the Board move this item to the fall town meeting. He said the contact at National Grid who handles land issues told him that if the Board were interested in pursuing this parcel, they should submit a letter of intent in order to move forward in the process for discussion.

Revised draft of SPAC bylaw

Mr. Purple stated the draft of the former ADA bylaw, now the SPAC bylaw, is included in the packet. He added that additional comments were submitted today by a committee member as well as Timothe Litt. He said the changes proposed by Mr. Litt were discussed with the ADA Committee. He asked the Board to consider the proposed changes and finalize the document to include in the warrant.

Board positions on warrant articles

Chairman Shea reminded the Board that many of the articles appear on an annual basis and he presumes the Board would be in support. He went through the draft Warrant article by article.

Chairman Shea made a motion that the Board support Articles 1-4 in the warrant. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained that Article 5 is the Salary Administration Plan and the Personnel Board will be meeting tomorrow to finalize their recommendations. He said those recommendations will be sent to the Board prior to the next meeting. Mr. Purple explained that Article 6 is the transferring of money between and among various accounts for the fiscal year ending June 30, 2020 and may no longer require a town meeting vote. Mr. Stivers asked if the article should be removed from the warrant. Mr. Purple replied he would prefer to leave it in the warrant until more information is available. Mr. Purple explained that more information will be available for Article 7 regarding unissued debt. He gave the Board an idea of the amount that will be rescinded. Chairman Shea made a motion to support Article 7. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea confirmed that Article 8 had been voted unanimously to support by the Board at the previous meeting. Chairman Shea held Article 9. Chairman Shea confirmed that Articles 10 and 11 were voted to unanimously support by the Board at the previous meeting.

Chairman Shea made a motion to support annual Articles 12, 13 and 14 as written in the packet. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple stated that Article 15 is for funding the replacement of a boiler at Mary Finn School. Ms. Braccio asked what the dollar amount is to fund this project. Mr. Purple said he would find out. The Board held their support of this Article until their February 25th meeting.

Chairman Shea made a motion to support Article 16. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea made a motion to support CPC project receipts labeled Article 17 of the Town Warrant. Mr. Healey Seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained Articles 18 and 19 are authorizing payments for bonds on projects already appropriated by Town Meeting. Chairman Shea made a motion to support Articles 18 and 19. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple explained Article 20 is to support the Recreation project at Kallander Field and Article 21 is to support the reconstruction of St. Mark's Church bell tower. The Board agreed they would like to hear more information on both projects. Chairman Shea stated the Board will hold these Articles and will want an update at their February 25th meeting.

Mr. Purple explained that Article 22 has been proposed by the Veteran's Agent to include exemptions up to 100% for taxpayers with personal exemptions on property. He said the Town currently provides real estate exemptions and if this were to pass, the cost would be a total of $20,000 per year. Chairman Shea made a motion to support Article 22. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea stated he recommended Article 23 as listed in the packet and the Town Clerk is in support. Chairman Shea made a motion to support Article 23. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

Chairman Shea explained that Articles 24 and 25 are in relation to regulating speed limits in Town that originated from previous discussions regarding the dangers at Pine Hill Road. Chairman Shea made a motion to support Articles 24 and 25. Mr. Stivers seconded. Chairman Shea informed the Board that they will need to be prepared to clearly present both articles at Town Meeting. The Board agreed. The motion passed all in favor (4-0-0).

Chairman Shea made a motion to support the proposed .75% meals tax as written in the packet for Article 26. Mr. Stivers seconded. Mr. Healey stated that based on the survey Ms. Cook provided and the input from businesses affected, the addition of a meals tax is a straightforward and equitable avenue to broaden the tax base. Mr. Purple said this is thought to be very favorable for the Town and the budget is carrying an additional $75,000 in receipts. He added that if this article does not pass, the Town may end up with $75,000 less free cash at the end of the year. The motion passed all in favor (4-0-0).

Mr. Purple informed the Board that he sent them Timothe Litt's revisions to Article 27, the draft chapter for the Southborough Public Access Committee. He added that the Chair of the Committee sent an email that the Committee was in favor of Mr. Litt's changes. The Board discussed administrative corrections throughout the document and the Board agreed to the changes. After deliberation amongst the Board members, Town Clerk Hegarty and Mr. Litt, the Board voted on the following changes. Chairman Shea made a motion to change the word "enhancing" to "increasing" in paragraph two of Section 9.34. Mr. Stivers seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to remove "no more than" in the first line of section 9.34.A. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to remove the word "number" from the last line of the first paragraph in section 9.34.A. Mr. Healey seconded. The motion passed all in favor (4-0-0). Mr. Healey made a motion to accept paragraph two of section 9.34.A with a change in the parenthetical for the definition of "town employee." Mr. Stivers seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to capitalize the word "Town" in bullet two under section 9.35. Mr. Healey seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to change the words "any inadequacies" to "it's comments" to bullet three of section 9.35. Ms. Braccio seconded. The motion passed all in favor (4-0-0). Chairman Shea made a motion to support this Article with the revisions voted on this evening. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Healey stated it made sense to move Article 28 to the fall town meeting as it relates to the EDC sponsored article for the downtown initiative. Chairman Shea agreed that the proposed acquisition of parcel 54-40 should be moved to the fall. Ms. Braccio agreed and felt more discussion was needed before the Board could take a position. Chairman Shea made a motion to delete Article 28 from the Town Warrant. Mr. Healey seconded. The motion passed all in favor (4-0-0). The Board asked Mr. Purple to reach out for more information regarding this parcel from National Grid and he agreed to do so.

Chairman Shea explained that Article 29 was recommended by the Town Clerk to extend the voter registration deadline from a Saturday to the following Monday. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Mr. Purple stated that Article 30 was brought forward through the Planning Board from the Zoning Board of Appeals and Articles 30, 31, 32 and 33 are currently before the Planning Board

for the required hearing dates. He stated that Planning will be providing recommendations to the Board for these articles. Mr. Purple said the EDC has requested the removal of the proposal of a Village Mixed Use District labelled as Article 31. Chairman Shea recommended the Board hold Articles 30, 32 and 33 for the meeting on February 25th. The Board agreed. Chairman Shea made a motion to delete from the warrant the proposed Article 31 for a village mixed use district as written in the packet. Mr. Healey seconded. The motion passed all in favor (4-0-0).

Chairman Shea stated the citizens petition for a noise bylaw is not amendable at this time. Mr. Purple agree that Article 34 can only be amended on the town meeting floor. The Board agreed to invite the proponents to the February 25th meeting for a five-minute presentation with questions to follow. Mr. Purple stated he would reach out to Mr. Lapine who proposed the article and invite him to the next meeting. He asked if the Board would like to invite Mr. Weishan who proposed the second citizens petition to ban plastics and Styrofoam. The Board agreed and Mr. Purple said he would reach out to Mr. Weishan and invite him to the next meeting. Mr. Purple added that he will also invite the CPA for an explanation on their projects at Kallander Field and the St. Mark's bell tower.

Mr. Purple reiterated to the Board they had decided to hold Articles 5 and 6. He said he will confirm if Ms. Rosenbloom could present the proposed changes to the Personnel Salary Administration Plan at the meeting on the 25th. He said Article 6 has been held by the Board to determine whether it is needed to be included in the warrant. He stated that Article 9 for the Water Enterprise Fund can be held on the 25th as well.

Draft committee charge for Capital Planning Committee

Chairman Shea made a motion to delete "no more than" in the first line. Mr. Stivers seconded. The motion passed all in favor (4-0-0). Mr. Purple explained that the charge for the Capital Planning Committee is somewhat new and he worked with Mr. Ballantine and Mr. Malinowski to create the draft included in the packet. The Board discussed whether there should be five resident members or three resident members and a Board member and Advisory member. Mr. Purple reminded the Board this will be an ad-hoc committee. Chairman Shea recommended five members at large with a representative from the Board and Advisory for a total of seven members. Mr. Healey suggested the Committee should consist of five members and include wording for the option to include a Board and Advisory member. He suggested the wording, "made up of five members all appointed by the Board of Selectmen." The Board agreed. Chairman Shea suggested the word "projects" in the middle of the first paragraph should also include the words "capital items." The Board agreed. Chairman Shea suggested that the word "should" in the bulletted items be changed to "will." The Board agreed. Mr. Healey made a motion to support the committee charge for the Town of Southborough Ad-Hoc Capital Planning Committee with the changes agreed upon this evening. Mr. Stivers seconded. The motion passed all favor (4-0-0). Chairman Shea encouraged the public to go to the Town website to fill out an application to be a member of this Committee. Ms. Hale suggested a February 20th deadline for the submittal of applications. The Board agreed. Ms. Hale stated she will ask other Town Departments to share these openings for the Capital Planning Committee on their social media accounts.

I. On a motion made by Chairman Shea, seconded by Mr. Stivers and voted all in favor, the meeting was adjourned at 8:27 P.M.

Subject: St. Marks Church project

Andrew,
and
Members of the Community Preservation Committee

I became aware that the CPC is considering bringing forward a motion to Town Meeting for financial support under CPA for repair of the steeple of the St. Marks Church. I am writing to urge your committee not to support this on grounds that would be imprudent, all things considered, because it poses a risk of entangling the Town in expensive Church v State litigation (I disagree with Town Counsel that there is no risk, see below) and it risks empowering similar requests from other old churches in Town which would be difficult to support at this level, and as events might unfold, could risk Town voter support for the CPA under upcoming unavoidable conditions of sharp tax increases from non-CPA causes.

I take it as a principle that the Town, and the CPC, does not want to run along the edge of the law, particularly where the law is fluid, and risk exposing the Town to expensive litigation, when there is a stream of worthy projects that do not carry these risks. I have read, in the CPC minutes from September 2019, that in December 2018 Town Counsel offered the opinion that "there is no risk to providing CPC funding for the [steeple] project". I don't agree with that assessment and further would say that risks on this project can come from several directions, not just an adverse court judgment, about which Town Counsel may opine.

The Town of Acton's CPC recently became embroiled in an extended legal fight over church repairs with a national organization called AU, "Americans United for Separation of Church and State", who were represented *pro bono* by the national law firm of Venable LLP. The Town spent upwards of $250,000 in legal fees defending a roughly $50,000 CPA award to two churches and substantially lost. Although the SJC in its March 2018 decision did not blanket prohibit all church repairs from consideration for CPA, stained glass window depictions were barred as essentially "too religious" and the Town was opened to discovery process on the remaining items. Since, if one wants to find a Christian church, one can look for a church belfry, or steeple, and if one wants to find a mosque or a synagogue one does not look for that symbol, I don't see what assurance the Town can have that this same national organization might not decide to push the issue again through the MA court system at the Town's expense over repair of a belfry as a Christian architectural symbol, which the court might hold it has already prohibited. Would the Town prevail in the end? Who knows, but it won't be cheap and we may well regret the fight. I am attaching a link the plaintiff's blog about the case. Do you read this site and think that, after beating Acton, they are going away, or would not fight yet again? Is it worth it? I am also attaching the SJC opinion from the case. You will note that it is long and complex with difficult balancing factors laid out and a lot of open space for future discrimination. With national organizations suing nearby Towns and this kind of ambiguity, I don't think it is prudent to charge ahead as if it is just clear sailing. It's not. It's risky.

Given the number of churches here in Town, the $200,000 request is large. Most of the churches are old and probably have postponed repairs. Do we want to be in the position of having given this much to one church and then being asked for that amount by four or five more, potentially? How would you say "No" to all the others without appearing arbitrary and discriminatory? This is a classic invitation to trouble, by appearing to prefer one church over another, that led to the Massachusetts constitutional amendment upon which the Acton case was litigated.

Note that the granting of a historical preservation easement, if that were to be considered, over the repaired facade is not a protection from AU litigation as the SJC also gave them an opening stemming from this. The SJC specifically questioned the degree of "entanglement" that such easements created and saw it as a potential negative factor. An example of something that in one case was not a problem is funding for creating a safe protective surface

for a non-denominational daycare playground on church property. A belfry is not that. If an Islamic or Hindu group buys the church building at some point it might want to remove the belfry as a Christian symbol. The SJC was skeptical that government should own an easement interest in anything that might be a symbol of one religious group. This is a classic invitation to expensive trouble for the Town.

We are entering a period in the Town when we will be challenged by rapidly rising tax rates. In this climate it is important, I believe, to be especially careful with CPA funds so as not to risk voter backlash over questionable decisions triggering litigation expense, backlash that jeopardizes support for CPA.

I recommend that you not support this.

Southborough, Massachusetts 01772

Re: Refinance for LIP Unit – **10B Fitzgerald Lane, Southborough, MA**

Dear Ms. Hird:

We have reviewed your request for approval to refinance the mortgage on your Local Initiative Program (LIP) unit at the above referenced address. Your approved new mortgage will be in the amount of One Hundred Twenty-Five Thousand and no/100 Dollars ($125,000.00) from Residential Mortgage Services, Inc. which will increase your debt to a total of One Hundred Twenty-Five Thousand and no/100 Dollars ($125,000.00).

DHCD's policy is to consent to a refinancing where the new loan does not cause the total outstanding debt to exceed 97% of the Maximum Resale Price (or 97% of current fair market value, if that is less). Maximum Resale Price (MRP) is derived by using a formula that appears on your LIP Deed Rider and cannot exceed a price affordable to a household with income of 80% of area median income.

Since 97% of current Maximum Resale Price is not exceeded, we will consent to the new mortgage in the amount of $125,000, provided that all prior mortgages are discharged and also provided that the rights created at the original sale of said property to you will remain unchanged. In particular, the Affordable Housing Restriction, terms of which are found in the Deed Rider, remains in effect and your new mortgage is subject to its terms. You should be aware that when you sell your property, the sale price may not exceed the Maximum Resale Price as defined in the Deed Rider, regardless of the amount of outstanding debt on the unit.

The executed Consent to Refinancing will be sent to your closing attorney. This document is provided on the condition that your closing attorney will see to its recording and provide copies of the recorded documents to the Department. Unless this condition is satisfied, the document is not to be used.

If you have any questions, please do not hesitate to call Bertha Borin at (617) 573-1309.

Sincerely,

Catherine Racer
Associate Director

CONSENT TO REFINANCING

THE COMMONWEALTH OF MASSACHUSETTS, acting by and through the Department of Housing and Community Development pursuant to Massachusetts General Laws Chapter 23B as amended by Chapter 19 of the Acts of 2007 (the "Department"), pursuant to a Deed Rider annexed to a certain Deed from Lisa A. Pezzoni, Trustee of Atwood Realty Trust under Declaration of Trust dated January 18, 1994 and recorded with the Worcester South Registry of Deeds (the "Registry") in Book 15998, Page 42, to Jeneve R. Hird, dated March 5, 1997 and recorded with the Registry in Book 18651, Page 89, hereby consents to the encumbrance of the property located at 10B Fitzgerald Lane, Southborough, Massachusetts, by a Mortgage granted by Brendalee A. Hird to Residential Mortgage Services, Inc., not to exceed the principal amount of One Hundred Twenty-Five Thousand and no/100 Dollars ($125,000.00). The Department consents to said mortgage in such amount conditioned upon the discharge of all prior mortgages.

Executed as a sealed instrument this 16th day of June, 2017.

The Undersecretary of the Department of Housing and Community Development

By: _____
Catherine Racer, Associate Director

Subject: proposed zoning bylaw change -article 29- let me know if you have ? or want to change,add,etc.

Mark,

Article 29, section 174-19, Extensions, Alternations or Structural Changes

The current bylaw, as written, does not allow for the Building Commissioner to make a determination on a building permit application for a non-conforming lot unless the proposed projects meets current setbacks (front, side, rear) for the district. The current bylaw requires, if you are removing and rebuilding in the same footprint and not increasing the non-conformity to be heard by the Zoning Board of Appeals.

For instance an applicant removes a deck that impedes a side setback and rebuilds the deck in the same footprint. This would not be more non-conforming.

Due to recent Massachusetts Case law, this type of project for residential one and two family homes has been upheld in the court systems in recent years and the current bylaw does not reflect the issuance of a building permit without the need for a hearing from the Zoning Board of Appeals.

Pro: Adding item #5, will eliminate the need for a hearing and have substantial cost savings to homeowners.

Con: Abutters are not notified, if an issue with project, the course of action is to appeal the permit to the Zoning Board of Appeals like any other allowed building permit issued by right.

5) Extension, alteration, reconstruction or structural change to a non-conforming structure which will not increase the footprint of the existing structure providing that existing height restrictions shall not be exceeded

Sincerely,

Laurie

Subject: RE: EDC for FY21

The EDC expects to spend more on printing services and other office supplies in conjunction with the downtown initiative

- Exhibitions to inform the public on zoning changes (creation of display boards, signage)
- Informational brochures/handouts
- Mailings to invite residents and businesses to public forums and events

Other EDC business:

- Printing of Shop SOBO business directory
- Planned expansion of Shop Local campaign for which brochures need to be developed and printed
- Mailings for business networking events
- Create an EDC "booth" for use at public and business events

An increase in Other Contracted Services is expected FY2021 as the EDC anticipates hiring outside vendors for work associated with the Downtown Initiative. Such us professional assistance in creating concept and/or architectural renderings, assistance with design guidelines and way finding programs for the DBVD. As well as potential need for assistance in parking solutions and improved connectivity related to the DBVD.

Let me know if you need any additional information.

Thanks,

Marijke

Subject: EDC for FY21

Hi!

Advisory is trying to get more info on the EDC budget increase for next year – it equals about 10K. My understanding it is costs associated with the downtown initiative – more will be spent on supplies and printing in conjunction with that. Do you have a specific breakdown of that? I know this might be a conversation at Advisory next Tuesday and possibly with the BOS same night. If you do have anything further can you send to Mark/myself..?

Thanks!

Brian

Subject: Zoning Article

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Administrator Purple:

The Economic Development Committee (EDC) had previously been sponsored by the Board of Selectmen for a zoning article originally slated for the 2020 Spring Town Meeting. Although that warrant article will not be moving forward this Spring, the EDC sees the community benefits of strategic zoning changes to encourage development. The EDC will endeavor to bring those zoning changes forward in the Fall.

While the date for the Fall Town Meeting has not been set, the EDC is aware of the timeframe and is in the process of scheduling all the necessary steps to ensure a successful article. The benefit of starting now is the ability to solicit the full collaboration of other boards, commissions, and residents should they want to participate. We also understand that trying to gather feedback during the summer is difficult, so the support of the Board to begin the necessary work early is important.

We have been advised that the EDC needs to 1) identify an article sponsor, and 2) the sponsor needs to vote to become the sponsor. Therefore, at the Feb 7th EDC meeting, a motion was made to initiate a request to the Board of Selectmen to sponsor the Downtown Zoning Mixed Use overlay article for the Fall Town Meeting. The motion passed 6-0-0.

We ask that you please make the Board of Selectmen aware of the EDC's request, and stand ready to answer any questions that you may have.

Thank you,

Marijke Munsiff

TO: Board of Selectmen
FROM: Mark J. Purple, Town Administrator
DATE: February 24, 2020
SUBJECT: CommCan, Inc. New On-site Manager

On February 17, 2020, the Town received a letter from CommCan, Inc., indicating their intention to employ a new on-site manager at the Southborough dispensary. Per the Community Host Agreement, the Selectmen must review any applicant for the manager position, and is permitted to conduct a CORI check on the proposed applicant.

I was informed today by the Police Department that a CORI check was conducted for the proposed manager, Michael Akers, and the CORI did not have any information that would prevent Mr. Akers from performing his duties as the on-site manager. Therefore, I recommend that the Board approve the recommended new on-site manager for CommCan, Inc. as requested in the February 17, 2020 correspondence.

Thank you.

RE: HCA payment and change of on-site manager

Dear Mark,

Enclosed please find a check in the amount of $21,182.63, which represents the payment due under a Host Community Agreement ("HCA") negotiated between the Board of Selectmen and CommCan, Inc. Also enclosed please find sales records dating from July 24, 2019 through January 23, 2020. Said sales records are provided by CommCan's point of sale software company, Leaflogix. We have included a monthly breakdown of sales (6 in total), a summary report, and a calculation sheet.

Please also be advised that as per paragraph 5 of the HCA, the new on-site manager of Southborough shall be Michael Akers, effective March 2, 2020. This letter shall serve as notice that the Town of Southborough is authorized to perform a criminal history (CORI) check on Mr. Akers.

Please do not hesitate to contact us with any questions.

Sincerely,

Ellen Rosenfeld

Brendalee Hird
10B Fitzgerald Lane
Southborough, MA 01772

Dear Ms. Hird:

At their meeting of June 14, 2017, the Southborough Board of Selectmen voted to approve your request to refinance your home at 10B Fitzgerald Lane.

The vote of approval stipulated that the loan be at a fixed rate and the principal loan amount should not exceed $125,000.

You may now proceed with your loan, subject to obtaining the prior written approval of the Department of Housing and Community Development. By copy of this letter to that Agency, we are confirming that the Town of Southborough has approved your request.

Very truly yours,

Mark J. Purple
Town Administrator

MEMORANDUM

Date: February 19, 2020

To: Southborough Board of Selectmen

From: John Parent, Director of Facilities

Re: Consent to Hiring of New Employee

Dear Chairman Shea:

After receiving several resumes and interviewing multiple candidates for the full-time position of Maintenance Technician within the Facilities Department, I strongly recommend that your Board consent to appoint Mr. Ronald Fraser for said position.

Throughout his career, Mr. Fraser has developed an impressive resume which highlights the broad range of construction and facilities maintenance skills he possesses. In addition to having owned a construction company, Mr. Fraser has worked on numerous building projects, held the position of Lead Carpenter at Beth Israel Deaconess Medical Center, and has been a member of the Marlborough Hospital Maintenance Department. Along with his impressive work experience, Mr. Fraser also possesses a Construction Supervisors License. Mr. Fraser has a very kind, respectful, and outgoing demeanor. I believe the combination of Mr. Fraser's skill set, demeanor, and desire to improve his surroundings would make him a valuable addition to the Facilities Department and the Town of Southborough.

Please contact me should you have any questions in regard to this matter.

Thank you,

John A. Parent

DRAFT

Town of Southborough
Personnel Board

Proposed Revisions for the FY21 Personnel Bylaw Entitled "The Salary Administration Plan"

Section-by-Section Detail

Spring Town Meeting 2020

DRAFT

Personnel Board

Jay Dietz
Doriann Jasinski
Dave Nixon
Betsy Rosenbloom, Chair
Barry Rubenstein

Section	Change & Comment
Title	Strike "revised at March 23, 2019 Annual Town Meeting" and insert the following language: **[revised at March 28, 2020 Annual Town Meeting]**
6	**Recommendation:** In Section 6(d), add the word "annual" before the word "salary" where it appears in this section, and add the word "The" at the beginning. The section now reads: d. **The annual s**alary set forth in Schedule A represents a 40 hour work week and in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated **annual** salary is pro-rated reflective of the posted salary schedule in Schedule A. **Comment:** This clarification was made necessary by the Board's proposal to include hourly as well as annual salaries in the Schedule A salary table.
7	**Recommendation:** delete Section 7(d)(3) relating to six month "probationary" reviews and pay increases. **Comment:** The Board undertook a review of the provisions of the SAP relating to probationary employees in concert with the Personnel Director and Special Town Labor Counsel Timothy Norris. The Board voted to abolish the practice of "probationary" salary reviews and increases at six months. Employees will be eligible for a review and a raise one year from their date of hire. Counsel advised that this was a policy, not a legal matter.
9	**Recommendation:** add additional language to Section 9(b) relating to the "probationary period." **Comment:** The Board undertook a review of the provisions of the SAP relating to probationary employees in concert with the Personnel Director and Special Town Labor Counsel Timothy Norris. The Board voted to maintain the "probationary employee" status and to strengthen the language in the SAP. The language added was provided by Special Town Labor Counsel Timothy Norris.
9	**Recommendation:** amend the section by adding a subparagraph 9(d) to include that the Personnel Board receive notice of SAP employee departures. **Comment:** The existing 9(c) states that "Department Heads shall notify the Personnel Board of the hiring of all personnel and their hiring rates." In practice, notice comes from the Assistant Town Administrator. This revision would add that Personnel Board receives notice of all departures as well.
11	**Recommendation**: amend Section 11(i) subparagraph (2) and delete subparagraphs (3) and (4). **Comment:** These provisions spell out in the detail the Tuition Reimbursement policy of the Town and the procedure for applying and receiving reimbursement. The benefit is not being changed. The Personnel Board and Personnel Director agreed that the detailed procedure for applying and seeking reimbursement is more appropriately stated in a policy than a Bylaw. The benefit remains but will be spelled out in a policy enacted under the Bylaw. The Personnel Board approved such a policy which will be implemented in FY21 if this change is approved.

DRAFT

Schedule A (Full-Time Positions)	
	Recommendation: Reclassify the position of Deputy Assessor from Grade 4 to Grade 5. **Comment:** At the request of the Principal Assessor and the Board of Assessors, the Personnel Board reviewed and determined that the position of Deputy Assessor should be reclassified from Schedule A, Grade 4 to Grade 5.
	Recommendation: Delete the existing salary table and insert a new salary table which reflects an increase of 2.1%. **Comment:** One of the Board's duties is to review the salary schedules and recommend action to the Town. The Board, in consultation with the Personnel Director and Finance Director voted to recommend to Town Meeting a 2.1% increase in the Schedule A salary ranges. This figure represents the three-year average of the CPI as calculated by the Finance Director.
	Recommendation: Revise the table to show hourly as well as annual salary rates for full-time employees. **Comment:** Historically, only annual rates for full-time salaries have been shown in the table. The Personnel Board voted to recommend to Town Meeting to include hourly rates as well.

DRAFT

Schedule C (Part-Time Positions)	
	Recommendation: Add a new position of Library Technician to Schedule C @ Grade 2. **Comment:** At the request of the Library Director and Library Board of Trustees and upon presentation and review of substantiating data, the Personnel Board determined that the position of Library Technician should be added to the Schedule C at Grade 2.
	Recommendation: Delete the existing salary table and insert a new salary table which reflects an increase of 2.1%. **Comment:** One of the Board's duties is to review the salary schedules and recommend action to the Town. The Board, in consultation with the Personnel Director and Finance Director voted to recommend to Town Meeting a 2.1% increase in the Schedule A salary ranges. This figure represents the three-year average of the CPI as calculated by the Finance Director.
	Recommendation: Revise the table to show annual as well as hourly salary rates for part-time employees. **Comment:** Historically, only hourly rates for part-time salaries have been shown in the table. The Personnel Board voted to recommend to Town Meeting to include annualized rates as well. The annual rates show what a part-time employee would be paid if they worked 40 hour week, not what part-time employees actually are paid.

DRAFT

PERSONNEL BYLAW
ENTITLED "THE SALARY ADMINISTRATION PLAN"
[revised at March 2~~3~~8, 20~~19~~20 Annual Town Meeting]

This bylaw establishes a Salary Administration Plan for the Town of Southborough that (i) groups position classifications in Town services, (ii) establishes salary schedules and employee benefits and (iii) establishes and authorizes the Personnel Board to administer the bylaw and to represent the interest of both the taxpayers and the Town employees.

This Salary Administration Plan applies to the positions of all officers and employees in the service of the Town, whether full-time, part-time, temporary, seasonal, special or any other, except those positions filled by popular election, under the direction and control of the School Committee, performed pursuant to a contract approved by the Town or encompassed in any officially recognized labor union and/or association. The positions covered by this Salary Administration Plan are hereby classified by titles in the groups listed in Schedule A through G ("Classification Schedule") as set forth in Section 20 of this bylaw.

The classification of positions subject to the Massachusetts Welfare Compensation Plan (as amended) and the scheduled rates therefor, as well as the applicable provisions of the Massachusetts General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

SECTION 1. DEFINITIONS

As used in this bylaw, the following words and phrases shall have the following meanings:

"Administrative Authority" means the elected or appointed official or board having jurisdiction over a function or activity.

"Anniversary Date" means the date 180 days after (i) the first day of employment or (ii) the date of any promotion, whichever is later.

"Base Pay" means the compensation paid by the Town of Southborough for the purposes of determining retirement credits and contributions for Town employees.

The Town shall contribute funds as required for each eligible employees in accordance with the procedures and formula established by the Worcester Regional Retirement System and the bylaws of the Town of Southborough. Contributions shall include (i) wages earned during the first eight hours worked in any one day (no contributions shall be made for hours worked in excess of 40 per week,**)** (ii) any lump sum bonus that is guaranteed by the Salary Administration Plan or the Bylaws of the Town, (e.g., longevity pay); (iii) vacation pay, except when paid in lieu of taking vacation; (iv) sick pay; and (v) holiday pay.

"Class" means a group of positions in the Town service sufficiently similar with respect to duties and responsibilities such that for each position the same (i) descriptive title may be used, (ii) qualifications shall be required, (iii) tests of fitness may be used to choose qualified employees and (iv) scale of compensation can be equitably applied.

"Classification Schedule" means any of Schedules A, B, C, D, E, F and G of Section 20 hereof.

"Compensation Grade" means a range of salary/wage rates as may appear in the Classification Schedules.

"Continuous Full-Time Service" means employment requiring a predetermined minimum work period that is uninterrupted except for authorized leaves (e.g., vacation, sick, etc.).

"Continuous Employment" means full-time or part-time employment that is uninterrupted except for authorized leaves (e.g., vacation, sick, etc.).

"Department" means a functional unit of Town government.

"Department Head" means the person appointed and responsible to carry out the duties of a Department.

"Full-Time Employment" means employment for not less than 20 hours per week for fifty-two weeks per annum, excepting authorized holidays and leave periods.

"Group" means a group of classes as may appear in the Classification Schedules.

"Maximum Rate" means the highest compensation rate to which an Employee is entitled.

"Minimum Rate" means the lowest rate in a Range, and is normally the hiring rate of a new employee.

"On-Call Compensation" refers to additional money paid to an employee who is required to work when the need requires; oftentimes in an evening or weekend capacity.

"Part-Time Employment" means employment less than 20 hours per week.

"Position" means an office or post of employment in the Town service with duties and responsibilities calling for the Full-Time or Part-Time Employment of one person in the performance and exercise thereof (or of more than one person sharing the same position).

"Position Class" means the same as "Class" (note that a class may include only one position, in which event it is defined as a "single position class").

"Probationary Employee" means a first-time Town employee within his/her first six months of employment.

"Promotion" means a change from one position to another position in a higher class and/or compensation grade.

"Range" means the difference between minimum and maximum rates of an assigned grade.

"Rate" means the measure of compensation for personal services on an hourly, weekly, monthly, annual or other basis.

"Salary Administration Plan" means the Personnel Bylaw Entitled "The Salary Administration Plan."

"Single Rate" means a rate for a specific position class that is not in a designated range.

SECTION 2. POSITION TITLES

No person shall be appointed, employed or paid in any position under any title other than those of the Classification Schedule for which the duties are actually performed. The position title in the Classification Schedule shall be the official title for all purposes, including payrolls, budgeting and official reports.

SECTION 3. NEW OR CHANGED POSITIONS

No new position shall be established, nor the duties of an existing position so changed that a new level or work demand exists, unless upon presentation of substantiating data satisfactory to the Personnel Board, the Board shall rate such new or changed position, and allocate it to its appropriate classification grade and establish the rate therefor.

SECTION 4. RECLASSIFICATION OF EMPLOYEES

No position may be reclassified to another grade, whether higher or lower, unless the Personnel Board shall have determined such reclassification is consistent with this Salary Administration Plan.

SECTION 5. JOB DESCRIPTIONS

The Personnel Board shall maintain written job descriptions of the position classes in the Classification Schedule, each consisting of a statement describing the essential nature of the work required of such classes. Each Department Head shall be required to retain current job descriptions and to submit any revisions to the Personnel Board (following any review by the Board of Selectmen or their designated appointee or the appropriate Commissioners or Trustees). The description for any class shall not be deemed to limit the duties or responsibilities of any position, nor to affect in any way the power of any administrative authority to appoint, to assign duties to, or to direct and control the work of any employee under the jurisdiction of such authority.

SECTION 6. COMPENSATION

a. The bi-weekly pay period shall begin at 12:00 a.m. Thursday and shall end at 11:59 p.m. on the following second Wednesday.

b. Non-exempt employees subject to this Salary Administration Plan shall be paid for one and one-half hours worked for any hour worked in the excess of forty in their weekly pay period, provided such extra hours were authorized by the Department Head.

c. The salary schedules set forth in Schedules A, B, C, D, E, F and G of Section 20 hereof reflect the maximum and minimum salaries for each grade.

d. The annual ~~S~~salary set forth in Schedule A represents a 40 hour work week and in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated annual salary is pro-rated reflective of the posted salary schedule in Schedule A.

e. Amounts paid to employees in reimbursement for expenses incurred in the performance of their duties (e.g., mileage, meals, dues, etc.) shall be paid in addition to their compensation. Reimbursement shall be based upon the actual documented expenditure made by the employee, or at rates established by the Internal Revenue Service, supported by that agency's requirements for documentation.

f. On-Call Compensation: Employees shall be eligible to earn a weekly stipend not to exceed $200.00 per week for on-call service if the department head has required them to work outside of their normal schedule. This need is likely to occur on an evening or weekend basis as the need requires. There is no provision to accrue compensation time in lieu of payment.

SECTION 7. SALARY ADJUSTMENT & COMPENSATION POLICIES

a. Every employee that is in Continuous Full-Time or Part-Time service of the Town, as computed from the date of their latest employment, shall be eligible annually for consideration of a salary increase, one year from the date of his/her latest increase. Except as may be authorized by the Personnel Board in exceptional circumstances, such increase is not to exceed one increase in any single twelve-month period until the maximum of the grade is obtained, and such increase shall be subject to the recommendation of the Department Head, with the approval of the Board of Selectmen or their designated appointee in the case of departments within the jurisdiction of the Board of Selectmen, or the appropriate Commissioners or Trustees in the case of departments outside the jurisdiction of the Board of Selectmen.

Retroactive salary increases voted by the Personnel Board shall not be compensated beyond July 1 of that fiscal year, regardless of the funding mechanism.

An evaluation of the employee's performance, in a format approved by the Personnel Board, must accompany a request for an increase in the case of all employees in Full-Time Graded Positions under Schedule A. Evaluations of employees in Part-Time Hourly Graded Positions under Schedule C and Seasonal Personnel under Schedule F may require performance evaluations under Personnel Policy enacted hereunder. Upon receiving such documentation, the Personnel Board shall have final review and approval of all adjustments.

An employee may appear before the Personnel Board prior to its action on any request for an increase. Any employee denied such an increase may appeal, in writing, to the Personnel Board, which shall confer with the employee, the Department Head and the Board of Selectmen or their designated appointee, or the appropriate Commissioners or Trustees, and shall decide the matter.

b. Regular Part-Time employees shall be eligible for consideration for salary increases within their grade one year from the date of their last increase, absent exceptional circumstances as may be authorized by the Personnel Board.

c. Special and other Part-Time personnel for whose positions there is a single rate established in Schedule D shall not be eligible for adjustment.

d. Probationary Employees:

1**.** During the probationary period, benefit eligible employee(s) will earn vacation, sick and personal time in accordance with Section 11(b-d**)** hereof.

2**.** During the probationary period, paid leave accruals shall be based on the original hire date.

~~3.~~ ~~At the end of the 6-month probationary period, an employee may receive an increase [based on any annual adjustment voted by the Personnel Board] provided that: the Department Head recommends it, presents a completed performance evaluation, and the Personnel Board approves it by a majority vote.~~

~~Any such increase shall apply only at the start of employment with the Town and shall not apply in case of transfer or promotion from one job to another. The effective date of the new position shall then become the employee's new anniversary date for salary increases~~.

SECTION 8. TRANSFERS AND PROMOTIONS

a. An employee who is promoted to a job with a higher range or rate of pay shall enter it at the rate recommended by the Department Head with the approval of the Personnel Board. The employee may also receive at the time an increase, provided the maximum for the job is not exceeded, if the Department Head recommends that qualifications and performance warrant it and the Personnel Board approves. If the Department Head recommends that there should be a probationary period before the promotional increase [not to exceed the percentage increase voted for that fiscal year], then the Personnel Board may approve such a deferred promotional increase at the conclusion of the probationary period (which shall not exceed six months).

b. An employee transferred to a job with a lower range or rate of pay shall enter it at the rate paid for the previous position or at the maximum rate for the job, whichever is the lower, provided the Personnel Board approves. The employee shall have a right to appeal this decision, in writing, to the Personnel Board, which shall confer with the employee, the Department Head and the Board of Selectmen or their designated appointee, or the appropriate Commissioners or Trustees, and shall decide the matter.

SECTION 9. NEW PERSONNEL HIRING; DEPARTURES

a. Pre-employment physical examinations will be required of newly-hired employees consistent with the Town's policies.

b. Probationary period: For new hires, the first six months of employment shall be a probationary period. The probationary period does not apply to Town employees who change positions within the Town. The probationary period is a time during which an employee will be evaluated to ensure that the employee has the requisite knowledge, skills, and abilities to perform the position (with or without reasonable accommodations). Completing the probationary period does not change the employee's relationship with the Town, which will remain one in which either the employee or the Town may terminate the relationship at will.

c. A new employee's hiring rate shall be the minimum of the rate range of the job, unless otherwise authorized by the Personnel Board or Personnel Director. The Personnel Board is cognizant of the need to make timely decisions during the recruitment process, therefore, the Personnel Director is empowered to set starting salaries for new employees with comparable experience at a rate not exceeding the mid-point of the pay scale set forth in Schedules A and C of the Salary Administration Plan. ~~Department Heads shall notify the Personnel Board of the hiring of all personnel and their hiring rates.~~

~~c.~~d. The Personnel Director or his/her delegatee shall notify the Personnel Board in writing of the hiring of all personnel and their hiring rates. The Personnel Director or his/her delegatee shall also notify the Personnel Board in writing of the departure of any employee.

SECTION 10. DEPARTMENT BUDGETS

Each Department Head shall include in the annual departmental budget a pay adjustment section to provide funds for anticipated pay adjustments, with expenditures to be made only in accordance with this Salary Administration Plan and with the approval of the Personnel Board. Degree bonus [Sec 11i(1)] funds shall also be budgeted in the departmental budget.

SECTION 11. EMPLOYEE BENEFITS

Employee benefits are a cost to the Town and a form of "indirect pay" to employees. The benefits listed below are not intended to supersede what State or Federal law may otherwise require.

All forms of paid leave set forth in the SAP may represent a 40 hour work week; in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated benefit shall be pro-rated reflective of the approved hours per week for that position.

a. Holidays with Pay

Each eligible Employee shall receive one day's pay at their regular rate for the following:

New Year's Day	Labor Day
Martin Luther King Day	Columbus Day
Presidents' Day	Veteran's Day
Patriot's Day	Thanksgiving Day
Memorial Day	Day after Thanksgiving Day
Independence Day	Christmas Day
	Day before or after Christmas Day (as set by the Town annually)

To be eligible for holiday pay, an Employee must work (or be duly excused from working) their regular scheduled days preceding and following the holiday. Employees who do not work 20 hours or more per week on a regular basis shall not be compensated for holidays.

Employees whose regular day off falls on a holiday may have one day off with pay within the ensuing thirty days in lieu of holiday pay, with the specific choice of day subject to Department Head approval**.** Furthermore, the day granted in lieu of holiday pay shall not cross fiscal years.

All administrative policies and practices relative to holidays with pay shall be prepared and established under the direction of the Personnel Board.

b. Vacations with Pay

(1) Regular Full-Time Employees who have been in the continuous employ of the Town shall earn paid vacation in accordance with the following schedule:

Years of Employment	Hours Earned per month
0-5	6.666
6-10	10.0
11-15	13.333
16 or more	16.666

Employees hired prior to July 1, 2005, shall be eligible to earn twenty hours per month after serving twenty years of full time employment with the Town.

(2) At the recommendation of the hiring authority and upon the approval of the Personnel Board, new employees entering into a position with the Town of Southborough from a similar position in another municipality or similar government agency will be allowed to enter into the vacation schedule using their years of service from their prior employment, up to a maximum of three weeks' vacation [pro-rated] for the first year of employment with the Town. Employees commencing employment with three weeks per year will be required to complete five years of service before ascending to the next band in the vacation schedule chart.

(3) Vacation shall be granted by Department Heads at their discretion subject to the regular work needs of the Department. An employee shall be permitted to carry over to the following year one year's worth of earned vacation. The employee must have the Department Head's approval to take any portion of a prior year's unused vacation in addition to the days earned in the current fiscal year.

(4) If in the opinion of the Department Head there are unusual work-related circumstances that warrant it, a department head may seek approval from the Town Administrator or his/her delegatee to allow the employee to continue to work and receive vacation pay in lieu of taking vacation. Approval granted in this section may not exceed ten days per fiscal year.

(5) In the event of termination of employment other than for cause, the employee shall be paid, or be entitled to time off with pay, for any accumulated vacation time. Personal and sick leave shall not be compensated at termination.

(6) Vacation administrative policies and practices shall be prepared and established under the direction of the Personnel Board.

c. Sick Leave

(1) All regular Full-Time Employees shall be entitled to accrue 10 sick hours per month, equaling 120 hours annually (15 sick days); employees working less than 40 hours in a weekly pay period will accrue ratably based on hours worked per week. Pay for each day of sick leave shall be at the regular rate. Absences on account of sickness in excess of that authorized shall be charged to vacation or other available paid leave. Sick leave shall be payable only in cases of genuine illness, non-work connected accident, or work connected accidents not covered by Massachusetts General Laws Chapter 152 (Workers' Compensation).

(2) Unused sick leave may be accumulated without limitation for employees hired before July 1, 2007. Employees of the Town of Southborough hired on or after July 1, 2007 may only accrue 120 sick days at any one time. At retirement [or death] only, the Town will pay the employee twenty percent (20%) of the employee's then-accumulated sick leave.

(3) Employees who because of genuine illness or a non-work connected accident are absent for a period of more than three days shall be required to present a doctor's certificate to their Department Head before returning to work stating the reason, the period of time the employee was absent and whether there are any physical restrictions or required outpatient services the employee must adhere to in the workplace.

(4) Annually, an employee may use up to seven of the allowed fifteen days of sick leave for the care of a sick family member.

(5) Sick leave administrative policies and practices shall be prepared and established under the direction of the Personnel Board.

d. Personal Days

Each employee shall be entitled to three personal days per year, to be granted annually on the anniversary of the employee's date of hire. New employees shall be granted three personal days which shall be pro-rated based on hours worked per pay period. Requests for personal days shall be approved by the Department Head. Personal days shall not accumulate from year to year.

e. Military Leave

(1) Reserve Duty: An employee in full-time employment in the military reserve shall be paid the difference between compensation received while on reserve duty and regular compensation rates paid the employee by the Town. Such payment by the Town shall be limited to a period not to exceed two weeks in any twelve-month period.

(2) Active Duty: Pursuant to Article 8 of the April 11, 2005 Annual Town Meeting, an employee in the federal military reserve or a state National Guard who is called to active service shall be entitled to their regular base salary and shall not lose any seniority or paid leave benefits while on military leave; *provided*, however, that such base pay shall be reduced by any amount received from the United States as pay or allowance for military service performed.

f. Jury Duty

Any employee who is called to jury duty shall be paid the difference between their normal compensation and the amount (excluding any travel allowance) received from the court, upon presentation of evidence of the amount paid by the court.

g. Miscellaneous Paid Time Off

Working time lost from regularly scheduled work days for reasons listed below shall be without loss of pay, provided such lost time is authorized by the Department Head:

(1) Bereavement leave – In the event of the death of a spouse, father, mother, child, father-in-law, mother-in-law, brother, sister, grandparent, or of any other person then residing with the employee, such employee shall be entitled to receive three days' leave for the purpose of the funeral and services of the deceased. If out-of-state travel is required, the Town Administrator or his/her delegatee may authorize up to two additional days of travel time.

(2) Medical examination or inoculation required by the Town.

(3) Blood donation authorized by the Department Head.

(4) Attendance at professional and educational programs authorized by the Department Head.

h. Court Time Pay

If the Town requires that an employee appear in Court as a witness or in any other capacity arising from the performance of the employee's duty, or on behalf of the Commonwealth or the Town in any civil or criminal case pending in any Court or other official governmental board or agency, then for any such appearance that is made outside of the employee's normal working hours the employee shall be entitled to overtime compensation for every hour or fraction thereof during which they appear (but in no event less than three hours of such overtime pay).

i. Employee Educational Support/Professional Development

(1) Degree Bonus: All Part-Time and Full-Time employees who, while an employee of the Town, earns a degree in a field applicable to their position from an accredited college or university, shall receive a one-time bonus subject to appropriation, according to the following schedule:

Associates Degree....$ 800.00
Bachelors Degree...$1,200.00
Masters Degree.....$1,500.00

A copy of the completed transcript, diploma or other appropriate evidence of the completed degree must be presented to the Department Head and the Personnel Board, and shall be submitted as documentation for accounts payable.

(2) Tuition reimbursement: th e Town may offer tuition reimbursement to eligible Full-Time and Part-Time employees as prescribed by Personnel Board policy enacted under this Bylaw. ~~As administered through the Personnel Board and subject to the procedure below, the Town may provide tuition reimbursement to any Part-Time or Full-Time employee for a course that applies to the employee's specific position and for which the employee submits written verification of a grade of "B" or better.~~

~~(3) Approval Procedure: Town funds must first be appropriated by Town Meeting in the Personnel Board's fiscal year budget. If funds are appropriated, then no later than August 31st of each year interested employees shall advise the Personnel Board in writing of their interest in taking work related courses during the fiscal year. The request should be routed through the employee's Department Head to the Assistant Town Administrator, and should include detailed information regarding the desired coursework and cost of tuition. Thereafter the Personnel Board will review all such requests and make recommendations for reimbursement based on available funds and the number of requests. The Board will then notify the employee and their department~~ head of the decision.

~~(4) Reimbursement: Tuition reimbursed shall be paid only after the employee presents to the Department Head written verification of (a) course completion (with a grade of at least B) and (b) full payment by the employee. If an employee resigns employment within twelve months of such reimbursement, the employee shall be responsible to repay the amount paid to them by the Town.~~

j. Group Medical Insurance

Starting July 1, 2009, the Town will contribute fifty percent (50%) of the cost of a medical indemnity plan or seventy-five percent [75%] of the cost of a Health Maintenance Organization plan.

SECTION 12. UNPAID LEAVES OF ABSENCE

a. A leave of absence without compensation may be granted by the Personnel Board.

b. Leaves of absence of over three months' duration (except Military Leave) shall be deemed a break in employment, and on return to work the employee shall have the status of a new employee unless an extension of leave beyond three months was authorized by the Personnel Board.

SECTION 13. TRANSITIONS BETWEEN FULL-TIME AND PART-TIME STATUS

a. A Part-Time employee shall be eligible for Full-Time status when the employee has worked 20 hours or more per week for a period of at least three consecutive months, subject to approval by the Department Head.

b. A Full-Time employee whose hours of employment total less than 20 hours per week for a period of more than three consecutive months shall thereafter be deemed a Part-Time employee.

SECTION 14. APPOINTMENT OF "ACTING" DEPARTMENT HEADS

a. In the absence or retirement of a Department Head for three consecutive weeks, the Board of Selectmen or appropriate board or commission may appoint an "Acting" Department Head to serve for a period of not more than three months. Such three-month period may be extended for up to three additional three-month periods, upon the approval of the Board of Selectmen or other appropriate board or commission for each such extension. In no case shall an appointment of an "Acting" Department Head exceed one year.

b. Duly appointed "Acting" employees shall be compensated at an additional 10% per week, payable retroactively only upon the conclusion of three consecutive weeks of service by the "Acting" employee. Such employees shall still be eligible for overtime pay when fulfilling regular duties from the previous job beyond normal working hours.

SECTION 15. PERSONNEL BOARD

a. There shall be a Personnel Board to administer the Salary Administration Plan. Said Board is to be appointed by the Town Moderator. The Board shall consist of five voters other than employees of the Town or those regularly serving the Town in any elective capacity. They shall serve without compensation. For purposes of this section, Election Workers and Wardens shall not be considered "employees of the Town."

b. Other than as may be needed to fill unexpected vacancies, appointments shall be for three years. The Moderator shall fill any vacancies. The Personnel Board may employ assistance and incur expenses as it deems necessary, subject to appropriation of funds therefor.

SECTION 16. DUTIES OF THE PERSONNEL BOARD

a. The Personnel Board shall administer the Salary Administration Plan and shall establish such policies, procedures and regulations as it deems necessary for the administration of the Plan.

b. The Town Administrator serves as the Town's Personnel Director under the Town Administrator Bylaw [Ch. 27, Art. IX]. As such, the Personnel Director is invested with personnel authority and responsibilities as set forth therein. From time to time, and as may be necessary, the Personnel Board will consult and/or act in concert with the Personnel Director or his/her delegatee on matters of joint responsibility and concern.

c. The Board shall meet annually in July and organize by the choice of a Chair and Clerk. The Board shall meet at least monthly, except when there is no business before the Board. A majority of the Board shall constitute a quorum for the transaction of business. The votes of the majority of all the members of the Board shall be necessary on any matter upon which it is authorized to or required to pass under the Salary Administration Plan.

d. The Personnel Board shall maintain records of all employees subject to this Plan as it deems desirable, including personnel evaluations. Such records are to be kept by the Personnel Director or his/her delegatee, under the direction of the Personnel Board. Department Heads shall furnish such information as requested by the Board.

e. The Personnel Board shall from time to time, but no less often than every federal Election Year, review the Classification Schedule, Salary Schedules, and administration policies of the Salary Administration Plan. It shall keep informed as to pay rates and policies outside the Town, and shall recommend to the Town any action that

the Board deems desirable in that regard. The Personnel Board may tentatively add a new class to the Classification Schedule or reallocate an existing class to a different compensation grade, either higher or lower, subject to the subsequent ratification of its action by formal amendment of the Salary Administration Plan at the next Annual Town Meeting.

f. Not later than six (6) months prior to Annual Town Meeting, the Personnel Board may vote an annual adjustment (but shall reserve the right to vote no adjustment) to the Classification Schedule and establish the effective rate for employees of each grade for the next fiscal year, subject to the subsequent ratification of its action by formal amendment of the Salary Administration Plan at the next Annual Town Meeting. The Personnel Board shall base any annual adjustments upon available relevant information. Approval of the rate for any given employee is not guaranteed and is driven by the annual performance evaluation.

g. Matters of concern by SAP employees that are communicated in writing to the Chair of the Personnel Board will be scheduled on an agenda at the next available meeting providing all necessary and requested information has been submitted in time to be part of the meeting packet. In addition, notice in writing shall be forwarded to the concerned employee and respective Department Head within seven days of the Board's decision. Notwithstanding the foregoing, if the Personnel Board shall so request and the concerned employee and Department Head shall agree, a reasonable extension of these time periods may be granted.

h. Upon recommendation of a Department Head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the Personnel Board, the Board may authorize variances in the Salary Administration Plan as it may deem necessary for the proper functioning of the services of the Town, and to effectuate the basic intent of the Plan.

SECTION 17. EMPLOYEES AND THE PERSONNEL BOARD

a. All employees covered by this Salary Administration Plan shall have the right to request an appointment to confer with the Personnel Board on any matter of interest or concern to them that is covered by the Salary Administration Plan. The employee shall notify the Department Head in writing in advance of the desire to discuss the matter with the Board. One of the duties of the Board shall be to foster mutual understanding and good will with the personnel of the Town.

b. To facilitate this, if any employee should feel aggrieved by the operation of any provision of the Plan, the employee shall first discuss the matter with the Department Head, in a mutual effort to clear up any problems or misunderstanding.

c. If two weeks after such a conference a satisfactory understanding and solution of the problem has not been reached, then either the Department Head or the employee may take the matter to the Personnel Board, and the Board shall hear the parties not later than at its next regular meeting. There shall be no discrimination or prejudice by a Department Head against any employee who may take a matter to the Board.

SECTION 18. AMENDMENT OF THE PLAN

The Salary Administration Plan may be amended in the same manner that Town Bylaws may be amended. However, no amendment to the Plan shall be made until it has been presented by a signed petition to, and acted upon by, the Personnel Board. Upon receipt of such a written petition, the Board, after giving the petitioner(s), the Department Head(s) and the affected employee(s) at least two weeks' written notice, shall hold a hearing to consider the proposed amendment. If the Personnel Board approves of any proposed amendment, it shall bring it before the next available Special or Annual Town Meeting for its consideration. If the Personnel Board disapproves any proposed amendment or shall fail to act thereof within fifteen days after the hearing (which failure shall be deemed disapproval), the petitioner(s) may the present the petition to the next available Town Meeting for its consideration. The Board of its own motion, after a similar hearing and/or conference with parties interested, may propose an amendment to the Plan.

SECTION 19. SEVERABILITY PROVISION

In the event that any provision of this bylaw, or application thereof, shall be held to be invalid by the proper authorities, this shall not be construed to affect the validity of any other provision, or application thereof, of this bylaw.

**Municipalities are subject to the federal minimum wage law, not the state law.*

SCHEDULE G: SPECIAL ADMINISTRATIVE AND SUPERVISORY POSITIONS

Police Lieutenant:

In addition to all the benefits provided employees under the SAP, he/she would be eligible for some additional benefits as provided members of Mass COP Local 167, the police union collective bargaining agreement.

As a result, a separate policy is adopted by the Southborough Board of Selectmen and enforced by the Southborough Police Department subject to change in conjunction with future collective bargaining agreements.

*Increases in salary for long term employees will be considered case by case by Personnel Board.

SCHEDULE H: LONGEVITY SCHEDULE: Full-Time Employees of Town of Southborough – Compensated annually at Anniversary Date

After 5 years	$400
After 10 years	$600
After 15 years	$700
After 20 years	$850
After 25 years	$1,000
After 30 years	$1,200
After 40 years	$1,500

Board of Selectmen
Executive Session Meeting Minutes
Tuesday, February 25, 2020
Historical Museum
Town House, 25 Common Street, Southborough, MA

Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda and Sam Stivers, Police Chief Kenneth Paulhus

The Board voted to enter into Executive Session at 6:00 P.M. per M.G.L. Chapter 30A §21 (Exemption 2) for negotiations with the Police Chief on a successor employment agreement; the Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Stivers, aye.

Chairman Shea summarized the prior discussions regarding this matter. He stated the Board requested the contracts of other Town employees to better understand how they are written. He described the process for creating additional compensation options. He asked the Board for their thoughts.

Mr. Healey stated that after reviewing the other contracts and with the understanding of the requests from the Chief, he was comfortable starting at a first-year salary rate increase of 5% with a 3% salary increase for the next two years in addition to other compensation options. He asked Chief Paulhus his priority list for other compensation options. Chief Paulhus replied that his pension is priority. He gave examples of compensation options and highlighted achieving accreditation from the Massachusetts Police Accreditation Commission which is a unique accomplishment to the Police Department. He suggested a stipend tied to that achievement. Ms. Braccio asked how often the Department would need to go through the process to retain the accreditation. Chief Paulhus stated the Department applies every three years but must prove that the accreditation has been maintained through that time period.

Mr. Kolenda entered the meeting at 6:05P.M. and Mr. Healey summarized the discussion thus far. The Board agreed that Chief Paulhus's salary should be in line with his peers. Chief Paulhus reminded the Board that most of his peers have a contract starting and ending on July 1st. Chairman Shea suggested a longevity component of $400 in accordance with the Salary Administration Plan, a 2.5% deferred compensation, $4,000 in recognition of work already done for accreditation, and a salary adjustment of 2.5% for three years. Chief Paulhus stated his concern that the stipend and deferred compensation does not impact his pension. More variations of this compensation plan were discussed. Mr. Healey stated that the language Chief Paulhus provided regarding the stipend would include it in his pension. Mr. Kolenda proposed a 3% yearly salary rate increase. The compensation amounts for each option were discussed. Chief Paulhus asked for his contract to be extended three years and five months to put him on a July 1st schedule. The Board agreed.

Chairman Shea made a motion to accept a three-year contract for Chief Paulhus. The first year includes a 3% increase in salary, an Accreditation Stipend of $7,300 and the $400 longevity per the Salary Administration Plan. The second year includes a 3% increase on salary, an Accreditation Stipend of $7,500 and the $400 longevity per the Salary Administration Plan. The third year includes a 3% increase in salary, an Accreditation Stipend of $7,800 and the $400 longevity per the Salary Administration Plan. There will also be an extension of Chief Paulhus's contract from February 11 – July 1 of 2023 with

an increase of 1.5% on his salary and a proration of his Accreditation Stipend to bring his contract to a July 1st start. Mr. Kolenda seconded. The motion passed by roll call all in favor (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

On a motion made by Mr. Healey, seconded by Mr. Stivers and voted by roll call all in favor, Executive Session was closed at 6:29 P.M. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Respectfully submitted,

Kathleen Barry, Recording Secretary

Town Clerk Rcv'd

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 10, 2020, 6:00 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:04 P.M.

II. **Pre-Town Meeting conducted by Moderator Paul Cimino**

Mr. Cimino addressed the impact the Coronavirus may have related to Town Meeting and M.G.L. Chapter 39 § 10A. He asked Public Health Nurse Leslie Chamberlin to speak to the issue. Ms. Chamberlin explained that she met with local Boards of Health in twenty-three surrounding communities and the decision was made to follow the CDC guidelines when taking public health precautions. She explained the three stages the epidemic has been broken into "before, during and after." She stated Southborough has yet to have a patient with a presumptive positive case of the Coronavirus and therefore she recommended the Town follow the procedures the CDC has laid out for the "before" stage. She said due to these recommendations the Senior Center and schools have cancelled their social events. Ms. Chamberlin added that the Board of Health would need an official vote, but her recommendation was to postpone Town Meeting.

Mr. Cimino stated the recommendations he has seen involve handwashing and keeping a safe distance and asked Ms. Chamberlin if Town Meeting is not held March 28th then he presumes it will not be held the week after either. Ms. Chamberlin responded that if there are good prevention strategies there is hope for a low rate of infection and there is no evidence to show that next month or early May would be worse. Mr. Kolenda asked for her recommendation for another date for Town Meeting and Ms. Chamberlin responded she could not answer that question. She stated the best way to predict is to look at China but reiterated there are still a lot of unknowns. Mr. Healey stated that those over 60 years of age are at high risk and asked Ms. Chamberlin if the Board of Health would recommend they do not go to Town Meeting in March. Ms. Chamberlin said she could not make that recommendation but all events over 100 attendees have been canceled for seniors. She explained the need for safe distances and ventilation which are not easily available at Town Meeting. Mr. Healey asked what would happen if the Town does not act at Town Meeting before the beginning of the fiscal year. Town Counsel Cipriano replied that it could adversely affect the ability to appropriate money. He stated he will be participating in a Mass Municipal Lawyers Association audio conference regarding these legal issues and will report back to the Board well before Town Meeting. Mr. Healey asked that the message be relayed that the Cities and Town of Massachusetts be given maximum flexibility whether that includes administrative action by the DOR or an Act of Legislature. Ms. Braccio asked if there were legal ramifications for holding Town Meeting when it could exclude those at high risk. Attorney Cipriano replied that public safety would outweigh an individual right. Options included holding Town Meeting outdoors or in the garage bays at the Public Safety Building. Mr. Cimino

stated that no decision would be made tonight and opened the discussion to public comment. There was no public comment.

Mr. Cimino moved on to the Town Meeting Warrant and informed the Board and public he will review the articles and ask for the names of those making the motions for each. The list is included below:

Article 1	**Article 2**	**Article 3**	**Article 4**	**Article 5**	**Article 6**	**Article 7**
Shea	Healey	Braccio	Kolenda	Rosenbloom	Stivers	Shea
Article 8	**Article 9**	**Article 10**	**Article 11**	**Article 12**	**Article 13**	**Article 14**

Hoolahan	Luttrell	Lapine	Weishan			

Articles Requiring 2/3 Vote: 10, 14, 28, 29
Articles Requiring Majority Vote: 22, 23, 24

Mr. Cimino suggested Mr. Mills to clarify that St. Mark's Church share a name but is not affiliated with the St. Mark's School when presenting Article 20. Mr. Mills agreed to do so. Mr. Mills stated a St. Mark's Church representative from another town would like to present. Mr. Cimino said the hall would have to vote in favor of this.

Mr. Cimino asked if the required public hearings were conducted for Articles 28, 29 and 30. Mr. Morris, Chair of the Planning Board, stated they have been holding public hearings on these articles since the beginning of February and continue them until before Town Meeting. He stated when the hearings are closed minutes before Town Meeting, the Planning Board will then vote to support or not support each of these articles. Mr. Cimino asked if there were presentations for these articles and Mr. Morris stated there were and there will be amendments to the Outdoor Illumination Article.

Mr. Lapine stated he will be making the motion and presentation for the Noise Bylaw in Article 31. He added there are six minor amendments that will be submitted. Mr. Stivers suggested he include a redlined version for the public to compare with the original article at Town Meeting. Mr. Lapine agreed.

Mr. Cimino praised Mr. LaFlamme for his effort in capturing presentations and amendments and presenting them for assembly at Town Meeting. He asked that all presentations be forwarded to Mr. LaFLamme no later than next Friday, March 20th.

There was discussion regarding department heads who do not live in Town and their ability to speak or present. Mr. Cimino said the blanket approval from the hall is for those out of Town to be in the room, not participate in presentations. Ms. Braccio asked the Board if they would approve Chief Paulhus speaking at Town Meeting in regards to the Article 31, Noise Bylaw. The Board agreed.

III. Public Comment

None

IV. Scheduled Appointments

Capital Planning Committee interviews/appointments

Chairman Shea stated there were six individuals who volunteered for the Capital Planning Committee and invited the two in attendance to speak.

a. Kathryn Cook, 11 Graystone Way
Not present.

b. Jeffrey Hark, 10 Stockwell Lane
Mr. Hark gave a background of his experience which included fifteen years in the financial services industry, thirteen years with PwC in the assurance practice, operational work with Fortune 500 companies and many years reviewing contracts, budgets and consulting. He stated he would like to give back to the Town.

c. Jason Malinowski, William Colleary Lane
Not present.

d. Michael Nordstrom, 14 Meeting House Lane
Not present.

e. Joseph Palmer, 18 Parkerville Road
Mr. Palmer stated he has background in hotel management and operation and capital planning for those facilities and then moved on to positions in business marketing. He stated he felt the Town has tax increases partially due to a lack of understanding of facility needs. He referenced the needs at the Library and explained there needs to be more budgeting and planning to allow for more discretion throughout the year.

f. Andrew Pfaff, 50 Oak Hill Road
Not present.

Mr. Stivers asked about availability over the summer months and both Mr. Hark and Mr. Palmer stated there would be no issues. Mr. Kolenda asked how they heard about the open committee positions and both said members from Town asked them to apply. Mr. Healey asked if they had experience with bonding issues. Mr. Palmer said he did not directly and Mr. Hark said he had experience on the client end and has understanding how the process works.

Chairman Shea explained there are six applicants and five positions. Ms. Braccio voiced her concerns about including two Advisory members on the committee and felt a Board member should be included. Mr. Kolenda made a motion to expand the committee to seven members.

Ms. Braccio seconded for discussion. Chairman Shea stated he was concerned with having a Board member sit on a committee that would report and make recommendations to the Board. Mr. Healey agreed and suggested keeping the committee at five members with only one Advisory member. There was discussion about the skills and value brought to the committee from both Ms. Cook and Mr. Pfaff and the Board agreed with the sentiment. Mr. Stivers stated he was not familiar with Mr. Nordstrom and would like to hear from him before appointment. He added that a committee of seven creates a strong outside input. The motion to expand the committee to seven passed (3-2-0). Chairman Shea and Mr. Healey opposed. Mr. Kolenda made a motion to appoint the six applicants and Ms. Braccio to the Capital Planning Committee. Mr. Healey seconded. Chairman Shea suggested the appointment of six with the exception of Mr. Nordstrom and invite him to the next meeting for an interview and possible appointment. Mr. Kolenda amended his motion to appoint the five applicants and Ms. Braccio with the exception of Mr. Nordstron and ask him to attend the next meeting. Mr. Healey seconded. The motion passed all in favor (5-0-0).

<u>EDC – Discussion of FY21 budget: request for Selectmen sponsorship of bylaw</u>
Chairman Shea gave a summary of prior Board EDC budget discussions and the letter of request of for sponsorship of the Downtown Initiative bylaw. He directed the Board to start the EDC budget discussion.

Ms. Braccio summarized her concerns that the request for an additional $10,000 could be covered by the grant the EDC received and that using Town funds to support a proposed bylaw could set an unwanted precedent. She added that Advisory took a position to not support this budget request. Ms. Braccio gave examples of other boards and committees that achieved successful zoning changes and project execution without asking for Town funds. John Wood, EDC member, stated that the funds requested in the budget are not for promotion of the bylaw change. He explained the revenue issues in Town and the fact that businesses are moving to surrounding towns. He added the Downtown Initiative is one aspect of the EDC's focus but they are also working to bring business back to Route 9. Marijke Munsiff-Vegting, EDC Coordinator, explained that there was a misunderstanding at the Advisory meeting regarding their budget request. She stated that the $10,000 request is to start researching and applying for grants to fund additional aspects of the Downtown Initiative and other EDC goals. Mr. Healey asked the cost for the initial grant writing. Ms. Munsiff-Vegting stated $1,000. Mr. Stivers added that he would rather see the $10,000 appropriated to a part-time grant writing position to support multiple boards and committees. Mr. Kolenda suggested the EDC speak to the fact that the majority of taxes are paid by residents and the value of the EDC's efforts to fill vacancies on Route 9 and reduce the residential tax burden. Ms. Braccio reiterated her concerns. Ms. Munsiff-Vegting replied that the initial budget request was a misunderstanding and felt the reasons for the request had not changed since then.

Ms. Munsiff-Vegting summarized the Downtown Initiative timeline for a September or October Town Meeting. She added the RFPs had gone out for consulting for the writing of the proposed zoning bylaw change and believes they are due back March 27th. Chairman Shea requested the EDC work towards a presumed September start date for the purposes of momentum and requested a join meeting with the Board, the EDC and the chosen consultant. Chairman Shea made a motion to sponsor the EDC proposed zoning bylaw. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).

V. Reports

Town Administrator's Report

Mr. Purple stated that the Warrant has been printed and will be available in Town buildings and on the website. He added the Budget Book and Town Report is currently being printed.

Mr. Purple recognized Conservation Agent Melissa Danza for completing her Master's Degree in Science and Sustainable Development from Unity College in Unity, ME. He congratulated her on the accomplishment.

Mr. Purple stated in order for the replacement of the Finn boilers to occur over the summer, the Board will need to vote to authorize and enter into a project funding agreement with the MSBA and authorize signatures to execute the document on behalf of the Town. He asked the Board if they would like to vote on this sponsored article tonight. The Board agreed. Mr. Healey made a motion to grant the authorization to enter into a project funding agreement with the MSBA for the Finn School boiler replacement. Ms. Braccio seconded. The motion passed all in favor (5-0-0).

Mr. Purple said the Board has booked Trottier Room 190 for 11:30 A.M. on March 28th should Town Meeting still occur on that date. This is in order for the Board to discuss any outstanding items.

Mr. Purple stated that the Golf Course opened this past weekend. He stated there are finishing touches needed to be done and Assabet needs to finish work on the stairs and the deck.

Mr. Purple informed the Board that there is a new parking sign reserved for Veteran's only in the front of the Town House to thank them for their service. He said Brian Stearns, Veterans' Agent, brought this forward after seeing it in another community. Mr. Kolenda stated Main Street Bank has this designation as well. Ms. Braccio suggested a Veterans designated parking spot be made at the Senior Center. Mr. Purple said he would work with Mr. Parent and Ms. Livoli at the Senior Center.

Chairman's Report

i. Discussions of draft policies on process for considering requests under proposed thickly settled/safety zone bylaws

Chairman Shea suggested the Board begin drafting a proposed policy for the traffic safety measures should these articles pass at Town Meeting. He explained that during prior discussions, the Board anticipated questions regarding enforcement and Board responsibilities. Chairman Shea stated he asked Mr. Stivers to prepare drafts and asked the Board to review and filter comments and questions to Mr. Purple by end of business on March 18th. He stated there will be no action taken tonight but the creation of the draft could enhance the ability for the articles to pass at Town Meeting. The Board agreed.

Members' Reports

Mr. Kolenda praised the Southborough Police and Fire Departments for their professionalism and care taken as he recently witnessed their work firsthand.

Mr. Kolenda praised the Southborough Veterans for their volunteerism through the VFW, American Legion and preparing for events like Memorial Day and Veterans Day. He added that these upcoming events will have new additions due to the work of the Veterans and Eagle Scout volunteers.

Mr. Stivers said that at their meeting last evening, the Planning Board, asked him to mention to the Board the idea of using leftover funds from the snow and ice fund to contract for an assessment and enforcement of sign illumination issues. Mr. Stivers stated he spoke with Advisory who responded that there is rarely money left over from the snow and ice fund.

Mr. Stivers stated Ms. Danza coordinated a Municipal Vulnerability Preparedness with many department heads and emergency personnel in order to prepare for future natural disasters and longer-term environmental issues. He thanked her for coordinating the event and said some of the activities identified could be supported through grants.

Mr. Stivers stated he was happy to see the Golf Course open on Sunday and encouraged the public to visit and play.

Mr. Stivers said he received another speeding complaint from Deerfoot Road and numerous others from Flagg Road, Parkerville Road, and Pine Hill Road. He said with the construction on Main Street causing pressure on other roads, he suggested installing speed bumps and tables on these roads. He suggested working with the DPW.

Ms. Braccio commended Mr. Kolenda for a prior discussion regarding naming a part of the Woodward Field after former Selectmen, Brian Shifrin. She said his dedication to the Town, baseball and coaching was the inspiration for the dedication and would like to see this topic on the next agenda. Chairman Shea stated he attended a recent Recreation Commission meeting and spoke on this under public comment to ensure that both parties worked together. Mr. Shifrin's wife, Kristine and others in attendance suggested a field located at Finn School may be more appropriate. Mr. Kolenda agreed and requested the Shifrin Family attend the next meeting and include this topic on the agenda for the Board to possibly vote at the next meeting. Mr. Purple agreed to facilitate.

VI. Consent Agenda

a. Chairman Shea made a motion to approval of Regular Session in minutes: February 25, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
b. Chairman Shea made a motion to approve of Executive Session minutes: February 25, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
c. Chairman Shea made a motion to approve of new employee agreement with Police Chief Paulhus. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
ci. Chairman Shea made a motion to appoint PT Communication Officers for Police Department. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
e. Chairman Shea made a motion to appoint Doriann Jasinski to Affordable Housing Trust Fund Committee, term 6/30/21. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
f. Chairman Shea made a motion to appoint Hal Keiss to Taxation Aid Committee, term 6/30/20. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
g. Chairman Shea made a motion to reappoint Brian Stearns as Veterans' Agent term 4/30/21. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
Mr. Kolenda thanked Mr. Stearns for all the work he has done as Veterans' Agent. He stated Mr. Stearns has been a tremendous advocate and always available to Veterans.

VII. Other Matters Properly Before the Board

<u>Continued discussion/review of draft Small Cell (5G) policy</u>

Mr. Purple stated the Board had reviewed the policies prepared by Special Counsel and gave feedback to him. Ms. Hale, Mr. Healey and Mr. Purple participated in a review of Board member comments with Attorney Laughman and results of that meeting were included in the packet.

Mr. Healey stated that during the meeting there was a walkthrough of all comments submitted by the Board and all of them were accepted. Some had minor changes due to legal requirements explained by the attorney. Mr. Stivers stated he supports the overall policy but felt it was disjointed in regards to the definitions and the applications of the policy statement. Mr. Healey responded that the Board had the opportunity to review those issues prior and Mr. Stivers apologized for missing that opportunity but felt it still needed work. Mr. Stivers asked if there was any feedback from Ms. Davis and Mr. Purple said he had not received anything yet. Chairman Shea made a motion to adopt the Small Cell (5G) policy and other documents as distributed in the packet. Mr. Healey seconded. The motion passed (4-1-0). Mr. Stivers opposed not in concept but in execution.

Process/schedule for Public Safety naming of spaces

Chairman Shea stated the Board had received the memo from the Public Safety Building Naming Sub-committee with suggestions for naming of spaces and he would like to invite them to the next meeting to review the process for names they considered and then suggested to the Board. Mr. Kolenda stated he was present for the Naming Sub-committee meeting and reviewed the process. He said it was thorough and every piece of information received from the public was read into record and reviewed. The names were categorized in buckets for each space and then assessed, discussed and rated for consideration by the Board. He said he would like to see this topic on the agenda for the next meeting. Mr. Purple stated he would reach out to subcommittee Chair, Peter Goodney for the March 24th meeting.

VIII. On a motion made by Chairman Shea, seconded by Ms. Braccio and voted all in favor, the meeting was adjourned at 8:26 P.M.

Upcoming Meetings
March 24, 2020
Annual Town Meeting, March 28, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

AMENDED 02-28-20

MARCH 28, 2020
ANNUAL TOWN MEETING MOTIONS

***ARTICLE 1*: SELECTMEN - TBD**

I move that the Town hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

***ARTICLE 2*: SELECTMEN - TBD**

I move that the Town vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, Harvard University, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted.

***ARTICLE 3*: SELECTMEN - TBD**

I move that the Town vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2019 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended.

***ARTICLE 4:* SELECTMEN - TBD**

I move that the Town vote in accordance with Massachusetts General Laws Chapter 30B, Section 12(b) to authorize the Board of Selectmen and Superintendent of Schools to solicit and award contracts for terms exceeding three years to a maximum of seven years, including any renewal, extension or option, provided in each instance the longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee.

***ARTICLE 5:* BETSY ROSENBLOOM**

I move that the Town vote to approve changes to the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL, and insert in its place the language as printed in the warrant.

ARTICLE 6: **SELECTMEN - TBD**

I move that the Town votes to rescind the amount of $3,000,000 which represents authorized but unissued debt of the Town originally appropriated for acquiring real estate from St. Mark's School of Southborough, Inc. and the construction of a public safety facility, approved by a vote of Town Meeting under Article 1 on March 8, 2017, which borrowing authority is no longer required for the purposes for which it was originally approved.

ARTICLE 7: **SELECTMEN - TBD**

I move that the Town vote to raise a sum of money not to exceed the sum of **$54,821,354** as may be necessary for the Town's use, and make appropriations of the same.

Transfer from the Cemetery Perpetual care	25,000.00
Transfer from Free Cash	1,878,069.00
Transfer from Overlay Reserve	262,954.00
Transfer from Fay PS Donation Account	14,670.00
Transfer from Ambulance Fund, Receipts Reserved (Fund 23)	353,250.00
Transfer from Septic Betterment Fund	52,547.00
Transfer from Reserve SBAB Fund Balance	5,970.00
Transfer from Water Enterprise Fund	160,847.00
Transfer from Fund 2261 "911 Revolving"	40,000.00

AND that the Balance of **$52,028,047** be raised and appropriated.

ARTICLE 8: **SELECTMEN - TBD**

I move that $2,179,845 be appropriated for the Water Enterprise Fund and that $160,847 be included in appropriations from the general fund for indirect costs and be allocated to the Water Enterprise Fund, and transfer in $4,424 from water premium funds, and that $2,336,268 be raised as follows:

FY21 Revenues: $2,336,268

ARTICLE 9: **SELECTMEN - TBD**

I move that the Town vote to raise and appropriate:

- $35,000 for Transfer Station Engineering &Design for renovation;
- $12,000 for DPW large truck and equipment body work;
- $325,000 for DPW road maintenance;
- $45,000 for a repeater site for Public Safety radio system;
- $85,000 for a replacement boiler at the Library;
- $75,000 for an energy management system at the Library;
- $40,000 for an ADA Title II self-evaluation

#	ITEM	TOTAL	Recommend ADVISORY	Recommend SELECTMEN
A.	Transfer Station renovation study	**$35,000**	Recommend	Recommend
B.	DPW Truck Repair	**$12,000**	Recommend	Recommend
C.	DPW Road Maintenance	**$325,000**	Recommend	Recommend
D.	Repeater site for radio system	**$45,000**	Recommend	Recommend
E.	Library boiler replacement	**$85,000**	Recommend	Recommend
F.	Library EMS	**$75,000**	Recommend	Recommend
G.	ADA Title II self-evaluation	**$40,000**	Recommend	Recommend

ARTICLE 10: **SELECTMEN - TBD**

I move that the Town appropriates $600,000 to pay costs of purchasing a fire truck and for the payment of all other costs incidental or related thereto, and that to meet this appropriation, the Treasurer, with the approval of the Selectmen, is authorized to borrow said amount under and pursuant to M.G.L. c. 44, §7(1), or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor. Any premiums received by the Town upon the sale of any bonds or notes issued pursuant to this vote, less any premium applied to the payment of costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44, §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

ARTICLE 11: **SELECTMEN - TBD**

I move that the Town vote to raise and appropriate the sum of $28,000 for the purpose of paying to retirees the amount due for accrued vacation and sick time.

ARTICLE 12: **SELECTMEN - TBD**

I move that the Town vote to raise and appropriate the sum of $10,000 for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies,

ARTICLE 13: **SELECTMEN - TBD**

I move that the Town vote to raise and appropriate the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities Manager shall report all funded projects to the Advisory Committee as requested.

ARTICLE 14: **SCHOOL COMMITTEE – TBD**

I move that the Town vote to appropriate the amount of Nine Hundred and Ninety Thousand One Hundred and Eighty ($990,180) Dollars for the purpose of paying costs of replacement of the boiler at the Mary E. Finn Elementary School, 60 Richards Road, Southborough, including the payment of all costs incidental or related thereto (the "Project"), which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program, and for which the Town has applied for a grant from the Massachusetts School Building Authority ("MSBA"), said amount to be expended under the direction of the School Committee. To meet this appropriation the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow said amount under M.G.L. Chapter 44, or pursuant to any other enabling authority. The Town acknowledges that the MSBA's grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and if the MSBA's Board of Directors votes to invite the Town to collaborate with the MSBA on this proposed repair project, any project costs the Town incurs in excess of any grant that may be approved by and received from the MSBA shall be the sole responsibility of the Town; and that, if invited to collaborate with the MSBA on the proposed repair project, the amount of borrowing authorized pursuant to this vote shall be reduced by any grant amount set forth in the Project Funding Agreement that may be executed between the Town and the MSBA. Any premium received by the Town upon the sale of any bonds or notes approved by this vote, less any such premium applied to

the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

ARTICLE 15: **SELECTMEN – TBD**

I move that the Town vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2021:

1. Immunization/emergency dispensing clinic; $12,000;
2. Inspectional services; $100,000;
3. 9-11 Field Maintenance; $100,000;
4. Wetland Protection; $30,000;
5. Hazardous materials; $75,000;
6. CPR classes; $6,500;
7. Community garden; $2,500;
8. Recreation programs; $400,000;
9. Tobacco Control Program; $4,000;
10. Golf Course Maintenance; $30,000.

ARTICLE 16: **CPC - MILLS**

I move that the Town vote to accept the report of the Community Preservation Committee for the FY 2021 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as printed in the warrant.

ARTICLE 17: **CPC - MILLS**

I move that the Town vote to appropriate $85,437.50 to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation. $32,278 from the CPA Historic Preservation Reserve Fund and $53,159.50 from the CPA FY2021 Budgeted Reserve Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer.

ARTICLE 18: **CPC - MILLS**

I move that the Town vote to appropriate a total of $114,753 to be applied towards the bond for the renovation and restoration of the Historic Southborough Library building, $19,749 for interest due September 2020 and $95,004 to be applied towards the bond for the purpose of Historic Preservation. $32, 278 from the CPA historic Preservation Reserve Fund and $82,475 from CPA General Unreserved Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer.

ARTICLE 19: **CPC - MILLS**

I move that the Town vote to appropriate $238,750 from the CPA Fund FY2021 Budgeted Reserve for the renovation and restoration of Kallander Field, located on Kallander Drive in Southborough (Parcel ID 56-0000-012-0) for recreation purposes as requested by the Recreation Department. This consists of $210,100 in project costs and an additional $28,650 in contingency funding. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer

ARTICLE 20: **CPC - MILLS**

I move that the Town vote to appropriate $300,000 for the restoration and preservation of the Historic St. Mark's Bell Tower located at 27 Main Street Southborough for Historic purposes. $23,061.76 from the CPA Historic Preservation Reserve Fund and $276,938.24 from CPA General Unreserved Fund. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer.

ARTICLE 21: **SELECTMEN – TBD**

I move that the Town vote to accept Massachusetts General Laws Chapter 59, Section 5C1/2, which provides for an additional real estate exemption for taxpayers who are granted personal exemptions on their domiciles under Massachusetts General Laws Chapter 59, Section 5, including certain blind persons, veterans, surviving spouses and seniors, and to provide that the additional exemption shall be up to 100 percent of the personal exemption, to be effective for exemptions granted for any fiscal year beginning on or after July 1, 2020.

ARTICLE 22: **SELECTMEN – TBD**

I move that the Town vote vote to amend Section 9-24 "Qualification of elected and appointed officials" of the Town Code, by deleting the text in its entirety, and replacing with the following:

"All elected and appointed officials shall be qualified by the Town Clerk within 30 days of their election except where a different period is specified in the General Laws. If an appointed official is not qualified in this period, his/her appointment shall terminate, and the appointing authority shall be so notified by the Town Clerk."

ARTICLE 23: **SELECTMEN – TBD**

I move that the Town vote to accept MGL c.90, Section 17C to allow the Board of Selectmen to reduce the statutory speed limit from 30MPH to 25MPH on any or all town-owned roadways in thickly settled or business district areas.

ARTICLE 24: **SELECTMEN – TBD**

I move that the Town vote to accept MGL c.90, Section 18B to allow the Board of Selectmen to establish regulatory 20MPH safety zones on public streets within the Town of Southborough.

ARTICLE 25: **SELECTMEN – TBD**

I move that the Town vote impose a .75% meals tax on the sales of restaurant meals by accepting Massachusetts General Laws, Chapter 64L, Section 2.

ARTICLE 26: **SELECTMEN – TBD**

I move that the Town vote to adopt as Chapter 9, Article IX Southborough Public Accessibility Committee, Sections 9.34 through 9.35 of the Town bylaws, as printed in the warrant.

ARTICLE 27: **TOWN CLERK – HEGARTY**

I move that the Town vote to accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

ARTICLE 28: **ZBA – NICHOLSON**

I move that the Town vote TO amend the Zoning Code of the Town of Southborough, Zoning Article I entitled "Miscellaneous Provisions" and Article V entitled "Nonconforming Uses and Structures" by amending thereto Section 174-9 entitled "Special Permit Requirements" and 174-19 entitled "Extensions", as printed in the warrant.

ARTICLE 29: **PLANNING BOARD - MORRIS**

I move that the Town vote to amend the Zoning Code of the Town of Southborough Article III entitled "Use Regulations" by replacing thereto Section 174-12.1 thereof entitled "Outdoor illumination" as printed in the warrant.

ARTICLE 30: **PLANNING BOARD - MORRIS**

I move that the Town vote to amend the Zoning Code of the Town of Southborough, Article III entitled "Use Regulations" by amending thereto Section 174-10, entitled "Site Plan Approval" as as printed in the warrant.

ARTICLE 31: **PETER LAPINE**

I move that the Town vote to approve the article as printed in the warrant.

ARTICLE 32: **MICHAEL WEISHAN**

I move that the Town vote to approve the article as printed in the warrant.

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend

18. Suspend the Rules	Mr. Moderator, I move to suspend the rules which interfere with...
19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other “point of order” is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o’clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING

Worcester, ss. February 25, 2020

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Saturday, March 28, 2020

at ***1:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2019 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Board Recommendation: Support

Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.*

ARTICLE 5: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

PERSONNEL BYLAW
ENTITLED "THE SALARY ADMINISTRATION PLAN"
[revised at March 28, 2020 Annual Town Meeting]

This bylaw establishes a Salary Administration Plan for the Town of Southborough that (i) groups position classifications in Town services, (ii) establishes salary schedules and employee benefits and (iii) establishes and authorizes the Personnel Board to administer the bylaw and to represent the interest of both the taxpayers and the Town employees.

This Salary Administration Plan applies to the positions of all officers and employees in the service of the Town, whether full-time, part-time, temporary, seasonal, special or any other, except those positions filled by popular election, under the direction and control of the School Committee, performed pursuant to a contract approved by the Town or encompassed in any officially recognized labor union and/or association. The positions covered by this Salary Administration Plan are hereby classified by titles in the groups listed in Schedule A through G ("Classification Schedule") as set forth in Section 20 of this bylaw.

The classification of positions subject to the Massachusetts Welfare Compensation Plan (as amended) and the scheduled rates therefor, as well as the applicable provisions of the Massachusetts General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

SECTION 1. DEFINITIONS

As used in this bylaw, the following words and phrases shall have the following meanings:

"Administrative Authority" means the elected or appointed official or board having jurisdiction over a function or activity.

"Anniversary Date" means the date 180 days after (i) the first day of employment or (ii) the date of any promotion, whichever is later.

"Base Pay" means the compensation paid by the Town of Southborough for the purposes of determining retirement credits and contributions for Town employees.

The Town shall contribute funds as required for each eligible employees in accordance with the procedures and formula established by the Worcester Regional Retirement System and the bylaws of the Town of Southborough. Contributions shall include (i) wages earned during the first eight hours worked in any one day (no contributions shall be made for hours worked in excess of 40 per week,**)** (ii) any lump sum bonus that is guaranteed by the Salary Administration Plan or the Bylaws of the Town, (e.g., longevity pay); (iii) vacation pay, except when paid in lieu of taking vacation; (iv) sick pay; and (v) holiday pay.

"Class" means a group of positions in the Town service sufficiently similar with respect to duties and responsibilities such that for each position the same (i) descriptive title may be used, (ii) qualifications shall be required, (iii) tests of fitness may be used to choose qualified employees and (iv) scale of compensation can be equitably applied.

"Classification Schedule" means any of Schedules A, B, C, D, E, F and G of Section 20 hereof.

"Compensation Grade" means a range of salary/wage rates as may appear in the Classification Schedules.

"Continuous Full-Time Service" means employment requiring a predetermined minimum work period that is uninterrupted except for authorized leaves (e.g., vacation, sick, etc.).

"Continuous Employment" means full-time or part-time employment that is uninterrupted except for authorized leaves (e.g., vacation, sick, etc.).

"Department" means a functional unit of Town government.

"Department Head" means the person appointed and responsible to carry out the duties of a Department.

"Full-Time Employment" means employment for not less than 20 hours per week for fifty-two weeks per annum, excepting authorized holidays and leave periods.

"Group" means a group of classes as may appear in the Classification Schedules.

"Maximum Rate" means the highest compensation rate to which an Employee is entitled.

"Minimum Rate" means the lowest rate in a Range, and is normally the hiring rate of a new employee.

"On-Call Compensation" refers to additional money paid to an employee who is required to work when the need requires; oftentimes in an evening or weekend capacity.

"Part-Time Employment" means employment less than 20 hours per week.

"Position" means an office or post of employment in the Town service with duties and responsibilities calling for the Full-Time or Part-Time Employment of one person in the performance and exercise thereof (or of more than one person sharing the same position).

"Position Class" means the same as "Class" (note that a class may include only one position, in which event it is defined as a "single position class").

"Probationary Employee" means a first-time Town employee within his/her first six months of employment.

"Promotion" means a change from one position to another position in a higher class and/or compensation grade.

"Range" means the difference between minimum and maximum rates of an assigned grade.

"Rate" means the measure of compensation for personal services on an hourly, weekly, monthly, annual or other basis.

"Salary Administration Plan" means the Personnel Bylaw *Entitled* "The Salary Administration Plan."

"Single Rate" means a rate for a specific position class that is not in a designated range.

SECTION 2. POSITION TITLES

No person shall be appointed, employed or paid in any position under any title other than those of the Classification Schedule for which the duties are actually performed. The position title in the Classification Schedule shall be the official title for all purposes, including payrolls, budgeting and official reports.

SECTION 3. NEW OR CHANGED POSITIONS

No new position shall be established, nor the duties of an existing position so changed that a new level or work demand exists, unless upon presentation of substantiating data satisfactory to the Personnel Board, the Board shall rate such new or changed position, and allocate it to its appropriate classification grade and establish the rate therefor.

SECTION 4. RECLASSIFICATION OF EMPLOYEES

No position may be reclassified to another grade, whether higher or lower, unless the Personnel Board shall have determined such reclassification is consistent with this Salary Administration Plan.

SECTION 5. JOB DESCRIPTIONS

The Personnel Board shall maintain written job descriptions of the position classes in the Classification Schedule, each consisting of a statement describing the essential nature of the work required of such classes. Each Department Head shall be required to retain current job descriptions and to submit any revisions to the Personnel Board (following any review by the Board of Selectmen or their designated appointee or the appropriate Commissioners or Trustees). The description for any class shall not be deemed to limit the duties or responsibilities of any position, nor to affect in any way the power of any administrative authority to appoint, to assign duties to, or to direct and control the work of any employee under the jurisdiction of such authority.

SECTION 6. COMPENSATION

a. The bi-weekly pay period shall begin at 12:00 a.m. Thursday and shall end at 11:59 p.m. on the following second Wednesday.

b. Non-exempt employees subject to this Salary Administration Plan shall be paid for one and one-half hours worked for any hour worked in the excess of forty in their weekly pay period, provided such extra hours were authorized by the Department Head.

c. The salary schedules set forth in Schedules A, B, C, D, E, F and G of Section 20 hereof reflect the maximum and minimum salaries for each grade.

d. The annual salary set forth in Schedule A represents a 40 hour work week and in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated annual salary is pro-rated reflective of the posted salary schedule in Schedule A.

e. Amounts paid to employees in reimbursement for expenses incurred in the performance of their duties (e.g., mileage, meals, dues, etc.) shall be paid in addition to their compensation. Reimbursement shall be based upon the actual documented expenditure made by the employee, or at rates established by the Internal Revenue Service, supported by that agency's requirements for documentation.

f. On-Call Compensation: Employees shall be eligible to earn a weekly stipend not to exceed $200.00 per week for on-call service if the department head has required them to work outside of their normal schedule. This need is likely to occur on an evening or weekend basis as the need requires. There is no provision to accrue compensation time in lieu of payment.

SECTION 7. SALARY ADJUSTMENT & COMPENSATION POLICIES

a. Every employee that is in Continuous Full-Time or Part-Time service of the Town, as computed from the date of their latest employment, shall be eligible annually for consideration of a salary increase, one year from the date of his/her latest increase. Except as may be authorized by the Personnel Board in exceptional circumstances, such increase is not to exceed one increase in any single twelve-month period until the maximum of the grade is obtained, and such increase shall be subject to the recommendation of the Department Head, with the approval of the Board of Selectmen or their designated appointee in the case of departments within the jurisdiction of the Board of Selectmen, or the appropriate Commissioners or Trustees in the case of departments outside the jurisdiction of the Board of Selectmen.

Retroactive salary increases voted by the Personnel Board shall not be compensated beyond July 1 of that fiscal year, regardless of the funding mechanism.

An evaluation of the employee's performance, in a format approved by the Personnel Board, must accompany a request for an increase in the case of all employees in Full-Time Graded Positions under Schedule A. Evaluations of employees in Part-Time Hourly Graded Positions under Schedule C and Seasonal Personnel under

Schedule F may require performance evaluations under Personnel Policy enacted hereunder. Upon receiving such documentation, the Personnel Board shall have final review and approval of all adjustments.

An employee may appear before the Personnel Board prior to its action on any request for an increase. Any employee denied such an increase may appeal, in writing, to the Personnel Board, which shall confer with the employee, the Department Head and the Board of Selectmen or their designated appointee, or the appropriate Commissioners or Trustees, and shall decide the matter.

b. Regular Part-Time employees shall be eligible for consideration for salary increases within their grade one year from the date of their last increase, absent exceptional circumstances as may be authorized by the Personnel Board.

c. Special and other Part-Time personnel for whose positions there is a single rate established in Schedule D shall not be eligible for adjustment.

d. Probationary Employees:

1. During the probationary period, benefit eligible employee(s) will earn vacation, sick and personal time in accordance with Section 11(b-d) hereof.

2. During the probationary period, paid leave accruals shall be based on the original hire date.

SECTION 8. TRANSFERS AND PROMOTIONS

a. An employee who is promoted to a job with a higher range or rate of pay shall enter it at the rate recommended by the Department Head with the approval of the Personnel Board. The employee may also receive at the time an increase, provided the maximum for the job is not exceeded, if the Department Head recommends that qualifications and performance warrant it and the Personnel Board approves. If the Department Head recommends that there should be a probationary period before the promotional increase [not to exceed the percentage increase voted for that fiscal year], then the Personnel Board may approve such a deferred promotional increase at the conclusion of the probationary period (which shall not exceed six months).

b. An employee transferred to a job with a lower range or rate of pay shall enter it at the rate paid for the previous position or at the maximum rate for the job, whichever is the lower, provided the Personnel Board approves. The employee shall have a right to appeal this decision, in writing, to the Personnel Board, which shall confer with the employee, the Department Head and the Board of Selectmen or their designated appointee, or the appropriate Commissioners or Trustees, and shall decide the matter.

SECTION 9. NEW PERSONNEL HIRING; DEPARTURES

a. Pre-employment physical examinations will be required of newly-hired employees consistent with the Town's policies.

b. Probationary period: For new hires, the first six months of employment shall be a probationary period. The probationary period does not apply to Town employees who change positions within the Town. The probationary period is a time during which an employee will be evaluated to ensure that the employee has the requisite knowledge, skills, and abilities to perform the position (with or without reasonable accommodations). Completing the probationary period does not change the employee's relationship with the Town, which will remain one in which either the employee or the Town may terminate the relationship at will.

c. A new employee's hiring rate shall be the minimum of the rate range of the job, unless otherwise authorized by the Personnel Board or Personnel Director. The Personnel Board is cognizant of the need to make timely decisions during the recruitment process, therefore, the Personnel Director is empowered to set starting salaries for new employees with comparable experience at a rate not exceeding the mid-point of the pay scale set forth in Schedules A and C of the Salary Administration Plan.

d. The Personnel Director or his/her delegatee shall notify the Personnel Board in writing of the hiring of all personnel and their hiring rates. The Personnel Director or his/her delegatee shall also notify the Personnel Board in writing of the departure of any employee.

SECTION 10. DEPARTMENT BUDGETS

Each Department Head shall include in the annual departmental budget a pay adjustment section to provide funds for anticipated pay adjustments, with expenditures to be made only in accordance with this Salary Administration Plan and with the approval of the Personnel Board. Degree bonus [Sec 11i(1)] funds shall also be budgeted in the departmental budget.

SECTION 11. EMPLOYEE BENEFITS

Employee benefits are a cost to the Town and a form of "indirect pay" to employees. The benefits listed below are not intended to supersede what State or Federal law may otherwise require.

All forms of paid leave set forth in the SAP may represent a 40 hour work week; in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated benefit shall be pro-rated reflective of the approved hours per week for that position.

a. Holidays with Pay

Each eligible Employee shall receive one day's pay at their regular rate for the following:

New Year's Day	Labor Day
Martin Luther King Day	Columbus Day
Presidents' Day	Veteran's Day
Patriot's Day	Thanksgiving Day
Memorial Day	Day after Thanksgiving Day
Independence Day	Christmas Day
	Day before or after Christmas Day (as set by the Town annually)

To be eligible for holiday pay, an Employee must work (or be duly excused from working) their regular scheduled days preceding and following the holiday. Employees who do not work 20 hours or more per week on a regular basis shall not be compensated for holidays.

Employees whose regular day off falls on a holiday may have one day off with pay within the ensuing thirty days in lieu of holiday pay, with the specific choice of day subject to Department Head approval**.** Furthermore, the day granted in lieu of holiday pay shall not cross fiscal years.

All administrative policies and practices relative to holidays with pay shall be prepared and established under the direction of the Personnel Board.

b. Vacations with Pay

(1) Regular Full-Time Employees who have been in the continuous employ of the Town shall earn paid vacation in accordance with the following schedule:

Years of Employment	Hours Earned per month
0-5	6.666
6-10	10.0
11-15	13.333
16 or more	16.666

Employees hired prior to July 1, 2005, shall be eligible to earn twenty hours per month after serving twenty years of full time employment with the Town.

(2) At the recommendation of the hiring authority and upon the approval of the Personnel Board, new employees entering into a position with the Town of Southborough from a similar position in another municipality or similar government agency will be allowed to enter into the vacation schedule using their years of service from their prior employment, up to a maximum of three weeks' vacation [pro-rated] for the first year of employment with the Town. Employees commencing employment with three weeks per year

will be required to complete five years of service before ascending to the next band in the vacation schedule chart.

(3) Vacation shall be granted by Department Heads at their discretion subject to the regular work needs of the Department. An employee shall be permitted to carry over to the following year one year's worth of earned vacation. The employee must have the Department Head's approval to take any portion of a prior year's unused vacation in addition to the days earned in the current fiscal year.

(4) If in the opinion of the Department Head there are unusual work-related circumstances that warrant it, a department head may seek approval from the Town Administrator or his/her delegatee to allow the employee to continue to work and receive vacation pay in lieu of taking vacation. Approval granted in this section may not exceed ten days per fiscal year.

(5) In the event of termination of employment other than for cause, the employee shall be paid, or be entitled to time off with pay, for any accumulated vacation time. Personal and sick leave shall not be compensated at termination.

(6) Vacation administrative policies and practices shall be prepared and established under the direction of the Personnel Board.

c. Sick Leave

(1) All regular Full-Time Employees shall be entitled to accrue 10 sick hours per month, equaling 120 hours annually (15 sick days); employees working less than 40 hours in a weekly pay period will accrue ratably based on hours worked per week. Pay for each day of sick leave shall be at the regular rate. Absences on account of sickness in excess of that authorized shall be charged to vacation or other available paid leave. Sick leave shall be payable only in cases of genuine illness, non-work connected accident, or work connected accidents not covered by Massachusetts General Laws Chapter 152 (Workers' Compensation).

(2) Unused sick leave may be accumulated without limitation for employees hired before July 1, 2007. Employees of the Town of Southborough hired on or after July 1, 2007 may only accrue 120 sick days at any one time. At retirement [or death] only, the Town will pay the employee twenty percent (20%) of the employee's then-accumulated sick leave.

(3) Employees who because of genuine illness or a non-work connected accident are absent for a period of more than three days shall be required to present a doctor's certificate to their Department Head before returning to work stating the reason, the period of time the employee was absent and whether there are any physical restrictions or required outpatient services the employee must adhere to in the workplace.

(4) Annually, an employee may use up to seven of the allowed fifteen days of sick leave for the care of a sick family member.

(5) Sick leave administrative policies and practices shall be prepared and established under the direction of the Personnel Board.

d. Personal Days

Each employee shall be entitled to three personal days per year, to be granted annually on the anniversary of the employee's date of hire. New employees shall be granted three personal days which shall be pro-rated based on hours worked per pay period. Requests for personal days shall be approved by the Department Head. Personal days shall not accumulate from year to year.

e. Military Leave

(1) Reserve Duty: An employee in full-time employment in the military reserve shall be paid the difference between compensation received while on reserve duty and regular compensation rates paid the employee by the Town. Such payment by the Town shall be limited to a period not to exceed two weeks in any twelve-month period.

(2) Active Duty: Pursuant to Article 8 of the April 11, 2005 Annual Town Meeting, an employee in the federal military reserve or a state National Guard who is called to active service shall be entitled to their regular base salary and shall not lose any seniority or paid leave benefits while on military leave; *provided*, however, that such base pay shall be reduced by any amount received from the United States as pay or allowance for military service performed.

f. Jury Duty

Any employee who is called to jury duty shall be paid the difference between their normal compensation and the amount (excluding any travel allowance) received from the court, upon presentation of evidence of the amount paid by the court.

g. Miscellaneous Paid Time Off

Working time lost from regularly scheduled work days for reasons listed below shall be without loss of pay, provided such lost time is authorized by the Department Head:

(1) Bereavement leave – In the event of the death of a spouse, father, mother, child, father-in-law, mother-in-law, brother, sister, grandparent, or of any other person then residing with the employee, such employee shall be entitled to receive three days' leave for the purpose of the funeral and services of the deceased. If out-of-state travel is required, the Town Administrator or his/her delegatee may authorize up to two additional days of travel time.

(2) Medical examination or inoculation required by the Town.

(3) Blood donation authorized by the Department Head.

(4) Attendance at professional and educational programs authorized by the Department Head.

h. Court Time Pay

If the Town requires that an employee appear in Court as a witness or in any other capacity arising from the performance of the employee's duty, or on behalf of the Commonwealth or the Town in any civil or criminal case pending in any Court or other official governmental board or agency, then for any such appearance that is made outside of the employee's normal working hours the employee shall be entitled to overtime compensation for every hour or fraction thereof during which they appear (but in no event less than three hours of such overtime pay).

i. Employee Educational Support/Professional Development

(1) Degree Bonus: All Part-Time and Full-Time employees who, while an employee of the Town, earns a degree in a field applicable to their position from an accredited college or university, shall receive a one-time bonus subject to appropriation, according to the following schedule:

Associates Degree....$ 800.00
Bachelors Degree...$1,200.00
Masters Degree.....$1,500.00

A copy of the completed transcript, diploma or other appropriate evidence of the completed degree must be presented to the Department Head and the Personnel Board, and shall be submitted as documentation for accounts payable.

(2) Tuition reimbursement: the Town may offer tuition reimbursement to eligible Full-Time and Part-Time employees as prescribed by Personnel Board policy enacted under this Bylaw.

j. Group Medical Insurance

Starting July 1, 2009, the Town will contribute fifty percent (50%) of the cost of a medical indemnity plan or seventy-five percent [75%] of the cost of a Health Maintenance Organization plan.

SECTION 12. UNPAID LEAVES OF ABSENCE

a. A leave of absence without compensation may be granted by the Personnel Board.

b. Leaves of absence of over three months' duration (except Military Leave) shall be deemed a break in employment, and on return to work the employee shall have the status of a new employee unless an extension of leave beyond three months was authorized by the Personnel Board.

SECTION 13. TRANSITIONS BETWEEN FULL-TIME AND PART-TIME STATUS

a. A Part-Time employee shall be eligible for Full-Time status when the employee has worked 20 hours or more per week for a period of at least three consecutive months, subject to approval by the Department Head.

b. A Full-Time employee whose hours of employment total less than 20 hours per week for a period of more than three consecutive months shall thereafter be deemed a Part-Time employee.

SECTION 14. APPOINTMENT OF "ACTING" DEPARTMENT HEADS

a. In the absence or retirement of a Department Head for three consecutive weeks, the Board of Selectmen or appropriate board or commission may appoint an "Acting" Department Head to serve for a period of not more than three months. Such three-month period may be extended for up to three additional three-month periods, upon the approval of the Board of Selectmen or other appropriate board or commission for each such extension. In no case shall an appointment of an "Acting" Department Head exceed one year.

b. Duly appointed "Acting" employees shall be compensated at an additional 10% per week, payable retroactively only upon the conclusion of three consecutive weeks of service by the "Acting" employee. Such employees shall still be eligible for overtime pay when fulfilling regular duties from the previous job beyond normal working hours.

SECTION 15. PERSONNEL BOARD

a. There shall be a Personnel Board to administer the Salary Administration Plan. Said Board is to be appointed by the Town Moderator. The Board shall consist of five voters other than employees of the Town or those regularly serving the Town in any elective capacity. They shall serve without compensation. For purposes of this section, Election Workers and Wardens shall not be considered "employees of the Town."

b. Other than as may be needed to fill unexpected vacancies, appointments shall be for three years. The Moderator shall fill any vacancies. The Personnel Board may employ assistance and incur expenses as it deems necessary, subject to appropriation of funds therefor.

SECTION 16. DUTIES OF THE PERSONNEL BOARD

a. The Personnel Board shall administer the Salary Administration Plan and shall establish such policies, procedures and regulations as it deems necessary for the administration of the Plan.

b. The Town Administrator serves as the Town's Personnel Director under the Town Administrator Bylaw [Ch. 27, Art. IX]. As such, the Personnel Director is invested with personnel authority and responsibilities as set forth therein. From time to time, and as may be necessary, the Personnel Board will consult and/or act in concert with the Personnel Director or his/her delegatee on matters of joint responsibility and concern.

c. The Board shall meet annually in July and organize by the choice of a Chair and Clerk. The Board shall meet at least monthly, except when there is no business before the Board. A majority of the Board shall

constitute a quorum for the transaction of business. The votes of the majority of all the members of the Board shall be necessary on any matter upon which it is authorized to or required to pass under the Salary Administration Plan.

d. The Personnel Board shall maintain records of all employees subject to this Plan as it deems desirable, including personnel evaluations. Such records are to be kept by the Personnel Director or his/her delegatee, under the direction of the Personnel Board. Department Heads shall furnish such information as requested by the Board.

e. The Personnel Board shall from time to time, but no less often than every federal Election Year, review the Classification Schedule, Salary Schedules, and administration policies of the Salary Administration Plan. It shall keep informed as to pay rates and policies outside the Town, and shall recommend to the Town any action that the Board deems desirable in that regard. The Personnel Board may tentatively add a new class to the Classification Schedule or reallocate an existing class to a different compensation grade, either higher or lower, subject to the subsequent ratification of its action by formal amendment of the Salary Administration Plan at the next Annual Town Meeting.

f. Not later than six (6) months prior to Annual Town Meeting, the Personnel Board may vote an annual adjustment (but shall reserve the right to vote no adjustment) to the Classification Schedule and establish the effective rate for employees of each grade for the next fiscal year, subject to the subsequent ratification of its action by formal amendment of the Salary Administration Plan at the next Annual Town Meeting. The Personnel Board shall base any annual adjustments upon available relevant information. Approval of the rate for any given employee is not guaranteed and is driven by the annual performance evaluation.

g. Matters of concern by SAP employees that are communicated in writing to the Chair of the Personnel Board will be scheduled on an agenda at the next available meeting providing all necessary and requested information has been submitted in time to be part of the meeting packet. In addition, notice in writing shall be forwarded to the concerned employee and respective Department Head within seven days of the Board's decision. Notwithstanding the foregoing, if the Personnel Board shall so request and the concerned employee and Department Head shall agree, a reasonable extension of these time periods may be granted.

h. Upon recommendation of a Department Head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the Personnel Board, the Board may authorize variances in the Salary Administration Plan as it may deem necessary for the proper functioning of the services of the Town, and to effectuate the basic intent of the Plan.

SECTION 17. EMPLOYEES AND THE PERSONNEL BOARD

a. All employees covered by this Salary Administration Plan shall have the right to request an appointment to confer with the Personnel Board on any matter of interest or concern to them that is covered by the Salary Administration Plan. The employee shall notify the Department Head in writing in advance of the desire to discuss the matter with the Board. One of the duties of the Board shall be to foster mutual understanding and good will with the personnel of the Town.

b. To facilitate this, if any employee should feel aggrieved by the operation of any provision of the Plan, the employee shall first discuss the matter with the Department Head, in a mutual effort to clear up any problems or misunderstanding.

c. If two weeks after such a conference a satisfactory understanding and solution of the problem has not been reached, then either the Department Head or the employee may take the matter to the Personnel Board, and the Board shall hear the parties not later than at its next regular meeting. There shall be no discrimination or prejudice by a Department Head against any employee who may take a matter to the Board.

SECTION 18. AMENDMENT OF THE PLAN

The Salary Administration Plan may be amended in the same manner that Town Bylaws may be amended. However, no amendment to the Plan shall be made until it has been presented by a signed petition to, and acted upon by, the Personnel Board. Upon receipt of such a written petition, the Board, after giving the petitioner(s), the Department Head(s) and the affected employee(s) at least two weeks' written notice, shall hold a hearing to consider the proposed amendment. If the Personnel Board approves of any proposed amendment, it shall bring it before the

next available Special or Annual Town Meeting for its consideration. If the Personnel Board disapproves any proposed amendment or shall fail to act thereof within fifteen days after the hearing (which failure shall be deemed disapproval), the petitioner(s) may the present the petition to the next available Town Meeting for its consideration. The Board of its own motion, after a similar hearing and/or conference with parties interested, may propose an amendment to the Plan.

SECTION 19. SEVERABILITY PROVISION

In the event that any provision of this bylaw, or application thereof, shall be held to be invalid by the proper authorities, this shall not be construed to affect the validity of any other provision, or application thereof, of this bylaw.

SECTION 20: CLASSIFICATION SCHEDULE

12	$21.00	$27.50	$34.00
13	$29.00	$35.00	$41.00

**Municipalities are subject to the federal minimum wage law, not the state law.*

SCHEDULE G: SPECIAL ADMINISTRATIVE AND SUPERVISORY POSITIONS

Police Lieutenant:

In addition to all the benefits provided employees under the SAP, he/she would be eligible for some additional benefits
as provided members of Mass COP Local 167, the police union collective bargaining agreement.

As a result, a separate policy is adopted by the Southborough Board of Selectmen and enforced by the Southborough Police Department subject to change in conjunction with future collective bargaining agreements.

*Increases in salary for long term employees will be considered case by case by Personnel Board.

SCHEDULE H: LONGEVITY SCHEDULE: Full-Time Employees of Town of Southborough – Compensated annually at Anniversary Date

After 5 years $400
After 10 years $600
After 15 years $700
After 20 years $850
After 25 years $1,000
After 30 years $1,200
After 40 years $1,500

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees.*

ARTICLE 6: To see if the Town will vote to rescind the authorized, but unissued debt of the Town originally appropriated for acquiring real estate from St. Mark's School of Southborough, Inc., and for the construction costs for a public safety facility, approved by a vote of Town Meeting under Article 1 on March 8, 2017, which borrowing authority is no longer required for the purposes for which it was originally approved; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *The Public Safety Building Committee completed the new Public Safety Facility, nearly on time and well under budget. As a result of their efforts, the total cost of the project, including land purchase, has been reduced from the original appropriation. As those funds have not been permanently borrowed yet, and are not needed to complete the project, the Town is seeking approval to rescind a portion of the borrowing authority approved by Town Meeting under Article 1 on March 8, 2017.*

ARTICLE 7: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2021, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting
Summary: *The Water budget is funded through an Enterprise Fund that is supported entirely through the water rates, which supports all aspects of the department's operation.*

ARTICLE 9: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	DESCRIPTION	REQUEST	LEVY	OTHER FUNDS
A.	DPW – Transfer Station E&D for renovation	$ 35,000	$ 35,000	
B.	DPW – Large Truck & Equipment Body Work	$ 12,000	$ 12,000	
C.	DPW – Road Maintenance	$325,000	$325,000	
D.	Fire/Police – Repeater site for Radio System	$ 45,000	$ 45,000	
E.	Library – Replacement Boiler	$ 85,000	$ 85,000	
F.	Library – Energy Management System	$ 75,000	$ 75,000	
G.	ADA Title II Self-evaluation	$ 40,000	$ 40,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary:
A. These funds will be used by the ad-hoc Capital Planning Committee for review, analysis, and public input on Transfer Station operations, and will lead to recommendations for future improvements to the layout, management, and traffic flow for that facility;
B. This annual funding addresses maintenance of various DPW capital equipment to extend the life of these assets. This year it will be used for body work (strip, prime, paint) on one 35,000GVW truck;
C. These funds are for public roadway, sidewalks and walkway maintenance, repair and construction throughout town. These are expended in conjunction with Chapter 90 roadway improvement funding from the Commonwealth;

D. These funds will be used to seek a new repeater site for the public safety radio system, which allows Police, Fire and DPW vehicles to communicate throughout Town. No funds will be spent prior to confirmation with the Town's communication consultants that any proposed upgrade to the radio system will improve the coverage of the existing system;
E. These funds will provide the necessary engineering related to and the replacement of the existing 30+ year old boiler and associated components at the Southborough Library;
F. These funds will provide the necessary engineering related to and the replacement of the existing building energy management system (EMS) and associated pneumatic components with a new EMS with Direct Digital Control (DDC) electronic components at the Southborough Library;
G. The Massachusetts Office of Disability (MOD) recently informed the Town that it is required to perform an accessibility review of its public buildings and facilities. The Town will be applying for a MOD grant to offset these costs. The results of the review, and any corresponding improvements, will be incorporated into the Town's capital plan.

ARTICLE 10: To see if the Town will appropriate a sum of money to pay costs of the equipment listed below, and for the payment of costs incidental or related thereto, and to determine whether this amount shall be raised by borrowing, transfer from available funds, or otherwise:

	DESCRIPTION	REQUEST	LEVY	WATER AND OTHER FUNDS
A.	Fire Pumper	$600,000	$600,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary:
A. These funds will be used to replace a 2001 E-One Typhoon Pumper, which is at its useful lifespan for this type of vehicle (20 years). The normal procurement process, including the construction of the vehicle, is 12-15 months. Delivery of the new vehicle is anticipated in early FY2022.

ARTICLE 11: To see if the Town will vote to raise and appropriate or transfer from any available funds the sum of $28,000 for the purpose of paying to retirees the amount due for accrued vacation and sick time, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article will fund any vacation and sick pay due to employees upon their retirement.*

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of $10,000 for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article will provide funds to be used to pay the deductible for property damage which is not covered by insurance.*

ARTICLE 13: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities

Manager shall report all funded projects to the Advisory Committee as requested, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article will provide for the maintenance and repair of capital equipment and systems associated with the Town's buildings and facilities.*

ARTICLE 14: To see if the Town will vote to appropriate, borrow or transfer from available funds, an amount of money to be expended under the direction of the School Committee for replacement of the boiler at the Mary E. Finn Elementary School, 60 Richards Road, Southborough, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program and for which the Town has applied for a school construction grant from the Massachusetts School Building Authority ("MSBA"). The Town acknowledges that the MSBA's grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and if the MSBA's Board of Directors votes to invite the Town to collaborate with the MSBA on this proposed repair project, any project costs the Town incurs in excess of any grant that may be approved by and received from the MSBA shall be the sole responsibility of the Town, or do or act anything in relation thereto.

Proposed by: SCHOOL COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This project would replace the school's 21-year-old heating system with new oil boilers, with an estimated efficiency of 85%. The project also includes providing the hardware to convert to natural gas if it becomes available in the future. This project is a partnership with the Massachusetts School Building Authority (MSBA) Accelerated Repair Project. The total cost of the project is estimated to be $990,180.00. The Town of Southborough's cost for the project is $624,903.00 and MSBA's contribution is $365,276, which reflects the Town of Southborough's MSBA reimbursement rate of 36.89%.*

ARTICLE 15: To see if the Town will vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2021:

1. Immunization/emergency dispensing clinic; $12,000.
2. Inspectional services; $100,000.
3. 9-11 Field Maintenance; $100,000.
4. Wetland Protection; $30,000.
5. Hazardous materials; $75,000.
6. CPR classes; $6,500.
7. Community garden; $2,500.
8. Recreation programs; $400,000.
9. Tobacco Control Program; $4,000.
10. Golf Course maintenance; $30,000.

, or do or act anything in relation thereto.

Proposed by: BOARD OF HEALTH, BOARD OF SELECTMEN, RECREATION COMMISSION, AND CONSERVATION COMMISSION
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article approves the annual spending limits for revolving funds that are now authorized by Town by-law.*

ARTICLE 16: To see if the Town will vote to accept the report of the Community Preservation Committee for the FY 2021 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as follows:

Estimated Surcharge Receipts (based on Town Treasurer's projections)……..	$376,373
State Match (projected FY2021 State match)……..…….……..	$ 54,547
FY2020 State Match Adjustment…….	$ 31,049
Total Projected Revenue……..	$461,969

Set Aside- Open Space

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for acquisition, creation or preservation of open space, and for the rehabilitation and/or restoration of open space acquired under the Community Preservation Act.

Set Aside – Historic Preservation

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for the acquisition, preservation, rehabilitation and restoration of historic resources.

Set Aside – Community Housing

$46,197 to be set aside, held in the Community Preservation Fund, and spent in FY2021 or later years for the creation, preservation and support of community housing, and for the rehabilitation and/or restoration of community housing acquired under the Community Preservation Act.

Administrative Costs – Community Preservation Committee

$23,098 to defray the administrative and operating expenses of the Community Preservation Committee in FY2021 for the Community Preservation Fund (discretionary)

Set Aside -Budgeted Reserve/Discretionary

Reserved For FY21 CPF (Budgeted Reserve/Discretionary) $300,280

, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *The budget and set asides are an annual requirement under the Community Preservation Act.*

ARTICLE 17: To see if the Town will vote to appropriate $85,437.50 to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation. $32,278 from the CPA Historic Preservation Reserve Fund and $53,159.50 from the CPA FY2021 Budgeted Reserve Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment towards the FY2021 debt funding for the Preservation Restriction of 84 Main Street as approved at the 2016 Annual Town Meeting.*

ARTICLE 18: To see if the Town will vote to appropriate a total of $114,753 to be applied towards the bond for the renovation and restoration of the Historic Southborough Library building, $19,749 for interest due September 2020 and $95,004 to be applied towards the bond for the purpose of Historic Preservation. $32, 278 from the CPA historic Preservation Reserve Fund and $82,475 from CPA General Unreserved Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment toward the FY2021 debt funding for the renovation and restoration of the Historic Southborough Library as approved at the 2019 Annual Town Meeting.*

ARTICLE 19: To see if the Town will vote to appropriate $238,750 from the CPA Fund FY2021 Budgeted Reserve for the renovation and restoration of Kallander Field, located on Kallander Drive in Southborough (Parcel ID 56-0000-012-0) for recreation purposes as requested by the Recreation Department. This consists of $210,100 in project costs and an additional $28,650 in contingency funding. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting
Summary: *Under the direction of the Recreation Director Tim Davis and the Southborough Recreation Department, said funds will be used to restore and renovate Kallander Field, to address significant drainage issues that plague the field.*

ARTICLE 20: To see if the Town will vote to appropriate $300,000 for the restoration and preservation of the Historic St. Mark's Bell Tower located at 27 Main Street Southborough for Historic purposes. $23,061.76 from the CPA Historic Preservation Reserve Fund and $276,938.24 from CPA General Unreserved Fund. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation: At Town Meeting
Advisory Committee Recommendation: At Town Meeting
Summary: *Under the direction of the St. Mark's Building Committee said funds will be used to restore and preserve the St. Marks Bell Tower in conformance with a Preservation Restriction held by the Massachusetts Historical Commission. The goal is to preserve St. Mark's Bell Tower for many future generations of Southborough residents to enjoy. Built in 1891 on land donated by Joseph Burnett, the tower has fallen into major disrepair over the years. Issues include water penetration, unevenly faced stones, cracked mortar joints, and stone slippage. Without restoration of the tower, the historic viewscape of our town will be forever changed. Satisfying the Community Preservation Act goal to preserve and maintain historic landmarks, this project would preserve the tower and keep its historical significance. St. Mark's Church is part of the Southborough Historical Commission project to add downtown Southborough to the State and National Register of Historic Places. The tower restoration project strictly falls under historic preservation and does not contain any religious depiction. This $300,000 request is for partial funding of total project costs of $565,000 with remainder raised by St. Mark's.*

ARTICLE 21*:* To see if the Town will vote to accept Massachusetts General Laws Chapter 59, Section 5C1/2, which provides for an additional real estate exemption for taxpayers who are granted personal exemptions on their domiciles under Massachusetts General Laws Chapter 59, Section 5, including certain blind persons, veterans, surviving spouses and seniors, and to provide that the additional exemption shall be up to 100 percent of the personal exemption, to be effective for exemptions granted for any fiscal year beginning on or after July 1, 2020, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *Adoption of this local option will increase the property tax abatement benefits to Southborough veterans and non-veterans who currently meet eligibility requirements for personal exemptions on their property. Funds for these abatements are carried in the Assessor's overlay account.*

ARTICLE 22: To see if the Town will vote to amend Section 9-24 "Qualification of elected and appointed officials" of the Town Code, by deleting the text in its entirety, and replacing with the following:

"All elected and appointed officials shall be qualified by the Town Clerk within 30 days of their election except where a different period is specified in the General Laws. If an appointed official is not qualified in this period, his/her appointment shall terminate, and the appointing authority shall be so notified by the Town Clerk."

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *Currently, elected and appointed officials have 15 days to be sworn in by the Town Clerk's office; this article will allow those officials additional time to be sworn in following their appointment or election. The current requirement of 15 days was found to be too limiting, as appointment dates often conflicted with the 4th of July holiday and summer vacations. The Board of Selectmen was having to reappoint certain positions multiple times due to the inability of individuals to be sworn in within the required timeframe.*

ARTICLE 23: To see if the Town will vote to adopt MGL c.90, Section 17C to allow the Board of Selectmen to reduce the statutory speed limit from 30MPH to 25MPH on any or all town-owned roadways in thickly settled or business district areas, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article provides the Selectmen with the authority to reduce speed limits on certain town-owned streets in the interest of public safety.*

ARTICLE 24: To see if the Town will vote to adopt MGL c.90, Section 18B to allow the Board of Selectmen to establish regulatory 20MPH safety zones on public streets within the Town of Southborough, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Not Support
Summary: *This article provides the Selectmen with the authority to establish safety zones on streets in the interest of public safety.*

ARTICLE 25: To see if the Town will vote to impose a .75% meals tax on the sales of restaurant meals by accepting Massachusetts General Laws, Chapter 64L, Section 2(a), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article will require all local restaurants to charge an additional .75% in meals tax, which will come back to the Town as unallocated revenue through State Local Aid. Most other communities in our area have adopted*

this local option as well. The local meals tax has been identified as an additional revenue source to help alleviate increases to residential property taxes.

ARTICLE 26: To see if the Town will vote to adopt as Chapter 9, Article IX Southborough Public Accessibility Committee, Sections 9.34 through 9.35 of the Town bylaws, the following:

Article IX Southborough Public Accessibility Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and increasing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be a Southborough Public Accessibility Committee ("SPAC"), which shall consist of five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum for the SPAC for voting purposes.

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" is any person holding a non-elected, paid position in the Town other than a volunteer who is deemed a Special Municipal employee solely for the purposes of MGL Chapter 268A).

The Board of Selectmen shall designate a Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned.

The Building Commissioner and Coordinator shall be ex-officio members of the SPAC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided between one and two-year terms, so as to establish overlapping terms.

§9.34.C Organization

The voting SPAC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

§9.34.D Funding
The SPAC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The SPAC shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the SPAC budget shall require a majority vote of the SPAC, and shall be subject to the Town's policies for such expenditures.

§9.35 Powers and Duties
The SPAC Powers and Duties include, but are not limited to, the following:

- To monitor and enhance the Town's compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public.
- In coordination with Town officers, departments, and other government entities, to endeavor to ensure that all Town citizens have equal access to:
  - Town government offices and communications
  - Public and commercial buildings
  - Programs
  - Goods and services
  - Transportation
  - Telecommunications, including the internet
  - Recreational facilities and programs
- To review existing and proposed facilities, programs, and projects undertaken by the Town, and to notify the responsible official or entity of its comments. The SPAC may request that other Town officials, committees, departments, and/or entities provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town,
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program.
- The SPAC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising such concerns shall be confidential, unless confidentiality is waived by such person.

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

ARTICLE 27: To see if the Town will accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

;or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *Acceptance of this provision of the General Law would extend a voter registration deadline which occurs on a Saturday to the following Monday.*

ARTICLE 28: To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Zoning Article I entitled "Miscellaneous Provisions" and Article V entitled "Nonconforming Uses and Structures" by amending thereto Section 174-9 entitled "Special Permit Requirements" and 174-19 entitled "Extensions" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

Article I: Miscellaneous provisions
§ 174-9 Special permit requirements.
[Amended 4-14-1986 ATM by Art. 46]

E. Nonconforming uses, lots and structures. Special permits may be issued for the extension**,** ~~or~~ alteration**, reconstruction or structural change** of legally nonconforming uses, structures and lots, including a change in the non-conforming use to another non-conforming use, provided that the Board of Appeals finds that such extension, alteration**, reconstruction** or **structural** change shall not be substantially more detrimental to the neighborhood, will not increase the extent of non-conformance in size or in impact and that the cost thereof shall not exceed 50% of the assessed value of the non-conforming structure at the time of application, and further provided that the estimate of the cost of any extension**,** ~~or~~ alteration**, reconstruction or structural change** utilized by the Board of Appeals in evaluating the above specified 50% requirement of the assessed value shall not be less than a cost estimate of such extension**,** ~~or~~ alteration**, reconstruction or structural change** based on a nationally recognized building cost estimate manual or system acceptable to the Zoning Board of Appeals. ~~No special permits under this subsection shall be granted for nonconforming signs subject to Chapter 93 or 93D of the General Laws.~~
[Amended 4-15-2008 ATM by Art. 38]

§ 174-19 **Extensions,** ~~or~~ alterations**, reconstruction or structural changes.**
[Amended 4-10-2000 ATM by Art. 55]

A. Nonconforming structures or uses shall not be extended**,** ~~or~~ altered**, reconstructed or structural changes made** except to make them conforming~~,~~ unless the Board of Appeals authorizes such extension**,** ~~or~~ alteration**, reconstruction or structural change** by special permit upon making findings as provided in § 174-9E.

B. ~~Single family and two family residential structures. In the following circumstances,~~ **Notwithstanding the provisions of Section A above, as provided in M.G.L. c.40A, § 6, if any proposed extension, alteration**, reconstruction**,** ~~extension~~ or structural change to a single or two-family residential **structure complies with one of the conditions set forth in subsections (1) through (5) below, such extension, alteration, reconstruction or structural change** ~~structure~~ shall not be considered an increase in the non-conforming nature of the structure and shall be permitted as of right.
[Amended 10-7-2013 STM by Art. 9]

(1) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient area~~,~~ where the alteration will also comply with all of said current requirements.~~;~~

(2) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient frontage~~,~~ where the alteration will also comply with all of said current requirements.~~;~~

(3) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which encroaches upon one or more required setbacks~~,~~ where the alteration will comply with all current setbacks, open lot coverage and building height requirements. The provisions of this ~~s~~**S**ubsection ~~B (3)~~ shall apply regardless of whether the lot complies with current area and frontage requirements.

(4) Extension, alteration, reconstruction or structural change to the rear, side or fascia of a structure which encroaches upon a required yard or setback area where the alteration will not encroach upon such area to a distance greater than the existing structure. The provisions of this subsection shall apply regardless of whether the lot complies with current area and frontage requirements.

(5) Extension, alteration, reconstruction or structural change to a non-conforming structure which will not increase the footprint of the existing structure providing that existing height restrictions shall not be exceeded.

In the event that the Building Commissioner determines that none of the exemptions set forth in subsections (1) through (5) apply, and the Building Commissioner determines that the non-conforming nature of such structure would be increased by the proposed extension, alteration, reconstruction or structural change, then the Board of Appeals may, by special permit, allow such extension, alteration, reconstruction or structural change where the proposed modification will not be substantially detrimental than the existing non-conforming structure to the neighborhood.

; or do or act anything in relation thereto.

Proposed by: ZONING BOARD OF APPEALS
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting
Summary: *This article proposes to amend the Special Permit Requirements and Exemptions by the addition of language for the purpose of clarity and the inclusion of exemptions to comply with current case law.*

***ARTICLE 29**:* To see if the Town will vote to amend the Zoning Code of the Town of Southborough Article III entitled "Use Regulations" by replacing thereto Section 174-12.1 thereof entitled "Outdoor illumination" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-12.1
Outdoor illumination.
[Added 4-11-2005 ATM by Art. 40]

A. Purpose. This section recognizes the benefits of outdoor lighting and provides clear guidelines for its installation, so as to help maintain and complement Southborough's character. The intent of this section is to**:**

(1) encourage lighting that provides safety, utility and security, **productivity, enjoyment and commerce;**

(2) prevent glare on public roadways;

(3) protect the privacy of residents;

(4) promote energy-efficient outdoor lighting;

(5) limit the total allowable illumination of lots located in the Town of Southborough; ~~to reduce atmospheric light pollution.~~

(6) minimize adverse offsite impact such as light trespass, and obtrusive light;

(7) curtail light pollution and reduce skyglow to create a healthy night-time environment for residents of Southborough

The Planning Board is authorized to promulgate rules and regulations to carry forth the purpose and intent of these Bylaw provisions. Appropriately regulated, and properly installed, outdoor lighting will contribute to the safety and welfare of the residents of Southborough.

B. Applicability. Outdoor illumination by flood or spot luminaries rated at 900 lumens or more (which is approximately equal to one sixty-watt incandescent light bulb) or by any other luminaires rated at 1,800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) shall be subject to the provisions of this section **including application to single and two-family residential lots**, with the following exceptions:

(1) emergency lighting;

(2) hazard warning;

(3) temporary decorative or holiday lighting ~~or public roadway illumination.~~

It shall also not apply to any luminaire intended solely to illuminate any freestanding sign, flag or the walls of any building, but such luminaire shall be shielded so that its direct light is confined to the surface of such sign, flag or building.

~~(1) The replacement of existing fixtures shall be subject to the provisions of this section; however, the replacement of existing nonconforming lamps or fixtures with the same or lower output nonconforming lamps or fixtures is exempted.~~

The replacement of fixtures or luminaires shall be subject to the provisions of this section and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. Non-conforming fixtures or luminaires requiring replacement for any reason (including but not limited to end of life, breakdown, vandalism) shall be replaced in compliance with this Bylaw.

~~(2)~~ The Planning Board, in performing review pursuant to § 174-10, Site plan approval, may determine that special circumstances of the site, context or design make an alternative lighting design at least equally effective in meeting the purposes of this section and, in such cases, may modify the requirements of this section.

C. Enforcement. The owner of any lot or property on which a luminaire subject to this Bylaw is located or proposed to be located shall have the burden of demonstrating that the existing or proposed luminaire complies with the standards established by this Bylaw. The manufacturer's specification sheet may be used to establish the lumen level of a luminaire, correlated color temperature (CCT) and, if required, to verify the use of fully shielded fixture design. Illumination levels may be verified through the use of manufacturer's photometric data sheet and/or photometric site drawing or through on-site calibrated light level meter readings. A site visit at night by a representative of the Town in the form of a visual observation and/or photograph may be required to determine if a nuisance has occurred.

(1) Violations of this Bylaw shall be subject to the provisions of the Town of Southborough Article III entitled "Use Regulations" Section 174-24 thereof entitled "Enforcement; procedures; violations and penalties."

D. Definitions. For the purposes of this section, the following terms shall be defined as indicated below. Although set forth here for convenience, the terms shall have the same effect as if in § 174-2 of this Bylaw.

BACKLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located behind and below the light source. For luminaires with symmetric distribution, backlight will be the same as front light.

BUG RATING – A luminaire classification system that classifies backlight (B), uplight (U), and glare (G) per IES TM-15-11.

CORRELATED COLOR TEMPERATURE (CCT) – A specification of the color appearance of the light emitted by a lamp, relating its color to the color of light from a reference source when heated to a particular temperature, measured in degrees Kelvin (K).

FIXTURE – The assembly that houses a lamp or lamps, and which may include a housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and/or a refractor, lens or diffuser lens.

FRONTLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located in front and below the luminaire.

FULL CUTOFF – A luminaire designed with an opaque shield surrounding and extending below the lamp, such that no direct light is emitted above a horizontal plane.

FULLY SHIELDED LUMINAIRE — A luminaire constructed and installed in such a manner that all light emitted by the luminaire, either directly from the lamp or a diffusing element, or indirectly by reflection or refraction from any part of the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part.

GLARE – Light emitted from a luminaire with intensity great enough to produce annoyance, discomfort or a reduction in a viewer's ability to see, and in extreme cases causing momentary blindness.

HARDSCAPE – Permanent hardscape improvements to the site including parking lots, drives, entrances, curbs, ramps, stairs, steps, medians, walkways, and non-vegetated landscaping that is 100 feet or less in width. Materials may include but are not limited to concrete, asphalt, stone, and gravel.

INDIRECT LIGHT – Light scatter caused by direct light being redirected from a surface.

LAMP – The component of a luminaire that produces the actual light.

LED LAMP– (Light Emitting Diode) An electric lamp with a much longer lifespan than incandescent lighting and low energy consumption.

LIGHT TRESPASS – The shining of direct **or indirect** light produced by a luminaire beyond the boundaries of the lot on which it is located.

LUMEN – A measure of light energy generated by a light source. One footcandle is one lumen per square foot. For purposes of this bylaw, the lumen output shall be the initial lumen output of a lamp, as rated by the manufacturer.

LUMINAIRE – A complete lighting ~~system, including a lamp or lamps and a fixture.~~ **unit (fixture), consisting of a lamp, or lamps and ballast(s) (when applicable), together with the parts designed to distribute the light (reflector, lens, diffuser), to position and protect the lamps, and to connect the lamps to the power supply.**

LUMINAIRE LUMENS - For luminaires with relative photometry per Illuminating Engineering Society (IES), it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.

MOUNTING HEIGHT - The height of the photometric center of a luminaire in feet above grade level. Feet above grade level refers to the overall average grade of the area being illuminated.

UPLIGHT - For an exterior luminaire is all of the light escaping above the luminaire.

E. Lighting zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.

LZ-0: No ambient lighting

Areas where the natural environment will be seriously and adversely affected by lighting. Impacts include disturbing the biological cycles of flora and fauna and/or detracting from human enjoyment and appreciation of the natural environment. Human activity is subordinate in importance to nature. The vision of human residents and users is adapted to the darkness, and they expect to see little or no lighting. When not needed, lighting should be extinguished.

Zoning Districts: Conservation and Research, Scientific & Professional

LZ-1: Low ambient lighting

Areas where lighting might adversely affect flora and fauna or disturb the character of the area. The vision of human residents and users is adapted to low light levels. Lighting may be used for safety and convenience but it is not necessarily uniform or continuous. After curfew, most lighting should be extinguished or reduced as activity levels decline.

Zoning Districts: Residence A and Residence B

LZ-2: Moderate ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.

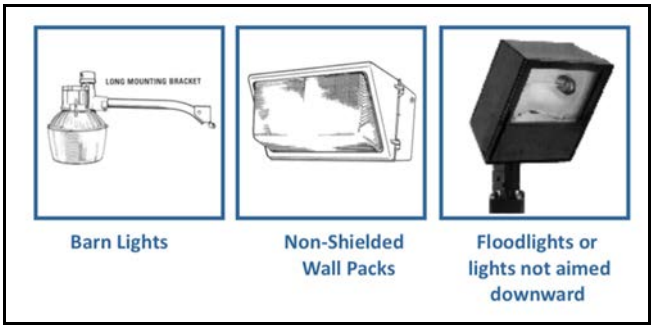
Zoning Districts: Business Village

LZ-3: Moderately high ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderately high light levels. Lighting is generally desired for safety, security and/or convenience and it is often uniform and/or continuous. After curfew, lighting may be extinguished or reduced in most areas as activity levels decline.

Zoning Districts: Business Highway, Industrial and Industrial Park

Non-shielded wall-packs, barn lights, and floodlights not aimed downward are prohibited in all zones.



F. Total site lumen limit. The total installed initial luminaire lumens of all outdoor lighting shall not exceed the total site lumen limit. The total site lumen limit shall be determined using the hardscape area and table below. For sites with existing lighting, existing lighting shall be included in the calculation of total installed lumens. The total installed initial luminaire lumens are calculated as the sum of the initial luminaire lumens for all luminaires.

Table 1: Allowed Total Initial Lumens Per Site for Outdoor Lighting by Hardscape Method

LZ-0	LZ-1	LZ-2	LZ-3
• Conservation • Research, Scientific & Professional	• Residential A • Residential B	• Business Village	• Business Highway • Industrial • Industrial Park
0.5 lumens per SF of hardscape	1.25 lumens per SF of hardscape	2.5 lumens per SF of hardscape	5.0 lumens per SF of hardscape

G. Correlated Color Temperature (CCT). All proposed LEDs shall have a correlated color temperature (CCT) between 2200K and 3000K.

H. Exterior lighting plan. Applications subject to the provisions of § 174-10, Site plan approval, shall submit a lighting plan which shall include the following information, except to the extent waived by the Planning Board. All other lighting not subject to the provisions of said § 174-10 does not require a lighting plan but shall meet the standards as set forth in this **Bylaw** ~~section~~, unless as may otherwise be provided herein. **The installation of fixtures or luminaires shall be subject to the provisions of this bylaw and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. The** lighting plan shall include the following information **and comply with the regulations adopted pursuant to this Bylaw**:

(1) Location, orientation and type of outdoor luminaire, including the height of the luminaire, both existing and proposed;

(2) Type of lamp, such as metal halide, compact fluorescent, high pressure sodium**, LED;**

(3) Luminaire manufacturer's specification data, including lumen output and photometric data showing cutoff angles, as well as a description of all illuminating devices, fixtures, lamps, supports, reflectors, both existing and proposed; this may include, but is not limited to, catalog cuts and illustrations by manufacturers;

(4) Complete report of BUG rating data for all luminaires (if not already included in the manufacturer's specification data) calculated from photometric data (as per IES TM-15-11) showing compliance with the Planning Board Rules and Regulations for Outdoor Illumination;

(5) Photometric plan showing the intensity of illumination expressed in footcandles at ground level within the interior of the property and at the property boundaries **that also includes the Total Site Lumen Limit; Limits to Off Site Impact; Light Shielding for LED lighting; and the Correlated Color Temperature; according to adopted regulations;**

(6) Evidence that the plan complies with light trespass restrictions as set forth herein.

I. Waivers. An applicant may make a waiver request to the Planning Board for increased lighting levels within any given lighting zone and the Planning Board shall have such waiver authority hereunder.

J. Lighting control requirements. Automatic switch controls shall be provided that automatically extinguish all outdoor lighting when sufficient daylight is available using a control device or system such as a photoelectric switch, astronomic time switch or equivalent functions from a programmable lighting controller, building automation system or lighting energy management system, all with battery or similar backup power or device. The Exterior Lighting Plan shall establish curfew time(s) after which total outdoor lighting lumens shall be reduced by at least 30% or extinguished. Lighting reductions are not required for any of the following:

(1) Lighting for residential properties including multiple residential properties not having common areas; with the exception of landscape lighting

(2) When the outdoor lighting consists of only one luminaire.

(3) Code required lighting for steps, stairs, walkways, and building entrances.

(4) Lighting under canopies, in tunnels, parking garages, and similar conditions.

(5) When in the opinion of the Planning Board, lighting levels must be maintained.

(6) Motion activated lighting.

(7) Lighting regulated by special use in which times of operation are specifically identified.

(8) Businesses that operate on a 24-hour basis.

K. Community outdoor sports/recreational lighting requirements. These requirements are an exemption from the total site lumen limit based on hardscape metrics. Community outdoor sports or recreational facilities will be held to the IDA, IES criteria for outdoor sports lighting. On-field illuminance values will be determined by current IDA, IES set forth in the Rules and Regulations for Outdoor Illumination adopted to implement the intent and purpose of this bylaw. Standard regulations include:

(1) Color, luminaire correlated color temperature (CCT) may not exceed 4000 Kelvin;

(2) Other lighting, parking and concession area lighting will be considered a separate luminaire system and must meet the applicable lighting standards for the relevant lighting zones;

(3) Shut-off, curfew time shall be no later than 10:00PM (2200 hrs.); for good cause shown, the Planning Board may waive the compliance requirement of this subsection

L. Street lights. Light emitted by the fixture shall have a correlated color temperature no greater than 3000 Kelvin and/or comply with Massachusetts DPU Tariff standards if applicable. All other street light features are exempt from regulation under this bylaw.

M. Light shielding for parking lot illumination. All parking lot lighting shall have no light emitted above 90 degrees from the installed vertical axis.

N. Flickering and flashing lights. No flickering or flashing lights shall be permitted. Processes, such as arc welding, which create light flashes shall be confined within buildings or shielded to prevent either direct glare or flashing.

O. Fixture mounting heights.

(1) ~~F.~~ Wall-mounted fixtures. In nonresidential districts, a luminaire attached to the exterior of a building or structure for area lighting shall be mounted no higher than 15 feet above grade and shall be shielded to control glare. ~~"Wal-pac" lighting fixtures are prohibited.~~

(2) ~~P.~~ Pole-mounted fixtures. Pole-mounted exterior lighting fixtures **shall not exceed the pole-mounted height limitation of 20 feet in all zones.** ~~types are defined and restricted as follows:~~

Existing non-conforming light heights may remain as mounted until modification is proposed, at which time the height must be brought into compliance.

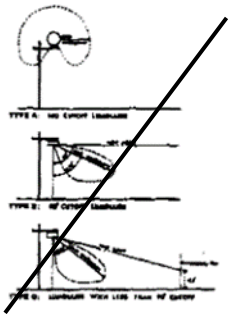
~~(1) Type A: no light cutoff.~~

~~(2) Type B: luminaire shielded such that peak candlepower is at an angle of 75° or less from straight down, and essentially no light is emitted above the horizontal.~~

~~(3) Type C: luminaire shielded such that total cutoff is at less than 90° from straight down, and no light source is in direct view of an observer five feet above the ground at any point off the premises.~~

~~H. Pole-mounted fixtures height limitation. Illustrations of pole-mounted exterior lighting fixture types are shown in Chart I herein. Pole-mounted fixtures shall not exceed the applicable pole-mounted height limitation set forth in Chart II in any district. The Type A pole-mounted exterior lighting fixture is prohibited in all nonresidential districts, unless equipped with shields.~~

~~CHART I. ILLUSTRATIONS~~



~~**HART II. POLE MOUNTING HEIGHT LIMITATIONS**~~

	~~**Maximum Luminaire Mounting Height (feet above grade)***~~ ~~"District" is that in which fixtures are located.~~	
	~~**District**~~	
	~~**Residential**~~	~~**Nonresidential**~~
~~Fixture Type A~~	~~10~~	~~Not allowed (unless shielded)~~
~~Fixture Type B~~	~~15~~	~~20~~
~~Fixture Type C~~	~~20~~	~~20~~

~~* Note: Feet above grade refers to the overall average grade of the area being illuminated.~~

P. Ceiling-mounted fixtures. In nonresidential districts, luminaires mounted on an exterior ceiling such as under a canopy shall be mounted with the refractor or lens flush with or recessed in the ceiling or fixture.

Q. Lighting levels. Any luminaire with a lamp or lamps rated at a total of 1**,**800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) and all flood or spot luminaires rated at 900 lumens or more (which is approximately equal to one 60-watt incandescent light bulb) shall not emit any direct light above a horizontal plane through the lowest direct-light-emitting part of the luminaire. If any spot or flood luminaire rated 900 lumens or less is directed or focused such as to cause direct light from the luminaire to be cast toward residential buildings on adjacent or nearby land, or to create glare perceptible to persons operating motor vehicles on public ways, the luminaire shall be redirected or its light output controlled as necessary to eliminate such conditions. The Planning Board reserves the right to limit and regulate the amount of illumination on a project site between the hours of 10:00 p.m. and 6:00 a.m., while understanding the need for safety and security lighting.

R. Light trespass limitations. There shall be no light trespass by a luminaire beyond the property boundaries of the lot on which it is located, except as within a street right-of-way for which there shall be no limit.

; or do or act anything in relation thereto.

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation: At Town Meeting
Advisory Committee Recommendation: At Town Meeting
Summary: *The article proposes to replace the current language in Section 174-12.1 Outdoor illumination with new language to reduce blue lighting and increase public health based on recommendations from the American Medical Association and the International Dark-sky Association.*

***ARTICLE 30**:* To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Article III entitled "Use Regulations" by amending thereto Section 174-10, entitled "Site Plan Approval" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-10
Site plan approval.
[Amended 4-8-1985 ATM by Art. 39; 4-14-1986 ATM by Art. 48; 4-13-1987 ATM by Art. 43; 4-11-1988 STM by Art. 4; 4-26-1990 ATM by Art. 41]

A. The purpose of the site plan review procedure is to encourage a desirable and compatible character of development within the Town of Southborough and to assure safety, promote logic, imagination and innovation in the design process while complying with all zoning requirements. The requirements of this section shall be applicable to the following:

(1) Any nonresidential development that results in an increase in on-site parking.

(2) All modifications to existing development projects which fall within the applicability of the Town's regulations for parking and loading (§ 174-12) or landscaping (§ 174-13).

(3) Any change in use or reactivation of a facility that has not been in use for a period of two years.
[Added 4-8-1996 ATM by Art. 51]

(4) Multifamily housing for the elderly.
[Added 4-15-1997 ATM by Art. 56]

(5) Adaptive reuse of historic buildings.
[Added 4-25-2017 ATM by Art. 30]

B. Site plan review will be processed by one of the following means:

(1) Minor plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds less than 2,000 square feet of floor area or which would require at least five but fewer than 20 parking spaces regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals less than 2,000 square feet shall be subject to minor plan review by the **Planning Board** ~~Site Plan Review Committee. The Site Plan Review Committee shall be chaired by the Town Planner and will consist of a Selectmen or~~

~~its designee, Building Inspector, Highway Superintendent, Board of Health Agent, Superintendent of the Water Department, Police Chief and Fire Chief or their designee, who will meet at a regularly scheduled time and place to review plans.~~ The **Planning Board** ~~Committee~~ shall also seek the advice of the Conservation Commission in the review of all minor plan submissions.
[Amended 4-8-1996 ATM by Art. 51]

(a) ~~Minor plan review will require 10 copies of the site plan to be submitted to the office of the Planning Board, together with an application form and filing fee.~~ **A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum:

[1] All existing and proposed buildings, including setbacks.

[2] Existing and proposed parking.

[3] Driveway openings.

[4] All property and street lines.

[5] Existing and proposed landscaping.

[6] Existing and proposed signs.

[7] Surfacing, indicating treatment of all surfaces.

[8] Location of all wetlands.

[9] Method of sewage disposal.

[10] Water supply.

[11] Stormwater drainage.

[12] Such other information as the **Planning Board** ~~Site Plan Review Committee~~ may reasonably request.

~~(b) Any dispute arising from the minor plan review process or any plan not receiving unanimous approval from the Site Plan Review Committee shall be referred to the Planning Board for action. The Committee may also refer any site plan that, due to unusual circumstances or a unique situation, it feels should be approved by the Planning Board. All site plans sent to the Planning Board by the Site Plan Review Committee for action will be handled through the minor plan review process.~~

~~[Amended 4-8-1996 ATM by Art. 51]~~

(b) Minor site plan is not a public hearing.

(c) The **Planning Board** ~~Site Plan Review Committee~~ shall approve, **or** disapprove ~~or refer to the Planning Board~~ all submittals for minor **site** plan review within **the required** 30 days of a completed application to the office of the Planning Board**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk. The actions allowed by the minor site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application will be required.**

(d) Where applicable, all other criteria and conditions of this section will govern minor plan review.

(2) Major plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds 2,000 square feet or more of floor area or which would require 20 or more parking spaces, regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals 2,000 square feet or more shall be subject to major plan review by the Planning Board. The major site plan submission shall consist of the following elements:
[Amended 4-8-1996 ATM by Art. 51]

(a) Ownership, zoning, use and the general location of structure and topography within 300 feet of the property lines of the site or adjacent land contiguously owned with the site.

(b) All **plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum, all** site features, existing or proposed, including but not limited to the following:

[1] Driveways, including widths.

[2] Parking facilities, including dimensions thereof.

[3] Loading facilities.

[4] Service areas.

[5] Street line, including widths.

[6] Roadways, including widths.

[7] Pedestrian walks, including widths and types of surface.

[8] Landscaping designation, specific plantings.

[9] Screening.

[10] Signs, including proposed sizes, mounting heights, types and drafted design.

[11] Lighting, including plan location and detail information, size, type and wattage.

[12] Surfacing, indicating treatment of all surfaces.

[13] Existing trees on the site which are a caliper of six inches or larger.

[14] Wetlands.

[15] Drainage, including detailed design data, pipe sizing, etc.

[16] Stone walls.

[17] Topography at two-foot contour intervals.

[18] Sewage disposal, including detailed design information.

[19] Water supply.

[20] Curbing.

[21] Such other information as the Planning Board may reasonably request.

(c) The construction of the work as detailed on the site plan shall not deviate from the work shown on the approved site plan. Accordingly, the site plan shall contain a sufficient level of detail to ensure the constructability of the project. Supporting details and documentation shall be presented as part of the site plan submission.

(3) Incomplete applications for both the minor and major review shall not be accepted by the Planning Board. Following submission of a site plan to the Planning Board, the Board or its designee shall review the **application/**plan for completeness within three business days of the submission. Completeness shall be based on the requirements of **the** ~~this~~ **respective** subsection**s for minor or major review.** If the submission is determined incomplete by the Planning Board or its agent, notice will be **provided** ~~mailed~~ to the applicant ~~by certified mail~~ within three business days of the submission specifying the deficiencies.

C. The plan**s for minor or major site plan approval** shall be prepared by a professional engineer, land surveyor, architect or landscape architect registered to practice in the Commonwealth of Massachusetts**. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** ~~and shall be submitted with 11 copies to the office of the Planning Board, together with an application form and a filing fee, if any.~~

D. Approval required.

(1) Site plan approval shall be granted **by a majority vote** upon determination by the Planning Board that the following are complied with. Any new building construction or other site alteration shall provide adequate access to each structure for fire and service equipment**; shall provide** ~~and~~ adequate provision for utilities and stormwater drainage consistent with the functional requirements of the Southborough Planning Board's Rules and Regulations for the Subdivision of Land**;** ~~and~~ shall be so designed that for the given location, ~~and~~ type and extent of land use, the design of building form, building location, egress points, grading and other elements of the development shall be so as to:

(a) Minimize the volume of cut and fill, the number of removed trees six inches in caliper and larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion and the threat of air or water pollution.

(b) Maximize pedestrian and vehicular safety and convenience within the site and egressing from it.

(c) Minimize obstruction of scenic views from publicly accessible locations.

(d) Minimize visual intrusion by minimizing the visibility of parking, storage or other outdoor service areas viewed from public ways or premises residentially used or zoned; minimizing glare from headlights through plantings or other screening; minimizing lighting intrusion through use of such devices as cutoff luminaires confining direct rays to the site; fixture mounting height not higher than 20 feet except adjacent to Route 9; and avoiding unreasonable departure from the character of building**s** in the vicinity.

(2) The Planning Board shall adopt and from time to time amend reasonable regulations for the administration of these guidelines.

E. The Planning Board shall hold a public hearing on the application for **major** site plan approval, with a written notice of the time and place of said hearing being given the applicant and the Board of Selectmen. The applicant is responsible for sending this notice to the certified abutters by certified mail return receipt requested, at least 10 days before the scheduled hearing. The Planning Board shall not act on the application until it has received and given due consideration to the recommendations of the Board of Selectmen or until 10 days have elapsed after the public hearing without receipt of the Selectmen's comments.

F. The Planning Board shall act on a~~n~~ **complete** application for **major** site plan approval and shall notify, in writing, the applicant, the Board of Selectmen and the Building Inspector of its action within 60 days of the receipt of **a** ~~the~~ **complete** application**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk.** ~~Failure of the Planning Board to so act and to notify the applicant within said 60 days shall constitute approval of the site plan.~~ The actions allowed by the **major** site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application notice and hearing will be required.

G. Any person aggrieved by the action of the Planning Board on ~~a~~ **either minor or major** site plan approval application may appeal said action to a Court of competent jurisdiction in accordance with M.G.L. c.40A, Section 17**, as amended.**
[Amended 5-22-2018 STM by Art. 3]

H. Minor departures from the site plan as approved**,** may be authorized by the Building **Commissioner** ~~Inspector~~ after approval of the **Planning Board** ~~Site Plan Review Committee~~ if required by engineering or other circumstances not foreseen at the time of plan approval. Any change increasing the size of any building or structure, changing the location of any building, parking or access road by more than 10 feet or reducing landscaping or screening may be made only through review by the Planning Board following the same procedures as for an original submittal. Any departure must be requested, in writing, with the basis for the change given. Any change authorized shall be recorded on the file copy of the site plan with the Building **Commissioner** ~~Inspector~~'s signature and the date.

I. The removal, fill or change of grade of earth materials, including soil, loam, sand or gravel, undertaken in order to construct or locate buildings, structures and such features accessory thereto as ways, driveways, areaways, walks or parking areas, and therefore exempt from regulations under Chapter 85 of this Code, is a part of construction and development process regulated by the Zoning Chapter. Except as necessary for the construction of detached one- or two-family dwellings and of features accessory thereto, the removal, fill or change of grade of earth materials for the purposes defined above shall be subject to approval under this section. Where the commencement of removal, fill or change of grade of earth materials precedes construction by three months or more, the submission and approval of the site plan may be undertaken in two stages, with the information for the first stage limited to property boundaries, existing and proposed topography at two-foot or lesser contour intervals, the character of the soil to be removed, added or relocated, the location and depth of any service and drainage conduits or pipes and the approximate location of any existing or proposed buildings, structures or physical features accessory thereto. Each stage shall be treated as a separate site plan for the purposes of this section, and the approval of Stage 1 of a site plan shall not be construed to assure the subsequent approval of Stage 2.

J. Compliance. The issuance of an occupancy permit will not be given prior to the satisfactory completion of all elements and conditions of the approved site plan. A temporary occupancy permit may be issued after the satisfactory completion of all items essential to public health and safety and sufficient bonding acceptable to the Planning Board is provided to the Town to cover all outstanding items.

; or do or act anything in relation thereto

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting

Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

ARTICLE 31: To see if the Town of Southborough will vote to approve the Southborough Noise Bylaw proposal attached to this document, as amended, or do or act anything in relation thereto.

SOUTHBOROUGH NOISE BYLAW

1.1 **Declaration of Policy**
Whereas excessive sound can be a serious hazard to the public health and welfare and safety and the quality of life; and whereas a substantial body of science and technology exists by which excessive sound may be substantially abated; and whereas the citizens of Southborough have a right to and should be ensured an environment free from excessive sound that may jeopardize their health or welfare or safety or degrade the quality of life; now, therefore, it is the policy of the Town of Southborough (the "Town") to prevent excessive sound which may jeopardize the health and welfare or safety of its citizens and/or degrade the quality of life.

It shall be unlawful for any person to make, continue to make, permit or cause to be made or continued, any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities. Furthermore, it shall be unlawful for any person who has custody and control of the premises to allow or permit another person to make, continue or permit to be made or continued any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities within the limits of the Town of Southborough.

1.2 **Definitions**
Except as may be specified herein, acoustical terminology used throughout this Bylaw is that approved as American National Standard Acoustical Terminology [ANSI S1.1-1994] by the American National Standards Institute (ANSI). The following words, phrases and terms as used in this Bylaw shall have the meanings as indicated below:

A. BACKGROUND SOUND LEVEL shall mean the sound level associated with a given environment, being a composite of sounds from all sources excluding the alleged offensive noise, at the location and approximate time at which a comparison with the alleged offensive noise is to be made.

B. CONSTRUCTION shall mean those activities requiring a building permit, and shall also include any site preparation, cemetery burial and caretaking operations, seismic surveys grading, assembly, erection, substantial repair, alteration, or similar action, including demolition, for or of public or private rights-of-way, structures, utilities or similar property.

C. The abbreviation dBA shall mean the A-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals. The abbreviation dBC shall mean the C-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals.

D. EMERGENCY VEHICLE: shall mean any vehicle operated in an effort to protect, provide or restore public safety, including, but not limited to, ambulances, police vehicles and fire vehicles.

E. EMERGENCY WORK: shall mean any work performed in an effort to protect, provide or restore public safety, or work by private or public utilities when restoring utility service or any work performed for the purpose of preventing or alleviating the physical trauma or physical damage threatened or caused by an emergence – an occurrence or set of circumstances involving actual or imminent physical trauma or property damage.

F. ENFORCING PERSON: shall mean any police officer, building official or public health official of the Town or any other Town employee designated by the Town Manager for this purpose.

G. IMPACT DEVICE: shall mean a construction device in which or by which a hammer, meaning a moving mass of hard solid material, is mechanically by means of a working fluid or compressed air caused to repetitively impact upon and transmit kinetic energy to a tool. The tool may be included as a part of the device, as in the case of a moil on a paving breaker or the drill steel of a jackhammer, or it may be a mass to which the impact device is temporarily connected as in the case of a pile and pile driver. Examples of impact devices are pile drivers, paving breakers, power impact hammers, impact wrenches, riveters and stud drivers.

H. INTRUDING NOISE: shall mean the total sound level created, caused, maintained by, or originating from an alleged offensive source at a specified location while the alleged offensive source is in operation.

I. PERSON: shall mean a person, firm, association, co-partnership, joint venture, corporation or any entity recognized by applicable law, public or private in nature.

J. SOUND LEVEL: shall mean the instantaneous A-weighted sound pressure level, in decibels, (dBA) as measured with a sound level meter set to the “A” weighting scale, slow response. On the decibel scale a sound level increase of 10 means the sound is 10 times more intense or powerful.

Decibel levels of some common activities are listed below:

Sound Level - dB	Source
50 - 65	normal conversation
60 - 65	laughter
70	hair dryer, vacuum
V Increasing risk of hearing loss V	
80	garbage disposal
85 - 90	lawnmower
100	garbage truck
120	walk behind leaf blower
130	jet takeoff/landing
145	fireworks

K. SOUND LEVEL METER: shall mean an instrument meeting American National Standard Institute's (ANSI) Standard S1.4-1983 for Type 1 or Type 2 sound level meters or an instrument and the associated recording and analyzing equipment, which will provide equivalent data.

1.3 **Designated Noise Zones**
The properties hereinafter described are hereby assigned to the following noise zones:

NOISE ZONE I: All properties utilized as residential uses in accordance with the Town of Southborough Zoning Bylaws and the grounds of any school, hospital or similar health care institution, house of worship or library while the same is in use, and any Cemetery or Open Space.

NOISE ZONE II: All other property used in accordance with the Town's Zoning Bylaw.

1.4 **Exterior Noise Standards**
It shall be unlawful for any person at any location within the area of the Town to create any loud noise, or to allow the creation of any noise, on property owned, leased, occupied or otherwise controlled by such person, which causes the sound level when measured on complainant's property to exceed the greater of:

A. The maximum allowable exterior sound level outlined in Table I; or
B. Five dB over the background sound level.

Table 1. Maximum Allowable Exterior Sound Level		
Noise Level	Daytime level 7:00 AM to 10:00 PM	Nighttime level 10:00 PM to 7:00 AM
I	60 dBA	50 dBA
II	70 dBA	65 dBA

If the intruding noise source is continuous and cannot reasonably be discontinued or stopped for a time period whereby the background sound level can be determined, the measured sound level obtained while the source is in operation shall be compared directly to the maximum allowable exterior sound level outlined in Table I.

1.5 **Construction Noise Standards**

A. Noise associated with construction is permitted between 7:00 AM and 6:00 PM on weekdays and 9:00 AM and 5:00 PM Saturdays provided the sound level from:

1. Non-impact devices do not exceed 70 dBA as measured over a time interval of 1 minute with the sound meter set to slow located on any other property, but at least 50 feet from the construction activity;

2. Impact devices does not exceed 90 dBA as measured with a sound level meter set to slow response located on any other property, but at least 30 feet from the construction activity.

B. Between the hours of 6:00 PM and 7:00 AM on weekdays and Saturday, noise associated with construction, shall be limited by the standards of Section 1.4.

C. Construction activities shall not be allowed on Sundays or legal holidays.

1.6 **Maintenance Noise Standards**

A. Noise associated with maintenance is permitted between 7:00 AM and 6:00 PM on weekdays, 8:00 AM and 6:00 PM on Saturdays and between the hours of 9:00 AM and 6:00 PM on Sunday, provided the sound level does not exceed 70 dBA as measured with a sound level meter set to slow response on any other property, but at least 50 feet from the maintenance;

B. Between the hours of 6:00 PM and 7:00 AM on weekdays, 6:00 PM and 8:00 AM on Saturday and between the hours of 6:00 PM and 9:00 AM on Sunday or a legal holiday, noise associated with maintenance, shall be limited by the standards of Section 1.4.

1.7 **Commercial Trash Collection and Deliveries or Pick-up**

A. The operation of commercial trash compactors or collection of trash, rubbish, refuse or debris, which generates noise in excess of the criteria given in Section 1.4 at any point of public or common pass-by between the hours of 7:00 PM and 7:00 AM is prohibited.

B. Deliveries or pick-ups for commercial or business purposes between 10:00 PM and 6:00 AM are prohibited unless the noise level of such deliveries or pick-ups in nearby residential areas does not exceed the noise criteria listed in Section 1.4.

1.8 **Motor Vehicles or Motorcycles**

Motor vehicles or motorcycles operated on public ways in the Town of Southborough or in any place where the public has the right of access as invitees or licensees may not exceed a maximum sound level of 85 dBA. It is also in violation of the Bylaw to operate a motor vehicle or motorcycle without a sound-limiting device connected to the exhaust system. This prohibits so-called "straight pipe" exhaust systems. This section shall not include screeching sounds emitted from emergency braking. Measurement for the purposes of this Section shall be at a distance of 36 inches from the noise source.

1.9 **Special Provisions**

Noise associated with the following activities shall be exempted from the provisions of this Bylaw:

A. Emergency work or emergency vehicles.

B. The operation of any vehicular alarm provided it terminates within 15 minutes of the initially recorded complaint.

C. Occasional outdoor gatherings, public dances, shows, and sporting and entertainment events provided said events are conducted pursuant to a permit or license issued by the appropriate jurisdiction relative to the staging of said events.

D. The intermittent or occasional use, during the daytime, of homeowners' light residential outdoor equipment

E. Snow removal performed by snow blowers, snow throwers or snow plows when appropriately outfitted with a muffler.

F. Any activity to the extent regulation thereof has been preempted by Town, State or Federal Law or by agreement between Town, State or the Federal Government.

1.10 **Prima Facie Violations**
Any measured noise exceeding the sound level standards as specified in Sections 1.4 through 1.10 may be deemed by the enforcing person to be prima facie evidence of a violation of the provisions of this Bylaw.

1.11 **Penalties for Violations**
A. Violations under Article 1, in the discretion of the enforcing person, may be enforced by non-criminal disposition as provided in MGL Chapter 40, Section 21D.

B. The penalty for a violation under this Bylaw shall be $100 for a first offense, $250 for a second offense, $500 for a third offense, and for each succeeding offense each day or part thereof shall constitute a separate offense.

Proposed by: PETER LAPINE, et al.
Board of Selectmen Recommendation: Not Support
Advisory Committee Recommendation: At Town Meeting
Summary: *As the population of Southborough grows, it has transitioned from a rural community to one that is more suburban. People move to Southborough to enjoy its natural beauty and peaceful environment. With increased housing density, practices of earlier times increasingly encroach upon the tranquility of Town residents, resulting in conditions characterized as being out of balance. There is an ever-growing requirement to place limits on these practices – a rebalancing - so that everyone, business owners and homeowners alike, may prosper. This article, a Noise Bylaw, seeks to harmonize the needs of Town residents with those of local business owners.*

ARTICLE 32*:* To see if the Town of Southborough will vote to pass a bylaw to reduce plastic waste

Section 1 Purpose and Intent

The production and use of single-use plastics such as polystyrene food packing and thin-film plastic checkout bags have significant impacts on the environment, including, but not limited to, contributing to the potential death of aquatic and land animals through ingestion and entanglement; contributing to pollution of the natural environment; creating a burden to solid waste collection and recycling facilities; clogging drainage systems; and requiring the use of millions of barrels of crude oil nationally for their manufacture. Additionally, polystyrene contains known carcinogens, and readily leaches into certain foodstuffs. Measurable levels of polystyrene are now found almost 100% of human fat samples.

The purpose of this bylaw is to preserve the Town's water, wildlife and natural resources—as well as to enhance the health of its citizens—by banning within the Town of Southborough two of the largest contributors of non-recyclable plastics to the environment—single-use polystyrene retail food packaging and single-use plastic checkout bags—while promoting the adoption of more environmentally friendly alternatives.

Section 2 Definitions

"Polystyrene food packaging" – means any holder of food or beverage made from polystyrene, either in solid or foam (Styrofoam) form, such as cups, plates, or take-out containers, as well all other single-use plastic products made to facilitate the consumption of foods, such as straws, lids and utensils made from polystyrene or other non-compostable plastic materials.

"Checkout bag" – means a carryout bag provided by a store to a customer at the point of sale. Checkout bags shall not include bags, whether plastic or not, in which loose produce or products are placed by the consumer to deliver such items to the point of sale or checkout area of the store.

"Retail Store" – means any business facility that sells goods directly to the consumer whether for or not-for-profit, including, but not limited to, retail stores, restaurants, pharmacies, convenience and grocery stores, liquor stores, as well as seasonal and temporary businesses.

"Reusable checkout bag" – means a bag with handles that is specifically designed and manufactured for multiple reuse and is either polyester, polypropylene, cotton or other durable material, or durable plastic that is at least 4.0 mils in thickness.

"Thin-film single-use plastic bags" – are those bags typically with handles, constructed of high-density polyethylene (HDPE), low density polyethylene (LDPE), linear low density polyethylene (LLDPE), polyvinyl chloride (PVC), polyethylene terephthalate (PET), or polypropylene (other than woven and non -woven polypropylene fabric), if said film is less than 4.0 mils in thickness

"Recyclable paper bag" – means a paper bag that is 100 percent recyclable and contains at least 40% post–consumer recycled content, and displays the words "recyclable" and "made from 40% post-consumer recycled content" in a visible manner on the outside of the bag

Section 3 Use Regulations
(A) Polystyrene food packaging shall not be distributed, used, or sold by any retail store within the town of Southborough.

(B) Thin-film single-use plastic bags shall not be distributed, used, or sold for checkout or other purposes at any retail store within the Town of Southborough.

(C) If a retail store provides or sells checkout bags to customers, the bags must be one of the following (1) recyclable paper bags, or (2) reusable checkout bags. The retail store may charge for said bags.

(D) Thin-film plastic bags used to contain dry cleaning, newspapers, produce, meat, bulk foods, wet items and other similar merchandise, typically without handles, are still permissible.

(E) Violation of the By-Law to Reduce Plastic Waste: First offense – written warning; 2nd offense - $100 per offense; 3rd and subsequent offenses - $250 per offense.

Section 4 Effective Date

This bylaw shall take effect six (6) months following Town Meeting approval of the bylaw. Upon application of the owner or the owner's representative, the Board of Selectmen or their designee may exempt a retail store from the requirements of this section for a period of up to two (2) months upon a finding by the Board of Selectmen or their designee that (1) the requirements of this section would cause undue hardship; or (2) a retail store requires additional time in order to draw down an existing inventory of straws or checkout bags.

Section 5 Enforcement

Enforcement of this bylaw shall be the responsibility of the Board of Selectmen or their designee. The Board of Selectmen or their designee shall determine the monitoring process to be followed, which may be limited to responding to citizen reports, and incorporating the monitoring process into other town duties as appropriate. Any retail store distributing plastics in violation of this bylaw shall be subject to fines as described in Section 3 (E) above. Any such fines shall be paid to the Town of Southborough. No licenses shall be renewed for any establishment with outstanding violations under this section.

Section 6 Severability

If any provision of this bylaw is declared invalid or unenforceable the other provisions shall not be affected thereby.

; or to do or act anything in relation thereto.

Proposed by: MICHAEL WEISHAN, ET AL.
Board of Selectmen Recommendation: At Town Meeting
Advisory Committee Recommendation: At Town Meeting
Summary: *This proposed bylaw would make a marked contribution to the heath of both the citizens of Southborough and the overall environment by banning single-use plastic bags, Polystyrene cups, straws, utensils etc. at all retail establishments in Southborough.*

And you are to give notice hereby by posting true and attested copies of the Warrant on the Town website, the Southborough Town House, 17 Common Street, Southborough Senior Center, 9 Cordaville Road, Southborough Library, 25 Main Street, and Southborough Transfer Station, 147 Cordaville Road; seven (7) days at least before the time appointed for such meeting.

Given under our hand this twenty-fifth (25th) day of February, 2020.

DRAFT POLICY
"THICKLY SETTLED/BUSINESS" AREAS AND "SAFETY ZONE" SPEED LIMITS

INTRODUCTION: In response to requests by residents and others for reduced speed limits on certain streets in the Town of Southborough (the "Town"), together with the Southborough Police Department's duty to enhance public safety throughout the Town, the Board of Selectmen adopts the following policy as to the evaluation process and criteria for implementation of a "Thickly Settled/Business" area speed limit of 25 MPH or a "Safety Zone" speed limit of 20 MPH on parts or all of specific streets in the Town—each as made possible by the approval at the 2020 Annual Town Meeting of the acceptance of M.G.L. c.90 s.17 and M.G.L. c.90 s.18B, respectively.

PURPOSE: The Board of Selectmen and the Town's Police Department are committed to continuously improving and enhancing public safety throughout the Town. Reduced speeds on streets in "Thickly Settled/Business" areas (as permitted pursuant to M.G.L. c.90 s.17) and for areas deemed to meet the criteria of a "Safety Zone" (as permitted pursuant to M.G.L. c.90, s.18B) are seen to benefit certain streets within the Town and to enhance pedestrian and vehicular safety. Requests by individual citizens, Town entities or others for reduced speed zones (from any of these sources, a "Request") will be evaluated and reviewed in accordance with this policy.

SCOPE: This policy outlines the procedure for the Town's Department of Public Works (the "DPW") to conduct evaluations and make recommendations to the Board of Selectmen based on this policy. The final authority to approve or deny a Request for a modified speed limit in a "Thickly Settled/Business" area or a "Safety Zone" will rest solely with the Board of Selectmen.

EVALUATION: The Board of Selectmen has developed this policy to evaluate and determine the need for the implementation of a reduced speed limit in a "Thickly Settled/Business" area or in a "Safety Zone" in the Town. The DPW, in conjunction with the Police Department, and other municipal departments as may be designated by the Town Administrator, will evaluate and assess Requests by identifying potential public safety benefits and risks where the modification of a speed limit in a "Thickly Settled/Business" area or a "Safety Zone" is being proposed. Such Requests will be evaluated using established criteria, including, as applicable, the standards and requirements of the Manual on Uniform Traffic Control Devices ("MUTCD") and the MassDOT Procedures for Speed Zoning ("MPSZ"). While the criteria to be used encompass many factors, the most important factor is the enhancement of public safety.

PROCESS: The following points describe the process for receiving, evaluating and resolving a Request for a speed limit modification in a "Thickly Settled/Business" area or a "Safety Zone":

1. Any Request for a speed limit modification in a "Thickly Settled/Business" area or "Safety Zone" will be directed to the Board of Selectmen.

DRAFT

2. The Board of Selectmen will consider any Request in a public meeting, no later than sixty (60) calendar days after receipt such Request, and will determine, by the end of this sixty (60) day period, if and/or how the Request will be pursued.
3. If the Board of Selectmen determines that the Request will be formally evaluated, the Request will be forwarded to the DPW for evaluation.
4. Such Requests will be reviewed and evaluated by the DPW, as follows:
    a. For a Request related to a "Thickly Settled/Business" area, the DPW will evaluate factors including, but not limited to, the following:
        i. Identifying the proximity of bus stops on the street or streets in question.
        ii. Reviewing crash data in the area of the Request over a five (5) year period.
        iii. Identifying the proximity of crosswalks in the Requested area.
        iv. Confirming that the area subject to the Request qualifies (per M.G.L. c. 90 Section 1) as a "Thickly Settled" area (that is, the territory contiguous to any way where the dwelling houses are situated at such distances as will average less than two hundred feet between them for a distance of one quarter of a mile or more) or a "Business Area" (that is, any way which is built up with structures devoted to business).
    b. For a Request related to a "Safety Zone", the DPW will evaluate factors including, but not limited to, the following:
        i. Reviewing crash data in the area of the Request over a five (5) year period.
        ii. Identifying the proximity of bus stops on the street or streets in question.
        iii. Identifying the proximity of crosswalks in the Requested area.
        iv. Confirming that any Request for a speed limit modification in a "Safety Zone" meets the following minimum criteria:
            1. The street is adjacent to a land use that is likely to attract vulnerable users of the road.
            2. The Safety Zone contains one or more areas that have potential conflicts between motor vehicles and vulnerable users of the road that warrant a reduction in speeds such as crosswalks, driveways, or side streets.
            3. The minimum length of the Safety Zone is at least one quarter (1/4) of a mile and it does extend more than 500 feet beyond a side street unless an applicable land use continues along the adjacent block.
5. The DPW evaluation process for a Request will consider all of the factors above, as applicable, and will include solicitation of and consideration of input from abutters and residents in the affected area and other Town residents.
6. Within ninety (90) calendar days of receipt of the Request to the DPW for an evaluation and recommendation, the DPW will make a final recommendation (including details of any relevant data and the reasoning supporting the recommendation) to the Board of Selectmen as to the disposition of the Request.

DRAFT

7. Within sixty (60) calendar days after receiving the DPW recommendation related to a Request, the Board of Selectmen will hold a public meeting to discuss the disposition of the Request. This public meeting will be advertised (on the Town website and through other local communication methods) and will provide an opportunity for individuals with interests on the affected street(s) and other residents of the Town to hear this discussion and to offer comments about the Request.
8. Within thirty (30) calendar days after the public meeting to discuss the disposition of the Request (or, if this public meeting discussion is continued by the Board of Selectmen to one or more subsequent public meeting(s), within thirty (30) days after the Board of Selectmen determines that the public discussion has been completed), the Board of Selectmen will vote on a final decision relative to the Request.
9. If the Board of Selectmen approves a speed limit change for a "Thickly Settled/Business" area, the DPW will timely notify MassDOT of this change (as required by M.G.L. c.90 s.17) and will timely implement such a speed limit modification.
10. If the Board of Selectmen approves a speed limit change in a "Safety Zone", this action creates a new "regulatory speed limit" (where a "regulatory speed limit" is one that has a special speed regulation and speed limit signs posted per M.G.L. c.90 s.18), which in turn requires additional actions per the MUTCD and the MPSZ (including an engineering study, new signage, notification (as applicable) of various State agencies). The DPW will be responsible for timely conducting all such implementation activities for any such speed limit change approved by the Board of Selectmen for a "Safety Zone" and making such speed limit change effective.

Effective Date: [Date]

DRAFT

EMPLOYMENT AGREEMENT BETWEEN
TOWN OF SOUTHBOROUGH
AND
POLICE CHIEF

This agreement, pursuant to Chapter 41, Section 108O of the Massachusetts General Laws, made and entered into this tenth day of March, 2020, by and between the Town of Southborough, Commonwealth of Massachusetts, a municipal corporation in Worcester County, hereafter called the "Town," acting by and through its Board of Selectmen, with no personal liability to themselves, hereafter referred to as "the Board" and Kenneth M. Paulhus of Blackstone, Massachusetts hereafter called "Police Chief".

WHEREAS, the Town desires to employ the professional services of Kenneth M. Paulhus as Police Chief of the Town of Southborough as provided by the Bylaws of the Town contained in Article II, Section 27-2 as amended;

WHEREAS, Kenneth M. Paulhus agrees to accept employment as Police Chief of said Town and devote the necessary time, skills, education, professional services, and efforts in carrying out all of his obligations, responsibilities and duties to the Town and for this the Police Chief represents that he has, and will maintain the skills, desires and ability to perform such obligations, responsibilities and duties to the extent he is able to do so.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the Board and the Police Chief agree as follows:

Section I. <u>Functions and Duties of the Police Chief.</u>

The Town hereby agrees to employ Kenneth M. Paulhus as Police Chief of the Town of Southborough, pursuant to and in accordance with Massachusetts General Laws, Chapter 41, Section 97A, as amended, and the Police Chief accepts said offer. The Police Chief shall act as the head of the Southborough Police Department and shall perform the duties specified in the attached job description for Police Chief [Exhibit A which is integrated herein by reference] and Town By-Laws in compliance with all other applicable laws and such other duties that shall from time to time be assigned to him. The Police Chief shall be responsible to the Board of Selectmen, through the direction of the Town Administrator,

The Police Chief shall obtain and maintain all necessary certifications and qualifications to enable him to perform the essential functions of the job of Chief of Police. Such qualifications include but are not limited to certification from the Massachusetts Municipal Police Training Committee to enable him to exercise police powers, and a license to carry a firearm.

Section II. <u>Term.</u>

A. This agreement shall become effective February 12, 2020, and shall remain in full force and effect until June 30, 2023 unless sooner terminated as provided for hereunder or by

law. The Agreement shall be for a term of three [3] years, four (4) months, and eighteen (18) days.

B. Parties agree to endeavor to meet and confer approximately seven months prior to the expiration date of this agreement for the purpose of discussing whether the agreement will be extended, subject to the provisions of Section XII.

C. The Police Chief shall establish and maintain a residence in a town whose boundaries are located within fifteen (15) miles of the boundaries of Southborough as demonstrated in the attached map and list of towns.

Section III. <u>Termination and Severance Pay.</u>

A. The Board may terminate the Police Chief for just cause during the term of this agreement by majority vote.

B. In the event the Police Chief is terminated by the Town prior to the expiration of the term of this agreement, the Town agrees that it shall pay the Police Chief a lump sum cash payment equal to five (5) months aggregate salary, which amount shall be paid to the Police Chief, on or before the effective date of termination of his employment; provided, however, that in the event the Police Chief is terminated for commission of a felony, conduct unbecoming a managerial employee or incompetence, the Town shall have no obligation to pay the base severance pay provided in this paragraph. The Police Chief shall also be paid for any accrued but unused vacation time.

The Chief may be suspended or discharged for just cause, upon proper notice and only after a hearing at which time the Chief shall have the right to be present, to be represented by counsel, and to cross-examine witnesses and to provide witnesses to speak on his behalf. The Board or its designee shall, upon notice of an alleged infraction or occurrence giving rise to possible disciplinary action of the Chief, initiate an investigation as to the facts surrounding said allegation. The Board shall endeavor to complete said investigation within a reasonable period of time. Upon completion of the investigation, the Board shall determine whether further action is warranted. The Chief shall be notified forthwith of the results of the Board's determination. If the Board finds that a hearing is required, the Chief shall be duly notified in writing of the date, time and location of the hearing, and the reasons for calling the hearing and make findings, conclusions and recommendations. To the extent allowed by law, the Chief shall have the option of choosing whether any such hearing shall be closed to the public or be held as an open hearing. The Board of Selectmen shall render decisions as soon as possible after the close of the hearing. A decision to discipline, suspend or discharge the Chief shall require a majority vote by the Board.

C. In the event the Police Chief voluntarily terminates his position with the Town before the expiration of the term of this Agreement, the Police Chief shall give two [2] month's written notice in advance, unless the parties agree otherwise. A copy of the resignation

shall be filed with the Town Clerk. The Police Chief shall not be allowed use of paid vacation leave during this time without prior approval of the Town Administrator.

Section IV. Salary.

A. The Town agrees to pay the Police Chief for services rendered under this agreement, an annual base salary of $155,320 subject to applicable withholdings and deductions, effective February 11, 2020, payable in installments at the same time as other employees of the Town are paid. The foregoing total salary [$155,320] is specifically intended to include all educational incentives, including any and all amounts due pursuant to M.G.L. c. 41, §108L, any subsequently enacted statutory educational incentive, or any internal Town educational incentive enacted through policy, bylaw or agreement with employees. To the extent that this section may be construed to modify §108L, such modification is in consideration of the total compensation and other benefits accorded to the Police Chief under this agreement.

1 In the second year of the Agreement, the Police Chief shall receive an increase of 3%, effective February 11, 2021, for a total annual salary of $159,980, subject to applicable withholdings and deductions.

2 In the third year of the Agreement, the Police Chief shall receive an increase of 3%, effective February 11, 2022, for a total annual salary of $164,780, subject to applicable withholdings and deductions.

3 The Police Chief shall receive an increase of 1.5%, effective February 12, 2023, for a total annual salary of $167,252, subject to applicable withholdings and deductions.

The Police Chief acknowledges that he does not have any prior service time in Massachusetts prior to July 1, 2009, and therefore is not eligible for funding under Massachusetts General Law, Chapter 41, Section 108L ("Quinn Bill").

B. The Police Chief shall receive a stipend for maintaining Massachusetts Police Accreditation status for the Police Department, based on the following schedule:

Year 1:	$7,300
Year 2:	$7,500
Year 3:	$7,800
2/11/23 – 6/30/23	$2,700

The stipend shall be payable in installments at the same time as other employees of the Town are paid.

C. The Town agrees to furnish at its expense professional liability insurance for the Police Chief with liability limits of One Million Dollars ($1,000,000.00).

D. The Police Chief shall receive the same Longevity Pay benefit as all other non-union employees, per the SAP Town Bylaw.

Section V. Police Chief Evaluation.

A. The Town Administrator shall review and evaluate the Police Chief every year from the date of appointment. Said review and evaluation shall be based on the goals and objectives developed jointly and mutually agreed to by the Town Administrator and the Police Chief. Further, the Town Administrator shall provide adequate opportunity for the Police Chief to discuss his evaluation with the Board of Selectmen.

B. Annually the Town Administrator and the Police Chief shall define the goals and objectives which they determine necessary for the proper operation of the Town and the attainment of the Board of Selectmen's policy objectives, and shall further establish a general priority among those various goals and objectives, reduced to writing.

C. The Police Chief shall conduct, at least annually, during the term of this agreement a complete assessment of his own performance in a written document approved in advance by the Town Administrator for this purpose, soliciting subjective feedback from individuals as determined by the Town Administrator with input from the Police Chief. The results of this assessment will be made available to the Board of Selectmen.

Section VI. Hours of Work.

A. The Police Chief's workweek shall ordinarily consist of five (5) business days, (Monday through Friday), plus whatever evening and/or weekend hours that may be necessary in order to properly respond to the demands of the position. It is understood that the Police Chief shall also generally participate in the Board of Selectmen's meetings, Town Meetings and other meetings at which his attendance would be beneficial to the orderly conduct of the Town's business. Because of the nature of the position it is also understood that the Police Chief will not be entitled to additional compensation for any hours spent beyond normal office hours.–It is recognized that the Police Chief must devote a great deal of time outside normal office hours to conduct the business of the Town. The Police Chief, therefore, shall be allowed to take compensatory time off and alter the Police Chief's schedule as the Police Chief deems appropriate during normal office hours, and at such times that will least adversely impact Department operations.

B. The Police Chief is an exempt employee for the purpose of the Fair Labor Standards Act.

C. The Police Chief shall notify and coordinate with the Town Administrator if he shall be absent from duty or on leave for more than a full day and who shall be responsible for the administration of the Police Department during such absence or leave.

D. Other Employment: The Police Chief position is a full-time job. Other employment must be approved in writing by the Town Administrator. If the Employee accepts employment without prior written approval, this employment agreement may be terminated immediately by the Town.

E. Exempt Activities: The Police Chief may engage in additional professional activities related to the position of Police Chief, such as guest lecturing and participation in professional activities, provided that such participation does not interfere with his job duties and responsibilities and with prior notice to the Town Administrator.

Section VII. Health and Dental Insurance

The Town shall provide the Police Chief health and dental insurance policies, which are consistent with the policies which other non-union Town employees are eligible.

Section VIII, Vacation, Holidays, Sick Leave, Bereavement Leave, and Personal Leave

A. Vacation

The Police Chief shall be entitled to four (4) weeks paid vacation per fiscal year. A week shall be defined as five (5) working days. Unused vacation days may not be carried over from year to year. However, the Police Chief shall be compensated for up to five (5) unused days of vacation per year, subject to the approval of the Town Administrator.

B. Holidays

The Police Chief shall receive one day's pay at his regular rate for the following:

New Year's Day	Labor Day
Martin Luther King Day	Columbus Day
Presidents' Day	Veteran's Day
Patriot's Day	Thanksgiving Day
Memorial Day	Day after Thanksgiving Day
Independence Day	Christmas Day
	Day before or after Christmas Day (as set by the Town from year to year)

In the event the Police Chief is required, due to a police emergency or other major event (e.g. Heritage Day on Columbus Day), to work more than minimal hours on a holiday, he shall be entitled to an additional day's pay under M.G.L. c. 147, §17F.

C. Sick Leave

The Police Chief shall receive 15 sick days per year, which may be accrued up to a maximum of 120 days per Section 11 (c)2 of the Salary Administration Plan. Absences on account of sickness in excess of that authorized shall be charged to vacation or other available paid leave. Sick leave shall be payable only in cases of genuine illness or non-work connected accidents.

As a sworn police officer, the Police Chief shall be entitled to injured-on-duty benefits as provided in Chapter 41, Section 111F of the Massachusetts General Laws.

D. Bereavement Leave

In the event of the death of a spouse, father, mother, child, father-in-law, mother-in-law, brother, sister, grandparent, or of any other person then residing with the Police Chief, he shall be entitled to receive three days' leave for the purpose of the funeral and disposition of the deceased. If out-of-state travel is required, the Town Administrator may authorize up to two additional days of travel time.

E. Personal Leave

The Police Chief shall be entitled to three personal days per year, which shall be approved by the Town Administrator. Personal days shall not accumulate from year to year.

Section IX. Professional Development, Dues and Subscriptions.

The Town agrees to budget and to pay, subject to appropriation and Town Administrator approval in advance for the professional dues, subscriptions and conference expenses of the Police Chief necessary for his continuation and full participation in one national, regional, state and local association, necessary and desirable for his continued professional participation, growth and advancement, and for the good of the Town.

Section X. Expenses.

A. The Police Chief shall be reimbursed for any normal and reasonable expenses incurred in the performance of his duties, or as an official representative of the Town, including attendance by him at civic or social events.

B. The Police Chief's duties require that he be on duty and available 24 hours a day. The Police Chief will be provided a vehicle by the Town of Southborough in connection with the performance of his duties. Recognizing that the Police Chief resides very close to the Rhode Island border, he shall be allowed to use the town vehicle outside of the state borders.

The Town shall pay for all attendant operating and maintenance expenses and insurance. It may be used by the Police Chief for personal reasons, since the Police Chief is "on-call" in the event of emergency. The vehicle will not be used for out of state vacations without the permission of the Town Administrator. The Police Chief will be responsible for any retirement contributions resulting from the availability and use of such vehicle. The value of said authorized personal use has been taken into account in setting the Police Chief's salary.

C. The Town shall also provide and pay for a cell phone for use by the Police Chief.

D. The Police Chief's clothing allowance will match the amount contained within the police officer's collective bargaining agreement.

Section XI. Indemnification.

The Town shall defend, save harmless and indemnify the Police Chief against any tort, professional liability, claim or demand, or other legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of his duties as Police Chief, even if said claim has been made following his termination from employment, provided that the Police Chief acted within the lawful scope of his duties. The Town shall pay the amount of any settlement or judgment rendered thereon, subject to M.G.L. Chapter 258 Section 13. The Town may compromise and settle any such claim or suit and will pay the amount of any settlement or judgment rendered thereon without recourse to the Police Chief.

This section shall survive the termination of this Agreement.

Section XII. Non-Renewal of Agreement.

If the Board decides not to renew this Agreement, the Board shall give the Police Chief written notice a minimum of six (6) months before the expiration of this Agreement. The Police Chief has an affirmative obligation to notify the Board in writing of the renewal provision, at least six (6) months before the last day of this contract. If the Board fails to give such written notice of non-renewal, this Agreement shall be extended for an additional one year period.

Should the Police Chief decide not to renew this agreement, the Police Chief will provide written notice to the Board a minimum of six [6] months in advance of the expiration of the contract.

Section XIII. No Reduction in Benefits.

The Town shall not at any time during the term of the Agreement reduce the salary, compensation or other benefits of the Police Chief, except to the degree such a reduction is consistent with the reduction for all other management employees of the Town.

Section XIV. Death During Term of Employment

If the Police Chief dies during the term of his employment, and is enrolled in the Town's health insurance and benefit program, the Town shall pay to the Police Chief's estate all the compensation which would otherwise be payable to the Police Chief up to the date of the Police Chief's death, including accrued unused vacation and sick leave. The Town shall continue to contribute its share of the health insurance premiums to the Police Chief's surviving spouse and family, if they are otherwise eligible under Chapter 32B and such other benefits as are available to other Town non-union employees.

Section XV. General Provisions.

A. The text herein shall constitute the entire Agreement between the parties.

B. This agreement shall be binding upon and inure to the benefit of the heirs at law and executors of the Police Chief.

C. This agreement shall prevail over any conflicting provisions of the Town by-laws or rules and regulations.

D. If any provision or any portion thereof, contained in this Agreement is held, invalid or unenforceable, the remainder of this Agreement, or portion thereof, shall be deemed severable, shall not be affected, and shall remain in full force. This agreement shall be interpreted and enforced in accordance with the laws of the Commonwealth of Massachusetts.

E. Any prior discussions or verbal agreements between the parties made prior, to this agreement shall not be binding upon the agreements unless reduced to writing, dated and signed by both parties.

F. This Agreement shall become effective when executed by both parties.

IN WITNESS WHEREOF, the Town of Southborough, Massachusetts, has caused this Agreement to be signed and executed in its behalf by its Board of Selectmen and duly attested by its Town Clerk, and the Police Chief has signed and executed this Agreement, both in duplicate.

Aldo,

I am forwarding the link below for your information. I was talking with Mr. Cimino today, and as part of pre-Town meeting on Tuesday, he would like to address logistics if it should happen that conditions worsen to the point where due to coronavirus, postponement of Town Meeting is required. It appears that the link below would address this situation.

If there are any other statutes that you are aware of that would apply to this matter, please share those at the pre-Town meeting.

To be clear, we are not taking any action at this time - we need to be prepared to act though, if needed.

To: Southborough Board of Selectmen

From: Police Chief Kenneth M. Paulhus

Subject: Part-Time Telecommunications Officer/Dispatcher

Date: March 3, 2020

Dear Board of Selectmen:

Please consider my recommendation to appoint Ms. Emily Brogie as a Part-Time Telecommunications Officer with the Southborough Police. The Department is looking to expand the number of P/T Staff in order to fill open shifts.

Ms. Brogie is a resident of Shrewsbury, and will be graduating from Worcester State College in May with a B.S. Degree in Criminal Justice. She has a history of employment in customer service.

Her appointment would be of great benefit to the Southborough Police Department. The starting date will be determined shortly after successful completion of a number of screening checks, and the Boards approval.

The recommended pay rate would be Grade 3 of the SAP, $21.00 per hour. Please feel free to contact me with any questions you might have.

Education

Anna Maria College May 2019
Bachelor of Science in Criminal Justice
Honors: *magna cum laude* (3.88 / 4.00)
Dean's List for Spring Semester 2019

Quinsigamond Community College May 2017
Associate of Science in Criminal Justice
Overall GPA: 3.24 / 4.00
Dean's List for Spring Semester 2017

Certifications

Association of Public-Safety Communications Officials – International, Inc. APCO Institute
Public Safety Telecommunicator 1, 7th Edition Course
Completed: 03/11/2019

Experience

Metropolitan Police Department of the District of Columbia
Executive Office of the Chief of Police-Office of Risk Management
Intern
September 2018-December 2018

- Gained a new and comprehensive understanding for risk management in subjects including but not limited to subrogation, tort, and lien claims
- Became familiar with Executive and General Orders, or administrative written directives, directed by the Executive Office of the Chief of Police to institute Department policy and procedure
- Touched upon audits and their importance to the department's operations and policing SOPs, i.e. body-worn camera and stop-and-frisk audits
- Handled claims that pertained to vehicle crashes, search and arrest warrants, excessive force, bodily injuries, and property damage
- Gained a better understanding of clerical and administrative work
- Provided DC ORM and MPD ORM with a cohesive report of subrogation, tort, and lien claims for fiscal years 2017 and 2018 to be used in the implementation of a new claims database framework, Origami Risk

John Terranova
terranovjo9@gmail.com
774-823-5871

Walgreens Corporation April 2015-present
Customer Service Associate

- Worked as a cohesive team to complete daily and weekly tasks
- Able to properly take in shipment, assess inventory for on hand availability, and order products to meet store needs
- Provided extraordinary customer service and addressed customer needs with genuine care
- While performing Customer Service Associate duties, I served as a "Designated Hitter" for the pharmacy for approximately one year
- Primarily carried out data entry tasks
- Contacted insurance companies to resolve third party insurance problems with prescriptions
- Under the supervision of the pharmacist, I prepared and assembled prescriptions for patients using the correct SOP

Volunteer Experience

St. Vincent Hospital Sept. 2013-June 2014
Sterilization Department
Surgical Equipment Sterilizer

- Followed organizational SOP to properly sterilize and prepare surgical equipment for use during medical procedures
- Inspected equipment for damage and ensured supplies were not expired
- Worked closely with department employees to work quickly and efficiently to meet the hospital's needs

Boy Scouts of America March 2009-present
Troop 9 Worcester, Ma
Assistant Scoutmaster

- Assisted my scoutmaster and troop with various responsibilities that pertain to the nature of scouting
- Using the EDGE method of teaching, I instructed youth scouts on various scouting topics
- Volunteered for numerous community service projects that benefited the city and surrounding communities
- In recognition for my commitment to community service I received the highest rank in Scouting, that is the Eagle Scout of America Honor Award

Awards Received and Academic Achievement

- Eagle Scout of America Honor Award October 4, 2015
- Key to the City of Worcester Honor Award October 4, 2015
- Presidential Community Service Acknowledgement Letter December 3, 2015
- Poll Worker Certificate of Recognition December 3, 2014

Subject: Capital Planning Committee

[EXTERNAL]

Good Afternoon,

Given that the online citizen activity form does not have a spot yet for the newly formed Capital Planning Committee, please accept this email as my willingness to volunteer.

As you know, I advocated over the past few months for your Board to consider reinvigorating this Committee as I think there is important work ahead that will require collaboration, appropriate oversight, and creative thinking to solve for the capital needs that face the the town over the short and long term.

Please do not hesitate to reach out with any questions.

Thanks,

Jason Malinowski

Subject: Zoning Article

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Administrator Purple:

The Economic Development Committee (EDC) had previously been sponsored by the Board of Selectmen for a zoning article originally slated for the 2020 Spring Town Meeting. Although that warrant article will not be moving forward this Spring, the EDC sees the community benefits of strategic zoning changes to encourage development. The EDC will endeavor to bring those zoning changes forward in the Fall.

While the date for the Fall Town Meeting has not been set, the EDC is aware of the timeframe and is in the process of scheduling all the necessary steps to ensure a successful article. The benefit of starting now is the ability to solicit the full collaboration of other boards, commissions, and residents should they want to participate. We also understand that trying to gather feedback during the summer is difficult, so the support of the Board to begin the necessary work early is important.

We have been advised that the EDC needs to 1) identify an article sponsor, and 2) the sponsor needs to vote to become the sponsor. Therefore, at the Feb 7th EDC meeting, a motion was made to initiate a request to the Board of Selectmen to sponsor the Downtown Zoning Mixed Use overlay article for the Fall Town Meeting. The motion passed 6-0-0.

We ask that you please make the Board of Selectmen aware of the EDC's request, and stand ready to answer any questions that you may have.

Thank you,

Marijke Munsiff

MassDOT
Massachusetts Department of Transportation
Highway Division

October 17, 2016

Dear Municipal Official:

I am pleased to provide the attached information/guidance relative to the recent passage of Sections 193 and 194 of Chapter 218 of the Acts of 2016 regarding changes to the Speed Limit Regulations under Chapter 90, Sections 17 and 18 that was signed by Governor Baker on August 9, 2016. The new statutes become effective on November 7, 2016.

In preparing this guidance it is MassDOT's goal to present a consistent approach on the local implementation of these statutes with respect to the most recent traffic engineering recommendations of MassDOT, the 2009 Federal Manual on Uniform Traffic Control Devices (MUTCD), and The Massachusetts Amendments to the MUTCD (2012). It is our opinion that it is imperative to create a uniform implementation by municipalities that decide to adopt these statutes which will ultimately increase their effectiveness on a statewide basis. These recommendations have been made and are hereby presented as the Official Standards of MassDOT, as authorized by Chapter 85, Section 2 of the Massachusetts General Laws. MassDOT will, upon the request of local authorities, advise municipalities on all aspects of these regulations.

Attached please find a series of Frequently Asked Questions regarding the new legislation and speed zoning in general. The MassDOT Speed Limit website will keep the FAQs up to date based upon feedback and also has a comprehensive explanation of all things speed limit related in Massachusetts. Please visit it at:
https://www.massdot.state.ma.us/highway/Departments/TrafficandSafetyEngineering/SpeedLimits.aspx

Sincerely,
[signature on original]
Neil E. Boudreau
State Traffic Engineer

Encl.: Speed Limit FAQs

Frequently Asked Questions on Speed Limits

Q1. What are the laws and regulations that govern speed limits in Massachusetts?

A1. Section 17 and Section 18 of Chapter 90 of the Massachusetts General Laws (MGL c. 90 §§ 17 and 18) dictates the requirements for establishing posted speed limits and the statutory speed limits on all other streets and highways. In addition, MassDOT and all municipalities are required by MGL c. 85 § 2 to follow the standards stated *Manual on Uniform Traffic Control Devices* (MUTCD) for the posting of speed limit signage.

Q2. What is a regulatory speed limit?

A2. With certain exceptions noted below, a regulatory speed limit is one that has a Special Speed Regulation and speed limit signs posted per MGL c. 90 § 18. A special speed regulation is established by conducting an engineering study, having the authority responsible for legislating municipal traffic code approve the proposed speed zones (city- and town-owned ways, only), submitting the study and proposed speed zones to MassDOT, having a special speed regulation duly approved by the MassDOT Traffic and Safety Engineering Section and the Registry of Motor Vehicles, and, lastly, erecting standard speed limit signage.

The Section 2B.13 of the MUTCD also states that, "Speed zones (other than statutory speed limits) shall only be established on the basis of an engineering study that has been performed in accordance with traffic engineering practices. The engineering study shall include an analysis of the current speed distribution of free-flowing vehicles." To comply with this statement, MassDOT has established Procedures for Speed Zoning, where all of the details for the required engineering study may be found.

Q3. How does a municipality create a Special Speed Regulation on a city- or town-owned way?

A3. Full details on the procedure for creating Special Speed Regulations may be found in the MassDOT Procedures for Speed Zoning. The following is a summary of the process:

1. Request sent by city/town to MassDOT District Office.
2. MassDOT will meet with city/town for detailed explanation of procedures (if requested).

3. City/town will submit proposed speed zones along with engineering justification and backup data.
4. Submittal reviewed by MassDOT District Office and Traffic & Safety Engineering Section.
5. If approved by MassDOT, special speed regulation prepared by MassDOT Traffic & Safety Engineering Section.
6. Regulation approved by city/town body that governs the municipal traffic code.
7. MassDOT Traffic & Safety Engineering Section and Registry of Motor Vehicles signs off on approved regulation.
8. Speed limit signs are erected by city/town. Speed limit is now enforceable.

Q4. What is a statutory speed limit?

A4. Statutory speed limits exist in the absence of special speed regulations and official posted speed limits. MGL c. 90 § 17 requires that drivers operate motor vehicles at a rate of speed that is no greater than reasonable and proper with regard to the use of the road and safety of the public. Reasonable and proper speeds are defined as:

- 20 mph in a school zone;
- 30 mph in thickly settled or business district for at least 1/8 of a mile;
- 40 mph on an undivided way outside of a thickly settled or business district for at least 1/4 of a mile; and
- 50 mph on a divided way outside of a thickly settled or business district for at least 1/4 of a mile.

Section 2B.13 of the MUTCD does not require an engineering study to establish a statutory speed limit since they are set based upon geographic criteria in the absence of a speed regulation. However, with the exception to the types noted in Question 8, statutory speed limits do not include posted signs.

Q5. What is a thickly settled or business district?

A5. MGL c. 90 § 1 of the MGL defines a thickly settled or business district as, "the territory contiguous to any way which is built up with structures devoted to business, or the territory contiguous to any way where dwelling houses are situated at such distances as will average less than two hundred feet between them for a distance of a quarter of a mile or over."

Q6. How does the new speed limit legislation passed in 2016 affect my town?

A6. Sections 193 and 194 of Chapter 218 of the Acts of 2016 creates two new sections to Chapter 90 of the MGL:

- Section 193 allows the municipality to opt-in to MGL c. 90 § 17C, thereby reducing the statutory speed limit from 30 mph to 25 mph on any or all city- or town-owned roadways within a thickly settled or business district. The legislation also requires cities and towns to notify MassDOT of these changes.
- Section 194 creates MGL c. 90 § 18B, allowing municipalities to establish regulatory 20 mph safety zones. Since this creates a regulatory speed limit, the MUTCD requires an engineering study prior to the establishment of the the safety zone and it should conform to the guidance found in the MassDOT Procedures for Speed Zoning.

Q7. If a city or town opts-in to Section 193 of Chapter 218 of the Acts of 2016, will that supersede any existing posted speed limit?

A7. No. This legislation only affects streets that are currently governed by a statutory speed limit. If an existing special speed regulation is in place, it will continue to govern.

Q8. Can cities and towns post their own speed limits?

A8. Standard speed limit signs may only be posted upon the establishment of a regulatory speed limit per MGL c. 90 § 18 and the MassDOT Procedures for Speed Zoning. However, there are other speed-related signs that cities and towns may elect to post upon completion of proper engineering studies:

- Municipalities that opt-in to Section 193 of Chapter 218 of the Acts of 2016 on a city- or town-wide basis may post Thickly Settled Speed Limit 25 Unless Otherwise Posted (MassDOT code MA-R2-9A or MA-R2-9B) signs at jurisdictional boundaries. MassDOT recommends that, if a city or town is considering opting-in to this legislation, that it is done so for the entire municipality to avoid potential confusion for drivers.
- Municipalities that opt-in to Section 193 of Chapter 218 of the Acts of 2016 on a street-by-street basis may post Thickly Settled District 25 MPH (MassDOT code MA-W13-4) signs at the upstream ends of street.
- School Zone speed limits may be posted if established under the standards of the MA Amendments to the MUTCD.
- Safety Zone speed limits may be posted and should follow MassDOT guidelines, as described in Q9.

Q9. What is the process for establishing Safety Zone speed limits?

Safety Zone speed limits are the only regulatory speed limits that municipalities can adopt without prior approval from MassDOT. Safety Zones cannot, however, be placed on State Highway without MassDOT approval.

Speed limits within a Safety Zone must be set at 20 mph and are intended to be used in areas where vulnerable road users are likely to be present. Examples of such areas are: parks and playgrounds, senior citizen housing and centers, hospitals or other medical facilities, high schools and higher education centers, and daycare facilities. Note that Safety Zones should not be used in place of School Zones for streets adjacent to grades 1-8 schools.

To establish a Safety Zone, MassDOT has developed the following minimum criteria:

- The street should be adjacent to a land use that is likely to attract vulnerable road users.
- The Safety Zone should contain one or more areas that have potential conflicts between motor vehicles and vulnerable road users that warrant a reduction in speeds such as crosswalks, driveways, or side streets.
- The minimum length of the Safety Zone should be at least 1/4 of a mile and it should not extend more than 500' beyond a side street unless an applicable land use continues along the adjacent block.

Regulatory speed limit signs are required to conform to the MUTCD, per MGL c. 85 § 2. Therefore, an engineering study must be performed to validate the posting of signage. The engineering study shall include an analysis of the current speed distribution of free-flowing vehicles.

In an area where a legal Special Speed Regulation has been enacted, the Safety Zone should be terminated with a Speed Limit (MUTCD code R2-1) sign that corresponds to the regulatory limit shown in the regulation. If the Safety Zone is in an area that has no Special Speed Regulation, it should be terminated with an End Speed Zone (MassDOT code MA-R2-7) sign.

Cities and towns are also responsible for modifying their Municipal Traffic Code to reflect the locations of all Safety Zones prior to the posting any signage.

Q10. Can speed limits be added or modified on city or town ways that have been constructed or reconstructed through a Federal Aid Project?

A10. All Federal Aid Projects in Massachusetts should have an executed Traffic Control Agreement signed between the municipality and MassDOT. The Traffic Control Agreement requires the city or town to maintain all traffic

control devices, including signage, in accordance to the approved plans for that project. Any modifications, including the addition of new signage, must be approved in advance by MassDOT. To request a modification to a Traffic Control Agreement, please contact:

Massachusetts Department of Transportation
Highway Division - Traffic & Safety Engineering
Attention: Regulations Engineer
10 Park Plaza, Room 7210
Boston, MA 02116

Q11. Are design drawings available for fabricating speed limit signs?

A11. MassDOT has created the following sign face drawings:

- MA-R2-7 (End Speed Zone);
- MA-R2-8 (Safety Zone Speed Limit 20);
- MA-R2-9A or MA-R2-9B (Thickly Setting Speed Limit 25 Unless Otherwise Posted); and
- MA-W13-4 (Thickly Settled District 25 MPH).

Other MassDOT standard sign designs may be found on the Traffic & Safety Engineering's Signs page. All other sign designs may be found in FHWA's Standard Highway Signs and Markings book.

SECTION 193. Chapter 90 of the General Laws is hereby amended by inserting after section 17B the following section:-

Section 17C. (a) Notwithstanding section 17 or any other general or special law to the contrary, the city council, the transportation commissioner of the city of Boston, the board of selectmen, park commissioners, a traffic commission or traffic director of a city or town that accepts this section in the manner provided in section 4 of chapter 4 may, in the interests of public safety and without further authority, establish a speed limit of 25 miles per hour on any roadway inside a thickly settled or business district in the city or town on any way that is not a state highway.

(b) Upon establishing a speed limit under this section, the city or town shall notify the department. The operation of a motor vehicle at a speed in excess of a speed limit established under this section shall be a violation of section 17.

SECTION 194. Said chapter 90 is hereby further amended by inserting after section 18A the following section:-

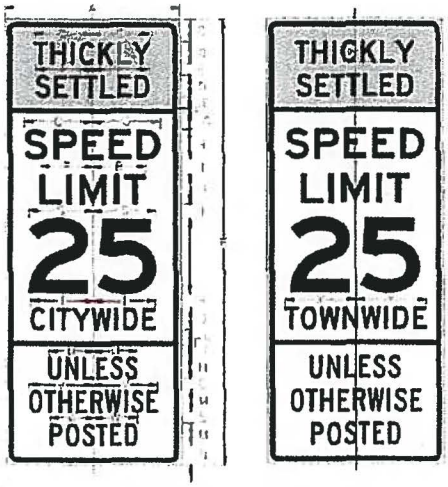
Section 18B. (a) Notwithstanding section 18 or any other general or special law to the contrary, the city council, the transportation commissioner of the city of Boston, the board of selectmen, park commissioners, a traffic commission or traffic director of a city or town that accepts this section in the manner provided in section 4 of chapter 4 may, in the interests of public safety and without further authority, establish designated safety zones on, at or near any way in the city or town which is not a state highway, and with the approval of the department if the same is a state highway. Such safety zones shall be posted as having a speed limit of 20 miles per hour.

(b) The operation of a motor vehicle in such zone at a speed exceeding the speed limit established under this section shall be a violation of section 17.

New "Thickly Settled" Speed Zone.

Allowed Traffic Commission to accept the new Speed Zone, with notification to MassDOT:

- Case by Case
- City Wide



MA-R2-9A, MA-R2-9B

New 20 MPH Safety Zone

- Used where vulnerable road users are likely to be present and potentially in conflict with motor vehicles that warrant a reduction in speed such as crosswalks, driveways and side streets.
- Minimum 1/4 mile length. Not to extend 500 feet past a side street
- Requires an engineering study. Does not require MassDOT approval on local streets.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 25, 2020, 7:00 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers and Town Administrator Mark Purple
Absent: Daniel Kolenda left the meeting at 7:39 P.M.

I. Chairman Shea called the meeting to order at 7:00 P.M.

II. **Public Comment**
None

III. **Scheduled Appointments**
Joint meeting with the Board of Library Trustees to fill a Trustee vacancy
Chairman Shea stated that this topic was discussed at the last meeting and needed to be revisited tonight to commence an official joint vote to fill the Trustee vacancy. Mr. Donovan stated that the recommendation for Janet Many to fill this position has not changed since last meeting. Ms. Landry stated the Board of Library Trustees voted unanimously to recommend Janet Many as the interim Trustee. Chairman Shea asked Ms. Maney if she had pulled election papers. Ms. Maney replied that she had not and she is working with Mr. Hegarty to do so. Mr. Purple informed the Boards that both need to make a roll call vote as the Board and Board of Library Trustees are meeting jointly. Chairman Shea made a motion to fill the vacancy on the Board of Library Trustees with Ms. Maney as recommended. Mr. Healey seconded. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye. Landry, aye; Yazdani, aye; Vachris, aye; Davis, aye. The motion passed unanimously (9-0-0).

Town Meeting warrant article presentations
Chairman Shea stated there are ten articles listed that the Board has not yet taken a position on. He reminded the public that the intent is for the Board to receive more information about the articles and either take a position of support, of no support or to wait until Town Meeting. He asked presentations be limited to five minutes.

i. Article 5 – Salary Administration Plan
Betsy Rosenbloom, Chair of the Personnel Board, informed the Board that the materials included in the package have the summary of changes the Personnel Board is recommending. She thanked the Personnel Board for volunteering their time to work on the Plan. Chairman Shea thanked Ms. Rosenbloom and the Personnel Board for their work and the summary they created. The rest of the Board reiterated his sentiments and there were no questions. Ms. Rosenbloom thanked Mr. Purple and Ms. Hale for their support of the Personnel Board. Chairman Shea made a motion to support Article 5 – Salary Administration Plan. Mr. Healey seconded. The motion passed all in favor (5-0-0).

ii. Article 8 – FY2021 Water Enterprise Fund budget
Mr. Purple told the Board the full Water Enterprise Fund budget is included in their packet which is the same budget used to create the water rate structure changes approved by the Board at the last meeting. There were no questions or comments from the Board. Chairman Shea made a

motion to support Article 8 – FY2021 Water Enterprise Fund budget. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

iii. Article 14 – MSBA project for Finn School boiler

Mr. Martineau, Superintendent of Schools, stated that in January of 2019 the School Committee submitted a statement of intent to replace the Finn School boiler through the Mass School Building Authority. He said the project to replace in-kind two oil fired burners with 85% efficiency was approved for MSBA. Mr. Martineau stated that propane was not a viable option because there is no area to store the tanks and EverSource does not provide natural gas in the area of the school. There was discussion on whether upcoming EverSource projects would provide an opportunity for Finn School to be supplied with natural gas. Ms. Galligan stated that the projects will be located on Southville Road and River Street and natural gas will not be available for Finn School. The total cost of the project is $990,180. Mr. Martineau explained that the MSBA reimburses 36.89% of the total cost of the project which would come to $365,246. The cost to the Town is $624,903. Mr. Purple informed the Board that MSBA gives a lump sum in the beginning of the project and the Town will only be borrowing the amount attributed and not the full cost. Chairman Shea made a motion to support Article 14 – MSBA project for Finn School boiler. Mr. Kolenda seconded. The motion passed (4-0-1). Mr. Healey recused as this is a borrowing article.

iv. Article 19 – CPA – Kallander Field project

Andrew Mills, Vice Chair of the CPC, informed the Board that the CPC articles have been unanimously voted in approval by the CPC as provided in the packet except for the change in wording in Article 20. He stated that a feasibility study was approved at Town Meeting last year and completed. Mr. Mills said the CPC voted unanimously to recommend to rehabilitate Kallander Field at the cost of $238,750 in CPA funds to the 2020 Town Meeting. Tim Davis, Recreation Director, stated they worked with a landscape architect and the final plans provided will address the issues plaguing Kallander Field. He stated that he has been working with Ms. Galligan to create a maintenance plan that will ensure the issues will not return. Chairman Shea asked if there was a schedule in place for the project. Mr. Davis stated the specifications for the bidding process is complete with a July 1 start date for the winning bidder. He said the goal was for the Field to be ready in spring 2021.

Mr. Stivers asked if the architect has full confidence that the project will fix the issues at the Field. He asked what obligation the architect had to the Field if the issues were not fixed. Mr. Davis stated he will look at the contract but reiterated that the Town will need to follow the maintenance plan to ensure the Field conditions do not deteriorate. Ms. Braccio commended the Recreation Commission for following a path that addressed the many concerns with the Field. She asked Mr. Davis if the studies considered the water flowing from the hill and he replied that they had. Mr. Healey asked if any of the abutters were aware of the progress made on the project. Mr. Davis replied that he has not heard from any abutters since coming into office and the work will be done to Town property only. Mr. Healey asked for Mr. Purple to reach out to the abutters to make them aware of the status of the project. Mr. Purple stated once bids are received, the Board will schedule a meeting with abutters to make sure they are aware of the project schedule. Mr. Stivers asked Mr. Smith if he was in support of these plans regarding stormwater management. Mr. Smith replied that he had seen the plans this evening and requested the inclusion of a more detailed drawing of the swale in the plans. Mr. Smith stated that as long as the swale is of an acceptable size to handle the drainage, he is comfortable with

the project plans. Chairman Shea made a motion to support Article 19 – Kallander Field project. Ms. Braccio seconded. The motion passed all in favor (4-0-0).

v. Article 20 – CPA – St. Mark's Church bell tower project

Andrew Mills, Vice-Chair of the Community Preservation Committee recused himself from this matter. Ben Smith, CPC member, stated there was an error in the language of this article and the request is for $300,000 not the $200,000 as written. He said the CPC voted on the change this evening and it passed (3-1-1). He added that the additional $100,000 would come from the General Reserve Fund. Mr. Smith introduced Mr. Blanchette, a member of St. Mark's Church.

Mr. Blanchette gave a historical background of St. Mark's Church and its involvement in the community. He stated the bell tower is falling into disrepair and has a five-year window to execute on needed renovations. He said the there has been an application filed for the bell tower to be listed on the National Register of Historical Places but has not yet been accepted. He added that request for an additional $100,000 is due to the fact that the application has not yet been approved. St. Mark's Church has received $50,000 in emergency funding from the Mass Historical Commission and the Parish committed to $350,000. Mr. Blanchette stated the overall cost for the repairs to the bell tower is $750,000. Chairman Shea asked where the additional $50,000 needed for the full repairs would come from. Mr. Blanchette stated they will continue to apply through the Mass Historical Commission for the final funding amount. He added that there are no religious depictions on the bell tower and it is free standing. Mr. Smith added that Town Counsel had opined that this project is fundable using CPA funds.

Mr. Healey stated that Mr. Butler had sent a letter regarding concerns on the inability to separate Church and State in this project and would like any documentation from the Mass Historical Society determining otherwise. Mr. Blanchette agreed to provide that information. Ms. Braccio stated that because of the concerns raised in Mr. Butler's letter and the increase in funding request, she was not ready to take a position. Chairman Shea explained that CPC funding is a combination of tax on Southborough property owners and a match that has been continually declining from the State. He explained his rationale for supporting CPC projects and he is not yet convinced this is a good use of tax payer's money. Mr. Stivers said he would like to hear a response to Mr. Butler's concerns from Town Counsel. Mr. Butler outlined a Supreme Court case from 2018 where citizens from the Town of Acton sued the Town for funding a similar project supported by the Mass Historical Commission. He added that the project was eventually pulled and the Town incurred approximately $250,000 in legal fees. He felt the St. Mark's Bell Tower project could put the Town at risk for this type of lawsuit. Chairman Shea suggested the Board decide whether to support Article 20 – St. Mark's bell tower project at Town Meeting. The Board agreed.

vi. Article 28 – Zoning bylaw – Special permits, alterations

Deborah DeMuria, member of the Zoning Board of Appeals, explained that the objective of the bylaw amendment is to bring clarity to the language and allow changes as of right to properties with pre-existing non-conforming lots or structures as long as the non-conformity is not increased in any way. She stated these sections of the Town Code have been very controversial and a recent special permit application brought the issue to the attention of the Zoning Board. She stated Town Counsel opined on the issue and referenced new case law outlining that a building permit and not a special permit were to be issued in these scenarios. Ms. Braccio asked if Town Counsel had reviewed the language. Ms. DeMuria replied he had. Mr. Healey asked how

these types of projects had been handled up until now. Ms. DeMuria replied that the applicant would need to apply for a special permit before the Zoning Board of Appeals. Ms. DeMuria stated the updated language will allow for these scenarios to apply for a building permit and not require zoning relief. Mr. Healey asked if the Building Commissioner supported this article. Ms. Barry replied in the affirmative. Chairman Shea made a motion to support Article 28 – Special permits, alterations. Mr. Healey seconded. The motion passed all in favor (4-0-0).

vii. Article 29 – Zoning bylaw – Outdoor illumination

Marnie Hoolahan, member of the Planning Board introduced Destin Heilman of 7 Harris Drive who has been consulting on this proposed bylaw. Ms. Hoolahan gave background on the reasoning for the proposed bylaw change which included environmental protection and increased safety for citizens and the environment inspired by the Dark Skies Initiative. Mr. Heilman expanded on this topic and explained that the update will be bring the bylaw up to date with modern ways to allow developers to use lights and will be more flexible. He explained there will be a color cutoff and a limit of 3,000 Kelvins as recommended the Dark Sky Association and ADA. Ms. Hoolahan explained the formatting changes and BUG rating. Mr. Healey stated he felt this was a good idea and explained his concerns regarding the enforceability as written in the proposed bylaw. He said he felt residents would embrace this bylaw more without the heavy-handedness regarding enforcement and stated he was not sure the burden of proof could be shifted to the homeowner. He added that the language that describes a site visit at night from a Town representative does not sound practical. Mr. Heilman said the enforcement section was taken verbatim from the Town of Pepperell's lighting bylaw. Mr. Healey asked if the Town of Pepperell conducted any site visits and felt that if the bylaw was successful, it was due to citizen by-in and not enforcement. He suggested they step back from an enforcement approach.

Ms. Hoolahan said it is a challenge to keep compliance and the Building Commissioner would be the single line of enforcement. Mr. Healey stated that the language in Subsection 1 of the proposed bylaw is sufficient. Chairman Shea asked the percentage of residential properties that would have violations. Mr. Heilman stated the bylaw proposed set standards in moving forward and lights would have to come into compliance at the end of their lifetime. Ms. Braccio asked how enforcement would proceed with commercial properties in violation. Ms. Hoolahan stated it would be the responsibility of the Building Commissioner to enforce the bylaw. Mr. Healey asked the potential cost for a property owner out of compliance. Mr. Heilman stated it would be zero. He gave an example of a parking lot in violation and explained they would need to come to full compliance when 50% of the fixtures needed replacement. Ms. Hoolahan added that the same would apply to homeowners in violation. Mr. Stivers stated that this bylaw is long overdue and asked for data and feedback from the Town of Pepperell regarding enforcement and instances where that was challenged or escalated to court. Ms. Braccio asked how residents will be informed of the bylaw updates and Ms. Hoolahan outlined their information sessions before Town Meeting and said she will work with Mr. Heilman and the Planning Board to form ideas for publicity after Town Meeting. Ms. Braccio asked if Christmas lights would be excluded and Ms. Hoolahan replied in the affirmative. Chairman Shea stated that he would like to attend other information sessions to learn more and would like to hold off on a position. The Board agreed. Chairman Shea stated the position will be printed as "at Town Meeting" in the warrant.

viii. Article 30 – Zoning bylaw – Site Plan review

Meme Luttrell from the Planning Board stated this article brings the bylaw in line with Town Code Chapter 9 § 23 which requires that all voting members of town committees are residents. She

said the Site Plan Committee consists of department heads; some who do not reside in Southborough. The bylaw would move the jurisdiction of Minor Site Plan review from the Site Plan Committee to the Planning Board. Ms. Luttrell explained the Minor Site Plan review process. Mr. Healey asked if the Site Plan Committee had a position regarding this article. Ms. Luttrell replied that the Planning Board had not heard any comments from them and added the Town Planner is in favor of this article. Chairman Shea made a motion to support Article 30 – Site Plan review. Mr. Stivers seconded. The motion passed all in favor (4-0-0).

ix. Article 31 – Citizen petition – Noise bylaw

The petitioner, Mr. Lapine did not have a presentation and opened the discussion for questions from the Board. Chairman Shea asked if he could use a gas-powered lawn mower at his house under this proposed bylaw. Mr. Lapine responded that he could as it would it would fall under the exemptions in the bylaw. Ms. Braccio asked how "light residential outdoor equipment" was defined. Mr. Lapine responded that it would be typical home equipment. Ms. Braccio asked if because the definition is not specified in the bylaw, that the equipment allowed would be left to the discretion of those that enforce the bylaw and Mr. Lapine answered in the affirmative. Mr. Healey asked if the Police Department would be enforcing this bylaw and if he had spoken with Chief Paulhus. Mr. Lapine responded yes to both questions and stated that the only concern he heard from the Chief was the challenge of using sound meters. Mr. Healey asked how the enforcement would be carried out and voiced his concern that additional officers were added to keep the Town safe; not to enforce civil matters. Mr. Lapine described the process from the Police receiving a complaint to responding and evaluating whether a violation occurred. He added that the violation would be determined by the Police at their discretion based on what they hear or if it were outside normal hours outlined in the bylaw. Ms. Braccio voiced her concern that specific items are not listed as exempt and the amount of complaints that could be brought because of the lack of clarity. Ms. Braccio added that she had concerns about enforcement and felt this bylaw was too restrictive. She gave feedback on the tables provided in the document and outlined the requirements from OSHA that are less restrictive.

Mr. Kolenda stated he would like to work on a noise bylaw with the Board and Police Chief in the coming year to allow for more public input and to create unified support for Town Meeting in 2021. Mr. Stivers said a noise bylaw is long overdue and had worked with Chief Paulhus in the past to create a draft. He added bylaws similar to this have worked in other communities and gives leverage to the enforcement arm to diffuse a noise complaint before resulting in fines. Mr. Healey stated that he agrees with Mr. Kolenda and does not feel the bylaw as written is enforceable. He stated a bylaw based on hours would be more beneficial. Mr. Kolenda made a motion for the Board to not Support Article 31 - Noise bylaw. Mr. Healey seconded. The motion passed (4-1-0). Mr. Stivers opposed.

x. Article 32 – Citizen petition – Plastics ban

The proponent was not in attendance and no presentation was made. Chairman Shea proposed to include the Board's decision as "at Town Meeting" in the annual warrant for Article 32 – Plastics Ban. The Board agreed.

xi. Any other warrant article included on the draft March 28, 2020 warrant

Ms. Braccio asked for a discussion of the EDC budget request of $10,000 included in Article 7. She stated that the Advisory Committee raised concerns about the proposed EDC budget at their recent meeting and she agreed that the grant the Committee received could cover a lot of the

items listed in their budget request. Ms. Braccio stated her concerns of potentially using tax payer funds to support a board or committee. She voiced concern about including a line item on the budget that could carry over a large yearly cost. Ms. Cook stated that Advisory will be voting on the budget tomorrow evening and this is one of their two concerns. She added that she agrees with Ms. Braccio's statements. Ms. Braccio asked if the Board were open to revisiting this line item.

Mr. Stivers stated he raised this concern when the request from the EDC was first received. He felt the funds would be more appropriate for a part-time grant writer. Mr. Healey stated he had concerns that lowering the EDC's budget could send a message that the Board does not support the Downtown Initiative. He said the Board has not supported the EDC as they should and moving forward, the support of the Board needs to improve. Ms. Braccio agreed that the EDC needs more of the Board's support but was concerned that this could set precedent for a board, committee, or citizen to come forward and request a large budget. She gave examples of others who successfully executed Town inditiatives without asking for more funding from the Town. Mr. Stivers said he is in support of the Downtown Initiative and felt that more value would come from more involvement in the project from the Board. Mr. Healey asked if Advisory had reservations due to the project itself or the concerns raised in this discussion. Ms. Cook stated Advisory supports the EDC initiative but does not think the Advisory Committee supports the EDC budget. She added that the EDC had some confusion as to how the $10,000 amount came about when they presented to Advisory. Chairman Shea stated he was concerned lowering the budget would send a message of non-support and suggested a meeting with the EDC to discuss their budget and other items. He added that the Board could hold their position until Town Meeting to gather more information. The Board agreed to invite the EDC to their next meeting.

IV. Reports

Town Administrator's Report

None

Chairman's Report

Chairman Shea reminded Town employees and volunteers to send in their acknowledgement of receipt of the Conflict of Interest Summary to the Town Clerk.

Chairman Shea informed the public that there will be a public hearing with MassDOT Thursday February 27th from 6:30-8:30 P.M. at Finn School. He stated the hearing will be regarding the traffic impact of an upcoming project to repair bridges on the Mass Pike in the summer of 2021. Chairman Shea said he will be inviting representatives from MassDOT to discuss the anticipated traffic impact on the Town with the Board. The roadways due to be impacted are Woodland, Cordaville and Parkerville Roads. He added that correspondence from the Town regarding the identification of timeframes that would cause conflicts are due in July. He asked Mr. Purple to work with Ms. Galligan and others to identify and apprise MassDOT of these potential conflicts. Mr. Purple agreed to do so.

Members' Report

Mr. Healey requested that Mr. Purple reach out to Ms. Galligan and update the public and Town website as to when construction for the Main Street Project will begin and impact roads. Mr. Purple agreed to do so.

Mr. Stivers stated he attending the MassDOT briefing session in Westborough regarding the repairing of bridges in Southborough and surrounding towns. He explained why the project has been accelerated due to traffic impact. He said MassDOT was not receptive to his suggestion to enhance the look of the bridges as they repair them. He encouraged the Board to make a similar request.

Mr. Stivers wanted to comment on the proposed Plastic Ban bylaw and referenced a study done on the ban imposed in California that has been in effect since 2007. He said it was found that single bag use did decrease but the alternatives used did not get the reduction in plastic as expected. Mr. Stivers added that paper bag use increased which also has an adverse environmental impact. He said it is advantageous to think about how to encourage people to reuse their bags more frequently and added that some areas had implemented fees per bag.

Consent Agenda

a. Approval of Regular Session minutes: February 4, 2020; February 11, 2020
Mr. Stivers asked to hold item "A." Mr. Stivers stated the motion Mr. Kolenda made in the February 4, 2020 meeting minutes regarding the support of the Police and Youth and Family Services positions was unclear. He had sent language to clarify this motion to Mr. Purple. Mr. Kolenda agreed with the proposed language change from Mr. Stivers for the February 4, 2020 minutes. Mr. Stivers made a motion to approve the February 4, 20202 meeting minutes with his requested edit and the February 11, 2020 meeting minutes as proposed. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
b. Mr. Kolenda made a motion to approve the appointment of Maintenance Technician position for Facilities Department. Mr. Healey seconded. The motion passed all in favor (5-0-0).
c. Mr. Kolenda made a motion to approve the refinancing request for LIP unit at 10B Fitzgerald Lane. Mr. Healey seconded. The motion passed all in favor (5-0-0).
d. Mr. Kolenda made a motion to approve of meeting minutes of January 7, 2020 for Public Safety Building Naming Subcommittee. Mr. Healey seconded. The motion passed all in favor (5-0-0).
e. Mr. Kolenda made a motion to approve the new on-site manager for CommCan Inc. Mr. Healey seconded. The motion passed all in favor (5-0-0).

V. Other Matters Properly Before the Board

<u>EDC request for BOS to sponsor Downtown Zoning Mixed Use overlay article for the Fall Town Meeting</u>

Chairman Shea stated he was supportive of the concept and would like to meet with the EDC regularly to assist with the project. He added he would like more information on this article and a proposed schedule in order for it to be included in the Fall Town Meeting. He suggested inviting the EDC to attend the next Board meeting. Ms. Braccio agreed and stated she supports the concept and is ready to take a position of support this evening. Mr. Healey stated he did not think a vote was needed and would like to hear from the EDC regarding their budget request. Chairman Shea asked Mr. Purple to invite the EDC to the March 10th meeting and to inform them the Board is supportive of being the sponsor on this article. Mr. Purple agreed to do so.

VI. On a motion made by Mr. Stivers, seconded by Mr. Healey and voted all in favor, the meeting was adjourned at 9:16 P.M.

Upcoming Meetings

March 10, 2020 *March 24, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the February 25, 2020 BOS Meeting:

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Sunday March 15, 2020, 8:00 P.M.
Location: Remote participation via conference call
Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers, Dan Kolenda, Town Administrator Mark Purple

I. Chairman Shea called the emergency meeting to order at 8:00 P.M. He thanked the Board for getting together to meet on such short notice to deal with the impacts of COVID-19 on the community. The meeting was held with all parties via conference call that Mr. Shea set up. Mr. Shea discussed the main points that Governor Baker listed in his late afternoon press conference relative to the number of people that can gather and other pertinent restrictions in Massachusetts due to the pandemic.

II. **Reports**

The Board discussed the following matters related to the protection of town employees and officials, as well as continuity of operations:

- Creating a basic payroll in case the Treasurer's Office became infected. It will be base salary only, items like overtime, stipends, and others will have to be done in a subsequent payroll as needed
- Discussion of what personnel is essential and remote work methods;
- Closure of all public buildings [though staff may be working internally as needed];
- Lobby access only for the Public Safety Complex;
- Implementing a system for remote meetings that allows the public to have access.

Mr. Kolenda joined the meeting at 8:20 p.m.

- Mr. Purple will hold a staff meeting [outside] at 8:30 a.m. on Monday to explain the protocol going forward and will then meet with managers to define essential personnel, and identify what work could be done remotely. It will vary from department to department;
- It was agreed that an employee who returns from a vacation outside the US should self-quarantine;
- The green mail box outside the Town House will be monitored constantly for mail, payments, etc.;
- Mr. Purple also noted that all desk phones can be forwarded to a cell phone so staff can still manage incoming inquiries and requests.

III. **Other Matters Properly Before the Board**

The Board agreed to meet remotely as often as needed during the pandemic situation.

IV. **On a motion made by Mr. Kolenda, seconded by Mr. Healey and voted all in favor (5-0-0), the meeting was adjourned at 9:05 P.M.**

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Thursday March 19, 2020, 6:30 P.M.
Location: Virtual meeting via Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers, Dan Kolenda, Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. He thanked the Board for getting together virtually. He read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to listen the meeting may do so in the following manner: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Consent Agenda**
The Board voted by roll call [5-0-0] to approve the meeting minutes of March 10, 2020 and March 15, 2020. Braccio aye, Kolenda, aye; Healey, aye; Stivers, Shea, aye.

III. **Reports**
Mr. Purple updated the Board on the following matters related to the protection of town employees and officials, as well as continuity of operations:

- Discussion of what personnel is essential and remote work methods;
- Closure of all public buildings [though staff may be working internally as needed];
- Lobby access only in the Public Safety Complex and further, noted the employee gym has been closed for the interim;
- Re-cap of a staff meeting [outside] on Monday morning to explain closures, protocols, and answer questions. He thanked Chairman Shea and Public Health Nurse Leslie Chamberlin for attending also;
- A reminder that the green mail box outside the Town House will be monitored *constantly for mail, payments, etc.;*

- Mr. Purple also noted that all desk phones can be forwarded to a cell phone so staff can still manage incoming inquiries and requests remotely.

Board members inquired what precautions are being taken in the fire department sleeping quarters. Other precautions include modifications in ambulance staffing, entry into homes and businesses where possible.

State of Emergency: Mr. Purple noted that he and Attorney Cipriano have reviewed and recommend a Local State of Emergency be adopted, adding that it reinforces the seriousness of the pandemic, provides more flexibility in decision response and formalizes how civil defense protocol is being delivered. Mrs. Braccio and Mr. Stiver felt it was helpful to codify these matters in one document and lets the public know how the community is responding with a clear message to the pandemic. Mr. Healey felt strongly that there be a distinction to note that a local statement like this does not authorize any additional authority to any board or town official that is greater than what they already possess through the Town Code or Massachusetts General Laws. Board members agreed Town Counsel should review and ratify that.

Staffing levels: Mr. Purple summarized a draft for the Board of a policy statement that he and Ms. Hale prepared which stipulates levels of staffing in town offices at this time, work from home categories, access to town facilities, payroll notifications and guidance for employees who have recently traveled or have time away from work planned in the future, as it relates to quarantine periods. Although the State does not currently require employees who have travelled domestically [and show no symptoms] to quarantine before returning to work, this policy would do that. It is recommended as an effort to minimize the potential exposure of other town employees to the virus. Mr. Kolenda disagreed and felt this went too far and suggested that we have no idea where staff is on their personal time and queried the limits of policing people's whereabouts [relative to being in crowds of larger than 25 people]. Mr. Stivers agreed with the travel by plane distinction and advocated for preserving vacation accruals if an employee chose to cancel a trip. Although this is a policy issue, not a legal one [according to the Town's labor counsel] taking advanced precautions to protect others provides a measure of comfort to employees who still need to work to carry on the business of government. Mr. Stivers suggested an amendment in the statement to clarify that transfer station operations are normal.

Mrs. Braccio moved to participating via phone instead of her computer.

There was a motion to approve the policy on staffing of town departments during COVID, with amendments. Although Mr. Kolenda did not agree with it in its entirety, the Board voted by roll call to approve this policy and it passed unanimously [5-0-0]. Braccio aye, Kolenda, aye; Healey, aye; Stivers, aye; Shea, aye.

Mr. Shea asked for an update from the following departments at the next meeting: Police, Fire, DPW, Facilities and Health. He also commended Public Health Nurse Leslie Chamberlin for her assistance during this crisis. For future board meetings, he requested that an agenda be posted

48 hours in advance whenever possible, using the Zoom platform, to include only COVID related items unless it is a time sensitive matter. Regarding other boards, he recommended that they be encouraged only to meet if they had a critical agenda item. Mr. Kolenda did not want the community to have the perception that the Town has shut down and Mrs. Braccio suggested that many meetings be held off until the 25/per person limit was lifted by Governor Baker.

Playgrounds: Mr. Shea noted that the school department is no longer permitting playground use on school properties. Ms. Chamberlin has recommended that playgrounds with plastic surfaces be avoided at this time. Mr. Kolenda felt strongly that parents should have access to playgrounds and fields on town properties during this crisis. It was also noted that the Recreation Department will not be issuing any permits for field use until further notice. The Board agreed to defer to the Board of Health on this issue. Ms. Hale noted that the Town's new Public Health Nurse started today and her name is Emily Amico; she is currently being trained by Leslie Chamberlin. Mr. Stivers suggested there be a scorecard on the town website of any local cases of COVID.

At 7:56 p.m. Mr. Kolenda and Mrs. Braccio departed the Zoom meeting while the rest of the board discussed the upcoming town election.

Annual Town Election: Mr. Shea read a statement from Senate President Karen Spilka relative to the status of Spring elections planned across Massachusetts. The Senate will be meeting this coming Monday on proposed legislation so the Board chose to wait until the next meeting to discuss this matter. Mr. Shea noted his opposition for the Selectmen getting involved on when an election should take place and wanted very much to avoid having a role in this decision and would like to leave it to the Registrar of Voters or other State officials.

IV. Other Matters Properly Before the Board

The Board agreed to meet virtually on Tuesday March 24, 2020 and as often as needed during the pandemic situation.

V. On a motion made by Mr. Healey, and voted by roll call (3-0-0), Healey, aye; Stivers, aye; Shea, aye, the meeting was adjourned at 8:05 P.M.

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

V. Adjournment

Brian E. Shea, Chairman

Virtual Meeting Policy for Boards & Committees

Approved: DRAFT

I. PURPOSE

In light of the ongoing COVID-19 coronavirus outbreak, Governor Baker issued an emergency Order on March 12, 2020, allowing public bodies greater flexibility in utilizing technology in the conduct of meetings under the Open Meeting Law. The Town of Southborough greatly values the participation of its citizens in the public meeting process, but given the current circumstances and recommendations at both the state and federal levels to limit or avoid public gatherings, including Governor Baker's ban on gatherings of more than 25 people, together with the present closure of the Southborough Town House and other public buildings to the public, the Town of Southborough has decided to implement the "remote participation" procedures allowed under Governor Baker's emergency Order for all boards, committees, and commissions.

II. SCOPE OF POLICY

1. All or any of the members of the public body may choose to participate in a public meeting via remote access. Meetings may be virtual, in their entirety;
2. The public will not be allowed into a Board/Committee meeting, even where there are any members of the public body and/or Southborough staff or official(s) physically present at the meeting location during the meeting. "Public comment" portions of meetings will be temporarily suspended;
3. However, the public will be provided with alternative access through which they can watch or listen to meetings "in real time," and meeting notices will specify the manner in which members of the public may access audio or video of the meeting as it is occurring;
4. If, despite our best efforts, our technological capabilities do not adequately support public access to virtual or remote meetings, the Town of Southborough will ensure that an audio or video recording, transcript, or other comprehensive record of the proceedings at the meeting is posted on the Town of Southborough's website as soon as possible after the meeting;
5. Notices for public hearings will contain additional information about how the public may participate via electronic/technological means;
6. For executive session meetings, public access to the meeting will be limited to the open session portion(s) of the meeting only. Public access to any audio, video, internet or web-based broadcast of the meeting will be discontinued when the public body enters executive session;
7. Where individuals have a right, or are required, to attend a public meeting or hearing, including executive session meetings, they will be provided with information about how to participate in the meeting/hearing remotely;
8. Meeting notices will still be posted at least 48 hours in advance (not counting Saturdays, Sundays, or legal holidays), unless it is an emergency meeting as defined under the Open Meeting Law (in which event, the meeting notice will be

posted with as much advanced notice as is possible in the circumstances). Minutes will still be taken;

9. Each meeting may experience unique circumstances that may require last minute changes in protocol, including cancellation or rescheduling. Please check individual meeting agendas on the calendar on the Town of Southborough's website, located https://www.southboroughtown.com/, for the latest information regarding meetings.

DRAFT

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 10, 2020, 6:00 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:04 P.M.

II. **Pre-Town Meeting conducted by Moderator Paul Cimino**

Mr. Cimino addressed the impact the Coronavirus may have related to Town Meeting and M.G.L. Chapter 39 § 10A. He asked Public Health Nurse Leslie Chamberlin to speak to the issue. Ms. Chamberlin explained that she met with local Boards of Health in twenty-three surrounding communities and the decision was made to follow the CDC guidelines when taking public health precautions. She explained the three stages the epidemic has been broken into "before, during and after." She stated Southborough has yet to have a patient with a presumptive positive case of the Coronavirus and therefore she recommended the Town follow the procedures the CDC has laid out for the "before" stage. She said due to these recommendations the Senior Center and schools have cancelled their social events. Ms. Chamberlin added that the Board of Health would need an official vote, but her recommendation was to postpone Town Meeting.

Mr. Cimino stated the recommendations he has seen involve handwashing and keeping a safe distance and asked Ms. Chamberlin if Town Meeting is not held March 28th then he presumes it will not be held the week after either. Ms. Chamberlin responded that if there are good prevention strategies there is hope for a low rate of infection and there is no evidence to show that next month or early May would be worse. Mr. Kolenda asked for her recommendation for another date for Town Meeting and Ms. Chamberlin responded she could not answer that question. She stated the best way to predict is to look at China but reiterated there are still a lot of unknowns. Mr. Healey stated that those over 60 years of age are at high risk and asked Ms. Chamberlin if the Board of Health would recommend they do not go to Town Meeting in March. Ms. Chamberlin said she could not make that recommendation but all events over 100 attendees have been canceled for seniors. She explained the need for safe distances and ventilation which are not easily available at Town Meeting. Mr. Healey asked what would happen if the Town does not act at Town Meeting before the beginning of the fiscal year. Town Counsel Cipriano replied that it could adversely affect the ability to appropriate money. He stated he will be participating in a Mass Municipal Lawyers Association audio conference regarding these legal issues and will report back to the Board well before Town Meeting. Mr. Healey asked that the message be relayed that the Cities and Town of Massachusetts be given maximum flexibility whether that includes administrative action by the DOR or an Act of Legislature. Ms. Braccio asked if there were legal ramifications for holding Town Meeting when it could exclude those at high risk. Attorney Cipriano replied that public safety would outweigh an individual right. Options included holding Town Meeting outdoors or in the garage bays at the Public Safety Building. Mr. Cimino

stated that no decision would be made tonight and opened the discussion to public comment. There was no public comment.

Mr. Cimino moved on to the Town Meeting Warrant and informed the Board and public he will review the articles and ask for the names of those making the motions for each. The list is included below:

Article 1	**Article 2**	**Article 3**	**Article 4**	**Article 5**	**Article 6**	**Article 7**
Shea	Healey	Braccio	Kolenda	Rosenbloom	Stivers	Shea

Articles Requiring 2/3 Vote: 10, 14, 28, 29
Articles Requiring Majority Vote: 22, 23, 24

Mr. Cimino suggested Mr. Mills to clarify that St. Mark's Church share a name but is not affiliated with the St. Mark's School when presenting Article 20. Mr. Mills agreed to do so. Mr. Mills stated a St. Mark's Church representative from another town would like to present. Mr. Cimino said the hall would have to vote in favor of this.

Mr. Cimino asked if the required public hearings were conducted for Articles 28, 29 and 30. Mr. Morris, Chair of the Planning Board, stated they have been holding public hearings on these articles since the beginning of February and continue them until before Town Meeting. He stated when the hearings are closed minutes before Town Meeting, the Planning Board will then vote to support or not support each of these articles. Mr. Cimino asked if there were presentations for these articles and Mr. Morris stated there were and there will be amendments to the Outdoor Illumination Article.

Mr. Lapine stated he will be making the motion and presentation for the Noise Bylaw in Article 31. He added there are six minor amendments that will be submitted. Mr. Stivers suggested he include a redlined version for the public to compare with the original article at Town Meeting. Mr. Lapine agreed.

Mr. Cimino praised Mr. LaFlamme for his effort in capturing presentations and amendments and presenting them for assembly at Town Meeting. He asked that all presentations be forwarded to Mr. LaFLamme no later than next Friday, March 20th.

There was discussion regarding department heads who do not live in Town and their ability to speak or present. Mr. Cimino said the blanket approval from the hall is for those out of Town to be in the room, not participate in presentations. Ms. Braccio asked the Board if they would approve Chief Paulhus speaking at Town Meeting in regards to the Article 31, Noise Bylaw. The Board agreed.

III. Public Comment

None

IV. Scheduled Appointments

Capital Planning Committee interviews/appointments

Chairman Shea stated there were six individuals who volunteered for the Capital Planning Committee and invited the two in attendance to speak.

a. Kathryn Cook, 11 Graystone Way

Not present.

b. Jeffrey Hark, 10 Stockwell Lane

Mr. Hark gave a background of his experience which included fifteen years in the financial services industry, thirteen years with PwC in the assurance practice, operational work with Fortune 500 companies and many years reviewing contracts, budgets and consulting. He stated he would like to give back to the Town.

c. Jason Malinowski, William Colleary Lane

Not present.

d. Michael Nordstrom, 14 Meeting House Lane

Not present.

e. Joseph Palmer, 18 Parkerville Road

Mr. Palmer stated he has background in hotel management and operation and capital planning for those facilities and then moved on to positions in business marketing. He stated he felt the Town has tax increases partially due to a lack of understanding of facility needs. He referenced the needs at the Library and explained there needs to be more budgeting and planning to allow for more discretion throughout the year.

f. Andrew Pfaff, 50 Oak Hill Road

Not present.

Mr. Stivers asked about availability over the summer months and both Mr. Hark and Mr. Palmer stated there would be no issues. Mr. Kolenda asked how they heard about the open committee positions and both said members from Town asked them to apply. Mr. Healey asked if they had experience with bonding issues. Mr. Palmer said he did not directly and Mr. Hark said he had experience on the client end and has understanding how the process works.

Chairman Shea explained there are six applicants and five positions. Ms. Braccio voiced her concerns about including two Advisory members on the committee and felt a Board member

should be included. Mr. Kolenda made a motion to expand the committee to seven members. Ms. Braccio seconded for discussion. Chairman Shea stated he was concerned with having a Board member sit on a committee that would report and make recommendations to the Board. Mr. Healey agreed and suggested keeping the committee at five members with only one Advisory member. There was discussion about the skills and value brought to the committee from both Ms. Cook and Mr. Pfaff and the Board agreed with the sentiment. Mr. Stivers stated he was not familiar with Mr. Nordstrom and would like to hear from him before appointment. He added that a committee of seven creates a strong outside input. The motion to expand the committee to seven passed (3-2-0). Chairman Shea and Mr. Healey opposed. Mr. Kolenda made a motion to appoint the six applicants and Ms. Braccio to the Capital Planning Committee. Mr. Healey seconded. Chairman Shea suggested the appointment of six with the exception of Mr. Nordstrom and invite him to the next meeting for an interview and possible appointment. Mr. Kolenda amended his motion to appoint the five applicants and Ms. Braccio with the exception of Mr. Nordstron and ask him to attend the next meeting. Mr. Healey seconded. The motion passed all in favor (5-0-0).

<u>EDC – Discussion of FY21 budget: request for Selectmen sponsorship of bylaw</u>
Chairman Shea gave a summary of prior Board EDC budget discussions and the letter of request of for sponsorship of the Downtown Initiative bylaw. He directed the Board to start the EDC budget discussion.

Ms. Braccio summarized her concerns that the request for an additional $10,000 could be covered by the grant the EDC received and that using Town funds to support a proposed bylaw could set an unwanted precedent. She added that Advisory took a position to not support this budget request. Ms. Braccio gave examples of other boards and committees that achieved successful zoning changes and project execution without asking for Town funds. John Wood, EDC member, stated that the funds requested in the budget are not for promotion of the bylaw change. He explained the revenue issues in Town and the fact that businesses are moving to surrounding towns. He added the Downtown Initiative is one aspect of the EDC's focus but they are also working to bring business back to Route 9. Marijke Munsiff-Vegting, EDC Coordinator, explained that there was a misunderstanding at the Advisory meeting regarding their budget request. She stated that the $10,000 request is to start researching and applying for grants to fund additional aspects of the Downtown Initiative and other EDC goals. Mr. Healey asked the cost for the initial grant writing. Ms. Munsiff-Vegting stated $1,000. Mr. Stivers added that he would rather see the $10,000 appropriated to a part-time grant writing position to support multiple boards and committees. Mr. Kolenda suggested the EDC speak to the fact that the majority of taxes are paid by residents and the value of the EDC's efforts to fill vacancies on Route 9 and reduce the residential tax burden. Ms. Braccio reiterated her concerns. Ms. Munsiff-Vegting replied that the initial budget request was a misunderstanding and felt the reasons for the request had not changed since then.

Ms. Munsiff-Vegting summarized the Downtown Initiative timeline for a September or October Town Meeting. She added the RFPs had gone out for consulting for the writing of the proposed zoning bylaw change and believes they are due back March 27th. Chairman Shea requested the EDC work towards a presumed September start date for the purposes of momentum and requested a join meeting with the Board, the EDC and the chosen consultant. Chairman Shea made a motion to sponsor the EDC proposed zoning bylaw. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).

V. Reports

Town Administrator's Report

Mr. Purple stated that the Warrant has been printed and will be available in Town buildings and on the website. He added the Budget Book and Town Report is currently being printed.

Mr. Purple recognized Conservation Agent Melissa Danza for completing her Master's Degree in Science and Sustainable Development from Unity College in Unity, ME. He congratulated her on the accomplishment.

Mr. Purple stated in order for the replacement of the Finn boilers to occur over the summer, the Board will need to vote to authorize and enter into a project funding agreement with the MSBA and authorize signatures to execute the document on behalf of the Town. He asked the Board if they would like to vote on this sponsored article tonight. The Board agreed. Mr. Healey made a motion to grant the authorization to enter into a project funding agreement with the MSBA for the Finn School boiler replacement. Ms. Braccio seconded. The motion passed all in favor (5-0-0).

Mr. Purple said the Board has booked Trottier Room 190 for 11:30 A.M. on March 28th should Town Meeting still occur on that date. This is in order for the Board to discuss any outstanding items.

Mr. Purple stated that the Golf Course opened this past weekend. He stated there are finishing touches needed to be done and Assabet needs to finish work on the stairs and the deck.

Mr. Purple informed the Board that there is a new parking sign reserved for Veteran's only in the front of the Town House to thank them for their service. He said Brian Stearns, Veterans' Agent, brought this forward after seeing it in another community. Mr. Kolenda stated Main Street Bank has this designation as well. Ms. Braccio suggested a Veterans designated parking spot be made at the Senior Center. Mr. Purple said he would work with Mr. Parent and Ms. Livoli at the Senior Center.

Chairman's Report

i. Discussions of draft policies on process for considering requests under proposed thickly settled/safety zone bylaws

Chairman Shea suggested the Board begin drafting a proposed policy for the traffic safety measures should these articles pass at Town Meeting. He explained that during prior discussions, the Board anticipated questions regarding enforcement and Board responsibilities. Chairman Shea stated he asked Mr. Stivers to prepare drafts and asked the Board to review and filter comments and questions to Mr. Purple by end of business on March 18th. He stated there will be no action taken tonight but the creation of the draft could enhance the ability for the articles to pass at Town Meeting. The Board agreed.

Members' Reports

Mr. Kolenda praised the Southborough Police and Fire Departments for their professionalism and care taken as he recently witnessed their work firsthand.

Mr. Kolenda praised the Southborough Veterans for their volunteerism through the VFW, American Legion and preparing for events like Memorial Day and Veterans Day. He added that these upcoming events will have new additions due to the work of the Veterans and Eagle Scout volunteers.

Mr. Stivers said that at their meeting last evening, the Planning Board, asked him to mention to the Board the idea of using leftover funds from the snow and ice fund to contract for an assessment and enforcement of sign illumination issues. Mr. Stivers stated he spoke with Advisory who responded that there is rarely money left over from the snow and ice fund.

Mr. Stivers stated Ms. Danza coordinated a Municipal Vulnerability Preparedness with many department heads and emergency personnel in order to prepare for future natural disasters and longer-term environmental issues. He thanked her for coordinating the event and said some of the activities identified could be supported through grants.

Mr. Stivers stated he was happy to see the Golf Course open on Sunday and encouraged the public to visit and play.

Mr. Stivers said he received another speeding complaint from Deerfoot Road and numerous others from Flagg Road, Parkerville Road, and Pine Hill Road. He said with the construction on Main Street causing pressure on other roads, he suggested installing speed bumps and tables on these roads. He suggested working with the DPW.

Ms. Braccio commended Mr. Kolenda for a prior discussion regarding naming a part of the Woodward Field after former Selectmen, Brian Shifrin. She said his dedication to the Town, baseball and coaching was the inspiration for the dedication and would like to see this topic on the next agenda. Chairman Shea stated he attended a recent Recreation Commission meeting and spoke on this under public comment to ensure that both parties worked together. Mr. Shifrin's wife, Kristine and others in attendance suggested a field located at Finn School may be more appropriate. Mr. Kolenda agreed and requested the Shifrin Family attend the next meeting and include this topic on the agenda for the Board to possibly vote at the next meeting. Mr. Purple agreed to facilitate.

VI. Consent Agenda

a. Chairman Shea made a motion to approval of Regular Session in minutes: February 25, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
b. Chairman Shea made a motion to approve of Executive Session minutes: February 25, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
c. Chairman Shea made a motion to approve of new employee agreement with Police Chief Paulhus. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
ci. Chairman Shea made a motion to appoint PT Communication Officers for Police Department. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
e. Chairman Shea made a motion to appoint Doriann Jasinski to Affordable Housing Trust Fund Committee, term 6/30/21. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
f. Chairman Shea made a motion to appoint Hal Keiss to Taxation Aid Committee, term 6/30/20. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).
g. Chairman Shea made a motion to reappoint Brian Stearns as Veterans' Agent term 4/30/21. Mr. Kolenda seconded. The motion passed all in favor (5-0-0).

Mr. Kolenda thanked Mr. Stearns for all the work he has done as Veterans' Agent. He stated Mr. Stearns has been a tremendous advocate and always available to Veterans.

VII. Other Matters Properly Before the Board

Continued discussion/review of draft Small Cell (5G) policy

Mr. Purple stated the Board had reviewed the policies prepared by Special Counsel and gave feedback to him. Ms. Hale, Mr. Healey and Mr. Purple participated in a review of Board member comments with Attorney Laughman and results of that meeting were included in the packet.

Mr. Healey stated that during the meeting there was a walkthrough of all comments submitted by the Board and all of them were accepted. Some had minor changes due to legal requirements explained by the attorney. Mr. Stivers stated he supports the overall policy but felt it was disjointed in regards to the definitions and the applications of the policy statement. Mr. Healey responded that the Board had the opportunity to review those issues prior and Mr. Stivers apologized for missing that opportunity but felt it still needed work. Mr. Stivers asked if there was any feedback from Ms. Davis and Mr. Purple said he had not received anything yet. Chairman Shea made a motion to adopt the Small Cell (5G) policy and other documents as distributed in the packet. Mr. Healey seconded. The motion passed (4-1-0). Mr. Stivers opposed not in concept but in execution.

Process/schedule for Public Safety naming of spaces

Chairman Shea stated the Board had received the memo from the Public Safety Building Naming Sub-committee with suggestions for naming of spaces and he would like to invite them to the next meeting to review the process for names they considered and then suggested to the Board. Mr. Kolenda stated he was present for the Naming Sub-committee meeting and reviewed the process. He said it was thorough and every piece of information received from the public was read into record and reviewed. The names were categorized in buckets for each space and then assessed, discussed and rated for consideration by the Board. He said he would like to see this topic on the agenda for the next meeting. Mr. Purple stated he would reach out to subcommittee Chair, Peter Goodney for the March 24th meeting.

VIII. On a motion made by Chairman Shea, seconded by Ms. Braccio and voted all in favor, the meeting was adjourned at 8:26 P.M.

Upcoming Meetings *March 24, 2020* *Annual Town Meeting, March 28, 2020*

DRAFT

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Sunday March 15, 2020, 8:00 P.M.
Location: Remote participation via conference call
Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers, Dan Kolenda, Town Administrator Mark Purple

I. Chairman Shea called the emergency meeting to order at 8:00 P.M. He thanked the Board for getting together to meet on such short notice to deal with the impacts of COVID-19 on the community. The meeting was held with all parties via conference call that Mr. Shea set up. Mr. Shea discussed the main points that Governor Baker listed in his late afternoon press conference relative to the number of people that can gather and other pertinent restrictions in Massachusetts due to the pandemic.

II. Reports

The Board discussed the following matters related to the protection of town employees and officials, as well as continuity of operations:

- Creating a basic payroll in case the Treasurer's Office became infected. It will be base salary only, items like overtime, stipends, and others will have to be done in a subsequent payroll as needed
- Discussion of what personnel is essential and remote work methods;
- Closure of all public buildings [though staff may be working internally as needed];
- Lobby access only for the Public Safety Complex;
- Implementing a system for remote meetings that allows the public to have access.

Mr. Kolenda joined the meeting at 8:20 p.m.

- Mr. Purple will hold a staff meeting [outside] at 8:30 a.m. on Monday to explain the protocol going forward and will then meet with managers to define essential personnel, and identify what work could be done remotely. It will vary from department to department;
- It was agreed that an employee who returns from a vacation outside the US should self-quarantine;
- The green mail box outside the Town House will be monitored constantly for mail, payments, etc.;
- Mr. Purple also noted that all desk phones can be forwarded to a cell phone so staff can still manage incoming inquiries and requests.

III. Other Matters Properly Before the Board

The Board agreed to meet remotely as often as needed during the pandemic situation.

IV. On a motion made by Mr. Kolenda, seconded by Mr. Healey and voted all in favor (5-0-0), the meeting was adjourned at 9:05 P.M.

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

DRAFT

RCV'D Town Clerk

AMB

Board of Selectmen
Meeting Minutes

Meeting Date: Tuesday, March 24, 2020, 6:30 P.M.
Location: Virtual Meeting via Zoom
Present: Brian Shea, Lisa Braccio, Marty Healey, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple
Also present: Steve Achilles, Fire Chief; Leslie Chamberlin, Public Health Nurse; Karen Galligan, DPW Superintendent; Ken Paulhus, Police Chief; Paul Pisinski, Health Agent

Mr. Shea read the following statement:

> Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to listen the meeting may do so in the following manner: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Reports from Town departments

Board of Health: Public Health Nurse Leslie Chamberlin told the Board she now has a second positive COVID case as of today; a family member at the same residence of the first case so it is contained in the same residence. She further said approximately 10 residents have been in "contact monitoring" [check temp, are they symptomatic, facilitate testing site]. She has been maintaining phone calls and providing guidance to the public as well as NECC. She gave an overview of the process which includes:

- DPH sends test result for town residents to BOH database;
- Nurse Chamberlin interviews the person over the phone, a contact case becomes linked with the primary person in the MAVEN database;
- No positive cases are logged until she is informed by DPH;
- She defines a contact as a person potentially being infected if they had at least a 15-minute conversation at normal range of talking.

Health Agent Paul Pisinski updated the Board on other activities the Board of Health is still engaged in aside from COVID.

Fire Department: Chief Achilles provided the following updates:

- All 4 shifts are being maintained;
- No paid leave will be approved through April 20;
- The department is also utilizing on call members to support full time staffing;
- Some procedures implemented relate to patient care, CDC guidelines, etc.;
- Funding is available through SEMA to replenish inventory when that is possible;
- The Chief is looking at plans for reduced staffing if that is required due to exposure;
- He noted there are about 7 people on shift at one time; the Administrative Assistant has been able work remotely as much as possible. Vendors and family members have been prohibited from entering the building;
- They do go through a lot of disinfectant supplies since Fire is not able to social distance in the building and on the vehicles during a call;
- Have been analyzing those retirees who might be able to come back and staff shifts if they are needed. Chief Achilles noted he is still licensed as a paramedic and can serve that role if staff were diminished;
- Some staff could be transferred back to shift duty if needed [such as the fire prevention officer].

Police Chief Paulhus:

- Police is fully operational, leave has been suspended in this department;
- Two members have been quarantined [due to exposure to a positive COVID case] but will be back on shift soon;
- Crime is not experiencing social distancing, staff is very responsive to other needs of the department. The partnership between the police and the public is very strong. All matters will be addressed, don't be afraid to call with a concern, even if it has nothing to do with COVID;
- Trying to handle some issues over the phone instead of in person. Additional screening has taken place so as to have less face to face contact ;
- The Clinician is out of service because she came in contact with someone, but other resources are available if a situation came to be. He reports that he has not seen an uptick in mental health issues, the citizenry has been extremely cooperative;
- He did request more signage on the fields so as to discourage gatherings.

DPW Superintendent Galligan:

Ms. Galligan told the Board she has seen little effect on her department thus far. She has secured fields as much as she can, has closed the Swap Shop and noted the Transfer Station is operating on normal hours.

She commented that the DPW does not have access to many disinfectant supplies, and she believes the Police and Fire departments should have priority with those supplies. The Board emphasized that DPW is also a priority.

Answering a question from the Board, she said Main St construction is still due to start up in April as planned and is leaning on Verizon to get wires moved. The Rotary Club spring clean-up is approaching soon and hopes that will proceed with proper social distancing. Mr. Stivers asked if they can accelerate the process since there is so little traffic. She said those employees are laid off for the winter and crews are not in place right now unfortunately.

Declaration of Emergency: Mr. Healey said the statutory authority is unclear in a situation like this but is solid in giving the Town the right to take the action. The Board voted by roll call to approve as presented, 5-0-0; Braccio, aye; Kolenda, aye; Healey, aye; Stivers, aye; Shea, aye.

Meeting Minutes: The Board voted by roll call to approve the March 19, 2020 minutes; Braccio, aye; Kolenda, aye; Healey, aye; Stivers, aye; Shea, aye.

Town Administrator Update: Mr. Purple gave a staff meeting update and noted the following:

- Veterans Agent verified the claims process is electronic commented that had has been seamless. He is looking ahead and getting local veteran's benefits paid for April and it was conveniently processed ahead of time.
- The Building Commissioner has limited inspections and is flexing out the staff so they are not all together in a small office simultaneously that still needs to operate.
- COA already knows who their at-risk seniors are and have been doing outreach on a recurring basis; Meals on Wheels is still running normally.

Trails: The Board added that Breakneck Hill, Beals Preserve and the town forest open for walking. Ms. Braccio asked if the senior citizens could walk the school track for a period each day. They have been using the cemetery and it is not a great walking surface for them. Mr. Kolenda does not want to limit a certain age population. He feels you are allowing residents to walk on a track but not play soccer. Mr. Shea said the activities that bring them into closer contact like playing a game is still discouraged. Mr. Healey felt you cannot address everything and the athletic activity is a slippery slope. A track is different and is not a team environment sport. Walking and jogging does not violate the terms of the Governor's order and is consistent with the BOH guidance. The School Superintendent is open to the discussion as long as there is a no dogs policy. The Board voted by roll call to ask the school department to open the Trottier track for walkers and joggers for the senior citizens, consistent with Governor Baker's order. Mr. Kolenda said he will not vote in favor of this motion that does an injustice to other groups. Mr. Healey's motion passed by a 4-1-0 vote. Braccio aye, Healey, aye; Stivers, aye; Shea, aye; Kolenda, nay.

Mr. Purple added the next COVID update will focus on this as well as the second case. He believes New England Golf will be closing per the Governor's non-essential order.

Mr. Shea told the Board he had a request from the Trails committee to hold a meeting, perhaps on another platform besides Zoom. Mr. Stivers felt as long as they can record and post he is amenable. There are many moving pieces related to managing live streams, schedule of meetings and Zoom hosts. IT Manager Tom Laflamme prefers limiting to this platform. When discussing at what point boards could take up other business matters, Mr. Healey stated it should be for COVID or critical matters as much as possible. The Board agreed with this sentiment and voted to adopt that protocol by roll call vote. The

message is boards and committees are to be trusted to use their judgment with this. Braccio, aye; Healey, aye; Stivers, aye; Shea, aye; Kolenda, aye.

At 8:03 p.m. Mr. Kolenda and Ms. Braccio signed off.

Town Election: It was stated the legislative relief to move the Town election has been left up to the Selectmen or the Board of Registrar of Voters, or the date can be left as scheduled. Town Clerk Jim Hegarty said options are open up until June 30th. May 12 is not possible to do in a safe and accurate fashion with the amount of poll workers he needs. The Registrars administer elections recounts, audits and other administrative functions, and is a group made up from both parties. Since we share a district with Northborough it should be the same date, in the Clerk's opinion. Staff will verify if that is a requirement or just past practice. [Northborough will discuss their new election date on April 13th.] The new date must be announced 20 days before the election and the Selectmen can determine date, time and location. The Board voted by roll call [3-0-0] to postpone to a date to be determined, prior to June 30th. Shea, aye; Healey, aye; Stivers, aye. Mr. Hegarty told the Board today was the deadline for nomination papers to be returned, and that process is not affected by these changes. It is expected that a majority of ballots case will be by absentee ballot.

The meeting adjourned at 8:21 p.m.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 31, 2020, 6:30 P.M.
Location: Virtual meeting through Zoom
Present: Brian Shea, Lisa Braccio, Marty Healey, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple. Mr. Kolenda left the meeting at 7:04 P.M.

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Consent Agenda**

a. Chairman Shea made a motion to approve Open Session Minutes: March 24, 2020. Mr. Kolenda seconded. The motion passed all in favor by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

b. Vote to enter into and be bound by the MSBA Project Funding Agreement, and authorize the signatory to execute the document on behalf of the Town, for Accelerated Repair Program for Finn Elementary School.
Chairman Shea stated Town Counsel provided additional legal language to be included a motion from a vote taken at a previous meeting. Chairman Shea made a motion to authorize the Town Administrator on behalf of the Town to execute the project funding agreement for the Mary E. Finn Elementary School with the Massachusetts School Building Authority for a total facility grant and further to authorize the Town Administrator to make final binding decisions with respect to proposed project on behalf of the Town. Mr. Kolenda seconded. The motion passed by roll call vote (4-0-1). Mr. Healey recused himself as it is a bonding issue. Roll Call: Shea, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

III. **Update on impact of COVID-19**

Chairman Shea stated that the Moderator decided to delay Town Meeting. As required by M.G.L. as currently written, after a declaration to recess and continue a Town Meeting pursuant to this section, a local public safety official designated by the Board of Selectmen of the town for which the declaration was made shall submit a report to the Attorney General that sets forth the

reasons why the declaration was made. Chairman Shea made a motion to appoint Chief Achilles, the Emergency Management Director, as the local official for this purpose to create the report to the Attorney General. Mr. Kolenda seconded. The motion passed all in favor by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Chairman Shea asked the Board if there were any additional COVID-19 related items. Ms. Braccio asked the Board if they would support a reverse 9-1-1 call to reiterate the need for social and physical distancing. Mr. Kolenda and Mr. Healey stated they supported the idea. Mr. Purple agreed to make the request of the Police and Fire Chiefs and the DPW Superintendent.

Mr. Purple said Ms. Hale, Ms. Esposito and Mr. LaFlamme have been coordinating to revamp the Town COVID-19 update page. He added they are looking to the pages from other towns to mirror their look and functionality to include daily updates regarding testing numbers and outcomes. Mr. Purple stated that Public Health Nurse, Leslie Chamberlain is a part-time employee and has been using most of her time to follow up with those that tested positive for COVID-19 and their contacts. Mr. Purple agreed to look into the availability of the daily updated number of tests conducted and positives in Southborough.

Mr. Stivers stated he watched the School Committee meeting and they had voted to sign documents electronically through DocuSign during this State of Emergency and suggested the Board do the same. He added that the School Committee was looking to repurpose staff that are not doing their normal jobs. He suggested resources like these could be used at the Transfer Station to open up for more hours to spread out the flow of patrons. Ms. Galligan stated this could be a challenge because a DPW employee would need to assist anyone shifted from another department. She stated she would prefer to keep the staff as it is currently set.

Mr. Healey stated a representative from the Southborough Community Fund reached out to Chairman Shea, Mr. Purple and him to marshal resources in coordination with the Town to effectively provide financial assistance during the COVID-19 crisis. Ms. Braccio suggested Mr. Healey reach out to the Council on Aging and Youth and Family Services as they have funds that come through the Foundation. Mr. Healey replied that he would and the goal is to bring as many parties together to work in coordination with each other to provide this assistance.

Mr. Healey stated that he has been checking the Trottier Track daily and was pleased to see it used heavily but with proper social distancing. He asked Mr. Purple to obtain clarity from the Trustees as to why Chestnut Hill Farm is closed to the public. Mr. Purple agreed. Mr. Healey added he felt this open space should be available to public and if social distancing can be maintained at Trottier Track, it should be attainable at Chestnut Hill Farm.

Chairman Shea stated the Southborough Food Pantry asked him to inform the public that they continue to work with Neighbors Helping Neighbors and to please reach out if you are in need. Their updated hours are Thursday from 6:30 P.M. – 7:15 P.M, Fridays 9:30 A.M. – 10:15 A.M and they are closed on Tuesdays. They ask that anyone in need provide a list of needs by 4:00 P.M. on Wednesday to southboroughfoodpantry@gmail.com. Chairman Shea added that donations are still being accepted and to leave all paper goods at the back of Pilgrim Church. Monetary donations can be sent to The Southborough Food Pantry, P.O. Box 281, Southborough, MA 01772.

Mr. Purple stated that the Senate amended the House Bill to assist communities regarding Town Meeting and it must go back to the House to vote. He said the Bill may be signed by the end of the week. Chairman Shea suggested that once the Bill has been enacted, the Board should invite Mr. Cimino, Mr. Hegarty and Town Counsel Cipriano to discuss dates and procedures for Town meeting and Town elections. Chairman Shea asked Mr. Purple to give an update on the impact COVID-19 has had on the fiscal year 2020 and proposed fiscal year 2021 budgets. Mr. Purple stated he had a conversation with Mr. Ballantine regarding the budgets and he suggested Mr. Ballantine attend a Board meeting in April for a broader discussion. He stated that all discretionary spending has been frozen and the Finance Team is ensuring salaries and any expenses required to continue forward progress are paid. Mr. Purple said he felt that the fiscal year 2021 budget recommended by Mr. Ballantine and him could still be responsibly executed, pending further information. He added that the Capital Planning Committee will be reviewing capital plans as well and when Mr. Ballantine attends the next meeting, there will be discussion on specifics.

Ms. Braccio reminded the public that most local restaurants are still open and have delivery options. She encouraged the public to support them through gift cards or takeout. She thanked all the essential employees such as nurses, doctors, nurse practitioners and grocery workers for their continued work on the front lines.

IV. Other Matters Properly Before the Board

Discussion of MassDOT Acceler-8 Bridge Project letter

Chairman Shea said that MassDOT was looking for feedback from communities impacted by the project with requests they may want included in the design build. He stated a letter drafted by Ms. Galligan was distributed to the Board and Mr. Stivers supplied some revisions. Mr. Stivers stated he included some wordsmithing and Mr. Kolenda replied that he disagreed with these edits and supported Ms. Galligan's original letter. He added that over his time on the Board, a letter drafted by a director is not edited unless there are substantial errors in the message. Mr. Kolenda stated that the additional paragraph added by Mr. Stivers was out of scope from the intention of the letter. Mr. Kolenda made a motion to approve of Ms. Galligan's letter. Chairman Shea seconded for discussion.

Mr. Stivers explained that the paragraph he added included feedback given at the public meeting at Finn School. Chairman Shea stated the first point in the paragraph was to include work to the sidewalks on Cordaville Road, Parkerville Road and Woodland Road. Ms. Galligan agreed that this could be included in the letter but the width of the walkways at Woodland Road could only be resurfaced as the width cannot change. Chairman Shea stated the next point was in regards to bird droppings. Ms. Galligan said that bird deterrents were included at the bridge on Simarano Drive and this could be included in the letter. Chairman Shea stated the last point was in regards to the appearance of the bridge. He said the bridge at I-95 and 128 was referenced as an acceptable example and noted that the bridge was a three to four year construction project. MassDOT has a much shorter timeframe for this construction project. Ms. Galligan added that the intention of the letter is to encourage a meeting with MassDOT to discuss these items among others. She added that MassDOT was open to the idea of meeting with the Board at a future date.

Mr. Healey stated he felt the purpose of the public session was for the public to provide their opinion and not the letter. He added that he does not want the Board to continue to operate with the submittal of last minute document changes that require same day voting/signatures.

Mr. Healey requested that revisions to documents that require signatures and approval be provided earlier. Ms. Braccio agreed. Mr. Healey amended Mr. Kolenda's motion to accept Ms. Galligan's letter with the addition of three abbreviated points discussed by the Board but drafted by her, in bulleted form as provided by Mr. Stivers. Ms. Braccio seconded. The motion passed by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

V. Public Comment

Chairman Shea reviewed the instructions for public participation and invited the public to speak.

Chelsea Malinowksi, 1 William Colleary Lane, stated she is a member of the Advisory Committee but is speaking as a resident. She stated she believes it is the responsibility of the Town to present a revised fiscal year 2021 budget to the public. She added that multiple options that include the possible loss of services should be shown. Ms. Malinowski stated that if there were funds available they should be given to support the Public Health Nurse.

Ryan Donovan, Library Director, thanked the Board for their work and informed the public that the Library is sending out a newsletter tomorrow offering a temporary card for digital services.

Mr. Healey commended Chairman Shea for facilitating public comment at the meeting. Chairman Shea thanked Mr. LaFlamme for setting up the technology to enable public comment.

VI. On a motion made by Chairman Shea, seconded by Mr. Healey and voted by roll call all in favor, Shea aye; Healey, aye; Braccio, aye; Stivers aye, the meeting was adjourned at 7:29 P.M.

Respectfully submitted,

Kathleen Barry, Recording Secretary

RE: Acceler-8 I-90 Bridge Replacements Project

Dear Administrator Gulliver:

The Town of Southborough (the Town) was pleased to learn about the Acceler-8 I-90 Bridge Replacements Project (Acceler-8). We are aware that the I-90 bridge over Route 85 has been worked on many times over the past decade and we have been anticipating its replacement. MassDOT's meeting for municipalities at the Westborough library was very informative and gave the Town a good understanding of the project and the impacts on the Town. The Town understands the difficulty that these bridge replacements pose and, although we support MassDOT's efforts to use innovative methods to limit the disruption to traffic and towns, we do have some concerns about the impacts to our local projects, roadways and residents during this project.

The Town has been working with our engineer to develop plans to repair and upgrade Cordaville Road (Cordaville Project). The Cordaville Project includes ADA compliant sidewalks on the west side of the street as well as two 4-foot shoulders, one on each side of the road, drainage work and milling and paving. The Cordaville Project is set to be vetted and bid in CY2020 with a funding request at the 2021 Annual Town Meeting. The Town's Cordaville Project construction would have been starting in summer 2021. In order to avoid conflicts with MassDOT's Aceler-8 construction schedule, the Town will delay the project for a year. However, the Town is requesting that the Acceler-8 project be designed to tie into our project by allowing for, and constructing, an ADA compliant sidewalk in MassDOT's right-of-way (with granite curbing and a bituminous concrete surface) and leaving enough unobstructed width under the new bridge to allow for two 11-foot wide driving lanes, two 5-foot shoulders and an ADA compliant sidewalk. Also, in order to provide a consistent roadway surface, we are requesting that Acceler-8 mill and pave MassDOT's right-of-way on Cordaville Road.

Southborough's local roads cross I-90 in three locations, all three are part of the Acceler-8 project. These three roads all connect Route 9 to the south side of Town. The local roads available to get around the

bridges, especially from the north, are narrow and winding, and there are no convenient places to reverse direction. Therefore, we are requesting that any local detours around any bridge work, be discussed with and approved by the Town. The Town would also like to know the plan to keep vehicles from exiting Route 9 to head south on a street that is closed for bridge construction.

As you probably know, Cordaville Road is the main north-south artery in Southborough. Southborough has recently built our new public safety facility on this road and the most direct, and easiest, route to the south side of Town, including the MBTA Station, is Cordaville Road. It is the only road that crosses under I-90 and over Route 9 without traffic control. With Route 9 being the intended alternate route for the I-90 detour, the Town has concerns regarding public safety access to areas south of I-90 and general vehicular traffic that may come off of Route 9 to head south on Cordaville. Therefore, the Town would like assistance in finding a way to maintain connectivity for emergency access when MassDOT's work closes traffic on Cordaville Road. Also, since the full bridge on Cordaville is being replaced, and we believe that there may be road closures on Cordaville prior to the weekend bridge deck replacement, the Town would like notice of a closure, along with appropriate variable message signage on Route 9 and local roads, at least a week in advance of any closure of Cordaville Road.

Although the work is scheduled for weekends during the summer of 2021, the Town understands that some work will take place in late spring. Even with the tight schedule that MassDOT is facing, however, the Town strongly urges MassDOT to not perform the bridge replacements on Parkerville Road and Cordaville Road before school lets out for the summer. With that being said, the local road weekend closures on Parkerville Road and Woodland Road are not extremely time sensitive. However, we believe that any closure of Cordaville Road should be coordinated with the commuter rail schedule, and that the weekend closure be after the commuter rail commute on Friday evening and before the commuter rail commute on Monday morning.

Lastly, residences adjacent to the I-90 bridges are going to be extremely inconvenienced with noise and lights various times during the weekend work. We are requesting that noise and light mitigation efforts be developed so that the impact to residences within 500 feet of the work zone is minimized.

We appreciate your taking the time to read this and look forward to speaking with you about our concerns and the project. Please feel free to contact Karen Galligan, DPW Superintendent, at 508-485-1210 or kgalligan@southboroughma.com, with any questions about this letter or to set up a meeting.

Sincerely,
THE TOWN OF SOUTHBOROUGH

RE: Acceler-8 I-90 Bridge Replacements Project

Administrator Gulliver:

The Town of Southborough (the Town) was pleased to learn about the Acceler-8 I-90 Bridge Replacements Project (Acceler-8). We are aware that the I-90 bridge over Route 85 has been worked on many times over the past decade and we have been anticipating its replacement. MassDOT's meeting for municipalities at the Westborough library was very informative and gave the Town a good understanding of the project and the impacts on the Town. It was also helpful for MassDOT to give our residents the opportunity to hear about the project and to offer their comments at the public meeting at the Mary Finn School. The Town understands the difficulty that these bridge replacements pose and, although we support MassDOT's efforts to use innovative methods to limit the disruption to traffic and towns, we do have some concerns about the impacts of this project on~~to~~ our local projects, roadways and residents ~~during this project~~. We appreciate this opportunity to provide some suggestions and requests to mitigate possible adverse impacts.

The Town has been working with our engineer to develop plans to repair and upgrade Cordaville Road (the Cordaville Project). The Cordaville Project includes ADA-~~-~~compliant sidewalks on the west side of the ~~street~~ road as well as two 4-foot shoulders (~~,~~one on each side of the road), drainage work, and milling and paving. The Cordaville Project ~~is set~~has been scheduled to be vetted and bid in CY2020 with a funding request at the 2021 Annual Town Meeting. The ~~Town's~~ Cordaville Project construction ~~would have been~~was planned to start~~ing~~ in the summer of 2021. In order to avoid conflicts with MassDOT's Aceler-8 construction schedule, the Town will delay the Cordaville P~~p~~roject for ~~a~~ one year. However, the Town ~~is~~ request~~sing~~ that the Acceler-8 project be designed to ~~tie into~~coordinate with our Cordaville P~~p~~roject by allowing for, and constructing, an ADA-~~-~~compliant sidewalk in MassDOT's right-of-way (with granite curbing and a bituminous concrete surface) and leaving enough unobstructed width under the new bridge to allow for two 11-foot wide driving lanes, two 5-foot shoulders and an ADA-~~-~~compliant sidewalk. Also, in order to provide a consistent roadway surface, we ~~are~~ request~~ing~~ that the Acceler-8 work includes milling and paving of~~e~~ MassDOT's right-of-way on Cordaville Road.

Southborough's local roads ~~cross~~ intersect I-90 in three locations, and all three locations are part of the Acceler-8 project. ~~-~~Each of t~~T~~hese three roads ~~all~~ connects Route 9 to the south side of the Town. ~~-~~The local roads available to ~~get around~~avoid the bridges, especially from the north, are narrow and winding, and they provide~~re~~ ~~are~~ no ~~convenient~~ safe places to reverse direction. ~~-~~Therefore, we ~~are~~ request~~ing~~ that any local detours around any bridge work~~,~~ be discussed with and approved by the Town in advance of the construction activity. The Town ~~would~~ also requests that our DPW and public safety officials be included in the

development and approval of any ~~like to know the~~ plans to keep vehicles from exiting Route 9 to head south on a street that is closed for bridge construction.

~~As you probably know,~~ Cordaville Road is the main north-south artery in Southborough, and~~.~~ Southborough has recently built our new public safety facility on this road. This location choice is important because it provides ~~and~~ the most direct, fastest and easiest, route for public safety emergency response to the south side of Town, including to the MBTA Station~~, is Cordaville Road~~. ~~It~~ Cordaville Road is the only road in Town that crosses under I-90 and over Route 9 without traffic control. With Route 9 being the intended alternate route for the I-90 detour, the Town has concerns ~~regarding~~ about public safety access to areas south of I-90 and general vehicular traffic that may come off of Route 9 to head south on Cordaville Road. Therefore, the Town ~~would like~~requests assistance in finding a way to maintain safe connectivity for emergency access when MassDOT's work closes traffic on Cordaville Road. ~~-~~Also, ~~since~~ because the full bridge on Cordaville Road is being replaced, and we believe that there may be road closures on Cordaville Road prior to the weekend bridge deck replacement, the Town ~~would like~~requests reasonable (at least one week) advance notice of any closure of Cordaville Road, ~~along with~~in addition to MassDOT's providing appropriate variable message signage on Route 9 and local roads, at least a week in advance of any closure of Cordaville Road.

Although the work is scheduled for weekends during the summer of 2021, the Town understands that some work will take place in late spring. Even with the tight schedule that MassDOT is facing, ~~however,~~ the Town strongly ~~urges~~ requests that MassDOT ~~to~~ not ~~perform~~ conduct ~~the~~ any bridge replacement works~~s~~ on Parkerville Road and Cordaville Road before the local school ~~lets~~ term ends ~~out~~ for the summer. Other than the school term issue~~With that being said~~, the local road weekend closures on Parkerville Road and Woodland Road are not extremely time sensitive. However, we do ~~believe~~ request that any closure of Cordaville Road ~~should~~ be coordinated with the commuter rail schedule, ~~and~~ so that ~~the~~ any weekend closure ~~be~~ commence after the commuter rail commute on Friday evening and end before the commuter rail commute on Monday morning.

In addition to these comments from our Town departments, there were several requests from our residents at the public meeting at the Mary Finn School. We believe that our residents who will be living daily for many years with the result of the construction project have important "practical" requests, including: (i) in addition to the Cordaville Road sidewalk point above, our residents use Parkerville and Woodland Roads as pedestrian routes; the sidewalks under I-90 on these two roads are not in good repair; we request that the reconstruction project include repairing and/or upgrading the sidewalks under I-90 along these two roads; (ii) our residents who use the sidewalks under all three of these I-90 bridges expressed concern about the problem of birds nesting under the bridges and leaving bird droppings on the sidewalks; we request that the engineering and construction for the undersides of the replacement bridges include bird-deterrent features (such as the use of corner slopes and smoothed surfaces, or as otherwise recommended from the many engineering studies on this topic); (iii) our residents who will be viewing these new bridges daily have asked for a more attractive appearance (when viewed from Town roadways) for the new bridges; we request that the new bridge design be improved from the typical "concrete slab" appearance (and an example of a more attractive design used by MassDOT for the bridge over I-95/Rt 128 at Winter Street was provided to the MassDOT team at the public meeting). We appreciate MassDOT's support for these "public" requests.

Lastly, residences adjacent to the I-90 bridges are going to be extremely inconvenienced with noise and lights at various times during the weekend work. We ~~are~~ request~~ing~~ that noise and light mitigation ~~efforts~~ methods be ~~developed~~ utilized so that the impact ~~to~~ on residences within 500 feet of the work zone is minimized.

We appreciate your ~~taking the time to read~~consideration of our comments. ~~this~~ W~~and~~ e look forward to speaking with you in more detail about our concerns and about the project. Please feel free to contact Karen Galligan, DPW Superintendent, at 508-485-1210 or kgalligan@southboroughma.com, with any questions about this letter or to ~~set up~~schedule a meeting for additional discussion.

Sincerely,
THE TOWN OF SOUTHBOROUGH

Ken Paulhus, Police Chief
Steven Achilles, Fire Chief
Karen Galligan, DPW Superintendent

Board of Selectmen
Meeting Minutes

Meeting Date: Tuesday, March 24, 2020, 6:30 P.M.
Location: Virtual Meeting via Zoom
Present: Brian Shea, Lisa Braccio, Marty Healey, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple
Also present: Steve Achilles, Fire Chief; Leslie Chamberlin, Public Health Nurse; Karen Galligan, DPW Superintendent; Ken Paulhus, Police Chief; Paul Pisinski, Health Agent

Mr. Shea read the following statement:

> Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to listen the meeting may do so in the following manner: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Reports from Town departments

Board of Health: Public Health Nurse Leslie Chamberlin told the Board she now has a second positive COVID case as of today; a family member at the same residence of the first case so it is contained in the same residence. She further said approximately 10 residents have been in "contact monitoring" [check temp, are they symptomatic, facilitate testing site]. She has been maintaining phone calls and providing guidance to the public as well as NECC. She gave an overview of the process which includes:

- DPH sends test result for town residents to BOH database;
- Nurse Chamberlin interviews the person over the phone, a contact case becomes linked with the primary person in the MAVEN database;
- No positive cases are logged until she is informed by DPH;
- She defines a contact as a person potentially being infected if they had at least a 15-minute conversation at normal range of talking.

DRAFT

Health Agent Paul Pisinski updated the Board on other activities the Board of Health is still engaged in aside from COVID.

Fire Department: Chief Achilles provided the following updates:

- All 4 shifts are being maintained;
- No paid leave will be approved through April 20;
- The department is also utilizing on call members to support full time staffing;
- Some procedures implemented relate to patient care, CDC guidelines, etc.;
- Funding is available through SEMA to replenish inventory when that is possible;
- The Chief is looking at plans for reduced staffing if that is required due to exposure;
- He noted there are about 7 people on shift at one time; the Administrative Assistant has been able work remotely as much as possible. Vendors and family members have been prohibited from entering the building;
- They do go through a lot of disinfectant supplies since Fire is not able to social distance in the building and on the vehicles during a call;
- Have been analyzing those retirees who might be able to come back and staff shifts if they are needed. Chief Achilles noted he is still licensed as a paramedic and can serve that role if staff were diminished;
- Some staff could be transferred back to shift duty if needed [such as the fire prevention officer].

Police Chief Paulhus:

- Police is fully operational, leave has been suspended in this department;
- Two members have been quarantined [due to exposure to a positive COVID case] but will be back on shift soon;
- Crime is not experiencing social distancing, staff is very responsive to other needs of the department. The partnership between the police and the public is very strong. All matters will be addressed, don't be afraid to call with a concern, even if it has nothing to do with COVID;
- Trying to handle some issues over the phone instead of in person. Additional screening has taken place so as to have less face to face contact ;
- The Clinician is out of service because she came in contact with someone, but other resources are available if a situation came to be. He reports that he has not seen an uptick in mental health issues, the citizenry has been extremely cooperative;
- He did request more signage on the fields so as to discourage gatherings.

DPW Superintendent Galligan:

Ms. Galligan told the Board she has seen little effect on her department thus far. She has secured fields as much as she can, has closed the Swap Shop and noted the Transfer Station is operating on normal hours.

She commented that the DPW does not have access to many disinfectant supplies, and she believes the Police and Fire departments should have priority with those supplies. The Board emphasized that DPW is also a priority.

DRAFT

Answering a question from the Board, she said Main St construction is still due to start up in April as planned and is leaning on Verizon to get wires moved. The Rotary Club spring clean-up is approaching soon and hopes that will proceed with proper social distancing. Mr. Stivers asked if they can accelerate the process since there is so little traffic. She said those employees are laid off for the winter and crews are not in place right now unfortunately.

Declaration of Emergency: Mr. Healey said the statutory authority is unclear in a situation like this but is solid in giving the Town the right to take the action. The Board voted by roll call to approve as presented, 5-0-0; Braccio, aye; Kolenda, aye; Healey, aye; Stivers, aye; Shea, aye.

Meeting Minutes: The Board voted by roll call to approve the March 19, 2020 minutes; Braccio, aye; Kolenda, aye; Healey, aye; Stivers, aye; Shea, aye.

Town Administrator Update: Mr. Purple gave a staff meeting update and noted the following:

- Veterans Agent verified the claims process is electronic commented that had has been seamless. He is looking ahead and getting local veteran's benefits paid for April and it was conveniently processed ahead of time.
- The Building Commissioner has limited inspections and is flexing out the staff so they are not all together in a small office simultaneously that still needs to operate.
- COA already knows who their at-risk seniors are and have been doing outreach on a recurring basis; Meals on Wheels is still running normally.

Trails: The Board added that Breakneck Hill, Beals Preserve and the town forest open for walking. Ms. Braccio asked if the senior citizens could walk the school track for a period each day. They have been using the cemetery and it is not a great walking surface for them. Mr. Kolenda does not want to limit a certain age population. He feels you are allowing residents to walk on a track but not play soccer. Mr. Shea said the activities that bring them into closer contact like playing a game is still discouraged. Mr. Healey felt you cannot address everything and the athletic activity is a slippery slope. A track is different and is not a team environment sport. Walking and jogging does not violate the terms of the Governor's order and is consistent with the BOH guidance. The School Superintendent is open to the discussion as long as there is a no dogs policy. The Board voted by roll call to ask the school department to open the Trottier track for walkers and joggers for the senior citizens, consistent with Governor Baker's order. Mr. Kolenda said he will not vote in favor of this motion that does an injustice to other groups. Mr. Healey's motion passed by a 4-1-0 vote. Braccio aye, Healey, aye; Stivers, aye; Shea, aye; Kolenda, nay.

Mr. Purple added the next COVID update will focus on this as well as the second case. He believes New England Golf will be closing per the Governor's non-essential order.

Mr. Shea told the Board he had a request from the Trails committee to hold a meeting, perhaps on another platform besides Zoom. Mr. Stivers felt as long as they can record and post he is amenable. There are many moving pieces related to managing live streams, schedule of meetings and Zoom hosts. IT Manager Tom Laflamme prefers limiting to this platform. When discussing at what point boards could take up other business matters, Mr. Healey stated it should be for COVID or critical matters as much as possible. The Board agreed with this sentiment and voted to adopt that protocol by roll call vote. The

DRAFT

message is boards and committees are to be trusted to use their judgment with this. Braccio, aye; Healey, aye; Stivers, aye; Shea, aye; Kolenda, aye.

At 8:03 p.m. Mr. Kolenda and Ms. Braccio signed off.

Town Election: It was stated the legislative relief to move the Town election has been left up to the Selectmen or the Board of Registrar of Voters, or the date can be left as scheduled. Town Clerk Jim Hegarty said options are open up until June 30th. May 12 is not possible to do in a safe and accurate fashion with the amount of poll workers he needs. The Registrars administer elections recounts, audits and other administrative functions, and is a group made up from both parties. Since we share a district with Northborough it should be the same date, in the Clerk's opinion. Staff will verify if that is a requirement or just past practice. [Northborough will discuss their new election date on April 13th.] The new date must be announced 20 days before the election and the Selectmen can determine date, time and location. The Board voted by roll call [3-0-0] to postpone to a date to be determined, prior to June 30th. Shea, aye; Healey, aye; Stivers, aye. Mr. Hegarty told the Board today was the deadline for nomination papers to be returned, and that process is not affected by these changes. It is expected that a majority of ballots case will be by absentee ballot.

The meeting adjourned at 8:21 p.m.

Submitted by Vanessa Hale, Assistant Town Administrator

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, April 7, 2019, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

Senator Eldridge and Representative Dykema – Legislative Update

Senator Eldridge updated the Board on legislature recently passed to assist with the COVID-19 pandemic. He described the two newly passed municipal reform bills regarding Town and Special elections and flexibility around budgeting. He explained two pending legislative bills in regards to housing protections for tenants and homeowners and food and rental assistance for the most vulnerable populations. Senator Eldridge explained the outcome of a meeting with the Senate Committee on Ways and Means regarding the regular fiscal year 2021 budget. He told the Board Massachusetts has a large rainy-day fund of over $3.4 million to help fill gaps of reduced revenue. He is advocating for an emergency sub-budget to strengthen the social safety net around housing and food security and funding community hospitals and health boards.

Representative Dykema described the concerns she has been hearing from residents in her districts. These included access to unemployment insurance, small business loans and financial support for small businesses, and the lack of personal protective equipment. She added that there has been an increase in mental health issues and requested an open line of communication with the Board and public safety officials to understand new mental health needs. Representative Dykema described a pending legislative bill for emergency hazardous health pay for first responders and health care providers. She described the concerns and conversations had about MCAS exams and homeschooling. She stated that the pending meeting with the Chairs of the Senate Committee on Ways and Means will include resetting the numbers in the foundational

budget and it is a work in process. The Secretary of State's Office informed her that the November election date is fixed but they are hoping to increase avenues for people to vote by mail.

Mr. Healey asked if there were any conversations regarding short-term funding for rent or groceries. Senator Eldridge replied that he is not sure there would be State money for this and that is why he is advocating for an emergency supplemental budget for emergency services such as the Southborough Food Pantry. Mr. Healey added that there is concern that the Federal Cares Act funding for small businesses will not reach the very small businesses, much like those located in Southborough. Mr. Kolenda agreed that these small businesses bring in revenue to the Town and employ many residents. He asked if the State had plans to help small businesses reopen and for tax cuts for residents in order to start spending in these small businesses again. Representative Dykema shared this concern and asked to keep the communication open with ideas to support small businesses. Senator Eldridge added that there needs to be a way for the Sate to step up and support small businesses. Mr. Kolenda encouraged them to keep discussing the support of small businesses and not tax people more. He suggested taxing people less so they will have the money to spend. Mr. Healey added that a Southborough small business does not compare to those in the cities. He said the application is for 450 employees or less. Southborough small businesses may employ 10-12 and there is room to slip through the cracks. Mr. Stivers stated that small businesses in Southborough are struggling to begin the application process as they are not used to working within the regulations. Mr. Stivers asked if the State has a plan to find and distribute PPE to those in need. Representative Dykema replied that the State is doing what they can and described the creative ways manufacturing and technology companies are retrofitting their businesses to manufacture PPE.

Ms. Braccio stated she was concerned about the supply at the food pantry with more people being furloughed and laid off. She asked for a form of legislation to supplement some of the food pantries to support the increase in need. Senator Eldredge said he has been working with food pantries throughout the district and agrees there is a greater need. He said the Greater Boston Food Bank and the Massachusetts Emergency Food Assistance Program will continue to supply food to the pantries. Chairman Shea thanked Senator Eldridge and Representative Dykema for attending and Representative Dykema asked to continue to talk about concerns and needs.

<u>Interview for ZBA Alternate position – Jamie Mieth, 11 Lovers Lane; term 6/30/20</u>
Chairman Shea that the alternate position for the Zoning Board of Appeals had been open for a long time and with the addition of Ms. Mieth, the ZBA will no longer have vacancies.

Ms. Mieth gave a background of her experience which included earning a degree from Suffolk Law School, practicing construction defect law and working with insurance compliance companies. She stated she had previously been granted a variance by the ZBA and wanted to become more involved in the Town by joining the Board.

Mr. Kolenda asked Ms. Mieth how she would handle conflict specifically with controversial cases. Ms. Mieth replied that she would listen to all sides and make the best decision from the information given. She added that her experience practicing law would be applied when listening to and deciding on passionate arguments. Mr. Stivers asked if there were any potential conflict of interests from her personal or professional background. Ms. Mieth replied that she could not think of any and if one were to arise, she would recuse herself. Mr. Healey asked if her current position working with insurance law conflicts with real estate matters. Ms. Mieth explained her

current position and stated there would be no conflict. Mr. Stivers made a motion to appoint Jamie Mieth as alternate for the ZBA; term 6/30/20. Mr. Kolenda seconded. The motion passed all in favor by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye.

III. Consent Agenda

a. Mr. Kolenda made a motion to approve Open Session Minutes: March 31, 2020. Mr. Stivers seconded. The motion passed all in favor by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye, Braccio, aye; Kolenda, aye; Stivers, aye.

IV. Update on impact of COVID-19

Continued discussion of meetings of Town boards and committees during State of Emergency

Chairman Shea stated Ms. Braccio requested this item be put on the agenda and Mr. LaFlamme sent an email to the Board with his perspective on the matter. Ms. Braccio stated that there has been confusion within boards and committees as to whether or not they could conduct business outside of COVID-19 related items. She stated that she would like to see boards and committees return to normal business but is cognizant of the amount of work that could add to Mr. LaFlamme. Chairman Shea agreed that hosting numerous meetings could put a burden on Mr. LaFlamme and applauded him for reaching out to others to train to host meetings. He added that he felt virtual meetings will be needed for the foreseeable future and would like boards and committees to begin meeting again as long as they follow the guidelines suggested by Mr. LaFlamme.

Mr. Stivers asked if there were any legal issues for permitting boards voting and permitting permits virtually. Attorney Cipriano stated that he did not see any issues as long as the permitting boards followed proper guidelines with accurate record keeping. Mr. Stivers said one could argue that they do not have the proper technology to participate in a public hearing and possibly object and appeal a decision. Attorney Cipriano said that full participation would need to be available to all and it would be a problem if people could not participate because of electronic deficiencies. Mr. Healey stated that after reading emails from the Supreme Judicial Court, he felt that Town boards and committees operating in good faith would be given latitude from the courts. He suggested that permitting boards could include on their public notice that the Town House could make additional accommodations for those who lack the necessary technology to participate. Mr. Stivers suggested the use of the computers at the Library. Attorney Cipriano agreed that could cure the procedural issue mentioned. Mr. Healey stated that the original concern was in regards to volume and overloading Mr. LaFlamme's time and capabilities. He suggested leaving the decision to hold a meeting to the discretion of the board or committee.

Mr. Purple stated he has the same concern regarding overburdening Mr. LaFlamme and felt that boards and committees should learn to facilitate their own meetings through Zoom and post them to YouTube before holding a meeting. He added that Ms. Hale, Ms. Danza and Ms. Hoecker have offered to train with Mr. LaFlamme and they will hopefully begin facilitating meetings next week. He added that virtual meeting times are flexible as Zoom meeting rooms are available throughout the day and evening. Mr. Stivers asked how conflicts between boards and meeting times would be handled. Mr. Purple explained that boards and committees would book a Zoom meeting room similar to booking a room at the Town House and if there is no availability, they will need to choose another time. Ms. Braccio suggested that boards and committees looking to hold a meeting should book the Zoom meeting room that enables public participation if available.

Chairman Shea agreed. Mr. Healey made a motion to allow for boards and committees to hold virtual meetings to conduct normal business in addition to matters related to COVID-19 as long as there is technical capability and availability. Mr. Kolenda seconded. The motion passed by roll call vote all in favor (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Discussion of postponed date for Annual Town Meeting (currently April 16, 2020)

Chairman Shea invited Attorney Cipriano, Mr. Hegarty and Mr. Cimino to join the meeting. Chairman Shea told the Board that Annual Town Meeting is currently scheduled for April 16, 2020 and legislation has been passed to allow the Moderator to change or postpone the meeting date in lieu of a public safety situation. He added that the COVID-19 pandemic qualifies for this.

Mr. Cimino stated that the current Statewide Emergency Declaration runs through May 4, 2020 and the current legislation enables the Moderator to extend the postponement in thirty-day increments. He added that his inclination is to hold Town Meeting the week of May 11, 20202. Mr. Cimino stated that he is also required to speak with Public Safety and Public Health officials on this matter which he will be doing soon. He will announce the new date for Town Meeting in advance of May 4, 2020. Chairman Shea agreed that Town Meeting should not be scheduled for any date earlier than the week of May 11th and added that he would advocate for a slimmed down warrant to approve what is needed to successfully enter Fiscal Year 2021. He said the other items could be put off to a fall Town Meeting. Mr. Cimino stated that statue requires that all items on the warrant be addressed and he is contemplating packaging non-essential articles in a consent agenda to be postponed until the fall. He added that the use of the consent agenda tool and the postponements have to be approved by Town Meeting vote.

Mr. Kolenda agreed with these suggestions and asked if there are any other options for voting such as a virtual Town Meeting or voting by mail. Attorney Cipriano stated he has been meeting with the Massachusetts Municipal Lawyers every Wednesday and he will raise this issue next week. He stated there have not been any inclination to change traditional Town Meeting. Attorney Cipriano stated that virtual Town Meetings are a challenge due to the inability to know who is participating remotely and who may or may not be a registered voter of the Town.

Chairman Shea asked if Mr. Cimino was thinking of revising the location of Town Meeting or just setting a new date. Mr. Cimino replied that as of now, just setting a new date. He added that he will put some thought into the location and when he announces the new date of Town Meeting, he will include the location as well. Chairman Shea stated he would not want to move forward with a Town Meeting when people do not feel comfortable attending inside and advocated for a limited warrant including only critical items to fiscal year 2021. Mr. Healey stated that the Town has thirty days from the list of the State of Emergency to hold Town Meeting and requested that it is extended to as late a date as possible. Mr. Hegarty agreed and stated that it is realistic that Town Meeting and elections could be pushed until June. Mr. Cimino agreed and said his next steps include reaching out to Public Safety and Public Health officials to set a date. Chairman Shea stated he would like Mr. Cimino to attend the May 5th Board meeting and Mr. Cimino agreed.

V. Other Matters Properly Before the Board

Mr. Purple updated the Board that President Trump passed The Families First Coronavirus Response Act. He explained this expands the Family Medical Leave Act and it is available to help

families with child care issues but it exempts public safety from these benefits. He stated that negotiations need to be made with unions and he suggested not exempting public safety from acting on this benefit. He said this could be reviewed if it negatively impacts staffing levels. The Board agreed.

Mr. Purple asked the Board to put in place a hiring freeze for any existing vacancies unless approved by the Board. Mr. Healey stated that if any department feels their vacancy needs to be filled, they can approach the Board to discuss. Mr. Healey made a motion to freeze all hiring with the provision that the Board can deem a particular position essential if sufficient arguments are made to support. Mr. Stivers seconded. The motion passed by roll call vote all in favor (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Mr. Purple told the Board the policy regarding working from home during the crisis has been effective in most areas but would like to codify the return to work for those employees quarantined for any reason. He stated this would support the integrity of the work force to ensure employees that come back after a quarantine or positive test do not spread the virus to other employees. Mr. Stivers volunteered to work with Ms. Hale and Mr. Purple to draft an amendment to the policy for the April 21st meeting. Mr. Kolenda asked the draft be reviewed by Town Counsel prior to presenting to the Board. Mr. Purple agreed.

Mr. Purple asked the Board to consider speaking with the Veteran's Agent about Memorial Day services during the pandemic. He would like Mr. Stearns' point of view for how the services would be conducted if there continues to be required social distancing and a ban on large gatherings. Mr. Kolenda agreed to reach out to him and ask him to attend the next meeting.

VI. Public Comment

None

VII. On a motion made by Mr. Kolenda, seconded by Chairman Shea and voted roll call all in favor, Shea aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye, the meeting was adjourned at 8:21 P.M.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 31, 2020, 6:30 P.M.
Location: Virtual meeting through Zoom
Present: Brian Shea, Lisa Braccio, Marty Healey, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple. Mr. Kolenda left the meeting at 7:04 P.M.

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Consent Agenda

a. Chairman Shea made a motion to approve Open Session Minutes: March 24, 2020. Mr. Kolenda seconded. The motion passed all in favor by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

b. Vote to enter into and be bound by the MSBA Project Funding Agreement, and authorize the signatory to execute the document on behalf of the Town, for Accelerated Repair Program for Finn Elementary School.
Chairman Shea stated Town Counsel provided additional legal language to be included a motion from a vote taken at a previous meeting. Chairman Shea made a motion to authorize the Town Administrator on behalf of the Town to execute the project funding agreement for the Mary E. Finn Elementary School with the Massachusetts School Building Authority for a total facility grant and further to authorize the Town Administrator to make final binding decisions with respect to proposed project on behalf of the Town. Mr. Kolenda seconded. The motion passed by roll call vote (4-0-1). Mr. Healey recused himself as it is a bonding issue. Roll Call: Shea, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

III. Update on impact of COVID-19

Chairman Shea stated that the Moderator decided to delay Town Meeting. As required by M.G.L. as currently written, after a declaration to recess and continue a Town Meeting pursuant to this section, a local public safety official designated by the Board of Selectmen of the town for which the declaration was made shall submit a report to the Attorney General that sets forth the

DRAFT

reasons why the declaration was made. Chairman Shea made a motion to appoint Chief Achilles, the Emergency Management Director, as the local official for this purpose to create the report to the Attorney General. Mr. Kolenda seconded. The motion passed all in favor by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Chairman Shea asked the Board if there were any additional COVID-19 related items. Ms. Braccio asked the Board if they would support a reverse 9-1-1 call to reiterate the need for social and physical distancing. Mr. Kolenda and Mr. Healey stated they supported the idea. Mr. Purple agreed to make the request of the Police and Fire Chiefs and the DPW Superintendent.

Mr. Purple said Ms. Hale, Ms. Esposito and Mr. LaFlamme have been coordinating to revamp the Town COVID-19 update page. He added they are looking to the pages from other towns to mirror their look and functionality to include daily updates regarding testing numbers and outcomes. Mr. Purple stated that Public Health Nurse, Leslie Chamberlain is a part-time employee and has been using most of her time to follow up with those that tested positive for COVID-19 and their contacts. Mr. Purple agreed to look into the availability of the daily updated number of tests conducted and positives in Southborough.

Mr. Stivers stated he watched the School Committee meeting and they had voted to sign documents electronically through DocuSign during this State of Emergency and suggested the Board do the same. He added that the School Committee was looking to repurpose staff that are not doing their normal jobs. He suggested resources like these could be used at the Transfer Station to open up for more hours to spread out the flow of patrons. Ms. Galligan stated this could be a challenge because a DPW employee would need to assist anyone shifted from another department. She stated she would prefer to keep the staff as it is currently set.

Mr. Healey stated a representative from the Southborough Community Fund reached out to Chairman Shea, Mr. Purple and him to marshal resources in coordination with the Town to effectively provide financial assistance during the COVID-19 crisis. Ms. Braccio suggested Mr. Healey reach out to the Council on Aging and Youth and Family Services as they have funds that come through the Foundation. Mr. Healey replied that he would and the goal is to bring as many parties together to work in coordination with each other to provide this assistance.

Mr. Healey stated that he has been checking the Trottier Track daily and was pleased to see it used heavily but with proper social distancing. He asked Mr. Purple to obtain clarity from the Trustees as to why Chestnut Hill Farm is closed to the public. Mr. Purple agreed. Mr. Healey added he felt this open space should be available to public and if social distancing can be maintained at Trottier Track, it should be attainable at Chestnut Hill Farm.

Chairman Shea stated the Southborough Food Pantry asked him to inform the public that they continue to work with Neighbors Helping Neighbors and to please reach out if you are in need. Their updated hours are Thursday from 6:30 P.M. – 7:15 P.M, Fridays 9:30 A.M. – 10:15 A.M and they are closed on Tuesdays. They ask that anyone in need provide a list of needs by 4:00 P.M. on Wednesday to southboroughfoodpantry@gmail.com. Chairman Shea added that donations are still being accepted and to leave all paper goods at the back of Pilgrim Church. Monetary donations can be sent to The Southborough Food Pantry**,** P.O. Box 281, Southborough, MA 01772.

Mr. Purple stated that the Senate amended the House Bill to assist communities regarding Town Meeting and it must go back to the House to vote. He said the Bill may be signed by the end of the week. Chairman Shea suggested that once the Bill has been enacted, the Board should invite Mr. Cimino, Mr. Hegarty and Town Counsel Cipriano to discuss dates and procedures for Town meeting and Town elections. Chairman Shea asked Mr. Purple to give an update on the impact COVID-19 has had on the fiscal year 2020 and proposed fiscal year 2021 budgets. Mr. Purple stated he had a conversation with Mr. Ballantine regarding the budgets and he suggested Mr. Ballantine attend a Board meeting in April for a broader discussion. He stated that all discretionary spending has been frozen and the Finance Team is ensuring salaries and any expenses required to continue forward progress are paid. Mr. Purple said he felt that the fiscal year 2021 budget recommended by Mr. Ballantine and him could still be responsibly executed, pending further information. He added that the Capital Planning Committee will be reviewing capital plans as well and when Mr. Ballantine attends the next meeting, there will be discussion on specifics.

Ms. Braccio reminded the public that most local restaurants are still open and have delivery options. She encouraged the public to support them through gift cards or takeout. She thanked all the essential employees such as nurses, doctors, nurse practitioners and grocery workers for their continued work on the front lines.

IV. Other Matters Properly Before the Board

Discussion of MassDOT Acceler-8 Bridge Project letter

Chairman Shea said that MassDOT was looking for feedback from communities impacted by the project with requests they may want included in the design build. He stated a letter drafted by Ms. Galligan was distributed to the Board and Mr. Stivers supplied some revisions. Mr. Stivers stated he included some wordsmithing and Mr. Kolenda replied that he disagreed with these edits and supported Ms. Galligan's original letter. He added that over his time on the Board, a letter drafted by a director is not edited unless there are substantial errors in the message. Mr. Kolenda stated that the additional paragraph added by Mr. Stivers was out of scope from the intention of the letter. Mr. Kolenda made a motion to approve of Ms. Galligan's letter. Chairman Shea seconded for discussion.

Mr. Stivers explained that the paragraph he added included feedback given at the public meeting at Finn School. Chairman Shea stated the first point in the paragraph was to include work to the sidewalks on Cordaville Road, Parkerville Road and Woodland Road. Ms. Galligan agreed that this could be included in the letter but the width of the walkways at Woodland Road could only be resurfaced as the width cannot change. Chairman Shea stated the next point was in regards to bird droppings. Ms. Galligan said that bird deterrents were included at the bridge on Simarano Drive and this could be included in the letter. Chairman Shea stated the last point was in regards to the appearance of the bridge. He said the bridge at I-95 and 128 was referenced as an acceptable example and noted that the bridge was a three to four year construction project. MassDOT has a much shorter timeframe for this construction project. Ms. Galligan added that the intention of the letter is to encourage a meeting with MassDOT to discuss these items among others. She added that MassDOT was open to the idea of meeting with the Board at a future date.

Mr. Healey stated he felt the purpose of the public session was for the public to provide their opinion and not the letter. He added that he does not want the Board to continue to operate

with the submittal of last minute document changes that require same day voting/signatures. Mr. Healey requested that revisions to documents that require signatures and approval be provided earlier. Ms. Braccio agreed. Mr. Healey amended Mr. Kolenda's motion to accept Ms. Galligan's letter with the addition of three abbreviated points discussed by the Board but drafted by her, in bulleted form as provided by Mr. Stivers. Ms. Braccio seconded. The motion passed by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

V. Public Comment

Chairman Shea reviewed the instructions for public participation and invited the public to speak.

Chelsea Malinowksi, 1 William Colleary Lane, stated she is a member of the Advisory Committee but is speaking as a resident. She stated she believes it is the responsibility of the Town to present a revised fiscal year 2021 budget to the public. She added that multiple options that include the possible loss of services should be shown. Ms. Malinowski stated that if there were funds available they should be given to support the Public Health Nurse.

Ryan Donovan, Library Director, thanked the Board for their work and informed the public that the Library is sending out a newsletter tomorrow offering a temporary card for digital services.

Mr. Healey commended Chairman Shea for facilitating public comment at the meeting. Chairman Shea thanked Mr. LaFlamme for setting up the technology to enable public comment.

VI. On a motion made by Chairman Shea, seconded by Mr. Healey and voted by roll call all in favor, Shea aye; Healey, aye; Braccio, aye; Stivers aye, the meeting was adjourned at 7:29 P.M.

Respectfully submitted,

Kathleen Barry, Recording Secretary

DRAFT

Town Clerk RCV'D
4/22/2020
1:50 PM
HMB

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Friday, April 10, 2020, 11:00 A.M.
Location: Virtual meeting through Zoom
Present: Lisa Braccio, Marty Healey, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple.

I. Vice-Chairman Healey called the meeting to order at 11:01 A.M. Vice-Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Update on COVID-19**

Mr. Purple introduced the issue of extending due dates for RE/PP tax bills from May 1 to June 1, per the Governor's COVID-19 relief bill, as well as waiving interest until June 30, 2020. He apologized for not including this in his comments at the April 7 meeting, which necessitated this special meeting. Brian Ballantine, Finance Director, explained the impacts of the due date change. Historically, the Town has received between $3,000 and $5,000 in late interest annually.

Mr. Kolenda made a motion to extend the due date for 4th quarter RE and PP bills from May 1, 2020 to June 1, 2020, and to waive any interest on said payments until June 30, 2020, seconded by Ms. Braccio. The motion passed by unanimous roll call vote (4-0-0), Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye. Mr. Purple said that the Town website will be updated with that information today, which will also be available on other social media sites.

Mr. Ballantine also wanted to clarify that the hiring freeze should not affect the Town Accountant position. It is posted and we are looking to hire for July 1. Also, he is retracting the PT position request for the Treasurer's Office for FY21, given the financial climate, and will seek to revisit it next year. Mr. Purple said that further budget discussions will take place once more information becomes available at the State level. Mr. Stivers also noted that the MWRA is looking to hold communities harmless on MWRA loans, and he will continue to monitor that, to the extent it affects Southborough.

III. **Other Matters**

Ms. Braccio brought up the issue of Chestnut Hill Farm, and the continued closure of the property by the State. She would like Aldo to review the process under which the property was closed by the State, which was done without consent of the Town, per the Conservation Restriction. Mr. Kolenda thinks it is a good idea to review, but doesn't know if staff can do it rather than counsel, at least initially. The Board was in concurrence on this approach. Mr. Purple will work with Ms. Braccio on a response, and then validate it with Aldo before he approaches the State again.

IV. On a motion made by Mr. Kolenda, seconded by Mr. Stivers and voted by roll call all in favor, Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye, the meeting was adjourned at 11:16 A.M.

Respectfully submitted,

Mark J. Purple, Town Administrator

SOUTHBOROUGH, MA

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, April 21, 2020, 6:30 P.M.
Location: Virtual meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

Brian Ballantine, Finance Director – Update on Fiscal Year 2021 budget

Mr. Ballantine gave an update on the effects of the COVID-19 crisis on the previously Board approved budget which included a loss of $300,000 in revenue and $184,000 added back in a positive manner in the expense side through removing the Library renovation, a $40,000 savings from one student withdrawing from Norfolk Country Agricultural High School and removing a budgeted position from the Finance Team. He said with the new estimated tax rate is 3.43%. He added that the State will be revising their proposed budget and once that is done, the proposed tax rate will be more accurate. Mr. Ballantine added that all the positions and services voted and approved by the Board previously, with the exception of the position from the Finance Department, remain in the budget. He asked the Board if a tax rate of 3.43% was acceptable and for requests for information needed for the Board to amend the budget.

Chairman Shea stated asked if the projections included in the packet assumed a return to pre-pandemic normalcy. Mr. Ballantine said he assumed a very slow return over the five-year projection. Mr. Stivers asked if it were feasible for the Board to hold off on budget amendment decisions until the State provides more information. Mr. Ballantine replied that he was unsure as the State is also unsure of the impact the COVID-19 crisis will have on their budget. Mr. Stivers stated he is hesitant to make budget cuts and asked for suggestions from Mr. Purple and Mr. Ballantine to bring the tax rate to 2.5%-3%.

Mr. Healey asked if the scenarios requested during the previous budget discussions could be presented again with updated numbers. Mr. Purple replied that the previous request was a five-year projection with no deficits using fiscal discipline and suggested that could be done again. Mr. Healey stated some residents have indicated that they cannot bear a tax increase for this year and sked Mr. Purple and Mr. Ballantine to present a budget with a 0% tax increase. Mr. Purple stated he could work with the Finance Team to create a budget with a tax rate increase of 0%, 2.5% and any other suggested number. He asked for parameters to create the proposed budgets and for departments to work within. Mr. Healey clarified that he most likely will not support a 0% tax increase but felt it was important to present to residents. Mr. Kolenda stated he felt the exercise makes sense to conduct with the Advisory Board but is hesitant to present as an option at Town Meeting. He added that those present to vote may be a smaller number than normal and does not want to see a reckless option passed at Town Meeting.

Mr. Stivers asked for another scenario where there is no deficit in the levy limit moving forward. Ms. Braccio agreed and stated she would like to see the two scenarios previously mentioned for residents to understand their options. She asked Mr. Ballantine what percentage of the 3.43% is capital and he replied about 1.25%. She asked if receipts were available for reimbursement through FEMA for this fiscal year. Mr. Purple replied that it is unknown at this point but Ms. Kriger has been vigilant to ensure departments are keeping track of their expenses so all reimbursements will be ready for submittal as soon as the Town is able to do so. Mr. Ballantine agreed to creating a budget scenario with a 0% and 2.5% tax rate increase and a scenario that eliminates deficits over a five-year span.

Kathy Cook, Chair of Advisory stated that the Advisory Committee has not had a meeting but they will support the creation of a budget with a 0% tax increase. She also stated Advisory would like to analyze the results of the real estate tax receipts for an indication on delinquency and ability to pay. Ms. Cook stated the Committee supports the suggestion for departments to be careful on spending and would like to give the departments time to review the budgets and weigh in. She added that the Advisory Committee agrees with the Board except for the EDC budget.

III. Reports

Chairman's Report

Chairman Shea stated he had productive conference calls with the Trustees at Chestnut Hill Farm, Ms. Danza and Mr. Purple. He stated that the trails at Chestnut Hill Farm will be open to the public on Friday of this week. He added that the Trustees had valid concerns regarding residential use near active farmland where people and animals live in addition to problems with parking. There will be additional signage and fencing to rope off areas of the farm not open to the public. Parking signs will be added to prohibit anyone from parking on Chestnut Hill Farm Road which will be monitored by Police. Chairman Shea said that all guidelines shall remain and be followed from the Executive Orders. He thanked the Trustees for their positivity and cooperation throughout this process.

Chairman Shea stated Mr. Cimino will attend the May 5th meeting when they will discuss the date for Town Meeting. He has reached out to Mr. Hegarty to attend the meeting to recommend dates and processes for Town Elections.

Members' Reports

Ms. Braccio said citizens in Town are doing wonderful things such as making masks and painting rocks with inspirational messages near Neary School and thanked everyone for their

participation. She also thanked all of those on the front line including first responders, nurses and small businesses. She reminded the public to continue to support the Food Pantry as there is a greater need.

Mr. Healey stated that the additional funding for small businesses through the CARES Act was passed and it is available to apply through the Town website. He encouraged all small businesses to apply and reminded the public that Representative Dykema and Senator Eldridge had said this aid would be directed at small businesses like those located in Southborough. Mr. Healey stated the EDC has offered to assist with the application process and encouraged those in need to reach out.

Mr. Stivers stated that the new COVID-19 case numbers are starting to slow and encouraged Mr. Purple and the Board to begin to think about what should be considered to keep a safe and smooth restart process for opening the Town.

Mr. Stivers stated that he has heard that the public is grateful for the opportunity to participate in meetings through Zoom but encouraged the continued efforts to focus on opportunities for participation for those that lack the technology to comment. He added that he has observed a lack of social distancing at the Transfer Station and suggested opening more hours for people to go in order to lessen the crowds.

Mr. Kolenda said he has been to the Transfer Station many times over the last few weeks and noticed good social distancing practices. He said he's seen people wait to approach the recycling area until it is clear of people and he encourage the public to continue to do so. He encouraged the public to support local businesses through takeout and to thank our teachers for their work during the transition to remote learning. Mr. Kolenda also commended the Police and Fire Departments for their continued service to the Town. He encouraged residents to continue the birthday parades and highlighted the parade by St. Matthew's Parish for Father Flynn on Easter Sunday.

Chairman Shea asked the Board for their experiences at the Transfer Station. Mr. Kolenda, Mr. Healey and Ms. Braccio stated they have seen social distancing during their trips and do not feel the hours should be extended. Mr. Stivers added that he is not suggesting everyone is not social distancing but has seen people congregate more than they should.

Town Administrator Report

Mr. Purple stated that the Trottier Track has been open for walkers and there was an issue over the weekend with groups using the infield and sandpit for recreational purposes. The DPW is covering the sandpit and additional signs were added to the infield to make sure it is not used. Mr. Purple commended Mr. Davis for his quick action to solve the issues and keep the track open.

Mr. Purple was in contact with Mr. Harrington from the golf course and it is now open to walkers only. He asked that everyone stay away from the tee boxes and greens and there are no clubs allowed. He added that the parking lot will remain closed and that "walkers only" does not mean you can golf without a cart. Mr. Purple stated more signage will be posted.

Mr. Purple said he and Ms. Hale had a conference call with the Public Health Nurse, Emily Amico and there are currently only two COVID-19 cases in isolation. He added that of the twenty cases

in Town, eighteen have been released from isolation. He encouraged the public to do whatever can be done to maintain social distancing.

IV. Consent Agenda

a. Approve Open Session Minutes: April 7, 2020; April 10, 2020
b. Approve Arbor Day Proclamation 2020

Mr. Kolenda made a motion to approve open session minutes from April 7, 2020 and April 10, 2020 and to approve the Arbor Day Proclamation 2020 for discussion. Ms. Braccio seconded. Mr. Kolenda asked Chairman Shea to confirm that meetings could now include matters beyond COVID-19. Chairman Shea confirmed. Mr. Kolenda mentioned he has topics he would like to add to the next agenda. The motion passed unanimously by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye.

V. Update on impact of COVID-19

Chairman Shea noted that the discussion of the impact of COVID-19 has been discussed throughout and asked the Board for any additional comments. There was none.

VI. Other Matters Properly Before the Board

Discussion of revisions to Selectmen policy on Working Remotely during COVID-19

Mr. Purple said he had been working with Ms. Hale and Mr. Stivers on a draft for the Board to review at this evening's meeting but it is not ready. He stated that the intention is to put policy standards for returning to work during the pandemic into the existing policy. He explained that Ms. Hale has been working with other communities to discuss language and process options. Mr. Stivers had created two distinct policies that created some overlap. He apologized for not having a draft this evening and he will be working with Ms. Hale and Mr. Stivers for a draft that has been reviewed by Attorney Cipriano for the next meeting.

Mr. Stivers explained that the gold standard for returning to work would be an antibody test for COVID-19. He said if it could be determined clinically that an individual is immune, the person could most likely return to work. He added that because of the uncertainty of availability and accuracy, an antibody test requirement or suggestion will be left out of the policy for now. Mr. Purple stated that they continue to follow the guidelines from the CDC and the Public Health Nurse. Ms. Hale added that the cases reported for Southborough do not include employees who are not residents. She stated that she speaks daily with the Public Health Nurse for guidance and surrounding Town Managers and Town Administrators for insight into their return to work policies.

Town Counsel recommendation on EDC request for use of Special Counsel

Chairman Shea made a motion to approve the recommendation for the propose outlined in the correspondence from Town Counsel. Mr. Stivers seconded for discussion. Chairman Shea clarified that the use of Special Counsel is funded out of the EDC grant and the Board is not voting to allow any funding outside of the grant. He stated the Board voted to be involved in this process and that the current COVID-19 crisis has made it difficult. He suggested the Board continue to work with various boards, committees and stakeholders to gather support. Mr. Kolenda stated the importance of the revitalization of downtown especially in what could be a serious economic downturn. Ms. Braccio asked why the EDC is using Special Counsel as opposed to a consultant. Marijke Munsiff-Vegting explained that the original RFP was for three consultants and there were no responses. The Special Counsel they found is also Special Counsel for Southborough and that is why the EDC is asking for Board approval. The motion passed by

roll call vote all in favor (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Discussion of prioritized Town Meeting warrant articles

Chairman Shea asked for input from the Board regarding the option of streamlining the list of warrant articles to act on for Town Meeting and differ those that are not crucial for fiscal year 2021 until the fall Town Meeting. He explained with the current COVID-19 crisis, people may still be uncomfortable attending a spring Town Meeting. Mr. Kolenda stated it would be a disservice to the Town if this was not done. Mr. Healey agreed. Mr. Stivers asked for input from Mr. Purple and Mr. Ballantine as to what is needed to be approved from a fiscal standpoint during the upcoming Town Meeting. Mr. Purple agreed to work with Mr. Ballantine on a list of critical articles for approval and stated it may be advantageous to work with Mr. Cimino as well. He said utilizing the consent agenda was successful last year. Ms. Braccio stated that anything short of immediate articles needed for approval should be put of for fall Town Meeting. Chairman Shea said that Mr. Cimino is obligated to act on all the articles listed in the warrant. He said he would like the Board have a unanimous vote on a list of those articles needed for spring and those that can be deferred to fall to. He suggested the Board work with Mr. Cimino on these lists at the next meeting. The Board agreed.

VII. Public Comment

None

VIII. On a motion made by Chairman Kolenda, seconded by Mr. Healey and voted by roll call all in favor, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 7:52 P.M.

PROCLAMATION

Whereas, In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and

Whereas, this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

Whereas, Arbor Day is now observed throughout the nation and the world, and

Whereas, trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce life-giving oxygen, and provide habitat for wildlife, and

Whereas, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products, and

Whereas, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and

Whereas, trees, wherever they are planted, are a source of joy and renewal

NOW, THEREFORE, WE, THE SOUTHBOROUGH BOARD OF SELECTMEN, DO HEREBY PROCLAIM APRIL 24, 2020 AS

ARBOR DAY

in the Town of Southborough, and urge all citizens to celebrate Arbor Day and to support efforts to protect our trees and woodlands, and

Further, We urge all citizens to plant trees to gladden the heart and promote the well-being of this and future generations.

Signed this twenty-fourth day of March in the year Two Thousand and Twenty:

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, April 7, 2019, 6:30 P.M.
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Scheduled Appointments

Senator Eldridge and Representative Dykema – Legislative Update

Senator Eldridge updated the Board on legislature recently passed to assist with the COVID-19 pandemic. He described the two newly passed municipal reform bills regarding Town and Special elections and flexibility around budgeting. He explained two pending legislative bills in regards to housing protections for tenants and homeowners and food and rental assistance for the most vulnerable populations. Senator Eldridge explained the outcome of a meeting with the Senate Committee on Ways and Means regarding the regular fiscal year 2021 budget. He told the Board Massachusetts has a large rainy-day fund of over $3.4 million to help fill gaps of reduced revenue. He is advocating for an emergency sub-budget to strengthen the social safety net around housing and food security and funding community hospitals and health boards.

Representative Dykema described the concerns she has been hearing from residents in her districts. These included access to unemployment insurance, small business loans and financial support for small businesses, and the lack of personal protective equipment. She added that there has been an increase in mental health issues and requested an open line of communication with the Board and public safety officials to understand new mental health needs. Representative Dykema described a pending legislative bill for emergency hazardous health pay for first responders and health care providers. She described the concerns and conversations had about MCAS exams and homeschooling. She stated that the pending meeting with the Chairs of the Senate Committee on Ways and Means will include resetting the numbers in the foundational

DRAFT

budget and it is a work in process. The Secretary of State's Office informed her that the November election date is fixed but they are hoping to increase avenues for people to vote by mail.

Mr. Healey asked if there were any conversations regarding short-term funding for rent or groceries. Senator Eldridge replied that he is not sure there would be State money for this and that is why he is advocating for an emergency supplemental budget for emergency services such as the Southborough Food Pantry. Mr. Healey added that there is concern that the Federal Cares Act funding for small businesses will not reach the very small businesses, much like those located in Southborough. Mr. Kolenda agreed that these small businesses bring in revenue to the Town and employ many residents. He asked if the State had plans to help small businesses reopen and for tax cuts for residents in order to start spending in these small businesses again. Representative Dykema shared this concern and asked to keep the communication open with ideas to support small businesses. Senator Eldridge added that there needs to be a way for the Sate to step up and support small businesses. Mr. Kolenda encouraged them to keep discussing the support of small businesses and not tax people more. He suggested taxing people less so they will have the money to spend. Mr. Healey added that a Southborough small business does not compare to those in the cities. He said the application is for 450 employees or less. Southborough small businesses may employ 10-12 and there is room to slip through the cracks. Mr. Stivers stated that small businesses in Southborough are struggling to begin the application process as they are not used to working within the regulations. Mr. Stivers asked if the State has a plan to find and distribute PPE to those in need. Representative Dykema replied that the State is doing what they can and described the creative ways manufacturing and technology companies are retrofitting their businesses to manufacture PPE.

Ms. Braccio stated she was concerned about the supply at the food pantry with more people being furloughed and laid off. She asked for a form of legislation to supplement some of the food pantries to support the increase in need. Senator Eldredge said he has been working with food pantries throughout the district and agrees there is a greater need. He said the Greater Boston Food Bank and the Massachusetts Emergency Food Assistance Program will continue to supply food to the pantries. Chairman Shea thanked Senator Eldridge and Representative Dykema for attending and Representative Dykema asked to continue to talk about concerns and needs.

<u>Interview for ZBA Alternate position – Jamie Mieth, 11 Lovers Lane; term 6/30/20</u>
Chairman Shea that the alternate position for the Zoning Board of Appeals had been open for a long time and with the addition of Ms. Mieth, the ZBA will no longer have vacancies.

Ms. Mieth gave a background of her experience which included earning a degree from Suffolk Law School, practicing construction defect law and working with insurance compliance companies. She stated she had previously been granted a variance by the ZBA and wanted to become more involved in the Town by joining the Board.

Mr. Kolenda asked Ms. Mieth how she would handle conflict specifically with controversial cases. Ms. Mieth replied that she would listen to all sides and make the best decision from the information given. She added that her experience practicing law would be applied when listening to and deciding on passionate arguments. Mr. Stivers asked if there were any potential conflict of interests from her personal or professional background. Ms. Mieth replied that she could not think of any and if one were to arise, she would recuse herself. Mr. Healey asked if her current

position working with insurance law conflicts with real estate matters. Ms. Mieth explained her current position and stated there would be no conflict. Mr. Stivers made a motion to appoint Jamie Mieth as alternate for the ZBA; term 6/30/20. Mr. Kolenda seconded. The motion passed all in favor by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye.

III. Consent Agenda

a. Mr. Kolenda made a motion to approve Open Session Minutes: March 31, 2020. Mr. Stivers seconded. The motion passed all in favor by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye, Braccio, aye; Kolenda, aye; Stivers, aye.

IV. Update on impact of COVID-19

Continued discussion of meetings of Town boards and committees during State of Emergency

Chairman Shea stated Ms. Braccio requested this item be put on the agenda and Mr. LaFlamme sent an email to the Board with his perspective on the matter. Ms. Braccio stated that there has been confusion within boards and committees as to whether or not they could conduct business outside of COVID-19 related items. She stated that she would like to see boards and committees return to normal business but is cognizant of the amount of work that could add to Mr. LaFlamme. Chairman Shea agreed that hosting numerous meetings could put a burden on Mr. LaFlamme and applauded him for reaching out to others to train to host meetings. He added that he felt virtual meetings will be needed for the foreseeable future and would like boards and committees to begin meeting again as long as they follow the guidelines suggested by Mr. LaFlamme.

Mr. Stivers asked if there were any legal issues for permitting boards voting and permitting permits virtually. Attorney Cipriano stated that he did not see any issues as long as the permitting boards followed proper guidelines with accurate record keeping. Mr. Stivers said one could argue that they do not have the proper technology to participate in a public hearing and possibly object and appeal a decision. Attorney Cipriano said that full participation would need to be available to all and it would be a problem if people could not participate because of electronic deficiencies. Mr. Healey stated that after reading emails from the Supreme Judicial Court, he felt that Town boards and committees operating in good faith would be given latitude from the courts. He suggested that permitting boards could include on their public notice that the Town House could make additional accommodations for those who lack the necessary technology to participate. Mr. Stivers suggested the use of the computers at the Library. Attorney Cipriano agreed that could cure the procedural issue mentioned. Mr. Healey stated that the original concern was in regards to volume and overloading Mr. LaFlamme's time and capabilities. He suggested leaving the decision to hold a meeting to the discretion of the board or committee.

Mr. Purple stated he has the same concern regarding overburdening Mr. LaFlamme and felt that boards and committees should learn to facilitate their own meetings through Zoom and post them to YouTube before holding a meeting. He added that Ms. Hale, Ms. Danza and Ms. Hoecker have offered to train with Mr. LaFlamme and they will hopefully begin facilitating meetings next week. He added that virtual meeting times are flexible as Zoom meeting rooms are available throughout the day and evening. Mr. Stivers asked how conflicts between boards and meeting times would be handled. Mr. Purple explained that boards and committees would book a Zoom meeting room similar to booking a room at the Town House and if there is no availability, they

will need to choose another time. Ms. Braccio suggested that boards and committees looking to hold a meeting should book the Zoom meeting room that enables public participation if available. Chairman Shea agreed. Mr. Healey made a motion to allow for boards and committees to hold virtual meetings to conduct normal business in addition to matters related to COVID-19 as long as there is technical capability and availability. Mr. Kolenda seconded. The motion passed by roll call vote all in favor (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Discussion of postponed date for Annual Town Meeting (currently April 16, 2020)
Chairman Shea invited Attorney Cipriano, Mr. Hegarty and Mr. Cimino to join the meeting. Chairman Shea told the Board that Annual Town Meeting is currently scheduled for April 16, 2020 and legislation has been passed to allow the Moderator to change or postpone the meeting date in lieu of a public safety situation. He added that the COVID-19 pandemic qualifies for this.

Mr. Cimino stated that the current Statewide Emergency Declaration runs through May 4, 2020 and the current legislation enables the Moderator to extend the postponement in thirty-day increments. He added that his inclination is to hold Town Meeting the week of May 11, 20202. Mr. Cimino stated that he is also required to speak with Public Safety and Public Health officials on this matter which he will be doing soon. He will announce the new date for Town Meeting in advance of May 4, 2020. Chairman Shea agreed that Town Meeting should not be scheduled for any date earlier than the week of May 11th and added that he would advocate for a slimmed down warrant to approve what is needed to successfully enter Fiscal Year 2021. He said the other items could be put off to a fall Town Meeting. Mr. Cimino stated that statue requires that all items on the warrant be addressed and he is contemplating packaging non-essential articles in a consent agenda to be postponed until the fall. He added that the use of the consent agenda tool and the postponements have to be approved by Town Meeting vote.

Mr. Kolenda agreed with these suggestions and asked if there are any other options for voting such as a virtual Town Meeting or voting by mail. Attorney Cipriano stated he has been meeting with the Massachusetts Municipal Lawyers every Wednesday and he will raise this issue next week. He stated there have not been any inclination to change traditional Town Meeting. Attorney Cipriano stated that virtual Town Meetings are a challenge due to the inability to know who is participating remotely and who may or may not be a registered voter of the Town.

Chairman Shea asked if Mr. Cimino was thinking of revising the location of Town Meeting or just setting a new date. Mr. Cimino replied that as of now, just setting a new date. He added that he will put some thought into the location and when he announces the new date of Town Meeting, he will include the location as well. Chairman Shea stated he would not want to move forward with a Town Meeting when people do not feel comfortable attending inside and advocated for a limited warrant including only critical items to fiscal year 2021. Mr. Healey stated that the Town has thirty days from the list of the State of Emergency to hold Town Meeting and requested that it is extended to as late a date as possible. Mr. Hegarty agreed and stated that it is realistic that Town Meeting and elections could be pushed until June. Mr. Cimino agreed and said his next steps include reaching out to Public Safety and Public Health officials to set a date. Chairman Shea stated he would like Mr. Cimino to attend the May 5th Board meeting and Mr. Cimino agreed.

V. Other Matters Properly Before the Board

Mr. Purple updated the Board that President Trump passed The Families First Coronavirus Response Act. He explained this expands the Family Medical Leave Act and it is available to help families with child care issues but it exempts public safety from these benefits. He stated that negotiations need to be made with unions and he suggested not exempting public safety from acting on this benefit. He said this could be reviewed if it negatively impacts staffing levels. The Board agreed.

Mr. Purple asked the Board to put in place a hiring freeze for any existing vacancies unless approved by the Board. Mr. Healey stated that if any department feels their vacancy needs to be filled, they can approach the Board to discuss. Mr. Healey made a motion to freeze all hiring with the provision that the Board can deem a particular position essential if sufficient arguments are made to support. Mr. Stivers seconded. The motion passed by roll call vote all in favor (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Mr. Purple told the Board the policy regarding working from home during the crisis has been effective in most areas but would like to codify the return to work for those employees quarantined for any reason. He stated this would support the integrity of the work force to ensure employees that come back after a quarantine or positive test do not spread the virus to other employees. Mr. Stivers volunteered to work with Ms. Hale and Mr. Purple to draft an amendment to the policy for the April 21st meeting. Mr. Kolenda asked the draft be reviewed by Town Counsel prior to presenting to the Board. Mr. Purple agreed.

Mr. Purple asked the Board to consider speaking with the Veteran's Agent about Memorial Day services during the pandemic. He would like Mr. Stearns' point of view for how the services would be conducted if there continues to be required social distancing and a ban on large gatherings. Mr. Kolenda agreed to reach out to him and ask him to attend the next meeting.

VI. Public Comment

None

VII. On a motion made by Mr. Kolenda, seconded by Chairman Shea and voted roll call all in favor, Shea aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye, the meeting was adjourned at 8:21 P.M.

Upcoming Meetings

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Friday, April 10, 2020, 11:00 A.M.
Location: Virtual meeting through Zoom
Present: Lisa Braccio, Marty Healey, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple.

I. Vice-Chairman Healey called the meeting to order at 11:01 A.M. Vice-Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Update on COVID-19

Mr. Purple introduced the issue of extending due dates for RE/PP tax bills from May 1 to June 1, per the Governor's COVID-19 relief bill, as well as waiving interest until June 30, 2020. He apologized for not including this in his comments at the April 7 meeting, which necessitated this special meeting. Brian Ballantine, Finance Director, explained the impacts of the due date change. Historically, the Town has received between $3,000 and $5,000 in late interest annually.

Mr. Kolenda made a motion to extend the due date for 4th quarter RE and PP bills from May 1, 2020 to June 1, 2020, and to waive any interest on said payments until June 30, 2020, seconded by Ms. Braccio. The motion passed by unanimous roll call vote (4-0-0), Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye. Mr. Purple said that the Town website will be updated with that information today, which will also be available on other social media sites.

Mr. Ballantine also wanted to clarify that the hiring freeze should not affect the Town Accountant position. It is posted and we are looking to hire for July 1. Also, he is retracting the PT position request for the Treasurer's Office for FY21, given the financial climate, and will seek to revisit it next year. Mr. Purple said that further budget discussions will take place once more information becomes available at the State level. Mr. Stivers also noted that the MWRA is looking to hold communities harmless on MWRA loans, and he will continue to monitor that, to the extent it affects Southborough.

III. Other Matters

Ms. Braccio brought up the issue of Chestnut Hill Farm, and the continued closure of the property by the State. She would like Aldo to review the process under which the property was closed by the State, which was done without consent of the Town, per the Conservation Restriction. Mr. Kolenda thinks it is a good idea to review, but doesn't know if staff can do it rather than counsel, at least initially. The Board was in concurrence on this approach. Mr. Purple will work with Ms. Braccio on a response, and then validate it with Aldo before he approaches the State again.

IV. On a motion made by Mr. Kolenda, seconded by Mr. Stivers and voted by roll call all in favor, Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye, the meeting was adjourned at 11:16 A.M.

Respectfully submitted,

Mark J. Purple, Town Administrator

Budget Status – March 2020

- Budget recommended with assumption Fall Town Meeting.
- Fall TM would have possible $357,000 capital articles and two bond projects
  – Cordaville Hall & Town House windows.

RESERVES TO ASSIST

Reserve Fund:

Advisory Board recommends amount annually. All requests go through this Committee in order to be spent.

Current balance: $93,463

Pending Requests: $29,000 (Building Vehicle)

Remaining for FY20 Requests: $64,463

Stabilization Fund:

Allowed by MA State Law- 2/3 TM vote to use.

Current balance: $588,553

Notes:

FY03 Stabilization = Approximately $3,500,000

FY03 ratio Stabilization to Operating Budgets approximately 13%

FY20 ratio Stabilization to Operating Budgets approximately 1%

NEXT STEPS

- Guidance from the State on revised FY21 revenues & revised Local Aid numbers;
- Further revisions to Local Receipts;
- Review deferred capital projects for possible further deferral – Capital Committee;
- Board to set any tax increase parameters/goals in light of updates;
- Review proposed new positions and hours for FY21.

TOWN OF SOUTHBOROUGH
Economic Development Committee

Request for Proposal
Zoning Overlay Amendment - Downtown Business Village District
RFP #2020-01

RFP Overview - The Southborough Economic Development Committee (herein referred to as the EDC) seeks proposals and price quotes from qualified zoning consultants/firms to review and augment a full mixed-use zoning overlay for the Downtown Business Village District. The proposed amendment document has been drafted as an update to the current Southborough Zoning Bylaw §174-8.4.

The goal is to create a mixed-use zoning overlay article that will be approved by Board of Selectmen, Planning Board and Town Counsel. Upon their review and a public hearing, the article will be presented in the warrant for the Fall Town Meeting. (As of the writing of this RFP, the date for Town Meeting has not been set.)

Southborough Synopsis – The Town is located at the junction of Routes 9 and 495, bordered by Westborough, Marlborough, Framingham and Hopkinton. It is a classic New England town with approximately 10,700 residents. There are over 500 companies and registered dbas who provide a wide range of services/products in 19 industry sectors, commercial offerings and all typical amenities. Route 9 provides access to numerous professional office parks and the New England Center for Children. In addition, there are 2 private schools (Fay School and St. Marks School) within walking distance of the Downtown Business Village District (herein DBVD).

The particular area of potential overlay zoning is centrally located in Southborough and is serviced by Routes 30, 85 and local roads. It is a typical rural town center with individual lots on which are located small businesses, a café, a market, a pizza shop, barbershop, etc. The DBVD also includes residential properties located on E. Main Street, Main Street, Newton Street and School Street. There are vacant parcels which are a collection of dirt lots, parking lots and old buildings. The unevenly shaped lots, current zoning and the CSX rail track that divides the downtown area in half, all contribute to significant obstacles in revitalization. The particular area which would benefit from overlay zoning is shown on the Town zoning map. https://www.southboroughtown.com/sites/southboroughma/files/uploads/zoning_map_11_x_17.pdf

Background – In July 2017, the EDC prioritized the DBVD as an area in need of revitalization. Over the following 2 years, the 'Downtown Initiative' program reviewed studies, completed a new study by the Urban Land Institute and conducted a resident survey. The analysis and information was presented to various groups including Town Boards/Committees, residents and businesses. One of two main issues identified, was the need for updated zoning for the DBVD.

The Southborough Planning Board made a request of the EDC to draft a mixed-use zoning bylaw amendment for their review.

Downtown Business Village District History - As a once busy location (particularly with the US Post Office located on Main St.), the Downtown area has seen a decline in development/revitalization over the past 20 years. Ownership of most lots has not changed over the years. Developers are reluctant to explore opportunities due to zoning regulations and infrastructure issues.

Vision for the Downtown Area – Residents have shown that they are seeking a downtown area that provides amenities and a sense of community for their families, businesses and shoppers. Revitalization should encourage a diverse mix of uses - including the potential for housing, business and open space, and to provide opportunities for economic development and contributions to the Town's tax base.

One of the goals is that revitalization will be planned in a manner that supports balanced and sustainable development with consideration to minimizing environmental impact. It is of utmost importance that the plan follow the recommendations of the Town's 2008 Master Plan (Section 9) which contains the "Villages" study.
https://www.southboroughtown.com/sites/southboroughma/files/uploads/villages.pdf.

The particular section is found starting on Page 12 of the PDF document which is Page 211 of the Master Plan document. It is also very important that the overlay amendment follows the mandates of the Baker/Polito administration as managed by the Executive Office of Energy & Environment Affairs.

NOTE: for clarification purposes, the Master Plan (Chapter 9) covers 4 village districts. There are 3 business villages as shown on the zoning map:
https://www.southboroughtown.com/sites/southboroughma/files/uploads/zoning_map_11_x_17.pdf

NOTE: The proposed zoning amendment article would only apply to the Downtown Business Village District.

Challenges for the Downtown Area

In order to encourage development in the area, 2 issues must be addressed/answered: zoning and wastewater options.

The Town needs to amend its zoning bylaw to provide a suitable mixed-use zoning overlay for the area. The desired zoning language is for by-right, mixed-use zoning, with clear regulations on what is permitted and include acceptable design standards that are reflective of and embrace the Town's existing *Design Review Guidelines*.

The selected Consultant will work with a team comprised of representatives from the EDC, Town Planner, Planning Board, Open Space Committee, Conservation Commission, residents/businesses (and any other stakeholders such as Master Plan Committee – design review designees).

The Town recognizes that this project requires an appropriate amount of time to produce a quality product. The article must be ready for the Fall Town Meeting with a completion date approximately 3 months prior to the meeting (projected to be after September 15th 2020.

Discussion topics that need to be addressed are:

- What are the benefits of zoning for true mixed-use for the Downtown area?
- Are there tradeoffs? This should include any traffic impact, parking, congestion, etc.
- What combinations of business and housing provide the best results for small scale development?
- What are the disadvantages to the town of limited mixed-use zoning in the Downtown area?
- Proper scale and architectural design for the limited Downtown area.

Scope of Work - The consultant shall produce a mixed-use zoning overlay amendment to the current by-law.

a. ***Review (understand) 2008 Master Plan***
Specific sections 2008 Master Plan Section 9 which contains the villages study https://www.southboroughtown.com/sites/southboroughma/files/uploads/villages.pdf. The particular section is found starting on Page 12 of the PDF document which is Page 211 of the Master Plan document.

b. ***Review (understand) Chapter 174.8 Town Zoning Code***
The overlay needs to include the applicable sections of the current zoning.

c. ***Mixed use overlay document – current draft will be discussed at the bidders' conference call – March 18th.***
Registration details at the end of this document

d. ***Integration*** - The zoning overlay amendment should be integrated into Southborough's existing zoning and land development regulations in a manner that ensures consistency, abides with state and local legal requirements, provides clarity and maximizes the effectiveness of the code. The implementation of the new code will be conducted through the Town's standard site plan review process (Planning Board).

e. ***Design Parameters for the Bylaw.*** The overlay amendment would provide regulations for future development to ensure quality public spaces defined by a variety of building types and uses including multi-family housing, retail, office, BnB, short term hotel/motel space.

f. ***Attend meetings/forums with stakeholders***
In person or by phone/Skype (or other equivalent technology)

g. ***Provide required reporting information***
The consultant will be paid from funds awarded in a grant from the Executive Office of Energy and Environmental Affairs – Planning Assistance Grant.

End Product – The goal is to establish a mixed-use zoning overlay regulation that will provide a user-friendly administrative framework for the permitting/approval process. The final product will be a zoning overlay bylaw that will be an amendment to the current zoning and presented for approval at Southborough's Fall 2020 Town meeting.

Submittal Summary - Copies of your proposal and an electronic copy shall be provided. The following items (along with other material to demonstrate experience and expertise) must be included:

1. A written description of the Consultant's approach to the project
2. The expertise of the team assembled by the Consultant to carry out the work.
3. A list of comparable zoning work undertaken by the Consultant and/or team members.
4. A copy of a similar zoning overlay amendment that was adopted into law.
5. A price quote in a separate envelope.

A Bidders conference call will be held on March 18th, 2020 @ 11AM.
TO RESERVE A SPOT, PLEASE EMAIL mmunsiff@southboroughma.com for call-in instructions.

Deadline for submittals is March 25th, 2020 @ 5PM.

Respondents are responsible for ensuring that submittals are received before the deadline (postmarks are not applicable). The Town reserves the right to reject any and all proposals.

Evaluation of Submittals - Consultants responding to this RFP shall demonstrate the following to be considered suitable candidates for this work:

- Any suggestions as to how the scope of work could be expanded/improved to enhance the final product (design guidelines, etc.)
- Proposed work schedule (to meet Town meeting timeframe)
- Experience in writing or implementing municipal land development regulations.
- At least 3 references (with contact information) for recent and relevant work, including role/involvement of the designated people who would be working on this project

All submittals will be evaluated on the experience of the Consultants and qualifications that are most suited for this project. Southborough will request a phone or in person interview with the finalists providing the strongest proposals.

Format of Proposals

The proposal must include the following information:

1. Letter of Transmittal including the consulting firm's name, mailing address, website and contact person's email
2. Executive summary
3. Experience writing zoning overlay amendments
4. Key personnel who will be used on this project – resumes
5. Narrative addressing the consultant's understanding of the RFP
6. Price breakdown of services – estimated time per activity, hourly rate, travel, attendance at meetings and attendance at conference calls

Contract Documents - The Town and selected consultant will enter into a standard Town of Southborough contract. A sample can be provided upon request.

Questions – Please direct any questions to the Southborough Economic Development Committee: 508-485-0710 x3011 or mmunsiff@southboroughma.com.

Subject:	EDC Request to BOS
Date:	Wednesday, April 15, 2020 2:08:42 PM
Attachments:	Zoning RFP 3-11-2020.docx image003.png

Dear Selectmen,

As the EDC continues to work toward the Downtown overlay zoning by-law article for Fall Town Meeting, the Committee is looking for technical assistance to produce the proposed "mixed use overlay district" which is the end product as specified in the attached RFP.

The EDC voted this morning (April 15, 2020) to request technical assistance from Town and/or Special Counsel in finalizing the zoning by-law article. The EDC is not looking for legal representation, but to secure assistance from a law firm experienced in researching and writing this kind of zoning and planning documentation.

John Wood, Vice Chair of the EDC, made the motion: to request special counsel for technical planning and zoning assistance for the DBVD zoning article. The EDC requests that the Board of Selectmen approve this request at their April 21st meeting.

The motion was passed with all in favor (8-0-0)

Sincerely,

Marijke Munsiff
Economic Development Coordinator

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, May 5, 2020, 6:30 P.M.
Location: Virtual meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:32 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

6:30 P.M. HEARING: BKP Inc., d/b/a Fitzgerald's General Store application for multiple amendments to Annual Package Store/Beer & Wine license

Mr. Purple read the public hearing notice into the record. At 6:35 P.M. Mr. Healey joined the meeting. Attorney Arthur Pearlman introduced himself and explained the sole owner, officer, director and manager of BKP inc., d/b/a Ftizgerald's General Store, Ramanbhati Patel is passing on the business to his son, Hitendra Patel and his nephew Darshak Patel. He explained both Hitendra and Darshak's experience managing liquor stores and that each would be 50% shareholders of the business. He added that there will be no changes regarding the operation of the business and requested the amendments to the Annual Package Store/Beer & Wine licenses be approved as provided in the packet.

Chairman Shea asked about the past experience with other stores with respect to sales and the consequences of not complying with the law. Attorney Pearlman described their experience and agreed that they understand and intend to comply with all laws and regulations. Mr. Stivers asked if Mr. Darhsak Patel had experience in managing liquor stores and if there would be any change in management. Attorney Pearlman explained his experience and stated that there would be no change. Chairman Shea asked for public comment and there was none. Chairman Shea made a motion to close the public hearing at 6:41 P.M. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye. Mr. Healey made a motion to approve the application submitted by DBK Inc. as

written. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Brian Stearns, Veterans Agent – Discussion of Memorial

Mr. Stearns stated he met with the Secretary of the Department of Veteran's Services on April 23, 2020 to ask for statewide guidance on Memorial Day services. He said there will not be traditional services due to social distancing restrictions enacted by the Governor. He stated both Marlboro and Ashland have cancelled all services and suggested a small non-public ceremony at the All Wars Memorial to be recorded by SAM. Mr. Stearns added that he spoke with Mr. Whynot and they are coordinating with adult volunteers to place flags at the graves of deceased veterans. Chairman Shea stated that Memorial Day deserves an observance and told Mr. Stearns the Board will support the ceremony. Mr. Kolenda thanked Mr. Stearns for his work and asked if there was a State prohibition from veterans gathering socially distant to march from the Town House to the All Wars Memorial. Mr. Stearns said he felt that could be hard to manage and may encourage people to gather. Mr. Healey stated that given the circumstances, no more than ten people should gather and no parade should take place. Mr. Stivers agreed. Mr. Kolenda stated that the veterans would follow the guidance of the Commonwealth and elected Town leaders to hold an event that is appropriate. Chairman Shea stated the Governor's order stands through May 18th and recommended the Board wait to make an official decision until their next meeting on May 19th. The Board agreed and Mr. Stearns stated he will have more suggestions on the 19th.

6:45 P.M. HEARING: National Grid petition for manhole and duct locations, Deerfoot Rd. and 84 Main St.

Mr. Purple read the public hearing notice into the record. Christopher DiFazio from National Grid explained the work planned for 84 Main Street at Deerfoot Road. Chairman Shea asked when the work is anticipated to begin and requested that National Grid coordinate with the DPW Superintendent so the work does not interfere with the Main Street project. Mr. DiFazio agreed to do so and stated there was no timeframe to begin work. Mr. Stivers asked about the repairs made after digging and how big the trench would be. Mr. DiFazio explained the process and stated the repairs would be done according to DPW guidance. Chairman Shea invited the public to speak. Edward Webb of 1 Deerfoot Road stated he is an abutter to 84 Main Street and asked what type of pull box will be installed and if it would impact his property. He described the location of his fence and Mr. DiFazio explained the pull box and their location. He added that he did not believe the work would impact Mr. Webb's property and he would contact him when the work will begin. Chairman Shea asked for additional public comment and there was none. Chairman Shea made a motion to close the public hearing at 7:05 P.M. Mr. Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye. Mr. Healey made a motion to approve the petition from National Grid as submitted. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Brian Ballantine, Finance Director – Fiscal Year 2021 budget update

Mr. Ballantine provided an updated status for the budget which included the Town collecting $8.5 million of real estate taxes, the Town receiving escrow services earlier than normal and departments reducing their budgets for the exercise of demonstrating a 2% and 0% tax increase for fiscal year 2021. The results should be out next week; he is waiting for the school budget and the Capital Committee to make their recommendations. He added that the department adjustments reduced services and staff. Mr. Purple stated that a 2% tax increase includes a

reduction of 1100 staff hours and a 0% tax increase leads to a reduction of 6600 staff hours across all departments. Mr. Ballantine stated that there is consideration to move capital items to next year and the two to three items considered could save the Town $130,000 in the budget.

Ms. Braccio asked when the results of the exercise could be expected. Mr. Ballantine replied within the next week but would like the School Committee to have time to respond. Mr. Stivers asked how the pandemic has affected the school expenses. Mr. Purple stated that they are being asked to do the same exercise and there are budgetary positives and negatives from school running remotely. He added that the State does not have definite numbers and the budget may have to be adjusted after Town Meeting approval. Mr. Healey suggested to be as minimalist as possible and to put off personnel items. He asked if it were possible to remove personnel related budgets that may be travel or educational and address it at fall town meeting when there is a better understanding of local aid. Mr. Ballantine said it was probably feasible to do but reviewing the items would need to be done before removal. Chairman Shea asked that this information be provided to the Board and Advisory Committee as soon as it is available. Mr. Purple agreed.

Chelsea Malinowski (1 William Colleary Lane) asked if the funds saved from freezing items would go into free cash and therefore tied up for the next year. Mr. Ballantine stated that funds would be added to free cash or there could be a revote of the budget at a lower amount. Mr. Purple suggested if this were to happen, to lower the budget.

Paul Cimino, Moderator – Discussion of critical articles and date for Spring Town Meeting

Chairman Shea stated Mr. Purple had created a list of critical articles for Town Meeting that he had distributed to the Board and Mr. Cimino. Mr. Cimino stated that the new date for Town Meeting is Saturday, June 13, 2020 beginning at 1:00 P.M. He said he is collaborating with the Town Clerk to conduct Town Meeting with the appropriate protocols that can be achieved in the Trottier Gym. He added that a quorum of 100 people, the Board of Selectmen, Advisory Committee and Town Clerk can safely fit. Mr. Cimino said he agrees with the list of suggested critical articles provided by Mr. Purple. He added that if the town meeting voters agree to pass the list of consent agenda items and indefinitely postpone the suggested list, there will be seven critical articles to address one at a time. Mr. Purple added that there are 18 articles he recommended as critical in order to begin the fiscal year on July 1st and seven of those will not be on the consent agenda.

Mr. Kolenda raised the concern that articles such as citizens petitions would not be voted to indefinitely postpone and a large number of proponents and those in opposition will attend. He asked if the Board could vote to indefinitely postpone in order to postpone to a fall town meeting. Mr. Cimino replied that it would have to be a vote at Town Meeting. Chairman Shea said the unanimous support of the Board to indefinitely postpone the list provided by Mr. Purple should be publicized to send a message to voters. Mr. Kolenda asked Mr. Purple to speak with the owners of these articles to ask for their agreement to indefinitely postpone to the fall in order to avoid a large crowd who may attend to support or oppose an article deemed not critical. Mr. Purple agreed. Mr. Cimino reminded the Board that any motions to indefinitely postpone could be defeated by town meeting vote. He explained that town meeting voters have the power to dictate how the meeting will go and explained his three-part sequence to conduct the meeting. He said eleven of the eighteen critical articles will be on the consent agenda. He said articles in need of discussion are 5, 6, 7, 8, 9, 10 and 14. He said articles 5-10 and 14 will be suggested to indefinitely postpone until the fall. The critical articles that will be included on the

consent agenda are 2, 3, 4, 11, 12, 13, 15, 16, 17, 18 and 21. Chairman Shea asked if the Board was in favor of the list of critical articles identified by Mr. Purple. The Board agreed.

Jim Hegarty, Town Clerk/Board of Registrars of Voters – Recommendation for postponed Town Election date

Ms. Braccio recused herself and left the meeting at 8:52 P.M. The Board of Registrars of Voters called their meeting into session and asked Mr. Hegarty to share the recommendation for Town Election on behalf of the Board of Registrars of Voters. Mr. Hegarty explained that Town Election will be Tuesday, June 16th at Trottier School. He explained the change in location and the process to vote in person following social distance guidelines. Mr. Hegarty estimated he had received about 100 applications for mail in ballots and said he posted the directions to submit a mail in ballot request. He added the owner of the blog recommended people wait to request an early voting ballot and he reminded the public that there is about a week turnaround from requesting a ballot to voting and return. Mr. Hegarty added that the election is mandated to be done by June 30th and explained his social distance process for swearing in those newly elected. He stated that in terms of Town Meeting, he reviewed the seating at Trottier Auditorium and said for safe social distancing, only 60 people could attend in that location. Mr. Kolenda asked about the process for requesting an early ballot and Mr. Hegarty explained it would have to be printed, signed and emailed to him. Chair of the Board of Registrars of Voters, Tomasz Kierul made a motion to hold the Town Election on June 16th from 8A.M. to 4 P.M. in the Trottier Band Room. Mr. Hegarty seconded and the motion passed all in favor by roll call. Chairman Shea made a motion to recommend the Town Election date of Tuesday June 16th from 8:00 A.M. to 4:00 P.M. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye.

III. Reports

Chairman's Report

Chairman Shea told the public that the food pantry is available for those in need and encouraged residents to donate.

Member's Reports

Mr. Stivers stated he attended the MTC meeting and encouraged the Town to continue using Zoom as a resource for meetings to solve for quorum issues. He added that public comment capabilities would need to be enhanced.

Town Administrator Report

Mr. Purple stated he has been working with Ms. Hale to create a working group to focus on the process for Town employees to return to work once the Governor's orders change. He asked if any Board member would like to join these discussions. Ms. Braccio volunteered.

Mr. Purple reminded the public on behalf of Mr. Davis that social distancing is required when using the Trottier Track and to respect the areas that are closed. He stated the skate park and tennis courts are closed and the chains have needed to be replaced multiple times due to people cutting them to gain access. He asked the public to please respect the closures.

IV. Consent Agenda

a. Approve Open Session Minutes: April 22, 2020

Chairman Shea made a motion to approve the Open Session Minutes dated April 22, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

b. Approval of the 2019 Open Space & Recreation Plan

Chairman Shea made a motion to approve the 2019 Open Space & Recreation Plan for discussion. Mr. Stivers seconded. Chairman Shea referenced section nine of the report and stated he asked Ms. Danza about the 100 parcels listed in the addendum. He stated he did not want the perception that the Board's support of this document meant the support for the Town to acquire or protect all 100 parcels. He added that if all the parcels were acquired, $100,000 would be added to the tax base. Chairman Shea stated he was in support of the discussion for the Town prioritizing the parcels but not a blanket approval to attempt to acquire them all. Mr. Healey stated that the memo specifically read that no revisions or edits were wanted and this was the final product. He voiced his concern of approving a document without review and feedback and asked why it was not provided to the Board for feedback. Mr. Kolenda agreed and explained the normal process that included the ability for editing by the Board. He added that he would like to see an editable version and the opportunity to ask questions to the stakeholders. Mr. Stivers stated there is pressure for approval now due to time sensitive grant opportunities. Ms. Braccio stated that not all the parcels on the list are a top priority but it is necessary for Open Space to list every potential opportunity. Chairman Shea suggested this agenda item be added to the May 19, 2020 meeting and invite Ms. Danza and other stakeholders to join and answer questions. Mr. Purple stated he will put this item on the agenda for the May 19th meeting.

V. Update on Impact of COVID-19

Discussion of revisions to Selectmen policy on Working Remotely during COVID-19

Mr. Purple stated that the current policy did not address a return to work piece and Mr. Stivers and Ms. Hale incorporated language to include this process. He added that Labor Counsel had reviewed it and made some changes that were included. Mr. Stivers stated the document is representative of what other towns are doing and is driven by current CDC regulations. He added that once serum testing is more available it will be added to the policy. Ms. Braccio raised multiple concerns regarding vacation time carryover, working from home when asymptomatic and the fact that the Personnel Board had not reviewed it. Mr. Purple stated he feels the policy reflects current language and provisions the SAP allows. Ms. Braccio requested the Personnel Board review the document and provide feedback. Mr. Purple agreed to do so.

Discussion of Town-wide mailing, RE: Resources available to residents/businesses during COVID-19

Mr. Healey stated a member of the Community Fund reached out to a number of Town government entities to ensure the needs by residents were not underestimated. He had multiple meetings with representatives from the Food Pantry, Senior Center, Board of Health, Community Fund, Southborough Youth and Family Services and the Town Administrator. There is concern that a segment of the population may be currently in need without access to internet to understand where to get help. They agreed to create a town-wide mailing with a summary of services and how to get them from these agencies. The Community Fund indicated they would fund it. Ms. Braccio thanked Mr. Healey and asked that the printing be done in Town to support a local business. Mr. Healey agreed. Mr. Stivers asked if there was discussion to include the ways to donate in the flyer. Mr. Healey said there was and they would be including it. Mr. Healey made a motion to approve the Town sending a mailing to each resident as described.

Chairman Shea seconded. Mr. Kolenda stated they have not seen or reviewed the mailing but trusts Mr. Healey's judgement. Mr. Healey stated it will be sent to the Board to review prior to mailing. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

VI. Other Matters Properly Before the Board

Assignment of Board member for negotiation of successor contract for Finance Director

Chairman Shea stated Mr. Ballantine's contract is expiring and asked for a volunteer to meet with him to discuss. Mr. Healey volunteered. The Board agreed with Mr. Healey participating in these discussions.

Discussion of use of Town emails for officials conducting Town business; Email Use Policy

Mr. Purple stated that the MTC discussed updating the email policy at their last meeting. He added there was concern raised by the Planning Board that people were not using their town email to conduct town business. Mr. LaFlamme stated that the contents of emails are subject to the same retention policies as physical memos. He said when he started his job in Southborough he suggested town emails be created for all employees and board and committee members. Mr. LaFlamme added that it would protect the town and the employee or volunteer from opening up their personal accounts for discovery if a public records request was submitted. He reviewed the updates made to the current policy. Mr. Healey stated that he would like to see language that states that those using their personal email for town business is not in compliance. Mr. LaFlamme agreed and stated he does not have the capacity to manage people's requests for emails to go to their personal account. Chairman Shea replied that all correspondence from him, through the Board or a Board appointed committee should be done solely through town email. Mr. Healey made a motion to approve the email use policy with the revisions to include any person not using town email for town business is not in compliance and a change is section three for clarity. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

List of reappointments of staff positions for Fiscal Year 2021

Chairman Shea stated the list included in the packet is for review and inclusion on the consent agenda for the May 19th meeting. Mr. Stivers stated it is worthwhile to look at how the Town buys legal services and look at other potential opportunities. He added that he is not saying Special and Town Counsel are not doing a good job. Mr. Kolenda stated that Town Counsel was being singled out and shared his opinion about how well the Town has been served by him. He stated that all consulting services should be looked into if the Board decided to do this for Town Counsel. He added that he does not support Mr. Stivers' request. Mr. Healey stated it is a worthy topic for discussion.

VII. Public Comment

None

VIII. On a motion made by Mr. Kolenda, seconded by Mr. Stivers and voted by roll call all in favor (4-0-0), Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 9:11 P.M.

1 Definition

- **Email** – Any message created or received on an electronic mail system, to include text and/or file attachments. (SPR Bulletin 1-99: "Electronic Mail")
    - https://www.sec.state.ma.us/arc/arcrmu/rmubul/bul199.htm

- **Staff** – refers to Employees, elected and appointed Board/Committee members, and paid or unpaid interns
- **Volunteers** – refers to technology users not included in "staff".
- **Town** – is used to refer the Town of Southborough

2 Scope

This policy is an overall guideline for email use.

This policy shall be reviewed by the Municipal Technology Committee annually. Any changes to this policy shall be presented to the Board of Selectmen for approval.

3 Purpose

This policy is intended to provide guidelines for the proper use of electronic mail (Email) by town employees, elected and appointed members of town boards and committees and other town officials (from this point forward referred to as staff). **These guidelines also apply to members of boards and committees who use personal/business email accounts to communicate with town employees and with other town board/committee members.**

These guidelines apply to the exchange of Emails related to town business and record keeping related to such Emails.

Email is subject to the requirements of the Public Records Law (Mass. Gen. Laws c. 66) and the Federal Freedom of Information Act.

- https://malegislature.gov/Laws/GeneralLaws/PartI/TitleX/Chapter66
- https://www.foia.gov/

All emails sent or received in the course of public service shall be considered a public record subject to legal discovery and record retention policies.

4 Use of Email

Email accounts are provided only while a user is employed by the Town or appointed to select boards/committees. Once a user's employment/appointment ends, he/she may no longer access the contents of his/her mailboxes.

The content of such mailboxes remains public record. As such, the Town reserves the right to retrieve contents without consulting the former user. This may include reassigning the mailbox to another user.

Additionally, upon deactivation of a mailbox, it will be archived in its entirety for a period not less than 7 years.

Email may be used by staff to exchange information on Town matters. Incidental personal use of Email is permitted in accordance with section 5.3, but subject to monitoring, archival, and public records search.

4.1 Email Communication amongst Board / Committee Members

In addition to the Public Records Laws, the Open Meeting Law also applies to email communication between members of the same board or committee. As such, care must be taken to avoid violation of Open Meeting Laws by serial communications between members.

Certain types of "housekeeping" matters may be communicated via-Email, such as the distribution of materials, correspondence, agendas and reports.

Matters of substance pending before a board shall not be discussed in an Email by a board member to a quorum of members regardless of whether the Email is sent simultaneously or serially.

Meeting agendas may be discussed by email to confirm scheduling, availability and/or to disclose topical information relevant to an agenda item.

Agendas may be distributed by email when requested by members of the public, committee or board members and may be abbreviated versions that identify the appointments on the meeting schedule and should be considered drafts.

4.2 Content

Town issued Electronic mail accounts shall never be used for any of the following:

- Intentional and unauthorized access to another person's email;
- Sending "spam", chain letters, or any other type of unauthorized widespread distribution of unsolicited mail;
- Use of email for commercial activities or personal gain;
- Creation and use of a false or alias email address in order to impersonate another or send fraudulent communications;
- Illegal activity, including but not limited to, the transmission of copyrighted or trade secret material, the transmission of obscene, defamatory, or threatening material, or the propagation of any type of criminal activity.
- Creation of offensive or disruptive messages or images. Among those things which are considered offensive are any messages or images which contain sexual implications, racial slurs, gender-specific comments, or any other comment that offensively addresses someone's age, sexual orientation, religious or political beliefs, national origin or disability.
- Campaigning on behalf of any candidate or ballot initiating.

5 Email Distribution/Subscriber Lists

Many of the Town's boards, committees, and departments have email lists which members have subscribed to. These lists shall only be used for official message distribution within the list's scope. For example, the only valid use of the Board of Selectmen Agenda subscriber list is to send Board of Selectmen Agendas.

The Town Administrator or Board of Selectmen Chairperson may authorize an exception to this rule in an emergency event where rapid distribution of information to the broadest audience possible is

required. In such cases, the message must contain a clear disclaimer informing the recipients why the list(s) where used.

The Town shall never sell or otherwise provide subscriber's email addresses to third parties, except in the furtherance of the purpose(s) for which the email address was provided to the Town. Any such third party shall be contractually bound to the privacy provisions of the Town.

6 Retaining Email Messages

As of December 1, 2016, Southborough has a practice of archiving ALL Email (regardless of content) sent and received by users on the Town Email system for a period of 7 years. This Email can be retrieved even if deleted by the user or if the user account is deleted. However, all users shall be responsible for evaluating the content of each email message for its content and, if a longer retention period is applicable, taking appropriate actions to ensure appropriate retention. Such actions may include printing the message and filing the physical record, or saving an electronic copy where permitted.

Pursuant to a valid Public Records Requests for copies of information from an email account that is the personal property of an individual (to include his/her business or employer) must be provided.

If staff do not use the municipal email system then they are responsible for full compliance of records retention themselves, including potentially being subject to a public record request on a personal or work email account.

7 Email – Town Property

An Email account is provided to selected staff for use in their work and are to be used primarily for town business only (incidental personal use is allowed). Such email and any related online services are the property of the Town of Southborough and as such may be inspected at any time.

8 Confidentiality

Email should be viewed as an unsecured mode of communication. It is strongly recommended that all documents deemed confidential be encrypted in order to protect the integrity of the communication. **Staff should never assume that Email messages are personal or confidential.**

Any encrypted documents must be usable even if the originator is not available. For this reason, either the encryption key must be stored by the department manager in a secure location, or an unencrypted version of the document must be stored on the Town file server alongside the encrypted version.

9 Privacy

Not all Email records are public documents. For example, Emails containing employee personnel file data or medical history of an employee are examples of information that should never be released without proper consent. Other types of Emails and/or attachments such as litigation documents, settlement agreements, etc. may be considered confidential and private until such time that the matter is resolved and becomes a matter of public record. Such Emails are not subject to release under the Freedom of Information Act.

It is recommended that the Subject Line of any such messages include “PRIVATE” or “CONFIDENTIAL” in order to facilitate the scanning of emails, either manually or by an automated process.

10 Authenticity

Due to the inherent nature of Email, it is not secure and can be altered or changed by any person sending or receiving information.

11 Unsolicited Email

While the Town does utilize a SPAM filtering program, some unwanted emails may get through. Unsolicited Email received from the Internet should not be opened. The user should delete the message immediately. Never open an attachment, especially if you do not know the source or are not expected an attachment. Opening unknown attachments could initiate a virus.

12 Acknowledgement

I have read the Town of Southborough Information Technology Email Use Policy and understand its terms and conditions.

I have been given a copy of this policy and I agree to abide by this policy. I understand that my failure to abide by the policy may result in disciplinary action, up to and including termination of my employment and or fines to recoup losses incurred by my abuse of this policy.

Board of Selectmen COVID-19 Pandemic Policies: Facilities, Staffing, Leave and Return to Work

Discussion Draft: 4/27/20

Approved: [Date], 2020

This policy replaces the "*Board of Selectmen Policy on Staffing of Departments During COVID-19 Pandemic*" as approved on March 19. 2020.

This policy is enacted as part of the Town of Southborough's emergency declaration and as a response to the need to protect public health and prepare Town employees and systems to maintain essential functions.

1. **Applicability:** The following policy is effective as of [Date], 2020 and will continue until further notice. The policy applies to all permanent full-time and part-time employees of the Town [excluding the School Department]. At this time, and with the exception of the Return to Work ("RTW") policies in Section 11 below which apply to all Town employees, staff in the Fire Department, Police Department, Facilities Department and DPW are to follow staffing guidelines and procedures issued by their respective supervisors.
2. **Facilities Access:** The Town House, Cordaville Hall, Library, South Union School, Public Safety and the Department of Public Works facilities (with the exception of the Transfer Station) will be **closed to the public**, however they will **remain open for staff** as described below**.**
3. **Updating Contact Information:** Department Heads should reach out to your employees for their most up-to-date personal contact information in the event of need for emergency contact. Please send that list and any ongoing updates to Lori Esposito as soon as possible: lesposito@southboroughma.com.
4. **Work from Home (WFH) Categorization:** All personnel shall be directed to work from home (WFH) primarily or completely, unless otherwise dictated by this policy. Prioritization for WFH duties will follow the following categorization and as approved by the Board of Selectmen:
    a. **Fully on-site -** These employees' job functions are not conducive to WFH and in order to provide continuity of services during the declared emergency, these employees are expected to be physically present unless otherwise specified by their Department Head and the Emergency Management Director [the Fire Chief].
    b. **Partially off-site** - These employees will be providing continuation of critical services during the declared emergency with WFH as the primary modality of work, but with some physical presence required at times when workflow needs arise. Most employees will fall into this category in an effort to reduce the amount of on-site hours required per person.
    c. **Fully off-site -** These employees will assist in continuity of services during the declared emergency, but should do so from home. Department Heads will be directing workflow for these employees during this period in order to maximize the Town's ability to return to normalcy at the end of the declared emergency and to meet work product requirements dictated by existing contracts, deadlines or other project or customer service needs. These employees may come into work

DRAFT

for a brief period of time as the need arises (e.g., picking up a document) for assisting in their off-site work.

5. **Remote Access Infrastructure:** The Town will provide all personnel eligible to WFH with the required digital access resources commensurate with the job functions being discharged on a case-by-case basis.

6. **Flexible Staffing:** To the extent needed, the Town may require the temporary shifting of workloads of certain staff members in order to meet the goals of mitigating the declared emergency. Such shifts will only happen following an informed discussion with each affected Department Head and employee.

7. **Employee Payment & Use of Time Off:** All employees will continue to be paid on a regular schedule during the declared emergency, without a requirement to use personal time off allotments, regardless of WFH categorization or health status. Employees eligible for WFH are expected to be in continuous communication with their supervisors regarding assigned workflow and be on-call during all regular work hours should the need arise for their services at municipal facilities.

8. **Discretionary Travel:** Employees who are unavailable to be on call or to report for remote work due to travel or vacation will be required to use Vacation or Personal time for such travel or vacation.

9. **Vacation Policy:** In general, the Town is discouraging all out-of-region personal travel. Individuals returning from travel on an airplane or through an airport [or other situations where groups exceeding 25 people are gathered] are expected to self-quarantine for a period of 14 days. This self-quarantine period also applies to employees who are currently out-of-region and who have not yet returned. Going forward, employees seeking vacation time will require Department Head approval. Any approved vacation time going forward may require the use of vacation, personal or sick leave to cover the required quarantine time. Questions on this policy can be directed to the Town Administrator. Additionally, employees are reminded to be mindful of vacation carryover limits; use of vacation time is still encouraged [with approval] so that employees can both take some time away from work as well as taking care to not have to forfeit time based on current policy.

10. **Leave Guidance:** The information below reflects the requirements of the Families First Coronavirus Response Act ("FFCRA")—including new paid sick time requirements for specified reasons related to COVID-19. A separate summary of key provisions of the FFCRA is being provided to all employees, and the same shall be posted in a conspicuous place in all Town buildings. Any questions regarding the applicability of the new leave provisions should be directed to the Town Administrator or the Assistant Town Administrator. For employees in the following categories, the policies are as follows:

    a. **Asymptomatic employees who have not received written direction from a medical professional or public health official to self-quarantine but who have concern about exposure to COVID-19:** Employees in this category should contact the Board of Health to address questions about COVID-19. After this conversation, if the employee chooses to be absent from work, the employee must use accrued personal, vacation or compensatory time for up to 10

consecutive working days of such absence. Sick time may not be used for such an absence. If the employee elects to remain out of work in excess of 10 consecutive working days, the employee must contact the Town Administrator for further discussion of this situation.

b. **Asymptomatic employees who have not tested positive for COVID-19 and who have been directed by a medical professional or local, state or federal public health official to self-quarantine due to potential exposure to COVID-19:** An employee who is asymptomatic and is under a direction to self-quarantine (and who provides appropriate written documentation of the direction to self-quarantine), is expected to "telework" to the extent possible based on their job function. If telework is not appropriate or feasible for that job function, the employee may be assigned on-line training modules or other work that can be completed from home during the quarantine period. An employee who has been directed to self-quarantine (and who provides appropriate written documentation of the direction to self-quarantine) and who is unable to telework, or who is designated as an essential employee and is unable to report to work, shall remain out of work for the 14 calendar days of the quarantine period. Any employee in this situation who is unable to work and who qualifies for leave under the FFCRA will be placed on paid sick leave pursuant to the FFCRA for the 14 day period. If the employee exhausts his/her FFCRA paid sick leave allotment and has not been cleared for RTW, the employee should contact the Town Administrator or the Assistant Town Administrator to discuss additional paid leave possibilities. Such requests will be reviewed on a case by case basis. To the extent applicable, the time used in this situation will run concurrently with an employee's FMLA leave entitlement.

c. Employees who have tested positive for COVID-19: An employee in this situation, with appropriate written documentation, will remain away from their job until they are medically cleared, with written documentation, to RTW by AFC Clinic in Marlborough or their own health care provider. Such an employee with a documented case of COVID-19 will be placed on paid sick leave pursuant to the FFCRA for 14 calendar days or until a medical professional clears the employee to RTW, whichever occurs first. If the employee exhausts his/her FFCRA paid sick leave allotment and has not been cleared to RTW, the employee should contact the Town Administrator or the Assistant Town Administrator to discuss additional paid leave possibilities. Such requests will be reviewed on a case by case basis. To the extent applicable, the time used in this situation will run concurrently with an employee's FMLA leave entitlement.

d. **Employees caring for an individual who has tested positive for COVID-19:** An employee in this category, with appropriate medical documentation, may be eligible to use up to two weeks of paid sick leave under the FFCRA at two-thirds of the employee's regular rate of pay in accordance with the Federal legislation. For the purpose of this section, the individual being cared for includes an immediate family member, someone who regularly resides in the employee's home, or a similar person with whom the employee has a relationship that creates an expectation that the employee would care for the person if self-quarantined or isolated. Such employees, subject to agreement with the Town

Administrator, may supplement this paid sick leave by using accrued sick, vacation or personal time in accordance with applicable collective bargaining agreements or other Town policies. If such an employee exhausts the available FFCRA paid sick leave allotment, the employee may be entitled to use additional accrued time in accordance with applicable collective bargaining agreements or other Town policies. These employees should contact the Town Administrator or the Assistant Town Administrator for further discussion of this situation.

e. **Employees who have tested positive for contagious conditions other than COVID-19 or who experience other medical conditions requiring them to be away from work:** Employees in this category who need to be away from work will use their own accrued sick, vacation, personal or compensatory time in accordance with the respective collective bargaining agreement, personnel policy or employment agreement or FMLA.

f. **Employees who are deemed to be medically vulnerable to COVID-19:** Employees in this category who have been directed by medical personnel to remain in self-isolation to protect their health because of underlying health conditions should provide appropriate written documentation of this direction and contact the Town Administrator or the Assistant Town Administrator for further discussion of leave options or other options which may involve working from home.

g. **Employees who have a medically vulnerable individual at home:** Employees in this category who have been directed by medical personnel to remain in self-isolation to protect the health of a medically vulnerable family member in the household should provide appropriate written documentation of this direction and contact the Town Administrator or the Assistant Town Administrator for further discussion of leave options [which may or may not be subject to FFCRA] and other options which may involve working from home.

11. **Return to Work:** Any Town employee who tests positive for COVID-19, or who is suspected to have COVID-19, or who has self-quarantined due to close contact with an individual confirmed to have COVID-19, shall meet and adhere to the RTW criteria detailed below before he/she is permitted to RTW.

    a. **Healthcare Personnel and First Responders: Before Returning to Work** Healthcare Personnel and First Responders with confirmed COVID-19, or who have suspected COVID-19 (i.e., developed symptoms of a respiratory infection [including one or more of cough, sore throat, shortness of breath, fever] but did not get tested for COVID-19) shall not RTW until:

        - Resolution of fever without the use of fever-reducing medications **and**
        - Improvement in respiratory symptoms (e.g., cough, shortness of breath), **and**
            - Negative results of an FDA Emergency Use Authorized molecular assay for COVID-19 from at least two consecutive nasopharyngeal swab specimens collected ≥24 hours apart (total of two negative specimens).

              OR

- At least 3 days (72 hours) have passed *since recovery* (defined as resolution of fever without the use of fever-reducing medications **and** improvement in respiratory symptoms (e.g., cough, shortness of breath)); **and**,
- At least 7 days have passed *since symptoms first appeared.*

b. **Healthcare Personnel and First Responders: After Returning to Work**
After returning to the workplace, Healthcare Personnel and First Responders should:
- Wear a facemask at all times while at work until all symptoms are completely resolved or until 14 days after illness onset, whichever is longer.
- Be restricted from contact with severely immunocompromised patients (e.g., transplant, hematology-oncology) until 14 days after illness onset.
- Adhere to hand hygiene, respiratory hygiene, and cough etiquette in CDC's interim infection control guidance (e.g., cover nose and mouth when coughing or sneezing, dispose of tissues in waste receptacles).
- Self-monitor for symptoms, and get re-evaluation from a physician or an occupational health specialist if respiratory symptoms recur or worsen.

c. **All Other Town Employees:**
- Employees with **confirmed** COVID-19, or who have **suspected** COVID-19 (i.e., developed symptoms of a respiratory infection [including one or more of cough, sore throat, shortness of breath, fever] but did not get tested for COVID-19) shall not RTW until:
  - At least 3 days (72 hours) have passed since recovery (defined as resolution of fever without the use of fever-reducing medications and improvement in respiratory symptoms (e.g., cough, shortness of breath)); **and**,
  - At least 7 days have passed since symptoms first appeared; **and**
  - The Southborough Public Health Nurse has confirmed it is appropriate for RTW
- Employees ordered to self-quarantine due to potential exposure with an individual confirmed or suspected to be COVID-19 positive shall not RTW until:
  - At least 14 days have passed since the last date of exposure to the individual with COVID-19, and during the 14-day period the employee has remained asymptomatic.

12. Appropriate Documentation and Recordkeeping: Any employee seeking to take leave pursuant to the FFCRA must provide the following information prior to taking such leave: 1) the employee's name; 2) dates for which the employee is requesting leave; 3) the qualifying reason for leave; and 4) a written or oral statement certifying that the employee is unable to work. Where an employee or an individual that the employee is caring for has been advised by a health care provider to self-isolate or quarantine, the employee must provide the name of the health care provider who advised the employee or individual being cared for to take such action. Additionally, where an employee or an individual that the employee is caring for is subject to a government self-quarantine

or isolation order, the employee must provide the name of the governmental entity that issued such order.

The Town will retain such documentation for a period of four years, regardless of whether the leave is granted or denied. If the employee provides oral statements in support of such leave requests, the Town is required to document the oral statements for a period of four years.

13. **Additional Information:** Should any employee have concerns which have not been addressed above, they should contact the Town Administrator or the Assistant Town Administrator. If an employee has COVID-19 symptoms, they should not come to work and they should **call** their Department Head [who should directly report any absence due to illness of any type to the Town Administrator or the Assistant Town Administrator].

    Any employee with a medical condition affecting their work should send all doctor's notes and other required medical documentation to Vanessa Hale at vhale@southboroughma.com so this information can be maintained in employee secure medical files.

    If any employee is looking for additional support relative to dealing with COVID-19 or other medical conditions, the Town provides the following two Employee Assistance plans which have helpful phone, e-mail and digital options for supporting every employee during this difficult and stressful time:
    - https://allonehealth.com/MIIAEAP/
    - http://www.geraldlewis.com/compasseap.html

14. This policy is subject to change at any time.

Board of Selectmen Policy on Staffing of Departments During COVID-19 Pandemic

Approved: March 19, 2020

This policy is being enacted as part of the Town of Southborough emergency declaration and as a response to the growing need to protect public health and prepare town employees and systems to maintain essential functions.

1. **Applicability:** The following policy will start on March 16, 2020 and continue until the Local State of Emergency has been lifted. The policy applies to all permanent full-time and part-time employees of the Town. At this time, staff in the Fire, Police, Facilities and DPW are to follow staffing guidelines and procedures issued by their respective supervisors.
2. **Facilities Access:** The Town House, Cordaville Hall, Library, South Union School, Public Safety and the Department of Public Works facilities (with the exception of the Transfer Station) will be **closed to the public**, however they will **remain open for staff.**
3. **Updating Contact Information:** Department Heads should reach out to your employees for their most up-to-date personal contact information in the event of need for emergency contact. Please send that list to Lori Esposito as soon as possible: lesposito@southboroughma.com.
4. **Work from Home (WFH) Categorization:** All personnel shall be directed to work from home (WFH) primarily or completely, unless otherwise dictated by this policy. Prioritization for WFH duties will follow the following categorization and as approved by the Board of Selectmen:
    a. **Fully on-site -** These employees' job functions are not conducive to WFH and in order to provide continuity of services during the declared emergency, are expected to be physically present unless otherwise specified by their Department Head and Emergency Management Director.
    b. **Partially off-site** - These employees will be providing critical continuation of services during the declared emergency with WFH as the primary modality of work, with some physical presence required at times when workflow needs arise. Most employees will fall into this category in an effort to reduce the amount of in-person hours required per person.
    c. **Fully off-site -** These employees will assist in continuity of services during the declared emergency, but should do so from home. Department Heads will be directing workflow for these employees during this period in order to maximize the Town's ability to return to normalcy at the end of the declared emergency and to meet work product requirements dictated by existing contracts, deadlines or other project needs. Employees may come into work for a brief period of time as the need arises for assisting in their off-site work. (ex. picking up a document).
2. **Remote Access Infrastructure:** The Town will be providing all personnel eligible to WFH with the required digital access resources commensurate with the job functions being discharged on a case-by-case basis.

3. **Flexible Staffing:** To the extent needed, the Town may require the temporary shifting of workloads of limited staff members in order to meet the goals of mitigating the declared emergency. Such shifts will only happen as part of an informed discussion with each Department Head and employee.
4. **Employee Payment & Use of Time Off:** All employees will continue to be paid on a regular schedule during the declared emergency, without a requirement to use personal time off allotments, regardless of WFH categorization or health status. Employees eligible for WFH are expected to be in continuous communication with their supervisors regarding assigned workflow and be on-call during all regular work hours should the need arise for their services at municipal facilities.
5. **Discretionary Travel:** Employees who are unavailable to be on call or report on remote work due to travel or vacation will be required to use Vacation or Personal time.
6. **Vacation Policy:** In general, the town is discouraging any and all out-of-region travel. Individuals returning from travel on a plane or through an airport [or other situations where groups exceeding 25 people are gathered] are expected to self-quarantine for a period of 14 days. This applies to employees who are currently out-of-region and who have not yet returned. Going forward, employees seeking vacation time will require Department Head approval. Any approved vacation time going forward may require the use of vacation, personal or sick leave to cover the required quarantine time. Questions on this policy can be directed to the Town Administrator.
7. This policy is subject to change at any time.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, April 21, 2020, 6:30 P.M.
Location: Virtual meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Scheduled Appointments

Brian Ballantine, Finance Director – Update on Fiscal Year 2021 budget

Mr. Ballantine gave an update on the effects of the COVID-19 crisis on the previously Board approved budget which included a loss of $300,000 in revenue and $184,000 added back in a positive manner in the expense side through removing the Library renovation, a $40,000 savings from one student withdrawing from Norfolk Country Agricultural High School and removing a budgeted position from the Finance Team. He said with the new estimated tax rate is 3.43%. He added that the State will be revising their proposed budget and once that is done, the proposed tax rate will be more accurate. Mr. Ballantine added that all the positions and services voted and approved by the Board previously, with the exception of the position from the Finance Department, remain in the budget. He asked the Board if a tax rate of 3.43% was acceptable and for requests for information needed for the Board to amend the budget.

Chairman Shea stated asked if the projections included in the packet assumed a return to pre-pandemic normalcy. Mr. Ballantine said he assumed a very slow return over the five-year projection. Mr. Stivers asked if it were feasible for the Board to hold off on budget amendment decisions until the State provides more information. Mr. Ballantine replied that he was unsure as the State is also unsure of the impact the COVID-19 crisis will have on their budget. Mr. Stivers stated he is hesitant to make budget cuts and asked for suggestions from Mr. Purple and Mr. Ballantine to bring the tax rate to 2.5%-3%.

DRAFT

Mr. Healey asked if the scenarios requested during the previous budget discussions could be presented again with updated numbers. Mr. Purple replied that the previous request was a five-year projection with no deficits using fiscal discipline and suggested that could be done again. Mr. Healey stated some residents have indicated that they cannot bear a tax increase for this year and sked Mr. Purple and Mr. Ballantine to present a budget with a 0% tax increase. Mr. Purple stated he could work with the Finance Team to create a budget with a tax rate increase of 0%, 2.5% and any other suggested number. He asked for parameters to create the proposed budgets and for departments to work within. Mr. Healey clarified that he most likely will not support a 0% tax increase but felt it was important to present to residents. Mr. Kolenda stated he felt the exercise makes sense to conduct with the Advisory Board but is hesitant to present as an option at Town Meeting. He added that those present to vote may be a smaller number than normal and does not want to see a reckless option passed at Town Meeting.

Mr. Stivers asked for another scenario where there is no deficit in the levy limit moving forward. Ms. Braccio agreed and stated she would like to see the two scenarios previously mentioned for residents to understand their options. She asked Mr. Ballantine what percentage of the 3.43% is capital and he replied about 1.25%. She asked if receipts were available for reimbursement through FEMA for this fiscal year. Mr. Purple replied that it is unknown at this point but Ms. Kriger has been vigilant to ensure departments are keeping track of their expenses so all reimbursements will be ready for submittal as soon as the Town is able to do so. Mr. Ballantine agreed to creating a budget scenario with a 0% and 2.5% tax rate increase and a scenario that eliminates deficits over a five-year span.

Kathy Cook, Chair of Advisory stated that the Advisory Committee has not had a meeting but they will support the creation of a budget with a 0% tax increase. She also stated Advisory would like to analyze the results of the real estate tax receipts for an indication on delinquency and ability to pay. Ms. Cook stated the Committee supports the suggestion for departments to be careful on spending and would like to give the departments time to review the budgets and weigh in. She added that the Advisory Committee agrees with the Board except for the EDC budget.

III. Reports

Chairman's Report

Chairman Shea stated he had productive conference calls with the Trustees at Chestnut Hill Farm, Ms. Danza and Mr. Purple. He stated that the trails at Chestnut Hill Farm will be open to the public on Friday of this week. He added that the Trustees had valid concerns regarding residential use near active farmland where people and animals live in addition to problems with parking. There will be additional signage and fencing to rope off areas of the farm not open to the public. Parking signs will be added to prohibit anyone from parking on Chestnut Hill Farm Road which will be monitored by Police. Chairman Shea said that all guidelines shall remain and be followed from the Executive Orders. He thanked the Trustees for their positivity and cooperation throughout this process.

Chairman Shea stated Mr. Cimino will attend the May 5th meeting when they will discuss the date for Town Meeting. He has reached out to Mr. Hegarty to attend the meeting to recommend dates and processes for Town Elections.

Members' Reports

DRAFT

Ms. Braccio said citizens in Town are doing wonderful things such as making masks and painting rocks with inspirational messages near Neary School and thanked everyone for their participation. She also thanked all of those on the front line including first responders, nurses and small businesses. She reminded the public to continue to support the Food Pantry as there is a greater need.

Mr. Healey stated that the additional funding for small businesses through the CARES Act was passed and it is available to apply through the Town website. He encouraged all small businesses to apply and reminded the public that Representative Dykema and Senator Eldridge had said this aid would be directed at small businesses like those located in Southborough. Mr. Healey stated the EDC has offered to assist with the application process and encouraged those in need to reach out.

Mr. Stivers stated that the new COVID-19 case numbers are starting to slow and encouraged Mr. Purple and the Board to begin to think about what should be considered to keep a safe and smooth restart process for opening the Town.

Mr. Stivers stated that he has heard that the public is grateful for the opportunity to participate in meetings through Zoom but encouraged the continued efforts to focus on opportunities for participation for those that lack the technology to comment. He added that he has observed a lack of social distancing at the Transfer Station and suggested opening more hours for people to go in order to lessen the crowds.

Mr. Kolenda said he has been to the Transfer Station many times over the last few weeks and noticed good social distancing practices. He said he's seen people wait to approach the recycling area until it is clear of people and he encourage the public to continue to do so. He encouraged the public to support local businesses through takeout and to thank our teachers for their work during the transition to remote learning. Mr. Kolenda also commended the Police and Fire Departments for their continued service to the Town. He encouraged residents to continue the birthday parades and highlighted the parade by St. Matthew's Parish for Father Flynn on Easter Sunday.

Chairman Shea asked the Board for their experiences at the Transfer Station. Mr. Kolenda, Mr. Healey and Ms. Braccio stated they have seen social distancing during their trips and do not feel the hours should be extended. Mr. Stivers added that he is not suggesting everyone is not social distancing but has seen people congregate more than they should.

<u>Town Administrator Report</u>

Mr. Purple stated that the Trottier Track has been open for walkers and there was an issue over the weekend with groups using the infield and sandpit for recreational purposes. The DPW is covering the sandpit and additional signs were added to the infield to make sure it is not used. Mr. Purple commended Mr. Davis for his quick action to solve the issues and keep the track open.

Mr. Purple was in contact with Mr. Harrington from the golf course and it is now open to walkers only. He asked that everyone stay away from the tee boxes and greens and there are no clubs allowed. He added that the parking lot will remain closed and that "walkers only" does not mean you can golf without a cart. Mr. Purple stated more signage will be posted.

DRAFT

Mr. Purple said he and Ms. Hale had a conference call with the Public Health Nurse, Emily Amico and there are currently only two COVID-19 cases in isolation. He added that of the twenty cases in Town, eighteen have been released from isolation. He encouraged the public to do whatever can be done to maintain social distancing.

IV. Consent Agenda

a. Approve Open Session Minutes: April 7, 2020; April 10, 2020
b. Approve Arbor Day Proclamation 2020

Mr. Kolenda made a motion to approve open session minutes from April 7, 2020 and April 10, 2020 and to approve the Arbor Day Proclamation 2020 for discussion. Ms. Braccio seconded. Mr. Kolenda asked Chairman Shea to confirm that meetings could now include matters beyond COVID-19. Chairman Shea confirmed. Mr. Kolenda mentioned he has topics he would like to add to the next agenda. The motion passed unanimously by roll call vote (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers aye.

V. Update on impact of COVID-19

Chairman Shea noted that the discussion of the impact of COVID-19 has been discussed throughout and asked the Board for any additional comments. There was none.

VI. Other Matters Properly Before the Board

Discussion of revisions to Selectmen policy on Working Remotely during COVID-19

Mr. Purple said he had been working with Ms. Hale and Mr. Stivers on a draft for the Board to review at this evening's meeting but it is not ready. He stated that the intention is to put policy standards for returning to work during the pandemic into the existing policy. He explained that Ms. Hale has been working with other communities to discuss language and process options. Mr. Stivers had created two distinct policies that created some overlap. He apologized for not having a draft this evening and he will be working with Ms. Hale and Mr. Stivers for a draft that has been reviewed by Attorney Cipriano for the next meeting.

Mr. Stivers explained that the gold standard for returning to work would be an antibody test for COVID-19. He said if it could be determined clinically that an individual is immune, the person could most likely return to work. He added that because of the uncertainty of availability and accuracy, an antibody test requirement or suggestion will be left out of the policy for now. Mr. Purple stated that they continue to follow the guidelines from the CDC and the Public Health Nurse. Ms. Hale added that the cases reported for Southborough do not include employees who are not residents. She stated that she speaks daily with the Public Health Nurse for guidance and surrounding Town Managers and Town Administrators for insight into their return to work policies.

Town Counsel recommendation on EDC request for use of Special Counsel

Chairman Shea made a motion to approve the recommendation for the propose outlined in the correspondence from Town Counsel. Mr. Stivers seconded for discussion. Chairman Shea clarified that the use of Special Counsel is funded out of the EDC grant and the Board is not voting to allow any funding outside of the grant. He stated the Board voted to be involved in this process and that the current COVID-19 crisis has made it difficult. He suggested the Board continue to work with various boards, committees and stakeholders to gather support. Mr. Kolenda stated the importance of the revitalization of downtown especially in what could be a serious economic downturn. Ms. Braccio asked why the EDC is using Special Counsel as opposed

to a consultant. Marijke Munsiff-Vegting explained that the original RFP was for three consultants and there were no responses. The Special Counsel they found is also Special Counsel for Southborough and that is why the EDC is asking for Board approval. The motion passed by roll call vote all in favor (5-0-0). Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Discussion of prioritized Town Meeting warrant articles

Chairman Shea asked for input from the Board regarding the option of streamlining the list of warrant articles to act on for Town Meeting and differ those that are not crucial for fiscal year 2021 until the fall Town Meeting. He explained with the current COVID-19 crisis, people may still be uncomfortable attending a spring Town Meeting. Mr. Kolenda stated it would be a disservice to the Town if this was not done. Mr. Healey agreed. Mr. Stivers asked for input from Mr. Purple and Mr. Ballantine as to what is needed to be approved from a fiscal standpoint during the upcoming Town Meeting. Mr. Purple agreed to work with Mr. Ballantine on a list of critical articles for approval and stated it may be advantageous to work with Mr. Cimino as well. He said utilizing the consent agenda was successful last year. Ms. Braccio stated that anything short of immediate articles needed for approval should be put of for fall Town Meeting. Chairman Shea said that Mr. Cimino is obligated to act on all the articles listed in the warrant. He said he would like the Board have a unanimous vote on a list of those articles needed for spring and those that can be deferred to fall to. He suggested the Board work with Mr. Cimino on these lists at the next meeting. The Board agreed.

VII. Public Comment

None

VIII. On a motion made by Chairman Kolenda, seconded by Mr. Healey and voted by roll call all in favor, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 7:52 P.M.

Upcoming Meetings
May 5, 2020
May 19, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

Dear Ms. Esposito:

The current sole owner, officer, director and manager (Ramanbhati K. Patel) is passing on the business to his son (Hitendra R. Patel) and his nephew (Darshak V. Patel). Enclosed please find the following documents in connection with the change of officers, directors, stockholders and manager on the liquor license as well as a Pledge of License to The Provident Bank:

1. Certificate of Good Standing from MA Department of Revenue;
2. Certificate of Compliance from MA Department of Unemployment Assistance;
3. Application for Multiple Amendments;
   a. Change of Officers/Directors (#6);
   b. Change of Stock Interest (#6);
   c. Pledge of License (#4); and
   d. Change of Manager (#5).
4. Financial Disclosure (#8);
5. Additional Information (cont. #5);
6. Monetary Transmittal Form with confirmation of payment;
7. Articles of Organization;
8. Statement of Change of Supplemental Information;
9. Stock Purchase and Sale Agreement;

10. Proposed Note to Seller;
11. Promissory Note to The Provident Bank;
12. Pledge of License;
13. Corporate Vote;
14. CORI Request Forms;
15. Passport;
16. Certificate of Naturalization; and
17. Applicant's Statement.

Kindly advise if anything else is required. When placing the legal notice in the newspaper, please contact my office and inform us as to the name of the newspaper and the date on which the ad will appear. Let me know if my attendance at a hearing is required. Thank you.

Very truly yours,

Arthur M. Pearlman

Subject: Use of Town email addresses & Email Policy
Attachments: Email Policy.pdf; RE: SHOPC Meeting Tomorrow

Follow Up Flag: FollowUp
Flag Status: Completed

Hi Mark:
Thank you for bringing this to the BOS's attention at their upcoming meeting on 5/5/20. As discussed on the phone earlier today, there are continuing concerns Planning Board members have regarding the use of Town email addresses versus personal email addresses and the Email Policy. Some Planning Board members still use their own email address and do not feel comfortable with some of the language in the Email Policy. Some of these concerns would also relate to SHOPC and MPC members, some of whom also use their personal email addresses. The following are some of the specific concerns but there may be others:

1. The use of Town email addresses for Boards/Committees is not mandated based on the language in the Email Policy
2. Elected members are defined as staff/employees which then includes them in the disciplinary aspects with the same level of accountability as employees
3. How do new appointees to Boards/Committees know about the Email Policy, that they have a Town email address and how to set it up; some members are not aware of these things (see attached email from SHOPC member)
4. This has also come to light with the reserving of and use of "Remote Meetings with Public Participation" room. This meeting setup requires Tom Laflamme to facilitate the "meeting room" reservation and email the "invites" to the Zoom meeting to the panelists (board/committee members). He has indicated that he will only email to Town email addresses. Board/Committee members who do not use their Town email address do not receive the invite email. This has caused them to sign in to the zoom meeting via the Town website/remotemeetings but then are only recognized as public participants. I believe Tom has the ability to elevate their meeting status to "panelist" once they are in the meeting.
5. Has the Email Policy been reviewed by Town Counsel

If you can please add this to the BOS agenda for 5/5/20, it would be most helpful. Please let me know if you have any questions or need additional information.
Thanks,

Karina G. Quinn, P.E.

Re: Open Space and Recreation Plan

Dear Ms. Gillespie:

Thank you for submitting the draft Open Space and Recreation Plan for Southborough to this office for review and compliance with the current Open Space and Recreation Plan Requirements. This plan was particularly thorough and has been conditionally approved through March 2026. Conditional approval will allow the town to participate in DCS grant rounds through March 2026, and a grant award may be offered to the town. However, no final grant payments will be made until the plan is completed.

1. Please review the entire plan and update as needed as it regularly mentions activities that had not yet started as of, say, 2015, which may have begun at this point.
2. Introduction – the Planning Process and Public Participation section must discuss how the public forums were advertised.
3. Population Characteristics – information on population density and the town's industries must be added.
4. Growth and Development Patters – the Infrastructure section should discuss pedestrian and cycling options. A Long-term Development Patterns section must be included.
5. Vegetation – the public shade trees section is missing and must be added.
6. Scenic Resources and Unique Environments – any unusual geologic feature in town should be added.
7. Environmental Challenges – sections on chronic flooding and environmental equity must be added. Environmental equity refers to looking at the distribution of open space in the town and identifying any areas that are lacking in them.
8. Section 5 – please note that recreation land is also protected under Article 97. The table that lists town-owned conservation properties must be expanded to include columns on current use (more specifics are needed), recreation potential (more specifics are needed), and type of grant, if any, used to purchase or renovate the property. The table that lists town-owned recreation properties must be expanded to include columns on recreation potential, type of grant (if any) used to purchase or renovate the property, and public access. Also, any Agricultural Preservation Restrictions must be listed.

9. Analysis of Needs – the Community's Needs section should include information on the SCORP and how it relates to Southborough, as well as a discussion of the needs of special groups, such as teens and the elderly.
10. Action Plan – the goals and objectives should be listed in some sort of priority order with a funding source and responsible party identified for each.
11. Maps – the Regional Context and Action Plan maps are missing. The Unique Features map must include geologic features. Please have the key and map on the same page.
12. ADA – were the facility inventory forms from Appendix G of the Open Space and Recreation Planner's Workbook used as the basis of the checklist of recreation properties? A facility inventory form must also be completed for each town-owned conservation property as well.
13. Letters of Review – letters of review from the Regional Planning Agency, Planning Board, and Chief Municipal Officer must be submitted.

Congratulations on working on such an important task for your community! Please contact me at (617) 626-1171 or melissa.cryan@state.ma.us if you have any questions or concerns, and I look forward to reviewing your final plan.

Sincerely,

Melissa Cryan

MEMORANDUM

Date: April 23, 2020
To: Board of Selectmen & Mark Purple, Town Administrator
From: Melissa Danza, Conservation Agent
Subject: 2019 Open Space & Recreation Plan Approval

Thank you for your time and consideration in reviewing the 2019 Open Space & Recreation Plan (OSRP). Prior to your next meeting I wanted to supply some additional information to help aid in this process.

This plan ultimately began in 2015/2016 when the Town utilized services from the Conway School to prepare this newest version with surveys, outreach, and listening sessions done as required by the state in 2016. Once the draft was finished, there was a waiting period while another consultant was acquired to complete the ADA evaluations of our town owned playground, parks, and open space. Since this completion, the original draft has been updated to reflect changes as required by the EEA with their conditional approval in March of 2019 (see attached). These changes have been since made and the only outstanding item is the letter of support from the Board of Selectmen.

I am happy to report that the Metropolitan Area Planning Council (MAPC) also finds that the listed goals and priorities aligns with their 2050 Master Plan. The representative from Conservation Commission in the Master Plan Committee has also incorporated these items within the new Master Plan discussions to ensure that these priorities are enforced consistently and congruently throughout town documents. There have been consistent efforts through this process to ensure that this document fits in with the overall feel, priorities, and comments from the town as a whole.

While it has taken extra time to get a final and complete plan, many boards and committees have begun to work on their designated tasks since reviewing the latest version and issuing their support including Planning Board, Conservation Commission, Recreation Commission, Open Space Preservation Commission, and others. With the changeover within departments and boards we have made sure that they have been updated on the current status and had time to review the OSRP. I am asking at this time for the Board to issue their support because the clock in which this document is in play for began with its conditional approval and I want to ensure the best use of our time. There are also several grants available to different boards and committees that

require a fully approved OSRP. To help them in their granting writing process, I want to ensure that this step is taken care of as soon as possible given the unknown changes in deadlines or future availabilities of funds in these programs.

As this OSRP has been conditionally approved, we are not looking for edits as priorities and goals have been thoroughly vetted throughout the years with individual responsible parties taking it upon themselves to verify the correct actions to meet each goal. I hope that given this information and the extensive time that multiple entities have spent on this document, that the Board will vote favorably and allow those relying upon it to move forward with their ventures in acquiring funding or reaching goals to better our recreation and open space lands.

LIQUOR LICENSE MULTIPLE AMENDMENTS
SOUTHBOROUGH PUBLIC HEARING

Notice is hereby given under Chapter 138 of the Massachusetts General Laws that B.K.P. Inc., d/b/a Fitzgerald General Store, has applied for multiple amendments, including Change of Officers and Stock Interest to the annual Package Store/Wine & Malt Beverages License, currently held by Ramanbhati K. Patel at 110 Southville Rd, Southborough, MA. A public hearing will be held by the Board of Selectmen acting as the Local Licensing Authority, in a virtual meeting on Tuesday, May 5, 2020 at 6:30 p.m. The meeting may be viewed by the public through a link located at https://www.southboroughtown.com/remotemeetings.

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Thursday, May 14, 2020, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:00 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Continued discussion of revised Fiscal Year 2021 budget**

Mr. Purple told the Board that they will need to approve or make changes to the list of exempt departments from further reductions of their budgets and review the 2% and 0% tax rate increase exercises. He added that recommendations from the Capital Committee are included in Mr. Ballantine's presentation. Mr. Purple told the Board he would like to have a revised budget approved at the meeting on May 19th.

Mr. Ballantine presented the updates to the revised budget which created a .83% tax rate increase with a levy capacity increase of about $1.1 million. He explained that local receipts and local aid were adjusted down and capital articles were adjusted. The Board would need to review and support these changes. He reviewed budget changes which included a deferment of the $70,000 DPW diesel truck to fiscal year 2022, deferment of the windows at the Town House which will be pursued another year and pointed out that the Finn boiler replacement is still included in the revised budget. He continued to list the capital items deferred to a future year and stated that the Capital Committee recommended that the hook and lift truck be taken up at the spring Town Meeting in bond form. Mr. Ballantine stated the Mr. Cimino would decide whether this could be added to the spring warrant. Chairman Shea recommended this item be included in the fall town warrant as previously decided. Mr. Purple explained that Ms. Galligan met with the Capital Committee and stated the current truck has over 120,000 miles and needed $12,000 for a new transmission. He stated she made a strong case that replacing the truck may be the wisest financial decision. He stated the new truck is $225,000 and recommended placing

this item into a capital article for the general fund. He added that $60,000 would come out of the water fund for the truck. Ms. Braccio explained if the DPW does not get the new truck, it could mean there is one less truck for snow plowing and that could create a large potential cost for the Town. Mr. Ballantine explained that another suggestion from the Capital Committee was to appropriate $25,000 from a $375,000 bond recommendation for Cordaville Hall to be used to add a bathroom at the Senior Center. The timing would be advantageous as the Senior Center is vacant during the pandemic.

Chairman Shea stated Mr. Malinowski had reached out to him to speak with the Board as a representative from the Capital Committee at the next meeting. The Board agreed. Mr. Ballantine summarized the exercise done to reach a 0% tax rate increase. He stated this is not recommended and a lot of hours and services were cut. Mr. Purple stated the .83% tax rate increase includes all the capital recommended by the Capital Committee and the 2% reductions listed in the documents included in the packet. He stated the budgets from the schools are also included and they had done the same exercise. Mr. Purple stated the only pending item not included is the National Grid parcel that the Town could purchase.

Mr. Healey stated that the decision to include new positions into the budget was done after robust discussions prior to the pandemic. He asked what the budget would look like if all new hours approved at that time were removed. Mr. Purple explained how projected benefits work within a budget and stated the tax rate increase would be .52%. Mr. Healey stated that with the private sector unemployment rate between 15% and 20% and furloughs and layoffs in the State and municipalities, he is not convinced adding new positions is in the best interest of the Town. He said all departments made strong arguments for their needs but with the extenuating circumstances and status of the economy brought on by the pandemic, he is not in support of adding any new positions without a corresponding budget cut. Mr. Stivers stated the new positions voted for approval were public safety needs and these departments are more in need of staff now than before the pandemic. He stated the addition of these positions would enable the Town to provide the right level of service to its residents. Ms. Braccio suggested job sharing. Mr. Stivers felt it was a good idea but it would not work for Southborough Youth and Family Services. Mr. Healey countered that these are important positions but the current economy is the worst its been since the Depression and he is not in support adding these positions in perpetuity when the economic future is unknown. Mr. Purple explained the onboarding process for police officers and reminded the Board that the full financial impact of these hires would not be seen until fiscal year 2023. He stated the Board could vote to freeze the new hires previously approved until January 2021 when more information may be available. Mr. Healey asked if there could be a hiring freeze on these positions in January 2021 if it was decided to be in the best interest of the Town. Mr. Purple stated it could be done and reminded the Board that due to unique onboarding of police officers, theirs is the only naturally deferred financial impact.

Mr. Kolenda stated he remains in support of public safety and he supports Mr. Purple's suggestion for freezing the hires until January 2021. Mr. Stivers suggested reviewing current staff positions and trading those that are not critical to enable the Town to provide the resources needed. Mr. Purple disagreed and stated that some departments have one or two people and added that it is very hard to replace a position once it is removed. Mr. Stivers asked if the new positions for the Technology Department are included and stated he is in support of a July 1st hire for this department. Mr. Purple stated that the ability for the staff to work from home for the past two months is a testament to bringing IT services in house. He said the department is looking for an additional part-time position and reminded the Board that there is no backup or

redundancy plan for this department. Chairman Shea stated he agreed with the approach to deffer police officer hiring until January 1, 2021 and moving forward quickly with a Youth and Family Services position. Mr. Stivers agreed.

Mr. Ballantine reviewed the list of exempt departments and asked the Board to consider including the Board of Health, Treasury Department, Recreation and Town Clerk. He reviewed the reasoning behind the request. Chairman Shea and Mr. Stivers agreed to include the Board of Health on the exemption list. Chairman Shea asked Mr. Ballantine to reach out to Assabet Valley Regional Technical School to discuss their budget and Mr. Ballantine agreed. Mr. Purple asked if there were any other departments the Board would like to add to the exemption list. Ms. Braccio stated she would like to review the Police and Fire budgets and possibly include them. Mr. Healey asked to see the exemption list again and identified others that should be contributing that are on the exemption list. He added that the Selectmen budget should be reduced to help offset the budget increase. Ms. Braccio did not agree with all of Mr. Healey's suggestions but did agree with reducing the Selectmen's budget.

Mr. Ballantine recapped the budget reductions and reminded the Board that local aid and local receipts will be set at a tax rate setting meeting and more information will be available in the fall. Mr. Purple reviewed the budget the Superintendent is presenting to the Regional School Committee and the amount the Town will receive from their proposed cuts. Mr. Healey stated that he could not support adding new positions at this time without cutting other items out of the budget unless absolutely necessary. He said he begrudgingly approves of moving the positions start dates for police to January 1, 2021. Mr. Kolenda made a motion to add two additional police officers with a hiring date of January 1, 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote. Roll call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye. Mr. Healey stated he is in favor of a position for Youth and Family Services if the cost was covered through the removal of another budget item. Mr. Kolenda spoke about the tradeoff of positions and stated he felt it was important to add the new positions without removing others. He reminded the Board that Mr. Ballantine had removed his request for a part-time employee which would cover half of the Youth and Family Services position. Mr. Kolenda made a motion to support a full-time position for Youth and Family Services. Mr. Stivers seconded. Mr. Healey stated he is not in support without corresponding budget cuts. The motion passed (4-1-0) by roll call vote. Roll call: Shea, aye; Braccio, aye; Kolenda, aye; Stivers, aye; Healey, nay. Chairman Shea stated the Zoom connection was spotty and he was having trouble hearing the rest of the Board. Mr. Kolenda and Mr. Ballantine stated the same. Mr. Kolenda made a motion to support the addition of a part-time position for the Technology Department. Ms. Braccio seconded. Mr. Healey asked the total cost of this addition and Mr. Ballantine stated $26,283. Mr. Healey stated his position to not include additional positions unless there was a corresponding cut in the budget. Mr. Purple asked the Board to consider two part-time positions for the Technology department instead of one full-time position. He said this would create full-time hours without incurring the cost of benefits. Chairman Shea made a motion to support one part-time position for the Technology Department as proposed with a start date of July 1, 2020. Mr. Kolenda withdrew his motion and seconded Chairman Shea's motion. The motion passed (4-1-0) by roll call vote. Roll call: Shea, aye; Braccio, aye; Kolenda, aye; Stivers, aye; Healey, nay.

Mr. Purple summarized the decisions made by the Board and stated he will incorporate them into the revised budget for review at the next meeting on May 19th.

III. **On a motion made by Mr. Healey, seconded by Mr. Stivers and voted by roll call all in favor, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 7:31 P.M.**

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, May 19, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Kolenda called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

James Blaschke – volunteer interview for Historical Commission appointment; term 6/30/22

Chairman Shea welcomed Mr. Blaschke and asked him for a brief background and reasons for volunteering. Mr. Blaschke said he has been a resident of Southborough for twenty years, had a forty-five-year career in technical engineering and marketing and sales and was a founding member of five startups. He stated that he has recently retired and wanted to volunteer. He had recently joined the Historical Society. Chairman Shea asked if he had attended any meetings yet and he said he joined one meeting. Mr. Stivers asked if there were any projects he was focused on and Mr. Blaschke replied there was not. Mr. Kolenda asked how he would balance the needs and wants of property owners and those of the Historical Commission. Mr. Blaschke responded that as a philosophy he believes in the principle of tradeoffs between what the homeowner wants and the bylaws. He added that he is a believer in communication and negotiations to come to a fair conclusion for all involved. He said the structure would have to be historically meaningful in some way for him to move forward. Ms. Braccio asked if there was a letter of recommendation from the Commission and Mr. Purple stated Mr. Mauro had sent one but it cannot be found. Mr. Healey stated that as a founder of five businesses, he has the skills to creatively suggest projects and initiatives for the Town. Chairman Shea made a motion to appoint Mr. Blaschke to the Historical Commission; term 6/30/22. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

Brian Stearns, Veterans' Agent – Memorial Day observance update

Mr. Stearns listed the events scheduled for Memorial Day weekend which include a flag ceremony this Saturday, flags will be placed on the veteran's graves and Representative Dykema produced a Memorial Day message that will be shown on Southborough Access Media. He added that Ms. Hale coordinated with the churches and there will be twenty-one bell rings at 10:30 A.M. instead of a twenty-one-gun salute. He added that there will be a small contingent of veterans that will march and perform a ceremony while maintaining social distancing. Mr. Stearns stated that the event is not public but will be viewable on SAM. Ms. Braccio thanked him for his work and reiterated that the public should not attend. Mr. Kolenda agreed and thanked Vanessa for organizing the bell ringing. Mr. Kolenda thanked Mr. Stearns for coordinating with the State and other towns to create an appropriate event. Chairman Shea stated the event will be viewable on Verizon channel 37.

Mark Pietrewicz, Assabet School Committee Rep. – update to the Board

Mr. Pietrewicz explained he joined the Assabet School Committee in August to fill a vacancy and he will be running a write-in campaign to be full term member for the June election. He summarized the challenges the school is facing which include difficulties with remote learning as most is hands-on and ensuring the senior class receives the rest of their hours in order to graduate. He stated that the 2021 budget was finalized and that a five-year bus contract was agreed upon with NRT. Mr. Pietrewicz stated his main goal is to bring more visibility to the school and inform Southborough residents the school is a viable option for students. He said that Assabet has all sports with high engagement and graduates have the requirements needed to attend a two- or four-year college. He broke down the number of Southborough students currently enrolled which total twenty-one.

Ms. Braccio asked Mr. Pietrewicz to thank the students for their work on the deck at the golf course club house. She asked what the plans were for graduation. Mr. Pietrewicz stated they are planning a summer graduation at the DCU Center for the 1,200 graduating seniors.

Brian Ballantine, Finance Director – Continued discussion of revised FY2021 Budget

Mr. Purple walked the Board through the PowerPoint presentation included in the packet. He showed the Board the changes made and voted on recently to adjust the budget due to the pandemic. Chairman Shea asked to review and discuss the next steps slide. Mr. Healey stated he would like to hear from Advisory before making any more budgetary decisions. He asked that Advisory discuss the items the Board has already addressed. Mr. Stivers agreed. Ms. Braccio stated that after reviewing other towns' budgets and noting the number of layoffs and furloughs, she would like to revisit the new hires approved for July 1, 2020. She suggested the Youth and Family Service position become a job share with other employees who may not be busy at this time. Mr. Kolenda stated he is comfortable with the vote from the previous meeting and supports filling the open positions at Youth and Family Services and the Technology Department July 1, 2020. Mr. Healey restated his previous position to postpone all but the Police Department positions until January 1, 2021. Chairman Shea stated he felt it were more prudent to hold off on all hiring until January 1st when more information is available from the State and Local levels.

Mr. Kolenda asked the dollar savings from deferring the Youth and Family Services position. He noted his concerns about a lack of resources for public health issues stemming from the pandemic. Ms. Braccio stated it was not a matter of money but sustainability. Mr. Kolenda respectfully disagreed. Mr. Stivers stated he is willing to take the risk to provide Youth and

Family Services with the resources they need in order to support the residents starting July 1, 2020. Ms. Braccio stated her stance does not reflect non-support of Youth and Family Services. Mr. Healey made a motion to delay all hiring until January 1, 2021. Ms. Braccio seconded. Mr. Kolenda asked for clarification on the motion and Chairman Shea stated this motion will impact Youth and Family Services and the Technology Department. Mr. Kolenda said he will not support a motion that impacts Youth and Family Services. The motion passed (3-2-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, nay; Shea, aye; Stivers, nay. Chairman Shea made a motion to approve the amended 2% budget as prepared by Mr. Purple and Mr. Ballantine. Mr. Kolenda seconded. The motion passed (3-2-0) by roll call vote, Braccio, aye; Healey, nay; Kolenda, aye; Shea, aye; Stivers, nay.

Ms. Cook stated she supports the hiring freeze for flexibility. She stated that she believes there are people who have the time and ability to fill the Youth and Family Services position due to the impact of the virus. She added that Advisory is not worried about just this year's budget, but the budget for the next five years.

Continued discussion about Open Space & Recreation Plan

Mr. Kolenda stated the document is a solid product that took a lot of time, effort, and research to create. He stated that he felt there is commentary in the document that could be read as anti-building or anti-development and this should be stripped out. He said he sent a redlined version to Mr. Purple and felt that the commentary regarding an explosion of population in Southborough is no longer an accurate description. Mr. Kolenda added he would like to see the document in a more neutral fashion that still advocates for need and want for open space in Town while respecting other aspects of tax relief.

Mr. Healey spoke about his concern over the lack of timing for the Board's approval and the inability for the Board to give feedback on the document. He described the process he took to research who owned and how the document was developed which included reading many board and committee meeting minutes. Chairman Shea invited Ms. Danza to speak. Ms. Danza explained the document was created from surveys from the public and all boards and citizens were invited to take part. She stated that it is not bias towards Open Space or any other entity and the parcels listed are those the Town would like review if they happened become for sale. She explained her predecessor Ms. Rosenbloom and Ms. Ferguson from Recreation were highly involved in this process. She added that Ms. Cryan from the EEA had a lot of feedback for updates and changes to the document. Ms. Braccio added that the document was generated by surveys and public outreach. She said two consultants worked to create the majority of the document which was funded by the Recreation Committee and CPA funds.

Mr. Healey stated he compared this document with other community's and this document is much different. He added that the Town is receiving numerous OML complaints and he would like a timeline put together of how this was created as he had not found any minutes to reflect this. He also requested to know what group is responsible for this document. Mr. Stivers stated this document has had a long and difficult past and suggested the Board should approve this in order to move it forward. Mr. Kolenda stated he had responsibility to entire Town and if he were to sign off on it, he would like the anti-development rhetoric removed. Chairman She stated that this should be an agenda item at a future date to address the questions regarding the history of the document and process that was followed. Mr. Healey asked for a timeline, what committees or boards were appointed to work on this, when and where meetings were held and any minutes reflecting vote taken.

Ms. Gillespie stated that this is not an Open Space Preservation Commission document and explained some of the history of its origin. She added that discussions related to this document are not included in any minutes because it was created by Town employees. She stated that if the Board is finding fault with the document, it is not the fault of the OSPC as they did not write or edit the document. Ms. Gillespie stated that the Board can choose to support the 2019 document and it will move forward or not support and it would have to be recreated from scratch. She said there is no going back to edit it. Chairman Shea asked Mr. Purple and Ms. Danza to work on producing a timeline for the origination of this document and answers to the questions provided by the Board. Mr. Purple agreed.

III. Reports

Chairman's Report

Chairman Shea reminded the public that the town election is June 16, 2020 from 8:00 A.M to 4:00 P.M. at the Trottier School. He encouraged people to vote early and vote for contested and uncontested races.

Chairman Shea stated that documents were distributed in early winter for performance reviews for the Town Administrator and due to personal issues and the pandemic, the completion of the forms fell in the priority list. He asked the Board for a consensus on schedules. Mr. Shea asked to move as quickly as possible as the renewal of Mr. Purple's contract is soon. The Board agreed to have comments complete and submitted through emails to Ms. Hale by June 2, 2020.

Members' Reports

Ms. Braccio praised the Police and Fire Departments for their work coordinating the successful search and rescue of a missing 86-year-old woman. She listed and gave thanks to the units that worked together which included Police and Fire Duty Crews, Fire Recall, Southborough CERT, Department of Fire Services, Special Operations Drum Unit, and the Grafton and Weston K-9 Units.

Mr. Healey thanked Ms. Hale, Ms. LeFrancois and Southborough Youth and Family Services for sending the town-wide mailer with updated information regarding available resources for those in need. Mr. Healey stated that the Main Street Project has begun work and he has heard feedback from affected residents that they would like improved communications and updates from MASS DOT. He and Ms. Galligan are attempting to work with MASSDOT on this but because it is a State project, they are having difficulties. They will continue to push the issue.

Town Administrator Report

Mr. Purple updated the Board on the current status of COVID-19 in Southborough. He stated there have been 38 positive cases and 34 have been released from isolation. The Public Health Nurse is monitoring four cases currently. He praised the work of the Board of Health and the Public Health Nurse for the contact tracing they have been doing.

He stated that he is coordinating with Ms. Hale, the Public Health Nurse and Chief Achilles to formulate a phasing plan to bring employees back to work that follows the guidelines from the Governor. Mr. Purple stated that currently the date to open buildings to employees may be June 1st or June 8th.

Mr. Purple stated Ms. Hale has been leading the interview team for the Town Accountant position as Ms. Kriger is retiring at the end of June. Two finalists will be invited for in person meetings with Mr. Purple. He hopes to have a recommendation for appointment in the beginning of June.

IV. Consent Agenda

Chairman Shea asked to hold agenda items b, c and d. Chairman Shea made a motion to approve agenda items a, f, g, h and i. Mr. Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

a. Approve Open Session Minutes: May 5, 2020

b. Reappointments of staff positions for Fiscal Year 2021
Chairman Shea stated that the Board committed to review the list of municipal employees yearly and pointed out that the Tree Warden and Special Counsel Talerman have been added to this list. Chairman Shea made a motion to approve the staff appointments for fiscal year 2021. Ms. Braccio seconded. Mr. Stivers said he would like to review legal services provided to the Town and proposed a 90-day approval to put out a bid for alternative legal service options. Chairman Shea stated that the appointments are set to take effect July 1, 2020 and this process can take time. He listed the advantages and disadvantages of regularly submitting RFPs. Mr. Healey stated he was in support of reviewing all contractual services on a more global level. Ms. Braccio agreed and stated she was not in support of this review so late in the year. Mr. Kolenda stated he was having trouble hearing Mr. Healey and Ms. Braccio but stated this topic should have been brought up months ago and he felt submitting RFPs and not acting on them could be dangerous. He added that if the Town were to approve the lowest bidder, service could suffer. Mr. Kolenda stated he supports the approval of legal services for the next year. Mr. Healey made a motion to approve the reappointments of staff positions for Fiscal Year 2021. Ms. Braccio seconded. Chairman Shea wanted clarification on Special Legal Counsel Lacey and Mr. Purple stated that the Law Firm should be listed and not the individual lawyers. Mr. Healey stated his motion stands as amended. The motion passed (4-1-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, nay.

c. Assignment of 5/13/2020 OML Complaint from Ginny Kremer to counsel for response
Chairman Shea asked which counsel was appropriate to provide a response and Mr. Purple stated Town Counsel. Chairman Shea made a motion to assigned the 5/13/2020 OML Complaint from Ginny Kremer to Town Counsel. Mr. Healey seconded. Mr. Kolenda stated that OML complaints are free to the tax payer to pursue and it is their right but there is a cost to the Town. He said there have been many filed from the same people and many of theirs have lost but still a cost to the Town. Mr. Kolenda asked Mr. Purple to find out how much money has been spent on these OML Complaints from these individuals. Mr. Purple agreed to do so. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

d. Town Administrator to sign Cemetery deeds on behalf of Board of Selectmen
Chairman Shea stated that because the Board is unable to meet in the Meeting Room and there are a number of documents requiring signatures. He said allowing the Town Administrator to sign cemetery deeds on behalf of the Board saves time and resources. Chairman Shea made a motion to allow the Town Administrator to sign Cemetery deeds on behalf of the Board of Selectmen. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

e. Approve successor contract for Finance Director

Mr. Healey summarized the agreement already approved in Executive Session which approved a first-year salary increase of 2.25%, a second-year salary increase of 2.5% and a third-year salary increase of 2.75%. He added the Board agreed to create a 457 deferred compensation plan for three years annually representing 3% of Mr. Ballantine's pay for each year. Mr. Healey reviewed the additional item in paragraph eleven to buy back unused vacation time up to five days or forty hours at the end of the vacation year. Mr. Healey made a motion to approve the agreement described. Chairman Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

f. Approve side letter for DPW Union, RE: Supervisor stipend
g. Authorize support for Capital Committee to file CPA applications for Town House improvements
h. Approve Executive Session Minutes: May 5, 2020
i. Accept donations totaling $100.00 for Fire Department Ambulance Fund

c. Update on impact of COVID-19

Mr. Purple suggested inviting the Recreation Director to the June 2nd meeting to give an update as to the status of their programs. He said the Recreation Commission made the decision to cancel summer camps this year and it would be beneficial to have him explain what they are working on and their plans moving forward. Chairman Shea agreed.

d. Other Matters Properly Before the Board

List of Board/Committee reappointment requests for Fiscal Year 2021

Chairman Shea stated that there were members of the Golf Course Committee that do not want to be reappointed. He said they have requested to dissolve the Committee or reconsider a new charge. Mr. Stivers said the Committee spoke about a refocus from design and construction to marketing and better utilization of the course at their last meeting. He said there is value in having strong citizen input in doing this. Mr. Purple stated this was always the intention for the Committee and once the Public Safety Building was complete, they would pivot to a conduit role between the Town and management company. Chairman Shea stated this will be considered at the next meeting.

Mr. Healey gave his reasons for not requesting reappointment to the Main Street Working Group which included the fact that they had not been utilized in years. Chairman Shea stated he was in support of dissolving the Group. Mr. Stivers noted a conditional request for reappointment from Mr. Geyer of the Conservation Commission. Chairman Shea stated that a licensed site professional engaged by the Board is working on this issue and the Town is following their recommendations completely. He said he is not interested in providing a conditional approval for Mr. Geyer but acknowledged his tremendous work on the Conservation Commission. Chairman Shea added he would welcome him back but without any conditions. Mr. Kolenda agreed and stated Mr. Geyer is a great advocate for Conservation but he would not support any person who provided conditions to their reappointment. Mr. Healey asked Mr. Geyer to reach out to any Board member to discuss further.

Chairman Shea stated the PILOT Committee is vacant and asked that it be removed from the list. Mr. Purple agreed. Chairman Shea stated the charge of Public Safety Building Committee is complete. Mr. Purple agreed and said Mr. Malinowski has given authority to both him and Mr. Purple to close out the project. He added that Mr. Malinowski forwarded the final meeting minutes for Board approval. Chairman Shea stated Mr. Purple suggested dissolving the Town

Property Review Committee as it has been vacant for some time. He said unless there are residents interested in joining this committee, it is best to dissolve it. Chairman She stated this item will be on the Consent Agenda for the next meeting.

e. **Public Comment**

Sue Butka (8 Hubley Lane) stated she is Chair of Southborough Youth and Family Services and does not believe they can wait until January for the addition of their new position. She said she spoke with Ms. Cassell recently and this is a crisis situation that will get worse before it gets better. She added there have been serious domestic abuse situations prior to the lockdown and the pandemic has created more need for the services they provide.

Mr. Purple asked the Board if the vote to delay any new hires until January 1, 2021 does not include additional hours for the Fire Department or Council on Aging. Mr. Healey stated his motion was focused on new hires and not additional hours.

f. On a motion made by Mr. Stivers, seconded by Chairman Shea and voted all in favor by roll call, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 9:10 P.M.

Upcoming Meetings
June 2, 2020
June 13, 2020 – Annual Town Meeting

Respectfully submitted,

Kathleen Barry, Recording Secretary

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, May 5, 2020, 6:30 P.M.
Location: Virtual meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:32 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

6:30 P.M. HEARING: BKP Inc., d/b/a Fitzgerald's General Store application for multiple amendments to Annual Package Store/Beer & Wine license

Mr. Purple read the public hearing notice into the record. At 6:35 P.M. Mr. Healey joined the meeting. Attorney Arthur Pearlman introduced himself and explained the sole owner, officer, director and manager of BKP inc., d/b/a Ftizgerald's General Store, Ramanbhati Patel is passing on the business to his son, Hitendra Patel and his nephew Darshak Patel. He explained both Hitendra and Darshak's experience managing liquor stores and that each would be 50% shareholders of the business. He added that there will be no changes regarding the operation of the business and requested the amendments to the Annual Package Store/Beer & Wine licenses be approved as provided in the packet.

Chairman Shea asked about the past experience with other stores with respect to sales and the consequences of not complying with the law. Attorney Pearlman described their experience and agreed that they understand and intend to comply with all laws and regulations. Mr. Stivers asked if Mr. Darhsak Patel had experience in managing liquor stores and if there would be any change in management. Attorney Pearlman explained his experience and stated that there would be no change. Chairman Shea asked for public comment and there was none. Chairman Shea made a motion to close the public hearing at 6:41 P.M. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye. Mr. Healey made a motion to approve the application submitted by DBK Inc. as

written. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Brian Stearns, Veterans Agent – Discussion of Memorial

Mr. Stearns stated he met with the Secretary of the Department of Veteran's Services on April 23, 2020 to ask for statewide guidance on Memorial Day services. He said there will not be traditional services due to social distancing restrictions enacted by the Governor. He stated both Marlboro and Ashland have cancelled all services and suggested a small non-public ceremony at the All Wars Memorial to be recorded by SAM. Mr. Stearns added that he spoke with Mr. Whynot and they are coordinating with adult volunteers to place flags at the graves of deceased veterans. Chairman Shea stated that Memorial Day deserves an observance and told Mr. Stearns the Board will support the ceremony. Mr. Kolenda thanked Mr. Stearns for his work and asked if there was a State prohibition from veterans gathering socially distant to march from the Town House to the All Wars Memorial. Mr. Stearns said he felt that could be hard to manage and may encourage people to gather. Mr. Healey stated that given the circumstances, no more than ten people should gather and no parade should take place. Mr. Stivers agreed. Mr. Kolenda stated that the veterans would follow the guidance of the Commonwealth and elected Town leaders to hold an event that is appropriate. Chairman Shea stated the Governor's order stands through May 18th and recommended the Board wait to make an official decision until their next meeting on May 19th. The Board agreed and Mr. Stearns stated he will have more suggestions on the 19th.

6:45 P.M. HEARING: National Grid petition for manhole and duct locations, Deerfoot Rd. and 84 Main St.

Mr. Purple read the public hearing notice into the record. Christopher DiFazio from National Grid explained the work planned for 84 Main Street at Deerfoot Road. Chairman Shea asked when the work is anticipated to begin and requested that National Grid coordinate with the DPW Superintendent so the work does not interfere with the Main Street project. Mr. DiFazio agreed to do so and stated there was no timeframe to begin work. Mr. Stivers asked about the repairs made after digging and how big the trench would be. Mr. DiFazio explained the process and stated the repairs would be done according to DPW guidance. Chairman Shea invited the public to speak. Edward Webb of 1 Deerfoot Road stated he is an abutter to 84 Main Street and asked what type of pull box will be installed and if it would impact his property. He described the location of his fence and Mr. DiFazio explained the pull box and their location. He added that he did not believe the work would impact Mr. Webb's property and he would contact him when the work will begin. Chairman Shea asked for additional public comment and there was none. Chairman Shea made a motion to close the public hearing at 7:05 P.M. Mr. Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye. Mr. Healey made a motion to approve the petition from National Grid as submitted. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

Brian Ballantine, Finance Director – Fiscal Year 2021 budget update

Mr. Ballantine provided an updated status for the budget which included the Town collecting $8.5 million of real estate taxes, the Town receiving escrow services earlier than normal and departments reducing their budgets for the exercise of demonstrating a 2% and 0% tax increase for fiscal year 2021. The results should be out next week; he is waiting for the school budget and the Capital Committee to make their recommendations. He added that the department adjustments reduced services and staff. Mr. Purple stated that a 2% tax increase includes a

reduction of 1100 staff hours and a 0% tax increase leads to a reduction of 6600 staff hours across all departments. Mr. Ballantine stated that there is consideration to move capital items to next year and the two to three items considered could save the Town $130,000 in the budget.

Ms. Braccio asked when the results of the exercise could be expected. Mr. Ballantine replied within the next week but would like the School Committee to have time to respond. Mr. Stivers asked how the pandemic has affected the school expenses. Mr. Purple stated that they are being asked to do the same exercise and there are budgetary positives and negatives from school running remotely. He added that the State does not have definite numbers and the budget may have to be adjusted after Town Meeting approval. Mr. Healey suggested to be as minimalist as possible and to put off personnel items. He asked if it were possible to remove personnel related budgets that may be travel or educational and address it at fall town meeting when there is a better understanding of local aid. Mr. Ballantine said it was probably feasible to do but reviewing the items would need to be done before removal. Chairman Shea asked that this information be provided to the Board and Advisory Committee as soon as it is available. Mr. Purple agreed.

Chelsea Malinowski (1 William Colleary Lane) asked if the funds saved from freezing items would go into free cash and therefore tied up for the next year. Mr. Ballantine stated that funds would be added to free cash or there could be a revote of the budget at a lower amount. Mr. Purple suggested if this were to happen, to lower the budget.

<u>Paul Cimino, Moderator – Discussion of critical articles and date for Spring Town Meeting</u>
Chairman Shea stated Mr. Purple had created a list of critical articles for Town Meeting that he had distributed to the Board and Mr. Cimino. Mr. Cimino stated that the new date for Town Meeting is Saturday, June 13, 2020 beginning at 1:00 P.M. He said he is collaborating with the Town Clerk to conduct Town Meeting with the appropriate protocols that can be achieved in the Trottier Gym. He added that a quorum of 100 people, the Board of Selectmen, Advisory Committee and Town Clerk can safely fit. Mr. Cimino said he agrees with the list of suggested critical articles provided by Mr. Purple. He added that if the town meeting voters agree to pass the list of consent agenda items and indefinitely postpone the suggested list, there will be seven critical articles to address one at a time. Mr. Purple added that there are 18 articles he recommended as critical in order to begin the fiscal year on July 1st and seven of those will not be on the consent agenda.

Mr. Kolenda raised the concern that articles such as citizens petitions would not be voted to indefinitely postpone and a large number of proponents and those in opposition will attend. He asked if the Board could vote to indefinitely postpone in order to postpone to a fall town meeting. Mr. Cimino replied that it would have to be a vote at Town Meeting. Chairman Shea said the unanimous support of the Board to indefinitely postpone the list provided by Mr. Purple should be publicized to send a message to voters. Mr. Kolenda asked Mr. Purple to speak with the owners of these articles to ask for their agreement to indefinitely postpone to the fall in order to avoid a large crowd who may attend to support or oppose an article deemed not critical. Mr. Purple agreed. Mr. Cimino reminded the Board that any motions to indefinitely postpone could be defeated by town meeting vote. He explained that town meeting voters have the power to dictate how the meeting will go and explained his three-part sequence to conduct the meeting. He said eleven of the eighteen critical articles will be on the consent agenda. He said articles in need of discussion are 5, 6, 7, 8, 9, 10 and 14. He said articles 5-10 and 14 will be suggested to indefinitely postpone until the fall. The critical articles that will be included on the

consent agenda are 2, 3, 4, 11, 12, 13, 15, 16, 17, 18 and 21. Chairman Shea asked if the Board was in favor of the list of critical articles identified by Mr. Purple. The Board agreed.

Jim Hegarty, Town Clerk/Board of Registrars of Voters – Recommendation for postponed Town Election date

Ms. Braccio recused herself and left the meeting at 8:52 P.M. The Board of Registrars of Voters called their meeting into session and asked Mr. Hegarty to share the recommendation for Town Election on behalf of the Board of Registrars of Voters. Mr. Hegarty explained that Town Election will be Tuesday, June 16th at Trottier School. He explained the change in location and the process to vote in person following social distance guidelines. Mr. Hegarty estimated he had received about 100 applications for mail in ballots and said he posted the directions to submit a mail in ballot request. He added the owner of the blog recommended people wait to request an early voting ballot and he reminded the public that there is about a week turnaround from requesting a ballot to voting and return. Mr. Hegarty added that the election is mandated to be done by June 30th and explained his social distance process for swearing in those newly elected. He stated that in terms of Town Meeting, he reviewed the seating at Trottier Auditorium and said for safe social distancing, only 60 people could attend in that location. Mr. Kolenda asked about the process for requesting an early ballot and Mr. Hegarty explained it would have to be printed, signed and emailed to him. Chair of the Board of Registrars of Voters, Tomasz Kierul made a motion to hold the Town Election on June 16th from 8A.M. to 4 P.M. in the Trottier Band Room. Mr. Hegarty seconded and the motion passed all in favor by roll call. Chairman Shea made a motion to recommend the Town Election date of Tuesday June 16th from 8:00 A.M. to 4:00 P.M. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye.

III. Reports

Chairman's Report

Chairman Shea told the public that the food pantry is available for those in need and encouraged residents to donate.

Member's Reports

Mr. Stivers stated he attended the MTC meeting and encouraged the Town to continue using Zoom as a resource for meetings to solve for quorum issues. He added that public comment capabilities would need to be enhanced.

Town Administrator Report

Mr. Purple stated he has been working with Ms. Hale to create a working group to focus on the process for Town employees to return to work once the Governor's orders change. He asked if any Board member would like to join these discussions. Ms. Braccio volunteered.

Mr. Purple reminded the public on behalf of Mr. Davis that social distancing is required when using the Trottier Track and to respect the areas that are closed. He stated the skate park and tennis courts are closed and the chains have needed to be replaced multiple times due to people cutting them to gain access. He asked the public to please respect the closures.

IV. Consent Agenda

a. Approve Open Session Minutes: April 22, 2020

Chairman Shea made a motion to approve the Open Session Minutes dated April 22, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

b. Approval of the 2019 Open Space & Recreation Plan

Chairman Shea made a motion to approve the 2019 Open Space & Recreation Plan for discussion. Mr. Stivers seconded. Chairman Shea referenced section nine of the report and stated he asked Ms. Danza about the 100 parcels listed in the addendum. He stated he did not want the perception that the Board's support of this document meant the support for the Town to acquire or protect all 100 parcels. He added that if all the parcels were acquired, $100,000 would be added to the tax base. Chairman Shea stated he was in support of the discussion for the Town prioritizing the parcels but not a blanket approval to attempt to acquire them all. Mr. Healey stated that the memo specifically read that no revisions or edits were wanted and this was the final product. He voiced his concern of approving a document without review and feedback and asked why it was not provided to the Board for feedback. Mr. Kolenda agreed and explained the normal process that included the ability for editing by the Board. He added that he would like to see an editable version and the opportunity to ask questions to the stakeholders. Mr. Stivers stated there is pressure for approval now due to time sensitive grant opportunities. Ms. Braccio stated that not all the parcels on the list are a top priority but it is necessary for Open Space to list every potential opportunity. Chairman Shea suggested this agenda item be added to the May 19, 2020 meeting and invite Ms. Danza and other stakeholders to join and answer questions. Mr. Purple stated he will put this item on the agenda for the May 19th meeting.

V. Update on Impact of COVID-19

Discussion of revisions to Selectmen policy on Working Remotely during COVID-19

Mr. Purple stated that the current policy did not address a return to work piece and Mr. Stivers and Ms. Hale incorporated language to include this process. He added that Labor Counsel had reviewed it and made some changes that were included. Mr. Stivers stated the document is representative of what other towns are doing and is driven by current CDC regulations. He added that once serum testing is more available it will be added to the policy. Ms. Braccio raised multiple concerns regarding vacation time carryover, working from home when asymptomatic and the fact that the Personnel Board had not reviewed it. Mr. Purple stated he feels the policy reflects current language and provisions the SAP allows. Ms. Braccio requested the Personnel Board review the document and provide feedback. Mr. Purple agreed to do so.

Discussion of Town-wide mailing, RE: Resources available to residents/businesses during COVID-19

Mr. Healey stated a member of the Community Fund reached out to a number of Town government entities to ensure the needs by residents were not underestimated. He had multiple meetings with representatives from the Food Pantry, Senior Center, Board of Health, Community Fund, Southborough Youth and Family Services and the Town Administrator. There is concern that a segment of the population may be currently in need without access to internet to understand where to get help. They agreed to create a town-wide mailing with a summary of services and how to get them from these agencies. The Community Fund indicated they would fund it. Ms. Braccio thanked Mr. Healey and asked that the printing be done in Town to support a local business. Mr. Healey agreed. Mr. Stivers asked if there was discussion to include the ways to donate in the flyer. Mr. Healey said there was and they would be including it. Mr. Healey made a motion to approve the Town sending a mailing to each resident as described.

Chairman Shea seconded. Mr. Kolenda stated they have not seen or reviewed the mailing but trusts Mr. Healey's judgement. Mr. Healey stated it will be sent to the Board to review prior to mailing. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

VI. Other Matters Properly Before the Board

Assignment of Board member for negotiation of successor contract for Finance Director

Chairman Shea stated Mr. Ballantine's contract is expiring and asked for a volunteer to meet with him to discuss. Mr. Healey volunteered. The Board agreed with Mr. Healey participating in these discussions.

Discussion of use of Town emails for officials conducting Town business; Email Use Policy

Mr. Purple stated that the MTC discussed updating the email policy at their last meeting. He added there was concern raised by the Planning Board that people were not using their town email to conduct town business. Mr. LaFlamme stated that the contents of emails are subject to the same retention policies as physical memos. He said when he started his job in Southborough he suggested town emails be created for all employees and board and committee members. Mr. LaFlamme added that it would protect the town and the employee or volunteer from opening up their personal accounts for discovery if a public records request was submitted. He reviewed the updates made to the current policy. Mr. Healey stated that he would like to see language that states that those using their personal email for town business is not in compliance. Mr. LaFlamme agreed and stated he does not have the capacity to manage people's requests for emails to go to their personal account. Chairman Shea replied that all correspondence from him, through the Board or a Board appointed committee should be done solely through town email. Mr. Healey made a motion to approve the email use policy with the revisions to include any person not using town email for town business is not in compliance and a change is section three for clarity. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

List of reappointments of staff positions for Fiscal Year 2021

Chairman Shea stated the list included in the packet is for review and inclusion on the consent agenda for the May 19th meeting. Mr. Stivers stated it is worthwhile to look at how the Town buys legal services and look at other potential opportunities. He added that he is not saying Special and Town Counsel are not doing a good job. Mr. Kolenda stated that Town Counsel was being singled out and shared his opinion about how well the Town has been served by him. He stated that all consulting services should be looked into if the Board decided to do this for Town Counsel. He added that he does not support Mr. Stivers' request. Mr. Healey stated it is a worthy topic for discussion.

VII. Public Comment

None

VIII. On a motion made by Mr. Kolenda, seconded by Mr. Stivers and voted by roll call all in favor (4-0-0), Shea, aye; Healey, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 9:11 P.M.

Upcoming Meetings
May 19, 2020
June 2, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the May 5, 2020 BOS Meeting:

Subject: Capital Planning Committee Request

Follow Up Flag: Follow up
Flag Status: Flagged

Hi Brian,

As you know, the Capital Committee kicked off in early April and had the chance to meet with every department head, other than schools, in reviewing the FY21 capital article requests (and beyond).

In discussing the Town House, it became apparent that there is a significant amount of exterior work needed over the next few years. Coupled with the fact that this building is likely to be part of the town's facility inventory for as long as we can see, the Capital Planning Committee voted unanimously to approach the Board of Selectmen to explore a CPA Funding application for either the Fall Town Meeting or 2021 Annual Town Meeting, depending on how the application process comes together.

Therefore, we are requesting a vote from the Board of Selectmen to authorize the Town Administrator, Facilities Director, and Capital Committee to complete the necessary steps to submit an application on behalf of the Board to the Community Preservation Committee.

Before submitting, we will present a copy to the Board for their approval, as well.

Thanks for your consideration.

Jason Malinowski
Chair, Capital Planning Committee

OPEN MEETING LAW COMPLAINT FORM

Office of the Attorney General
One Ashburton Place
Boston, MA 02108

Please note that all fields are required unless otherwise noted.

Your Contact Information:

First Name: Ginny Last Name: Kremer

Address: 9 Damonmill Road Suite 4A4

City: Concord State: MA Zip Code: 01742

Phone Number: 978.371.2226 Ext. _____

Email: ginny@bbhlaw.net

Organization or Media Affiliation (if any): _____

Are you filing the complaint in your capacity as an individual, representative of an organization, or media?
(For statistical purposes only)

☒ Individual ☐ Organization ☐ Media

Public Body that is the subject of this complaint:

☒ City/Town ☐ County ☐ Regional/District ☐ State

Name of Public Body (including city/ town, county or region, if applicable): Southborough Board of Selectmen

Specific person(s), if any, you allege committed the violation: _____

Date of alleged violation: May 5, 2020

Description of alleged violation:

Describe the alleged violation that this complaint is about. If you believe the alleged violation was intentional, please say so and include the reasons supporting your belief.

Note: This text field has a maximum of 3000 characters.

The Southborough Board of Selectmen held an executive session under "Exemption 3" "to discuss strategy as it relates to litigation."

The Agenda further states that the Chair would declare that "an open meeting may have a detrimental effect on the bargaining or litigating position" of the Board. See attached Agenda.

No minutes of this meeting have yet been posted.

The Open Meeting Law requires that the topics to be discussed at any meeting must be sufficiently specific to reasonably inform the public of the issues to be discussed at the meeting. For an executive session, the notice must state all subjects that may be revealed without compromising the purpose of the executive session. While it may be allowable in some situations for a public body to omit the name of the particular litigation it is going to discuss, there must be some justification; the name can only be omitted if revealing it would somehow compromise the purpose of the exective session. This is especially true where the public body is discussing a recently filed civil action against it, and assigning legal counsel to defend it, as is likely the case here. Southborough citizens are entitled to know that their Town Government is being sued, the reasons it is being sued, and the defense counsel who will be paid for by Southborough taxpayers.

What action do you want the public body to take in response to your complaint?

Note: This text field has a maximum of 500 characters.

I would like to Board to amend its Agenda to include the name of the litigation(s) for which it went into exectutive session. I would like the minutes to include the name of the litigation and include all persons that joined in the executive session, including any legal counsel.

Review, sign, and submit your complaint

I. Disclosure of Your Complaint.

Public Record. Under most circumstances, your complaint, and any documents submitted with your complaint, is considered a public record and will be available to any member of the public upon request.

Publication to Website. As part of the Open Data Initiative, the AGO will publish to its website certain information regarding your complaint, including your name and the name of the public body. The AGO will not publish your contact information.

II. Consulting With a Private Attorney.

The AGO cannot give you legal advice and is not able to be your private attorney, but represents the public interest. If you have any questions concerning your individual legal rights or responsibilities you should contact a private attorney.

III. Submit Your Complaint to the Public Body.

The complaint must be filed first with the public body. If you have any questions, please contact the Division of Open Government by calling (617) 963-2540 or by email to openmeeting@state.ma.us.

By signing below, I acknowledge that I have read and understood the provisions above and certify that the information I have provided is true and correct to the best of my knowledge.

Signed: _____ **Date:** 5/13/20

Section 1: Executive Summary

In the spring of 2015 at the Breakneck Hill Conservation Land in Southborough, Massachusetts, Robert Gegear, Assistant Professor of Biology and Biotechnology at the Worcester Polytechnic Institute, was out walking the trails. He was heading back to his car to escape the falling rain when out of the corner of his eye he spotted a small bumblebee, which turned out to be *Bombus fervidus*, also known as the yellow bumblebee. The bee was thought to no longer exist in the Commonwealth, and so began his research at Breakneck Hill.

Two other bees listed in the 2015 conservation action plan as no longer existing in Massachusetts (*Bombus perplexus* and *Bombus vagans*) have since been identified on the property. Gegear is studying the interrelationships between pollinators and the plants they feed on, and the project has just secured funding for its second year of study (Barnes, 2015).

Breakneck Hill is one of the many conserved open spaces in Southborough that are so valued by the town. It's a place where many people go to enjoy the views, walk through the buzzing pollinator garden, hike the trails, and eat their lunch with views of the reservoir. Preserving open space such as Breakneck Hill for residents to enjoy while providing valuable habitat for wildlife is one of the goals of this OSRP Update.

HISTORY OF THE TOWN

Remnants of Southborough's agrarian past remain in its stone walls and small-town atmosphere. After adapting to the industrial age and ultimately becoming a residential community, it has proven itself to be a resilient town. As Southborough passes through a period of rapid population growth and faces the challenges of global climate change, this resilience may allow the town to adapt to new challenges. Today, the small suburban town in eastern Massachusetts is within a convenient commuting distance to both Worcester and Boston. Despite the rapid growth and development that its location has prompted in the last two decades, it has managed to maintain many of its rural characteristics, which are highly valued by the people who live there.

Yellow bumblebee (Bombus fervidus)

In the 1990s and early 2000s, Southborough experienced a population explosion whose momentum has continued through the present day with continued construction of new development. According to regional population projections, this growth will continue as the millennial generation ages and begins to settle down. This influx of young families could make preservation of open space even more challenging. Concerns have increased about strains on town resources and threats to ecological integrity from land fragmentation.

Humans settled in Southborough in part because of its fertile soils. Today, the same qualities that make the soil excellent for agriculture and healthy natural communities make it attractive to development. Soil also serves the important ecological functions of filtering water, sequestering carbon, regulating streamflow, and providing nutrients to plants that form the basis of human and terrestrial ecosystems. The community has stated that it would like to

protect prime farm soil in town, and this report will identify where the unprotected farm soil is and suggest strategies for its protection.

EXISTING CONDITIONS

Southborough's landscape typifies the Southern New England Coastal Plains and Hills Ecoregion with its plains and low hills. As with many other areas of New England, the forests were cleared for agriculture and grazing. A variety of successional oak and oak-pine forests cover the town, along with some elm, ash, and red maple that are typical of southern New England's forested wetlands. Although attempts were made to farm much of the Northeastern Coastal Zone during European settlement, land use now consists mainly of forests, woodlands, and urban and suburban development, with a few areas of pasture and cropland. The town's undeveloped land is largely forested. Some forests grew in abandoned farm fields, while some were planted by the DCR for protection of the reservoir (Scannell and Zimmerman, 2010). Forests deliver a wide variety of ecosystem services for humans and wildlife, such as provision of habitat, purification of air and water, moderation of stream flow, and sequestration of carbon (EOEEA, 2011). In Massachusetts, forests sequester approximately 10% of the carbon we emit (EOEEA, 2011).

Many of Southborough's open spaces are well connected to each other and to open spaces in adjacent towns. Continuing to preserve land near or adjacent to existing open space would strengthen the ecological integrity of the area, provide habitat for a wider variety of species, and promote genetic diversity among species by connecting isolated populations.
Southborough shares many resources with its six adjacent towns, from drinking water sources to protected open space to schools and recreational facilities. Regional goals for protected land are important in protecting shared natural resources and may help to mitigate the impacts of development and foster quality of life in this fast-growing region.

Southborough is a water-rich town with many resources from the Sudbury Reservoir to wetlands, vernal pools, and the Sudbury River. It is one of the thirty-six towns in the SuAsCo watershed (for Sudbury, Assabet, and Concord Rivers). The water quality of these rivers is impacted by the land use within the watershed. It is important to protect land, such as areas containing wetland systems, that provide valuable ecological services that maintain clean water, and also to effectively address aspects of development that threaten water quality. As the flow of the rivers continue on their paths to the sea, the actions of one town have effects on water quality far beyond its borders. Efforts towards water quality protection can be strengthened by regional partnerships, to protect the natural resources that keep drinking water clean for the residents of the region.

The Recreation Commission offers programs for various ages and many interests, giving individuals the opportunity to develop a sense of community and improve their physical and mental health. The town is awaiting the completion of a Recreational Facilities Study that will help determine the specific needs of the community, and ways to meet them.

The Trails Committee is now working to promote the goals of the community in strengthening and expanding the trails networks in Southborough and its regional connections. Established as a result of the action plan from the 2009 OSRP, the Committee has made progress towards connecting Southborough with regional trail networks such as the Bay Circuit Trail, the Boroughs Loop Trail, and developing a website that lists the available trail resources in Southborough. Its next step is to develop a single document that contains all of these trail resources.

MOVING FORWARD: GOALS & ACTIONS

A summary of the Town's needs outlines the elements of resource protection and recreation and served as the basis for determining the goals and objectives of the community, from which actions were identified.

The open space parcels and recreation facilities already in place are maintained and/or improved as needed, and when applicable they are expanded. Southborough aims to take the proper steps to meet the community's growing needs for sufficient recreation facilities and infrastructure. Results of the OSRP survey indicate that residents are interested in expanded recreational facilities, particularly trails for either multi-use or passive recreation, and a new indoor recreation and community center. With this strong local interest in trails, the work of the Trails Committee will continue to be vital in supporting the town's needs.

Parcels of priority conservation interest are identified and protected to support ecological integrity and connectivity of open space for people and wildlife. Protecting land adjacent to already protected contiguous open areas around the reservoir and undeveloped land in the southeastern corner of town could provide an important connection for wildlife between large open spaces in neighboring Hopkinton and Ashland. These lands are vital for the survival and migration of plant and animal communities in the town and the region and should be prioritized for protection.

Agriculture is preserved and promoted as an important aspect of community character. Interest in local agriculture has been growing in Southborough, with the expansion of the community gardens and the first season of the Chestnut Hill CSA. If this trend continues, it will be important to Southborough to preserve soils suitable for agriculture. Preserving these soils can also help the town adapt to the impacts on food systems that is forecasted with climate change. Food prices are projected to rise over the long term due to the extreme weather patterns caused by climate change. By reducing the distance food travels from farm to table which reduces carbon emissions, Southborough could simultaneously be helping to mitigate the effects posed by climate change. Protecting prime farmland soil is also valuable from a conservation standpoint, as fertile conditions may improve the quality of habitat for plants and wildlife.

Groundwater and surface water are protected as clean and abundant resources. Water resources are some of Southborough's most visible and celebrated natural resources, and also some of its most endangered. These important natural resources must be better protected with larger wetland buffers and stricter enforcement of local wetland bylaws in order to protect water quality in local rivers and streams and the habitat of local wildlife. Southborough's valuable natural resources are increasingly under pressure from development, making conserving Southborough's crucial remaining open spaces more difficult.
Prioritizing conservation efforts based on the analyses of the landscape across town and regional scales can help effectively channel the work of the town's residents and committees.

Section 2: Introduction

A. STATEMENT OF PURPOSE

This Open Space and Recreation Plan (OSRP) is based on a comprehensive analysis of Southborough. The recommendations that are presented in the concluding sections are derived from the analysis, input from residents, and review and suggestions from the OSRP Working Group. Through the next seven years, this document can guide committees through structured steps to fulfill the community's goals and objectives.

OUTLINE OF PURPOSE

Southborough has experienced rapid population growth, increasing by 32% percent between 1990 and 2000, and an additional 11% between 2000 and 2010, with close to a thousand new residents over that time, all drawn to its convenient location close to Boston and Worcester and its scenic rural landscapes. Increasing development has caught the attention of Southborough residents, and concern for the protection of the remaining open space is now more evident than ever.

This planning document summarizes the town's natural and cultural resources, open space and recreation goals, and a plan to meet them. It includes a narrative of the community setting, environmental analysis and an inventory of currently protected open space lands and a priority list for future protection. The process of identifying conservation priorities also provides the community with an opportunity to engage in a conversation about development, conservation, and recreation, and can make the Town eligible for various state-funded grants.

COMPLETED GOALS

Many of the goals that the community identified in the last OSRP have been met. These include creating additional conservation areas and recreational facilities, expanding trail and sidewalk systems, creating partnerships and agreements with private landowners for conservation and recreation lands, and providing outreach and education programs. Since the publication of the last OSRP in 2009, the community has:

Added recreational and open spaces, and extended existing ones:

- ☐ Completed construction at Triangle Park
- ☐ Explored the possibility of leasing land for athletic fields
- ☐ Located areas for creating small "tot lots"
- ☐ Expanded the Southborough Community Gardens
- ☐ Explored the possibility of lighting additional fields for nighttime use

Engaged in research and restoration:

- ☐ Encouraged flora and fauna inventories and research on open spaces

Facilitated educational and outreach programs:

- ☐ Hired a naturalist to host nature walks
- ☐ Offered workshops on identifying, monitoring, and controlling invasive species
- ☐ Held nature-based recreational activities
- ☐ Promoted and led "Big Night" vernal pool amphibian crossings
- ☐ Worked with local land trusts, Southborough Open Land Foundation (SOLF) and The Trustees of Reservations (TTOR), to expand recreational opportunities and educate the public
- ☐ Participated in the SuAsCo Cooperative Invasive Species Management Area (CISMA) partnership in a science class at a local school
- ☐ Included trail maps and information on the town website
- ☐ Continued stewardship program of Breakneck Hill

Improved organization and partnership:

☐Working with abutting communities, developed a MetroWest Regional Open Space Plan to identify valuable parcels of mutual interest to create interconnected trail networks and preserve wildlife corridors.

☐ Established a "Friends Of" recreation group

☐ Formed a Trails Committee

☐ Formed a Town Forest Stewardship Sub-committee

☐ Created a database of subdivision open space

☐ Researched and identified open space set- asides within approved subdivisions

LOST OPPORTUNITIES

Although there were many accomplishments, there have also been many missed opportunities since 2009:

☐ No priority parcels have been protected.

☐A few hundred acres of land prioritized for recreation potential or priority habitat have been developed or slated for development.

☐ Prime wildlife habitat has been lost

☐ Prime farm soils have been lost

LOOKING TO THE FUTURE

Following a process of public participation with the efforts of OSRP Working Group, this document summarizes what Southborough wants to accomplish and outlines the necessary actions to take in the next seven years. It serves as a guide to meet the open space and recreational needs of the community, and to preserve what residents love most about their town.

B. PLANNING PROCESS AND PUBLIC PARTICIPATION

This Open Space and Recreation Plan is designed to serve the community of Southborough, and should reflect the wishes of its many and diverse constituents.

This report represents a collaborative effort. The town of Southborough assembled an OSRP Working Group consisting of two graduate students from the Conway School, who worked alongside a group of Town employees and volunteers engaged in various stakeholder groups within the community.
This group consisted of:

- ☐ Beth Rosenblum, *Conservation Administrator*
- ☐ Doreen Ferguson, *Recreation Director*
- ☐ Meme Luttrell, *Open Space and Preservation Commission*
- ☐ Freddie Gillespie, *Open Space and Preservation Commission; Stewardship Committee*
- ☐ Sally Watters, *Southborough Open Land Foundation*
- ☐ Dan Guilford, *Trails Committee*
- ☐ Dan Frank, *Trails Committee*
- ☐ Bob Sykes, *Town Engineer*
- ☐ Allison Gramolini, *The Conway School*
- ☐ Helmi Hunin, *The Conway School*

The committee met three times to discuss the needs of the community, the goals of the plan and the process it would follow. The group also communicated through phone and email.

OPEN SPACE AND RECREATION SURVEY

The Town created and distributed an online survey. It was made available on the town website, and distributed through the Southborough Recreation Department, Southborough K-8 Public Schools, and the Southborough Council on Aging list serves. The survey received 207 responses. It is attached in full in Appendix #2.

PUBLIC FORUM #1:

Data Gathering

The first public forum was held at Cordaville Town Hall/Southborough Senior Center on February 3, 2016. Thirty participants attended. At the first meeting, the Working Group gave a presentation outlining the purpose and utility of the OSRP, as well as accomplishments since the last update, published in 2009. Participants also worked together in breakout groups to identify the places in town most valued, and to identify their recreation and open space goals.

PUBLIC FORUM #2:

Responses to Draft Goals and Objectives

The second forum, also held at Cordaville Town Hall, occurred March 4, 2016. The seven participants evaluated the goals and objectives the students and Working Group had identified, and proposed actions to achieve these goals.

The results of both forums were incorporated into the goals, objectives, and seven-year action plan delineated at the end of this report.

ENVIRONMENTAL JUSTICE POPULATIONS

There are no state-recognized Environmental Justice Populations in Southborough, and thus, no enhanced outreach to such a community was made in creating this plan.

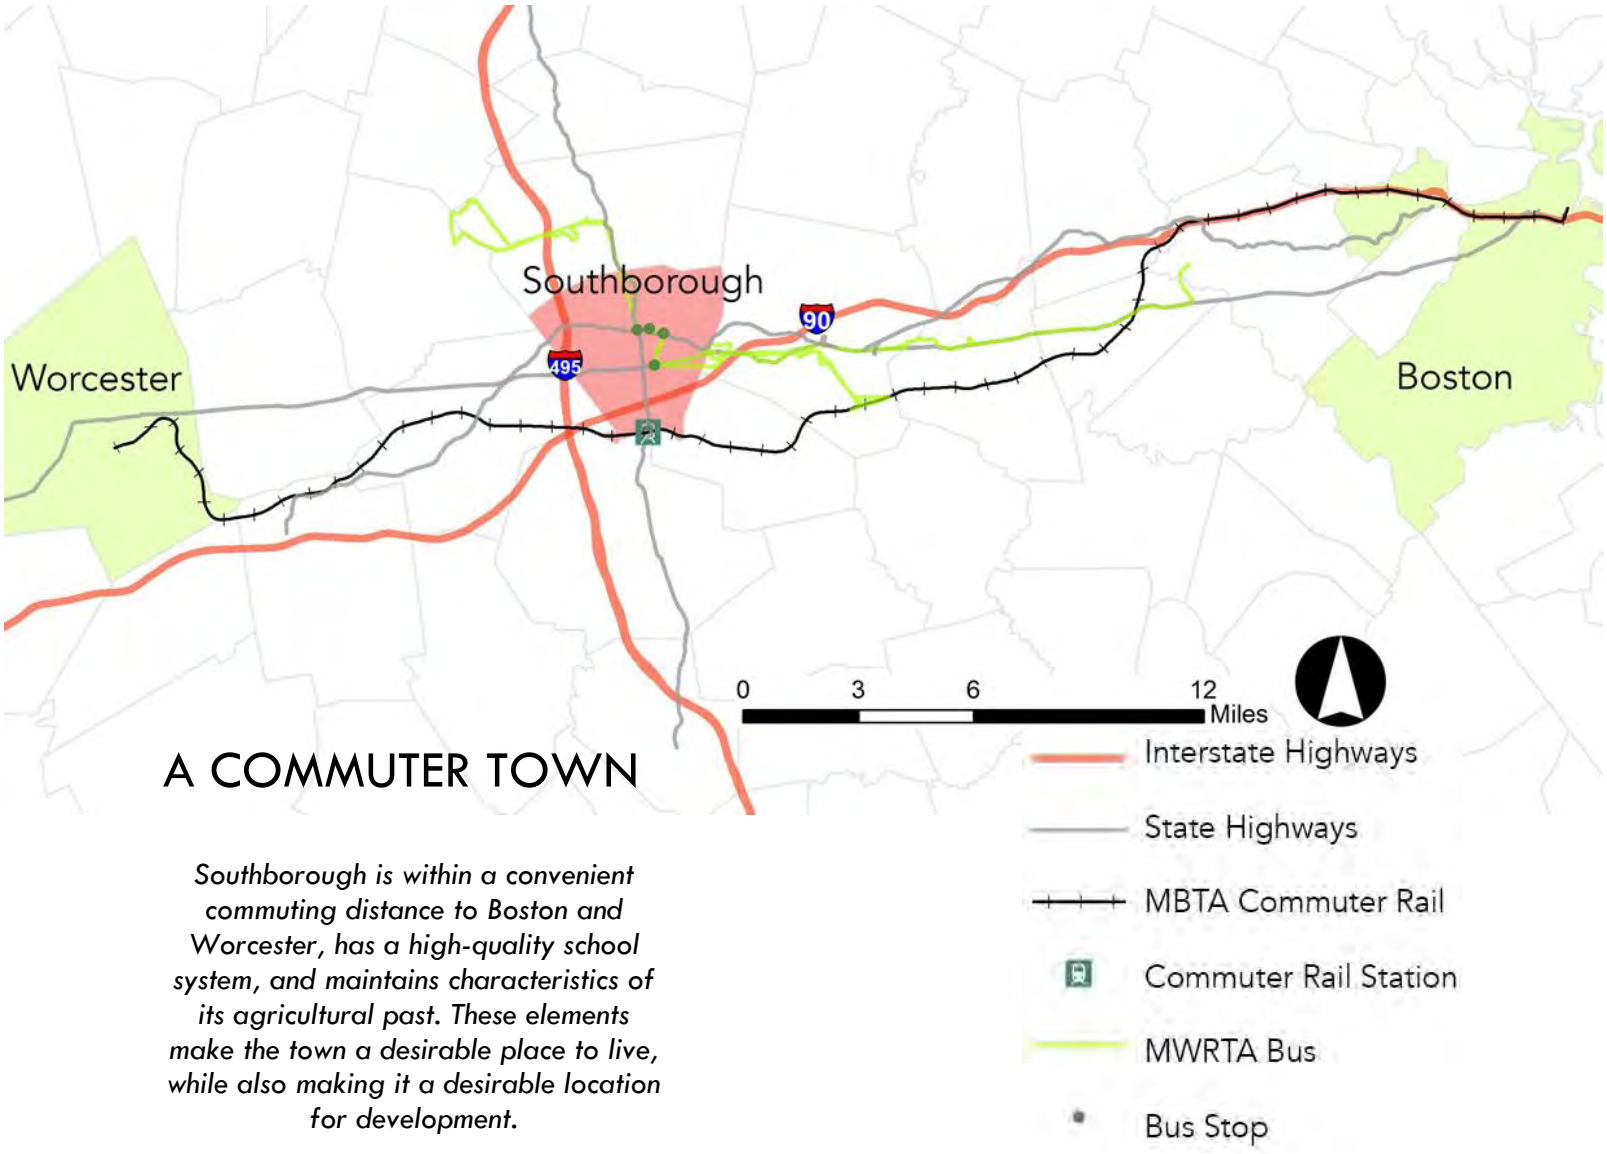
PUBLIC COMMENT

The public forums and online surveys helped to identify the needs and desires within the Town of Southborough and help us enhance and improve upon our recreational areas.

Section 3: Community Setting

A. REGIONAL CONTEXT

Southborough is a small suburban town in eastern Massachusetts with a convenient commuting location fifteen miles east of Worcester, and twenty-five miles west of Boston. Southborough is a member of the Metro West Regional Collaborative (MWRC), one of the eight subregions of the Metropolitan Area Planning Council (MAPC) of greater Boston. Despite its rapid growth in the last two decades, it has managed to maintain many of its rural characteristics, which are highly valued by the people who live there. The town shares many resources with its six adjacent towns, from drinking water sources to protected open space to schools and recreational facilities. Regional goals for protected land are important in protecting shared natural resources. Working with regional partnerships to create these goals may help to mitigate the impacts of development and foster quality of life in this fast-growing region.



A COMMUTER TOWN

Southborough is within a convenient commuting distance to Boston and Worcester, has a high-quality school system, and maintains characteristics of its agricultural past. These elements make the town a desirable place to live, while also making it a desirable location for development.

LOCATION

Southborough is at the eastern edge of Worcester County, and is also one of the westernmost 101 towns of greater Boston. Southborough covers 15.7 square miles and has six adjacent towns of Marlborough to the north, Framingham and Ashland to the east, Westborough and Northborough to the west and Hopkinton to the south. Two of the top reasons why many residents now move to Southborough are at odds: they like it because of its great commuting location as well as the rural character that it has retained (according to the OSRP Survey). Both qualities make the town a very desirable place to live. It is a challenge to retain the rural characteristics of a town with this kind of development pressure.

Because of the limited number of stores and restaurants in Southborough, residents mostly shop and dine in the surrounding communities. There is no supermarket in town.

WATER RESOURCES

Southborough is in the SuAsCo Watershed (for the Sudbury, Assabet and Concord Rivers). The watershed encompasses 377 square miles and includes thirty-six Massachusetts towns. Portions of the three rivers have been federally designated as "wild and scenic rivers" based on their free-flowing condition and outstanding scenic, recreational, historical, cultural, and wildlife values. Due to rapid growth and development of the area and its proximity to Metropolitan Boston, retaining the natural beauty and rural character of the watershed is a challenge.

RECREATION AND SCHOOLS

The public-school system of Southborough is highly ranked. Boston Magazine's 2011 ranking of the best schools in Massachusetts put the Northborough-Southborough district in eighth (Fitzgerald, 2011). According to the OSRP survey, one of the top reasons that residents now move to Southborough is for its excellent public schools. Three private schools are also located in Southborough. The schools are not only an important asset to the community for their quality, but also because they share their physical resources with the community, such as ball fields and playground equipment, providing the community with areas of open space and recreation. In addition, many residents use the school facilities in adjacent towns for recreational purposes.

Residents of Southborough attend Algonquin Regional High School in Northborough, which recently finished an expansion in 2006 to make room for the growing number of incoming students.

Table 1: Public and Private Schools in Southborough

Mary Finn School	Pre K-1	Public
Albert S. Woodward School	2-3	Public
Margaret A. Neary School	4-5	Public
P. Brent Trottier Middle School	6-8	Public
Algonquin Regional High School (located in Northborough)	9-12	Public
Fay School	1-9	Private
St. Mark's School	9-12	Private
New England Center for Children	Special Needs	Private

REGIONAL OPEN SPACE & RECREATION

There are many scenic open space and recreational opportunities surrounding Southborough including Hopkinton State Park, located less than a mile south of town; Cedar Swamp, near the southwestern edge of Town in Westborough whose trail system extends into Southborough; Marlborough State Forest to the north; Ashland Town Forest to the east; and Richard Callahan State Park to the northeast in Marlborough.

REGIONAL PLANNING AND PARTNERSHIPS

The Metropolitan Area Planning Council (MAPC) is the regional planning agency that serves the 101 municipalities of Metropolitan Boston. The council promotes Smart Growth and regional collaboration and provides technical assistance and policy guidance on a range of environmental issues to promote sustainable land use and protection of natural resources (www.mapc.org/environment). MAPC works with its cities and towns through eight sub regional committees, including Southborough's committee, the MetroWest Regional Collaborative (MWRC). It serves as a think tank and advocate for locally initiated regional solutions to policy and planning challenges shared by the nine MetroWest municipalities which run from I-95 to I-495 along the Route 9 Corridor: Ashland, Framingham, Holliston, Marlborough, Southborough, Natick, Wayland, Wellesley, and Weston. It facilitates

inter-local collaborative planning and problem solving to enhance the quality of life and economic competitiveness of the MetroWest region, promoting inter-municipal cooperation and guiding regional growth and change.
MWRC focuses on issues such as land use, transportation, municipal governance, mitigation of development impacts, and coordination of municipal services.

Local representatives of MetroWest meet monthly to address growth management, traffic, and regional open space issues. In 2011, the MWRC received funds through the Sustainable Communities grant program to create a Smart Growth plan for future development along the Route 9 MetroWest Corridor. The towns included were Southborough, Framingham, Natick, and Wellesley. The study aimed to provide alternative development scenarios to prevent traffic congestion from worsening along Route 9. A summary report by MAPC in June 2010 concluded that if the region were to continue building to the maximum extent allowed by current zoning regulations, the resulting traffic could eventually exceed the remaining capacity on Route 9, leading to gridlock and adversely impacting businesses.

Route 9 MetroWest Corridor Study

The MetroWest Regional Open Space Connectivity Plan was initiated by Southborough with funding from the District Local Technical Assistance Program. It is a collaborative effort between the MWRC, the MAPC, and representatives from the nine member municipalities of the MWRC. The first phase of the plan was completed in 2010.

The plan illustrates how the open space and trails in each town can become linked into an interconnected regional network, crossing municipal boundaries and connecting to other trails and open space in the surrounding communities. The plan also identifies unprotected land of potential conservation interest that would enhance the connectivity and conservation value of the existing open space. Phase II was completed in December 2011. With input from the municipalities, MAPC has updated its open space database to better define ownership and level of protection of existing open space.

The Boroughs Loop Trail is one of the major projects that has come out of the MetroWest

Regional Open Space connectivity plan. It connects the hiking trail networks of Marlborough, Northborough, Southborough, and Westborough to create a regional trail that encourages the exploration and protection of these towns' natural resources. In 2013, a plan was put together to provide a roughly thirty- mile loop that links these communities together. Most of the trail segments within Southborough already exist, but not all.

The Bay Circuit Alliance is a coalition of state, town, and federal agencies, non-profit organizations, and individuals whose primary endeavor is overseeing the Bay Circuit Trail, a 230-mile multi-use route that links parks, open spaces and communities in 37 outer-Boston towns.

In the fall of 2012, the Appalachian Mountain Club (AMC) and The Trustees of Reservations (TTOR), two of Massachusetts' largest and oldest conservation organizations, began working together to lead the Bay Circuit Alliance in the completion, enhancement, and long-term protection of this recreational trail and greenway. The Southborough Trails Committee has been working diligently with the Bay Circuit Alliance towards the official completion of the segment of the Bay Circuit Trail that intersects the northeast corner of the town. The trail is now open for use.

Utilizing the many available regional partnerships and organizations to work towards conservation of open space and recreational areas can help Southborough to collectively determine the future of their town's valued resources. More information about different organizations that Southborough is working with to conserve parcels in town can be found in Section 5.

B. HISTORY OF THE COMMUNITY

Southborough has historically been an agricultural community, and remnants of that history remain in its stone walls and small-town feel. Through adaptation to the industrial age and ultimately becoming a residential community, it has proven itself to be a resilient town. As Southborough passes through a period of rapid population growth and global climate change, this resilience may allow the town to adapt to new challenges.

NIPMUC SETTLEMENT

Prior to European settlement of the area now known as Southborough, members of the Nipmuc tribe had established planting fields to the west of an old trail in approximately the same location as Route 85 today. To the south, they made their homes in the meadows on both sides of the trail. Their burial ground was west of the principal trail (Noble 1990, 19).

By the early 1600s, European settlement had spread through much of what is now eastern Massachusetts. With it came new diseases that ravaged the Native Americans. In 1616, an outbreak of what was probably measles devastated many tribes, killing nearly all the Nipmucs. Those who did survive called the area Whipsuppenikie, "the place of sudden death" (7).

EARLY EUROPEAN SETTLEMENT

In 1643, native tribes were forced to submit to English authority, and inland expansion by Europeans increased. The English government restricted colonies from printing money, and corn became the only legal tender. Thus, there was an emphasis on agriculture in the new settlement as the early farmers were among those who could afford to buy land, and settlements far from Boston were forced to be self-sufficient (13).

The region between the Nipmuc burial ground and the Sudbury River was named Stony Brook because of the rocky nature of Stony Brook's shoreline. The new settlers built in many of the same places as the Nipmucs had, including establishing their burial grounds on the same hill. This settlement was incorporated as Marlborough in 1660 (22).

In 1726, landowners of the Stony Brook region petitioned at the Marlborough Town Meeting to allow them to become a separate town, with its own church. The legislature consented in 1727.

FIRST YEARS AS SOUTHBOROUGH

Among Southborough's first town officials were David Fay and Isaac Amsden, who were elected Fence Viewers— "responsible for the miles of stone wall and fence which ran through the area. A breach of fallen stone might mean a wandering animal, resulting in unnecessary damage and a needless dispute" (41). Southborough still has Fence Viewers today. The Meeting House was built on a hill facing south, overlooking Main Street. Just east of the church was the burial ground, surrounded by its stone wall. Behind the church was an open meadow—the town's training field for the militia, as well as public grazing land for livestock (47).

GROWTH OF TRANSPORTATION AND INDUSTRY

In 1805, construction of the Worcester Turnpike began and in 1835, the Boston & Albany Railroad brought rail service, running north and south through the eastern sector of town. The Southborough Jail was built in the town's southern section, near the railroad line (136).
The railroad also made possible the emergence of small factories in Southborough. The period between 1845 and 1850 saw a tremendous increase in industrial enterprises. In Southville, there was a boot and shoe factory. Farther to the east was a large factory for processing cotton and woolen goods, along with houses for the factory owner and workers. In little more than a year, it was a self-sustaining village named Cordaville. This little village along the Sudbury River and the Boston & Worcester railroad attracted growth. By the end of this decade there were thirty-one different industries within Southborough (147-148).

It was during this time that the population of the town had grown to the point that it needed a new cemetery. The Rural Cemetery, which still defines the approach to the town center from Route 9, was established (145).

In 1850, the Agricultural Branch Railroad became the third railroad in town, and there were four stations: Southborough, Fayville, Southville and Cordaville. Those same areas were the focal points for the town's burgeoning industrial enterprises, including five grist mills, three saw mills, six boot and shoe factories, three cotton and wool factories, three tanneries, two sash and blind factories, two brick kilns, a brush factory, a wire factory, a peg mill, a flour mill, a currier shop, a bonnet factory, a carriage factory, and a cordage factory (153).

SOUTHBOROUGH'S DEFINING FEATURES

1892 saw the beginning of what was easily the most significant event to affect Southborough as the nineteenth century wound down to a close. That year, the Boston Water Supply Department bought part of Fayville and flooded it to create a reservoir. The advent of the reservoir system brought many changes to Southborough.

The Water Supply Department later claimed 2,000 acres of prime farmland by eminent domain. Sixty homes were displaced or destroyed and twenty were moved to new locations. During this time, Southborough citizens took the City of Boston to court over a number of conflicts arising from the eminent domain takings. Part of the settlement required Boston to pay for any and all road modifications and maintenance directly resulting from the reservoir project. The settlement also required the creation of and payment for Southborough's first-ever police department to deal with the influx of outside workers into the community (242). The Sudbury Reservoir was completed in 1897.

GROWTH AS A RESIDENTIAL COMMUNITY

In 1903, passenger trolley service came to town, with a station stop at Whites Corner. By 1925, Southborough was turning its back on the industrial boom of the previous decades. Growth after this time consisted of small businesses and residences. In 1928 the railroad from Fitchburg was stopped and in 1931, the electric trolley was phased out. In the early 1940s, the Southborough railroad station was closed. It was razed in 1977. During the 1950s, the station in Cordaville stopped being used, and in 1970, it was dismantled and moved to Dublin, N.H., where it became the public library (253-336).

Also, during the 1940s, the Sudbury Reservoir system became the backup water supply for the city of Boston, after the construction of the Quabbin Reservoir.

The new transportation of this era, interstate highways, cut through the town, the Mass Turnpike in the 1950s and Interstate 495 in the 1960s.

In 1973, the MDC talked about building a 200-million-gallon-per-day water treatment plant for Southborough and reactivating the Sudbury Reservoir system. In 1984 the idea was dropped but a hydro-electric plant was built in Fayville in 1988 (338, 343).

C. POPULATION CHARACTERISTICS

In the 1990s and early 2000s, Southborough experienced a population explosion whose momentum has continued through the present day, with continued construction of new development. According to regional population projections, this growth will continue as the millennial generation ages and begins to settle down. This influx of new residents could make preservation of open space even more challenging.

POPULATION DENSITY

With a total land mass of nearly 13.9 square miles (excluding the 15.4 square miles the Sudbury Reservoir occupies), the population density is 696 people per square mile according to the 2010 US Census. The total population is 10,169 according to population estimates from the 2018 Census with a change of 4.1% in overall population from 2010.

INCOME & LABOR FORCE

The median household income in 2017 was $142,426 with 69.5% of the residents, ages 16+, are in the labor force. In 2016 almost all of the industries within Southborough were able to reach the historic highs as seen in 2009. According to the Executive Office of Labor and Workforce Development (EOLWD) employment in each industry has begun to decrease since 2016.

POPULATION TRENDS

Southborough is part of MetroWest, a region of 45 communities in east-central Massachusetts on the outskirts of Boston. Southborough's population has experienced rapid growth in recent decades, particularly in the 1990s and early 2000s. Its population grew 32% between 1990 and 2000 (from 8,781 to 9,767) and the town added an additional 986 residents between 2000 and 2010, a growth of 11%. The population increase between 2010 and 2014 estimated by the American Community Survey was 102 residents, an increase of about 1%. The population boom has slowed somewhat, although Southborough's population continues to grow.

This may continue, according to predictions offered by UMass' Donahue Institute of Economic and Public Policy Research, which predicts steady population growth between 2015 and 2035 in MetroWest (Renski and Strate, 2015). Because MetroWest tends to attract young adults beginning to buy homes and start families, the report projects a regional increase in population beginning in 2015 as the millennial generation reaches their late 20s and 30s, increased further by anticipated births to these couples. This gain is offset by the out- migration of college students and adults in their early 20s, as well as the aging of the baby boomer generation, as retirees often move out of MetroWest. However, the region is likely to have a net population increase: in the 2030- 2035 period, the Donahue Institute predicts "there will be an estimated 4,088 more people coming into the region than leaving it" (49).

The projected gain in the population of young adults, many of whom will likely begin families, suggests there will be an increase in the demand for recreational programs and facilities in Southborough. While recreation programs serve the entire community, the town's programming tailored to school-aged children and teenagers is particularly robust. According to the Recreation Department, during the 2014- 2015 school year, 2,069 public school students participated in the recreation department's after-school programs, and an additional 1,516 community members of all ages participated in its town-wide programs. Southborough also has numerous volunteer-run youth sports leagues. If the projected population gains are realized, these programs will likely expand, suggesting that investment in recreational facilities is a forward-thinking decision.

ENVIRONMENTAL JUSTICE POPULATION

There is no Environmental Justice population mapped in Southborough. They do exist in the surrounding towns of Westborough, Marlborough, Framingham, and Ashland.

EMPLOYMENT TRENDS

Southborough enjoys a low unemployment rate and high median income, and its residents are primarily employed in professional and management positions. Between 2010 and 2014, the average unemployment rate was

3.8%, compared to 5.7% in Massachusetts and 5.8% nationwide. Median household income in Southborough during the same time period was $149,375, compared to the state's median income of $67,846 and the nation's $53,482 (US Census Bureau).

D. GROWTH AND DEVELOPMENT PATTERNS

In recent decades, Southborough's excellent commuting location relative to Boston and Worcester has attracted hundreds of new residents, and many new homes have been built to accommodate them. Population growth has expanded the community, but residents have raised concerns about strains on town resources and the threat to ecological integrity from the increased fragmentation of open space.

OVERVIEW

Since 1990, Southborough has faced intense growth and development pressure. During the period from 1990-2000, its population increased 32% (Census, 2010, 2000). Since 2000, development has steadily continued. The Town issued an average of 31 building permits per year between 2000 and 2012 (Goldson, 2015). The year of greatest development was 2002, with 86 permits issued, and the slowest was 2009, during the economic recession, when only 6 permits were issued (Goldson, 2015). Recent residential development has almost exclusively taken the form of single-family homes.

However, there have been a few notable exceptions, namely, two large developments constructed under Massachusetts' Chapter 40B. Madison Place was completed in 2014 and was largely supported by the community (Petrishen, 2013). However, a second, larger development, still in the permitting process, has faced much greater public scrutiny. The Residences at Park Central has caused controversy within the town due to anticipated strains on municipal services and an increase in traffic.

DEVELOPMENT TRENDS

In recent years, large developments built under Massachusetts' affordable-housing program have led to concerns about strains on the town's resources and the area's ecological integrity. Massachusetts' Comprehensive Permit Act, known as Chapter 40B, applies to cities and towns whose current affordable-housing stock comprises less than 10% of its total. Under the law, a municipality's Zoning Board of Appeals may approve a development under a single comprehensive permit if at least 25% of the new units meet state affordable housing guidelines. The law is controversial because allowing a developer to file one single comprehensive permit often means the project can bypass local zoning regulations, or that it is not subject to the same environmental-stewardship scrutiny that it otherwise would be. As of March 2014, 286 of Southborough's 3,433 housing units were subsidized to be affordable, a total of 8.33%. To meet Chapter 40B's goal of 10%, an additional 58 affordable units would be needed.

One recent 40B development in Southborough was built with virtually no opposition from the community, while a second has proved highly controversial. The Residences at Madison Place, completed in 2014, contributed 140 apartments and 28 townhouses for rent to Southborough's affordable-housing stock. Southborough residents largely supported its construction. Madison Place does not disrupt local wildlife corridors or wetland areas, and does not abut any other residential neighborhoods. However, a second development has met strong opposition, with residents citing both social and ecological concerns. The Residences at Park Central has not yet been constructed as of this writing, but will consist of 180 apartments and 150 townhouses. The large development would create a substantial increase in population, and residents are concerned about the impact on local services such as schools and public safety. Traffic from the development would also flow exclusively onto one residential street, Flagg Road (Phelps, 2015). The site is also ecologically valuable: it contains 5.7 acres of wetlands and five potential vernal pools (MassGIS), and was identified in a 2007 Mass Audubon report commissioned by the

town as crucial to local wildlife because it provides wildlife with a critical buffer from nearby I-495. However, the contribution of both developments does bring Southborough closer to the Commonwealth's 10% guideline.

THE COSTS OF DEVELOPMENT

Some in Southborough support increased development, and one argument often made is that development results in reduced property taxes. However, extensive research into the economic benefits of open space as compared to development has concluded that preservation of farmland, forest land, and open space has numerous positive impacts on a municipality's tax base.

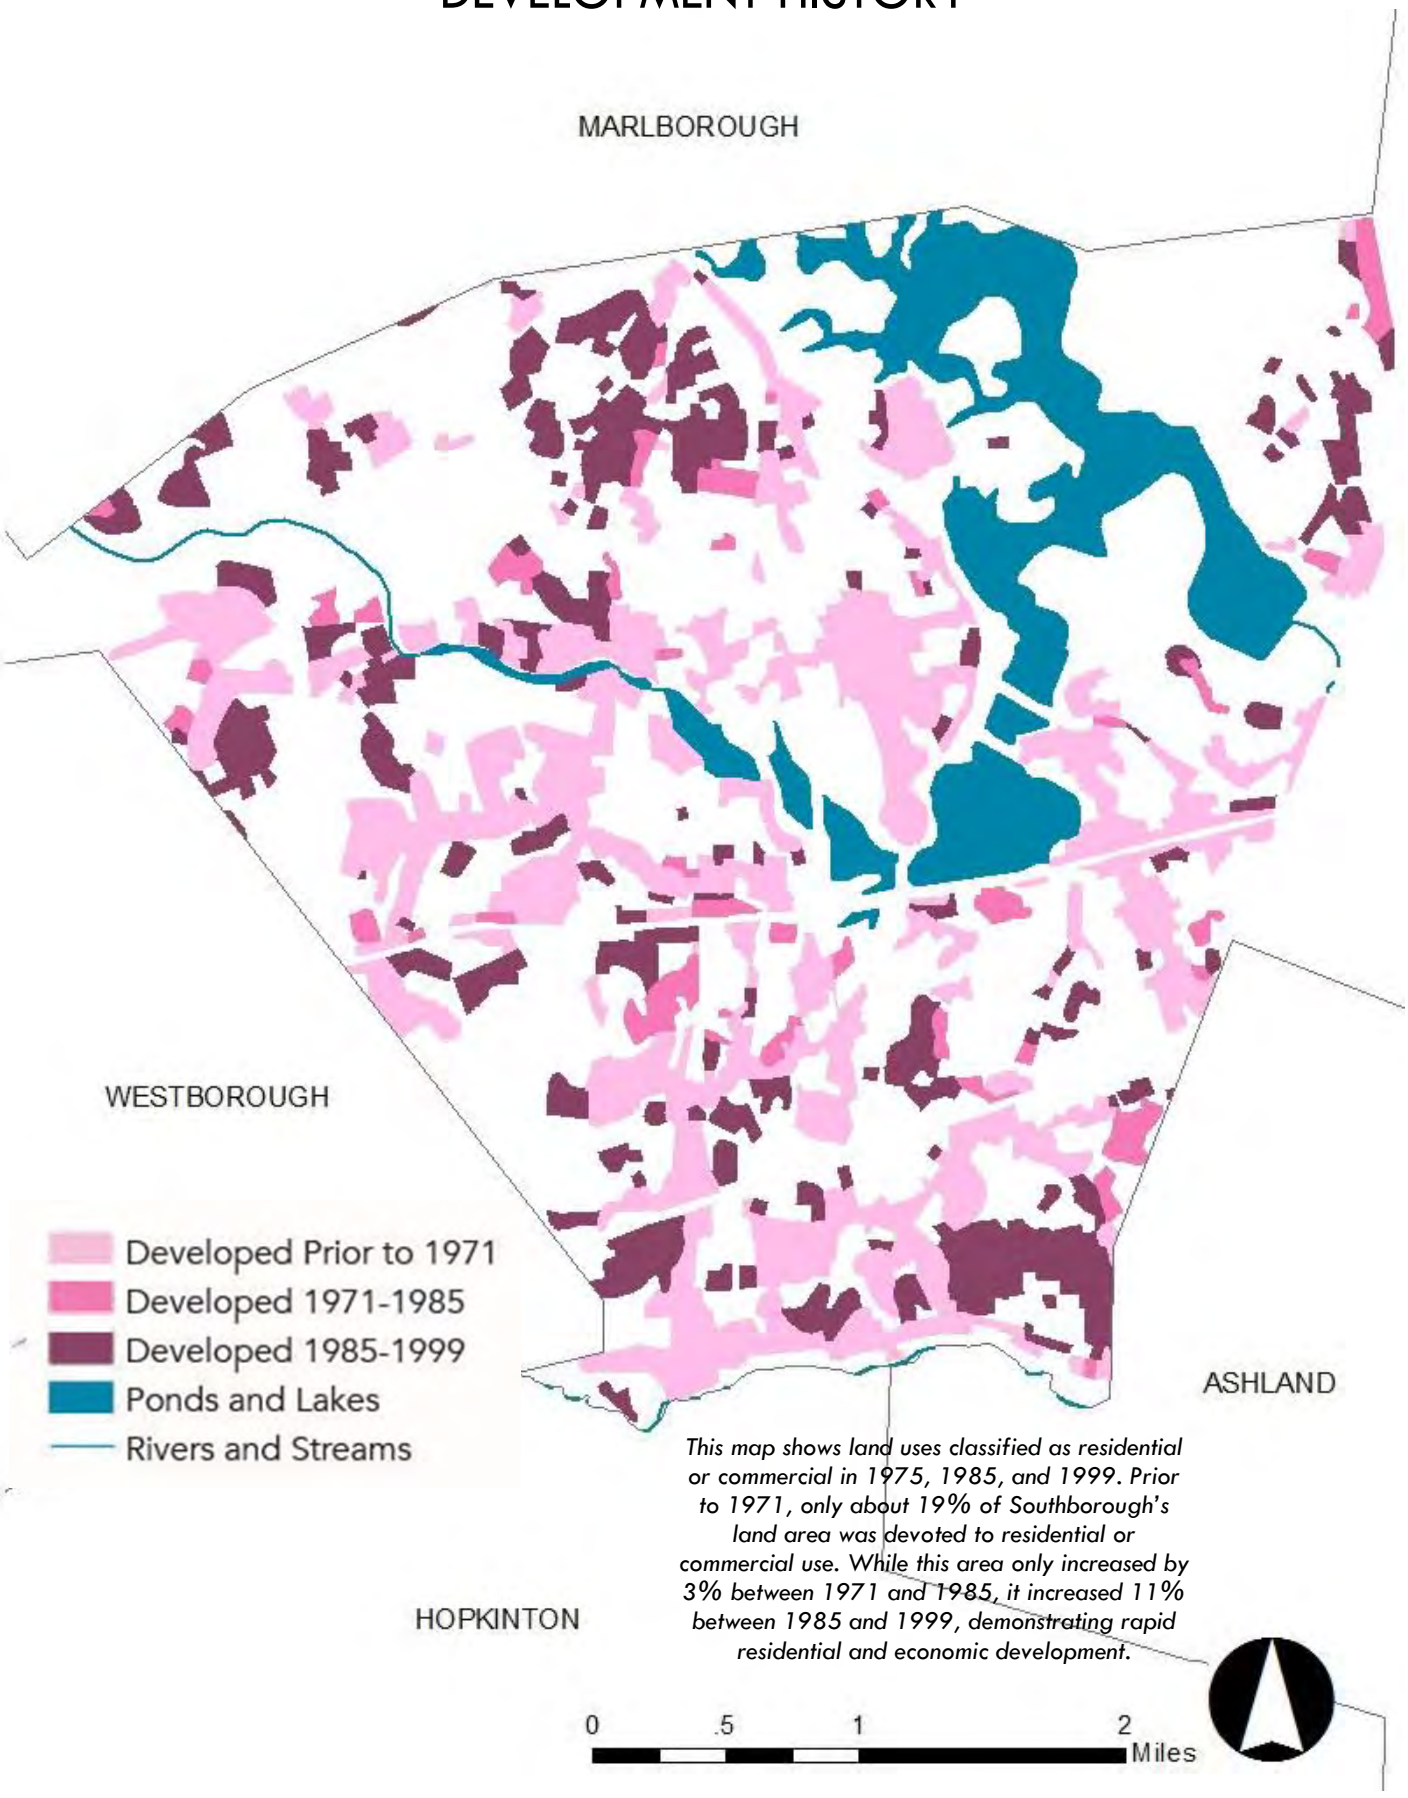
For example, the presence of open space may substantially increase home property values. Studies in diverse locations including Boulder, CO; Portland, OR; Howard County, MD; Austin, TX; Minneapolis-St. Paul, MN; and others have concluded that proximity to preserved natural land or park land has substantial positive impact on home property values (Active Living Research, 2010). The gains are substantial: in Portland in 2001, for example, buyers were willing to pay between $845 and $2,662 more for a home within 1,500 feet of a park than a home further away (Active Living Research 2010, 3). In three Boulder neighborhoods, properties within 3,200 walking feet of a greenway were worth an average of 32% more than properties further away. In fact, in one neighborhood, the presence of the greenway raised the neighborhood's combined property value by $5.4 million in 1978, which would be substantially more in today's dollars (Correll et al. 1978). The act of protection itself may be important: one Maryland study found that homes near land protected in perpetuity were worth an average of $3,307 more than homes near unprotected pasture, since potential buyers feared the land could potentially be developed in the future (Shoup and Ewing, 2010). In order to reap the full financial benefits of open space, Southborough should move to protect land in perpetuity.

Studies also show that larger parcels of protected space are more highly valued by homeowners, which has a positive impact on nearby home prices. Larger open spaces also improve ecological integrity; provide more public goods, such as air and water filtration; support wildlife habitat; create opportunities for education and spiritual reflection; and have numerous other intangible benefits (Faulsold and Lilieholm, 1996).

Unlike residential or commercial development, preserved open space actually generates a fiscal surplus because very little is needed in infrastructure and community services (Fausold and Lilieholm, 1996). The American Farmland Trust has created case studies of at least 151 communities nationally to analyze the fiscal contributions of various land use types. These are presented as revenue-to-expenditure ratios in dollars (American Farmland Trust, 2010). In 1997, Southborough became one of thirteen Massachusetts towns studied. That analysis found that residential development costs more in municipal services than its tax revenues provide, while both commercial development and farm, forest, or open space contribute more in taxes than they consume (American Farmland Trust, 2010, Faushold and Lilieholm, 1996).

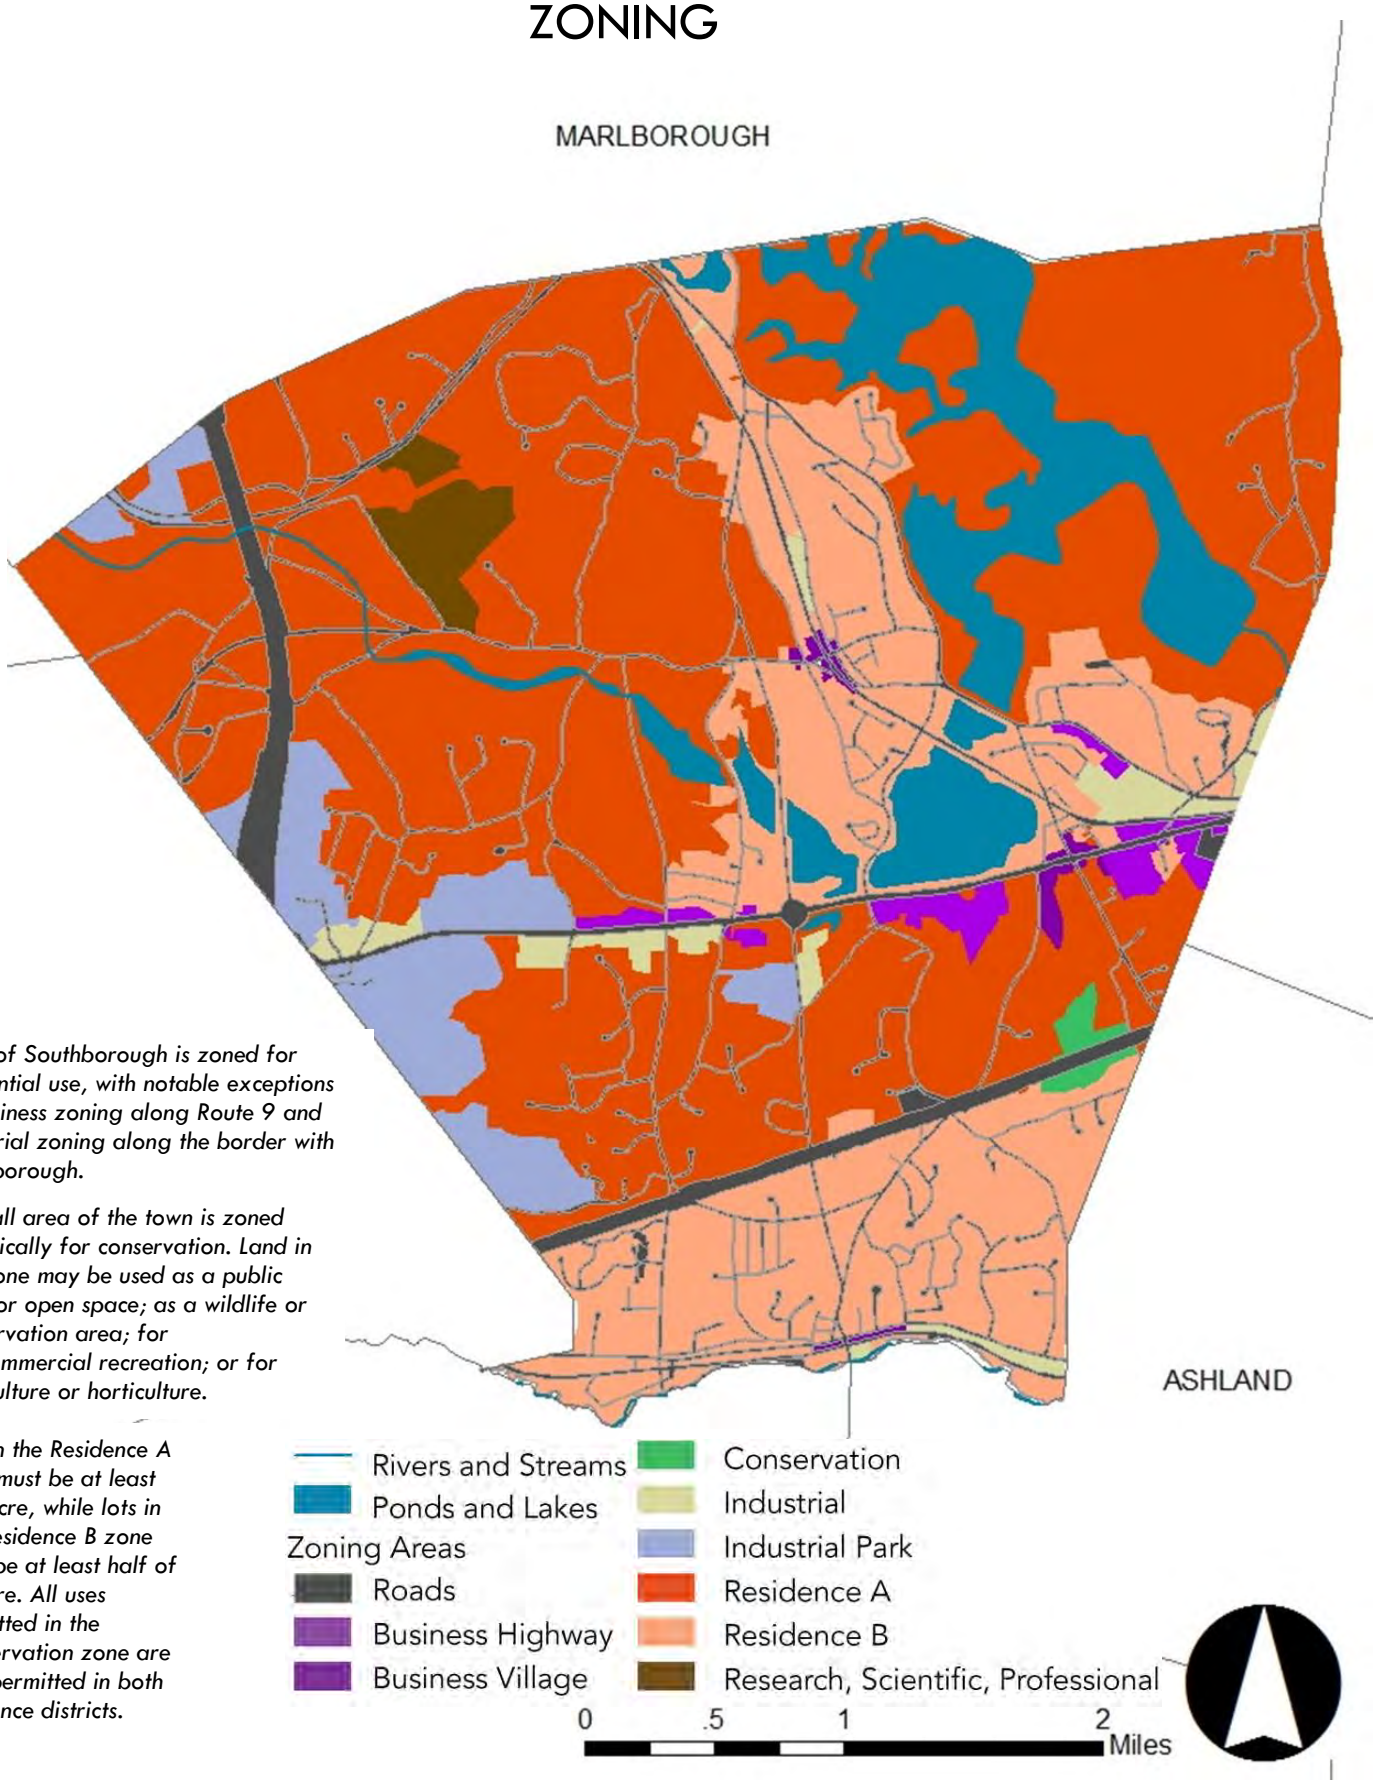
However, a review conducted by Active Living Research of numerous fiscal impact studies found that some commercial development attracts further residential development, which may ultimately result in a net fiscal deficit (Shoup and Ewing, 2010). In order to provide maximum ecological benefits to a growing population, it is in Southborough's best interest to preserve as much land as possible.

DEVELOPMENT HISTORY



This map shows land uses classified as residential or commercial in 1975, 1985, and 1999. Prior to 1971, only about 19% of Southborough's land area was devoted to residential or commercial use. While this area only increased by 3% between 1971 and 1985, it increased 11% between 1985 and 1999, demonstrating rapid residential and economic development.

ZONING



Most of Southborough is zoned for residential use, with notable exceptions of business zoning along Route 9 and industrial zoning along the border with Westborough.

A small area of the town is zoned specifically for conservation. Land in this zone may be used as a public park or open space; as a wildlife or conservation area; for noncommercial recreation; or for agriculture or horticulture.

Lots in the Residence A zone must be at least one acre, while lots in the Residence B zone must be at least half of an acre. All uses permitted in the Conservation zone are also permitted in both residence districts.

INFRASTRUCTURE

Transportation

Within Southborough three types of roadways can be found: regional and interstate highways, old town roads, and new subdivision roads. The highways include Interstate 495, the Mass Turnpike (I-90), and Routes 9 and 85. The old town roads are often narrow and winding, and usually lined with shade trees and stone walls. These roads give the town much of the rural character that residents want to preserve. Many of the new subdivision roads have stone walls built along them in an attempt to match the character of the old town roads. The major roads carry high volumes of traffic and separate the town into segments that wildlife cannot safely cross. Route 495 and the Mass Turnpike are uncrossable for pedestrians. Route 9 essentially cuts the town into northern and southern sections with very limited opportunity for safe pedestrian crossing. There is a desire among residents expressed at the second public forum on March 4, 2015 to address this issue, perhaps by creating some type of bridge or raised crossing.

There are two active railroads in town. A diesel freight line owned and operated by CSX runs only occasionally through the grade-crossing in the center of town. The MBTA Framingham/Worcester line runs along the Sudbury River at the southern edge of town on the border of Hopkinton and Ashland. This busy rail line is shared by CSX (carrying freight), Amtrak and MBTA commuter trains, operating throughout the day and night.

The MBTA Commuter Rail's Framingham/ Worcester Line train stops at Southborough Station, which opened to commuters on June 22, 2002, and is heavily used. The station has parking for 364 spaces and is consistently full. A new private pay lot with 74 spaces received approval from the Planning Board in September 2015 and is not yet constructed. Although the station lot is often filled, many residents also choose to commute by car for many reasons. Southborough to Boston by train takes over an hour and costs between $19 and $25 (and an additional $4 in parking at the Southborough T). By car the trip takes around 33 minutes and $3 to $4 in gas. It is not surprising that the 2014 American Community Survey (Census) found that 87% of Southborough residents drive alone to work. The 2008 Southborough Master Plan Survey found that only 1% commute by rail.

There are three bus stops along the MWRTA line which connect Southborough to adjacent towns, but the scope of travel connections is limited.

Water Supply Systems

Besides several private wells in town, most of the residents of Southborough depend on the drinking water supplied by the Massachusetts Water Resources Authority (MWRA). The water originates from the Quabbin Reservoir via an aqueduct to the Wachusett Reservoir and is treated at the John J. Carroll Treatment Plant in Marlborough. In operation since 2005, it also treats the water for forty other Metro West Boston communities via the MetroWest Tunnel, an aqueduct completed in 2004 that runs beneath Southborough. The plant has the capacity to treat up to 405 million gallons of water from the Wachusett Reservoir each day, though 270 million gallons per day is the average. Protecting the Quabbin's watershed is in the interest of not only Southborough, but for most of eastern Massachusetts.

The Quabbin and Wachusett watersheds are protected naturally with over 85% of the watersheds covered in forest and wetlands (MWRA, 2015). The entire eastern third of the Commonwealth depends on this system for its drinking water. Additionally, the Sudbury and Foss Reservoirs in Southborough and adjacent Framingham provide the only emergency drinking water source supply for over two million residents of eastern Massachusetts. The Department of Conservation Resources (DCR) owns and maintains the land around the Sudbury and Foss Reservoirs. To protect

water quality the DCR's 2008 *Watershed Protection Plan Update* identified the 2,000 acres of DCR property that surround these two water bodies over several towns as "a crucial buffer to water quality degradation in the reservoirs." The quality of water in the reservoirs has historically been below minimum standards, which is why these reservoirs have not been used as primary drinking water sources since 1976. Threats to the quality of water continue. Precipitation run-off from over a quarter of Marlborough, the most urbanized area of the watershed, drains into the Sudbury Reservoir (DCR, 2008).

Waste Water

The Town of Southborough relies almost solely on septic systems, with no plans to add sewers. The only exceptions are the several homes on Pine Hill Road which tie into the sewer system in Framingham. The 2009 Town of Southborough Open Space Plan notes: "A vote to install sewers has always been rejected because of concerns over the increase in development density that sewers historically bring." While relying on individual septic systems may decrease population density, it can also contribute to suburban sprawl.

Solid Waste Disposal

There is an inactive landfill in Southborough, which is a capped yet unlined municipal solid waste site. What was the Southborough Landfill is located on Parkerville Road, near the intersection with General Henry Knox Road? This is now a town soccer field and the town is required to perform annual testing at the site. Currently, residents can either opt to hire private companies to take care of their household waste and recycling, or they can purchase an access permit to use the transfer station located at the John Boland Public Works Facility on Cordaville Road for recycling and/or trash disposal. Recyclables are sent from the transfer station to E.L. Harvey & Sons Waste and Recycling Services in Westborough. Trash is transported for processing to the Wheelabrator Millbury energy-from-waste facility that uses up to 1,500 tons of waste from homes and businesses each day to produce electricity, reducing the regions' dependence on landfills ("Wheelabrator Millbury", 2016).

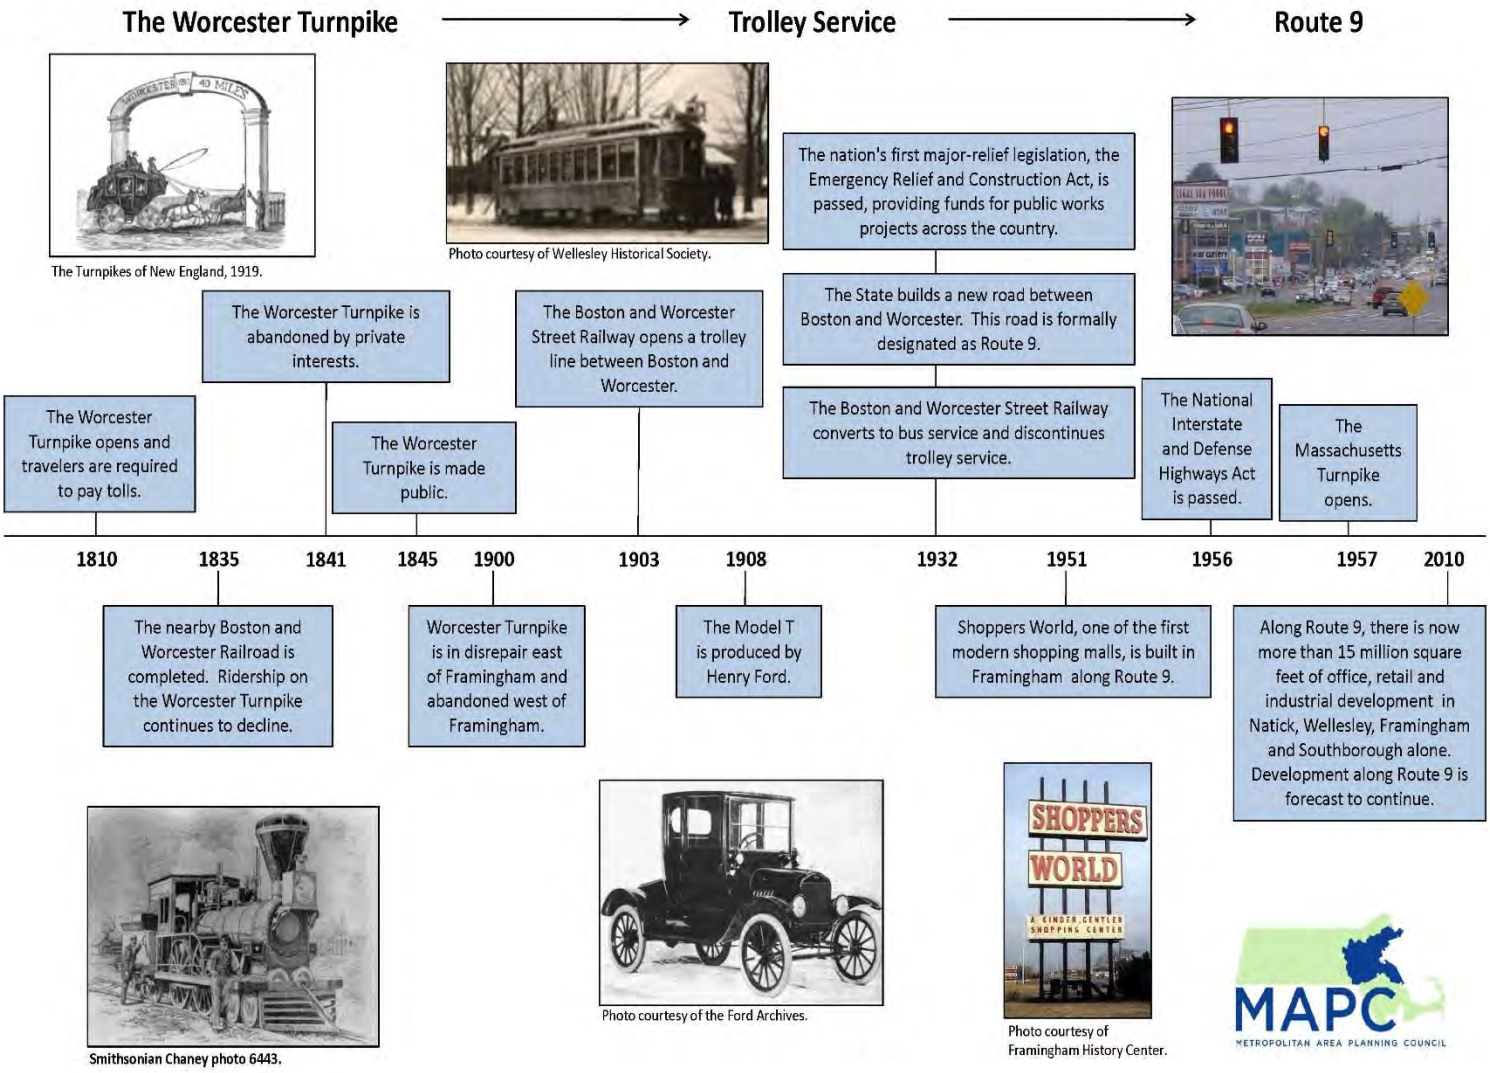
PEDESSTRIAN AND CYCLING OPTIONS

In 2015 the Southborough Sidewalk Construction Recommendation Committee was formed to develop an impartial review and evaluate streets that have a need for the construction of new sidewalks. The Committee created an evaluation matrix with ten categories: traffic volumes, pedestrian activity, safety, available right-of-way, connects to destination, connectivity, environmental impacts, construction challenges, conforms to town goals, and future needs.

From this study, the Committee identified the top 10 streets and recommended that the matrix be used in the future to rank and evaluate sidewalk construction for the optimization in use of tax dollars. The full report can be seen in Appendix #2.

The Trails Committee has been diligently working on the Boroughs Loop Trail (BLT) that connects Marlborough, Northborough, Southborough, and Westborough to create a 33-mile regional trail that has both walking and cycling options. The Grand Opening was on for October 5, 2019 and maps can be found at www.svtweb.org/blt.

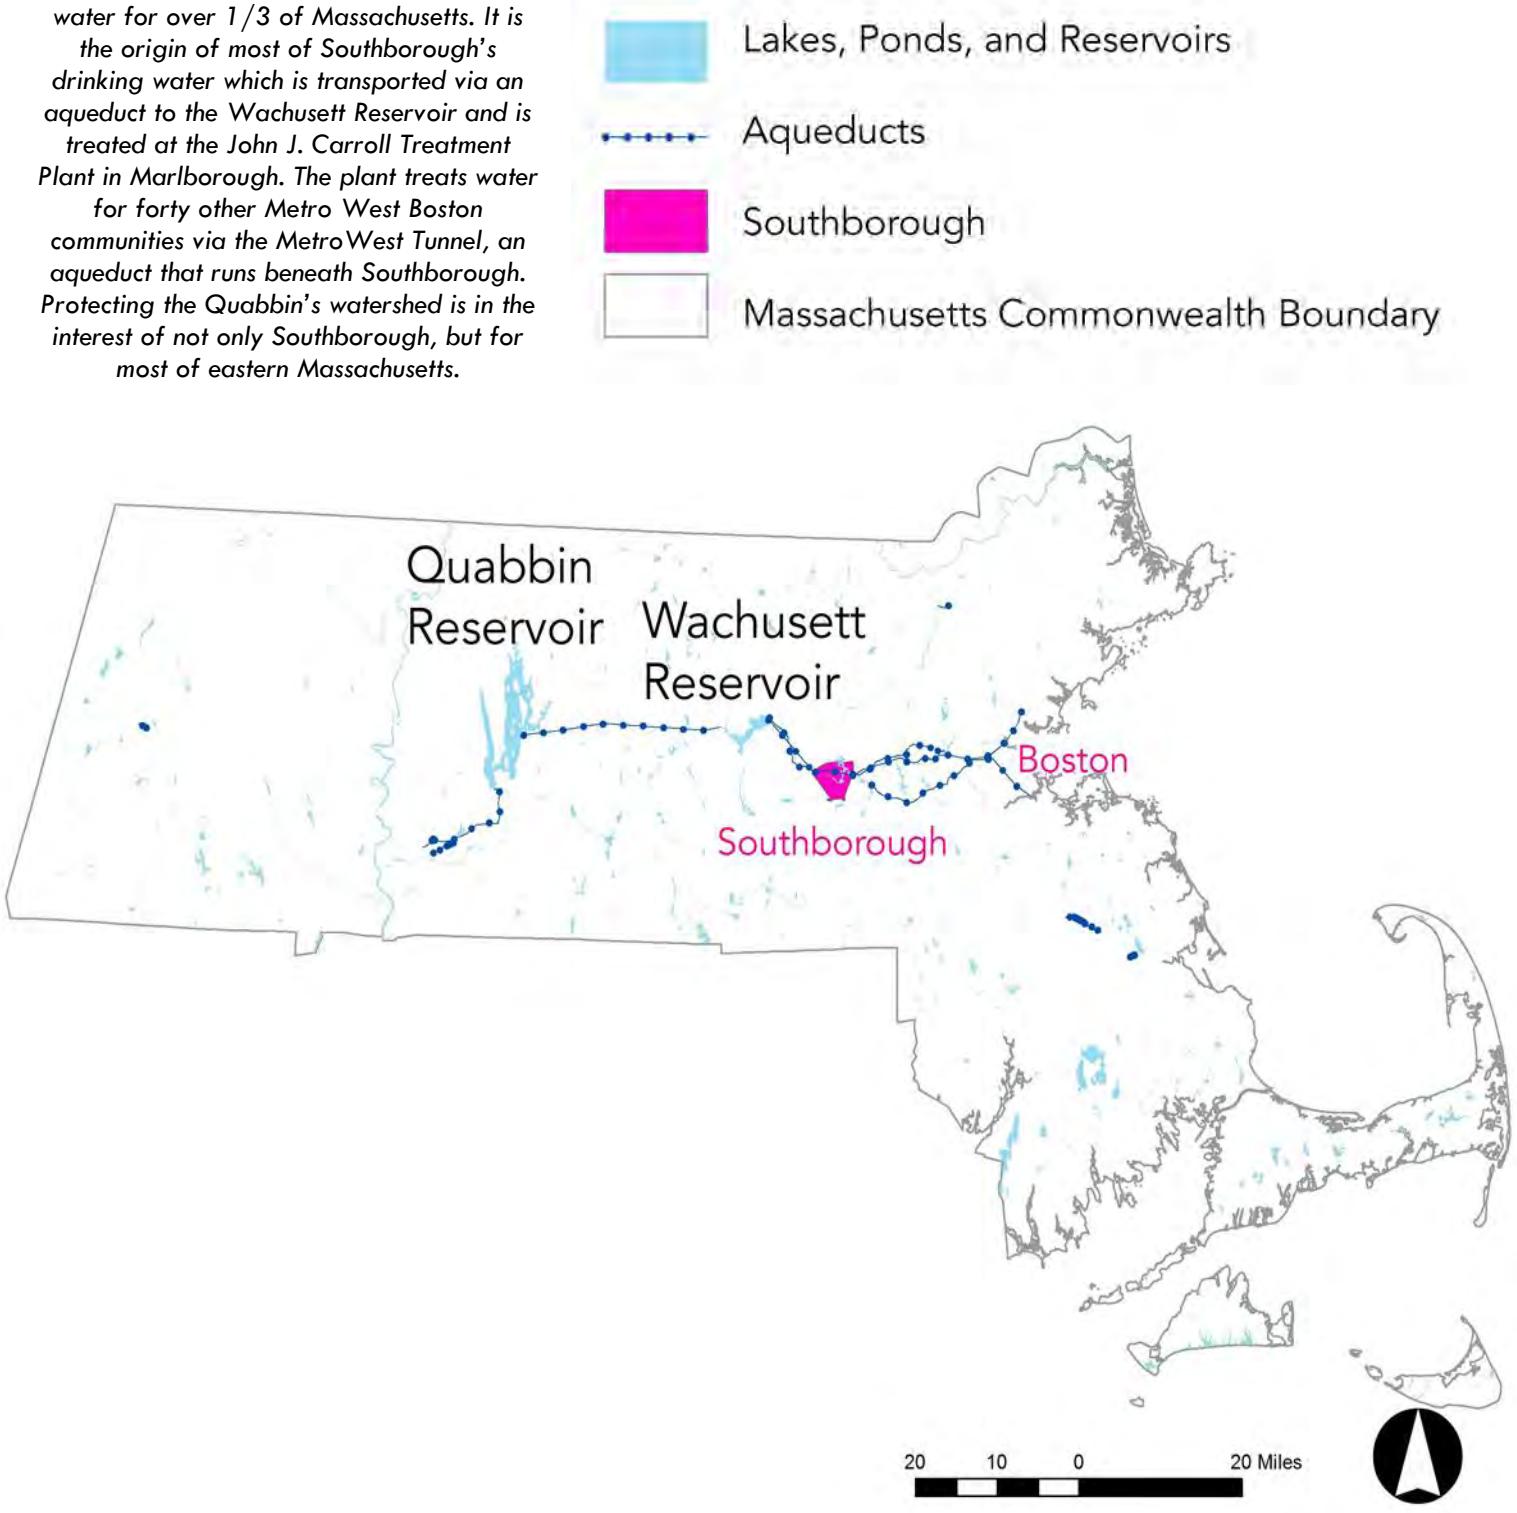
The 200 Year History of Route 9



In 2010, Route 9 turned 200 years old. For two centuries, this important east-west highway has brought development, transportation, and people from Metro Boston through the western suburbs, to the Worcester foothills, and beyond (Source: http://web.archive.org/web/20170817170241/http:/www.mapc.org/route-9)

WATER SUPPLY SYSTEMS

The Quabbin Reservoir provides drinking water for over 1/3 of Massachusetts. It is the origin of most of Southborough's drinking water which is transported via an aqueduct to the Wachusett Reservoir and is treated at the John J. Carroll Treatment Plant in Marlborough. The plant treats water for forty other Metro West Boston communities via the MetroWest Tunnel, an aqueduct that runs beneath Southborough. Protecting the Quabbin's watershed is in the interest of not only Southborough, but for most of eastern Massachusetts.



E. RECREATION

Written by the Southborough Recreation Commission

The mission of the Recreation Commission is to offer programs for all ages and interests, giving everyone the opportunity to engage in a variety of activities. Through these activities, participants will be able to make constructive use of leisure time and develop a sense of community, contribute to positive physical and mental health, and good sportsmanship. The Recreation Commission has developed an extension of the Open Space and Recreation Plan that is more directed to active and organized recreation itself and yet still supportive of the open space elements. There are several factors the Recreation Commission considers important in order to support our mission, Health and Safety, Community, Partnership and Facilities all of which overlap in many ways.

Health and safety are imperative in recreation. Offering programs that not only provide mental and physical health but take place in a safe environment is vital. Therefore, our existing facilities, including fields, playgrounds, and gyms, must be supported financially and well maintained. While Southborough does offer a host of facilities, there is room for growth, and it is paramount that the Recreation Commission strives to develop additional recreational facilities in Town.

The Town of Southborough's last comprehensive facilities plan was done in 1999 by the Ad Hoc Facilities Committee. That plan assessed the Town's fields, and it was thorough and accurate. This document, recently reviewed by the Recreation Commission, serves as a foundation for the establishment of new facilities and continuing the maintenance of existing ones. In April of 2016, the 2016 Recreation Facilities Study was completed and can be found on the Recreation website.

Activities which require indoor facilities are limited in Southborough. Securing indoor space in Southborough can be a challenge due to the number of organizations and the events and programs each offer. Recreation offers a wide range of programs, of which several are outsourced to other organizations or business locations in surrounding towns. This decreases the choice of program availability and the added burden of travel for residents. It is imperative that the Recreation Commission and the Town capture any opportunities that arise so that Recreation can rise to the growing demand of its residents.

Recreation reaches a large population and can foster a sense of community. The Commission views recreation as a host to many other committees and organizations within the Town. Creating a connection or partnership builds a sense of community and strength.

The Recreation Department publishes two seasonal brochures; spring/summer and fall/winter that offers programming for all ages. Also, after school programs are offered at all schools for grades PK-8. The department is also responsible for year-round scheduling of gyms and fields. The Recreation Department also works with the Southborough Trails Committee (STC) to oversee volunteers to create, monitor and maintain town resource trails in Southborough in coordination with both private and public entities, and will coordinate with the regional trail organizations. Additionally, the STC shall be responsible for oversight of all required monitoring and maintenance obligations under the Town's trail licensing agreements with the DCR and MWRA.

CURRENT RECREATION FACILITIES IN SOUTHBOROUGH	
Name	Facilities and Activities Available
9/11 Memorial Field	Multi-purpose field
Choate Field (lighted)	Baseball/softball, basketball, multi-purpose fields
Finn School	Playground, baseball, basketball, pavilion, gym
Harold Fay Memorial Playground	Playground, basketball, baseball, pavilion
Kallander Field	Multi-purpose field
Liberty Estate Field	Multi-purpose field
Mooney Complex	Multi-purpose field
Neary School	Playground, baseball, basketball, pavilion, gym, multi-purpose fields, outdoor volleyball, tennis
South Union	Recreation office, playground
Trottier Middle School	Track and field, baseball/softball, basketball, multi-purpose field, gym
Woodward School	Playground, wall ball, gym

The Recreation Commission has accomplished the following over the last six years:

- ☐ Improved communication
- ☐ Established a Trails Committee
- ☐ Completed the 1999 Facilities Plan with the installation of the skate park
- ☐ Established a summer concert series through partnership with Youth & Family Services
- ☐ Installed recreational features through Eagle Scout projects: outdoor volleyball court, platform and storage for community events, wall ball, obstacle course
- ☐ Installed new playground at South Union building
- ☐ Replaced lights at Choate Field
- ☐ Overseen major community events, Heritage Day, Gobble Wobble Road Race, and Summer Nights

The Recreation Commission has established goals and objectives to guide our efforts over the next three to five years which are outlined below. The 2016 Recreation Facilities Study, scheduled for completion in April, will help to narrow down more detailed goals.

2016 RECREATION GOALS	
1	Improve and maintain quality and safety of all recreational facilities
2	Provide high quality recreation programs and activities that meet the needs of residents of diverse ages to build a stronger community
3	Seek opportunities to expand recreational facilities
4	Maintain strong partnerships with committees and organizations throughout the town
5	Fulfill responsibility to maintain a budget that supports programming and facilities
6	Provide ongoing communication and education to end users
7	Build an indoor community center

Section 4: Environmental Inventory and Analysis

A. GEOLOGY, TOPOGRAPHY, SOILS

Southborough's fertile soils and gentle topography can be attributed to its glaciated past. Soil is an important natural resource that filters water, sequesters carbon, helps to regulate streamflow, and provides nutrients to plants that form the basis of human and terrestrial ecosystems. As a historically agricultural community, Southborough was founded on fertile soil. Today, the same qualities that make the soil excellent for agriculture and healthy natural communities make it attractive and vulnerable to development.

GEOLOGY AND TOPOGRAPHY

Southborough's geology provides clues to its glaciated past. Around 25,000 years ago, glaciers that covered what is now northern North America reached their fullest extent, submerging land as far south as Southern New England (Flory and Neel, 1975). The glaciers retreated and advanced several times between then and their final retreat from the region about 13,000 years ago, leaving behind weathered surface deposits composed of sand, silt, gravel, and boulders.

Southborough's surficial geology is dominated by two types of glacial deposits: stratified and unstratified deposits.

Stratified deposits are those that were transported from their original location, often by water. When sand, rocks, gravel, and other materials are transported by water, they are sorted by size, since the water is able to carry smaller particles further. This makes them excellent for water retention, meaning that there is less runoff and erosion that flows across the ground's surface into local water bodies. They are also excellent for groundwater filtration, since water passes through the ground slowly. They are therefore excellent for septic system installation (Flory and Neel, 1975). In Southborough, since many of the stratified deposits are located near the Sudbury Reservoir, caution should be taken when building very close to the reservoir itself.

Glacial till is an example of an unstratified deposit. Till is deposited in place, often as a glacier melts, and is not transported and therefore not sorted. This creates unsorted deposits composed of a random assortment of sand, silt, gravel, and larger rocks. Till tends to be compact, so it is difficult for water to pass through. Therefore, water passes quickly over the surface, often eroding the soil and carrying surface particles with it to local water bodies. These particles often contain fertilizer, gasoline, or other pollutants that can harm water quality. For these reasons, glacial till is not an especially good material in which to build septic systems, and extensive disruption of the soil can impact local water bodies (Flory and Neel, 1975).

Southborough's topographic variation is gentle. Much of the town's slopes are between 0 and 5%, which is nearly completely flat. There are few steep slopes and they are small in extent.

Exposed glacial stratified deposits at Breakneck Hill

SOIL IN SOUTHBOROUGH

Soil acts as a living filter that serves to protect and enhance our entire ecosystem; it is a dynamic and important natural resource that provides ecosystem services crucial to natural and social systems. The NRCS lists them as such:

Soil supports the growth and diversity of plants and animals by providing a physical, chemical, and biological environment where the exchange of water, nutrients, energy and air occurs. Soil regulates and partitions rainfall, regulates flow

and storage of water and solutes, including nitrogen, phosphorus, pesticides and other nutrients and compounds that are in dissolved water. Soil stores, moderates the release of, and cycles plant nutrients and other elements. (NRCS, 2011).

Southborough's soils can be grouped into eight major classifications: fine sandy loam, mucky fine sandy loam, sandy loam, silt loam, loam, loamy sand, Chatfield-Hollis rock outcrop complex, and udorthents. Of these, by far the most abundant type in Southborough is fine sandy loam. Fine sandy loam is a well-drained, deep soil formed in a loamy mantle. It is often considered Prime Farmland by the Natural Resources Conservation Service, although there are other areas of Southborough of the same soil type that are not considered prime farmland due to steep slopes or other physical characteristics. Fine sandy loam is also considered highly erodible, so if not managed carefully, it can be lost as sediment in runoff to nearby water bodies.

SOIL AND AGRICULTURE

About 48% of Southborough's soils are classified by the NRCS as Prime Farmland, Farmland of Statewide Importance, or Farmland of Unique Importance. Prime Farmland soils are those that are especially good for producing high yields of food, fiber, and other crops (SSURGO). The NRCS' Farmland of Statewide Importance classification is a secondary tier considered slightly lesser quality than Prime Farmland, although still high-yield enough to be economically productive. Farmland of Unique Importance is suitable for growing niche or specialty crops such as cranberries (MassGIS SSURGO). Prime Farmland is also an important natural resource that can shelter wildlife, supply scenic open space, and help filter impurities from our air and water (American Farmland Trust, 2002).

While Southborough was historically a farming community, today it is primarily residential. However, a recent demonstrated interest in local agriculture suggests that farming may again become more prominent. In 2006, a conservation restriction on the 109-acre Chestnut Hill Farm was purchased by the Town of Southborough. The property is now owned by The Trustees of Reservations. In 2015, a community-supported agriculture farm growing fruits and vegetables was established on part of the property. Members receive a box of fresh produce weekly from June to October, as well as access to the farm's Pick Your Own gardens, which grow flowers, peas, and beans. Chestnut Hill also runs a seasonal farm stand that offers both its own produce and products from other local vendors, and often donates excess vegetables to Southborough's food pantry. In the 2016 growing season, the farm's operators hope to expand Pick Your Own offerings (The Trustees, 2015). They'd also like to increase their CSA's membership substantially—having set a goal of 200 shares in 2016 and 350 in 2017. If these goals are met, the farm will quickly be pressed for space. Chestnut Hill will also soon be joined by a new farm in town: in March of 2016, Southborough Wicked Local reported that the 16.5-acre Stonybrook Golf Course, which has recently closed, will be converted to an organic farm. The news indicates growing local interest in expanding agricultural output.

Southborough's Community Gardens have also grown substantially in recent years and are popular among community members. The garden was initially established on a town- owned parcel off Middle Road. Because that site was difficult to access and had no water source, it remained small. However, once the garden was moved to Breakneck Hill in 2008, it quickly expanded from four plots to more than twenty. It grew again to fifty plots in 2009, once water spigots were installed. In 2012, donated topsoil from a construction project at St. Mark's School allowed the garden to expand to its current size of over sixty plots. Today, the town's volunteer Garden Coordinator helps to manage the garden by laying out the plots and collecting rental fees. By all accounts, it has been a huge success.

The upsurge in interest corresponds to a national conversation about threats to food security from changing temperature and precipitation patterns. Currently, New England produces only about 12% of the food it consumes (Donahue et al., 2014). The remainder is imported from abroad and from more farm-rich areas of the country, such as California and the Midwest. The USDA's 2012 report Climate Change and Agriculture in the United States: Effects and Adaptation outlines anticipated changes to the food system in future years due to climate change. For

example, California's produce-growing Central Valley's water stores are threatened by drought and a lessening snowpack (Walthall et al., 2012).

Reduced availability of water resources will likely result in reduced outputs, which will raise food prices, making local production more attractive (Donahue et al., 2014). In such a case, prime farmland will become a crucial resource for the region's food security.

SOILS AND DEVELOPMENT

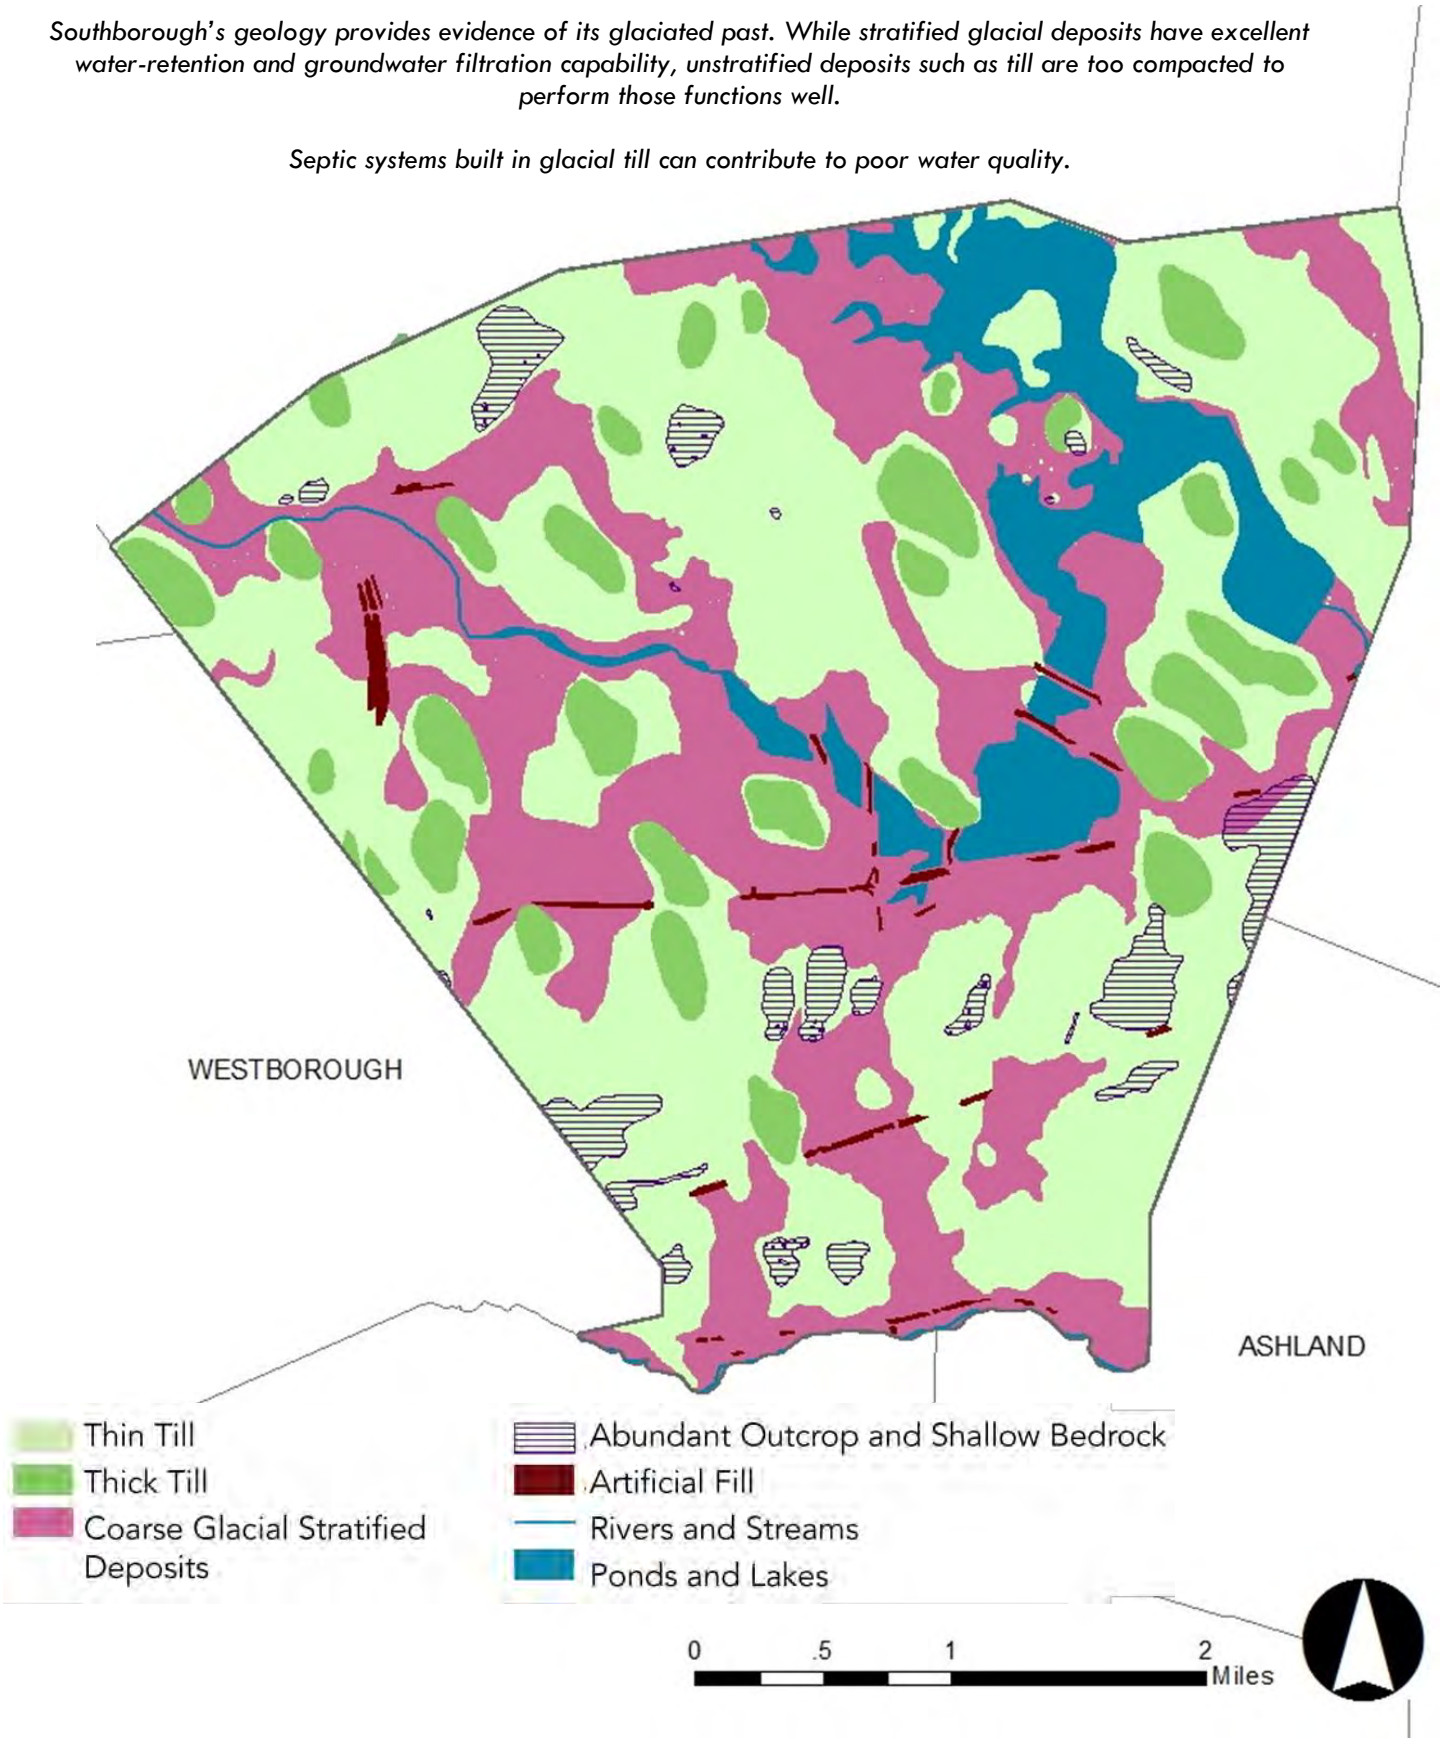
Prime farmland soils are also especially desirable for development. Their gentle slopes and good drainage make them appropriate for septic-system installation and makes them attractive places to build homes. This trend is widespread; nationwide, between 1992 and 1997, prime farm soils were developed at a 30% higher rate than less-fertile lands (American Farmland Trust, 2002). The development process can have deleterious effects on soil productivity that are not easily remedied.

Compaction of the soil by heavy equipment and building materials reduces the ability of air, water, and plant roots to move through the matrix, which increases stormwater runoff and reduces water holding capacity. Erosion is common at construction sites, since they are often left without vegetation for long periods of time (Mangiafico, 2011). While residential development is often necessary and important, development of prime farm soils forces agricultural production onto more marginal, less-appropriate land that is not as productive (American Farmland Trust, 2002). Soil–especially prime farm soil–is a valuable, but fragile resource, and care must be taken to preserve it for the future.

SURFICIAL GEOLOGY

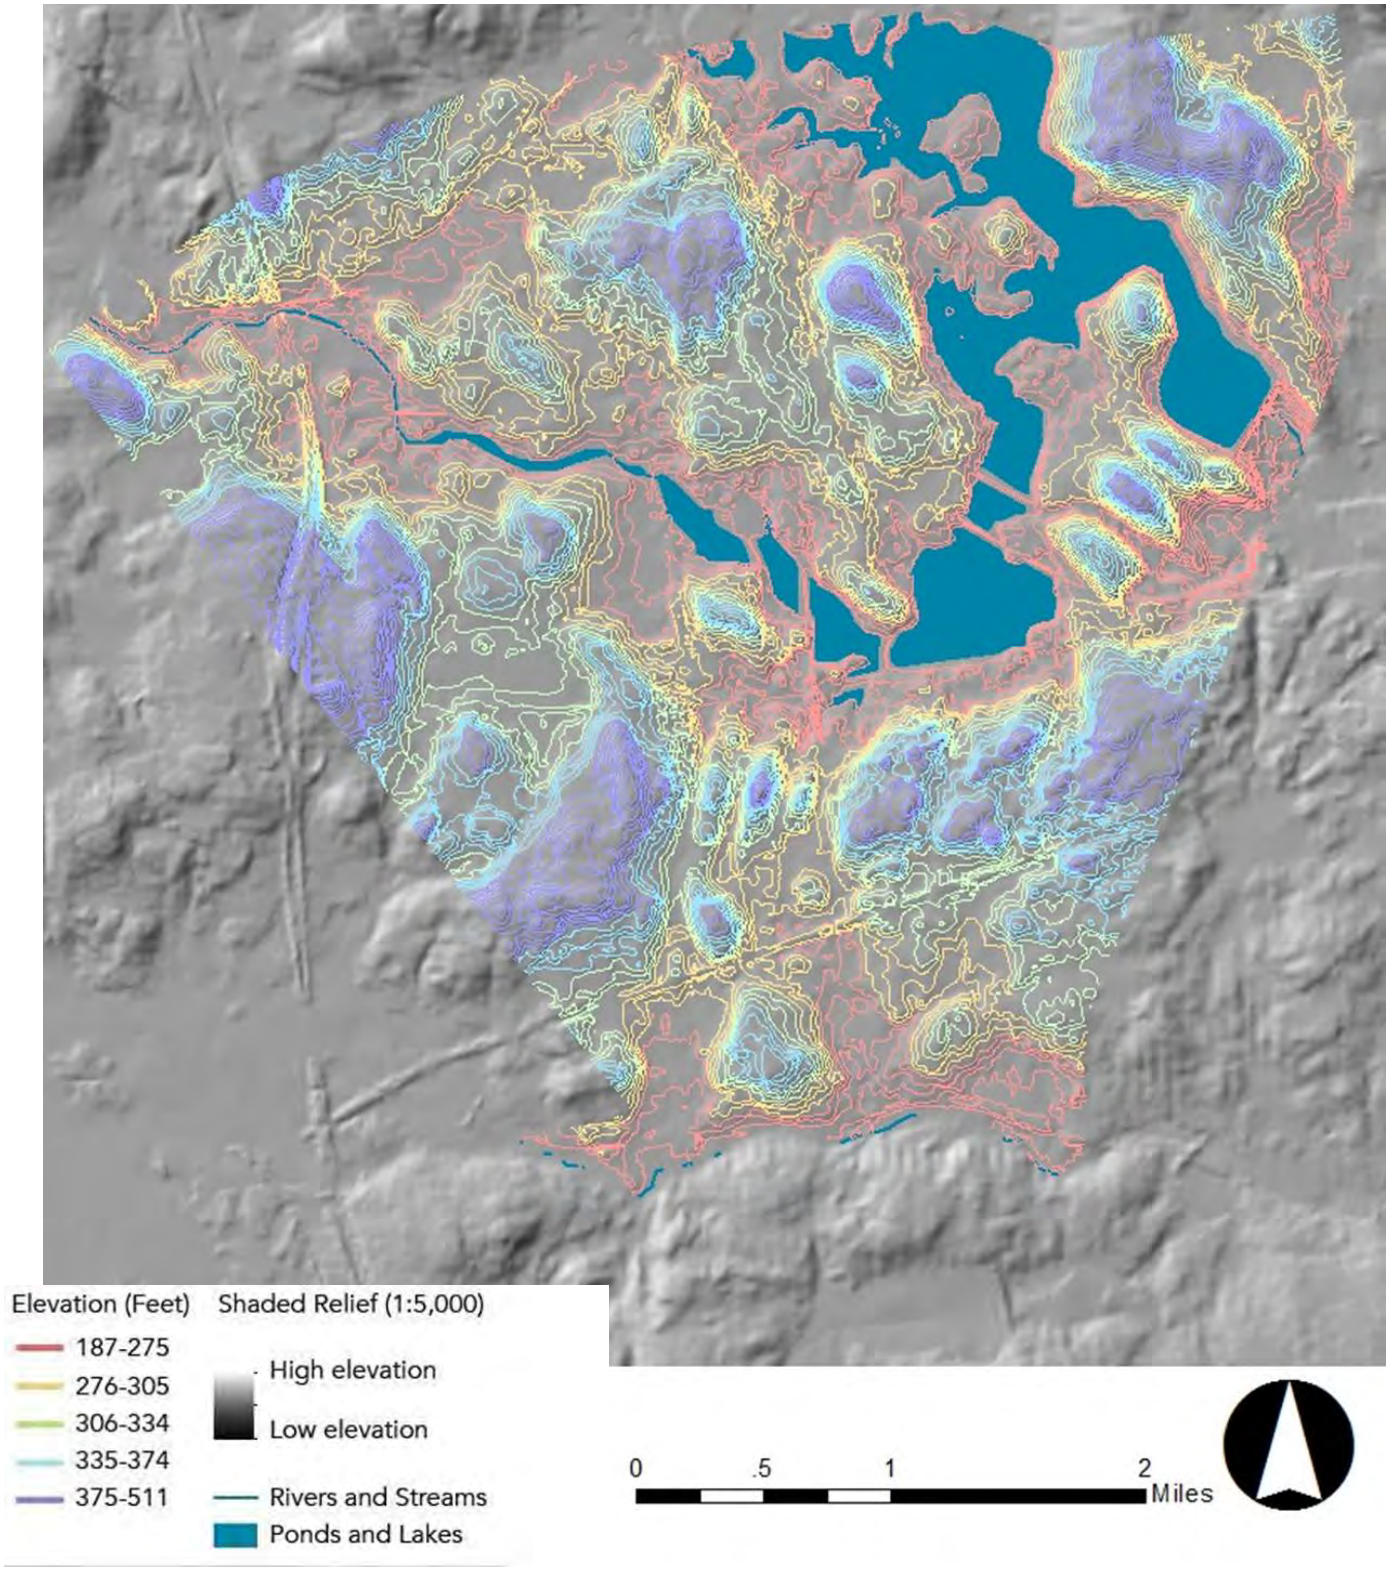
Southborough's geology provides evidence of its glaciated past. While stratified glacial deposits have excellent water-retention and groundwater filtration capability, unstratified deposits such as till are too compacted to perform those functions well.

Septic systems built in glacial till can contribute to poor water quality.



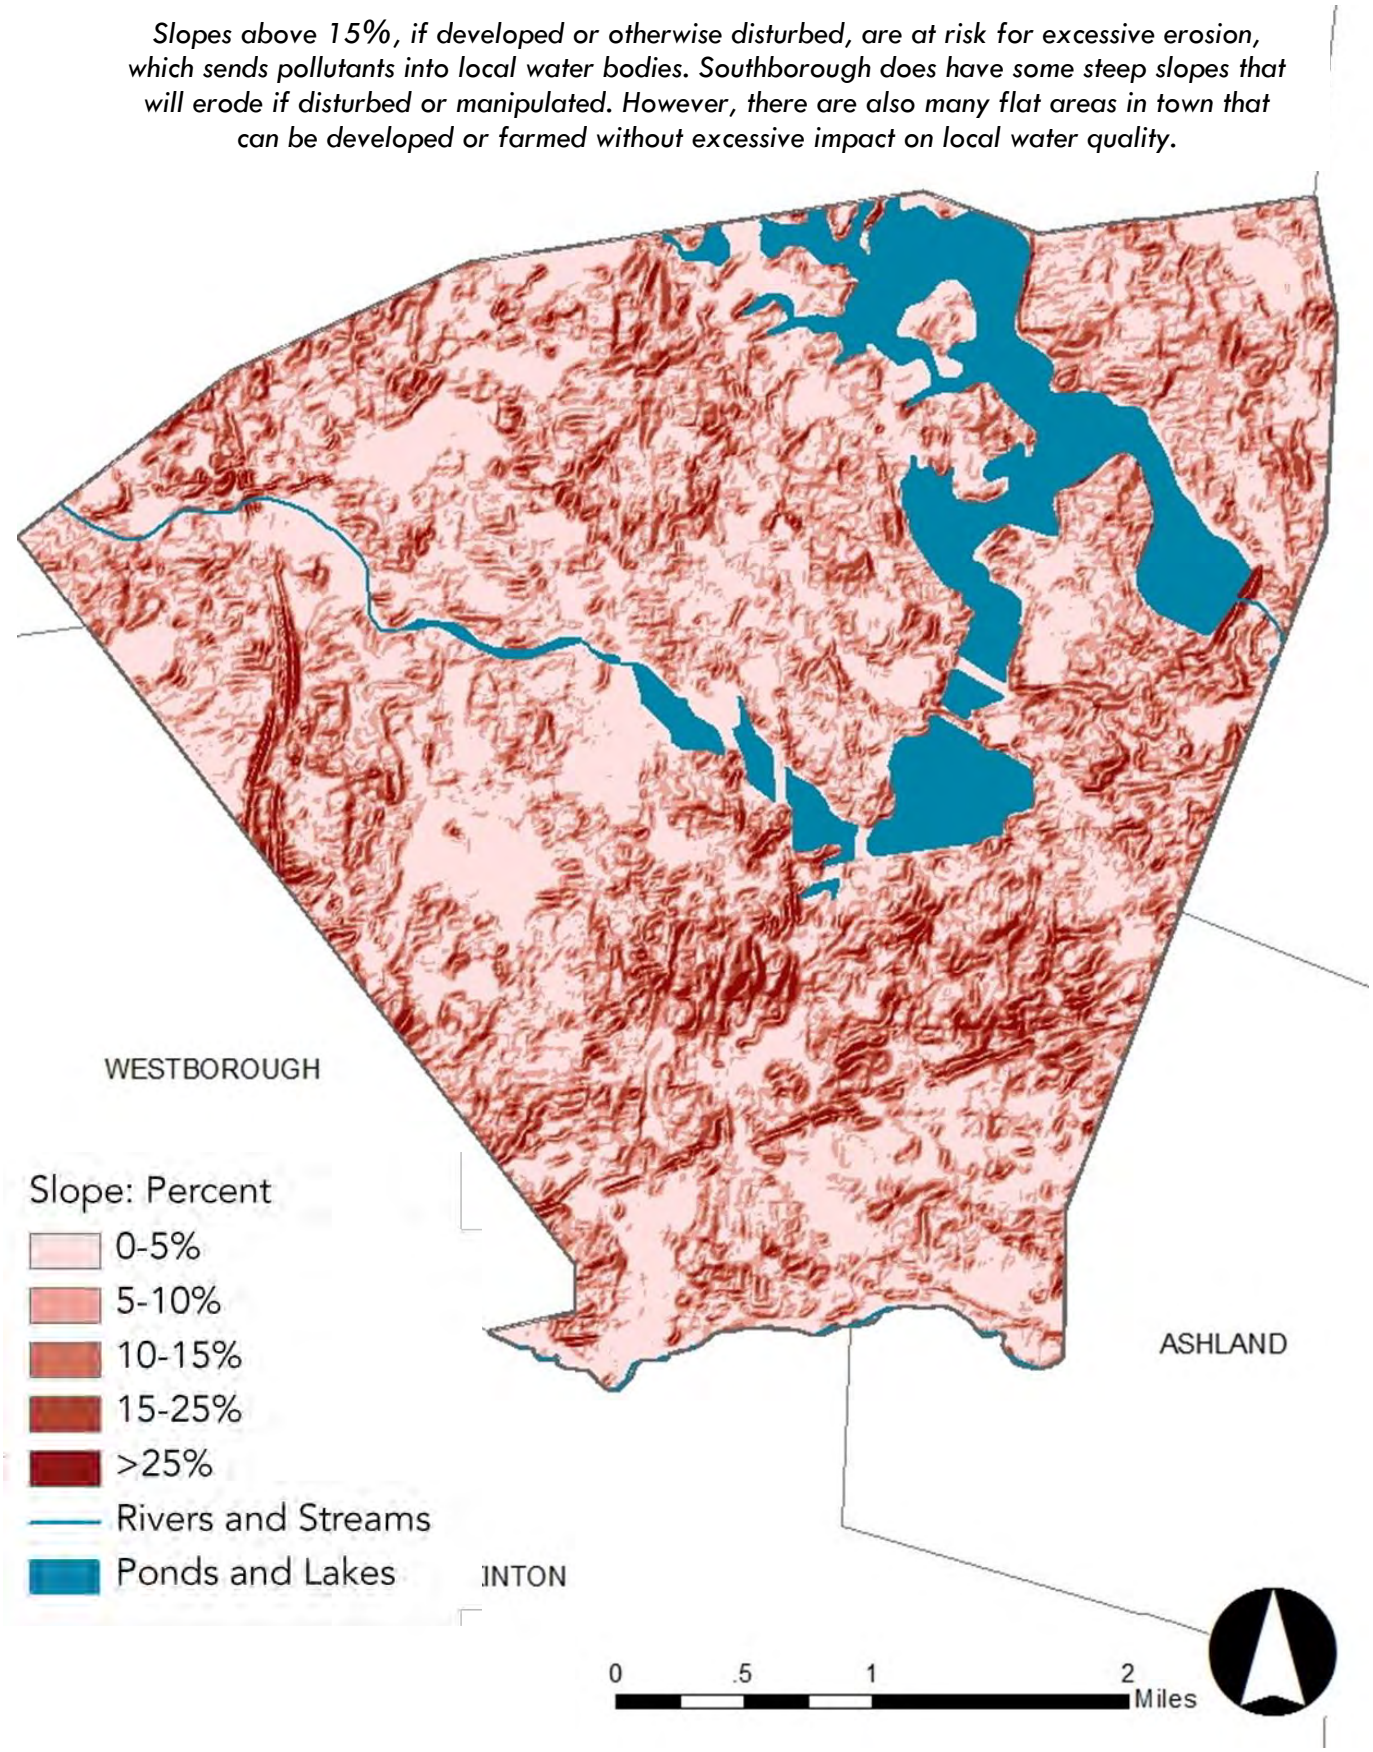
CONTOURS

Overall, Southborough's slopes are relatively gentle, with an elevation difference of only about 200 feet. The flattest areas are located around the Sudbury Reservoir and the Sudbury River. The generally shallow slopes once made the area attractive for agriculture, and now make it attractive for development.



TOPOGRAPHY

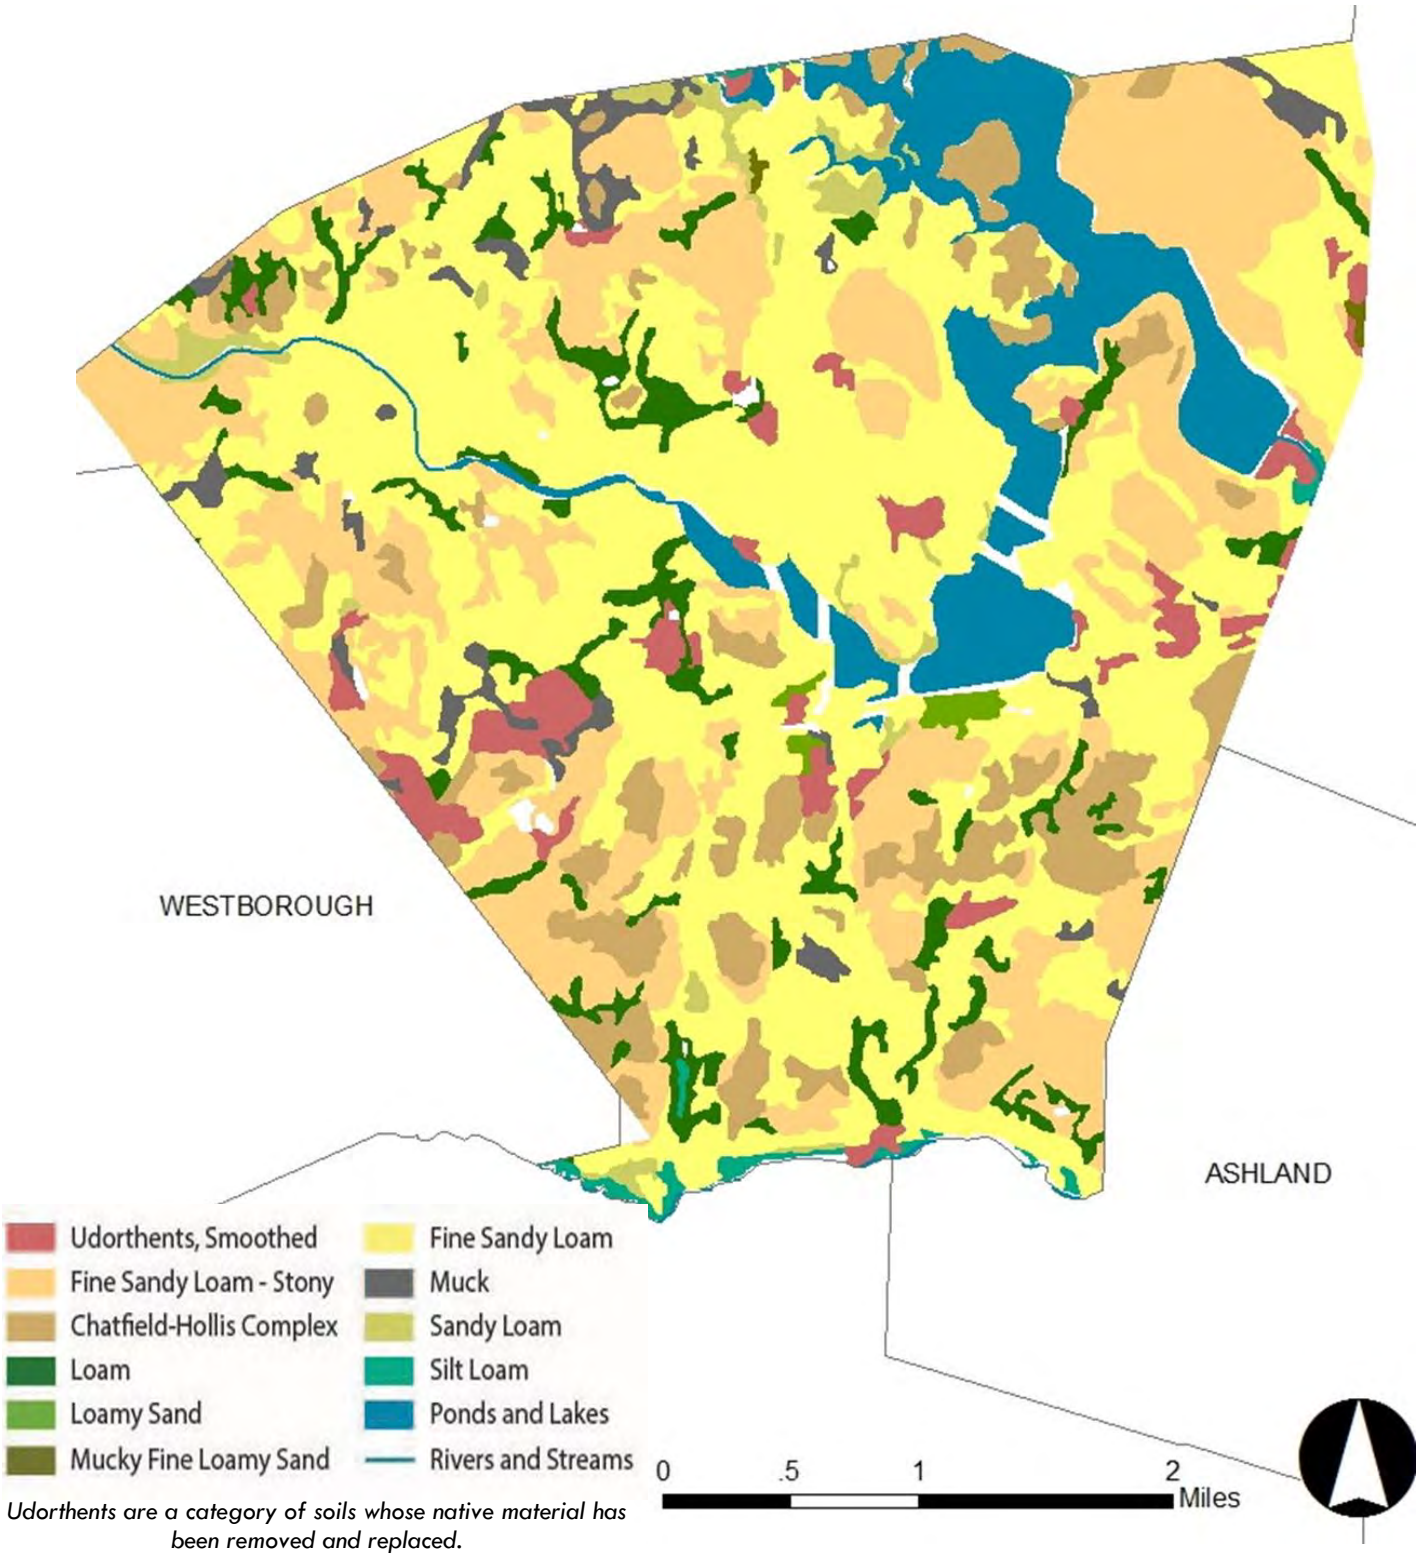
Slopes above 15%, if developed or otherwise disturbed, are at risk for excessive erosion, which sends pollutants into local water bodies. Southborough does have some steep slopes that will erode if disturbed or manipulated. However, there are also many flat areas in town that can be developed or farmed without excessive impact on local water quality.



SOIL FORMATIONS

Most of the soils in Southborough are fine sandy loam, which is a well-drained soil formed in a loamy mantle, common in areas that were once glaciated. It is considered fertile and is frequently classified as Prime Farmland by the National Resources Conservation Service.

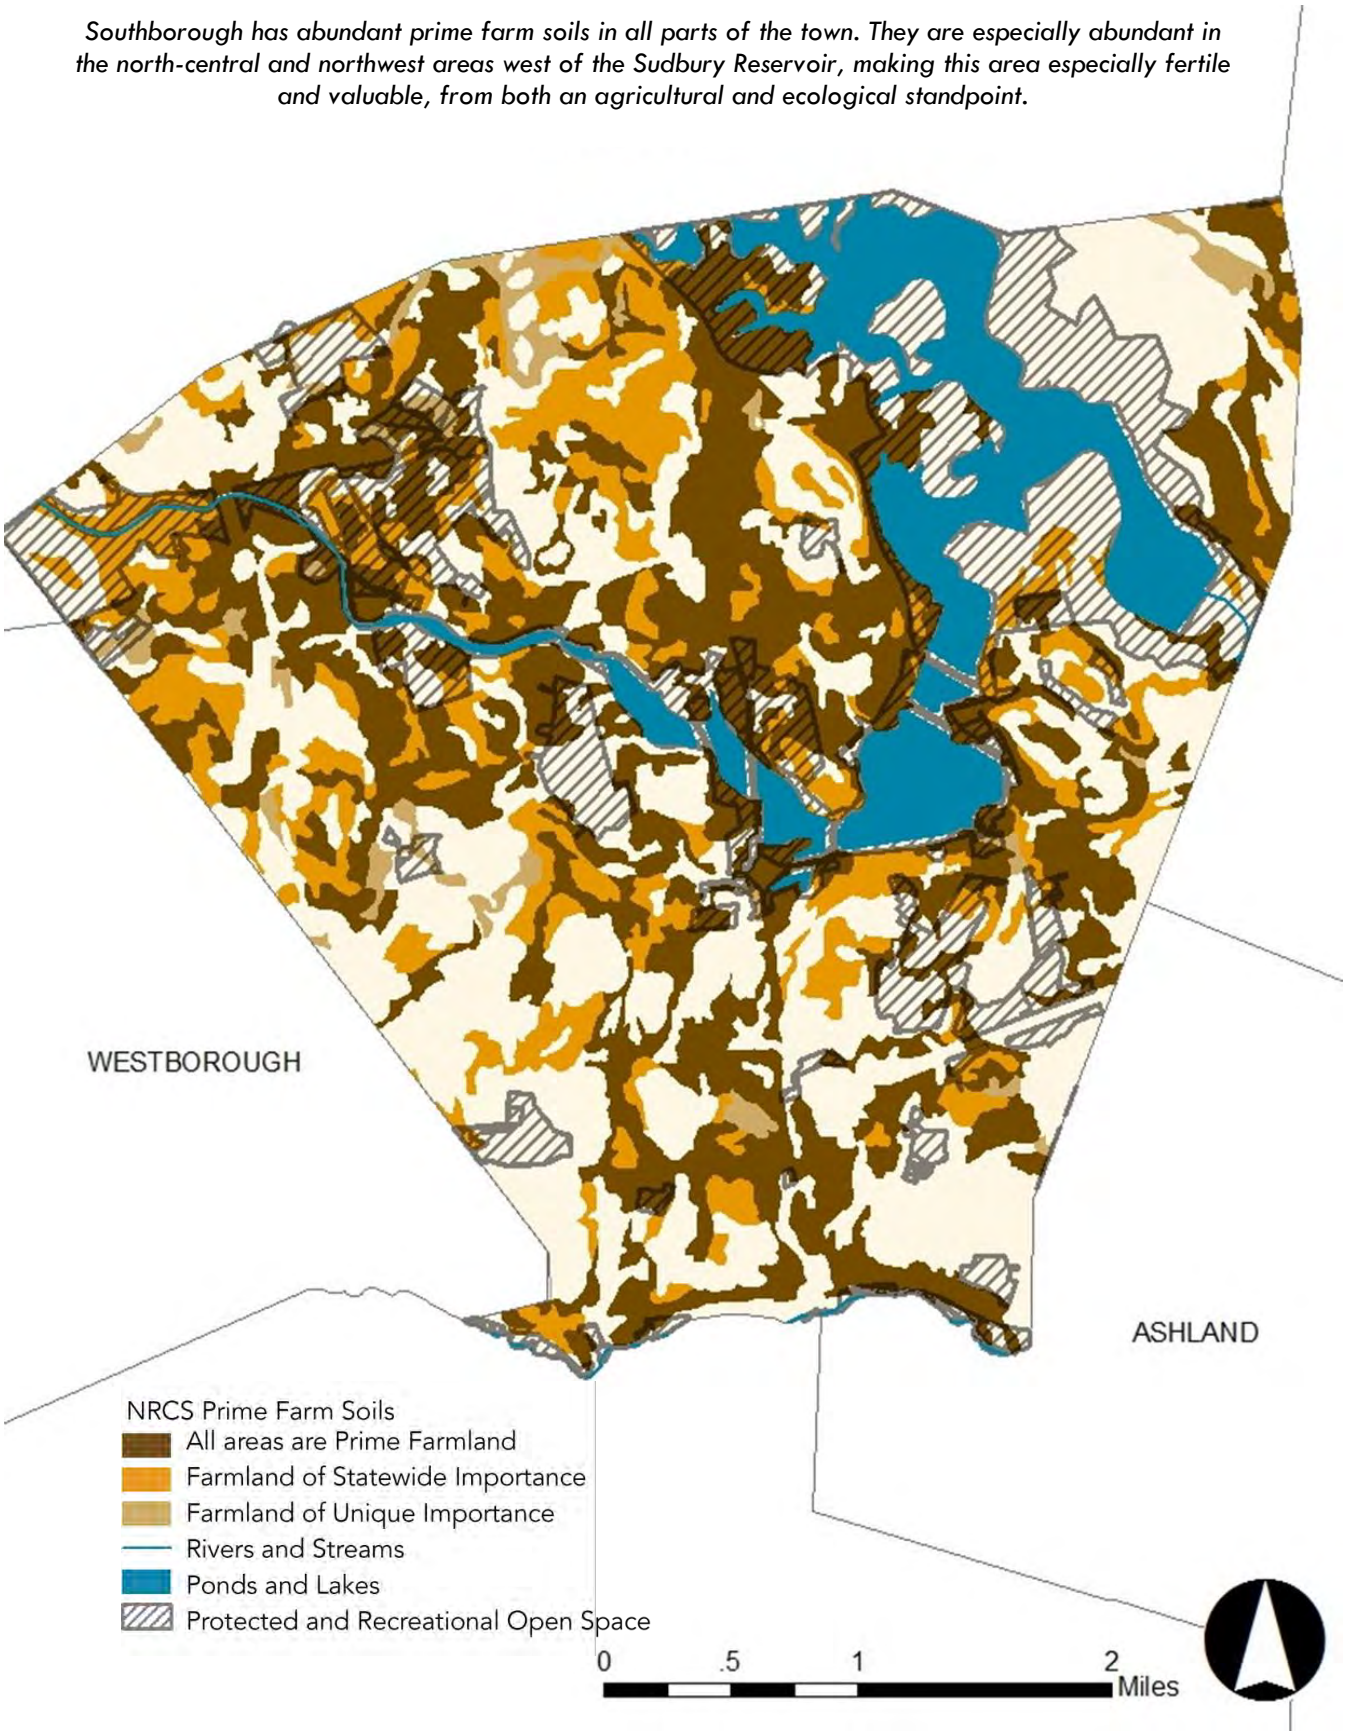
Another prominent soil formation in Southborough is Chatfield-Hollis complex. Chatfield soils are loamy and deep to bedrock, while Hollis soils are shallow to bedrock. Both are moderately to steeply sloped and are formed on bedrock hills and ridges.



Udorthents are a category of soils whose native material has been removed and replaced.

PRIME FARM SOILS

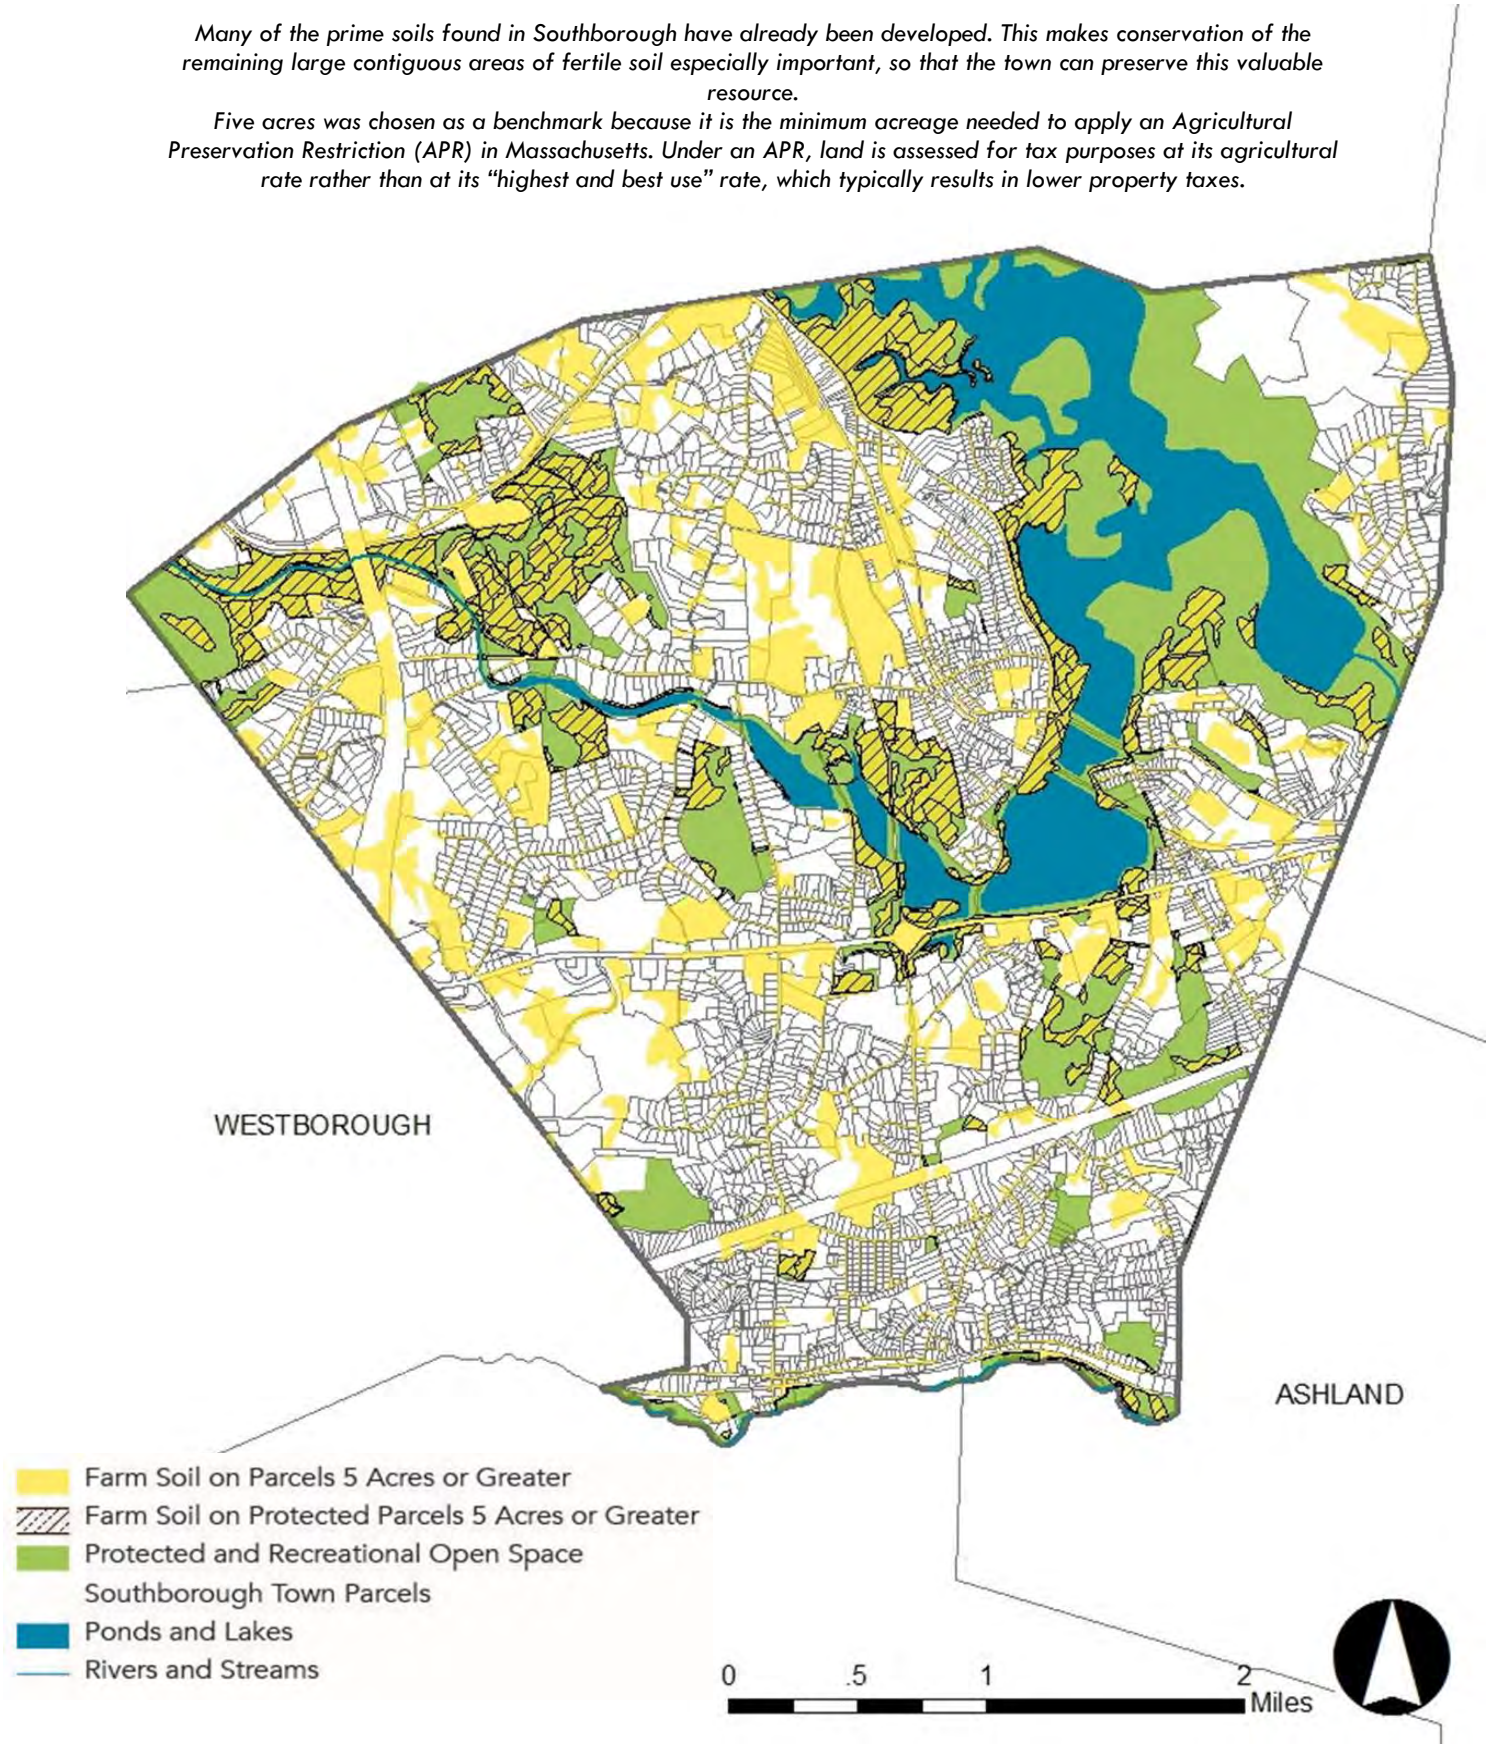
Southborough has abundant prime farm soils in all parts of the town. They are especially abundant in the north-central and northwest areas west of the Sudbury Reservoir, making this area especially fertile and valuable, from both an agricultural and ecological standpoint.



PRIME FARM SOILS ABOVE FIVE ACRES

Many of the prime soils found in Southborough have already been developed. This makes conservation of the remaining large contiguous areas of fertile soil especially important, so that the town can preserve this valuable resource.

Five acres was chosen as a benchmark because it is the minimum acreage needed to apply an Agricultural Preservation Restriction (APR) in Massachusetts. Under an APR, land is assessed for tax purposes at its agricultural rate rather than at its "highest and best use" rate, which typically results in lower property taxes.



B. LANDSCAPE CHARACTER

Southborough's landscape of plains and low hills typifies the Southern New England Coastal Plains and Hills Ecoregion (which is a subset of the larger Northeastern Coastal Zone Ecoregion). As with many other areas of New England, the forests were cleared for growing crops and grazing cattle. The town's undeveloped land is largely forested. A variety of successional oak and oak-pine forests, along with some elm, ash, and red maple that are typical of southern New England's forested wetlands. Some forests grew in abandoned farm fields, while some were planted by the DCR for protection of the reservoir. Although attempts were made to farm much of the Northeastern Coastal Zone during European settlement, land use now consists mainly of forests, woodlands, and urban and suburban development, with only some minor areas of pasture and cropland. This trend continues within the town of Southborough. Farmhouses punctuate Southborough's landscape while stone walls line the narrow and winding residential streets. Open tracts of land offer glimpses of the town's past as an agricultural community. Newer developments in the town are now attempting to match the rural character that is treasured by Southborough's residents by constructing stone walls that mimic these relics.

The most distinctive element of the town is the Sudbury Reservoir, which takes up almost a quarter of the town's acreage. Residents enjoy the passive recreation opportunities that the reservoir provides. It is the largest contiguous parcel of open space in town.

There are many other places of unique interest including Breakneck Hill Conservation Land (BHCL), the Town Forest, and Beals Preserve; all three have their own walking trails. The regional trails that pass through town include the Bay Circuit Trail and the Boroughs Loop Trail. There are many recreational fields used by the community as well, including the 9/11 Memorial Field and Mooney Field.

The three major causeways that run through town have heavy and fast-moving traffic (Route 9, I-495 and the Mass Turnpike), making crossing difficult for bikers, pedestrians and wildlife.

There are only three places to cross through town from north to south (Middle Road, White Bagley Road to Breakneck Hill Road, and Central Street to Oak Hill Road), and only two places to cross town from east to west as a pedestrian (Route 30, which is dangerous, and Southville Road along the southern edge of town). Kids are unable to cross Route 9 safely to their recreational fields. One solution to this problem could be bridges that cross these roads.

Any future development in Southborough (including Park Central, which has yet to break ground), has the opportunity to add to the quality of life and the ecological health of the landscape. Municipal officials have the responsibility to work with future developers to implement conservation restrictions on a percentage of the land and include greenway planning to create linkages between existing open spaces in Southborough to ensure that the town's goals for open space and recreation are met.

C. WATER RESOURCES

Southborough is a water-rich town with many resources, from the Sudbury Reservoir to wetlands, vernal pools, and the Sudbury River. It is one of the thirty-six towns in the SuAsCo watershed (Sudbury, Assabet, and Concord Rivers). Because the water quality of these rivers is impacted by the land use within the watershed, it is important to protect land, such as areas containing wetland systems, that provide valuable ecological services that maintain clean water, and also to effectively address aspects of development that threaten water quality. Since the flow of water does not stop at a political boundary, these efforts can be strengthened by regional partnerships. Strengthening the health and resilience of ecosystems within this watershed can help protect the natural resources that keep drinking water clean for the residents of the region. As the rivers continue on their paths to the sea, the actions of one town have effects on water quality far beyond its borders.

WATERSHED

Southborough is in the SuAsCo watershed (Sudbury, Assabet and Concord Rivers). It includes thirty-six towns and a large network of tributaries that ultimately flow into the Merrimack River, which empties into the Atlantic Ocean in Newburyport, Massachusetts. The watershed has a total drainage area of approximately 377 square miles. Twenty-nine miles of the three rivers were designated by the Commonwealth as Wild and Scenic for their outstanding ecological, historical, scenic, and recreational values on April 9, 1999 (NPS, 2006).

The 2005 SuAsCo Watershed Action Plan recognizes the resource challenges faced by the towns within the SuAsCo Watershed because of the impacts of the rapid growth of the region. They state that many stretches of the three rivers routinely fail water quality standards due to the stress of non-point stormwater sources and wastewater treatment plant discharges, and also experience both severe flooding, and low flow. All three rivers have been impounded by dams, creating systems with rapidly moving headwaters and slowly moving impounded sections (Ambient Engineering, 2005). Because of this, all aquifers within the watershed are no longer used as primary sources of drinking water. The two subwatersheds in Southborough that are critical to groundwater quality include those where surface water has already been impaired. These two areas drain into the Sudbury Reservoir and the Sudbury River. These subwatersheds encompass all of Southborough; the 2003 Southborough Stormwater Management Plan advises that activities to ameliorate the water quality should be implemented town wide. Many organizations are working at the SuAsCo watershed level to protect the natural resources needed to sustain wildlife, keep beautiful places accessible for recreation, and maintain water quality. Two of these organizations include:

The Sudbury Valley Trustees (SVT), a regional land trust that conserves land and protects wildlife habitat; and The SuAsCo Cooperative Invasive Species Management Area (CISMA), a partnership of organizations whose goal is to manage and control invasive species in the watershed in order to protect the biological, aesthetic, cultural, historical, and recreational values of natural areas, farmland, water resources, and scenic vistas of the region. The Southborough Stewardship Committee voted to join CISMA in 2016.

The Sudbury Reservoir, Southborough

SURFACE WATER

The Sudbury Reservoir is a defining feature of Southborough, extending into neighboring Marlborough to the north. It is an Outstanding Resource Water as defined in the Commonwealth of Massachusetts 1995 Surface Water Quality Standards and is afforded special protections under the Massachusetts Water Quality Standards (314 CMR 4.04) The reservoir is an emergency back-up water supply source for over two million residents of eastern Massachusetts. The reservoir and its surrounding land is owned and managed by the Department of Conservation and Recreation (DCR). Together they cover 24.6 percent of the town's total area. The land surrounding the reservoir provides a place for passive recreation and wildlife habitat. Recreational activities in and around the reservoir are limited in order to protect the quality of the water. Only passive recreational activities, such as bank fishing, hiking, walking, nature study, bird watching, and snowshoeing, are allowed, and only in designated areas.

The major hydrologic inputs to the Sudbury Reservoir are the natural watershed drainage and the flow from the final portion of the Wachusett Aqueduct, an open channel running from near the treatment facility to Sudbury Reservoir.

Wachusett Aqueduct, Southborough

Rivers, streams, and wetlands serve many functions, such as providing habitat and corridors for wildlife, linking ecological communities, transporting nutrients and sediments, and contributing to the town's scenic, recreational, and educational qualities. According to the 1999 OSRP, the town has forty-two ponds, streams and brooks, but no natural lakes (the Sudbury Reservoir being man- made). The Sudbury River runs east along the southern boundary of Southborough in a series of oxbows, separating the town from Hopkinton and Ashland and is about 41 miles in total.

The headwaters of the river are in the Commonwealth's first designated Area of Critical Environmental Concern: The Great Cedar Swamp in neighboring Westborough, MA. The swamp is one of the largest wetlands in Central

Massachusetts (EOEEA, 2005). The river continues to Concord, where it merges with the Assabet River at Egg Rock to form the Concord River (OARS). Mercury contamination was discovered in the 1970s from the Nyanza plant in neighboring Ashland. The EPA subsequently listed the town as a toxic site and led a cleanup effort to repair the damage, and they recommended that fish caught downriver not be eaten. The SuAsCo River Stewardship Council is just one of the many organizations that help to manage and maintain the condition of the river.

One of the recommended actions from the EEA's 2005 SuAsCo Watershed Action Plan was to perform stream team surveys and notify property owners and local conservation commissions of infractions of wetlands and river regulations. The Sudbury Watershed Monitoring Program (SWAMP) was the stream team for Southborough, made up of residents and volunteers who cared for the section of the river between the Fruit Street Bridge and the Chattanooga Mill Site. It helped protect the watershed by noting pollution incidents and watershed activities that lead to pollution. SWAMP was discontinued in 2012. If this group were revived, it could contribute to remediating non-point source pollution, educate and involve citizens, and identify future grant opportunities.

Forested wetlands, Beals Preserve

WETLANDS

Wetlands are scattered throughout the town of Southborough, and play a crucial role in maintaining the quality of groundwater, providing groundwater and aquifer recharge, helping to control seasonal flooding, preventing pollution by filtering contaminants that enter the system, and providing habitat for a variety of wildlife species. Wetlands also add to the natural beauty of the landscape and provide opportunities for recreation such as bird watching or scenic photography.

According to the 2003 Southborough Storm-Water Management Plan, there are approximately 850 acres of wetlands in Southborough, covering approximately 8.5% of the town's area. Many of these wetland areas are classified as wooded swamp deciduous. Other wetland types in Southborough include shallow marsh meadows and shrub swamps. The UN Millennium Ecosystem Assessment states that wetlands are considered the most biodiverse of all ecosystems, and that environmental degradation is more prominent within wetland systems than any other ecosystem on earth (Finlayson, D'Cruz, Davidson, et al, 2005).

The Wetlands Protection Act provides the Department of Environmental Protection and the local conservation commissions with the authority to enforce the regulations of the Act. The Town's local wetlands regulations are in place to protect waterways and wetlands from activities that may have a "significant or cumulative effect" upon the value of these and other resources. Unless permitted by the Southborough Conservation Commission, no alteration of resource areas, or of areas within twenty feet of resource areas, is allowed. The Commission must approve any work within 100 feet of a resource area and 200 feet from a perennial stream.

Limited uses on wetlands are regulated under Section 170 of the Town of Southborough Wetlands By-laws. The goals and objectives of the Massachusetts Wetland Protection Act (amended by the 1996 Rivers Act) are to "preserve the quality of water, maintain quality and quantity of drinking water, provide recharge through infiltration of water into the

ground, retain the natural flood storage capacity, sustain fisheries, and protect wildlife habitat." The Army Corps of Engineers "believes that establishing or maintaining existing vegetated buffers to open waters is critical to overall protection of the nation's aquatic ecosystems" (Army Corps of Engineers WRAP, 2002). The minimum recommended width of buffers for most studies on avian populations is 300 feet. Although these widths are not always possible, the wider the strip adjacent to a water body, the greater the potential for providing for more ecological functions (Army Corps of Engineers WRAP, 2002).

VERNAL POOLS

Vernal pools typically fill with water in the autumn or winter from rainfall and rising groundwater and remain ponded through the spring and into summer. They dry completely by the middle or end of summer each year, or at least every few years. There are currently eight certified vernal pools in Southborough, all found in the southern part of town (three of which are on the Breakneck Hill Conservation Land). Another fifty-six potential vernal pools, scattered extensively throughout the town, have not yet gone through the official certification process. This certification process relies largely on volunteers to survey possible vernal pools and to submit documentation of certain biological and physical evidence of vernal pool habitat. The National Heritage and Endangered Species Program (NHESP) then reviews the documentation and makes a determination whether the wetland basin in question meets the biological and physical criteria necessary for status as a certified vernal pool. Important to consider is that many of the potential vernal pools are located on private land, which may prove to be an obstacle in obtaining certification. Certifying these potential pools can help limit development in these highly sensitive areas. Official certification provides a vernal pool, and up to 100 feet beyond its boundary in some cases, certain protections under several state and federal laws.

Originally defined and protected under the Massachusetts Wetlands Protection Act regulations, certified vernal pools now also receive protection under Title 5 of the Massachusetts Environmental Code, Section 401 of the Federal Clean Water Act, the Massachusetts Surface Water Quality Standards which relate to Section 401, and the Massachusetts Forest Cutting Practices Act. These regulations help to prevent direct impacts on certified vernal pools and to minimize indirect impacts. The Department of Environmental Protection (DEP) is responsible for the implementation of these regulations (except for the Forest Cutting Practices Act, administered by the Department of Conservation and Recreation) and has designated specific staff as vernal pool liaisons (EOEEA, 2016). Updating zoning laws, creating conservation restrictions, direct land acquisition, and vernal pool certification are all important actions to take towards their conservation.

AQUIFER RECHARGE AREAS

An aquifer is an underground reservoir that supplies public or private drinking water. The town does not have any public water supply wells that draw from aquifers, but some private homes do. An aquifer's water storage capacity ranges from low to high yield. A high-yield aquifer stores greater than 300 gallons of water per minute, medium yields 100 to 300 gallons per minute, and low yielding aquifers store less than 50 gallons per minute. There is one low-yielding aquifer in Southborough located in glacial sand and gravel deposits, whose recharge area is beneath the Sudbury River.

FLOOD HAZARD AREAS

A floodplain is low land adjacent to streams and rivers. The floodplain holds water during times of increased flow, usually occurring in early spring when the snow is melting or during times of heavy concentrated rainfall. Disturbance within the floodplain, such as filling, earth relocating, or development, can result in diminished water-holding capacity. Disruption of the holding capacity can cause flooding beyond the boundary of the floodplain, resulting in possible damage to roads and buildings, and potentially redirecting the course of the rivers and streams. The 100-year floodplain is determined by the edge of the water level of a flood that has a one percent chance of occurring each year. Within Article III of Southborough's Zoning Bylaws, the Wetland and Floodplain District requires a special building permit to protect floodplain areas.

These restrictions help reduce the negative impacts that displacing flood waters in a flood zone could have. Sections of Route 9, Route 85, and I-90 are located within the floodplain area. Low impact recreation and agriculture are potentially appropriate uses for these areas.

The looming threat of climate change is bringing more severe and frequent flooding throughout the world. For planning purposes, it may be advisable to consider the potentiality of a 500-year flood, in order to be better prepared for more and more frequent extreme weather events.

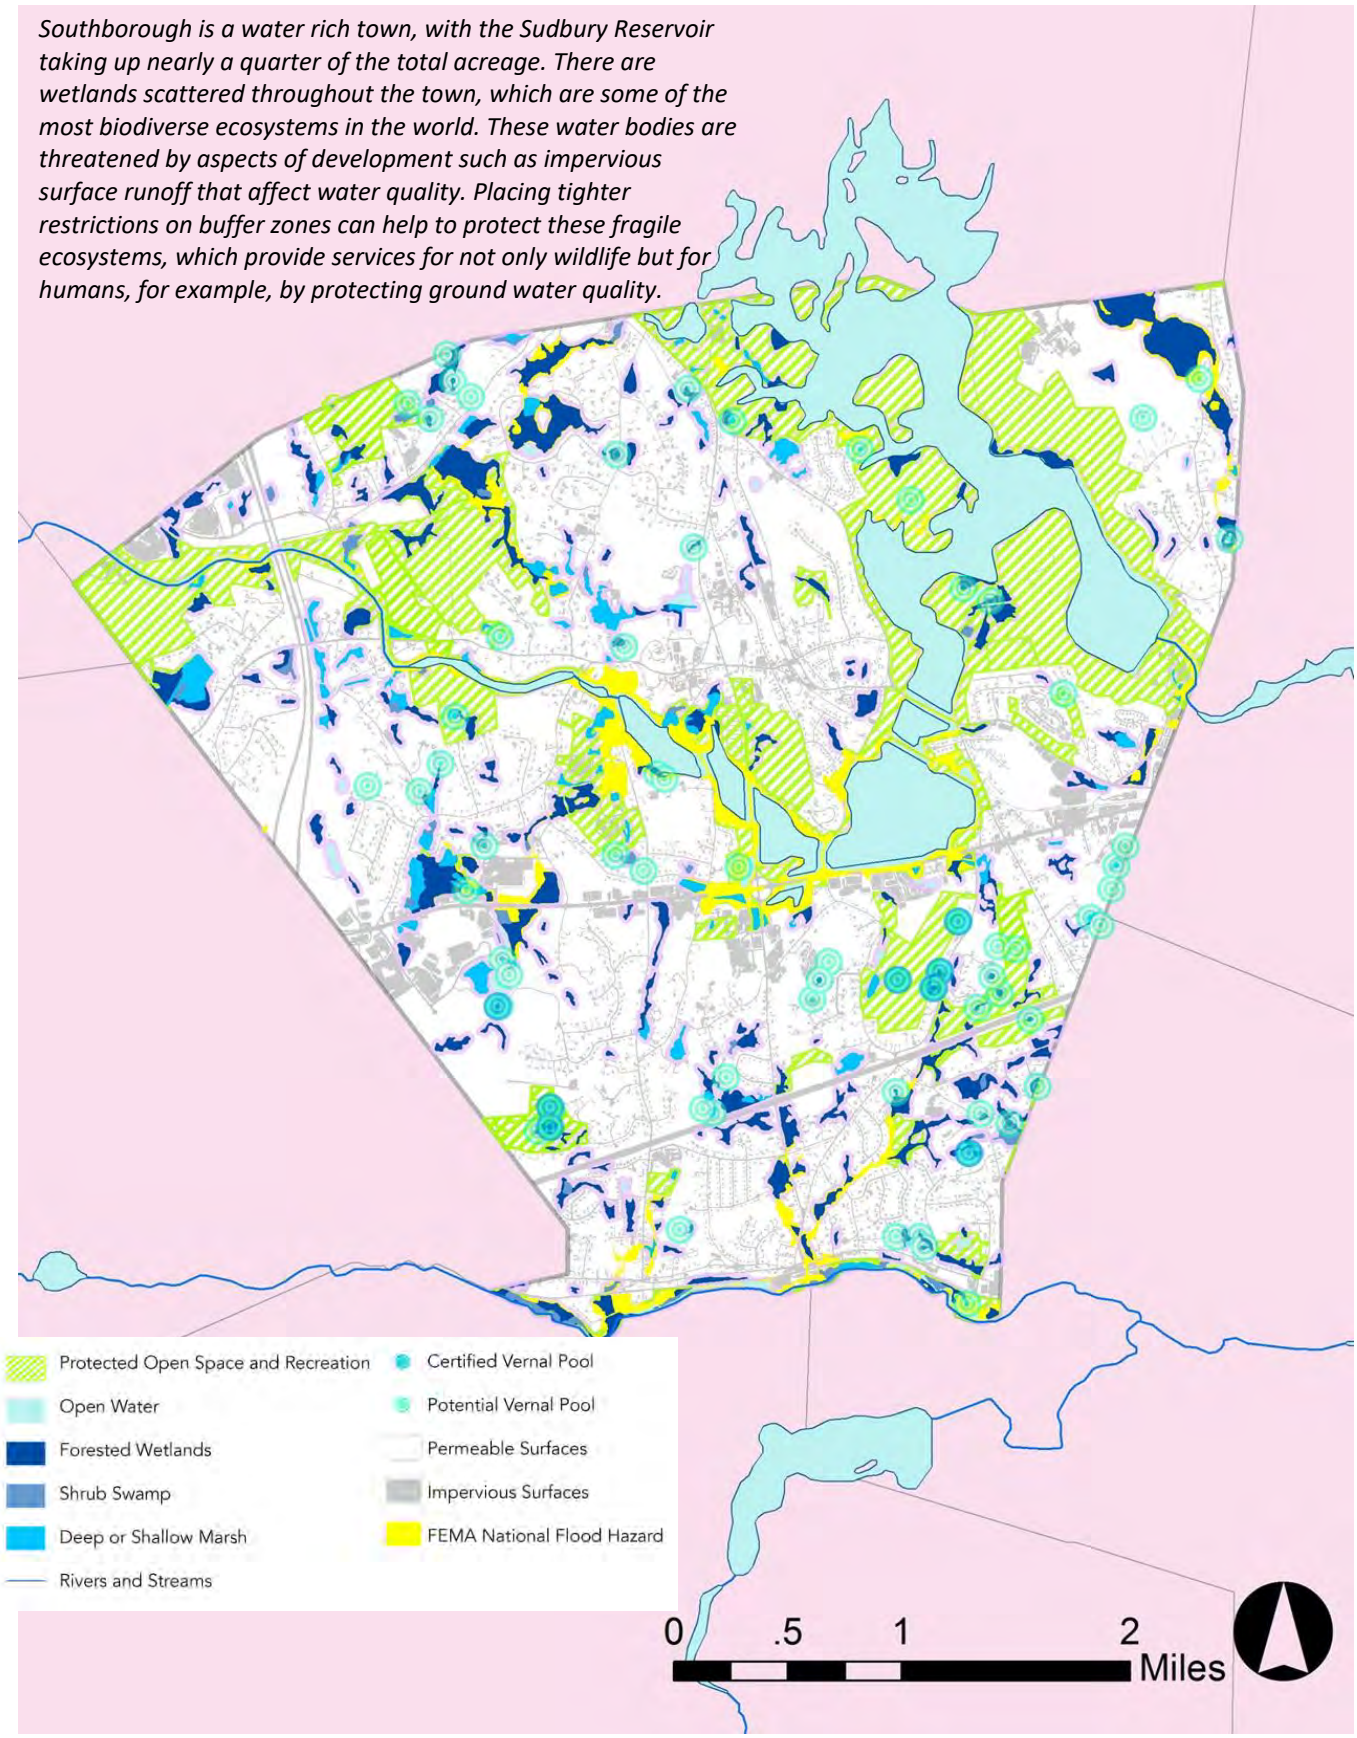
STORMWATER

Stormwater is the natural result of rain storms and other wet weather events. As more of the landscape is covered with impervious surfaces, stormwater runoff becomes an issue that increasingly affects human and natural systems. If stormwater is not directed to natural or man-made facilities designed to treat it, water bodies within the watershed can be adversely impacted by chemical and biological materials carried in the runoff. For example, oils, pesticides and animal waste can be picked up by water flowing across developed sites and deposited into nearby water bodies. Due to these potential impacts, stormwater has come under more scrutiny and regulation. The Environmental Protection Agency (EPA) is enforcing the Stormwater Permitting Program through its National Pollutant Discharge Elimination System (NPDES) to mitigate these impacts. The program has set a series of regulatory requirements for stormwater which first applied to large cities and then to smaller cities and towns.

Southborough last updated its Stormwater Master Plan in 2003, providing a long list of resources and recommendations to protect the town's water. The EPA will be issuing an updated NPDES permit for towns in Massachusetts. Southborough will be required to meet new standards for stormwater management including efforts to reduce impervious coverage and promoting the implementation of Green Infrastructure techniques to treat and infiltrate stormwater in more naturalized systems close to its source.

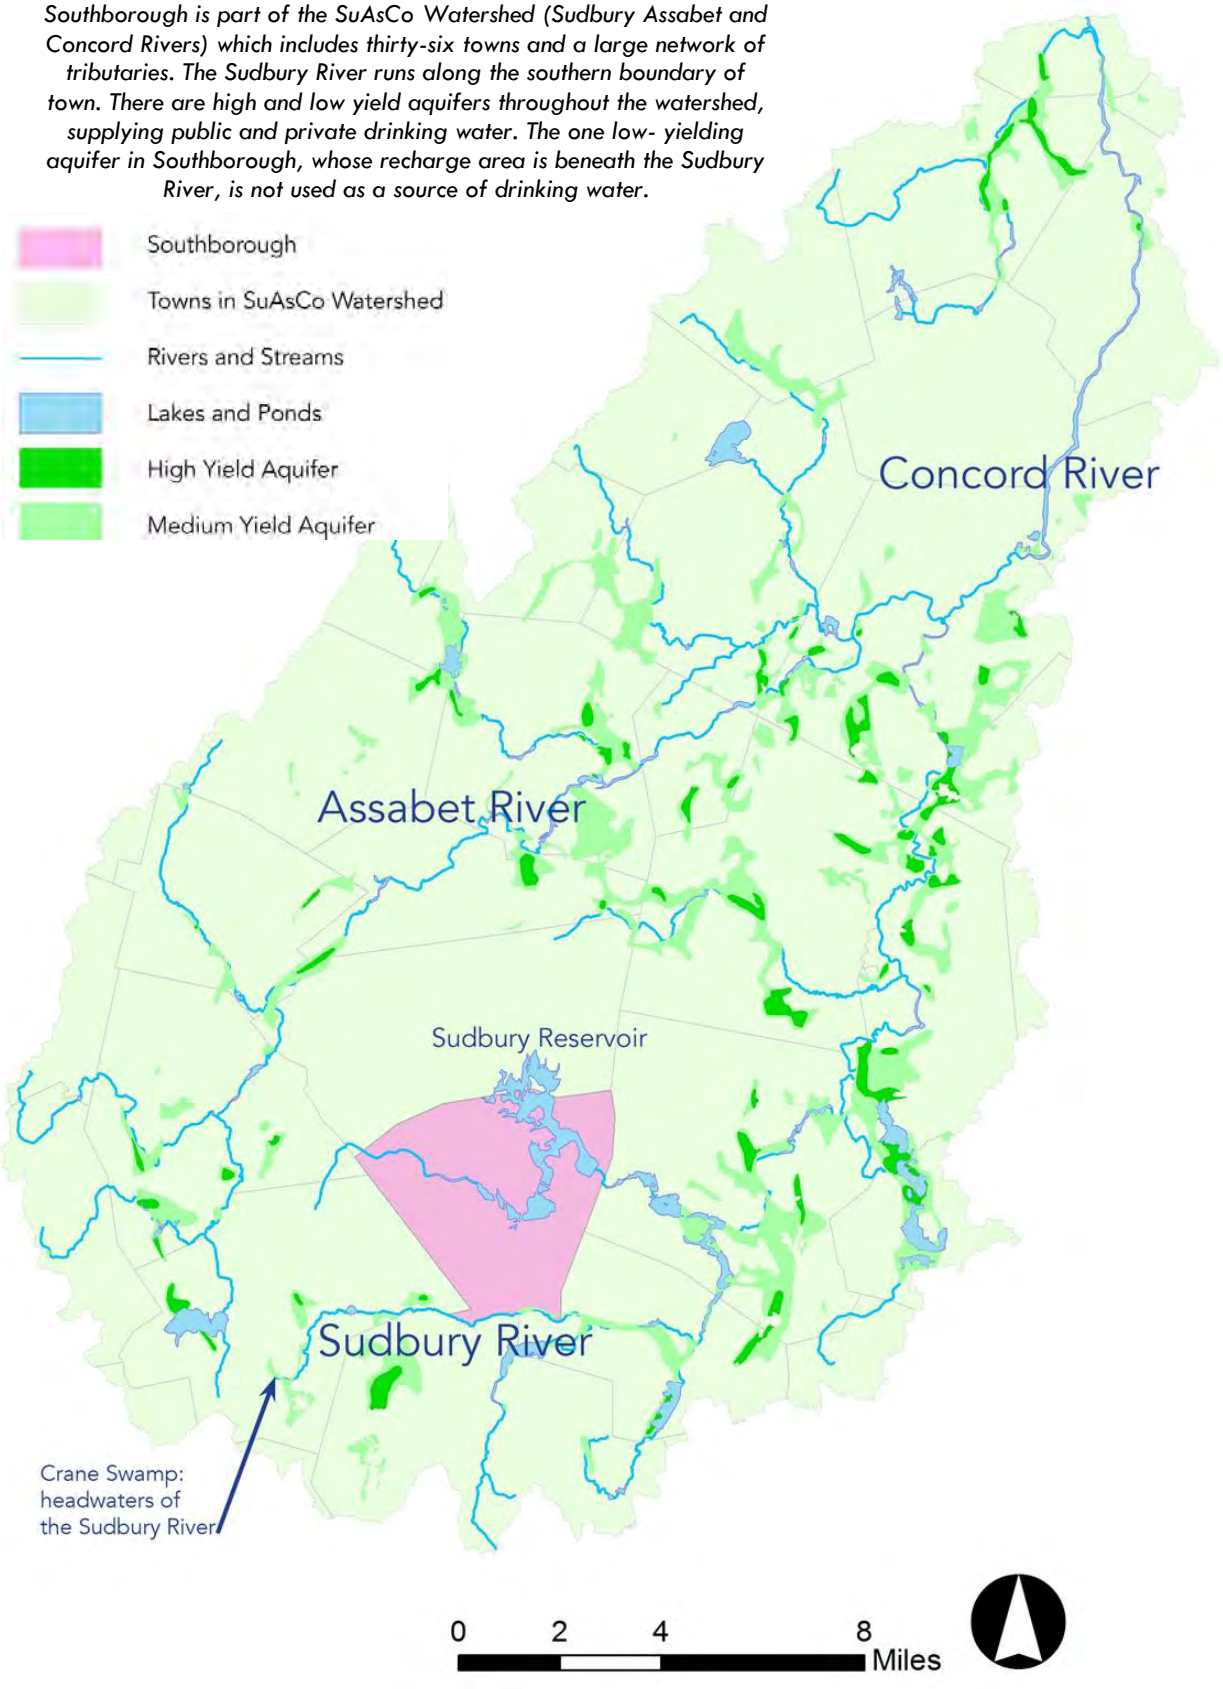
A WATER RICH TOWN

Southborough is a water rich town, with the Sudbury Reservoir taking up nearly a quarter of the total acreage. There are wetlands scattered throughout the town, which are some of the most biodiverse ecosystems in the world. These water bodies are threatened by aspects of development such as impervious surface runoff that affect water quality. Placing tighter restrictions on buffer zones can help to protect these fragile ecosystems, which provide services for not only wildlife but for humans, for example, by protecting ground water quality.



SUASCO WATERSHED

Southborough is part of the SuAsCo Watershed (Sudbury Assabet and Concord Rivers) which includes thirty-six towns and a large network of tributaries. The Sudbury River runs along the southern boundary of town. There are high and low yield aquifers throughout the watershed, supplying public and private drinking water. The one low- yielding aquifer in Southborough, whose recharge area is beneath the Sudbury River, is not used as a source of drinking water.



Birches and white pines at Breakneck Hill Conservation Land

D. VEGETATION

Southborough's undeveloped land is mostly forested, and forests provide numerous ecological services, especially filtration of water, sequestration of carbon, and moderation of streamflow. While the NHESP and BioMap2 have designated limited areas in Southborough as being especially ecologically important, more extensive monitoring may uncover further areas and species worthy of legal protection.

FOREST BENEFITS

Southborough's undeveloped land is largely forested. Some forests grew in abandoned farm fields, while some were planted by the DCR for protection of the Sudbury Reservoir (Scannell and Zimmerman, 2010). Upland forests provide a wide variety of ecosystem services to wildlife, such as habitat, and to humans, such as purification of air and water, moderation of stream flow, and sequestration of carbon (EOEEA, 2011). Forested land also provides

crucial links to other ecosystems–for example, most of the energy input into small streams comes from organic material from forested lands, as these small particles form the base of small streams' food chains. In Massachusetts, forests sequester approximately 10% of the carbon we emit (EOEEA, 2011).

VEGETATION TYPES

Southborough is part of the Southern New England Coastal Plains and Hills ecoregion, which is composed of plains and low hills covered mostly by central hardwoods, with some transition hardwoods and some elm-ash- red maple communities (MassGIS). Specific properties in Southborough that have been mapped at a finer scale are described as having more variety in forest types. For example, the Town Forest includes mixed oak, oak-hardwood, and white pine-oak forests, and the

forested wetlands there are composed of red maple and white ash. (Gouldrup, 2011). The forest surrounding the Sudbury Reservoir was planted between 1907 and 1947. These managed forests include, in order of density: white pine; maple; oak; red pine; ash; spruce; hickory; and others. Active silvicultural operations, including thinning, removing diseased or dying trees, regeneration cuts, and salvage operations following large storm events, are occasionally conducted on the property (Buzzell et al., 2005).

AREAS AND SPECIES OF CONCERN

The NHESP lists one plant species, featherfoil (Hottonia inflata) in Southborough. This wetland plant is on the NHESP's Watch List, meaning that it is not legally regulated but the NHESP is interested in tracking its populations. Species are often placed on the Watch List because they are thought to be rare or declining, but there is insufficient documentation; they have recently been delisted but may still be vulnerable to extinction; or, because they have been recently discovered (NHESP).

Featherfoil (Hottonia inflata)

BioMap2 designates the Sudbury Reservoir and its surrounding land as a Critical Natural Landscape worthy of protection as a unit. BioMap2 defines Critical Natural Landscapes' ecological benefits as such:

[P]rovide habitat for wide-ranging native species, support intact ecological processes, maintain connectivity among habitats, and enhance ecological resilience; and includes buffering uplands around coastal, wetland and aquatic Core Habitats to help ensure their long-term integrity. (Woolsey, Finton, DeNormandie, 2010)

The Sudbury Reservoir and its surrounding lands are classified as a Landscape Block, which is a "large area of intact predominantly natural vegetation, consisting of contiguous forests, wetlands, rivers, lakes, and ponds" (Woolsey, Finton, DeMormandie, 2010). The reservoir and surrounding lands are listed in BioMap2 specifically because they create a large contiguous block of open land of high ecological integrity, which should be protected in perpetuity in order to preserve these benefits.

PUBLIC SHADE TREES

In 2019, the Planning Board updated the Southborough Street Tree Guidelines to incorporate a more robust and native species listing for the placement of street trees and to align with native pollinator initiatives and enhance our Tree City USA designation.

With the help of VHB, the list of street trees that will be used and utilized by the Tree Warden are found on the next page.

BROAD SHADE TREES

The following trees are recommended for unconfined spaces such as lawns, parks, yards, and wide landscape buffers. Ideal growth area is 30'x30'x3'D. They can also be used as street trees provided they are planted in an adequate space on the outside of sidewalks. More specific information for each tree can be found on the following pages.

Botanical Name	Common Name	Notes
Acer *rubrum*	Red Maple	N, IST
Liquidambar *styraciflua*	Sweetgum	N, IST, consider fruitless cultivars such as 'Rotundiloba'
Nyssa sylvatica	Black Tupelo	N, MST
Ostrya virginiana	American Hophornbeam	N, IST
Quercus *rubra*	Red Oak	N, MST,
Querucs *palustris*	Pin Oak	N, IST, pendulous lower branches preclude use in pedestrian areas
Ulmus americana *Use Dutch Elm Disease resistant varieties such as 'Valley Forge'*	American Elm	N, MST, upright vase shape makes it ideal for streets with pedestrians and truck traffic.

NOTE: There are many native oak trees, not included in the list above or in the tree fact sheets, such as Quercus *coccinea* – Scarlet Oak, Quercus *alba* – White Oak, and Quercus *bicolor* - Swamp White Oak, which might also be suitable for a street tree planting if sufficient room is provided for their mature growth.

Key to Notations

C – denotes columnar or very narrow variety of a tree species
N – denotes native to North America
ST – denotes salt tolerant
MST – denotes moderate salt tolerance
IST – denotes intolerant to salt
var. – denotes variety or cultivar

UPRIGHT OR NARROW TREES

The following trees are recommended for use on streets where pedestrian walks and proximity to buildings pose constrained space conditions. Trees noted with C are columnar or narrow and are particularly suitable for use in areas with 8-15' clearance to buildings and OHWs. Ideal growth area averages 15'x15'x3'D. More specific information for each tree can be found on the following pages.

Botanical Name	Common Name	Notes
Acer rubrum var. *Karpick*	Karpick red maple	N, MST, C
Amelanchier grandiflora 'Robin Hill'	Robin Hill Serviceberry	N, C
Liquidambar styraciflua 'Slender Silhouette'	Sweetgum	N, IST, C
Quercus palustris var. *'Green Pillar'*	Fastigiate Pin Oak	N, MST, C

Key to Notations

C – denotes columnar or very narrow variety of a tree species
N – denotes native to North America
ST – denotes salt tolerant
MST – denotes moderate salt tolerance
IST – denotes intolerant to salt
var. – denotes variety or cultivar

SMALL TREES

The following trees are recommended for use *under* or near overhead wires, in confined spaces, or for ornamental accent. Ideal growth area averages 7'x7'x3'D. More specific information for each tree can be found on the following pages.

Botanical Name	Common Name	Notes
Amelanchier x *grandiflora var. 'Robin Hill'*	Improved varieties of single-stem Serviceberry	N, MST, Select or specify single-stem, tree-form plants for use along streets.
Cercis canadensis	Eastern Redbud	N
Crataegus *crusgali var. inermis*	Thornnless Cockspur Hawthorn cultivars	N, MST

Key to Notations

C – denotes columnar or very narrow variety of a tree species
N – denotes native to North America
ST – denotes salt tolerant
MST – denotes moderate salt tolerance
IST – denotes intolerant to salt
var. – denotes variety or cultivar

SPECIMEN TREES

The following trees are recommended for use in lawn and park areas set well back from sidewalks and roadsides along the outside of the public right of way. More specific information for each tree can be found on the following pages.

Botanical Name	Common Name	Notes
Acer saccharum	Sugar Maple	N
Amelanchier laevis 'Clump'	Clump Allegheny Serviceberry	N
Betula nigra	River Birch	N
Cornus florida 'Appalachian Spring'	Appalachian Spring Flowering Dogwood	N
Liriodendron tulipifera	Tuliptree	N
Magnolia virginiana	Sweetbay Magnolia	N
Quercus bicolor	Swamp White Oak	N
Tilia americana	Basswood	N

Key to Notations

C – denotes columnar or very narrow variety of a tree species
N – denotes native to North America
ST – denotes salt tolerant
MST – denotes moderate salt tolerance
IST – denotes intolerant to salt
var. – denotes variety or cultivar

E. FISHERIES AND WILDLIFE

Southborough is home to a diverse mix of birds, reptiles, mammals and other wildlife. Many of Southborough's protected open spaces are well connected to each other and to open spaces in adjacent towns, allowing some wildlife to migrate freely between them. Preserving additional land near existing open space with high ecological value would strengthen the ecological integrity of the area, provide habitat for a wider variety of species, and promote genetic diversity among species by connecting isolated populations.

The following is a partial inventory of the wildlife that has been recorded in Southborough:

WILDLIFE OBSERVED IN SOUTHBOROUGH	
Common Name	Scientific Name
REPTILES AND AMPHIBIANS	
Spotted turtle	*Clemmys guttata*
Wood turtle	*Glyptemys insculpta*
Eastern box turtle	*Terrapene Carolina*
Yellow spotted salamander	*Ambystoma maculatum*
Spring peepers	*Pseudacris crucifer*
Painted turtle	*Chrysemys picta*
Wood frog	*Rana sylvatica*
MAMMALS AND RODENTS	
Red fox	*Vulpes*
White-tailed deer	*Odocoileus virginianus*
Eastern coyote	*Canis latrans*
Eastern cottontail	*Sylvilagus floridanus*
Snowshoe hare	*Lepus americanus*
Bobcat	*Lynx rufus*
Muskrat	*Ondatra zibethicus*
American mink	*Neovison vison*
Fisher	*Martes pinnanti*
North American beaver	*Castor Canadensis*
North American porcupine	*Erithizon dorsatum*
INSECTS	
Monarch butterfly	*Danaus plexippus*
Golden northern bumblebee	*Bombus fervidus*
Half-black bumblebee	*Bombus vagans*
Confusing bumblebee	*Bombus perplexus*
BIRDS	
Bobolink	*Dolichonyx oryzivorus*
Eastern meadowlark	*Sturnella magna*
Dark-eyed junco	*Junco hyemalis*
American robin	*Turdus migratorius*
Black-capped chickadee	*Poecile atricapillus*
White-breasted nuthatch	*Sitta carolinensis*

Ruffed grouse	*Bonasa umbellus*
American woodcock	*Scolopax minor*
Blue-winged warbler	*Vermivora cyanoptera*
Yellow warbler	*Dendroica petachia*
Hooded merganser	*Lophodytes cucullatus*
Common merganser	*Mergus merganser*
Ruddy duck	*Oxura jamaicensis*
Wood duck	*Aix sponsa*
American goldfinch	*Spinus tristis*
Great blue heron	*Ardea Herodias*
Green heron	*Butorides virescens*
Common grackle	*Quiscalus quiscula*
Indigo bunting	*Passerina cyanea*
Great crested flycatcher	*Myiarchus crinitus*
Eastern kingbird	*Tyrannus*
Gray catbird	*Dumetella carolinensis*
Tree swallow	*Tachycineta bicolor*
Ovenbird	*Seiurus aurocapillus*
Scarlet tanager	*Piranga olivacea*
Red-tailed hawk	*Buteo jamaicensis*

Eastern Tailed Blue butterfly (Cupido comyntas) at Breakneck Hill Conservation Land. Photo by Dawn Puliafico.

Monarch butterfly (Danaus plexippus) landing on milkweed. Monarchs have been spotted at Breakneck Hill and other open spaces in Southborough.

Song sparrow (Melospiza melodia) singing at Breakneck Hill. Photo by Dawn Puliafico.

CORRIDORS FOR WILDLIFE MIGRATION

"A wildlife corridor is a link of wildlife habitat, generally native vegetation, which joins two or more larger areas of similar wildlife habitat. Corridors are critical for the maintenance of ecological processes including allowing for the movement of animals and the continuation of viable populations" (Drielsma and Scotts, 2003).

Substantial research has documented the importance of corridors for maintaining wildlife populations. Connected open spaces can provide habitat for many species, and can provide crucial linkages between isolated populations of a species (Niemelä, 2001), allowing a species to interbreed freely rather than becoming fragmented. Massachusetts' Climate Change Adaptation Report lists as one of its core climate change adaptation strategies "[to] maintain large-scale ecosystem processes and prevent isolation" (EOEEA, 2011). Large, connected open spaces can maintain critical ecosystem processes such as filtration of air and water and sequestration of carbon. Connected corridors are important to prevent isolation.
They can provide high quality wildlife habitat, and connectivity across habitats "facilitate[s] species dispersal, migration, and maintenance" (EOEEA, 2011). Plant and animal migration may be especially important in coming years due to climate change (EOEEA, 2011), which may result in significant range changes for both plants and animals. Therefore, providing continuous and connected spaces for plants and animals will be critical.

Southborough's current open spaces are well positioned to function as part of local and regional wildlife corridors from east to west. However, Route 9 crosses Southborough from east to west, obstructing wildlife passage north to south. Creating safe passage across Route 9 could enable Southborough's open spaces to connect to a broader network of open spaces across the SuAsCo watershed. (See the maps on pages 50 and 51. for more information.)

In 2005, the Massachusetts Highway Department built four concrete underpasses under Route 2 in Concord, both to create safe passage for wildlife and to reduce the number of vehicle accidents. Those tunnels are monitored by volunteers from the Sudbury Valley Trustees and the town of Concord, and by infrared cameras that take photos when they sense motion or heat. Over 30 species have been documented using the underpasses (Pfeiffer, 2008). Some of the animals have been documented performing behaviors, such as carrying prey or traveling with young, that indicate to scientists that the highway separates crucial parts of their home ranges (Rogers et al., 2009). Nationwide, there have been over 500 wildlife underpasses built, including a dozen in Massachusetts (Pfeiffer, 2008).

Coyotes cross a highway in Montana using a spatially-designed underpass

SPECIES AND AREAS OF CONCERN

The 2007 Mass Audubon report commissioned by the Town of Southborough identified areas within Southborough that are high priority for conservation, based on the goal of conserving maximum biodiversity. The report rated specific parcels based on size and quality of land cover. It then assigned additional points based on the following characteristics: proximity to wetlands; location above an aquifer; location in a FEMA flood zone; classification as an Important Bird Area by Mass Audubon; proximity to existing conservation land; and presence of or proximity to a vernal pool. That report identified a total of 106 properties in town, and is included in full as an appendix to this document (Appendix 6).

Massachusetts' Natural Heritage and Endangered Species Program has identified three uncommon turtle species in Southborough: Eastern box turtle (Terrapene carolina), wood turtle (Glyptemys insculpta), and spotted turtle (Clemmys guttata). The NHESP has also identified

a rare plant species, featherfoil (Hottonia inflata), an aquatic plant.

The wood and spotted turtles make use of aquatic and terrestrial habitats during their life cycles; both species nest in sandy upland areas, although they are often found in aquatic habitats as adults. The Eastern box turtle is a terrestrial species, and its habitat consists of both dry and moist woodlands. Because the wood and spotted turtles live in a variety of habitats that they migrate between, preserving wetlands with adjacent uplands is crucial to their survival. See the attached letter from the NHESP (Appendix 5) for more detailed information.

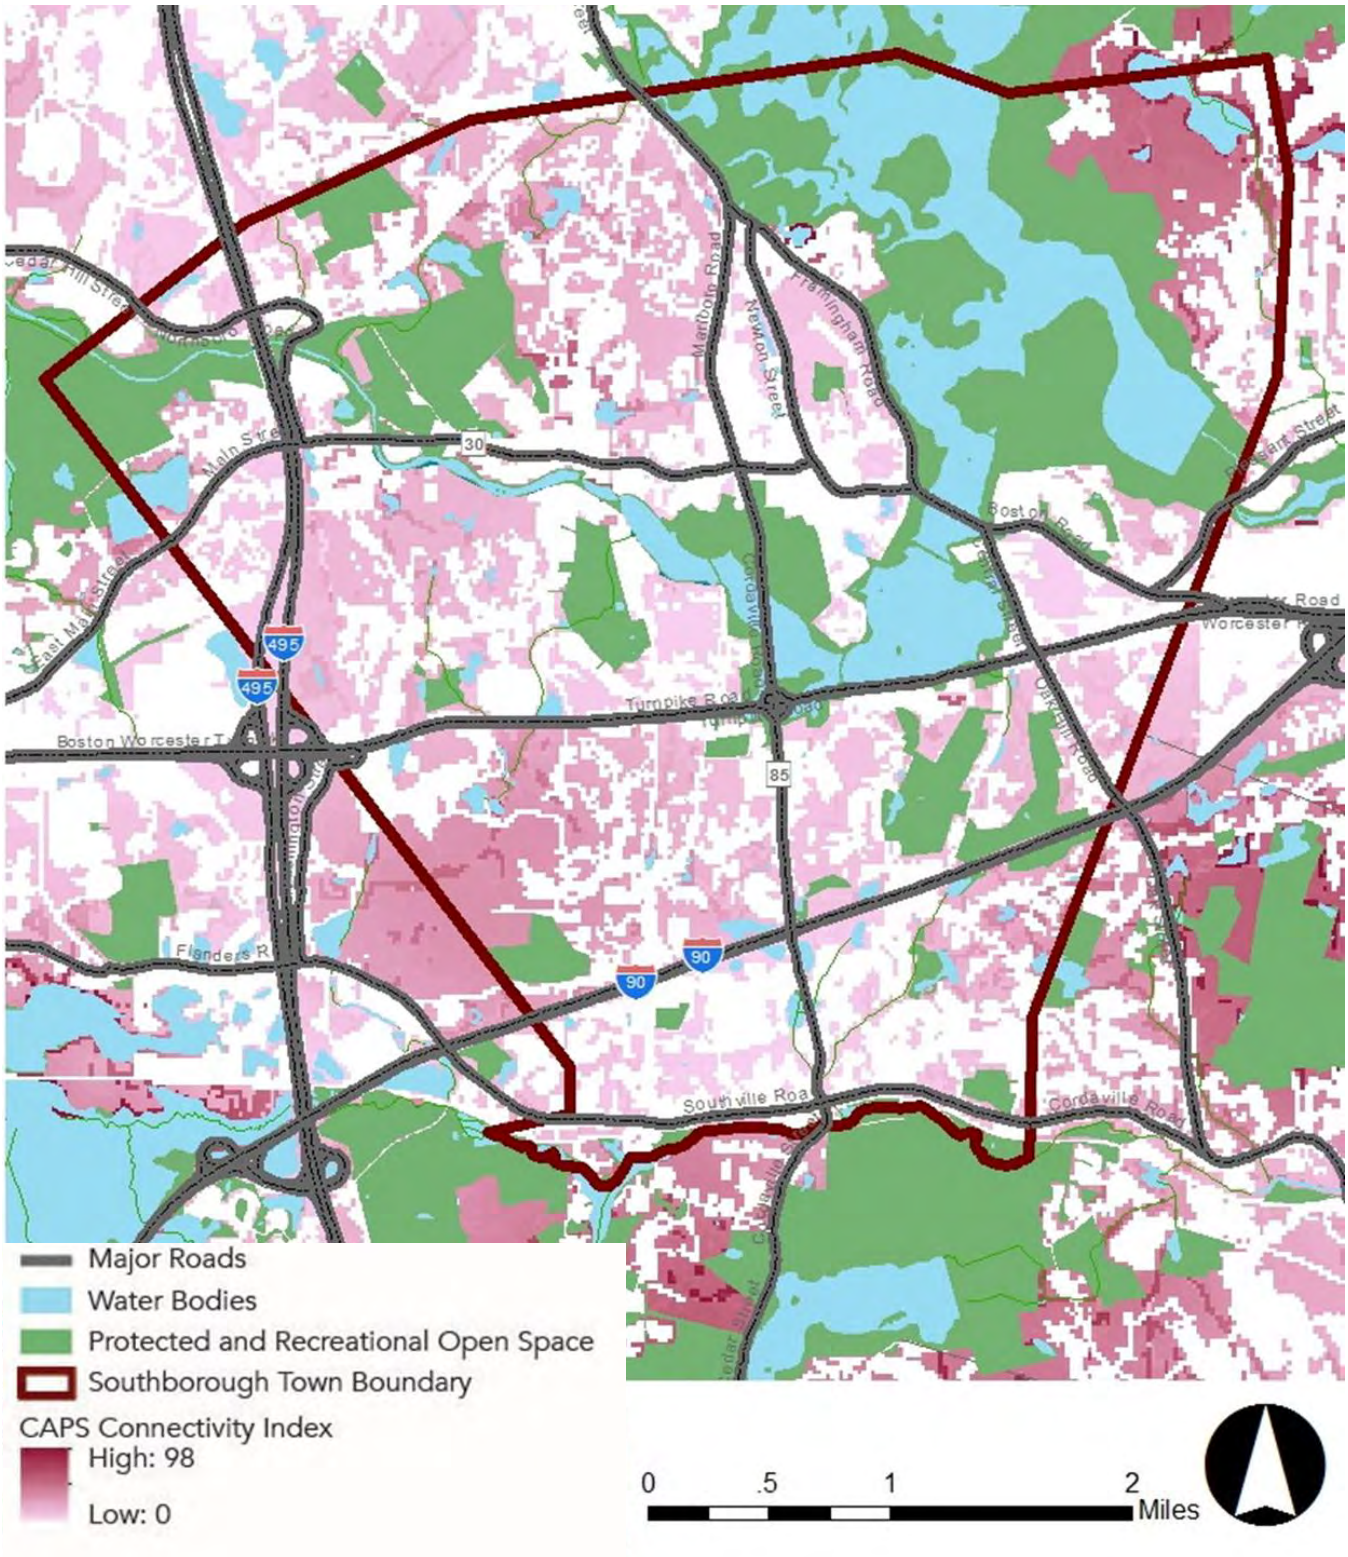
In addition to these species, the NHESP has identified Southborough's vernal pools as being crucial to wildlife survival. Southborough currently has eight certified and sixty-four potential vernal pools. Vernal pools are ephemeral water bodies that dry out for part of the year (Pressier et al. 2000). This makes them excellent habitat for the reproduction of species such as frogs and salamanders, as their eggs will be safe from fish. The presence of vernal pools in an area is key to the survival of many species, especially amphibians: New England species, including the spotted salamander (Ambystoma maculatum), Jefferson salamander (Ambystoa jeffersonianum), wood frog (Rana sylvatica) and others are obligate vernal pool species, meaning they cannot survive without these pools to reproduce in. Furthermore, since adults of some species return to the same pool each year, each individual pool is important (Pressier et al. 2000). In Massachusetts, in order to be legally protected, vernal pools must be certified with the NHESP. Once certified, they are protected by the Wetland Protection Act, as well as other state and federal regulations (NHESP).

Spotted salamander, Ambystoma maculatum is one of the rare species found in Southborough.

The wood frog, Rana sylvatica, is one of the rare species identified in Southborough by NHESP.

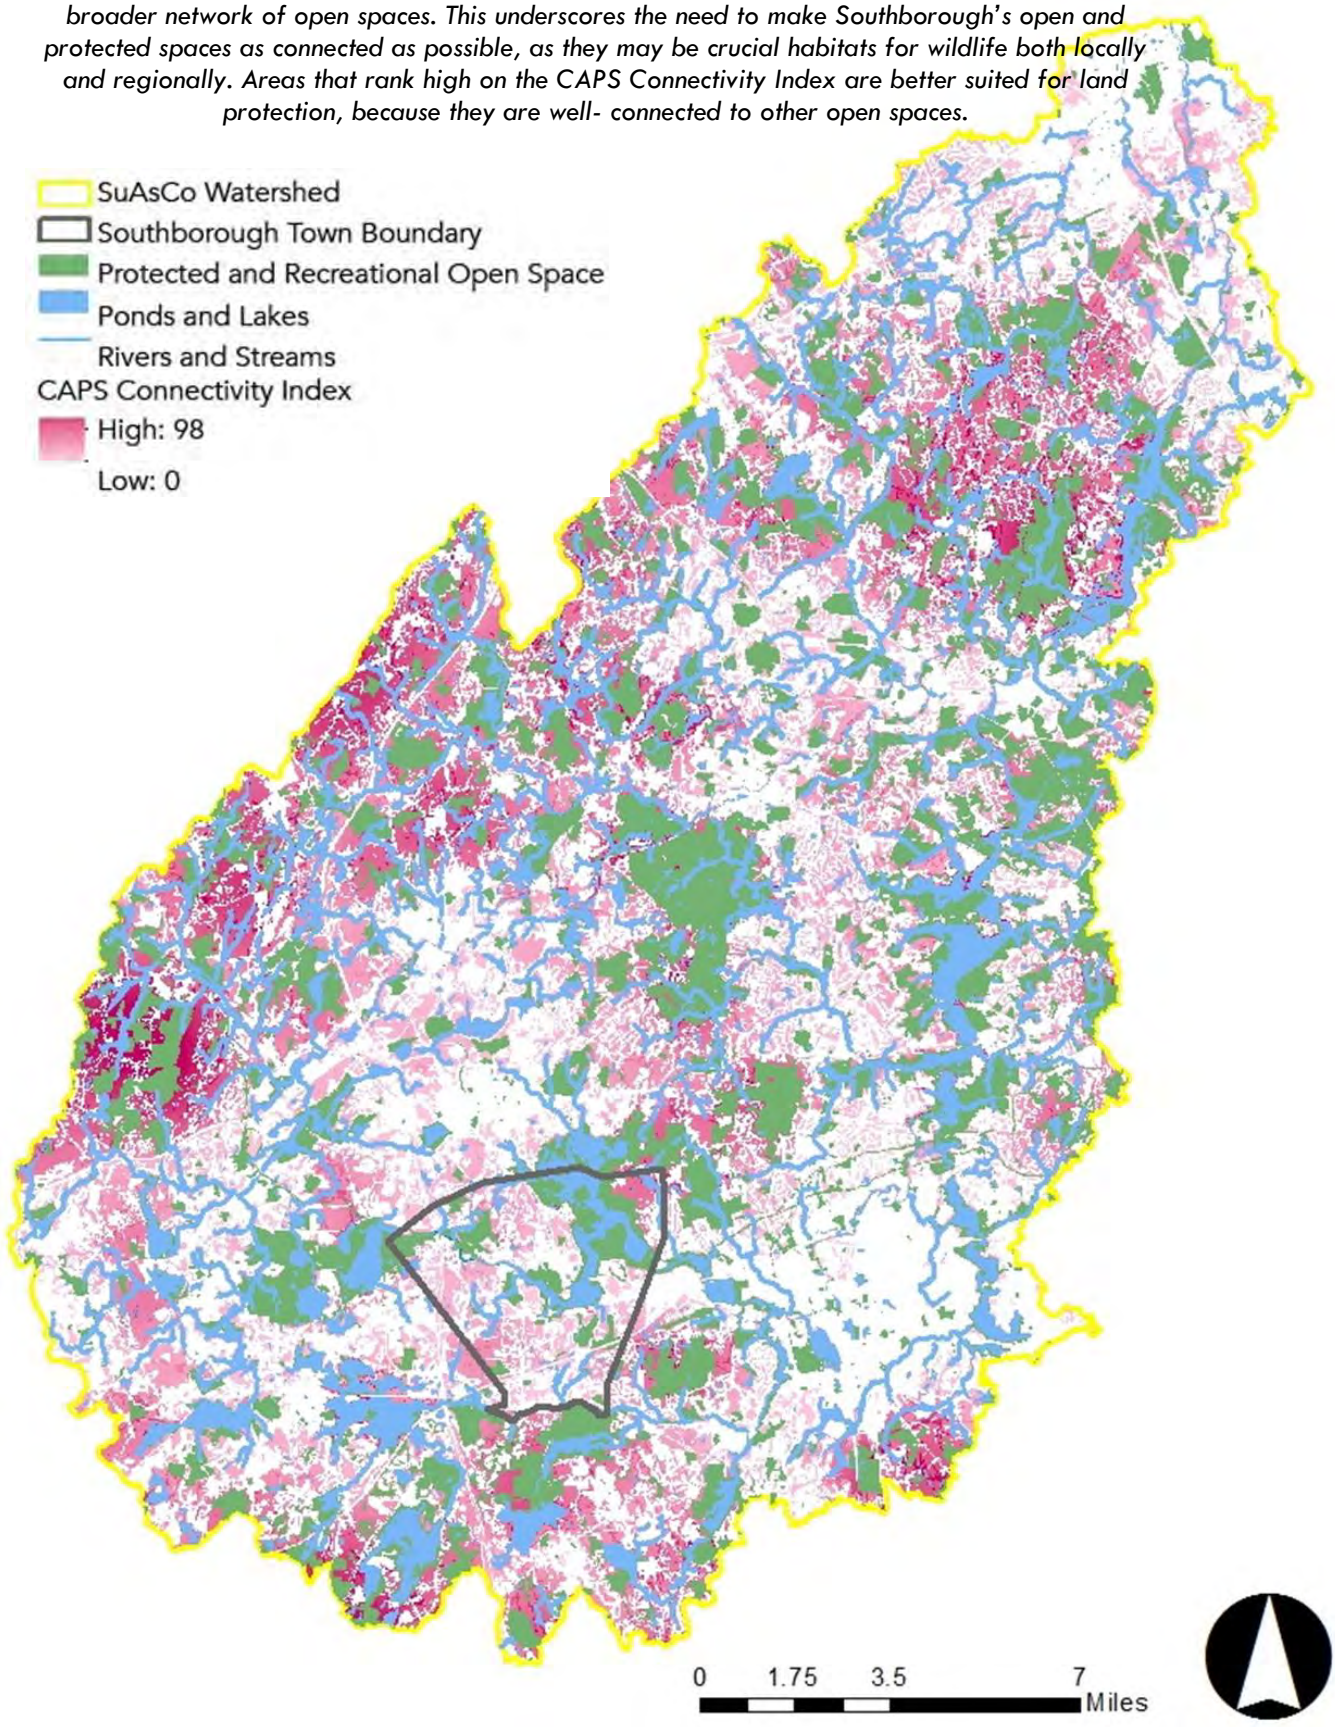
TOWN CONNECTIVITY

Southborough's open spaces are well-positioned spatially to provide connectivity for wildlife. They are located adjacent or close to other open spaces in Southborough and adjacent towns, such as Marlborough and Hopkinton. However, this connectivity is interrupted by major roads that are virtually impassable to wildlife. Because habitat connectivity is crucial to many species' continued survival, efforts should be made to make these roads easier to cross, such as with wildlife overpasses. This has been done in Concord, MA with outstanding results.



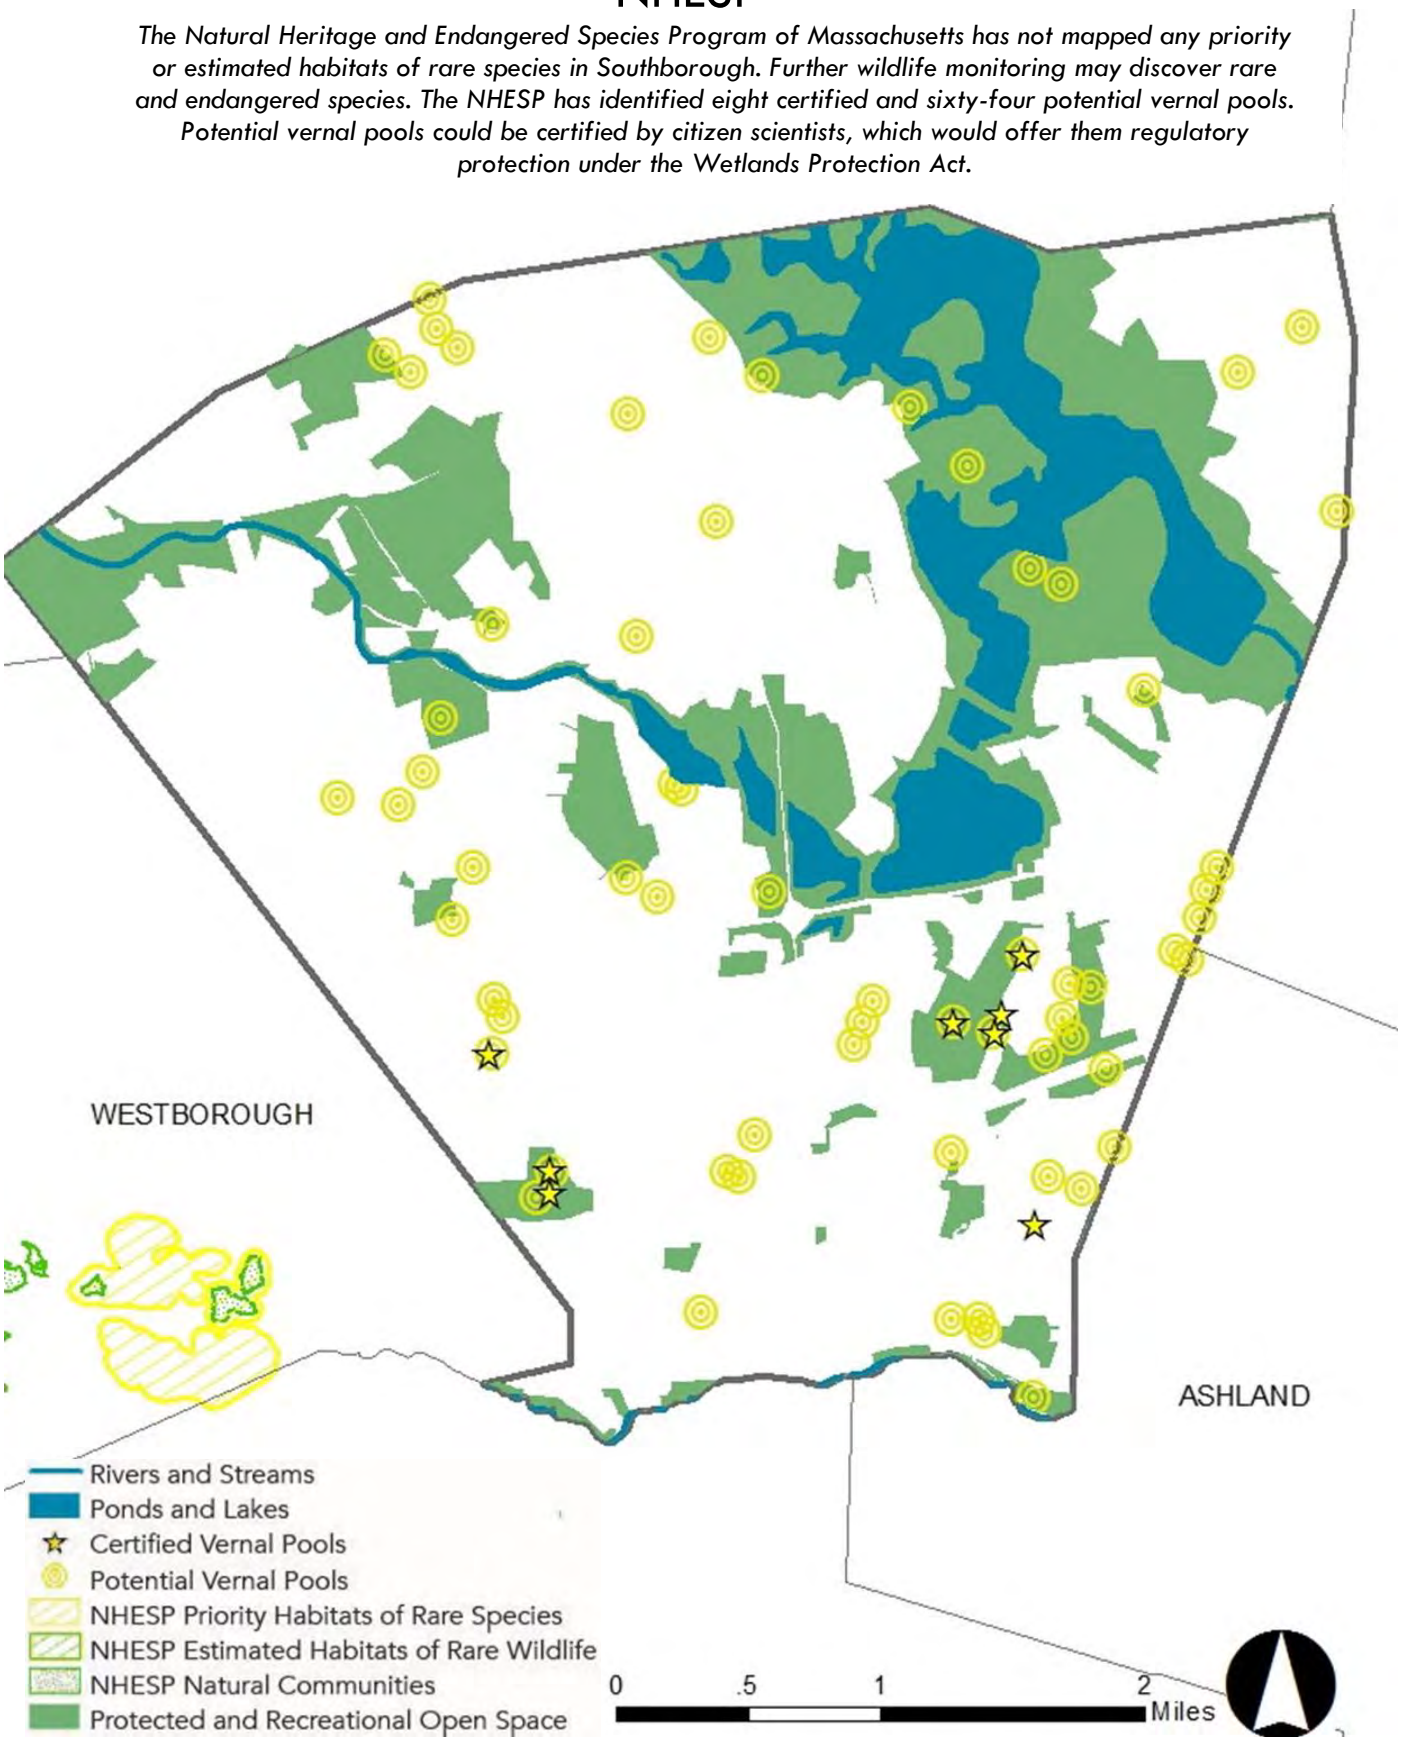
WATERSHED CONNECTIVITY

On a watershed scale, Southborough's open spaces can provide connections to wildlife through a broader network of open spaces. This underscores the need to make Southborough's open and protected spaces as connected as possible, as they may be crucial habitats for wildlife both locally and regionally. Areas that rank high on the CAPS Connectivity Index are better suited for land protection, because they are well- connected to other open spaces.

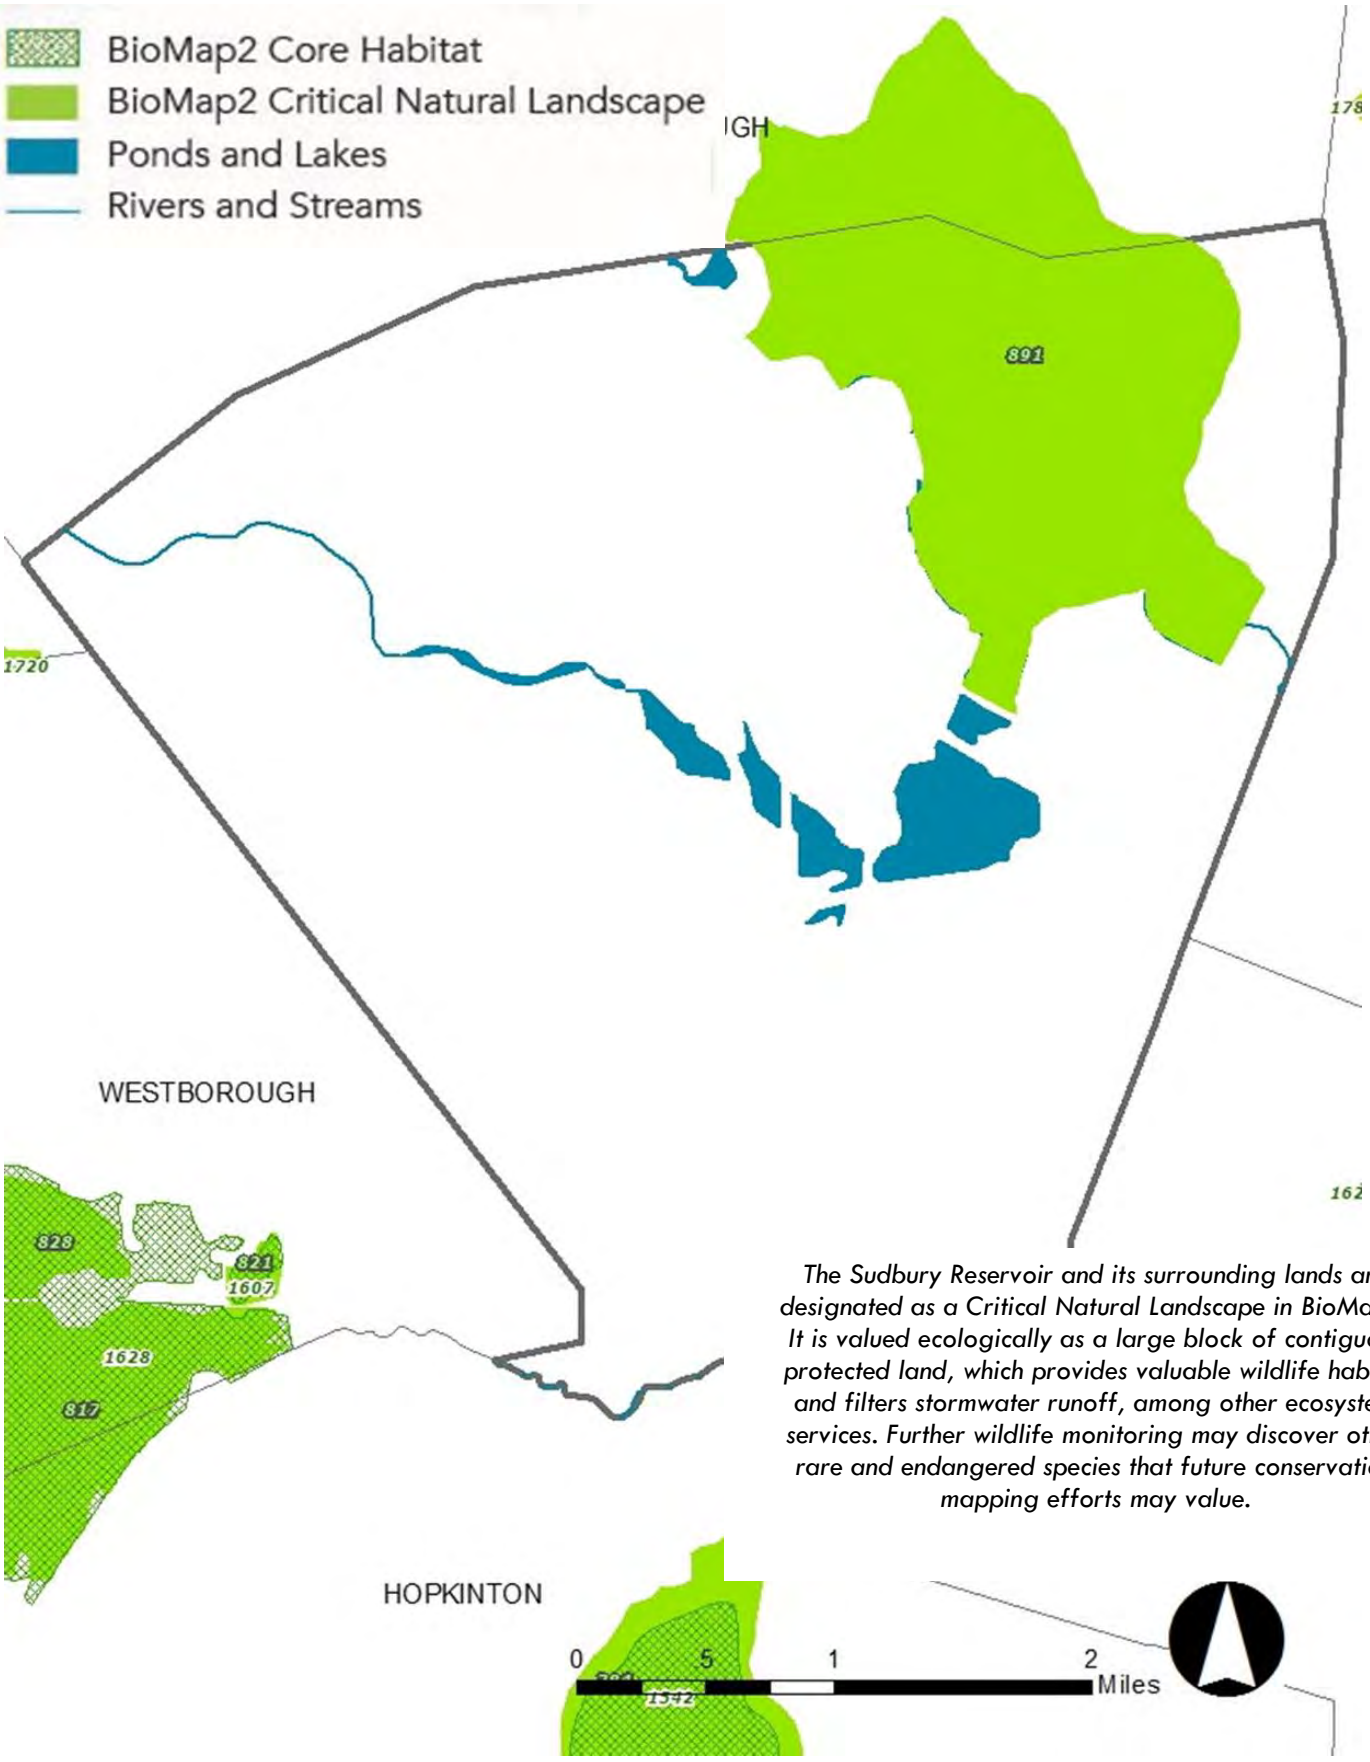


NHESP

The Natural Heritage and Endangered Species Program of Massachusetts has not mapped any priority or estimated habitats of rare species in Southborough. Further wildlife monitoring may discover rare and endangered species. The NHESP has identified eight certified and sixty-four potential vernal pools. Potential vernal pools could be certified by citizen scientists, which would offer them regulatory protection under the Wetlands Protection Act.



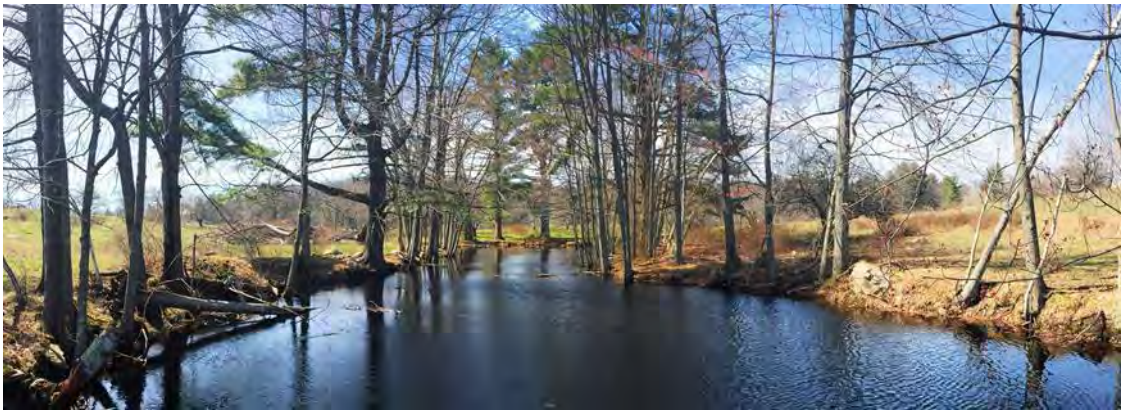
BIOMAP2



The Sudbury Reservoir and its surrounding lands are designated as a Critical Natural Landscape in BioMap2. It is valued ecologically as a large block of contiguous protected land, which provides valuable wildlife habitat and filters stormwater runoff, among other ecosystem services. Further wildlife monitoring may discover other rare and endangered species that future conservation mapping efforts may value.

F. SCENIC RESOURCES AND UNIQUE ENVIRONMENTS

There are many places to enjoy the scenery in Southborough, including simply driving down roads lined with large trees and stone walls built many years ago. As new neighborhoods and businesses grew, all of the roads in town were designated as scenic to protect them and help maintain the rural aesthetic and reminders of the town's history. Regional and town-wide efforts in the past few decades have helped protect many places valued by the community, providing residents spaces where they can enjoy a variety of activities while also protecting wildlife habitat.



Breakneck Hill Conservation Land

SCENIC LANDSCAPES

The amount of open space protected in perpetuity in Southborough is 2,826 acres, or 28.4% of its total area. Some of these places are very important to residents, who visit them regularly for activities ranging from bird watching to cross-country skiing. Some notable places include:

- ☐ Chestnut Hill Farm
- ☐ Breakneck Hill Conservation Land
- ☐ Beals Preserve
- ☐ Southborough Golf Course
- ☐ Halloran Property
- ☐ Turenne Wildlife Habitat
- ☐ The Town Forest
- ☐ 9/11 Field and Trails

Chestnut Hill Farm is one of the newest additions to Southborough's conservation land. The property is 109 acres of rolling hills, forest, and meadow, the kind of landscape that many people of Southborough cherish. Turenne Wildlife Habitat, the Town Forest, and Breakneck Hill join to form a large contiguous protected area with trails and scenic views of Southborough. All three of these places,

Trails at Beals Preserve

as well as several other parcels within town, have walking trails that are open to the public. There are other trails in town which tie in to larger regional networks including:

- ☐ The Sudbury Reservoir Trail
- ☐ The Bay Circuit Trail
- ☐ The Boroughs Loop Trail

The Sudbury Reservoir is a designated Important Birding Area (IBA) by Mass Audubon in Massachusetts. The Sudbury Reservoir Trail winds throughout the conserved surrounding land, providing an area for snowshoeing, cross- country skiing,

and bird watching, which are all popular activities along the reservoir.

The Bay Circuit Trail was first proposed in 1929 as an "outer emerald necklace," linking parks, open spaces, and waterways from Plum Island to Kingston Bay. Today the greenway corridor of 230 miles, spanning fifty-seven communities, links hundreds of parks and open spaces. The trail passes through a ¾-mile segment in the northeast corner of Southborough, winding along the edge of the Sudbury Reservoir. This trail offers scenic views while providing residents a place to maintain an active lifestyle.

The major challenge for the Southborough Trails Committee is finding a crossing point over the Sudbury Reservoir in the eastern part of town near Route 30. The two choices they have is to either use Route 30 or the CSX (freight rail) causeway, both of which cross the reservoir. Route 30 is an extremely dangerous road to walk on. The committee has approached CSX for the use of their land to extend the trail across the reservoir, but has been told that it could not be considered as long as there are trains running on the track. The Trails Committee continues to investigate alternatives and look for a solution which will allow them to complete the loop. Neighboring towns eagerly await Southborough's completed segment.

SCENIC VIEWS

A large portion of land around the Sudbury Reservoir was identified as a noteworthy scenic landscape in the 1982 Massachusetts Landscape Inventory Project. The community today still values this landscape according to residents who attended a public OSRP forum on February 4, 2016.

SCENIC ROADS

Southborough's Scenic Road Bylaw has the ability to protect the appearance of historic artifacts, such as stone walls. Since 1978, all non-state numbered routes in the Town of Southborough are designated as scenic roads, making all stone walls and tree removal on private and public property along road frontage subject to review and approval by the planning board (Vanasse Hangen Brustlin, Inc., 2008).
During the public forum on February 4, 2016, residents identified certain roads as particularly scenic, including:

- ☐ Chestnut Hill Road
- ☐ Old Northborough Road & Johnson Road (both are unprotected parcels)
- ☐ Looking to the southwest toward I-495 and Beals Preserve (which is protected, but the fields behind it aren't).

One of the recommendations from the 2008 *Southborough Master Plan* to help preserve the scenic character of the town is considering implementing a scenic overlay district to help provide a no-disturb buffer on private property bordering scenic roads, or to adopt flexible zoning standards to protect certain views.

CULTURAL AND HISTORIC AREAS

Southborough has a rich legacy represented by both its historic and archaeological resources, including buildings, structures, objects, burial grounds, landscapes, and archaeological sites (Vanasse Hangen Brustlin, Inc., 2008). These finite and non-renewable elements of the landscape establish the community character and are what make Southborough a unique place. The Southborough Historical Commission and Southborough Historic Society have been active in identifying and documenting the history and architectural significance of many resources and structures. The Massachusetts Historical Commission's (MHC) Inventory of Historic and Archaeological Assets has a searchable database Massachusetts Cultural Resource Inventory System (MACRIS) which documents nearly 800 properties in Southborough ranging from the turn of the 18th century to the late 20th century.

The Southborough Historic Properties Survey (completed in June 2000) also concluded that 81 individual properties (including buildings, structures, objects, and

cemeteries) and 12 areas should be proposed for listing in the National Register of Historic Places. Some of Southborough's most well-known historic buildings include:

- ☐ Southborough Town House (1870)
- ☐ Southborough Community House (1906)
- ☐ The Charles Burnett-Warner Oland House (1815)
- ☐ The Joseph Burnett House (1850)
- ☐ St. Mark's Episcopal Church (1862)
- ☐ Flagg School (1859)
- ☐ Pilgrim Church (1806)

There are three places in Southborough listed on the National Register of Historic Places:

- ☐ South Union School
- ☐ Wachusett Aqueduct at Deerfoot Road Bridge
- ☐ Bradley, J.D.C., House, 60 Sears Road

Wachusett Aqueduct at Deerfoot Road Bridge

While Southborough contains a number of prehistoric and historic archaeological resources, their information and locations cannot be disclosed in documents available for public review in order to protect them.

UNIQUE ENVIRONMENTS

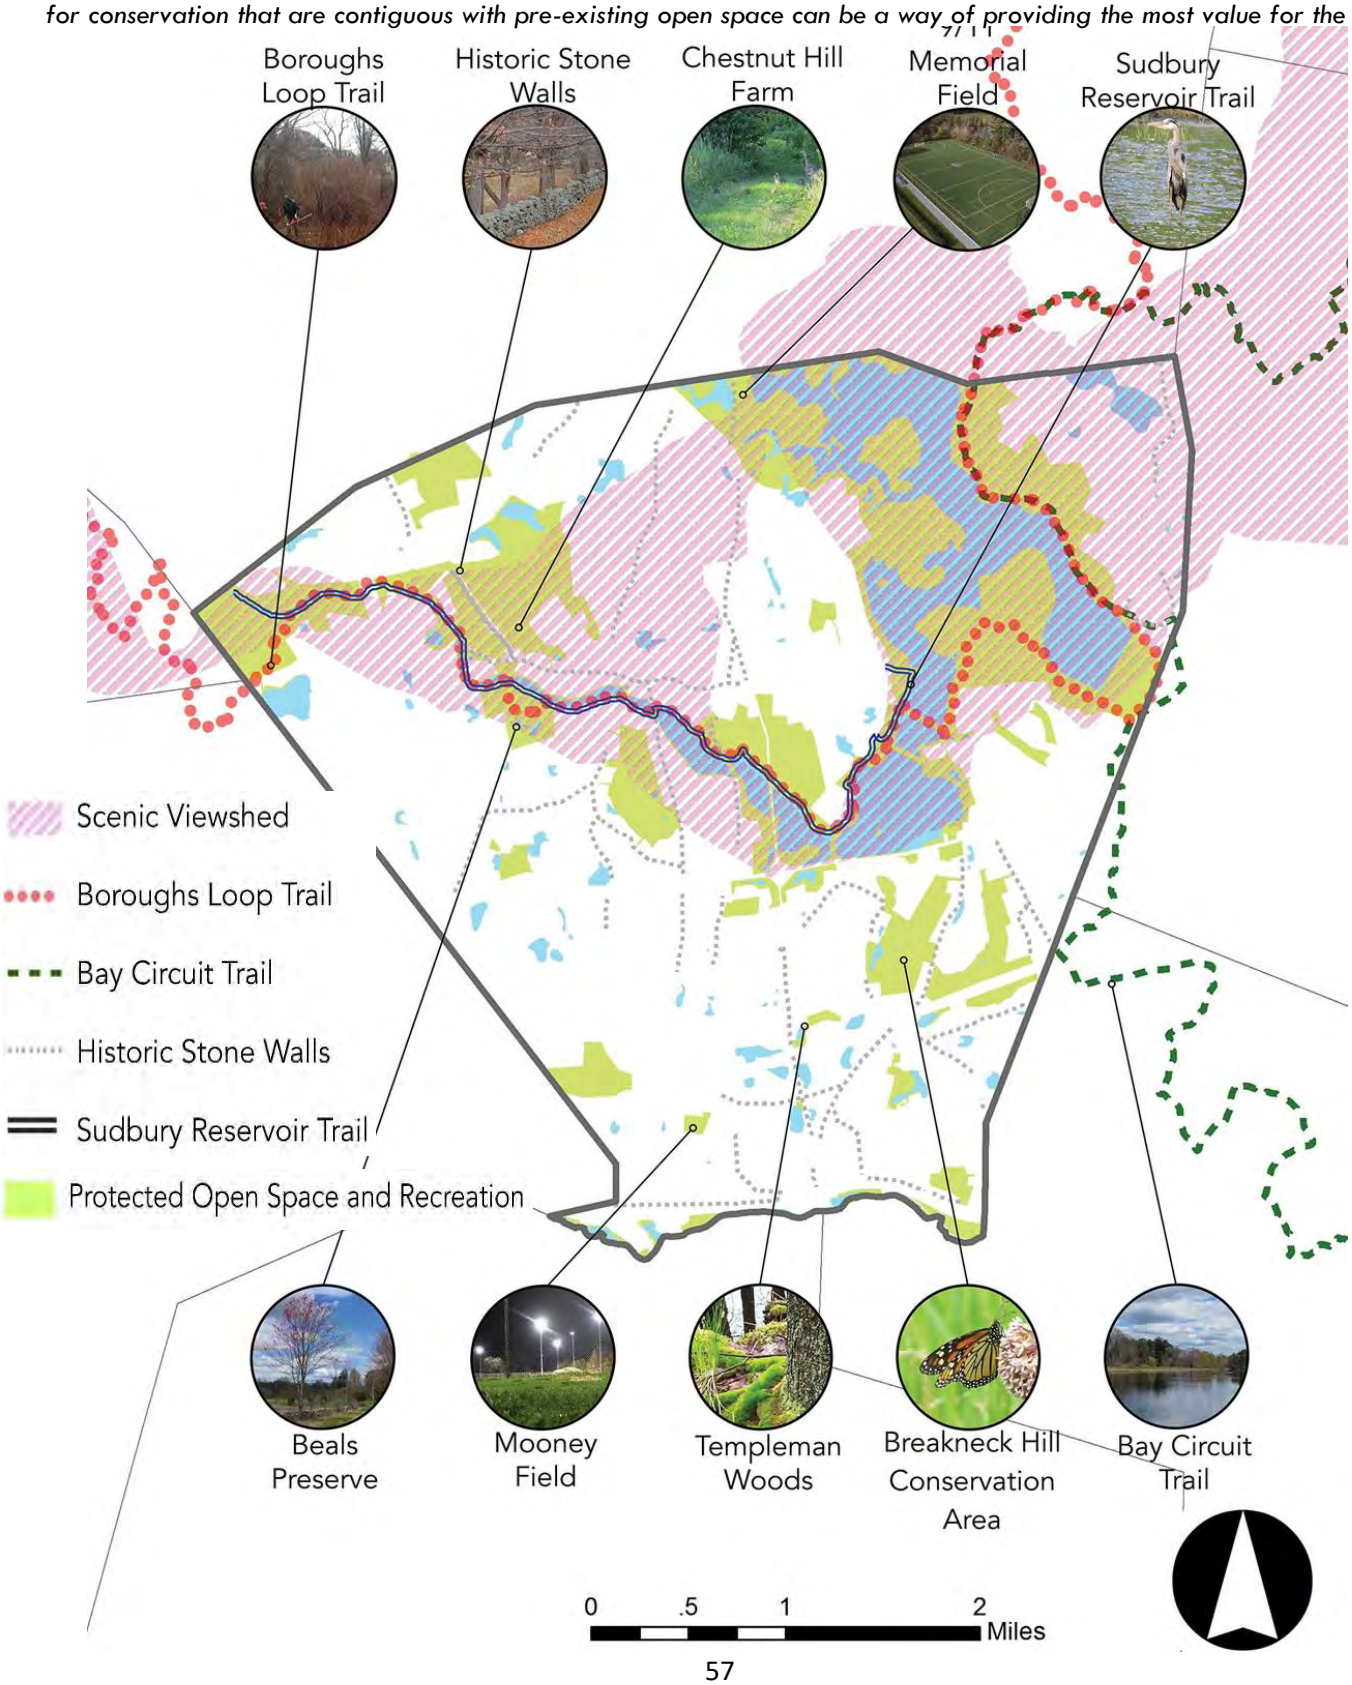
As mentioned in part A under Geology and Topography, Southborough is relatively flat with the surficial geology dominated by stratified and unstratified deposits. Other than the deposits seen throughout New England, Southborough does not have any unusual geologic features.

Southborough has no identified Areas of Critical Environmental Concern according to the Secretary of Energy and Environmental Affairs (EEA). However, BioMap2 identified 1,358 acres as Critical Natural Landscape in a contiguous block around the Sudbury Reservoir. The report states that "large Landscape Blocks are most likely to maintain dynamic ecological processes such as buffering, connectivity, natural disturbance, and hydrological regimes, all of which help to support wide-ranging wildlife species and many other elements of biodiversity." It is important to note that 1,209 acres, or 89% of this Critical Natural Landscape, is protected. Prioritizing the remainder of the land that has been identified as Critical Natural Landscape for conservation protection can help support the range of ecological processes that support wildlife and biodiversity.

The Harvard Primate Research Center in the northeast corner of town recently closed its doors as of May, 2015. This land is ecologically valuable, as it is contiguous with the conserved open space around the reservoir. As a land parcel it meets the criteria for priority conservation because it could provide an extended area for a wildlife corridor and help protect the water quality of the reservoir. If the property is up for sale, the town may want to consider acquiring it for conservation, or as a location for an indoor community center. More research is needed to determine the suitability of the existing building for repurposing as a community center. The surrounding land could be excellent for outdoor activity and nature-based programming, which would serve to meet the goals laid out in this OSRP.

UNIQUE FEATURES OF SOUTHBOROUGH

There are many unique places of interest that residents of Southborough like to go for passive and active recreational activities. Historic stone walls line the roads and help the town to retain a rural characteristic. Areas of contiguous protected open space create habitat for wildlife and create a greenway for residents to enjoy by foot and by bike. Prioritizing parcels for conservation that are contiguous with pre-existing open space can be a way of providing the most value for the town.



G. ENVIRONMENTAL CHALLENGES

Southborough faces a myriad of environmental challenges at this time in its history, ranging from hazardous waste regulation, to non-point source (NPS) stormwater runoff, and the unpredictable (as well as forecasted) effects ushered in by our changing climate. As a town with abundant water resources, its primary environmental concerns are connected to water quality and the ways in which land use, both historical and present, may deteriorate the quality of groundwater and quality of water in the larger SuAsCo Watershed. Building resiliency into the town infrastructure with the protection and stewardship of land that provides valuable ecosystems services can help buffer any negative environmental impacts.

WATER QUALITY IMPAIRMENTS

The EPA states that nonpoint source pollution (NPS) is the leading remaining cause of water quality problems, creating harmful effects on drinking water supplies, recreation, fisheries and wildlife (www.epa.gov). NPS pollution is caused by rainfall or snowmelt moving over and through the ground. The moving water carries natural and man-made pollutants which end up in rivers, wetlands and groundwaters. Because of the lack of stormwater infrastructure in Southborough, the greatest threat to ground and surface water comes from many diffuse NPS's. During the summer of 2011, DWSP investigated a toxic algae bloom at the Sudbury Reservoir that was suspected to be related to lawn care practices using synthetic pesticides and fertilizers on abutting properties (Austin et al., 2013).

Given the predominantly suburban landscape of the SuAsCo Watershed, the control of lawn contaminants is critical to maintaining water quality in the watershed. Creating local bylaws to minimize the use of lawn fertilizers, pesticides, and herbicides, and encourage appropriate depth of loam, especially in new developments was recommended in the 2005 *SuAsCo Watershed Action Plan*.

The 2005 *SuAsCo Watershed Action Plan* states that many stretches of the three rivers routinely fail water quality standards due to stress of non-point stormwater sources, wastewater treatment plant discharges, and experience both extreme flooding and low flows. Throughout much of the Sudbury River and downstream into the Concord River, fish consumption is banned due to mercury-laden sediments from the Nyanza Superfund Site. Invasive aquatic plant species compromise the river habitat for native species, and impair the recreational experience for boaters and anglers (Ambient Engineering, 2005).

Septic systems pose a threat to Southborough's groundwater quality. Older systems from before the 1960s were often too deeply buried and lie just inches above the water table. (Goldson, 2015). Replacing such systems on older lots would help reduce the risk of groundwater contamination.

According to the 1998 *Shoreline Survey Report and Action Plan* created by the Sudbury Watershed Monitoring and Protection Group (SWaMP), creosote railroad ties have been dumped into the Sudbury River. Creosote is a chemical used to preserve wood; this chemical is hazardous to humans, and very hazardous to wildlife. Removal of the railroad ties will be beneficial to the Sudbury River ecosystem.

CHRONIC FLOODING

The lowland adjacent to streams and rivers is known as floodplain. Because of the large amount of area that the Sudbury Reservoir amasses to, there is many areas surrounding the reservoir and aqueducts that are prone to chronic flooding. With increased precipitation rates throughout New England, disruptions of the holding capacity of certain areas or features can cause flooding beyond the boundary of the floodplain.

Further hazards and impacts are to be analyzed and identified through the Municipal Vulnerability Preparedness program and Local Hazard Mitigation Plan that the town has received grant funding to complete.

HAZARDOUS WASTE & BROWNFIELD SITES

There are thirty-seven EPA-regulated industrial/commercial facilities located in Southborough. While most of these fall under EPA's other/unknown category, approximately ten have been identified as automotive repair or transportation facilities. Thirty-three of these thirty-seven are regulated for hazardous waste (*2003 Southborough Stormwater Management Plan*). The Resource Conservation and Recovery Act (RCRA), enacted in 1976 requires the tracking of hazardous wastes from the time they are created in order to prevent illegal dumping. Two of the largest regulated facilities are both in Marlborough. Veolia Environmental Services is one of the largest waste management and services companies in the world. The company provides a range of services, such as solid waste management, chemical cleaning, dredging, non-hazardous/hazardous waste management, medical waste disposal, construction and demolition disposal, landfill operations, consumer products, and industrial ethanol recovery. Marlborough is also home to the cellulosic ethanol company Qteros, which is working with Applied Cleantech, a recycling company based in Israel, to turn sewage into ethanol biofuel (Chu, 2009).

Precipitation run-off from over a quarter of Marlborough, the most urbanized section of the watershed, drains into the Sudbury Reservoir. Shipping of the waste and fuels processed in Marlborough may pose a threat to the quality of water in the reservoir in the case of a potential accident. In Marlborough in 2012 and underground fuel leak spilled and is considered a hazardous site. As of 2015 has not yet been cleaned up ("Marlborough Diesel Spill.", 2015). In December 2009 over 4 significant haz-mat releases happened in Southborough within one week alone, including two truck crashes released 100 gallons of diesel fuel on I-495 (Fitzgerald, 2009).

Seven Superfund Sites are located in the SuAsCo Watershed. In 1980 the EPA established the Superfund Program to identify, investigate, and remediate hazardous waste sites throughout the United States. One of these sites is in adjacent Ashland. The Nyanza Chemical Waste Dump is a 35-acre area next to an active industrial complex. From 1917 to 1978, textile dyes, intermediates, and other products were produced on this site. Nyanza Inc. operated here from 1965 to 1978. Over 45,000 tons of chemical sludges generated by Nyanza's wastewater treatment processes, along with spent solvents, mercury and other chemical wastes, were buried on site, leading to soil and groundwater contamination MassDEP is currently responsible for site operation and ongoing maintenance activities. The excavation of contaminated soil and capping of the hill area of the site have reduced the potential of exposure to hazardous substances by controlling contaminant migration and isolating wastes (EPA, 2016).

An article published in the Metrowest Daily News in 2014 found contamination from the Nyanza plant has been linked to a high number of cases of rare cancer, including eight deaths. Mercury laden sediments from the Nyanza Plant have raised concerns about consuming contaminated fish caught in the Sudbury River, where warning signs are posted along the banks. The EPA is awaiting funding for an $11 million project to dump 140,000 tons of sand near the Reservoir No. 2 dam in Framingham to cap the contamination in the sediment, is opposed by a citizens group called Save the Sudbury River. The proposed plan will add 6 inches of sand to the bottom of the river, pushing mercury down at a rate that would naturally take 100 to 200 years to complete. Opponents claim the plan is based on "flawed science" and will destroy the ecosystem of the river (Phelps, 2014).

LANDFILLS

There are two inactive landfills in Southborough. Both are uncapped, unlined municipal solid waste sites. The Southborough Landfill is located on Parkerville Road, near the intersection of General Henry Knox Road. The Southborough Mt. Vickery Road Dump is just off Route 9 near Cordaville Road adjacent to the southern edge of the

Sudbury Reservoir.

NEW DEVELOPMENT

Typical construction activities can have significantly impact surface water quality by creating the conditions for sediment, construction materials, waste, and other pollutants to be transported to surface waters by wind or stormwater runoff. As a result, the EPA promulgated construction site runoff control regulations as part of its Phase I Storm Water permitting program. This program focuses on projects that disturb more than five acres of land. The Massachusetts Department of Environmental Protection (DEP) has administrative control over activities under this permit in lieu of EPA.

Outlined in Southborough's Zoning Regulations (§244), construction site runoff, erosion, and sedimentation controls. These controls must be addressed in a project's environmental assessment report and must be based on an analysis of the "Capability of soils, vegetative cover and proposed erosion control efforts to support proposed development without danger of erosion, silting or other instability" (Fuss & O'Neill Inc., 2003). However, the assessment is only required for subdivisions "creating frontage potentially allowing ten or more dwelling units or serving ten or more acres of non-residentially zoned land."

INVASIVE SPECIES

Invasive species—both plants and wildlife—threaten native species and denigrate the balance of existing ecosystems. The EEA recognizes invasive as one of the greatest threats to the integrity of natural communities and threaten the survival of many indigenous species (www.mass.gov/eea). Non-native organisms have contributed to the decline or 42% of our federally listed threatened and endangered species (The Nature Conservancy). The town's policy towards invasives is early detection and rapid response. Unfortunately, by the time an invasive species is discovered, it has taken such a stronghold that it is often past the point of full eradication. Resources to address invasives must be channeled to make the best use of limited funding, as the cost of management is the biggest challenge. The Southborough Stewardship Committee recently voted to become a member of the SuAsCo Cooperative Invasive Species Management Area (CISMA), a partnership of organizations whose goal is to manage and control invasive species in the watershed in order to protect the biological, aesthetic, cultural, historical, and recreational values of natural areas, farmland, water resources, and scenic vistas of the region. The town's efforts towards invasive species management and potential eradication will be further strengthened and its resources expanded as part of this partnership.

Town-owned Breakneck Hill Conservation Land is under the jurisdiction of the Conservation Commission. The Southborough Stewardship Committee (a subcommittee of the Conservation Commission) has worked tirelessly for many years dealing with the invasive species that had engulfed the old apple orchard that sits within 35 rolling acres that was once covered in bittersweet. Ongoing management and monitoring keep invasives from fully taking over.

Invasive Wildlife

A Canadian goose population control program was initiated in 2006 on the Sudbury Reservoir and managed by the Division of Wildlife Service Protection (DWSP) in order to protect the reservoir's water quality from nutrient loading and bacteria contamination.

Invasive Aquatic Plants

The Sudbury Reservoir is host to two invasive aquatic plants: Eurasian water-milfoil (*Myriophyllum spicatum*) and water chestnut (*Trapa natans*) which are removed every year with the goal of reducing seed-drop (DCR, 2008). The 2013 *DCR Watershed Protection Plan Update* found that Eurasian water-milfoil is present throughout the entire Sudbury Reservoir system at relatively high densities, indicating that it was introduced into this system many years ago, probably in the 1990s. It is not targeted for control in Sudbury Reservoir because the population is so well-established that removal efforts would be futile. DWSP staff continue to

monitor water chestnut and other macrophytes in Sudbury Reservoir on an annual basis. Annual harvesting of water chestnuts has been performed by contractors since its discovery by DWSP Aquatic Biologists in 2006. The extent of the infestation has recently shown signs of reduction, as the seed-bank becomes depleted. In 2013, a few brittle naiad (*Najas minor*) plants were found and targeted for removal. Annual surveys will continue to target new infestations of these and other aquatic invasive species. (Austin et al., 2013).

Invasive Terrestrial Plants found in Southborough include:

- Oriental Bittersweet
- Purple loosestrife
- Buckthorn
- Garlic mustard
- Japanese Barberry, whose infestation is particularly bad in sections of the Beals Preserve.

SOLF has applied for several grants to help manage invasive species on their land.

Since the last OSRP, SOLF organized workshops with the Garden Club to educate about invasives in Southborough. Building on actions like this, and expanding education into the science curriculum of the town's schools can help to build a knowledgeable citizenry that cares about preserving the towns ecosystems from invasive threats. Ensuring that local garden centers do not carry any variety that may pose a threat can be part of a strategy of prevention.

Oriental Bittersweet, Breakneck Hill

IMPACT OF CLIMATE CHANGE

Our earth is warming, with the average temperature rising 1.5°F over the past century, with projections of another 0.5 to 8.6°F over the next hundred years. Rising global temperatures have been accompanied by changes in weather and climate, including more frequent and extreme weather events such as floods, droughts, intense rain, and more frequent and severe heat waves. As these and other changes become more pronounced in the coming decades, they will likely present challenges to our society and our environment (www3.epa.gov).

Many organizations and around the world agree that significant human-caused climate change is occurring, including the EPA, the United Nations IPCC, the U.S. National Academy of Sciences, and the National Center for Atmospheric Research among many others. According to NASA, climate change is one of the most complex issues facing us today. It involves many dimensions—science, economics, society, politics and moral and ethical questions—and is a global problem that will be around for decades and centuries to come.

Carbon dioxide, the heat-trapping greenhouse gas that has driven recent global warming, lingers in the atmosphere for hundreds of years, and the planet (especially the oceans) takes a while to respond to warming. So even if we stopped emitting all greenhouse gases today, global warming and climate change will continue to affect future generations. In this way, humanity is "committed" to some level of climate change (NASA, 2016).

While climate change is a global issue, it is felt on a local scale and municipalities are at the frontline of adaptation. In the absence of national or international climate policy direction, communities around the world have been focusing on solving their own climate problems. They are working to build flood

defenses, plan for heatwaves and higher temperatures, install water-permeable pavements to better deal with floods and stormwater, and improve water storage and use.

According to the United Nations Intergovernmental Panel on Climate Change 2014 report *Climate Change Impacts, Adaptation and Vulnerability*, governments at various levels are also getting better at adaptation (8). Climate change is starting to be factored into a variety of development plans: how to manage the increasingly extreme and frequent disasters, how to protect coastlines and deal with sea-level encroachment, how to best manage land and forests, how to deal with and plan for reduced water availability, how to develop resilient crop varieties, and how to protect energy and public infrastructure. Placing more restrictive protections around wetland areas can help to mitigate the effects of climate change by sequestering carbon. According to the UN Millennium Ecosystem Assessment, wetlands play an important role in mitigating global climate change through carbon sequestration. MAPC has developed a Regional Climate Change Adaptation Strategy to reduce the region's vulnerability to the predicted impacts of climate change. Adaptation is the ability to adjust to actual or expected effects of our future climate. Mitigation is reducing the flow of heat-trapping greenhouse gases into the atmosphere, for example, by reducing current emissions and designing ecological systems that store these gases.

Southborough can help address climate change by adapting and mitigating in ways that are appropriate for its particular location and resources. Protecting forested areas and increasing carbon sequestration would be of great importance towards mitigation efforts.
Town goals to protect remaining prime farm land soil and expanding the local food system would address the issue of food security at a local scale by adapting to forecasted rising food prices and shortages. In order to not miss opportunities to preserve this prime farm land soil in the future, the town could develop a proactive plan to exercising the town's Right of First Refusal for parcels under Ch. 61 that come up for sale. Creating youth education programs and connections with regional youth farming programs could encourage an interest in agriculture.

ENVIRONMENTAL EQUITY

While there are no environmental justice communities within Southborough, there is an uneven distribution of open space because of the heavy prevalence of open space and recreational areas around and along the Sudbury Reservoir.

The town should be more diligent in looking at areas south of the Mass Pike as there are limited town owned parcels that are dedicated to open space and recreation.

Section 5: Inventory of Lands of Conservation and Recreation Interest

Southborough's beautiful open spaces are a valuable resource to the town's residents, providing beautiful views, places to relax, and ecological services. Many of these properties are owned or managed by local land trusts, including the Southborough Open Land Foundation (SOLF), Sudbury Valley Trustees (SVT), and The Trustees of Reservations (TTOR).

Preserved open spaces, such as Beals Preserve, are important for both ecological integrity and recreation. This pond provides important aquatic and terrestrial habitat; is a tranquil place for relaxation with family or friends; and is used as an ice-skating pond in the winter.

The Southborough Open Land Foundation (SOLF) is a non-profit land trust dedicated to preserving, protecting, conserving, and enhancing the natural resources in the Town of Southborough (SOLF) in order to benefit current and future generations of residents of the town of Southborough. SOLF collaborates with public agencies and other private organizations and is a source of information regarding voluntary land conservation.

Sudbury Valley Trustees (SVT) is a non-profit land trust that conserves land in the Sudbury, Assabet, and Concord River Watersheds, working in communities between Worcester and Boston. SVT works to protect and steward land and provide volunteer and other community- engagement programs for local citizens to engage with natural resources. SVT currently protects over 4300 acres, holds 66 conservation restrictions, and maintains a 55-mile trail network. Its work is supported by nearly 3000 members.

The Trustees of Reservations is a state-wide non-profit conservation organization that has worked to preserve "special places" in Massachusetts for over 100 years. The Trustees cares for over 25,000 acres in Massachusetts and enjoys the support of over 100,000 members.

Templeman Woods is a 7.7-acre property located off Cordaville Road featuring an upland wood interspersed with glacial rock outcrops.

Turenne Wildlife Habitat is an 18-acre parcel of woodland and meadow donated to the Sudbury Valley Trustees by Fred and Millie Turenne in 1990. A bird garden, planted with native wildflowers and shrubs, attracts local birds and butterflies. Outcrops of granite are visible along walking paths. The forest is primarily young oak- hickory, although there are also some areas of richer mixed-hardwood forest, and some multi-trunked oaks believed to be up to 100 years old.

Sudbury Valley Trustees also owns Conservation Restrictions on properties owned by the following families: The Gay Family, the Gohlke Family, the White Family, the Barsoumian Family, and the Merriam Family. Some of these properties are owned by other entities; for example, the Barsoumian Family's Land, also called Barber Pasture, is owned by SOLF.

Chestnut Hill Farm is a 131-acre parcel of land historically owned by the Beals Family. In 2006, the Town of Southborough voted overwhelmingly to purchase a Conservation Restriction on the land, and the land itself was donated to The Trustees of Reservations. About 44 acres of the farm are currently in agricultural use, producing animal feed, hay, corn, and vegetables. In 2015, a Community-Supported Agriculture operation was begun there, managed by farmers hired by The Trustees. In addition to working agricultural land, Chestnut Hill Farm includes wetlands, meadows, and upland forest, and two miles of trails open to the public.

A list of parcels of conservation priority can help the town determine how to best use limited finances to secure open space and recreation into the future. Priority parcels will be determined by their ability to preserve scenic views, create/maintain wildlife corridors, provide passive and active recreation opportunities, and the presence of prime farm soil.

A. PROTECTED OPEN SPACE

A critical responsibility in long-range municipal planning is protecting lands of conservation and recreation interest. Conservation lands are typically undeveloped parcels used for passive recreation and/or conservation and protected from development through a conservation or deed restriction or by Article 97 of the Massachusetts Constitution. Recreation lands are generally improved parcels used for, or have the potential to be used for, active recreation. Such parcels may be owned and/or managed by public, private or nonprofit entities.

Protected open space serves several valuable functions including habitat and green infrastructure. Depending on the type (e.g. forest, meadow, wetlands, farmland, etc.) open space can provide habitat for both plant and wildlife, help replenish aquifers, reduce and absorb storm water runoff, produce a sustainable source of a wide range of resources, and absorb and/or treat pollutants. Open space can also offer numerous active and passive recreational opportunities and add scenic views to the landscape.

Article 97 of the Amendments to the Constitution of Massachusetts protects the right of the people of the Commonwealth to "clean air and water, freedom from excessive and unnecessary noise, and the natural, scenic, historic, and esthetic qualities of their environment." Municipal water supplies can be protected by Zones 1 and 2 for groundwater sources and Zones A, B and C for surface water sources designated by the Department of Environmental Protection. An Open Space and Recreation Plan facilitates a municipality's ability to exercise the rights of its people under Article 97 by identifying open space and recreation lands, identifying appropriate protective measures and planning for future conservation and recreation needs.

The Town of Southborough encompasses 15.7 square miles (14.2 square miles of land and 1.5 square miles of water). Approximately a third of this area (3429.75 acres or 5.4 square miles, not including Conservation Restrictions which account for an additional 350-553 acres) is protected open space. Table A lists the protected parcels.

The largest holder of protected open space, by far, is the Massachusetts Department of Conservation and Recreation (DCR). DCR protects 2275 acres, including the Sudbury Reservoir. The Sudbury Reservoir serves as an emergency backup source of water for the DCR/Massachusetts Water Resources Authority (MWRA) water supply system which serves 2.5 million people in eastern Massachusetts. Consequently, activities on this land and water are strictly regulated to protect its value as a drinking water source. However, limited recreational activities including hiking, fishing and cross-country skiing are allowed.

The Conservation Commission controls the next largest total area, with 528 acres under its care and custody. Another 179 acres of land currently used for conservation are under the control of the Board of Selectmen.

Non-profit conservation organizations also contribute to land protection in Southborough with 448 acres under its control plus another 429 acres under Conservation Restrictions.

Table A presents the protected open space. Grants have not been used to purchase these parcels.

Table B lists the conservation restrictions in Southborough as provided by the Division of Conservation Services. It indicates a total of 553.61 acres of CR's submitted to DCS for review. One of the parcels is Chestnut Hill Farm, which is now owned in fee by The Trustees of Reservations, so it is shown as a protected parcel in Table A.

Table C is a deed restriction for conservation purposes.

Table D summarizes the protected open space in Southborough.

B. PUBLIC AND PRIVATE RECREATION FACILITIES

A variety of recreational opportunities exist in Southborough. While conservation land (listed in Tables A, B and C) is usually also available for some recreation activities (hiking, bird-watching, etc.), recreation land here is defined as areas devoted and used primarily for one or more specific recreation uses that require:

- o A large portion of the site;
- o Man-made facilities or significant alteration of the natural landscape; and
- o Intensive maintenance.

Examples of recreation facilities include parks and playgrounds, schoolyards, country clubs/golf courses, campgrounds, beaches, picnic areas, etc. Such facilities can be publicly or privately owned and accessible.

The recreation facilities in Southborough are discussed below. Table E lists the public recreation sites in Southborough. As the table indicates, schoolyards provide the majority of the recreation sites in Town as fields tend to be located on or adjacent to school sites. Grant funds were not used to purchase or redevelop these recreation sites and facilities

Table F lists the private sites Private facilities include the two private schools in Southborough, the Fay School and St. Mark's School. As shown on Table F, their campuses include a variety of both indoor and outdoor recreational opportunities. While not available to the general public, these facilities add to the diversity of recreation opportunities in Southborough.

C. POTENTIAL INEQUITIES

There are no environmental justice populations in Southborough. An Environmental Justice community is one or more U.S, Census block groups where the median household income is below 65% of the state median, or at least 25% of the population is other than white or at least 25% of households have no one over the age of 14 who speaks English well. Environmental Justice is based on the principle that all people have a right to be protected from environmental pollution and to live in a clean and healthful environment. Furthermore, as Map _ illustrates, open space and recreation areas are well distributed throughout the Town. All neighborhoods are within reasonable proximity to both conservation and recreation areas.

D. CHAPTER 61, 61A, & 61B LANDS

In order to encourage the preservation of certain activities and land uses (namely forestry, agriculture, and recreation), the laws of the Commonwealth of Massachusetts allow a property tax break for these land uses. In return for this tax break, the property owners who take advantage of it must make the parcel available for purchase by the town in which it is located before it may be sold on the open market. Since towns rarely have the available funds to purchase these parcels, the law does not provide much protection. However, to the extent that the tax break may help keep the land use economically feasible, it does provide some incentive to continue the land use rather than make the land available for development. Furthermore, landowners who continue to maintain their lands under this program should be acknowledged for their stewardship efforts.

Named after the section of state law that allows this, Chapter 61 land is that which is used for forestry or woodlands, Chapter 61A land is used for agriculture, and Chapter 61B land is used for recreation.

As Table F indicates, Southborough has a total of 121.6 acres of Chapter 61, 61A and 61B land as follows:

- **Chapter 61:** Southborough has two parcels totaling 23.35 acres.
- **Chapter 61A**: There are presently thirteen parcels totaling 98.25 acres. There 5 owners of the thirteen parcels as two owners own 5 parcels each.
- **Chapter 61B:** There are no Chapter 61B properties in Southborough.

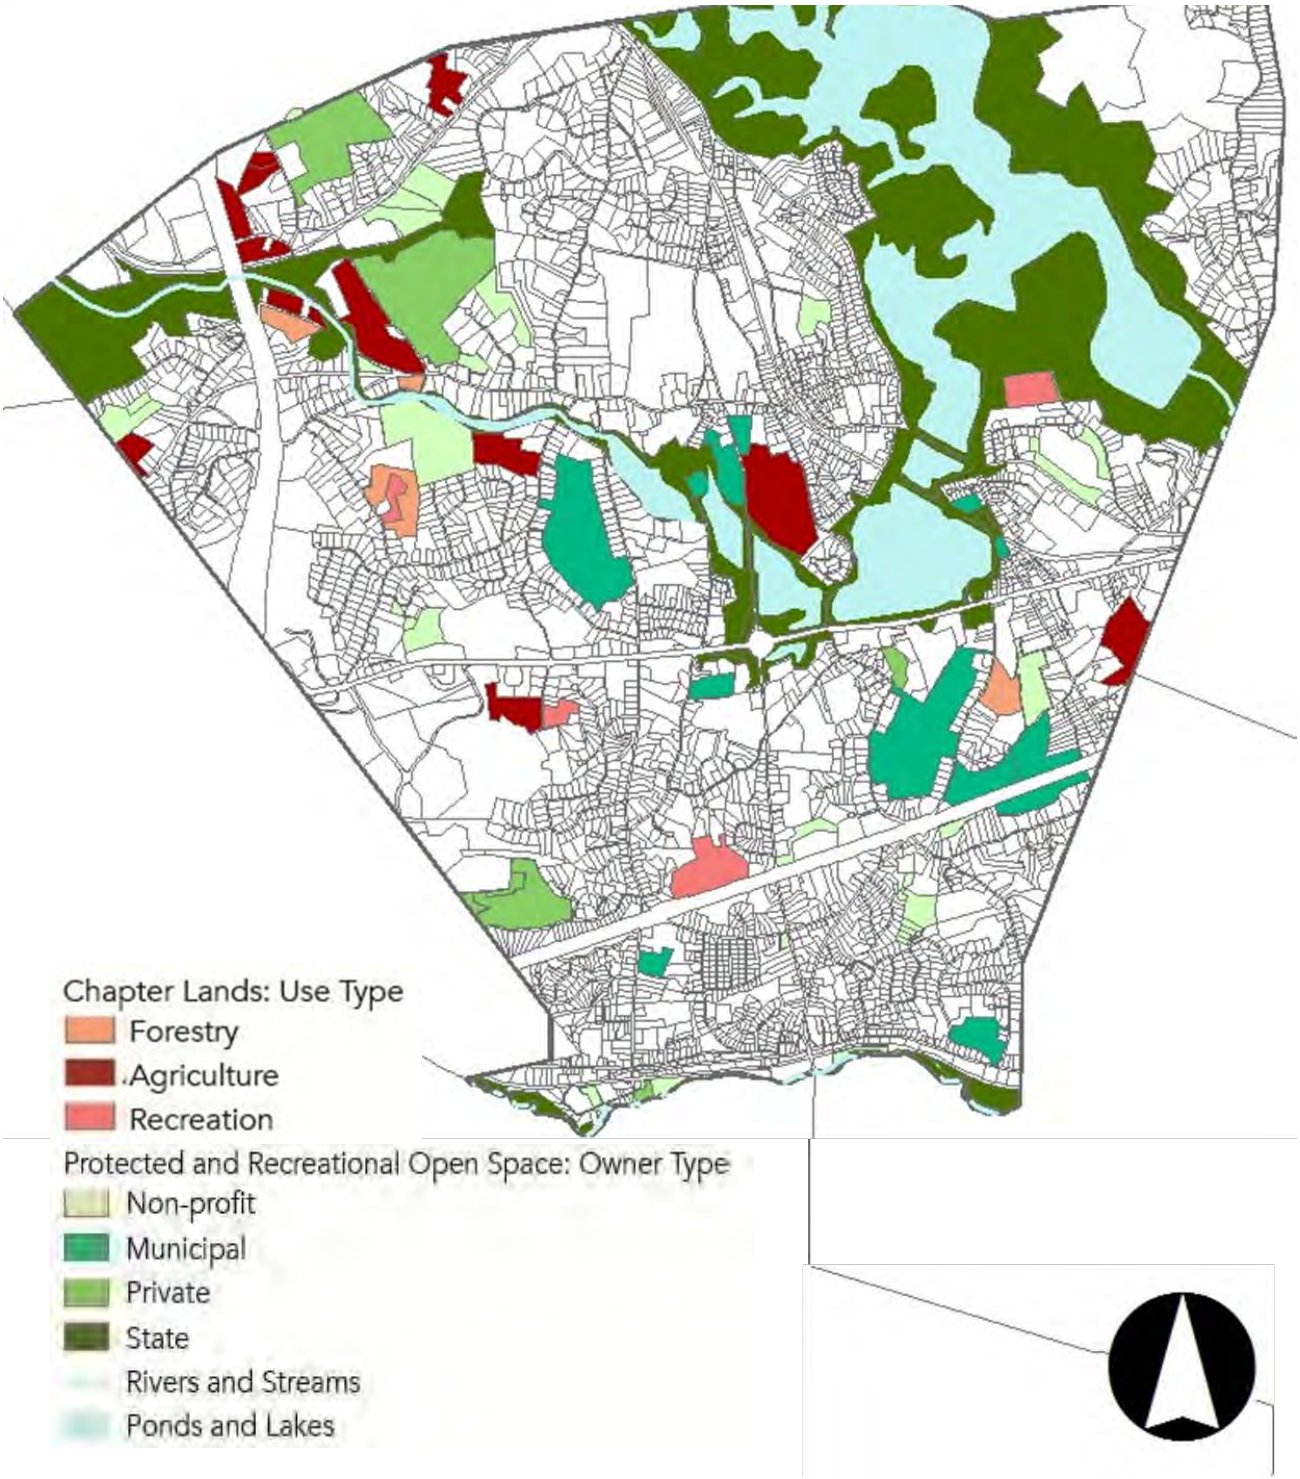
INVENTORY OF OPEN SPACE MAP

Chapter land *is enrolled in a current-use management plan that allows the owner to have the property assessed at its forestry (Chapter 61), agricultural (Chapter 61A), or recreational (Chapter 61B) value, rather than its "highest and best" value. If it is sold, the Town of Southborough has the "right of first refusal" to purchase the land before it is sold to a third party. Property owners may enroll land in a Chapter program if it is actively used for forestry, agriculture, or recreation.*

Protected and recreational open space *is open space owned by a town or government agency, or placed under a conservation restriction owned by a non-profit organization such as a land trust.*



Section 6: Community Vision

A. DESCRIPTION OF PROCESS

The process to gather public input for this update to Southborough's Open Space and Recreation Plan included a series of public forums, a town-wide survey, and meetings with town officials. The public feedback helped to define goals and articulate recommendations to address the community's priorities.

OPEN SPACE AND RECREATION SURVEY

The Town created and distributed an online survey. It was made available on the town website, and sent out through the Recreation email service and through the Southborough Public Schools [verify? Were there more?] The survey received 207 responses.

See appendix 1 for full results.

PUBLIC FORUM #1: *Data*

Gathering

The first public forum was held at Cordaville Town Hall/Southborough Senior Center on February 3, 2016. Thirty participants attended. At the first meeting, the Working Group gave a presentation outlining the purpose and utility of the OSRP, as well as accomplishments since the last update, published in 2009.

PUBLIC FORUM #2:

Responses to Draft Goals and Objectives

The second forum, also held at Cordaville Town Hall, occurred March 4, 2016. The seven participants evaluated the goals and objectives the students and Working Group had identified, and proposed actions to achieve these goals. The results of both forums were incorporated into the goals, objectives, and seven-year action plan delineated at the end of this report.

B. STATEMENT OF GOALS

Southborough faces challenges familiar to many other small towns in the region. These include a desire to maintain and increase community awareness and use of existing open space and recreational facilities while taking steps to protect additional lands under pressure from future development. Based on input obtained from the community and a review of the community vision described in the 2009 OSRP, Southborough's vision for open space and recreation was drafted:

Southborough aims to take the proper steps to meet the community's growing needs for sufficient recreation facilities and infrastructure. Parcels of priority conservation interest are identified and protected to support ecological integrity and connectivity of open space for people and wildlife. The open space parcels and recreation facilities already in place are maintained and/or improved as needed, and when applicable they are expanded. Agriculture is preserved and promoted as an important aspect of community character. Groundwater and surface water are protected as clean and abundant resources.

Section 7: Analysis of Needs

Southborough's valuable natural resources are increasingly under pressure from development, and its population continues to grow. With a growing population comes more need for recreational programs and facilities. It also makes conserving Southborough's remaining open spaces more crucial to retain the rural character appreciated by residents.

SUMMARY OF RESOURCE PROTECTION NEEDS

Southborough, formerly a small agricultural town, faces pressure from development and a growing population that challenges its infrastructure and the integrity of its natural areas. In the OSRP Survey, a majority of residents indicated they were drawn to the town for its rural character and picturesque qualities. This was true both for long-time residents and for those who reported living in Southborough for ten years or less.

FARMLAND SOILS

Southborough has abundant fertile soil that is an important resource for agriculture and biodiversity preservation. Soils classified as Prime Farmland Soils, Farmland of Statewide Importance, or Farmland of Unique Importance by the Natural Resources Conservation Service constitute 48% of the town's total land area. While there are few active farms in Southborough, there has been a recent resurgence in interest in local agriculture; for example, a new community-supported agriculture (CSA) farm and farm stand opened in 2015 at Chestnut Hill Farm. If interest in local agriculture continues to grow, it will be important to Southborough to preserve soils suitable for agriculture. On a broader scale, studies have indicated that food prices will rise over the long term as California's limited water resources make growing fruits and vegetables there more difficult, suggesting that local agriculture will become more important. Local agricultural production can also help to reduce a community's carbon emissions by reducing the travel time required between farm fields and consumers' plates.

In addition to its agricultural importance, prime farmland soil's fertility enables it to support a wide variety of plant and animal species. This makes prime farm soil valuable from a conservation standpoint, as fertile conditions may improve the quality of habitat for plants and wildlife. In Southborough, fertile soils are dispersed throughout the town. However, the largest tracts of undeveloped soils appropriate for farming are concentrated in the northern half of the town, primarily in the land surrounding the Sudbury Reservoir.

WATER

Water resources are some of Southborough's most visible and celebrated natural resources, and also some of its most endangered. The Sudbury Reservoir covers just over two square miles in the town's northeastern corner, about a quarter of the town's total area. As a backup drinking water source for the city of Boston, the reservoir is surrounded by land protected by the Massachusetts Water Resources Administration and the Department of Conservation and Recreation. However, Southborough has numerous other water resources, especially wetlands and vernal pools, that have little legal protection. Southborough also has 1,059 acres of wetlands, not including the reservoir's 1,280 acres.

Wetlands provide groundwater and aquifer recharge; help to control seasonal flooding; prevent pollution by filtering contaminants before they reach surface water bodies; and provide habitat for a variety of wildlife species.

Unfortunately, Southborough's legal wetland by-laws protections are minimal, and are not uniformly enforced. The "no-touch" wetland buffer is only 20 feet, and

the buffer within which building requires a permit is only 100 feet. These important natural resources must be better protected with larger wetland buffers and stricter enforcement of local wetland bylaws.

CONNECTIVITY OF OPEN SPACE

The Sudbury Reservoir and its adjacent conserved lands create a contiguous area that provides important wildlife habitat, water filtration, and carbon-emissions offset. This land is connected to conserved areas in adjacent towns and connects to wildlife corridors that run throughout the region. Protecting additional land adjacent to this already-protected open area would add additional wildlife habitat and strengthen the ecological integrity of the land. In addition to the land surrounding the reservoir, there is undeveloped land in the southeastern corner of the town that could provide an important wildlife connection between large open spaces in neighboring Hopkinton and Ashland. These lands are vital for the survival and migration of plant and animal communities in the town and the region and should be prioritized for protection.

SUMMARY OF COMMUNITY'S NEEDS

Continued population growth is a concern for Southborough for several reasons. Residents are concerned that an influx of new development threatens the small-town, rural feel of their community, and that rapid growth strains town services such as schools, recreation facilities, and law enforcement.

Results of the OSRP survey indicate that residents are interested in expanding recreational facilities, especially trails and a new indoor recreation and community center.

Existing trails in the town are widely used and are connected to a broader network of regional trails through regional initiatives such as the Bay Circuit Trail and the Boroughs Loop Trail. The Trails Committee, formed in 2013, has made great progress in working with local partners and state agencies to officially permit trails and expand their use. Their work will continue to be vital to recreation in Southborough given the high level of interest in trails expressed in public feedback.

Southborough's vibrant recreational programs serve thousands of children and adults each year. While the outdoor facilities are robust, they are often challenged by scheduling conflicts. Adding lights to fields, rather than building new fields, could help to accommodate more users by opening fields to night scheduling. Southborough Recreation's indoor programming is especially challenged for space. Currently, indoor programs often use facilities owned privately or by other towns. This arrangement is not ideal because it is dependent upon continued cooperation of those entities, which may change in the future. Alternatively, some programs use public facilities such as public schools, but are challenged by insufficient space for the amount of programming demanded. This reduces the Recreation Department's ability to offer indoor programming, and often forces residents to travel outside of town. A new recreational center is widely supported by the residents and would support the town's current recreation programs, as well as the population growth anticipated from new development.

MANAGEMENT NEEDS & POTENTIAL CHANGE OF USE

While the Town of Southborough officially has the right of first refusal on land in Chapter 61 that is put on the market for sale, there is no official communication process in place to inform relevant parties when these expirations will take place. Creating a town policy about responding to the Town's first right of first refusal, and identification of conservation entities that they could work with, will assist in the prevention of important working landscapes being lost to development.

According to the OSRP Survey, 78% of respondents believe the Town should pursue increased use of the Sudbury Reservoir for passive recreation. The Town should conduct further research to determine if this is feasible.

MASSACHUSETTS STATEWIDE COMPREHENSIVE OUTDOOR RECREATION PLAN (SCORP) 2017

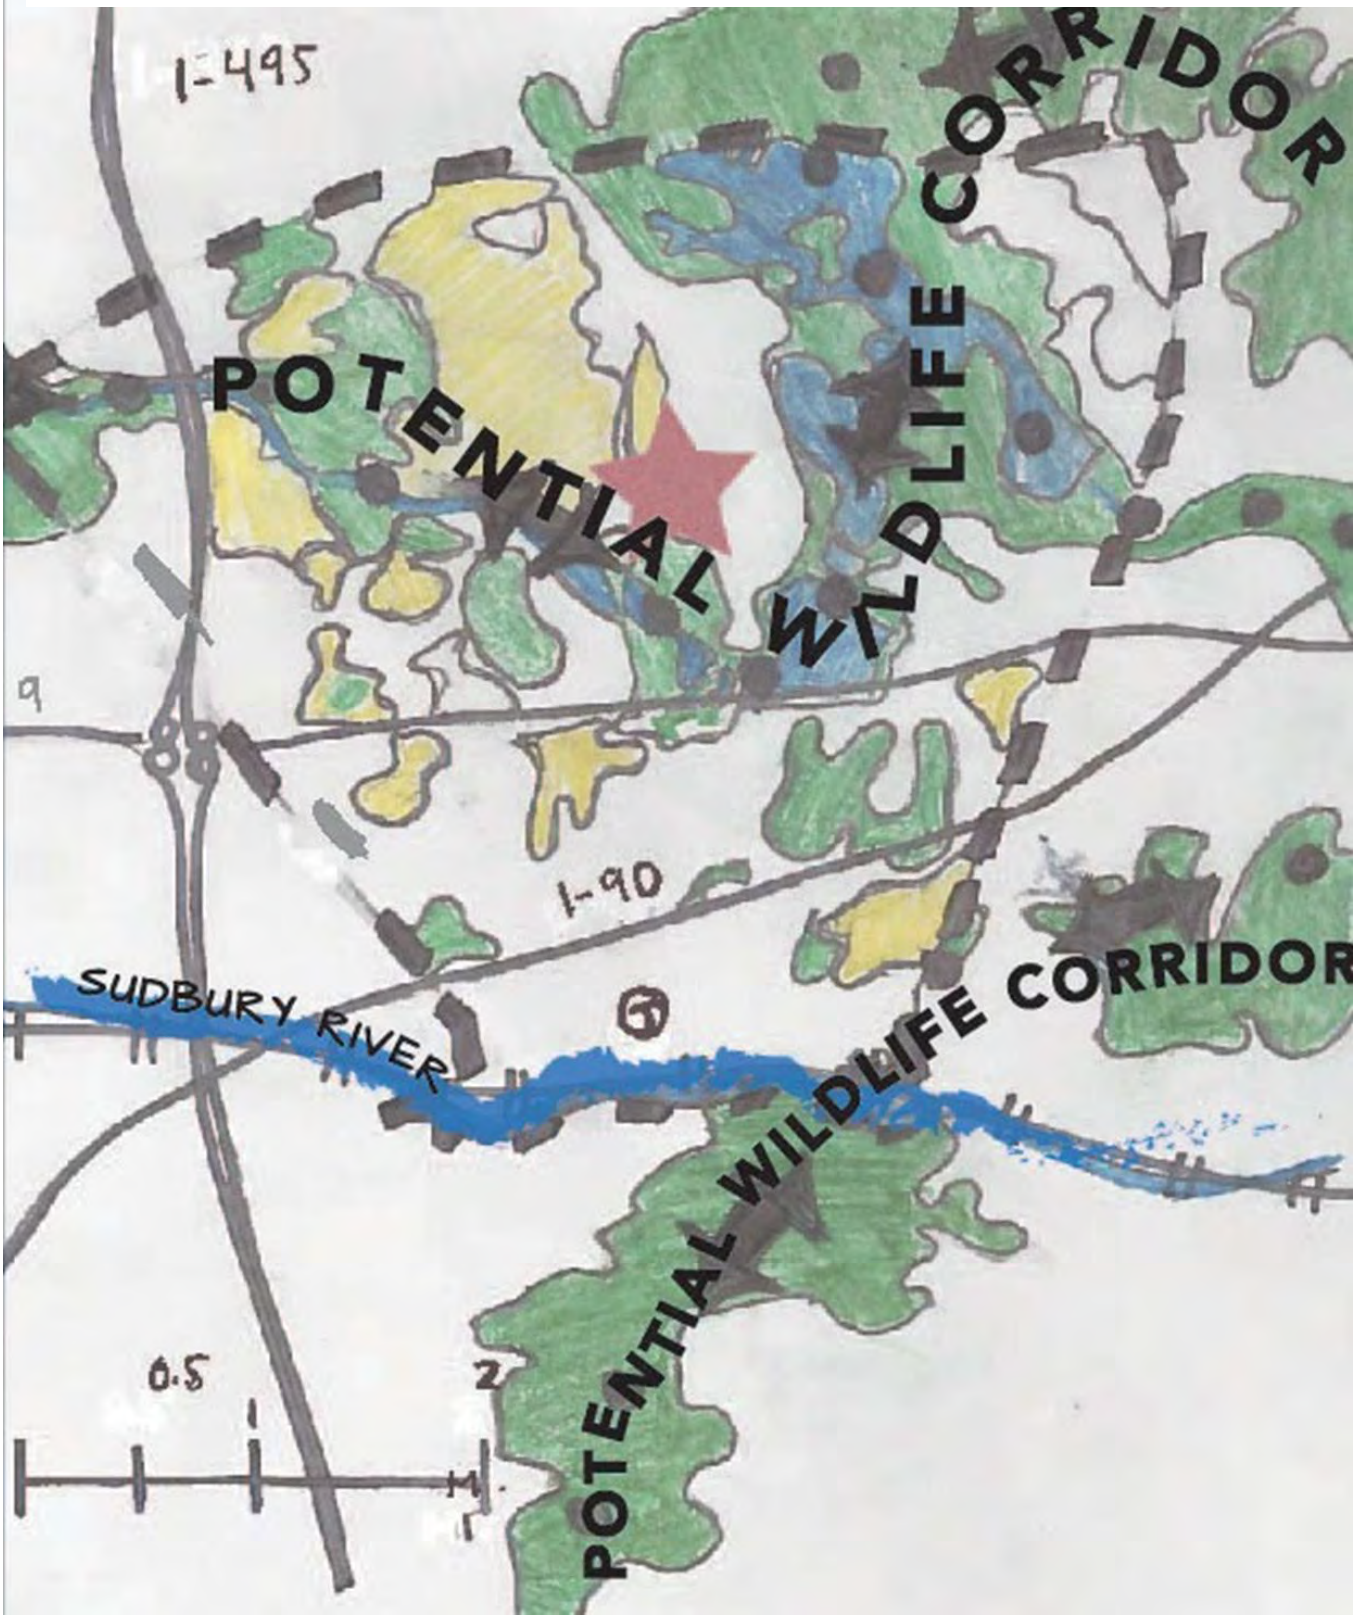
An important aspect of an Open Space and Recreation Plan is to see how the Town compares to resource needs in the region Over 50% of adults throughout the state mentioned that their top outdoor activity was walking, jogging or running which aligned with the town's response of 74% have a top recreation priority of passive recreation trails. Road biking was much higher of a priority within the town with a 64.6% response versus the SCORP's 18%. Another high response within the Town's results was 40% find that children's play areas are a priority to them for recreation.

Like SCORP, Southborough residents commonly use recreation areas or facilities under 10 times a year but are generally satisfied by the number of places available for recreation purposes and are satisfied with the general condition of them.

It is clear that through the results seen in Appendix #1 that the town has a wide variety of recreational interests and it is important that we continue to prioritize parcels and add additional areas for active or organized recreational uses especially along the Reservoir.

A DIRECTION FORWARD

Conserving land adjacent to open, protected land could strengthen Southborough's ecological integrity by building up wildlife corridors, particularly around the Sudbury Reservoir and the Sudbury River. Farm-appropriate soil, highlighted in yellow, is valuable both for potential future agriculture and for conservation, since fertile soil is often able to support a wide variety of plants and animals. Focusing on the areas identified can help Southborough work towards a greener future.



Section 8: Goals and Objectives

GOAL #1: The community's needs for sufficient active recreational facilities and infrastructure are met.

Objectives:

a. New residential development includes funds for recreation facilities.
b. The use of existing active recreation fields, including school facilities, is documented, updated, and published regularly.
c. Multi-use trail and sidewalk systems satisfy the community's walking and biking needs.
d. Sidewalks and trails connect across the Sudbury Reservoir and Route 9; sidewalks and trails connect to adjacent municipal and regional trail networks.
e. New active recreational facilities, as determined through a needs assessment based on existing and projected recreational use data and community input, are sited appropriately and funded.

GOAL #2 Parcels of conservation interest are permanently protected to support ecological integrity and connectivity of open space for wildlife and people.

Objectives:

a. Parcels contiguous with open space around the aqueduct and reservoir are permanently protected.
b. Parcels of high ecological integrity are permanently protected.
c. The scenic and natural character of the town is preserved.
d. Parcels contiguous to protected open space near the Bay Circuit and Boroughs Loop Trails are permanently protected.
e. Connected open space between municipalities strengthens wildlife corridors and contributes to regional wildlife corridors.
f. Rare and endangered plant and wildlife species in Southborough are identified and designated by the Town and/or appropriate state and federal agencies for legal protection.

GOAL #3: Existing open space and recreational facilities are maintained and appropriately improved or expanded based on community needs.

Objectives:

a. Signs, maps and user-friendly amenities are located for visibility and ease of use.
b. There is safe and appropriate parking at designated open space and recreation areas.
c. ADA compliance standards are met for appropriately designated facilities.
d. Invasive plant species are managed and replaced by plants native to the region.
e. The level of service for open space and recreation areas is documented, updated, and published regularly.
f. Appropriate land is identified and designated solely for ecological biodiversity.
g. Adequate funding is provided for routine maintenance, including land stewardship, which meets or exceeds the level of service for each open space and recreation area.

GOAL #4: Agriculture is preserved and promoted as an important aspect of community character.

Objectives:

a. Land with agricultural capability is prioritized for conservation.
b. Existing farmland is maintained in agricultural use, or preserved as open space so that land may be available for future farming.
c. Active farms are encouraged to participate in Chapter 61A designation and other state programs designed to protect and preserve organic agriculture.

GOAL #5: Groundwater and surface water are protected as clean and abundant resources.

Objectives:

a. The public understands the importance of clean water as a natural resource.
b. Southborough's water resources are identified and designated for appropriate protection by the Town and/or appropriate state and federal agencies.
c. Rare and endangered aquatic species in town waterways are identified and designated by the Town and/or appropriate state and federal agencies (e.g., NHESP).

GOAL #6: The community protects biodiversity and is resilient to climatic change.

Objectives:

a. Promoting native plants and pollinators are integrated into public projects, private development, and the education curriculum.
b. All town-owned property is managed in an ecologically sensitive manner.
c. Local bylaws protect native plants and pollinators by implementing appropriate landscaping, lighting, drainage, and low impact site development and maintenance practices.
d. The public understands the importance of preserving biodiversity in adapting to climate change.
e. Land that has potential for future flood storage capacity is identified and protected.
f. Expanded trail and sidewalk systems promote walkability and cycling within town and decrease dependence on motor vehicles.

Section 9: Seven Year Action Plan

	Organization
ADA	Americans with Disabilities Act Committee
CON	Conservation Commission
CPC	Community Preservation Committee
ENV	Environmental Club
GOLF	Golf Course Committee
OSPC	Open Space Preservation Commission
PLAN	Planning Board
REC	Recreation Commission
SEL	Selectmen
STEW	Stewardship Committee
TRA	Trails Committee

	Potential Funding Sources
CPA	Community Preservation Act
END	Endowment Fund
GEN	General Fund
GRA	Grant
PRI	Private Fundraising / Donations

YEAR 1:

Goal	Action	Responsible Party	Partners	Funding
1	Evaluate and inventory the current active recreational facilities available in Town; including use, scheduling and appropriate level of service	REC		BGT
1	Establish appropriate levels of service for existing facilities based on inventory and use evaluation	REC		BGT
1	Document anticipated future active recreation facilities needs for the community	REC		BGT
1	Outline budget to continue to maintain existing facilities and fund identified improvements or appropriate new recreation facilities	REC		BGT, GRA, PRI, END
1	Identify opportunities to share recreation facilities with private schools and organizations located in Town	REC	BOS	PRI
1	Explore the creation of multi-use trails for biking, hiking, and walking and new connecting trails and sidewalks	REC, TRA	CON, OSPC, STEW	BGT, CPA, GRA
1	Develop website plan managing content creation and updates for all open space and recreation information	CON, REC	OSPC, STEW, TRA	BGT, GRA
2	Create an education plan for publicizing conservation options and benefits for private landowners	OSPC		BGT
2	Work with private landowners to conserve land for conservation and natural resource protection	OSPC	CON	BGT, GRA, PRI
2	Develop a plan and process for permanently protecting identified parcels prior to their sale or development	OSPC	CON, PLAN, BOS	BGT, CPA,

2	Create a process to continually review an update GIS data of protected open space	OSPC, PLAN		BGT
2	Create a plan to inventory and map natural, rare or endangered species in Town	ENV	CON, OSPC	PRI
2	Develop flora and fauna inventories for open space lands and public water bodies	ENV	CON, OSPC	BGT, CPA, GRA
2	Develop zoning regulations that create appropriate permanently protected publicly accessible open space with dedicated access on public roads	PLAN	OSPC	BGT, CPA, GRA
3	Engage with the Department of Conservation and Recreation to amend existing agreement to include 911 Loop Trail & the proposed Peninsula Trail near Fayville Dam	TRA	BOS	BGT
3	Respond to the needs from inventory of ADA Compliance	TRA, ADA		CPA, GRA
3	Create additional signs and maps to make areas clearly easy to navigate	TRA, REC	CON	BGT, GRA
3	Develop plans to add additional parking facilities at recreational and open space areas, as needed	TRA, REC	CON, OSPC, BOS	BGT, GRA, PRI,
3	Continuously update the website and provide up-to-date information about open space and recreation and related activities/events	TRA, REC	CON, OSPC	BGT
3	Leverage existing and evolving technology to increase community awareness and engagement about open space, trails, and recreation opportunities	TRA, REC	CON, OSPC	BGT
3	Create comprehensive electronic website that detail trails, conservation lands, and facilities	TRA, REC	CON, OSPC	BGT
3	Strengthen partnerships with municipal departments, committees, boards, commissions, other trail organizations, neighboring organizations, state representatives and federal entities as applicable	TRA, REC	CON, OSPC, PLAN, BOS	BGT, GRA
3	Enhance the walkability in Southborough through implementing the recommendations from the Sidewalk Study	TRA, REC	ADA, PLAN	BGT
3	Create and implement comprehensive invasive plant species removal and replacement plan that prioritizes public open space properties; including trails, conservation lands, and facilities	STEW	CON, ENV, OSPC, TRA	BGT, GRA, PRI

3	Create a natural mosquito management plan for Breakneck Hill Conservation Land.	STEW	ENV	BGT, GRA, PRI
3	Update the management plan for Breakneck Hill Conservation Land and include a regular schedule for reviewing and revising the plan moving forward	STEW	OSPC	BGT, GRA, PRI
3	Create a signage and parking area repair and maintenance plan for Breakneck Hill Conservation Land that includes new kiosks at the parking areas	STEW	OSPC	BGT, GRA, PRI
3	Install birdhouses and bat boxed and create a maintenance plan for annual monitoring of the boxes for Breakneck Hill Conservation Land	STEW	OSPC	BGT, GRA, PRI
3	Research process for funding paid Stewardship staff	STEW	CPC, BOS	CPA, END, BGT, PRI
3	Identify, inventory, and certify qualifying vernal pools within town-owned open space properties	STEW	ENV	BGT, PRI
4	Identify, inventory and map prime agricultural lands and lands with agricultural capability	CON, PLAN		BGT
4	Seek opportunities to network with organic farms, municipal organic farming programs, or other appropriate organic agriculture opportunities	ENV	CON, PLAN	BGT
5	Leverage existing and evolving technology to increase community awareness and engagement about watershed protection, stormwater, and surface water	CON		BGT
5	Create a plan to inventory, map, and protect natural, rare or endangered aquatic species in Town waterways	CON	ENV	BGT

YEAR 2:

Goal	Action	Responsible Party	Partners	Funding

Section 10: Public Comment

SMART GROWTH AND REGIONAL COLLABORATION

February 12, 2020

Melissa Cryan
Executive Office of Energy and Environmental Affairs
100 Cambridge St. – Suite 900
Boston, MA 02114

Dear Ms. Cryan:

The Town of Southborough's "Open Space and Recreation Plan Update" was recently submitted to the Metropolitan Area Planning Council (MAPC) for review.

The Division of Conservation Services (DCS) requires that all open space plans must be reviewed by the applicable regional planning agency. This review is advisory and only DCS has the power to approve a municipal open space plan. While your office reviews open space plans for compliance with your guidelines, MAPC reviews these plans for their attention to regional issues generally and more specifically for consistency with *MetroFuture*, the regional policy plan for the Boston metropolitan area.

Consistency with MetroFuture - *MetroFuture* is the official regional plan for Greater Boston, adopted in 2008 in accordance with the requirements of Massachusetts General Law. The plan includes 65 goals and objectives as well as 13 detailed implementation strategies for accomplishing these goals. We encourage all communities within the MAPC region to become familiar with the plan by visiting www.mapc.org/get-involved/metrofuture-our-regional-plan. (We also note that MAPC and its member communities are now in the process of developing a new regional plan, which will look out to 2050, and is accordingly called *MetroCommon 2050*.)

We are pleased to see that the Southborough Open Space and Recreation Plan (OSRP) will help to advance several *MetroFuture* goals and implementation strategies that relate specifically to open space, recreation, agriculture, trails, and the environment generally.

The OSRP also directly recognizes sustainability and climate change as a pressing environmental challenge and several of the OSRP's goals include actions that would enhance the Town's sustainability and build resilience against the present and anticipated effects of climate change. This will be relevant for the ongoing efforts to develop Municipal Vulnerability Preparedness and Local Hazard Mitigation Plans.

Surrounding communities – Several regionally significant protected parks and conservation areas are located within Southborough. The Sudbury Reservoir, which extends northerly into Marlborough, is owned and managed by the Department of Conservation and Recreation (DCR). The Sudbury River runs along the southern boundary of Southborough, along its border with Hopkinton and Ashland. Within Southborough, portions of land adjacent to the river are protected through ownership by land trusts or private conservation organizations, as well as conservation restrictions. We positively note that the OSRP cites prior regional open space planning efforts – specifically the MetroWest Regional Open Space Connectivity Plan – and highlights the importance of continuing to identify and pursue regional open space planning.

The Southborough Open Space and Recreation Plan provides a great deal of detail regarding its parks and open spaces, which includes an assessment of their current condition and future needs. It should serve the Town well as it continues its efforts to preserve open space and provide for the recreational needs of its residents.

Re: 2019 Open Space and Recreation Plan

Dear Ms. Cryan:

As requested, the Planning Board reviewed the 2019 Open Space and Recreation Plan that has been conditionally approved by the EEA. At their meeting on January 27, 2020, the Planning Board discussed and unanimously agreed (Morris, Mills, Stein, Luttrell, Hoolahan) to support the document.

The Planning Board and Planning Department greatly appreciate the effort set forth by you and the participating review members, Meme Luttrell and Frederica Gillespie, in preparing the updated 2019 Open Space and Recreation Plan.

Sincerely,

Karina G. Quinn

Subject: 2019 Open Space & Recreation Plan

Ms. Cryan,

The Conservation Commission has extensively reviewed the conditionally approved document and is in support of the items and actions listed within it. As a responsible party on several action items, the Commission is fully aware and willing in progressively working towards their completion.

In the meantime, the Commission has further mapped out their responsibilities and specific tasks and have found that the actions accurately align with the responsibilities and goals of the Conservation Commission. With changes that are happening within our environment, we realize it is important to address many issues regarding water quality and land preservation to better preserve the resources that remain.

In conclusion, the Conservation Commission is in support of the full approval of the 2019 Open Space & Recreation Plan and aim to work consistently and in collaboration with other responsible parties.

Sincerely,

Melissa Danza

Conservation Agent

Appendix #1: Open Space and Recreation Plan Survey Results

1. Do you feel there is a need to preserve open space and natural areas in Southborough?		
	Number of Response(s)	**Response Ratio**
Yes	207	97.1%
No	5	2.3%
No Response	1	<1%
Total	213	100%

2. How important is it to you to preserve: 1 Very Important, 2 = Important, 3 Neutral, 4 Less Important, 5 Not Important					
Top number is the count of respondents selecting the option. Bottom % is the percent of the total respondents selecting the option.	**1**	**2**	**3**	**4**	**5**
Open spaces to protect conservation values such as wildlife habitat, clean air and water, and scenic views.	167 79%	33 16%	6 3%	4 2%	1 0%
Properties of historical value or interest	92 44%	71 34%	33 16%	11 5%	4 2%
Open spaces for aesthetics or passive recreation	115 55%	66 32%	22 10%	6 3%	2 1%
Open space to meet our active recreational needs	119 56%	68 32%	19 9%	2 1%	3 1%
Farmlands and rural landscapes	110 52%	65 31%	25 12%	8 4%	3 1%

3. Which of the following most closely represents your opinion regarding the state of unprotected open space in Southborough?		
	Number of Response(s)	**Response Ratio**
Southborough needs to protect all undeveloped parcels in Town.	61	28.6%
Southborough should only identify key parcels to be permanently protected open space	127	59.6%
Southborough should only consider protecting additional open space when cost is minimal	21	9.8%
Southborough should encourage further development on all presently undeveloped parcels	3	1.4%
No Response	1	<1%
Total	213	100%

4. What actions do you favor to preserve open space? List in preference order.					
Top number is the count of respondents selecting the option. Bottom % is the percent of the total respondents selecting the option.	**1**	**2**	**3**	**4**	**5**
Pursue conservation restrictions	80 39%	57 28%	31 15%	20 10%	19 9%
Town purchase of land	32 15%	31 15%	45 22%	56 27%	43 21%
Donate money to buy land	7 3%	12 6%	34 16%	55 27%	99 48%
Town-supported land acquisition program	34 16%	46 22%	66 32%	53 26%	8 4%
Open space requirements within zoning	54 26%	61 29%	31 15%	23 11%	38 18%

5. Should the Town pursue the increased use of the reservoir for passive recreation?		
	Number of Response(s)	**Response Ratio**
Yes	168	78.8%
No	44	20.6%
No Response	1	<1%
Total	213	100%

6. Are you satisfied the places available in town for active/organized recreational use for children?		
	Number of Response(s)	**Response Ratio**
Yes	137	64.3%
No	74	34.7%
No Response	2	<1%
Total	213	100%

7. Are you satisfied the places available in town for active/organized recreational use for adults?		
	Number of Response(s)	**Response Ratio**
Yes	122	57.2%
No	89	41.7%
No Response	2	<1%
Total	213	100%

8. Are you satisfied with the general condition of the recreational facilities?		
	Number of Response(s)	**Response Ratio**
Yes	164	76.9%
No	47	22.0%
No Response	2	<1%
Total	213	100%

9. Please check your top five recreation priorities:		
	Number of Response(s)	**Response Ratio**
Bike trails	137	64.6%
Children's play areas	85	40.0%
Family picnic areas	53	25.0%
Golf	16	7.5%
Baseball/softball field	22	10.3%
Basketball courts	18	8.4%
Passive recreation trails	157	74.0%
Ice skating	18	8.4%
Large park with many facilities	58	27.3%
Local neighborhood parks	72	33.9%
Recreation/community center	72	33.9%
Soccer fields	45	21.2%
Swimming	66	31.1%
Tennis courts	38	17.9%
Fishing	23	10.8%
Boating (non-motorized)	65	30.6%
Birding	35	16.5%
Skate parks	4	1.8%
Football	2	<1%
Gardening	38	17.9%
Total	213	100%

10. How often do you visit or use the following for recreation during a year? 1 101+, 2 = 51 100, 3 = 11 50, 4 1 10, 5 Never					
Top number is the count of respondents selecting the option. Bottom % is the percent of the total respondents selecting the option.	**1**	**2**	**3**	**4**	**5**
Harold E. Fay Memorial Playground (Central St.)	1 0%	7 3%	37 18%	67 33%	92 45%
School Playgrounds (when school is not in session)	3 1%	16 8%	61 30%	71 35%	53 26%

Appendix 2: Report of the Sidewalk Construction Recommendation Committee

TOWN OF SOUTHBOROUGH

REPORT OF THE SIDEWALK CONSTRUCTION RECOMMENDATION COMMITTEE

1. **Our Mission:**
The mission of the 2015 Southborough Sidewalk Construction Recommendation Committee is to develop an impartial review and evaluation for identifying streets that have a need for the construction of a new sidewalk. During this process we considered many factors, including but not limited to: Town destinations, ease of construction, environmental impacts, drainage impacts, right-of-way needs, connectivity, etc. More specifically, the Board of Selectmen charged us with the following:

- Review plans of the Town that indicate "through" streets and sidewalk locations;
- Develop a list of walking destinations;
- Create a list of streets where sidewalks would be utilized using the destination list;
- Develop a list of criteria to prioritize the need for sidewalks; and
- Prioritize the list of streets based on the criteria developed so the DPW can work toward funding and constructing the priority sidewalks

The following sections provide more information on **Our Committee**, **Our Process**, and **Our Recommendations**.

2. **Our Committee:**
The committee was made up of seven members, six were appointed by the Board of Selectmen. The following provides a list of the seven members and their associated committee title.

- Recreation Director (Doreen A. Ferguson, Vice Chair);
- One (1) Public Safety Official (Joseph C. Mauro, Fire Chief) ;
- One (1) member of the Public Works Planning Board (Susan G. Baust, Secretary);
- One (1) member of the Council on Aging (Bill Harrington);
- Two (2) Citizens-At-Large (Matthew J. Chase – Chair; and Robert B. Bezokas);
- One (1) member of the Southborough School System, appointed by the School Superintendent (James Randell, Principal Mary E Finn School); and
- DPW Superintendent (Karen Galligan, Ex-Officio)

This Committee worked closely with the DPW Superintendent during this process to develop a comprehensive document that ranks streets based on ten evaluation criteria. The criteria were developed in a manner to assess priorities that should be considered when

evaluating the need for a new sidewalk. The final product developed was an integrated MS Excel evaluation matrix that assesses each street against the selected criteria. The next section describes **Our Process**.

3. Our Process

The Committee developed an Evaluation Matrix to prioritize projects, or "through" streets that justify the need for a sidewalk today and/ or in the future. The criteria that was developed included ten (10) categories where each category received a ranking score between one (1) and ten (10); therefore, the total score for all categories would not exceed 100. In addition, the functional classification of each street was identified. The functional classifications aided the Committee in determining the streets that likely have the highest traffic demand, pedestrian demand, conflict points, etc. The following provides more details on the terms used in our evaluation matrix. The matrix has been attached to this summary and has been provided in an electronic format (excel) to DPW.

Functional Classification: The functional classification noted in the matrix is defined as: Arterial (A), Collector (C), or Local Roadways/ Streets (L). In general, Arterials typically carry more traffic than a Collector since they connect regional destinations. Collectors typically carry more traffic than a Local Street since they connect local/ Town destinations. Local Streets typically have the greatest number of access points/ driveways and serve residential neighborhoods and connecting to Collectors or Arterials. It is noted that there are always exceptions to this rule where Collectors could carry more traffic than Arterials or Local Streets could carry more traffic than Collectors; etc.

Categories: Each category number 1 through 10 in the matrix was assigned a score between 1 and 10. Each Committee member determined a score and through discussions at several of our meetings, the Committee determined the most appropriate score for each category of each street. The total score would be the sum of all 10 categories for a possible score of 100. This total score was used to prioritize the need for the streets identified in the matrix. It is noted that there is a potential for some streets to have the same score. The following summarizes how the scoring of each category works:

1. Traffic Volumes: Streets that carry more traffic could have more opportunities for pedestrian-vehicle conflicts. The higher the score, the higher the amount of traffic.

2. Pedestrian Activity: Is there known pedestrian activity on the street today, are there pedestrian foot paths along the side of the street, etc.? The higher the score in this category indicates that there is a good amount of pedestrian activity.

3. Safety: Does the street have known safety concerns or has there been a number crashes along the street? Is there limited sight distance (vertical or horizontal curves in the street) or high vehicle-speeds? The higher the score, the more issues known.

4. Available Right-of-Way: Is the right-of-way wide enough to accommodate a sidewalk(s), or will property acquisitions and easements be needed? A higher score in this category indicates that right-of-way is NOT likely needed and sidewalks can be accommodated fairly easily.

5. Connections to Destinations: Does the street lead to/ from destinations in Town, or is the street a designated walkway for Town activities, emergency routes, etc.? A high score in this category indicates connections are of significant importance.

6. Connectivity: Is there a sidewalk already on the street today, or would providing a sidewalk make a connection to another street that already has a sidewalk. Improving sidewalk connectivity by constructing a new sidewalk would warrant a high score for this category.

7. Environmental Impacts: Are there environmental impacts associated with the construction of a sidewalk? A high score in this category would indicate that there are NOT any environmental impacts, while a low score would indicate environmental impacts could be expected.

8. Construction Challenges: Are there other challenges when constructing a sidewalk; for example, would the proposed sidewalk abut a stone wall, or does the street have a narrow cross section, thus providing minimal clearances from obstructions or vehicles? Are utility poles to be located within the sidewalk;

which could limit the ability to meet ADA requirements? Does street drainage become an issue with a new sidewalk and associated curb? A high score indicates that there are likely minimal challenges during construction.

9. Conforms to Town Goals: Goals and Visions have been identified in past studies throughout the community. For example, the Town's Master Plan. Has the street been identified as part of a previous goal or vision where improvements are needed? If the street is part of another plan, this category would receive a higher score. It is noted that for this category all streets received a score of five, since is was difficult to identify whether one street conformed to Town goals more so than another.

10. Future Need: Are there any known future developments or potential developments that might warrant consideration of a sidewalk? Areas where land could be redeveloped could be of concern, thus a higher score would be considered in this category.

4. Our Recommendations

The matrix that was developed can be sorted by each category or by the total score of all 10 categories. At the end of our scoring, the streets were ranked and sorted based on their ranking. In developing our rankings, the following construction guidelines were discussed and considered:

- Sidewalks should generally be 6-feet wide (including a 6-inch curb) unless there is some constraint that would prohibit this width; however, all applicable ADA requirements shall be met.

- The street cross section should be of sufficient width to accommodate user demand and provide adequate buffers between sidewalks, shoulders, travel lanes, and obstructions such as walls, utility poles, mail boxes, etc. In general, it was decided that the ideal street width to accommodate shoulders for bicycles and travel lanes for cars is 32-feet (5-foot shoulders and 11-foot travel lanes). In some instances, and dependent on the functional classification of the street, etc., the street cross section could be reduced to 26-feet (13-foot shared travel lanes and shoulders).

- Generally, to reduce costs, sidewalks and curbs could be constructed of asphalt; however, certain publicly important areas, such as, downtown and other high visibility areas could include other construction materials, such as concrete, and granite curbing as funding allows.

The following provides a snap shot of the top 10 streets from the matrix table. It is noted that costs associated for each location were not developed, as limited "plan" information was available and the Committee needed to complete this assignment by January 4, 2016. Preparing cost estimates would have significantly increased the amount of time to complete this assignment.

		Sidewalk Construction Recommendation Committee, Evaluation Matrix												
Street Name	***Functional Classification***	***1. Traffic Volumes***	***2. Pedestrian Activity***	***3. Safety***	***4. Available Right-of-Way***	***5. Connects to Destination***	***6. Connectivity***	***7. Environmental Impacts***	***8. Construction Challenges***	***9. Conforms to Town Goals***	***10. Future Need***	***Total Score (out of 100)***	***RANKING***	***Notes***
Marlboro Rd (Rte 85), north of Rte 30	A	9	9	9	9	9	9	8	8	5	1	76	1	Sidewalk on/ north of RR bridge
Newton Street	A	7	6	7	8	8	9	8	7	5	9	74	2	
Cordaville Rd (Rte 85), south of Rte 30 north of Rte 9 (causeway excluded)	A	9	6	9	9	8	8	9	9	5	1	73	3	
Oak Hill Road	A	5	7	9	8	8	8	8	7	5	5	70	4	
Richards Road (east)	C	7	7	6	8	9	8	8	8	5	1	67	5	
Clifford Street	C	5	8	9	8	8	5	6	6	5	5	65	6	
Main Street (west of Sears Rd)	A	9	6	8	9	5	6	8	8	5	1	65	6	State Owned
School Street	L	3	8	6	6	7	9	8	4	5	7	63	8	
Flagg Road	C	5	9	9	7	6	1	6	5	5	9	62	9	
Latisquama Road	C	3	9	6	8	9	7	8	6	5	1	62	9	
Parkerville Rd (south Rte 9, north I-90)	C	5	9	7	9	8	5	6	7	5	1	62	9	

As seen in the image above, Marlboro Road (Route 85, north of Route 30) received the highest score out of all the streets reviewed. Notes were added where appropriate to call out important information that the reader should be aware of. As previously noted, the matrix can be sorted based on street name, any of the ten categories, total score or ranking. Additional engineering is needed to determine more specific impacts and construction costs. It is noted that Main Street (west of Sears Road) was added by the

Committee for future consideration and coordination with MassDOT.

This Committee recommends this criteria and associated ranking matrix be adopted for current use in evaluating sidewalk construction, and for future use in prioritizing how funding limited tax dollars should be spent to improve Southborough's sidewalk network.

For the Committee,

Matthew J. Chase, PE, PTOE
Committee Chair

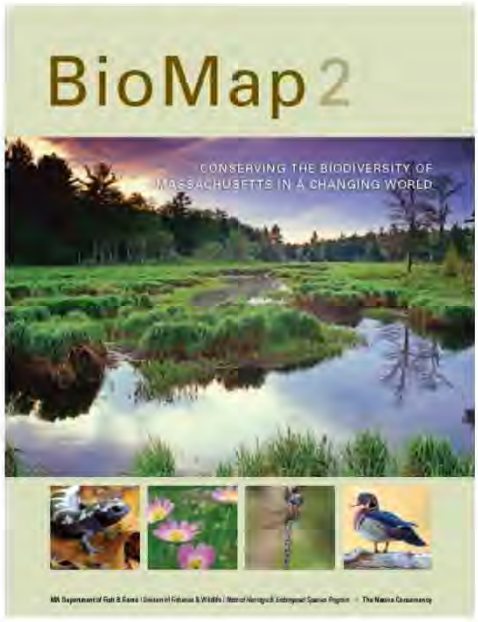
Critical Natural Landscape Summaries

Introduction

The Massachusetts Department of Fish & Game, through the Division of Fisheries and Wildlife's Natural Heritage & Endangered Species Program (NHESP), and The Nature Conservancy's Massachusetts Program developed *BioMap2* to protect the state's biodiversity in the context of climate change.

BioMap2 combines NHESP's 30 years of rigorously documented rare species and natural community data with spatial data identifying wildlife species and habitats that were the focus of the Division of Fisheries and Wildlife's 2005 State Wildlife Action Plan (SWAP). *BioMap2* also integrates The Nature Conservancy's assessment of large, well-connected, and intact ecosystems and landscapes across the Commonwealth, incorporating concepts of ecosystem resilience to address anticipated climate change impacts.

Protection and stewardship of *BioMap2* Core Habitat and Critical Natural Landscape is essential to safeguard the diversity of species and their habitats, intact ecosystems, and resilient natural landscapes across Massachusetts.



Get your copy of the *BioMap2* report! Download from www.mass.gov/nhesp or contact Natural Heritage at 508-389-6360 or natural.heritage@state.ma.us.

What Does Status Mean?

The Division of Fisheries and Wildlife determines a status category for each rare species listed under the Massachusetts Endangered Species Act, M.G.L. c.131A, and its implementing regulations 321 CMR 10.00. Rare species are categorized as Endangered, Threatened or of Special Concern according to the following:

- Endangered species are in danger of extinction throughout all or a significant portion of their range or are in danger of extirpation from Massachusetts.
- Threatened species are likely to become Endangered in Massachusetts in the foreseeable future throughout all or a significant portion of their range.
- Special Concern species have suffered a decline that could threaten the species if allowed to continue unchecked or occur in such small numbers or with such restricted distribution or specialized habitat requirements that they could easily become Threatened in Massachusetts.

In addition NHESP maintains an unofficial watch list of plants that are tracked due to potential conservation interest or concern, but are not regulated under the Massachusetts Endangered Species Act or other laws or regulations. Likewise, described natural communities are not regulated by any law or regulations, but they can help to identify

For more information on rare species and natural communities, please see our fact sheets online at www.mass.gov/nhesp.

ecologically important areas that are worthy of protection. The status of natural communities reflects the documented number and acreages of each community type in the state:

- Critically Imperiled communities typically have 5 or fewer documented sites or have very few remaining acres in the state.
- Imperiled communities typically have 6-20 sites or few remaining acres in the state.
- Vulnerable communities typically have 21-100 sites or limited acreage across the state.
- Secure communities typically have over 100 sites or abundant acreage across the state; however, excellent examples are identified as Core Habit to ensure continued protection.

In 2005 the Massachusetts Division of Fisheries and Wildlife completed a comprehensive State Wildlife Action Plan (SWAP) documenting the status of Massachusetts wildlife and providing recommendations to help guide wildlife conservation decision-making. SWAP includes all the wildlife species listed under the Massachusetts Endangered Species Act (MESA), as well as more than 80 species that need conservation attention but do not meet the requirements for inclusion under MESA. The SWAP document is organized around habitat types in need of conservation within the Commonwealth. While the original BioMap focused primarily on rare species protected under MESA, *BioMap2* also addresses other Species of Conservation Concern, their habitats, and the ecosystems that support them to create a spatial representation of most of the elements of SWAP.

BioMap2: One Plan, Two Components

BioMap2 identifies two complementary spatial layers, Core Habitat and Critical Natural Landscape.

Core Habitat identifies key areas that are critical for the long-term persistence of rare species and other Species of Conservation Concern, as well as a wide diversity of natural communities and intact ecosystems across the Commonwealth. Protection of Core Habitats will contribute to the conservation of specific elements of biodiversity.

Critical Natural Landscape identifies large natural Landscape Blocks that are minimally impacted by development. If protected, these areas will provide habitat for wide-ranging native species, support intact ecological processes, maintain connectivity among habitats, and enhance ecological resilience to natural and anthropogenic disturbances in a rapidly changing world. Areas delineated as Critical Natural Landscape also include buffering upland around wetland, coastal, and aquatic Core Habitats to help ensure their long-term integrity.

The long-term persistence of Massachusetts biological resources requires a determined commitment to land and water conservation. Protection and stewardship of both Critical Natural Landscapes and Core Habitats are needed to realize the biodiversity conservation vision of *BioMap2*.

Components of Core Habitat

Core Habitat identifies specific areas necessary to promote the long-term persistence of rare species, other Species of Conservation Concern, exemplary natural communities, and intact ecosystems.

Rare Species

There are 432 native plant and animal species listed as Endangered, Threatened or Special Concern under the Massachusetts Endangered Species Act (MESA) based on their rarity, population trends, and threats to survival. For

Table 1. Species of Conservation Concern described in the State Wildlife Action Plan and/or included on the MESA List and for which habitat was mapped in *BioMap2*. Note that plants are not included in SWAP, and that marine species such as whales and sea turtles are not included in *BioMap2*.

Taxonomic Group	MESA-listed Species	Non-listed Species of Conservation Concern
Mammals	4	5
Birds	27	23
Reptiles	10	5
Amphibians	4	3
Fish	10	17
Invertebrates	102	9
Plants	256	0
Total	**413**	**62**

BioMap2, NHESP staff identified the highest quality habitat sites for each non-marine species based on size, condition, and landscape context.

Other Species of Conservation Concern

In addition to species on the MESA List described previously, the State Wildlife Action Plan (SWAP) identifies 257 wildlife species and 22 natural habitats most in need of conservation within the Commonwealth. *BioMap2* includes species-specific habitat areas for 45 of these species and habitat for 17 additional species which was mapped with other coarse-filter and fine-filter approaches.

Priority Natural Communities

Natural communities are assemblages of plant and animal species that share a common environment and occur together repeatedly on the landscape. *BioMap2* gives conservation priority to natural communities with limited distribution and to the best examples of more common types.

Vernal Pools

Vernal pools are small, seasonal wetlands that provide important wildlife habitat, especially for amphibians and invertebrate animals that use them to breed. *BioMap2* identifies the top 5 percent most interconnected clusters of Potential Vernal Pools in the state.

Forest Cores

In *BioMap2*, Core Habitat includes the best examples of large, intact forests that are least impacted by roads and development, providing critical habitat for numerous woodland species. For example, the interior forest habitat defined by Forest Cores supports many bird species sensitive to the impacts of roads and development, such as the Black-throated Green Warbler, and helps maintain ecological processes found only in unfragmented forest patches.

Wetland Cores

BioMap2 used an assessment of Ecological Integrity to identify the least disturbed wetlands in the state within undeveloped landscapes—those with intact buffers and little fragmentation or other stressors associated with development. These wetlands are most likely to support critical wetland functions (i.e., natural hydrologic conditions, diverse plant and animal habitats, etc.) and are most likely to maintain these functions into the future.

Aquatic Cores

To delineate integrated and functional ecosystems for fish species and other aquatic

Species of Conservation Concern, beyond the species and exemplary habitats described above, *BioMap2* identifies intact river corridors within which important physical and ecological processes of the river or stream occur.

Components of Critical Natural Landscape

Critical Natural Landscape identifies intact landscapes in Massachusetts that are better able to support ecological processes and disturbance regimes, and a wide array of species and habitats over long time frames.

Landscape Blocks

BioMap2 identifies the most intact large areas of predominately natural vegetation, consisting of contiguous forests, wetlands, rivers, lakes, and ponds, as well as coastal habitats such as barrier beaches and salt marshes.

Upland Buffers of Wetland and Aquatic Cores

A variety of analyses were used to identify protective upland buffers around wetlands and rivers.

Upland Habitat to Support Coastal Adaptation

BioMap2 identifies undeveloped lands adjacent to and up to one and a half meters above existing salt marshes as Critical Natural Landscapes with high potential to support inland migration of salt marsh and other coastal habitats over the coming century.

The conservation areas identified by *BioMap2* are based on breadth and depth of data, scientific expertise, and understanding of Massachusetts' biodiversity. The numerous sources of information and analyses used to create Core Habitat and Critical Natural Landscape are complementary, and outline a comprehensive conservation vision for Massachusetts, from rare species to intact landscapes. In total, these robust analyses define a suite of priority lands and waters that, if permanently protected, will support Massachusetts' natural systems for generations to come.

Legal Protection of Biodiversity

BioMap2 presents a powerful vision of what Massachusetts would look like with full protection of the land most important for supporting the Commonwealth's biodiversity. While *BioMap2* is a planning tool with *no regulatory function*, all state-listed species enjoy legal protection under the Massachusetts Endangered Species Act (M.G.L. c.131A) and its implementing regulations (321 CMR 10.00). Wetland habitat of state-listed wildlife is also protected under the Wetlands Protection Act Regulations (310 CMR 10.00). The *Natural Heritage Atlas* contains maps of Priority Habitats and Estimated Habitats, which are used, respectively, for regulation under the Massachusetts Endangered Species Act and the Wetlands Protection Act. For more information on rare species regulations, and to view Priority and Estimated Habitat maps, please see the Regulatory Review page at http://www.mass.gov/eea/agencies/dfg/dfw/natural-heritage/regulatory-review/.

BioMap2 **is a conservation planning tool that does not, in any way, supplant the Estimated and Priority Habitat Maps which have regulatory significance. Unless and until the** *BioMap2* **vision is fully realized, we must continue to protect our most imperiled species and their habitats.**

Understanding Core Habitat Summaries

Following the Town Overview, there is a descriptive summary of each Core Habitat and Critical Natural Landscape that occurs in your city or town. These summaries highlight some of the outstanding characteristics of each Core Habitat and Critical Natural Landscape, and will help you learn more about your city or town's biodiversity. You can find out more information about many of these species and natural communities by looking at specific fact sheets at www.mass.gov/nhesp.

Additional Information

For copies of the full *BioMap2* report, the Technical Report, and an interactive mapping tool, visit the *BioMap2* website via the Land Protection and Planning tab at www.mass.gov/nhesp. If you have any questions about this report, or if you need help protecting land for biodiversity in your community, the Natural Heritage & Endangered Species Program staff looks forward to working with you.

Town Overview

Southborough lies within the Southern New England Coastal Plains and Hills Ecoregion, an area comprised of plains with a few low hills. Forests are mainly central hardwoods with some transition hardwoods and some elm-ash-red maple and red and white pine. Many major rivers drain this area.

Southborough at a Glance

- Total Area: 9,935 acres (15.5 square miles)
- Human Population in 2010: 9,767
- Open space protected in perpetuity: 2,826 acres, or 28.4% percent of total area*
- *BioMap2* Core Habitat: - acres
- *BioMap2* Core Habitat Protected: - acres or (999.0)%
- *BioMap2* Critical Natural Landscape: 1,358 acres
- *BioMap2* Critical Natural Landscape Protected: 1,209 acres or 89.0%.

CNL 891

Landscape Block

Critical Natural Landscape Summaries

CNL 891

A 1,852-acre Critical Natural Landscape featuring Landscape Block.

Landscape Blocks, the primary component of Critical Natural Landscapes, are large areas of intact predominately natural vegetation, consisting of contiguous forests, wetlands, rivers, lakes, and ponds, as well as coastal habitats such as barrier beaches and salt marshes. Pastures and power-line rights-of-way, which are less intensively altered than most developed areas, were also included since they provide habitat and connectivity for many species. Collectively, these natural cover types total 3.6 million acres across the state. An Ecological Integrity assessment was used to identify the most intact and least fragmented areas. These large Landscape Blocks are most likely to maintain dynamic ecological processes such as buffering, connectivity, natural disturbance, and hydrological regimes, all of which help to support wide-ranging wildlife species and many other elements of biodiversity.

In order to identify critical Landscape Blocks in each ecoregion, different Ecological Integrity thresholds were used to select the largest intact landscape patches in each ecoregion while avoiding altered habitat as much as possible. This ecoregional representation accomplishes a key goal of *BioMap2* to protect the ecological stages that support a broad suite of biodiversity in the context of climate change. Blocks were defined by major roads, and minimum size thresholds differed among ecoregions to ensure that *BioMap2* includes the best of the best in each ecoregion.

Re: Open Space and Recreation Plan; Town of Southborough
NHESP File # 16-35222

Dear Ms. Hunin and Ms. Gramolini:

Thank you for contacting the Natural Heritage and Endangered Species Program regarding a letter for the Open Space and Recreation Plan for the Town of Southborough. Enclosed is information on the rare species, priority natural communities, vernal pools, and other aspects of biodiversity that we have documented in Southborough. The town is encouraged to include this letter, species list, appropriate maps, and the BioMap2 information in the Open Space and Recreation Plan.

Based on the BioMap2 analysis and information discussed below, NHESP recommends land protection in the BioMap2 cores or protecting lands adjacent to existing conservation land – or, best, a combination of both when feasible. All of the areas discussed below are important for biodiversity protection in Southborough. The species of concern observed in Southborough are associated with wetlands and streams, so these are some of the most important areas to protect in this town.

Southborough has a number of Protected Open Space areas, owned by a variety of Conservation organizations. The largest is the land protected by DCR related to the Sudbury Reservoir, providing a greenway and protection to an assortment of wetlands literally crossing through the town. This provides a good building block of protected land and other areas have been protected adjacent to it (see Figure 1, attached).

Enclosed at the end of this letter is a list of rare species and natural communities known to occur or have occurred in Southborough. This list and the list in BioMap2 differ because this list and discussion include all of the uncommon aspects of biodiversity in Southborough that NHESP has documented and BioMap2 focused on occurrences with state-wide significance and included non-MESA listed species of conservation interest from the State Wildlife Action

Natural Heritage & Endangered Species Program

Division of Fisheries & Wildlife
www.Mass.gov/NHESP

Plan (SWAP). In addition, the NHESP database is constantly updated.

In early 2013 we sent each town copies of its *BioMap2* Town Report which were developed to provide local biodiversity information to assist in conservation efforts at the town or regional level. We encourage inclusion of the town BioMap2 report and fact sheets on its components in the OSRP; they are available at http://www.mass.gov/eea/agencies/dfg/dfw/natural-heritage/land-protection-and-management/biomap2/biomap2-town-reports.html. The BioMap2 components relevant to Southborough are BioMap2 Critical Natural Landscape (CNL)_Landscape_Blocks. The components are described in full in the BioMap2 summary report: http://www.mass.gov/eea/agencies/dfg/dfw/natural-heritage/land-protection-and-management/biomap2/biomap2-overview-and-summary.html. [Please note that all of NHESP's web addresses changed in 2013; web addresses in publications from before June 2013, including inside the BioMap2 report, will not work properly.] I encourage you to download species, natural community, and BioMap2 fact sheets from our website to include in the OSRP with the species list and BioMap2 discussion: http://www.mass.gov/eea/agencies/dfg/dfw/natural-heritage/land-protection-and-management/biomap2/biomap2-overview-and-summary.html. For the spotted turtle, a delisted species, see http://www.mass.gov/eea/agencies/dfg/dfw/natural-heritage/species-information-and-conservation/mesa-list/non-listed-species-of-conservation-interest.html. Fact sheets for natural communities can be found at http://www.mass.gov/eea/agencies/dfg/dfw/natural-heritage/natural-communities/natural-community-fact-sheets.html .

There are records of three uncommon species of turtles (Eastern Box, Wood and Spotted Turtle) in Southborough. Protecting all types of wetlands and their surrounding forests and other uplands enhances the habitats of Wood and Spotted Turtle as well as other wetland species, and protects water quality. All three turtle species nest in sandy upland areas and are susceptible to becoming road kill when they move among parts of their habitats. Loss of only a few adults annually can cause populations to decline because of turtles having low replacement rates due to low nest and juvenile survivorship.

The Eastern Box Turtle (SC) is a terrestrial turtle, inhabiting many dry and moist woodland habitats. Habitat for Wood turtles (SC) is streams and rivers, preferably with long corridors of undeveloped, connected uplands extending on both sides of the waterways. Strong populations of Spotted Turtles (Delisted, but included in the 2015 State Wildlife Action Plan as a Species of Conservation Concern) in good habitat – large, unfragmented, protected open space – continue to be of interest to conservation. Spotted Turtles favor wetlands and adjacent forests, and open sandy areas for nesting. They are often associated with vernal pools.

Southborough has one known uncommon plant species. The aquatic plant Featherfoil, *Hottonia inflata*, (Watch List) has submerged feathery leaves and white flowers that rise above the water on a spongy inflated stalk. It grows in quiet backwaters, and pools in streams and swamps.

Southborough has 8 Certified Vernal Pools (CVPs) and 64 Potential Vernal Pools (PVPs) (identified from aerial photographs, needing verification on the ground). It appears that 5 of the CVPs were originally mapped as PVPs, which have been verified. In addition, areas of swamps will provide habitat for many vernal pool species. Southborough's certified vernal pools and potential vernal pools are illustrated on the included Figure 1. Clusters of vernal

pools provide particularly good habitat for species that depend on vernal pools for habitat. The clusters mean that there are alternate habitats if something happens to one pool, and slightly different conditions in each may provide different habitats for pool dependent species. Visiting and evaluating PVPs for certification would provide more protection to these wetlands and the species that use them. Information on certifying vernal pools can be found at: http://www.mass.gov/eea/agencies/dfg/dfw/natural-heritage/vernal-pools/.

NHESP would appreciate all observations of any of the above species or other rare or uncommon animals, plants, vernal pools or natural communities be reported to us, either on paper forms or through the VPRS system (Vernal Pool and Rare Species reporting system), which can be accessed from our website: http://www.mass.gov/eea/agencies/dfg/dfw/natural-heritage/.

The BioMap2 Contributing Natural Landscapes are particularly valuable in ecological terms, and important to the conservation of a variety of species. Completing conservation protection of unprotected land in those areas would enhance the viability of these special areas - size and continuity of open space is particularly important for supporting wildlife populations. Preventing habitat fragmentation is vital in protecting the ecosystem, for the rare species on the enclosed list, as well as for additional common species. Some polygons of both aspects of BioMap2 extend into other municipalities which then provide opportunities to protect large unfragmented areas that will provide the best opportunities to limit further species loss from the Town and region. The BioMap2 Core and CNL polygons are available from MassGIS, and can be viewed at an interactive application to see the broad outlines of the polygons in each Town: http://maps.massgis.state.ma.us/dfg/biomap2.htm.

BioMap2 is more up to date than BioMap and Living Waters, which it replaces. BioMap2 and the original BioMap and Living Waters projects are focused on conservation and intended to be planning tools. They include non-regulated components of biodiversity and include broader areas than do the regulatory maps that NHESP also produces. Estimated Habitat maps are created for use under the Wetlands Protection Act and Priority Habitat maps for use under the Massachusetts Endangered Species Act. These two sets of maps are created for regulatory use, shown in the *Natural Heritage Atlas* (the 2008 Atlas, the 13th edition is the current edition still). Note that Estimated Habitat is a complete subset of Priority Habitat: that is, Estimated Habitat shows a subset of wetland wildlife species' habitats also shown in Priority Habitat with the current habitats of the entire MESA list. These data layers are available from MassGIS, requiring access to some form of GIS to view them (or one can use the on-line viewing tool Oliver at MassGIS) at http://www.mass.gov/anf/research-and-tech/it-serv-and-support/application-serv/office-of-geographic-information-massgis/datalayers/layerlist.html#ConservationRecreation. Town commissions and boards are encouraged to request the assistance of the Natural Heritage and Endangered Species Program in reviewing any project proposed in the habitat areas of the regulatory areas of the maps in the *Natural Heritage Atlas*.

Much of the BioMap2 Contributing Natural Landscape is already protected by the DCR Sudbury Reservoir, though a portion in the northeastern portion of town remains unprotected and may be a good area to target.

Management and monitoring of conservation lands become important as acquisition and protection are accomplished. All wetlands particularly need to maintain their natural water regime, including normal fluctuations and connections with the uplands and other wetlands. Water quantity and quality are ongoing issues for wetlands. Another aspect of managing

conservation lands that is important in many areas is controlling invasive non-native species that alter the habitat and occupy space that native species would otherwise use. We strongly recommend monitoring conservation land, and removing non-native species before they become a problem and impact native species.

Please note that this evaluation is based on the most recent information available in the Natural Heritage database, which is constantly being expanded and updated through ongoing research and inventory. Should new rare species information become available, this evaluation may need to be reconsidered.

Please do not hesitate to contact me at (508) 389-6390 or by email at karro.frost@state.ma.us if you have any questions.

Sincerely,

Karro A. Frost
NHESP Conservation Botanist

This project was made possible with funding from Southborough's Community Preservation Act. This was a project of Southborough's Community Preservation Committee with the oversight and review of the Southborough Open Space Preservation Commission.

This report has no regulatory authority. The report is for informational purposes only. This report contains no stated or implied intent to regulate what can or can't be done on any property identified in the report as containing significant wildlife habitat. This report does not restrict the developmental potential of any property listed. However, the development potential of properties listed may be restricted by regulation independent of this report; for example the Massachusetts Wetlands Protection Act, Southborough Wetlands Protection Bylaw or Southborough Zoning Code.

Mass Audubon works to protect the nature of Massachusetts for people and wildlife. Together with more than 100,000 members, we care for 32,000 acres of conservation land, provide educational programs for 200,000 children and adults annually, and advocate for sound environmental policies at local, state, and federal levels. We are the largest conservation organization in New England. Our statewide network of 45 wildlife sanctuaries welcomes visitors of all ages and serves as the base for our conservation, education, and advocacy work. Through the Ecological Extension Service, Mass Audubon is able to share with conservation partners our broad experience in natural resource inventory and conservation land management based on the work we do on our own wildlife sanctuaries.

Introduction

This report proposes wildlife habitat conservation priorities in Southborough, Massachusetts. Of the many reasons to protect land from development – recreation, aesthetics, town character, drinking water protection, flood prevention, etc. – this analysis focuses on those parts of town that, through their natural condition, location, landscape characteristics, and/or history of hosting unusual species are particularly valuable as habitat. Land protected primarily for its habitat value almost always retains other values; and enhancing habitat value – by increasing contiguous area and building corridors, for example – produces concomitant gains in other values. A land protection strategy built around protection of habitat can fulfill long-term goals for passive recreation, town character, and water resource protection.

This report calls specific attention to landscape features and habitat areas which should be the cores of future protection efforts, and uses lot lines to identify actual parcels that should be conservation priorities. While the conclusions of this analysis should not be considered definitive, this objective analysis can support local knowledge in setting priorities. Future on the ground studies will further differentiate protection priorities.

The importance of this project lies in the threats to wildlife habitat currently posed by development. Mass Audubon and others have identified habitat destruction and fragmentation as the two most damaging processes currently affecting the nature of Massachusetts. Southborough is on the front lines of a wave of residential development radiating along major routes driven by many factors, including commercial development along the highways. Mass Audubon's 2003 report on development patterns, *Losing Ground: At What Cost*, the third edition of a series, maps Southborough in the "sprawl frontier" west of Boston. Census figures from 2000 and updated land use interpretation data demonstrate clearly that development is a major threat.

According to the Federal Census, between 1990 and 2000 the population of Southborough grew by 32.5%, from 6,628 to 8,781 residents. Within roughly the same time period (1985 – 1999), the amount of developed land increased from 2,665 acres to 3,751 acres, an increase of 1,086 acres, or 41% (MassGIS).

This is a rapid rate of growth, and more important is the change in development pattern: with a 677 acre increase in low density residential development – lots greater than ½ acre in size – the number of developed acres per resident has accelerated. In 1985 the developed residential area was 0.30 acres per person (based on 1985 population estimated from 1980 and 1990 census data). In 1999/2000 it was 0.33 acres per person. During the 1990s, **new residential development occurred at the rate of 0.42 acres per person**. As newcomers to town seek their own piece of 'the country', habitat is being converted, fragmented, and degraded.

Perhaps with the type of information provided in this study, the most important wildlife habitat in Southborough can be protected and landscape function can be maintained.

Theory of Conservation Planning

The following section is adapted from Focus Areas for Wildlife Habitat Protection in the Nashua River Watershed *(Collins 2000). Some of the theory discussed has greater*

relevance when applied to areas larger than Southborough, but the concepts remain applicable.

Historically, land conservation efforts have neglected landscape scale planning for habitat protection. Conservation areas, reflecting human values more than habitat values, are often set aside for recreational uses, as drinking water supply buffers, or simply because the land is of little economic value. When biodiversity is considered, acquisition is still frequently driven by threat or opportunity (Prendergast et al. 1997). In the absence of an overall strategy, acquisition of properties for multiple use, with the hope that they will provide functional wildlife habitat, can actually do more harm than good to the long range goal of representing biodiversity. Such uncoordinated efforts are problematic in that they usually do not represent the diversity of natural communities in a region, and, in the end, they increase the cost of establishing a representative system of protected lands (Pressey 1994).

This report is a first attempt at identifying conservation targets in Southborough that will contribute specifically to the representation and maintenance of biodiversity and designing a network of conservation lands that will allow for maintenance of ecosystem integrity in the long term. Targeting lands for habitat protection is an iterative process, and further analyses, at finer scales, will be required to refine the recommendations made here.

Before constructing a habitat protection plan with the goal of representing biodiversity, it is important to understand the four components of biodiversity: genetic, population-species, community-ecosystem, and landscape or regional (Noss 1990). Genetic diversity is the variability of the genetic code in a given species caused by propagation of random mutations. A species that is limited in range, in which the entire population mixes freely, may have very low genetic diversity since there is constant genetic mixing. For another species, one in which populations are largely separated by a mountain range, an ocean, or a highway for instance, genetic diversity may be high as mutations present in one population are rarely introduced into another population by interbreeding.

Population-species diversity is the level most people consider when they think of *biodiversity*. This level involves the number of plant and animal species present in an area *and* their arrangement across the landscape. Ecologists have defined three types of species diversity: alpha-, beta-, and gamma-diversity. Alpha-diversity is simply the number of species present in a single habitat type, the species *richness*; a habitat type with high alpha diversity, such as a rich, mesic forest, would be a conservation priority; beta-diversity is the rate of change in species composition between two habitat types within the same general area; and gamma diversity refers to the rate of change in species composition over larger spatial scales such as ecoregions. High beta- or gamma-diversity would indicate that species face barriers to movement between adjacent communities or ecoregions and indicates the need for many wildlife reserve areas as opposed to one large area that might not capture the full diversity of a region. (Scott et al. 1999).

In order to maintain species level biodiversity, it is essential that a habitat conservation plan capture the full diversity of communities-ecosystems native to an area. A natural community is generally defined as an assemblage of plant species that tend to occur together given similar environmental conditions. A community is frequently named for

the dominant canopy species and/or a landscape feature that controls its occurrence, e.g.: Pitch Pine-Oak Forest, Hemlock Ravine, or Acidic Rocky Summit. If across the landscape of the watershed we found low community diversity, such as second growth White Pine-Oak forests, homogenized by fragmentation and the introduction of exotic plant species, we would expect to find lower species diversity. Thus it is crucial to protect the full variety of natural communities found in the watershed. While conservation efforts often focus on examples of uncommon natural communities, such as Spruce-Tamarack Bogs, it is also important to locate and protect the finest examples of our more common natural communities. Likewise, areas of high community diversity, such as a large, undisturbed core areas with extensive and varied wetlands adjacent to a floodplain forest and a steep rocky slope, should be conservation priorities.

Landscape or regional biodiversity refers to spatial scales that begin to lose relevance to this analysis. In a conservation plan for all of Massachusetts, we would want to balance protection of the coastal landscape with that of marble valleys in the western part of the state. Focusing on the Town of Southborough, we do not face such landscape diversity; however conservation efforts should focus on representing a variety of natural community types found in town.

A well-planned network of protected, undeveloped land, a *reserve system*, should aim to allow for maintenance of biodiversity at each of the four levels of biodiversity: genetic, species, community, and landscape. Higher diversity at each level increases redundancy in ecosystem functions which leads to greater resilience to disturbance.

Reserve Design

Current reserve design theory is based on the core-corridor-buffer model which states that biodiversity at multiple levels will best be maintained in a system of large, undisturbed core areas, surrounded by buffer zones of limited disturbance, and connected by functional corridors for wildlife dispersal (Forman 1995). There are five basic principles of reserve design:

- Large blocks of habitat, containing large populations, are better than small blocks with small populations.
- Blocks of habitat close together are better than blocks far apart.
- Habitat in contiguous blocks is better than fragmented habitat.
- Interconnected blocks of habitat are better than isolated blocks.
- Blocks of habitat that are roadless or otherwise inaccessible to humans are better than roaded and accessible blocks. (Noss et al. 1999)

Large, roadless core areas perform many functions: they provide habitat for species that are extremely sensitive to human disturbance; they serve as "biological fortresses" against invasion of exotic species; and they can serve as control sites for ecosystem research in a landscape where human alteration is nearly all-pervasive (Noss et al. 1999). Smaller core areas serve as secondary habitat and as stepping stones for movement of individuals and populations. Buffers are areas of limited human presence surrounding

core areas. Areas of compromise between conservation and human use, such buffers could include farms, orchards, athletic fields, and low-density residential zones.

Placing pressure on the goals of maintaining contiguity are the many land uses that encourage fragmentation. Mass Audubon and others have identified habitat fragmentation as one of the state's most significant threats to wildlife habitat integrity. Fragmentation, the process of dividing natural lands into smaller and smaller units, is destructive in many ways; it:

- limits foraging area of animals;
- decreases area of interior habitat;
- disturbs natural migration routes;
- limits genetic interaction;
- inhibits dispersal and recolonization after local extinction; and
- restricts scale of natural disturbance regimes.

Depending on the mobility and sensitivity of a given animal species, an insurmountable barrier could be a highway such as Route 9 or a smaller town road, a strip development of buildings and parking lots, a residential cul-de-sac, or a corn field. Plant response to ecological barriers depends largely on habitat requirements and dispersal mechanisms of individual species, but impacts on animals such as pollinators indirectly affect plants. Fragmentation favors habitat generalists and tends to reduce the populations of larger predators. Overabundances of some species can have far reaching impacts on the landscape, as in the case of white tailed deer: their browsing directly impacts diversity and structure of the shrub layer in many of our forests, degrading shrub habitat to the point that heavily browsed areas host fewer shrub-nesting bird species (McShea and Rappole 2000). Increased fragmentation also leads to decreased populations of large carnivores. The removal of top predators can cause the population boom of smaller carnivores no longer competing with or hunted by top carnivores, a process called mesopredator release. Increased populations of mesopredators, such as raccoons and skunks, can negatively impact small mammals, amphibians, birds and their eggs.

Another major threat to wildlife habitat in Massachusetts is the invasion of exotic plant and animal species. "Invasives" are invasive due to dispersal and growth habits (and lack of pathogens and browsers) that allow them to out-compete native plants, thus depressing populations of native plants, and creating a homogenized natural community which is of reduced habitat value to native animals. Seeds of invasive plants disperse along roads and pathways, carried by wind or with vehicle and foot traffic. One small road through an otherwise contiguous forest can serve as a conduit for the introduction of invasive plants. Thus habitat fragmentation contributes directly to the spread of invasive plants.

Edge habitat, or the boundary area between two distinct vegetation types, such as forest and grassland, is often touted as a contributor to biodiversity since many different species make use of such transition zones between cool, shady, tall canopy forest and warm, sunlit openings. In truth these are ecologically important and diverse areas for plants and invertebrates, and edges are heavily used by animals taking advantage of the openings for food and the forest for cover. This information is often used as support for logging or

other land clearing operations with the reasoning that if edge is diverse, and diversity is good, more edge must be better. However edge is a common characteristic of suburban development, and more edge only means larger populations of the same species that currently make use of the area's already abundant edge habitat.

Interior is not exclusive to forests. Grassland, a rapidly declining habitat type in the Northeast, is unique breeding habitat for many bird species that require not just a small grassy opening, but large expanses of treeless meadow. Any increase in edge comes at the expense of interior – of any community type including forest, grassland, water body, etc. – and impacts negatively on the species that specialize in making use of that interior habitat. Populations of scarlet tanager, an interior forest nesting bird, have been shown to decrease in more fragmented landscapes, where there are concurrent increases in avian and mammalian nest predators and nest parasites such as cowbirds (Rosenberg et al. 1998).

Thoughtful reserve design will allow for the long-term integrity of landscapes and ecosystems by maintaining functional relationships at all levels of biological organization, allowing individual organisms to obtain nutrients, shelter, security, and protection from pathogens, parasites, and pollutants; populations sufficient area to maintain genetic variability, and connectivity to allow for recolonization after local extinctions; communities functional relationships between associated species such as predator/prey, parasite/host, and plants/pollinators-seed dispersers; and regions maintenance of landscape level processes such as floods, weathering, and migration (Scott et al. 1999).

Landscape Scale Conservation Planning

Perhaps the leading proponent of landscape-scale planning for the restoration and protection of naturally functioning ecosystems in North America is the Wildlands Project. The Nature Conservancy, with their Ecoregional Planning process, is also working on identifying important areas for land protection on the regional scale. These two groups often work with much larger land areas than we are analyzing in Southborough, such as the Wildlands Project's effort to identify and protect grizzly bear habitat from Yellowstone National Park to the Yukon Territory in Canada. However the techniques developed through their large-area planning efforts, and the lessons learned can be borrowed and adapted for this analysis. In an ecoregional reserve design completed in Oregon and California, Noss et al. (1999) state four goals to be met by a reserve system; to:

- represent all kinds of ecosystems, across their natural range of variation, in protected areas;
- maintain viable populations of all native species in natural patterns of distribution and abundance;
- sustain ecological and evolutionary processes; and
- maintain a conservation network that is resilient to environmental change.

Noss and others have developed a three-prong approach to identifying specific areas that go into a reserve design to meet those goals:

- protection of special elements, such as rare species hotspots, old-growth forests, and critical watersheds for aquatic biota;
- representation of all habitats and vegetation types within a network of reserves; and
- meeting the needs of particular focal species, especially those that are area-dependent or sensitive to human activities.

Special Elements – Rare, threatened, and endangered plants and animals; uncommon landforms such as ledges, caves, and eskers; and rare and exemplary natural communities are all special elements that any reserve design should take into consideration. Rare natural communities and habitat for rare species is not always the most species diverse habitat, so targeting these locations for protection while neglecting other areas is not a sound approach to overall habitat protection. Locating *hotspots* where many special elements occur together one way of maximizing protection effort. A balanced reserve design must aim to protect special features where possible, while remaining focused on the coarser scale need for landscape connectivity.

Representation – In an ideal reserve design, all native natural communities would be represented within protected areas; but realistically, one must decide which communities are more important for the protection of biodiversity, and then how many examples of each community to include in a conservation network. In *Guidelines for Representing Ecological Communities in Ecoregional Conservation Plans*, The Nature Conservancy presents a framework for considering these questions and developing answers. They recommend setting conservation targets by considering Heritage Program information on the rarity and diversity of natural communities with expert input by those familiar with the study area. For deciding how much of a given community type is enough to protect, they consider three factors. First is the geographic scale and spatial pattern of the community in the conservation planning unit -- is it a *matrix* community, such as white pine-oak in the Nashua that needs protection over wide areas, or is the target red maple swamps that are local in extent. Second, the proportion of the community's total distribution contained within the planning unit – is the community common all over the Northeast or are all known examples found only within our study area. Finally, the resolution of the vegetation classification and the ecological variability of each community – is the classification so specific that a few examples of each captures variability, or is it a broad classification in which many examples of each community type should be protected to guarantee representation of several varieties (Groves and Valutis 1999).

Focal species – Even with unlimited time to study an ecosystem, it would still be impossible to know all the needs of every species and all of the myriad interactions between species. As a substitute for designing reserves with hundreds of species in mind, ecologists use a small number of representative species to plan for the protection of many species. By managing for the protection of these *focal species*, a successful reserve design will maintain ecosystem conditions upon which many other species rely, thus contributing to their protection (Miller et al 1999; Lambeck 1997). Generally, there are six types of focal species as described by Foreman et al. (2000):

- umbrella – species that generally cover large and ecologically diverse areas in their daily or seasonal movements; protection of enough of their habitat to assure a viable population of these organisms would provide habitat and resources to many other species more restricted in range.
- keystone – species that enrich ecosystem function in a unique and significant manner through their activities, and the effect is disproportionate to their numerical abundance. The extirpation of keystone species often triggers other extirpations and significant changes or loss of habitats. Large carnivores are often keystone species. The beaver, through its modification of the landscape is another keystone species (Mills et al 1993)
- flagship – charismatic animals, like wolves and eagles, which build popular support for the protected area.
- habitat quality indicator – species that require natural habitat of high ecological integrity and that provide an early warning system because they are sensitive to ecological changes.
- wilderness quality indicator – species that are sensitive or vulnerable to human disturbance and thus require remote, wilderness habitat.
- prey – key prey species for focal predators in the above categories.

Having identified focal species from a number of taxa, the next step is to consider the primary habitat requirements of those species. These required landscape elements, be they large waterbodies, ledgey slopes, or red maple swamps, then become the basic units of a reserve network.

This introduction provides a brief overview of the theory and practice of reserve design. Excellent references include *Continental Conservation: Scientific Foundations of Regional Reserve Networks* by Soule and Terbourgh, *The Science of Conservation Planning* by Noss, O'Connell, and Murphy, and *Land Mosaics: The Ecology of Landscapes and Regions* by Richard Forman. Given the limited timeline of this project, we were not able to fully pursue every step outlined above. The process is presented as a framework for conservation planning with the hope that land protection efforts in Southborough will build on the results of this report to identify and protect a network of habitat that functions to maintain biodiversity at multiple levels.

Methods

Landscape-level analysis for this project was performed with a geographic information system (GIS) built in ArcView 9.2 relying almost exclusively on data available through MassGIS. GIS is a computer software package which enables the user to combine layers of various spatial data to create and analyze maps. USGS topographic quads (Figure 1) and 2005 color orthophotos (Figure 2) were used as base maps, with the town line delimiting the study area.

The first step was to locate large areas undeveloped and unbisected by roads. In the MassGIS land use datalayer, each land use unit is assigned one of 21 land use types. We

used these categories to code each polygon as low-value, marginal, or potential high-value habitat according to Table 1. Low-value habitat was displayed in black, and agricultural and other land use types of marginal-value were shown in gray, leaving undeveloped areas of potentially high-value habitat transparent. The MassGIS land use layer, edited to include new development, was displayed atop the orthophoto to identify large areas of potential habitat (Figure 3).

Table 1: Habitat codes for land use types in MassGIS land use datalayer.

Low quality	Marginal	Potential high quality
Spectator recreation	Participation recreation	Forest
Residential	Water-based recreation	Wetland
Commercial	Waste disposal	Open land
Industrial		Water
Urban open		Cropland
Transportation		Pasture
		Mining
		Woody perennial (orchards, etc.)

We used the MassGIS bedrock geology, surficial geology, and soils datalayers to locate uncommon or exemplary landscape elements. A number of MassGIS datalayers were used to show wetland features: hydrography (1:25,000), orthophoto wetlands and streams, National Wetlands Inventory (Figure 4).

Areas of specific, known habitat for listed species were identified with the Natural Heritage and Endangered Species Program's Priority Habitat datalayer, and larger areas of habitat value were identified with the Heritage Program BioMap and Living Waters datalayers. Certified and potential vernal pools were also used to locate important habitat features (Figure 5).

Draft Focus Areas were created by combining large, little-developed, roadless areas and Priority Habitat areas. Focus Areas were then modified to add any unique landscape features, such as bedrock elements or wetland clusters, that were not originally included.

Parcels were then scored for conservation priority using an algorithm designed to weight parcels based on a range of habitat values (Equation 1). Parcels that have already been conserved were eliminated from the analysis. Each parcel was assigned a single point if it: lies within an aquifer, FEMA flood zone, Focus Area from this report, SUASCO priority area as identified by Clark (2000), Important Bird Area as mapped by the Mass Audubon IBA Program, or if it is within 100 feet of a mapped wetland or 200 feet of a mapped stream or river; is currently in Chapter 61; or is adjacent to existing conservation land. Each parcel was assigned two points if it has or is within a 100 foot buffer of a certified or potential vernal pool. Points were summed for each parcel, added to 10% of

Equation 1.

PRIORITY SCORE =
(% Habitat) x [(Acres/10)+(2 x Vernal_Pool_Buffer)+(SUASCO)+(Focus_Area)+(Aquifer)
+(Flood_Zone)+(Wetland_Buffer)+(Chapter_61)+(IBA)+ (Conservation_Buffer)]

parcel area in acres, then multiplied by percent habitat of the parcel. This algorithm places high value on parcel size and connection to protected land, and on habitat for rare species. Parcels were assigned a priority level on the scale found in Table 2.

Table 2. Parcel priority scoring.

Parcel Score	Conservation Priority
3 - 4	Lower Priority
4 - 10	Medium Priority
10 - 15	High Priority
15 - 20	Highest Priority

Protection Priorities

We identified fourteen Focus Areas for protection of wildlife habitat (Figures 6a and 6b), several of which are drawn across town lines to emphasize the importance of connecting to other large habitat areas. Most of the Focus Areas contain land which is already protected (Figure 7). Unprotected parcels within these Focus Areas represent the highest conservation priorities (Figure 8).

The section of town south of the turnpike is not included in any of the Focus Areas. This section does host two of the three NHESP Priority Habitat Areas, however it is almost entirely built or divided into small building lots. There are a few opportunities for land protection here, and protection could be meaningful in providing habitat for the listed species. Additional information from NHESP would assist in protection planning in this area.

We identified 81 parcels that ranked as protection priorities in our GIS analysis including: 3 Highest Priority parcels; 6 High Priority parcels; 34 Medium Priority parcels; and 38 Lower Priority parcels. Data on each is presented in Table 2, including the priority ranking score, ownership (where available), assessor's map and lot number, and acreage. More detailed information on the habitat values behind the priority scoring is in Appendix A. Figures 9-16 provide a fine-scale look at the Focus Areas and the highest priority parcels for conservation.

Discussion and Conclusions

Clearly the highest conservation priorities in Southborough are the large undeveloped parcels. Smaller parcels are important as buffers to existing conservation land, as corridors between blocks of conserved land, and as smaller islands of habitat.

Within the Focus Areas, we recommend that protection efforts focus on:

- expanding and buffering large existing conservation areas within town
- protecting land that connects to large conservation blocks in adjacent towns
- maintaining buffers to large water bodies and wetland systems

Resources – including time, expertise, and funding – are always limited for land protection. Thus protecting one piece of land can result in missing out on protection of another piece. The results of this analysis will hopefully supplement local expertise and awareness so that land protection resources are directed towards the most important areas of town for habitat protection.

Appendix 1 – Priority Scoring Tables

This table displays the wildlife habitat values associated with each of the priority parcels listed in Table 2. The Priority Score is given first, calculated using Equation 1 in the text. The following columns represent the variables used in Equation 1. Percent Habitat is the percent of each parcel that is classed in a potential wildlife habitat category in the MassGIS Land Use/Land Cover map; e.g. a 10 acre parcel that includes 2 acres of buildings and 8 acres of woods would score 80%. "ACREAGE" is area in acres. The remaining columns are binary, or yes-no categories. For example, if a parcel has or is within 100 feet of a Certified or Potential Vernal Pool, it receives a "Buffer of Certified or Potential Vernal Pool" score of 1. "SUASCO Priority Area" refers to priority areas identified by Clark (2000). "FOCUS_AREA" refers to the focus areas for protection identified in this report. "Aquifer" is based on DEP aquifer mapping. "FEMA Flood Zone" is based on Federal Emergency Management Agency flood zone mapping. "Wetland Buffer" includes properties that are within 100 feet of a wetland or 200 feet of a river as mapped by MassGIS. "Important Bird Area" refers to areas of critical importance for bird habitat as identified by Mass Audubon. "Conservation Buffer" refers to properties located adjacent to existing conservation land. "Map-Lot" is the Southborough Assessor reference for each parcel.

PRIORITY SCORE	% Habitat	ACREAGE	Buffer of Certified or Potential Vernal Pool	SUASCO Priority Area	FOCUS_AREA	Aquifer	FEMA Flood Zone	Wetland Buffer	Chapter 61	Important Bird Area	Conservation Buffer	Map-Lot	Address	Owner

Appendix #6: ADA Self-Evaluation and Transition Plan

Introduction

The ADA Self-Access Evaluation is "a detailed assessment of the recreation department and conservation commission [that]… includes a site-by-site inventory of all recreation and conservation areas and buildings, programs or services and a transition plan if any changes are necessary to make these public facilities, programs, or services accessible. The Assessment should ensure compliance with Federal anti-discrimination regulations under the Americans with Disabilities Act of 1990, as Amended ("ADA").[1]

The requirements of the ADA are administered in Massachusetts by the Architectural Access Board ("AAB"), as set forth in the Code of Massachusetts Regulations.[2] The purpose of the ADA requirements is to "seek to create or adapt sites, buildings and facilities so that they can be approached, entered, and used by persons with disabilities." For the purpose of an OSRP, public recreational and conservation facilities must be evaluated for compliance with the ADA in accordance with the Code of Massachusetts Regulations. It should be noted, however, that the DCS Workbook emphasizes the creation of an accessible system of facilities rather than an inventory of facilities in which every site is fully accessible.

A. ADMINISTRATIVE REQUIREMENTS

1. Designation of an ADA Coordinator

The ADA Coordinator for the Town of Southborough is:

Mark Purple
Southborough Town House
17 Common Street
Southborough, MA 01772-9109
Telephone #: 508-485-0710
Email: mpurple@southboroughma.com

The following letter signed by Brian Shea, Chairman of the Board of Selectmen, officially designates Mark Purple as the ADA Coordinator: A letter from Mark Purple certifying the Town's nondiscrimination policy also follows.

[1] ADA
[2] 521 CMR 19:00

TOWN OF SOUTHBOROUGH

OFFICE OF THE BOARD OF SELECTMEN
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · selectmenoffice@southboroughma.com

December 18, 2019

Ms. Melissa Cryan, Grants Manager
Division of Conservation Services
100 Cambridge Street — Suite 900
Boston, MA 02114

Dear Ms. Cryan:

Please be advised that Mark J. Purple is currently Southborough's ADA Coordinator. If you have any questions, please contact me.

Sincerely,

Brian E. Shea, Chairman
Board of Selectmen

TOWN OF SOUTHBOROUGH

OFFICE OF THE BOARD OF SELECTMEN
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · selectmenoffice@southboroughma.com

December 18, 2019

Ms. Melissa Cryan, Grants Manager
Division of Conservation Services
100 Cambridge Street — Suite 900
Boston, MA 02114

Dear Ms. Cryan:

As the Town of Southborough's ADA Coordinator, I hereby confirm that Southborough's employment practices, including recruitment, personnel actions, leave administration, training tests, medical exams/questionnaires, social and recreational programs, collective bargaining agreements and wage and salary administration, are consistent with ADA requirements.

In the event you have questions regarding this matter, please advise.

Sincerely,

Mark J. Purple
ADA Coordinator

2. Grievance Procedures

The following ADA Compliance Policy is in place for the public to follow in the event that a complaint must be made in connection with accessibility of conservation or recreation facilities:
Maximum opportunity will be made available to receive citizen comments, complaints, and/or to resolve grievances or inquiries.

The following Grievance Procedure is established to meet the requirements of the Americans with Disabilities Act. It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in employment practices and policies or the provision of services, activities, programs and benefits by the Town of Southborough.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, telephone number of complainant and location, date and description of the problem. Reasonable accommodations, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities who are unable to submit a written complaint.

The complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than 60 calendar days after the alleged violation to:

Mark Purple
ADA Coordinator
Southborough Town House
17 Common Street Southborough, MA 01772-9109
Telephone #: 508-485-1710
Email: mpurple@southboroughma.com

Within 15 calendar days after receipt of the complaint ADA Coordinator will meet with the complainant and the appropriate department head and/or board to discuss the complaint and possible resolutions. Within 15 calendar days after the meeting ADA Coordinator Mark Purple will respond in writing, and where appropriate in a format accessible to the complainant such as audio tape. The response will explain the position of the Town of Southborough and offer options for substantive resolution of the complaint.

If the response by ADA Coordinator Mark Purple, does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision of the ADA Coordinator within 15 calendar days after receipt of the response to the Board of Selectmen or its designee.

Within 15 calendar days after receipt of the appeal, the Board of Selectmen or its designee will meet with the complainant to discuss the complaint and possible resolutions. Within 15 calendar days after the meeting the Board of Selectmen or its designee will respond in writing, and where appropriate in a format accessible to the complainant such as audio tape, with a final resolution of the complaint.

All complaints received by ADA Coordinator Mark Purple appeals to the Board of Selectmen or its designee and responses from the ADA Coordinator and the Board of Selectmen or its designee will be kept by the Town of Southborough for at least three years. [adopted by Selectmen August 18, 1992]

3. Public Notification Requirements

3.0 EQUAL EMPLOYMENT OPPORTUNITY
3-1. EQUAL EMPLOYMENT OPPORTUNITY POLICY AND AFFIRMATIVE ACTION PROGRAM The Town of Southborough commits itself to the principles and practices of equal

employment opportunity, in compliance with Titles VI and VII of the Civil Rights Act of 1964; Executive Order No. 227 as amended; MGL Chapter 151B; and all other applicable Federal and State laws and regulations. The Town of Southborough, recognizing the right of an individual to work and to advance on the basis of merit, ability, and potential without regard to race, gender, sexual orientation, color, disability, religion, national origin, national ancestry, or age, resolves to take affirmative action measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rate of compensation, training programs, and all terms and conditions of employment. The Town of Southborough shall strive to eliminate any systemic discrimination that may be pervasive throughout the place of employment, or throughout the personnel program that could adversely affect the Town's goals relative to equal employment opportunity. It is intended that the affirmative action plan of the Town shall constitute a formalization of philosophy and practice sufficient to guarantee equality for all persons employed by or seeking employment with the Town of Southborough, and shall serve as a firm statement of public policy endorsed by the highest levels of Town Government.

3-2. STRUCTURE AND IMPLEMENTATION The Town Administrator shall annually appoint an Affirmative Action Officer. In the absence of such appointment, said position shall be filled by the Town Administrator.

3-3. THE AFFIRMATIVE ACTION OFFICER SHALL (A) Be responsible for the development and implementation of policies, procedures, guidelines, and regulations for the Town to ensure that the Town employment process operates in compliance with Titles VI and VII of the Civil Rights Act of 1964 and all subsequent amendments, relevant State laws, and Municipal policy; and (B) Monitor hiring practices and appointments of all Town departments and agencies of Town Government for compliance with federal and state law as cited above.

3-4. COMPLAINT PROCEEDINGS Any written complaint alleging violation of the procedural terms and intent of this section shall be processed in accordance with the provisions of the Affirmative Action Program, except that complaints of discriminatory treatment on the basis of a disability should be referred to the Affirmative Action Officer.

4. Participation of Individuals with Disabilities or Organizations Representing the Disabled Community

The ADA Coordinator reviewed the report.

B. PROGRAM ASSESSBILITY

The DCS Workbook calls for an inventory and a future transition plan that includes the buildings, recreation facilities and equipment (swimming areas, tot lots, etc.), programs, and services under the jurisdiction of the Conservation Commission or Recreation Department, including lessees or concessionaires. The inventory is an analysis of the existing conditions at conservation and recreation sites for compliance with the Architectural Access Board (AAB) regulations, while the transition plan identifies a path towards improved accessibility and ADA compliance.

Facility Inventory:

There are ten sites in the Town of Southborough that are under the jurisdiction of the Conservation Commission or Recreation Department and include the requisite facilities to require study for ADA compliance. All ten are under the jurisdiction of the Recreation Department. The sites offer a variety of opportunities for public use, however, their most frequently-reviewed facilities were fields or playground equipment with associated parking, paths, picnic areas, and restrooms.

1. Recreation Facilities

Recreation facilities in Southborough include picnic sites, trails, tot lots, and playing fields and courts. The facilities were reviewed for their proximity to accessible paths and their compliance with accessibility requirements set forth by the AAB. Common requirements include accessible dimensions and features on equipment, proper signage including for the visually impaired, and accompanying programs and services that provide opportunities to the disabled community.

2. Parking

Any public recreation or conservation site with designated off-street parking shall comply with the parking and passenger loading zone provisions set forth in 521 CMR 23.00 ("the Parking Requirements"). The Parking Requirements set forth a minimum number of accessible spaces that must be provided according to the number of total spaces available in the lot, as follows:

Total Spaces in Lot	Required Minimum Number of Accessible Spaces
15-25	1
26-50	2
51-75	3
76-100	4
101-150	5
151-200	6
201-300	7
301-400	8
401-500	9
501-1,000	2% of total
1,001+	20 plus 1 for each 100 over 1000

Source: 521 CMR 23.2.1

Furthermore, one in every eight accessible spaces, but not less than one space, shall be van accessible.[3] Van accessible spaces must provide a minimum vertical clearance of eight feet, two inches at the parking space and along at least one vehicle access route to such spaces from site entrances and exits. The space shall also

[3] 521 CMR 23.2.2

have a minimum dimension of eight feet in width as well as an eight-foot-wide adjacent access aisle, and be marked by a sign designating it as "Van Accessible".[4] Alternatively, the van requirement may be satisfied by having all handicapped spaces eleven or more feet wide.[5]

3. Ramps

For the purposes of ADA compliance, any part of an accessible route with a slope greater than 5% shall be considered a ramp.[6] Ramp designation triggers slope, rise, width, and landing requirements as well as gripping requirements on rails and surfaces.

4. Site Access, Path of Travel and Entrances

Any accessible route shall provide a continuous unobstructed path connecting accessible spaces and elements inside and outside a facility.[7] The route must adhere to width, turning radius, passing space, and slope requirements. Furthermore, an accessible route may also be designated as a walkway, giving rise to further requirements set forth in 521 CMR 22:00.

5. Rest Rooms

None of the facilities include permanent public toilet rooms.

6. Picnicking

Picnic areas are regulated under recreational facilities in 521 CMR 19.6. The regulations require that picnic facilities be accessible from an accessible route that is paved or hard packed.[8] Additionally, 5% of tables provided at a site shall comply with 521 CMR 19.5.2, which sets forth dimensional requirements for accessible tables. By and large, the picnic facilities at Southborough recreation sites do not comply with the requirements.

The following Facility Inventory is a comprehensive accessibility evaluation of all under the jurisdiction of the Recreation Department or Conservation Commission with public facilities. The Conservation Commission properties that do not have forms completed are natural areas with no facilities to evaluate.

911 Memorial Field

Address: Acre Bridge Road
Parcel No.: 58-002A
Acreage: 2± acres (on Department of Conservation and Recreation's Sudbury Reservoir land)
Facilities: Artificial turf field, parking lot

The 911 Memorial Field is on Sudbury Reservoir property but is operated and maintained by the Recreation Commission. It occupies about 2 acres and has a gravel parking lot. There is a small set of bleachers for spectators that can be reached by an accessible path from the handicapped spaces in the parking lot.

911 Memorial Field		
Facilities		
Game Area 1: Multi-purpose turf field	Access Routes	Accessible path provides access to spectator seating but not onto the field
		Access onto the field is difficult at gates due to terrain and physical barriers
	Equipment	One set of open bleachers at the rear of the site can be reached by the accessible path. There is no other equipment
Programming	Special program availability	There is no programming currently available at 911 Memorial Field
PARKING		
Total Spaces	*55*	
Required Accessible Spaces:	3	
Existing Accessible Spaces:	4	Two spaces appear to be van spaces, but there is no specific signage.

Parking Features			
Specification	**Yes**	**No**	**Comments**
Accessible space located closest to accessible entrance	√		All accessible spaces are located at the entrance to the accessible path
Where spaces cannot be located within 200 ft of accessible entrance, drop-off area is provided within 100ft			n/a
Minimum width of 13' includes 8' space plus 5' accessible aisle	√		The spaces are not striped, but dimensions appear sufficient
Van space -minimum of 1 van space for every accessible space. 8' wide plus 8' aisle. Alternative is all spaces are 11' wide with 5' aisle	√		There are two van spaces and two standard handicapped spaces
Sign with international symbol of accessibility at each space or pair of spaces	√		
Sign minimum 5', maximum 8'	√		
Surface evenly paved or hard-packed (no cracks)		√	Gravel surface is difficult to traverse

911 Memorial Field (Continued)

Continuous common surface	√		Hard-packed stone dust could use maintenance
Any objects protruding into pathway are detectable by a person with a visual disability using a cane			n/a
Objects protruding more than 4% from the wall must be within 27" of the ground or higher than 80%			n/a
Curb on the pathway must have curb cuts at drives, parking, and drop-offs	√		

Fayville Park – Memorial Field

Address: Central Street
Parcel No.: 38-045A
Acreage: 2.37 acres
Facilities: Soccer, outdoor basketball, softball, playground, tot lot

This newly-renovated site features a completely accessible playground and tot lot. It includes several pieces of playground equipment serving younger (2-5) as well as older (5-12) children. It also includes a picnic pavilion, and has 2 van-accessible handicapped parking spaces. It has a soccer and softball field and there is an accessible path to reach those fields.

Fayville Park – Memorial Field		
Facilities		
Picnic Facilities	Tables and Benches	Tables and benches are located adjacent to the accessible path
		There are no back and arm rests on picnic table benches. There are back rests on benches
		There are at least six picnic tables and six benches
	Trash and Recycling	Trash cans, but not recycling bins, were observed adjacent to accessible paths
	Picnic Shelters	A four-table picnic shelter is located along the accessible path.
		The picnic shelter is located near trash cans, porta-potties, and parking.
Play Area-Tot Lot	All play equipment	The same experience is provided to all
	Access Routes	The tot lot is located adjacent to the accessible path
		There is enough space between equipment for wheelchair
Game Area 1: Little League field	Access Routes	The accessible path provides access to the little league field
		A set of open bleachers could be moved closer to the accessible path
Game Area 2: Basketball court	Access Routes	The court is located adjacent to the accessible path
		The accessible path provides a smooth transition onto the court
	Equipment	There is no spectator seating at the basketball court
Programming	Special program availability	There is no programming currently available at Fayville
PARKING		
Total Spaces	2	All facility parking is off-street, but a small paved lot provides two handicap spaces.
Required Accessible Spaces:	1	
Existing Accessible Spaces:	2	One is a van space

Specification	**Yes**	**No**	**Comments**
Minimum of 5% of tables are accessible with clear space under table not less than 30" wide and 19" deep per seating space and not less than 27" clear from the ground to the underside of the table. Additional 29" clear space must extend beyond the 19" clear space under the table to provide access.	√		
For tables without toe clearance, the knee space under the table must be at least 28" high, 30" wide, and 24" deep			n/a
Top of table no higher than 32" above ground	√		
Surface of the clear ground space under and around the table must be stable, firm, and slip-resistant, and evenly graded with a maximum slope of 2% in all directions	√		
Accessible tables, grills, and fire rings must have clear ground space at least 36" around perimeter	√		

South Union Playground

Address: 21 Highland Street
Parcel No.: 03-003
Acreage: 3.0 acres
Facilities: Playground

This playground is on the grounds of the historic South Union Building, which now hosts an art center. Access to the playground is from Atwood Street to the rear of the building. There are handicapped spaces and an accessible path to the playground and its equipment.

South Union Playground		
Facilities		
Picnic Facilities	Tables and Benches	The three picnic tables are located adjacent to accessible paths
		There are no back and arm rests on the table benches
		There is an adequate number of tables and benches
	Trash and Recycling	One trash can and zero recycling bins were observed adjacent to accessible paths
	Picnic Shelters	The picnic shelter is located adjacent to the accessible path
		The shelter is located near accessible trash cans, parking, and porta potties.
Play Areas (Tot lots)	All play equipment	The same experience is provided to all
	Access Routes	The tot lot is located adjacent to accessible paths
		There is enough space between equipment for wheelchairs
Programming	Special program availability	There is no programming currently available at South Union Playground
PARKING		
Total Spaces	19	The lot is shared with the South Union building. Designated handicapped spaces are adjacent to the building, but an additional unmarked van-capable space is located adjacent to the tot lot entrance.
Required Accessible Spaces:	1	
Existing Accessible Spaces:	2	One is a van space.

Lunblad Memorial Field

Address: 53 Parkerville Road
Parcel No.: 43-018
Acreage: 80.7 acres (On Neary School grounds)
Facilities: Baseball, track soccer

This field is on the grounds of the Neary School. There are 2 handicapped parking spaces on a pull-out off Parkersville Road. The pull-out and spaces are in need of repair. There is a paved path up to the fields but stops at the top of the hill. It appears to be too steep to qualify as an accessible path.

Lunblad Memorial Field		
Facilities		
Game Areas: Multiple grass soccer/multi-purpose fields	Access Routes	A paved (but not accessible) path leads to the edge of the field from the drop-off and parking area, but it provides very minimal access.
		No spectator seating or other equipment was observed.
Programming	Special program availability	No programming is currently offered at Lundblad Memorial Field
Parking Count		
Total Spaces	2	
Required Accessible Spaces:	1

Board of Selectmen
Executive Session Meeting Minutes
Tuesday, May 19, 2020
Virtual Meeting through Zoom

Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers, Town Administrator Mark Purple

At 5:30 P.M. Chairman Shea read the following statement:
Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

At 5:30 P.M. the Board voted to enter into Executive Session per M.G.L. Chapter 30A §21 (Exemption 3) to discuss strategy as it relates to collective bargaining with the DPW Union, and to discuss a successor contract for the Finance Director (Exemption 2), as the Chair has declared an open meeting may have a detrimental effect on the bargaining or litigating position of the public body; Board will not be returning to Open Session at the conclusion of Executive Session. Roll Call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye.

<u>Discussion with Karen Galligan, RE: Side letter with DPW Union for Operations Supervisor Stipend</u>

[redacted]

[redacted]

Approved by BOS 6-2-20

[redacted] Mr. Kolenda made a motion to approve the side letter with DPW Union for Operations Supervisor Stipend as provided. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

Discussion with Brian Ballantine, RE: Successor contract for Finance Director

Mr. Healey stated that as he and Mr. Purple have been in discussions with Mr. Ballantine regarding his successor contract, Mr. Ballantine suggested a 2% first year salary increase, a 2.25% second year salary increase and a 2.5% salary increase for the third year. Mr. Healey stated that he felt that was too low but appreciated Mr. Ballantine's understanding of the economic state the Town is in. He suggested to the Board an increase of 2.25% the first year, 2.5% the second, and 2.75% the third to be a total cost of $15,061. Mr. Healey stated that he hopes this suggestion will demonstrate to Mr. Ballantine that the Board appreciates his work but also keeps the fiscal circumstances due to the pandemic in mind. He stated that he is recommending an annual deferred compensation contribution equal to 3% of his base salary be added to his contract as well. Mr. Kolenda voiced his support and Chairman Shea and Ms. Braccio agreed.

Mr. Stivers asked if annual performance reviews were conducted by Mr. Purple as they are helpful during contract negotiations. Mr. Purple explained that he does them in writing and/or verbally multiple times a year and has never had a problem with Mr. Ballantine. Mr. Stivers asked that future performance reviews are written. Mr. Purple stated if there are issues, they are committed to writing for the file. Mr. Healey asked if the fiscal situation becomes better next year, could the Board open the contract to renegotiate the following years. Mr. Purple stated they could.

Mr. Kolenda made a motion to approve Mr. Ballantine's deferred salary compensation of 3% of base salary each year, and increase his salary by 2.25% in year one, 2.5% in year two and 2.75% in year three. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers aye.

On a motion made by Chairman Shea, seconded by Mr. Healey and voted by roll call all in favor, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 6:04 P.M.

Respectfully submitted,

Kathleen Barry, Recording Secretary

RCV'D Town Clerk

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, June 2, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

Mary O'Brien, Scholarship Committee – Scholarship awards

Ms. O'Brien stated that due to the unprecedented times, the Scholarship Committee was unable to hold a ceremony to present scholarship to recipients. She stated there is wide range of graduates who have excelled academically, have been champions of service and have accomplished many positive milestones who have won scholarships this year. Ms. O'Brien described the individual accomplishments of each and their choice of college for the fall. She listed the scholarship recipients. The 2020 Capital Group Academic Scholarship recipients are David Keefe, Joseph Zhang, Nadia Wong and Arthur Adreyev. The 2020 Carroll Harris Memorial Scholarship recipient is Abigail Dunsmore. The 2020 Southborough Town Scholarship recipient is Caroline Warren.

Chairman Shea thanked Ms. O'Brien and the entire Committee for their continued work facilitating scholarships to deserving students. On behalf of the Board, Chairman Shea congratulated all the scholarship recipients.

Tim Davis, Recreation Director- Recreation update

Mr. Davis stated the COVID-19 pandemic has had significant impact on services and gave a brief summary of the decision process leading to the cancellation of summer camps by the Recreation Department. He added that the decision to cancel summer camp was not an easy one and it was made after six to eight weeks of participating in national planning sessions. He noted that the

State guidelines had not been released but based on the actions of surrounding states and towns including the cancellation of camps from Fay School and the Town of Northborough, the Recreation Department decided to do the same. Mr. Davis stated the American Camp Association released recommended practices which included taking the temperature of every child every day and constant cleaning of equipment and toilets throughout the day. He said after reviewing these with staff, many staffers decided to withdraw employment and most agreed it would be too daunting for their young employees. Mr. Davis said it was agreed that the safety risk was too high to open camp.

Mr. Davis stated that the Recreation Department is very active outside of the summer and are offering additional programs such as yoga and meditation classes. He said currently the staff is working on reimbursing summer camp fees and working with other services to help families in need of child care throughout the summer. He said he is working with the Board of Health and Emergency Management to continue with the Summer Concert Series and other summer programs with social distancing practices. Mr. Kolenda asked why the guidelines for the State to reopen fields is slated for June 28th but Southborough has a date of August 1st. Mr. Davis stated he would not speak for Chief Achilles or the Board of Health but the decision was conservative for safety. He stated that he is meeting with Chief Achilles tomorrow and this concern will be brought to his attention. Mr. Purple added that the decision is data driven and there is the possibility to open earlier. He asked for Mr. Davis to meet with the Chief and report back. Mr. Kolenda requested data from the Board of Health that demonstrates why Southborough would be on a different schedule than the State. Mr. Purple agreed to have information regarding the basis for this decision.
